## OFFER TO EXCHANGE

**$300,000,000 Floating Rate Second Priority Senior Secured Notes due 2011 and related Guarantees for all outstanding Floating Rate Second Priority Senior Secured Notes due 2011 and related Guarantees**

**$200,000,000 6 7/8% Second Priority Senior Secured Notes due 2011 and related Guarantees for all outstanding 6 7/8% Second Priority Senior Secured Notes due 2011 and related Guarantees**

**$250,000,000 8% Senior Subordinated Notes due 2014 and related Guarantees for all outstanding 8% Senior Subordinated Notes due 2014 and related Guarantees**

---

We are offering, upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal, to exchange up to $300,000,000 aggregate principal amount of our new Floating Rate Second Priority Senior Secured Notes due 2011 that we have registered under the Securities Act of 1933 for an equal principal amount of our outstanding Floating Rate Second Priority Senior Secured Notes due 2011, up to $200,000,000 aggregate principal amount of our new 6 7/8% Second Priority Senior Secured Notes due 2011 that we have registered under the Securities Act for an equal principal amount of our outstanding 6 7/8% Second Priority Senior Secured Notes due 2011 and up to $250,000,000 aggregate principal amount of our new 8% Senior Subordinated Notes due 2014 that we have registered under the Securities Act for an equal principal amount of our outstanding 8% Senior Subordinated Notes due 2014. We refer to the new notes you will receive in this exchange offer collectively as the "new notes," and we refer to the old notes you will tender in this exchange offer collectively as the "old notes." The new notes will represent the same debt as the corresponding old notes, and we will issue the new notes under the same applicable indenture.

**The exchange offer expires at 5:00 p.m., New York City time, on , 2005, unless extended.**

**Terms of the Exchange Offer**

- We will exchange all old notes that are validly tendered and not validly withdrawn prior to the expiration of the exchange offer.
- You may withdraw tendered old notes at any time prior to the expiration of the exchange offer.
- You are required to make the representations described on page 94 to us.
- The terms of the new notes are identical in all material respects (including principal amount, interest rate, maturity and redemption rights) to the old notes for which they may be exchanged, except that the new notes generally will not be subject to transfer restrictions or be entitled to registration rights and the new notes will not contain provisions relating to increased interest rates under circumstances related to our registration obligations. The terms of the exchange offer are more fully described in this prospectus.
- We will not receive any cash proceeds from the exchange offer.
- There is no existing market for the new notes to be issued, and we do not intend to apply for their listing or quotation on any securities exchange or market.

**See " Risk Factors" beginning on page 22 for a discussion of risks that should be considered by holders prior to tendering their old notes.**

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

## TABLE OF CONTENTS

**You should rely only on the information contained in this document and any supplement or to which we have referred you. See "Where you can find more information." We have not authorized anyone to provide you with information that is different. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted, where the person making the offer is not qualified to do so, or to any person who cannot legally be offered the securities. You should assume that the information appearing in this prospectus is accurate only as of the date on the front cover of this prospectus or any supplement.**

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of new notes. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act of 1933, as amended, which we refer to as the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where the old notes were acquired by the broker-dealer as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the consummation of the exchange offer, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See "Plan of distribution."

**This prospectus incorporates important business and financial information that is not included in or delivered with this document. This information is available without charge upon written or oral request.**

**See "Where you can find more information." To obtain this information in a timely fashion, you must request such information no later than five business days before , 2005, which is the date on which the exchange offer expires (unless we extend the exchange offer as described herein). See "Exchange offer—Expiration of the Exchange Offer; Extensions; Amendments."**

## INDUSTRY AND MARKET DATA

In this prospectus, we rely on and refer to information regarding the semiconductor market from Gartner, the Semiconductor Industry Association, iSuppli and other third party sources. All semiconductor market data attributed to Gartner are from "Electronic Equipment Production and Semiconductor Consumption Forecast, Worldwide 2000-2008" report published January 7, 2005 and "Semiconductor Consumption Forecast by Device, Worldwide 2000-2008" report published December 7, 2004, except for the camera-equipped mobile handset market data which are from "Market Focus: Camera Phones, Worldwide, 2002-2008" report published October 20, 2004. Although we believe that this information is reliable, we cannot guarantee the accuracy and completeness of the information and have not independently verified it. As a result, you should be aware that market and other similar data set forth herein, and estimates and beliefs based on such data, may not be reliable. We do not have any obligation to announce or otherwise make publicly available updates or revisions to these forecasts. In many cases, we have made statements in this prospectus regarding our industry and our position in the industry based on our experience in the industry and our own investigation of market conditions. We cannot assure you that any of these assumptions are accurate or that our assumptions correctly reflect our position in our industry.

## SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements represent expectations or beliefs of ours concerning future events, and no assurance can be given that the results described in this prospectus will be achieved. These forward-looking statements can generally be identified by the use of statements that include words such as "estimate," "project," "believe," "expect," "anticipate," "intend," "plan," "foresee," "likely," "may," "will," "should" or other similar words or phrases. All forward-looking statements are based upon information available to us on the date of this prospectus.

These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of our control, that could cause actual results to differ materially from the results discussed in the forward-looking statements, including, among other things, the matters discussed in this prospectus in the sections captioned: "Summary," "Risk factors" and "Management's discussion and analysis of financial condition and results of operations." Such factors may include:

- general economic, business and political conditions;
- industry trends;
- restrictions contained in our debt agreements;
- increased competition in the markets in which we operate;
- changes in business strategy, development plans or cost savings initiatives;
- availability, terms and deployment of capital;
- our potential need for additional capital or the need for refinancing existing indebtedness;
- our limited operating history as an independent company;
- our dependence on certain services which we obtain from third parties;
- demand for products requiring our proprietary technologies and know-how;

- our ability to protect our existing technologies, intellectual property and process know-how;
- changes or advances in technology;
- our ability to control costs;
- our ability to attract and retain skilled personnel;
- legal and regulatory proceedings and developments;
- our ability to successfully execute our business model;
- our ability to compete successfully against competitors;
- our leverage, including our ability to generate the necessary amount of cash to service our existing debt and the potential incurrence of additional indebtedness in the future;
- increases in our cost structure arising from our operation as an independent company;
- other risks associated with our structure, the notes and our indebtedness; and
- other factors over which we have limited or no control.

There may be other factors that could cause our actual results to differ materially from the results referred to in the forward-looking statements. All forward-looking statements attributable to us or persons acting on our behalf apply only as of the date of this prospectus and are expressly qualified in their entirety by the cautionary statements included in this prospectus. We undertake no obligation to publicly update or revise forward-looking statements to reflect events or circumstances after the date made or to reflect the occurrence of unanticipated events.

## Summary

*This summary highlights selected information from this prospectus. The following summary is qualified in its entirety by the information contained elsewhere in this prospectus. This summary is not complete and may not contain all of the information that you should consider before exchanging your old notes for new notes. You should read the entire prospectus carefully, including the "Risk factors" section.*

*In this prospectus, unless the context otherwise requires:*

- *"MagnaChip," "we," "us" and "our" refers to MagnaChip Semiconductor LLC, the parent company of our consolidated group, MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company, the co-issuers of the notes, their respective subsidiaries on a consolidated basis and our predecessor operations;*
- *"MagnaChip LLC" refers to MagnaChip Semiconductor LLC, the parent company of our consolidated group;*
- *"MagnaChip Korea" refers to MagnaChip Semiconductor, Ltd., our principal manufacturing subsidiary;*

*Our business was acquired by Citigroup Venture Capital Equity Partners, L.P., or CVC, Francisco Partners, L.P., or Francisco Partners, and funds advised by CVC Asia Pacific Limited, or CVC Asia Pacific, along with certain members of management and other investors, on October 6, 2004. Prior to that time, our business operated as the System IC division within Hynix Semiconductor Inc., or Hynix. Accordingly, the historical financial statements and summaries appearing in this prospectus have been derived from the audited consolidated financial statements of Hynix reflecting the System IC division on a carved-out basis.*

*We refer to CVC, Francisco Partners, CVC Asia Pacific and our other equity investors, collectively, as the "equity sponsors." CVC and Asia Investors LLC, one of our equity sponsors advised by CVC Asia Pacific Limited, are affiliates of Citigroup Global Markets Inc., one of the initial purchasers of the notes, and of Citicorp North America, Inc., a lender under our senior secured credit facility.*

*For explanations of certain technical terms relating to our business described in this prospectus, see "Glossary of selected terms" which appears at page G-1.*

### OUR COMPANY

We are a leading designer, developer and manufacturer of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. We focus on CMOS image sensors and flat panel display drivers which are complex, high-performance mixed-signal semiconductors that capture images and enable and enhance the features and capabilities of both small and large flat panel displays. Our solutions are used in a wide variety of consumer and commercial mass market applications, such as mobile handsets, including camera-equipped mobile handsets, flat panel monitors and televisions, consumer home and mobile displays, portable and desktop computer displays, handheld gaming devices, personal digital assistants, or PDAs, and audio-visual equipment such as DVD players.

We serve consumer markets that we believe will have higher growth rates than that of the overall semiconductor industry.

We manufacture our products using our proprietary process technology, which we believe provides our products with significant feature and cost advantages over those of our competitors. We have approximately 12,500 registered and pending patents, which we believe is one of the largest patent portfolios in the

semiconductor industry. Our proprietary CMOS image sensor technology provides brighter, sharper, more colorful picture quality in image-capture applications such as camera-equipped mobile handsets and fingerprint sensors. Our proprietary flat panel display drivers enable our customers to deliver higher image quality, thinner and more power-efficient small panel displays for use in mobile handsets, handheld gaming devices and PDAs and large panel displays for use in portable and desktop computer monitors and televisions. We are also a leading provider of specialty foundry services whereby we leverage our specialized process technologies and low cost manufacturing facilities to produce semiconductors for third parties using their product designs. In addition, we provide application processors that have been designed into a wide variety of products in consumer applications such as remote control devices, home appliances and consumer electronics.

We own and operate five wafer fabrication facilities, or fabs, which have a combined production capacity of over 115,000 eight-inch equivalent wafers per month. Our fabs provide us with large-scale, cost-effective and flexible capacity, enabling us to rapidly scale to high volume to meet shifts in demand by our end customers. Our fabs also provide us with the ability to further develop our differentiated process technologies for our own product development and manufacturing. The location of our manufacturing sites and research and development resources in Korea and Japan provide close geographical proximity to many of our largest Asia-based customers and to the core of the worldwide consumer electronics supply chain.

We sell our solutions to leading original equipment manufacturers, or OEMs, which include major branded customers as well as contract manufacturers. Our CMOS image sensors are currently designed into products offered by leading global mobile handset manufacturers. Our flat panel display drivers are currently incorporated into products offered by LG.Philips LCD and Samsung, the top two flat panel display manufacturers.

During the year ended December 31, 2004, we sold over 1,500 products to more than 200 customers. During the nine-month period ended September 30, 2004 and the three-month period ended December 31, 2004, we generated actual net sales of $841.6 million and $243.6 million, respectively, or $1.1 billion on an aggregate basis, and during the year ended December 31, 2004, we generated pro forma net sales of $1.0 billion. We generated actual net sales of $213.4 million for the three-month period ended April 3, 2005.

We operate in several distinct, but increasingly converging, end markets. Our CMOS image sensors primarily target the worldwide market for camera-equipped mobile handsets, as well as other image-capture markets such as the fingerprint sensor and surveillance camera markets. Our flat panel display drivers broadly address the worldwide flat panel display market, including displays for mobile handsets, flat panel televisions, portable and desktop computers and multiple types of other handheld consumer devices. Our wafer manufacturing facilities serve our own internal needs and allow us to provide specialty foundry services to the worldwide specialty outsourced semiconductor foundry market. Our application processors address a large number of diverse consumer end markets.

In recent years, consumer electronics manufacturers have enhanced image capturing and display capabilities to differentiate their products in the market and we believe this trend will continue. We believe our portfolio of products is positioned to address their needs and target these growing consumer electronics markets. We provide products and services in the following four principal areas:

- *CMOS image sensors*. Our CMOS image sensors are used in image-capture applications such as camera-equipped mobile handsets, personal computer cameras, fingerprint sensors and surveillance cameras. Our highly integrated image sensors are designed to be cost-effective and to provide brighter, sharper, more colorful, and thus enhanced, image quality. We believe that the large OEMs who dominate the mobile handset industry are moving toward vertically integrated imaging suppliers for assurance of supply and the consistency that comes from process control and ownership. Our ability to leverage our large internal manufacturing capacity is a key advantage to meeting the needs of these customers, which, when coupled with our image quality, lower power consumption and ability to

integrate our solutions into our customers' modules and end systems, has helped us gain a leadership position for our VGA products. We believe these same advantages will allow us to form similar leadership positions for our megapixel products in the future. The CMOS image sensor market is primarily driven by sales of camera-equipped mobile handsets. According to Gartner, sales of camera equipped mobile handsets are predicted to grow from 158.9 million units in 2004 to 524.9 million units in 2008. This represents a compound annual growth rate of 34.9%. The CMOS image sensor market is expected to grow from $2.4 billion in 2004 to $5.1 billion in 2008, according to Gartner. This represents a compound annual growth rate of 20.2%.

- *Flat panel display drivers*. Our flat panel display drivers are used in several major types of large and small flat panel displays, including TFT-LCD, Color STN and OLED displays. Our flat panel display driver solutions are used in applications such as mobile handsets, flat panel televisions, portable and desktop computer displays, handheld gaming devices and PDAs. We produce highly integrated flat panel display driver solutions and have pioneered developments in the design and manufacturing of display drivers and embedded memory. We believe that our customers choose our flat panel display drivers for their superior performance in shaping image signals and transmitting those signals to flat panel displays. These superior technical features result in sharper, higher-quality, and brighter colored images in our customers' end products. Furthermore, we focus on easy integration as a key feature of our product designs for our customers, which we believe is an advantage for them and is a key basis for our selection as a supplier versus competing solutions. According to Gartner, the LCD driver market is anticipated to grow from approximately $6.9 billion in 2004 to $10.0 billion in 2008. This represents a compound annual growth rate of 9.9%. Total flat panel display market unit shipments are projected to grow from 3.1 billion units in 2003 to 7.5 billion units in 2008, according to Frost and Sullivan. This represents a compound annual growth rate of 19.2%.
- *Specialty foundry services*. We use our process technology and manufacturing facilities to manufacture semiconductor wafers for third parties based on their designs. Our five fabs have a combined capacity of over 115,000 eight-inch equivalent wafers per month and are located in Cheongju and Gumi, Korea. We provide unique, advanced and stable process technologies offering high yields and focused on high voltage, analog power and embedded memory applications. We believe that our customers select us for foundry services based on our expertise in these advanced semiconductor manufacturing applications and processes. Our fabs provide us with large scale, cost-effective and flexible capacity enabling us to rapidly scale to high volume to meet shifts in demand by our end customers. According to iSuppli, the worldwide foundry service market is projected to grow from $21.3 billion in 2004 to $40.0 billion in 2009. This represents a compound annual growth rate of 13.4%.
- *Application processors*. Our application processors, which are also referred to as microcontrollers, are designed into a broad range of consumer applications, such as remote control devices, home appliances and consumer electronics. Our application processors are designed for applications requiring programmability, high performance, low-power and cost-effectiveness. The microcontroller market, according to Gartner, is anticipated to grow from $14.5 billion in 2004 to $22.5 billion in 2008. This represents a compound annual growth rate of 11.7%.

**INDUSTRY OVERVIEW**

Semiconductors are the key building blocks used to create electronic products and systems. Semiconductors perform a variety of functions, such as processing data, storing information and converting or controlling signals. With advances in technology, the functionality and performance of semiconductors have increased while the size, power requirements and unit costs have decreased. The result of these advances has been to increase the proliferation of electronic content in an increasing array of products, including in a wide variety of consumer mass market products, such as automobiles, mobile handsets, digital cameras and other consumer electronic equipment.

According to the Semiconductor Industry Association, or SIA, the overall semiconductor market grew from $17.9 billion in 1983 to $213.8 billion in 2004, representing a compound annual growth rate of 12.5%. SIA expects that between 2004 and 2007, the overall semiconductor industry will grow from $213.8 billion to $259.4 billion, a compound annual growth rate of 6.7%.

We believe that we are focused on products and markets that have the potential to offer growth opportunities greater than those of the overall semiconductor market. According to Gartner, the CMOS image sensor market is forecasted to grow at a compound annual growth rate of 20.2% from 2004 to 2008. The market for LCD drivers is forecasted to grow at a compound annual growth rate of 9.9% from 2004 to 2008, according to Gartner. The foundry services market is forecasted to grow at a compound annual growth rate of 13.4% from 2004 to 2009, according to iSuppli. According to Gartner, the microcontroller market is forecasted to grow at a compound annual growth rate of 11.7% from 2004 to 2008.

**COMPETITIVE STRENGTHS**

We believe that our competitive strengths include:

- *Leading Technology and Intellectual Property.* We believe our advanced process technology and portfolio of approximately 12,500 registered and pending patents provide us with key competitive advantages in the following areas:
  - *CMOS image sensors:* Our CMOS image sensors feature low-power consumption and currently up to 2.1 megapixel resolution with auto-focus and auto-zoom options; features which provide important benefits to products incorporating our solutions, including increased battery life, enhanced image quality and ease of use.
  - *Flat panel display drivers:* We believe that our flat panel display drivers offer superior performance in shaping image signals and transmitting those signals to flat panel displays. These technical features result in sharper, brighter and higher-quality colored images in our customers' end products. Furthermore, we believe that our flat panel display drivers enable thinner and more power-efficient flat panels that are easily integrated by our customers into their products.
  - *Specialty foundry services:* We have developed high voltage, analog power and embedded memory, specialty manufacturing process technologies that enable us to manufacture differentiated, high-performance integrated semiconductor devices. For example, we developed the first high voltage, high-performance CMOS 0.18 μm process, which enables us to manufacture more integrated, and thus smaller and more cost efficient, semiconductor products. We believe that our proprietary process technology allows us to meet a wide variety of the specialty semiconductor manufacturing needs of our customers.
  - *Application processors:* We are able to leverage our system knowledge and manufacturing capabilities to provide integrated solutions in adjunct with our image-capture and display driver products. Our application processors are designed to interface with and provide intelligence to consumer electronics devices and systems.
- *Flexible In-House Manufacturing.* Our in-house wafer manufacturing capacity allows us to provide dependable delivery and quality of integrated semiconductor products to our customers. We have the ability to ramp quickly to high volumes to meet the variable needs of our customers. We have significant wafer manufacturing capacity as a result of our former parent's investments in our wafer fabrication facilities. Because we offer specialty process technologies that do not require expensive investment in leading edge technologies, we are able to keep our capital expenditures relatively low.
- *Significant Cost Advantages.* We maintain price competitiveness on our products through our low operating cost structure. The Asian location of our primary manufacturing and research and

development facilities provides us with a number of cost advantages relative to operating in other regions in the world. Additionally, we believe that our history of competing in the highly cost-sensitive markets in which we operated when we were a unit of Hynix, required us to refine our manufacturing processes for optimal cost efficiency.

- *Established Relationships with Key Consumer Electronics OEMs.* Asia Pacific is the core of the worldwide consumer electronics supply chain. According to Gartner, sales to Asia Pacific (excluding Japan) accounted for 46.5% of 2004 consumer electronic semiconductor sales. Our long history of operating in Asia and our proximity to leading communications and consumer OEMs including LG.Philips LCD, LG Electronics, Sharp and Samsung, facilitates our close and established customer relationships with leading innovators in the consumer electronics market. We have active local applications and engineering work support programs and collaborate closely with our customers in the design and manufacturing of their products.
- *Significant Management and Board Expertise.* Our management and board of directors have significant previous experience with advanced semiconductor companies both in Asia and worldwide. Our Chief Executive Officer, Dr. Youm Huh, was President of the System IC division of Hynix and has held management positions at Hynix and Hyundai Electronics since 1998. Prior to that, he was a Principal Researcher at Stanford Computer Systems Laboratory and Stanford University's Center for Integrated Systems and worked at Samsung Electronics. Jerry Baker, our Chairman, has extensive industry experience, including serving as the former Executive Vice President of Global Operations of Fairchild Semiconductor. Our Executive Vice President, Strategic Operations and Chief Financial Officer, Robert Krakauer, was Executive Vice President of Corporate Operations and Chief Financial Officer of ChipPAC, a leading provider of semiconductor packaging, assembly, and test services. In addition, two of our equity sponsors, CVC and Francisco Partners, have a long history of investments in semiconductor companies. We believe that their understanding of semiconductor system solutions, relationships, and credibility with key customers provides us with a key competitive advantage.

**BUSINESS STRATEGY**

Our goal is to build upon our position as a leading provider of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. Our business strategy emphasizes the following key elements:

- *Leverage Our Substantial Intellectual Property.* We intend to use our broad patent portfolio and specific end market expertise to deliver system-level products with higher levels of integration and performance to customers in our existing and new markets. In CMOS image sensors, we intend to leverage our strong pixel design and manufacturing expertise to introduce higher resolution, more integrated and cost-effective solutions for camera-equipped mobile handsets and to penetrate emerging applications for image sensors in the automotive, medical and industrial markets over time. In flat panel display drivers, we intend to leverage our broad library of circuit building blocks, our embedded memory capabilities, our understanding of the major flat panel display types and our process technology to continue to reduce time to market and introduce new products that enhance image quality and operate with greater power efficiency. Our manufacturing process expertise and related intellectual property underlies and supports many of the advances in our technology.
- *Strengthen Collaboration With Key Customers.* We intend to continue strengthening and deepening relationships with our key customers by collaborating on critical design and product development roadmaps. We believe such collaborative relationships will solidify our position with our customers, further our competitive differentiation and accelerate our drive for deeper customer and new market penetration. For example, close collaboration with our mobile handset customers has allowed us to

deliver improved interfaces between baseband and image processors, which have resulted in solutions with smaller form factor and improved image quality.

- *Increase Large Account Penetration.* We have a global customer base consisting of leading consumer electronics OEMs and contract manufacturers. Many of our customers have multiple product variations that use image-capture and processing as well as applications processing solutions. We will seek to increase our customer penetration by taking advantage of our broad product portfolio and existing relationships to cross-sell existing products to our customers and to penetrate product variations where our solutions are currently not used.
- *Broaden Our Customer Base.* We intend to expand our customer base across various applications and geographic locations by leveraging our position as a supplier to many of the largest global consumer electronics companies and delivering to potential customers proven, innovative solutions. We also believe that as consumer electronics and communications applications converge and proliferate, we will increasingly have opportunities to sell our products into new markets such as the automotive, medical and industrial markets. We also intend to expand our global sales presence to penetrate new accounts worldwide and grow existing account relationships. We will leverage our sales representatives and distributors located in Korea, Japan, China, Taiwan, Hong Kong, Germany, the United Kingdom and the United States to further these goals.
- *Develop a Platform for Ubiquitous Convergence of Consumer Electronics and Communications Applications.* In order to serve our customers' evolving needs, we intend to extend our technology leadership by developing new features and new products that are synergistic with our existing product portfolio. We are developing additional features in our applications processors, such as video processing capability that meets the MPEG-4 standard, in order to complement our image-capture and processing products and provide our customers a system-level platform solution. We believe that as consumer electronics and communications applications converge and become even more ubiquitous, customers will look to suppliers like us to provide additional system-level solutions to enable faster time to market and better integration in end products.
- *Leverage Our Capital Light Business Model.* We acquired significant proprietary process technologies and wafer manufacturing capacity from our former parent, Hynix. We intend to leverage these investments made by Hynix to drive our growth and margin improvement. Furthermore, we plan to continue to keep our capital expenditures relatively low by maintaining our focus on specialty process technologies that do not require expensive investment in leading edge technologies. If needed, we will access other foundries that provide such technology in the future. We believe this approach will lead to a higher return on invested capital.

**THE ACQUISITION**

Our business was named MagnaChip Semiconductor when it was acquired from Hynix on October 6, 2004 by CVC, Francisco Partners, CVC Asia Pacific, certain members of management and other investors, following discussions with Hynix that began in late 2001 and the execution of a definitive agreement in June 2004. Previously, we were the System IC division within Hynix which, in 1999, had been formed from the Hyundai Electronics and LG Semiconductor System IC businesses and can trace its history back to the late 1970s. Although we were previously part of Hynix, we had a history of operating autonomously within Hynix and had a separate global sales force and management structure.

In connection with the transaction, we entered into several definitive agreements with Hynix regarding key raw materials, campus facilities, research and development equipment and information technology, factory automation and wafer foundry services. We also entered into a non-exclusive cross license with Hynix which provides us with access to certain of Hynix's intellectual property for use in the manufacture and sale of non-

memory semiconductor products. We believe that these arrangements with Hynix provide significant mutual operational advantages, for example, allowing us to leverage the significant historical investments in our capital equipment, and providing for shared resources and other key benefits. All agreements with Hynix under which we obtain essential materials or services are multiyear contracts. We refer to the acquisition transaction, including the related definitive agreements with Hynix, as the "Acquisition." See "Certain relationships and related transactions—The Acquisition."

**EQUITY SPONSORS**

CVC, a private equity fund managed by Citigroup Venture Capital, is one of the world's oldest and largest private equity firms. CVC was founded in 1968 and currently manages funds in excess of $8.0 billion. CVC invests in a broad range of industries and has significant expertise in technology investments, acquired over decades of investing in growth companies.

Francisco Partners is one of the world's largest technology-focused private equity funds and currently manages $2.5 billion of committed capital. The firm was founded to pursue structured investments in technology companies undergoing strategic, technological, and operational inflection points. The principals of Francisco Partners have an extensive track record of technology investing, having invested in excess of $3.0 billion of equity capital in over 50 technology companies.

CVC and Francisco Partners are leading investors in the semiconductor industry and separately or together have served as the primary investors in industry leading semiconductor and semiconductor-related companies such as AMI Semiconductor, Inc., ChipPAC, Inc., Fairchild Semiconductor Corporation, Intersil Corporation, NPTest, Inc., Smart Modular Technologies, Inc., and Ultra Clean Technology Systems and Service, Inc.

CVC and Francisco Partners together acquired AMI Semiconductor from Japan Energy in December 2000. AMI Semiconductor completed a $200 million offering of senior subordinated notes in January 2003 and its holding company, AMIS Holdings, Inc., completed its initial public offering in September 2003. In addition, CVC acquired ChipPAC from Hyundai Electronics, the predecessor to Hynix, in March 1999. ChipPAC completed its initial public offering in August 2000 and recently completed a merger with ST Assembly Test Services Ltd. to form STATSChipPAC Ltd.

CVC Asia Pacific consists of funds established in connection with a joint venture between CVC Capital Partners and Citigroup. These funds have a leading private equity presence in the Asia Pacific region, with $2.7 billion of committed capital and investments focused on buyouts in developed economies across the region. Since 1999, CVC Asia Pacific has completed 17 transactions, including six investments in Korea.

See "Security ownership of certain beneficial owners and management" and "Certain relationships and related transactions."

**RECENT DEVELOPMENTS**

On March 7, 2005, we acquired all of the capital stock of ISRON Corporation through our wholly owned Dutch subsidiary. ISRON is based in Osaka, Japan and designs, develops, and markets mixed-signal semiconductors primarily for the display driver IC market. We expect the acquisition to add key products and technology to our portfolio in the flat panel display driver market for mobile handset applications.

On April 14, 2005, we completed our acquisition of IC Media Corporation through a reverse merger with a newly formed subsidiary. Based in Santa Clara, California, IC Media is a leading developer and supplier of small pixel geometry, high-resolution CMOS image sensors for camera-equipped mobile handsets, digital still cameras,

personal computer cameras and other mobile imaging applications. The company has offices in Arizona, Taiwan, China and Japan, which adds increased coverage to our global customers.

**ORGANIZATIONAL STRUCTURE**

The following chart shows a summary of our organizational structure as of the date of this prospectus. Our organizational structure has been designed for future financing flexibility and management of a global enterprise.

MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company are the co-issuers of the notes. MagnaChip LLC and its subsidiaries, except for IC Media Japan Kabushiki Kaisha and Shanghai Ximei Corporation, guarantee the second priority notes, and our senior secured credit facility. MagnaChip LLC and its subsidiaries, except MagnaChip Korea, our principal manufacturing subsidiary, and IC Media Japan Kabushiki Kaisha and Shanghai Ximei Corporation, guarantee the senior subordinated notes.

The ownership of MagnaChip LLC is as follows:

| | Common Units | Series B Preferred Units |
|---|---|---|
| CVC | 34% | 36% |
| Francisco Partners | 34% | 36% |
| CVC Asia Pacific | 18% | 19% |

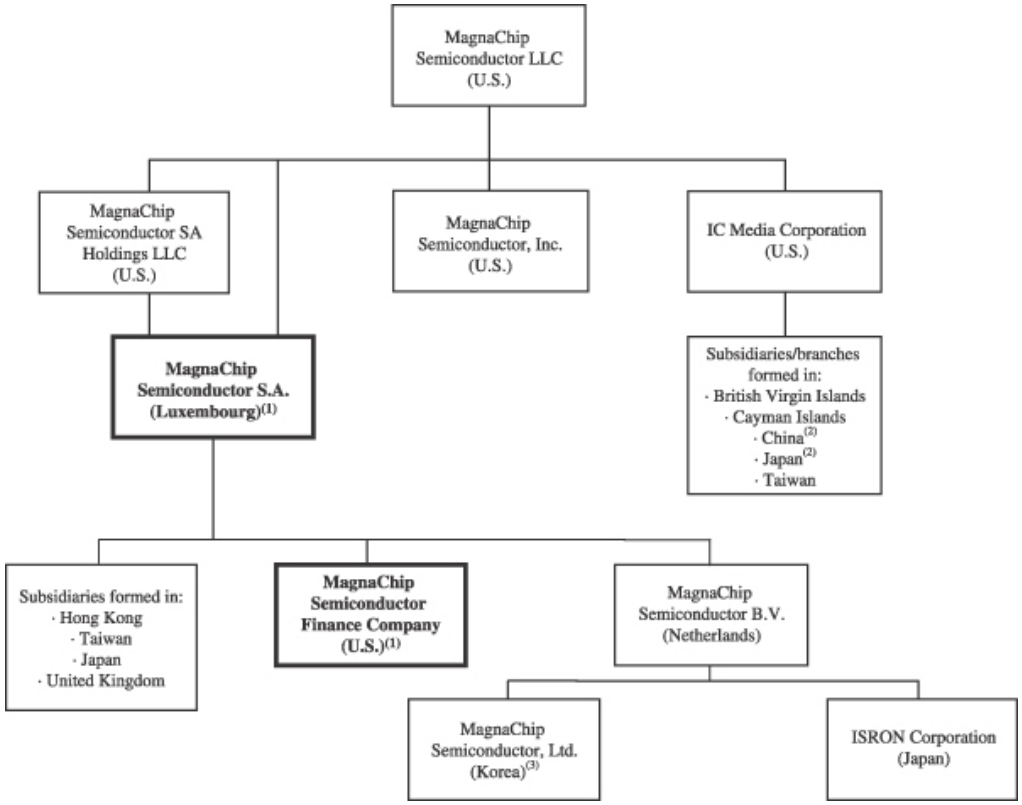
(1) Other investors, including certain members of management.

See “Capitalization” and “Security ownership of certain beneficial owners and management.”



(1) MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company are the co-issuers of the notes.
(2) Shanghai Ximei Corporation and IC Media Japan Kabushiki Kaisha, which were each acquired in the acquisition of IC Media Corporation on April 14, 2005, are not guarantors of the notes.
(3) MagnaChip Semiconductor, Ltd., our principal manufacturing subsidiary, is not a guarantor of the subordinated notes.

## THE COMPANY

MagnaChip Semiconductor LLC, which we refer to as MagnaChip LLC, is a Delaware limited liability company and parent guarantor of the notes. It functions as a holding and financing company for other Magnachip entities. On a stand-alone basis, MagnaChip LLC does not have any independent operations.

MagnaChip Semiconductor S.A., our Luxembourg subsidiary and one of the co-issuers of the notes, is a Luxembourg public limited liability company (*société anonyme*). It functions as a financing company. On a stand alone basis, MagnaChip Semiconductor S.A. does not have any independent operations.

MagnaChip Semiconductor Finance Company is a wholly-owned subsidiary of MagnaChip Semiconductor S.A., which was incorporated in Delaware for the purpose of serving as a co-issuer of the notes in order to facilitate the sale of the old notes. MagnaChip Semiconductor Finance Company does not have any independent operations or assets of any kind and will not have any revenues. You should not expect MagnaChip Semiconductor Finance Company to have the ability to service the interest and principal obligations on the notes.

Our principal executive offices are located at 1 Hyangjeong-dong, Hungduk-gu, Cheongju-si, 361-725, Korea. Our contact telephone number is 82-2-3459-3691.

**Summary terms of the exchange offer**

*On December 23, 2004, we completed the private offering of $300 million aggregate principal amount of Floating Rate Second Priority Senior Secured Notes due 2011, $200 million aggregate principal amount of 6 7/8% Second Priority Senior Secured Notes due 2011 and $250 million aggregate principal amount of 8% Senior Subordinated Notes due 2014, which we collectively refer to in this prospectus as the "old notes." We entered into registration rights agreements with the initial purchasers of the old notes in which we agreed to deliver to you this prospectus and to use all commercially reasonable efforts to complete an exchange offer within the time period specified in the registration rights agreements. Below is a summary of the exchange offer. For a more detailed description of the exchange offer, see "Exchange offer."*

| | |
|---|---|
| The Exchange Offer | We are offering to exchange:<br>• up to $300,000,000 aggregate principal amount of new Floating Rate Second Priority Senior Secured Notes due 2011 for an equal principal amount of old Floating Rate Second Priority Senior Secured Notes due 2011;<br>• up to $200,000,000 aggregate principal amount of new 6 7/8% Second Priority Senior Secured Notes due 2011 for an equal principal amount of old 6 7/8% Second Priority Senior Secured Notes due 2011; and<br>• up to $250,000,000 aggregate principal amount of new 8% Senior Subordinated Notes due 2014 for an equal principal amount of old 8% Senior Subordinated Notes due 2014.<br>The terms of the new notes and the old notes are identical in all material respects, except for transfer restrictions and registration rights relating to the old notes. Old notes may be exchanged only in integral multiples of $1,000. We intend by the issuance of the new notes to satisfy our obligations contained in the registration rights agreements. |
| Expiration of the Exchange Offer; Acceptance and Issuance of New Notes | The exchange offer will expire at 5:00 p.m., New York City time, on , 2005, or such later date and time to which we may extend it in our sole discretion. Subject to the conditions stated in "Exchange offer—Conditions," we will accept for exchange any and all outstanding old notes that are validly tendered and not validly withdrawn before the expiration of the exchange offer. The new notes will be delivered promptly after the expiration of the exchange offer. Any old notes not accepted for exchange for any reason will be returned without expense to you promptly after the expiration or termination of the exchange offer. |
| Withdrawal Rights | You may withdraw your tender of old notes in the exchange offer at any time before the expiration of the exchange offer. |
| Conditions to the Exchange Offer | The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange. The |

exchange offer is subject to customary conditions, which we may waive. Please read "Exchange offer—Conditions" for more information regarding the conditions to the exchange offer.

Procedures for Tendering Notes

To tender old notes held in book-entry form through the Depository Trust Company, or DTC, you must transfer your old notes into the exchange agent's account in accordance with DTC's Automated Tender Offer Program, or ATOP, system. In lieu of delivering a letter of transmittal to the exchange agent, a computer-generated message, in which the holder of the old notes acknowledges and agrees to be bound by the terms of the letter of transmittal (an "agent's message"), must be transmitted by DTC on behalf of a holder of old notes and received by the exchange agent before 5:00 p.m., New York City time, on the expiration date. In all other cases, a letter of transmittal must be manually executed and received by the exchange agent before 5:00 p.m., New York City time, on the expiration date. By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:

- any new notes to be received by you will be acquired in the ordinary course of your business;
- you are not engaged in, and do not intend to engage in, a distribution of the new notes, and you have no arrangement or understanding with any person to participate in a distribution of the new notes;
- you are not our "affiliate" (as defined in Rule 405 under the Securities Act) or, if you are such an affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;
- if you are a broker-dealer that receives new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, you must acknowledge that you will deliver a prospectus in connection with any resale of these new notes;
- if you are a broker-dealer, you did not purchase the old notes to be exchanged for the new notes from us in the initial offering of the old notes; and
- you are not acting on behalf of any person who could not truthfully and completely make the above representations.

Special Procedures for Beneficial Owners

If you are a beneficial owner whose old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and you want to tender old notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you wish to tender on

| | |
|---|---|
| | your own behalf, you must, before completing and executing the letter of transmittal and delivering your old notes, either make appropriate arrangements to register ownership of the old notes in your name or obtain a properly completed bond power from the registered holder. |
| Guaranteed Delivery Procedures | If you wish to tender your old notes, and time will not permit your required documents to reach the exchange agent by the expiration date, or the procedure for book-entry transfer cannot be completed on time, you may tender your old notes under the procedures described in "Exchange offer—Guaranteed Delivery Procedures." |
| Failure to Exchange Your Old Notes | All untendered old notes will remain subject to the restrictions on transfer provided for in the old notes and in the indenture. Generally, the old notes that are not exchanged for new notes in the exchange offer will remain restricted securities, and may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws.<br><br>The old notes are currently eligible for trading in the Private Offerings, Resales and Trading through Automated Linkages (PORTAL) market. Following commencement of the exchange offer but prior to its completion, the old notes may continue to be traded in the PORTAL market. Following completion of the exchange offer, the new notes will not be eligible for PORTAL trading. See "Exchange offer—Consequences of Failure to Tender." |
| Resales | Based on interpretations by the SEC's staff in no action letters issued to third parties, we believe that new notes issued in exchange for old notes in the exchange offer may be offered for resale, resold or otherwise transferred by you after the exchange offer without further compliance with the registration and prospectus delivery requirements of the Securities Act (subject to certain representations required to be made by each holder of old notes, as set forth under "Exchange offer—Procedures for Tendering"), unless you are a broker-dealer receiving securities for your own account, so long as:<br>• you are not one of our "affiliates," which is defined in Rule 405 of the Securities Act;<br>• you acquire the new notes in the ordinary course of your business;<br>• you do not have any arrangement or understanding with any person to participate in the distribution of the new notes; and<br>• you are not engaged in, and do not intend to engage in, a distribution of the new notes. |

If you are our affiliate, or you are engaged in, intend to engage in or have any arrangement or understanding with respect to, the distribution of new notes acquired in the exchange offer, you (1) should not rely on our interpretations of the position of the SEC's staff and (2) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

If you are a broker-dealer and receive new notes for your own account in the exchange offer:

- you must represent that you do not have any arrangement with us or any of our affiliates to distribute the new notes;
- you must acknowledge that you will deliver a prospectus in connection with any resale of the new notes you receive from us in the exchange offer (the letter of transmittal states that by so acknowledging and by delivering a prospectus, you will not be deemed to admit that you are an "underwriter" within the meaning of the Securities Act); and
- you may use this prospectus, as it may be amended or supplemented from time to time, in connection with the resale of new notes received in exchange for old notes acquired by you as a result of market making or other trading activities.

For a period of up to 180 days after the consummation of the exchange offer, we will make this prospectus available to any broker-dealer for use in connection with any resale described above. See "Plan of distribution."

| | |
|---|---|
| Federal Income Tax Considerations | The exchange of notes pursuant to the exchange offer should not be a taxable event for U.S. federal income tax purposes. See "Summary of certain United States federal income tax considerations." |
| Use of Proceeds | We will not receive any proceeds from the issuance of the new notes in the exchange offer. |
| Exchange Agent | The Bank of New York is the exchange agent for the exchange offer. The address and telephone number of the exchange agent are set forth in "Exchange offer—Exchange Agent." |

**Summary terms of the new notes**

*The following summary contains basic information about the Floating Rate Second Priority Senior Secured Notes due 2011, the 6 7/8% Second Priority Senior Secured Notes due 2011 and the 8% Senior Subordinated Notes due 2014 being offered in the exchange offer, which we collectively refer to in this prospectus as the "new notes." It likely does not contain all the information that is important to you. For a more complete description of the new notes, see "Description of the new second priority notes." and "Description of the new senior subordinated notes."*

The new notes will be identical in all material respects to the old notes for which they have been exchanged, except:

- the new notes will have been registered under the Securities Act;
- the new notes generally will not be subject to the restrictions on transfer applicable to the old notes or bear restrictive legends;
- the new notes will not be entitled to registration rights; and
- the new notes will not have the right to earn additional interest under circumstances relating to our registration obligations.

**TERMS OF THE SECOND PRIORITY NOTES**

| | |
|---|---|
| Issuers | MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company. |
| Securities Offered | $300,000,000 aggregate principal amount of Floating Rate Second Priority Senior Secured Notes due 2011.<br><br>$200,000,000 aggregate principal amount of 6 7/8% Second Priority Senior Secured Notes due 2011. |
| Maturity | The second priority notes will mature on December 15, 2011. |
| Interest | Floating Rate Second Priority Notes: Interest will accrue at a rate that is reset at the beginning of each quarter to the applicable LIBOR Rate plus 3.25%. The term "LIBOR Rate" is defined in the "Description of the new second priority notes—Certain Definitions" section of this prospectus. Interest will be payable quarterly in arrears on each March 15, June 15, September 15 and December 15, commencing on March 15, 2005.<br><br>Fixed Rate Second Priority Notes: Interest will accrue at a rate of 6 7/8% per year. | Guarantees | MagnaChip LLC and its subsidiaries (other than IC Media Japan Kabushiki Kaisha and Shanghai Ximei Corporation) will jointly and severally guarantee each series of second priority notes on a senior secured basis. Under certain circumstances, the guarantees may be released. |
| Collateral | Each series of second priority notes will be secured by second priority liens on substantially all of the assets of the issuers and the other subsidiaries of MagnaChip LLC that secure our senior secured credit facility, subject to certain exceptions. The second priority notes indenture and the security documents relating to the second priority notes permit us to incur a significant amount of debt, including obligations secured (including on a first-priority basis) by the collateral, subject to compliance with certain conditions. No appraisal of any collateral has been prepared by us or on our behalf in connection with this offering. The value of the collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers for the collateral. |
| Optional Redemption | At any time on or after December 15, 2005, with respect to the floating rate second priority notes, and December 15, 2008, with respect to the fixed rate second priority notes, we may redeem some or all of the applicable series of the second priority notes at the redemption prices as set forth in the "Description of new second priority notes—Optional Redemption" section of this prospectus, plus accrued and unpaid interest and liquidated damages, if any, to the redemption date.<br><br>At any time before December 15, 2005, with respect to the floating rate second priority notes, and December 15, 2008, with respect to the fixed rate second priority notes, we may redeem the applicable series of the second priority notes, in whole or in part, pursuant to a "make whole" call as specified in the "Description of the new second priority notes—Optional Redemption" section of this prospectus.<br><br>At any time before December 15, 2005, with respect to the floating rate second priority notes, and December 15, 2007, with respect to the fixed rate second priority notes, we may redeem up to 35% of the aggregate principal amount of the applicable series of the second priority notes, including all or a portion of any additional notes issued in such series, with the proceeds of certain equity offerings, so long as:<br><br>• we pay holders of the notes a redemption price equal to par plus (i) the LIBOR Rate then in effect with respect to the floating rate second priority notes plus 3.25% and (ii) 6 7/8% with respect to the fixed rate second priority notes, plus accrued and unpaid interest and liquidated damages, if any, to the redemption date; |

- with respect to each series of the second priority notes, at least 65% of the aggregate principal amount of each series of the second priority notes issued under the indenture, including the principal amount of any additional second priority notes, remains outstanding immediately after such redemption; and
- we redeem the second priority notes within 90 days of any such equity offering.

**TERMS OF THE SENIOR SUBORDINATED NOTES**

| | |
|---|---|
| Issuers | MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company. |
| Securities Offered | $250,000,000 aggregate principal amount of 8% Senior Subordinated Notes due 2014. |
| Maturity | The senior subordinated notes will mature on December 15, 2014. |
| Interest | Interest will accrue at a rate of 8% per year. Interest will be payable semi-annually in arrears on each June 15 and December 15, commencing on June 15, 2005. |
| Ranking | The senior subordinated notes will be our senior subordinated, unsecured obligations and will rank junior in right of payment with all of our existing and future senior debt, including the second priority notes and our senior secured credit facility. |
| Guarantees | MagnaChip LLC and its subsidiaries (other than MagnaChip Korea, which is our principal manufacturing subsidiary, IC Media Japan Kabushiki Kaisha and Shanghai Ximei Corporation) will jointly and severally guarantee the senior subordinated notes on an unsecured, senior subordinated basis. Under certain circumstances, the guarantees may be released. |
| Optional Redemption | At any time on or after December 15, 2009 we may redeem some or all of the senior subordinated notes at the redemption prices as set forth in the "Description of new senior subordinated notes—Optional Redemption" section of this prospectus, plus accrued and unpaid interest and liquidated damages, if any, to the redemption date.<br><br>At any time before December 15, 2009, we may redeem the senior subordinated notes, in whole or in part, pursuant to a "make whole" call as specified in the "Description of the new senior subordinated notes—Optional Redemption" section of this prospectus.<br><br>At any time before December 15, 2007, we may redeem up to 35% of the aggregate principal amount of the senior subordinated notes, including all or a portion of any additional senior subordinated notes, with the proceeds of certain equity offerings, so long as:<br>• we pay holders of the senior subordinated notes a redemption price equal to par plus 8%, plus accrued and unpaid interest and liquidated damages, if any, to the redemption date; |

- with respect to any redemption, at least 65% of the aggregate principal amount of the senior subordinated notes issued under the senior subordinated notes indenture, including the principal amount of any additional senior subordinated notes, remains outstanding immediately after each such redemption; and
- we redeem the senior subordinated notes within 90 days of any such equity offering.

**TERMS COMMON TO EACH SERIES OF THE NOTES**

| | |
|---|---|
| Change of Control | If we experience a change of control, we may be required to offer to purchase the notes at a purchase price equal to 101% of the principal amount, plus accrued and unpaid interest and liquidated damages, if any, to the repurchase date. See "Description of the new second priority notes—Repurchase at the Option of Holders—Change of Control" and "Description of the new senior subordinated notes—Repurchase at the Option of Holders—Change of Control." |
| Certain Covenants | Each indenture governing the notes contains covenants that limit the issuers' ability and the ability of MagnaChip LLC's restricted subsidiaries to, among other things:<br>• incur additional indebtedness;<br>• pay dividends or make other distributions on our capital stock or repurchase, repay or redeem our capital stock;<br>• make certain investments;<br>• incur liens;<br>• enter into certain types of transactions with affiliates;<br>• create restrictions on the payment of dividends or other amounts to the issuers by MagnaChip LLC's restricted subsidiaries; and<br>• sell all or substantially all of our assets or merge with or into other companies.<br>These covenants are subject to important exceptions and qualifications which are described under the headings "Description of the new second priority notes—Certain Covenants" and "Description of the new senior subordinated notes—Certain Covenants" in this prospectus. |
| Absence of a Public Market | There is no public trading market for the new notes, and we do not intend to apply for listing of the new notes on any national securities exchange or for quotation of the new notes on any automated dealer quotation system. See "Risk factors—Risks Related to the Exchange Offer—There is no public trading market for the new notes and an active trading market may not develop for the new notes." |

**RISK FACTORS**

See "Risk factors" for a description of certain risks you should consider before deciding to tender your old notes in the exchange offer.

**Summary pro forma and actual consolidated financial data**

The following table sets forth our summary pro forma and actual consolidated financial data as of the dates and for the periods indicated.

We have derived the summary pro forma statements of operations from the unaudited pro forma consolidated statements of operations included elsewhere in this prospectus, which give effect to the Acquisition and other related adjustments described in the "Unaudited pro forma consolidated statements of operations" section of this prospectus. The unaudited pro forma consolidated statements of operations are based on our actual consolidated financial statements included elsewhere in this prospectus, which, prior to October 1, 2004, were prepared on a carve-out basis in connection with the purchase of our business from Hynix; such carveout information is not intended to be a complete presentation of the operating results or financial position of our company on a stand-alone basis.

We have derived the actual statements of operations data for the years ended December 31, 2002, 2003, for the nine-month period ended September 30, 2004 and for the three-month period ended December 31, 2004 and the summary actual balance sheet data at December 31, 2003 and 2004 and at September 30, 2004 from our audited consolidated financial statements that are included elsewhere in this prospectus. We have derived the actual statements of operations data for the year ended December 31, 2001, and the summary actual balance sheet data at December 31, 2001, and 2002 from our audited consolidated financial statements that are not included in this prospectus. We have derived the actual statements of operations data and summary consolidated balance sheet data, as of and for each three-month period ended March 31, 2004 and April 3, 2005, from our unaudited consolidated financial statements that are included elsewhere in this prospectus.

As carve-out financial statements, the actual statements prior to October 1, 2004 include allocations of the costs of shared activities and overhead of Hynix and of intangible assets and property, plant and equipment shared with Hynix. These allocations are based upon various assumptions and estimates and actual results may differ from these allocations, assumptions and estimates. Also, as part of the Acquisition we did not acquire certain assets that were included in the carve-out financial statements and we assumed certain additional costs and obligations that are not reflected in the carve-out financial statements. Accordingly, the carveout financial statements should not be relied upon as being representative of our financial position or operating results had we operated on a stand-alone basis, nor may they be representative of our financial position or operating results following the Acquisition.

On October 6, 2004, MagnaChip Semiconductor LLC, completed its acquisition of the business from Hynix. For accounting purposes and consistent with our reporting periods, we have used October 1, as the effective date of the Acquisition since the financial results from October 1, 2004 onwards accrued to our benefit. As a result, we have reported our operating results and financial position for all periods from and after October 1, 2004, as those of the successor company. The predecessor company periods and the successor company periods have different bases of accounting and are therefore not comparable.

The pro forma statements of operations are not intended to represent what our results of operations would be after giving effect to the Acquisition, or to project our results of operations for any future period. Therefore, investors should not place undue reliance on the pro forma financial information.

For further information on the adjustments and assumptions relating to the pro forma statements of operations, see "Unaudited pro forma consolidated statements of operations."

The summary consolidated statements of operations data for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, are presented:

(i) on an actual basis; and

(ii) on a pro forma basis, to give effect to the Acquisition, and related adjustments, as if it had occurred on January 1, 2004.

You should read the information contained in this table in conjunction with the "Selected financial and other data," "Management's discussion and analysis of financial condition and results of operations," "Unaudited pro forma consolidated statements of operations" and our consolidated financial statements and the accompanying notes thereto included elsewhere in this prospectus.

Footnotes:

(1) Primarily relates to the provision of wafer foundry contract manufacturing services to Hynix, Hyundai Display Technology and other related parties.

(2) Working capital is calculated as current assets less current liabilities, including the current portion of long term borrowings.

(3) Total indebtedness is calculated as long and short term borrowings.

(4) EBITDA is defined as net income (loss) plus depreciation and amortization of intangible assets, interest expense, net and provision for income taxes. EBITDA is a key financial measure but should not be construed as an alternative to operating income, cash flows from operating activities or net income, as determined in accordance with accounting principles generally accepted in the United States of America, or US GAAP. EBITDA is not a measure defined in accordance with US GAAP. We believe that EBITDA is a standard measure commonly reported and widely used by analysts and investors in our industry. However, the method of computation may or may not be comparable to other similarly titled measures of other companies. A reconciliation of net income (loss) to EBITDA is as follows:

## Risk factors

*You should carefully consider the risk factors set forth below as well as the other information contained in this prospectus before deciding whether to exchange your old notes in the exchange offer. The risks described below are not the only risks facing us. Additional risks and uncertainties not currently known to or unique to us or that we currently deem to be immaterial may also materially and adversely affect our business operations. Any of the following risks could materially adversely affect our business, financial condition or results of operations. In such case, there could be a material adverse effect on our ability to satisfy our obligations under the new notes and you may lose all or part of your original investment.*

### RISKS RELATED TO THE EXCHANGE OFFER

**Failure to tender your old notes for new notes could limit your ability to resell the old notes.**

The old notes were not registered under the Securities Act or under the securities laws of any state and may not be resold, offered for resale or otherwise transferred unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your old notes for new notes under the exchange offer, you will not be able to resell, offer to resell or otherwise transfer the old notes unless they are registered under the Securities Act or unless you resell them, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. In addition, we will no longer be under an obligation to register the old notes under the Securities Act except in the limited circumstances provided under the registration rights agreements. In addition, if you want to exchange your old notes in the exchange offer for the purpose of participating in a distribution of the new notes, you may be deemed to have received restricted securities, and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

To the extent that old notes are tendered for exchange and accepted in the exchange offer, the trading market for the untendered and tendered but unaccepted old notes could be adversely affected.

**There is no public trading market for the new notes and an active trading market may not develop for the new notes.**

The old notes are currently eligible for trading in the PORTAL Market, a screen-based market operated by the National Association of Securities Dealers. The PORTAL Market is limited to qualified institutional buyers as defined by Rule 144A of the Securities Act. The new notes are new securities for which there is no established trading market. We do not intend to apply for listing or quotation of the notes on any securities exchange or stock market. UBS Securities LLC, J.P. Morgan Securities Inc. and Deutche Bank Securities Inc., which acted as initial purchasers in connection with the offer and sale of the old notes, have informed us that they intend to make a market in the new notes. However, the initial purchasers are not obligated to do so and they may cease their market-making at any time. In addition, the liquidity of the trading market in the new notes, and the market price quoted for the new notes, may be adversely affected by changes in the overall market for high yield securities and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a result, we cannot assure you that an active trading market will develop for the new notes.

**You must comply with the exchange offer procedures in order to receive new notes.**

The new notes will be issued in exchange for the old notes only after timely receipt by the exchange agent of the old notes or a book-entry confirmation related thereto, a properly completed and executed letter of transmittal or an agent's message and all other required documentation. If you want to tender your old notes in exchange for new notes, you should allow sufficient time to ensure timely delivery. Neither we nor the exchange agent are under any duty to give you notification of defects or irregularities with respect to tenders of old notes for exchange. Old notes that are not tendered or are tendered but not accepted will, following the exchange offer,

continue to be subject to the existing transfer restrictions. In addition, if you tender the old notes in the exchange offer to participate in a distribution of the new notes, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. For additional information, please refer to the sections entitled "Exchange offer" and "Plan of distribution" in this prospectus.

**RISKS RELATED TO EACH SERIES OF NEW NOTES**

**Our level of indebtedness could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry and prevent us from meeting our obligations under the notes.**

As of April 3, 2005, our total indebtedness was $750 million. See "Capitalization" for additional information.

Our substantial debt could have important consequences for you, including:

- making it more difficult for us to make payments on the notes;
- increasing our vulnerability to general economic and industry conditions;
- requiring a substantial portion of our cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, therefore reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities;
- exposing us to the risk of increased interest rates because certain of our borrowings, including the floating second priority rate notes and borrowings under our senior secured credit facility, are at variable rates of interest;
- limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general corporate or other purposes; and
- limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who have less debt.

Our senior secured credit facility provides for a commitment for up to $100 million of revolving credit borrowings. We may be able to incur substantial additional indebtedness in the future, including secured debt, subject to the restrictions contained in the credit agreement governing our senior secured credit facility and the indentures relating to the notes. See "Description of the new second priority notes," "Description of the new senior subordinated notes" and "Description of other indebtedness." If new debt is added to our current debt levels, the related risks that we now face could intensify.

**We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.**

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We cannot assure you that we will maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our

debt service and other obligations. The credit agreement governing our senior secured credit facility and the indentures governing the notes restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or be able to obtain the proceeds which we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due.

**If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes.**

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facility that is not waived by the required lenders under the senior secured credit facility, and the remedies sought by the holders of such indebtedness could preclude us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including covenants in the credit agreement governing our senior secured credit facility and each indenture), we could be in default under the terms of the agreements governing such indebtedness, including our credit agreement and the indentures. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under the credit agreement that governs our senior secured credit facility could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets that are pledged as collateral to support our obligations under the credit agreement governing our senior secured credit facility, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to obtain waivers from the required lenders under our senior secured credit facility to avoid being in default. If we breach our covenants under the credit agreement governing our senior secured credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders thereunder. If this occurs, we would be in default under our credit agreement, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

**We may be unable to purchase the notes upon a change of control.**

Upon the occurrence of certain "change of control" events you may require us to purchase your notes at 101% of their principal amount, plus accrued and unpaid interest and liquidated damages, if any. The terms of our senior secured credit facility limit our ability to purchase any series of notes in those circumstances and the terms of the second priority notes indentures limit our ability to purchase the senior subordinated notes. Any of our future debt agreements may contain similar restrictions and provisions. Accordingly, we may not be able to satisfy our obligations to purchase your notes unless we are able to refinance or obtain waivers under the senior secured credit facility and other indebtedness with similar restrictions. In addition, we cannot assure you that we will have the financial resources to purchase your notes, particularly if that change of control event triggers a similar repurchase requirement for, or results in the acceleration of, other indebtedness. Our senior secured credit facility provides that certain change of control events will constitute a default and could result in the acceleration of our indebtedness thereunder.

**Fraudulent conveyance and similar laws may adversely affect the validity and enforceability of the guarantees. The guarantors will guarantee the payment of the notes.**

Although laws differ among various jurisdictions, in general, under fraudulent conveyance laws, a court could subordinate or void any guarantee if it found that:

- the guarantee was incurred with actual intent to hinder, delay or defraud creditors or shareholders of the company; or
- the guarantee was incurred voluntarily and all parties to the guarantee knew or should have known that the transaction would unfairly prejudice other creditors; or

- the guarantor did not receive fair consideration or reasonably equivalent value for the guarantee and the guarantor was any of the following:
  - insolvent or was rendered insolvent because of the guarantee;
  - engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or
  - intended to incur, or believed that it would incur, debts beyond its ability to pay at maturity; or the guarantee was held not to be in the best interests or for the corporate benefit of the company.

The measure of insolvency for purposes of fraudulent transfer laws varies depending on the law applied.

Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that at the time the guarantees of the new notes will be issued, each guarantor will not be insolvent, will not have unreasonably small capital for the business in which it engages, and (in part because of the payment limitations contained in such guarantees) will not have incurred debts beyond its ability to pay such debts as they mature. In addition, the boards of directors, general partners or managers, as the case may be, of certain guarantors have passed resolutions confirming that the entry into the guarantee is in the best interest of such guarantor and for its corporate benefit. We can give no assurance, however, that a court would agree with our conclusions in this regard or that such conclusions will be applicable to the guarantors in the future.

If a court voided any guarantee as a result of a fraudulent conveyance or similar laws, or held it unenforceable for any other reason, you would cease to have any claim in respect of such guarantee and would be the creditor of the issuers and the remaining guarantors.

*Korea*

MagnaChip Korea, a limited liability company *(yuhan hoesa)* and indirect wholly-owned subsidiary of MagnaChip LLC, will guarantee each series of new second priority notes on a senior secured basis. While the Corporate Reorganization Act of Korea does not currently apply to limited liability companies such as MagnaChip Korea, Korea's new insolvency law, the Debtor Rehabilitation and Insolvency Law will replace the Corporate Reorganization Act as of April 1, 2006.

The New Insolvency Law will have preference avoidance provisions similar to the current provisions of the Corporate Reorganization Act. Under Korea's Corporate Reorganization Act, certain acts occurring during the period between a "suspension of payment" and prior to an application for a reorganization proceeding under the Corporate Reorganization Act (which period may in no event exceed one year) are subject to avoidance as being preferential. The collateral in Korea will be held by one collateral trustee on behalf of the secured noteholders and the senior credit facility lenders, and one such act that could be subject to avoidance is a payment made to the Korean collateral trustee pursuant to the guarantee granted by MagnaChip Korea to the collateral agent. Payment received from the disposition of Korean collateral during this period could also potentially be avoided. If such an avoidance claim is successful, any payment received by the Korean collateral trustee pursuant to the guarantee would have to be disgorged to the trustee overseeing the reorganization proceeding. This may have the effect of reducing the total recovery obtained from the guarantee for the benefit of the second priority notes.

**You may be unable to enforce judgments obtained in U.S. courts against MagnaChip Semiconductor S.A. or our subsidiary guarantors organized in jurisdictions other than the United States.**

MagnaChip Semiconductor S.A. and all but four of the guarantors are organized or incorporated outside of the United States, and most of the assets of these companies are located outside of the United States. As a consequence, you may not be able to effect service of process on these non-U.S. entities in the United States or to enforce judgments against them outside of the United States. There is also uncertainty about the enforceability in the courts of certain jurisdictions of judgments obtained in the United States against MagnaChip Semiconductor S.A. and certain of the guarantors.

**Restrictions on MagnaChip Korea's ability to make payments on its intercompany loans from MagnaChip Semiconductor B.V., or on its ability to pay dividends in excess of statutory limitations, could hinder our ability to make payments on the notes.**

Under the Korean Foreign Exchange Transactions Law (the FETL) payments in a foreign currency denominated loan, where the borrower is a "resident" of Korea and the lender is an offshore "nonresident" entity, requires prior approval of the Korean Ministry of Finance and Economy in the event (i) the average period of such loan is less than 12 months or (ii) repayment or prepayment of such loan within a 12-month period from the initial drawdown date (when aggregated with all other repayments or prepayments made during such 12 month period) is equal or greater to 20% of the original aggregate principal amount of such loan. MagnaChip Korea may not receive the Korean Ministry of Finance's prior approval to prepay more than 20% of the intercompany loans between it and MagnaChip Semiconductor B.V. in the event that we have to redeem the notes within 12 months of the issue date.

In addition, under the Korean Commercial Code (the KCC) a company is permitted to make a dividend payment up to twice a year out of retained earnings (as determined in accordance with generally accepted accounting principles in Korea). Under the KCC, a limited liability company is permitted to make dividend payments to its unitholders at a ratio disproportionate to the ratio of their equity contribution. It is possible that we would not have sufficient funds to make payments on the notes if MagnaChip Korea has an insufficient amount of retained earnings under the KCC to make dividend payments to MagnaChip Semiconductor B.V. to allow us to make payments on the notes which could cause a default under the terms of the relevant indenture.

**RISKS RELATED TO THE SECOND PRIORITY NOTES**

**If there is a default, proceeds from sales of the collateral will be applied first to satisfy amounts owed under our senior secured credit facility, and the value of the collateral may not be sufficient to repay the holders of the second priority notes.**

Our obligations under the second priority notes and related guarantees are secured by a second priority lien on certain assets that are also pledged on a first-priority basis to the lenders under our senior secured credit facility. As a result, upon any foreclosure on the collateral, proceeds will be applied first to repay amounts owed under our senior secured credit facility, and only then to satisfy amounts owed to holders of the second priority notes. The value of the second priority notes in the event of a liquidation will depend on market and economic conditions, the availability of buyers and similar factors. You should not rely upon the book value of the assets underlying the collateral as a measure of realizable value for such assets. By its nature, some or all the collateral may be illiquid and may have no readily ascertainable market value. Likewise, there is no assurance that the assets underlying the collateral will be saleable or, if saleable, that there will not be substantial delays in its liquidation. Accordingly, there can be no assurance that the proceeds of any sale of the collateral following any acceleration of the maturity of the second priority notes would be sufficient to satisfy, or would not be substantially less than, amounts due on the second priority notes after satisfying the obligations secured by the first priority liens.

If the proceeds of any sale of the assets underlying the collateral are insufficient to repay all amounts due on the second priority notes, the holders of the second priority notes (to the extent the second priority notes are not

repaid from the proceeds of the sale of the collateral) would have only an unsecured claim against our remaining assets, which claim will rank equal in priority to the unsecured claims of any unsatisfied portion of the obligations secured by the first-priority liens and our other unsecured senior indebtedness.

**Your interest in the collateral may be adversely affected by the failure to record and/or perfect security interests in certain collateral.**

The security interests in the collateral securing the second priority notes and our senior secured credit facility includes a second lien on substantially all of our assets, whether now owned or acquired or arising in the future. Applicable law requires that certain property and rights acquired after the grant of a general security interest can only be perfected at the time such property and rights are acquired and identified. Due to the number of individual mortgages and other security interests that were scheduled to be recorded in the various countries in which our assets are located, there was a time gap between the issuance of the old notes and the making of any loans under our senior secured credit facility and the recordation of the mortgages and other security interests. As a result, and even though it may have constituted an event of default under the indentures, a third party creditor of us may have gained priority over the lien of one or more of the mortgages and other security interests through the recordation of an intervening lien or liens. Although the indenture for the second priority notes contains customary further assurances covenants, the trustee under such indenture and the collateral trustee and collateral agents will not monitor the future acquisition of property and rights that constitute collateral, or take any action to perfect the security interest in such acquired collateral.

**Insolvency and examinership laws could limit your ability to enforce your rights under the notes and the guarantees.**

Any insolvency proceedings with regard to the issuers of the notes or any guarantor would most likely be based on and governed by the insolvency laws of the jurisdiction under which the relevant entity is organized. As a result, in the event of insolvency with regard to any of these entities, the claims of holders of the notes against the issuers or a guarantor may be subject to the insolvency laws of its jurisdiction of organization. The provisions of such insolvency laws differ substantially from each other including with regard to rights of creditors, priority claims and procedure and may contain provisions that are unfavorable to holders of notes. In addition, there can be no assurance as to how the insolvency laws of these jurisdictions will be applied in insolvency proceedings relating to several jurisdictions.

The lenders under our senior secured credit facility have first-ranking security over the majority of the tangible and intangible assets of the issuers and guarantors. In some jurisdictions after the occurrence of, among other things, an insolvency event, secured lenders have additional rights with respect to insolvency proceedings, including among other things, the right to direct the disposition of any security. As a result, your ability to realize claims against us with respect to your notes if the issuers, or any guarantor, become insolvent may be limited.

Under applicable insolvency laws, the issuers' or any guarantor's liabilities in respect of the notes may, in the event of insolvency or similar proceeding, rank junior to some of the issuers' or any guarantor's debts that are entitled to priority under such law of such jurisdiction. For example, debts entitled to priority may include (a) amounts owed in respect of occupational pension schemes, (b) certain amounts owed to employees, (c) amounts owed to governmental agencies and (d) expenses of an insolvency practitioner. In addition, in some jurisdictions, the examiner or administrator or similar party may be legally required to consider the interest of third parties (including, for example, employees) in connection with the proceedings.

In certain cases, under insolvency and examinership, your ability to collect interest accruing on the notes in respect of any period after the commencement of liquidation proceedings and your rights under the guarantees may be limited.

**The second priority notes and the related guarantees are effectively subordinated to other debt.**

The second priority notes effectively rank junior to all amounts owed under our senior secured credit facility, to the extent of the value of the collateral, as the senior secured credit facility lenders have a first-priority lien on the collateral pledged for the benefit of the second priority notes. In addition, the senior secured credit facility is secured by liens on certain other collateral not pledged for the benefit of the holders of the second priority notes, including a pledge of the stock of our subsidiaries. As a result, the lenders under the senior secured credit facility will be paid in full from the proceeds of the collateral pledged to them before holders of second priority notes are paid from any remaining proceeds from the second lien collateral. In addition, subject to the restrictions contained in the indenture governing the second priority notes, we may incur additional debt that is secured by first-priority liens on the collateral or by liens on assets that are not pledged to the holders of second priority notes, all of which would effectively rank senior to the second priority notes to the extent of the value of the assets securing such debt. At April 3, 2005, the second priority notes and the related guarantees effectively ranked junior to $100 million of secured indebtedness secured on a first-priority basis by the collateral.

**We may incur additional indebtedness ranking equal to the second priority notes or the related guarantees.**

The indenture governing the second priority notes permits us to issue additional debt secured on an equal and ratable basis with the second priority notes, subject to satisfaction of a debt incurrence covenant. If we incur any additional debt that is secured on an equal and ratable basis with the second priority notes, the holders of that debt will be entitled to share ratably with the holders of the second priority notes in any proceeds distributed in connection with any foreclosure upon the collateral or an insolvency, liquidation, reorganization, dissolution or other winding-up of MagnaChip. This may have the effect of reducing the amount of proceeds paid to you.

**RISKS RELATED TO THE SENIOR SUBORDINATED NOTES**

**The notes and the guarantees are effectively subordinated to other debt.**

The senior subordinated notes and the related guarantees are subordinated to our senior indebtedness. The senior subordinated notes rank junior to all of our existing and future senior indebtedness, including all indebtedness under our senior secured credit facility and the second priority notes. As a result of the subordination of the senior subordinated notes, if we become insolvent or enter into a bankruptcy or similar proceeding, then the holders of our senior indebtedness must be paid in full before subordinated noteholders are paid. In addition, we cannot make any cash payments to subordinated noteholders if we have failed to make payments to holders of designated senior indebtedness. Under certain circumstances, we will be prohibited from making any payments to subordinated noteholders for a period of up to 179 days if we default, other than a payment default, under certain covenants of our designated senior indebtedness. The senior subordinated guarantees rank junior to all senior indebtedness of the guarantors, including their guarantees of our senior secured credit facility and second priority notes, to the same extent that the senior subordinated notes are subordinated to our senior indebtedness.

At April 3, 2005, the senior subordinated notes and the related guarantees ranked junior in right of payment to the full amount of the $100 million of commitments available under our senior secured credit facility and the second priority notes.

**The senior subordinated notes are structurally subordinated to the creditors of our principal manufacturing subsidiary, MagnaChip Korea, which has accounted for a majority of our net sales and substantially all of our assets, and is not a guarantor of the senior subordinated notes.**

Our principal manufacturing subsidiary, MagnaChip Korea, is not a guarantor of the senior subordinated notes. MagnaChip Korea has accounted for a majority of our net sales and substantially all of our assets.

The senior subordinated notes are structurally subordinated to the obligations of MagnaChip Korea. Generally, claims of creditors of MagnaChip Korea, including trade creditors, will have priority with respect to the assets and earnings of MagnaChip Korea over claims of creditors of its parent entity. In the event of an insolvency, liquidation or other reorganization of MagnaChip Korea, holders of its debt and its trade creditors will typically be entitled to payment of its claims from the assets of MagnaChip Korea before any assets are made available for distribution to the issuers or any guarantor of the senior subordinated notes.

As of April 3, 2005, MagnaChip Korea had $841.5 million of liabilities, including the second priority notes, together with $63.2 million of trade payables outstanding. All of these liabilities and trade payables ranked effectively senior to the senior subordinated notes. The indenture governing the senior subordinated notes permits us and our restricted subsidiaries, including MagnaChip Korea, to incur additional debt in the future.

**RISKS RELATING TO OUR BUSINESS**

**The cyclical nature of the semiconductor industry may limit our ability to maintain or increase net sales and profit levels during industry downturns.**

The semiconductor industry is highly cyclical and periodically experiences significant economic downturns characterized by diminished product demand, production overcapacity and excess inventory, which can result in rapid erosion of average selling prices. The industry has experienced significant downturns, often in connection with, or in anticipation of, maturing product cycles of both semiconductor companies' and their customers' products and declines in general economic conditions.

We have experienced these conditions in our business in the past and may experience renewed, and possibly more severe and prolonged, downturns in the future as a result of such cyclical changes, which may reduce our profitability and the value of our business.

**Customer demand is difficult to accurately forecast.**

We make significant decisions, including determining the levels of business that we will seek and accept, production schedules, component procurement commitments, personnel needs and other resource requirements, based on our estimates of customer requirements. The short-term nature of commitments by many of our customers and the possibility of rapid changes in demand for their products reduces our ability to accurately estimate future customer requirements. On occasion, customers may require rapid increases in production, which can challenge our resources and reduce margins. We may not have sufficient capacity at any given time to meet our customers' demands. Conversely, downturns in the semiconductor industry may cause and have caused our customers to significantly reduce the amount of products ordered from us. Because many of our costs and operating expenses are relatively fixed, a reduction in customer demand may decrease our gross margins and operating income.

**Our customers may cancel their orders, change production quantities or delay production.**

We generally do not obtain firm, long-term purchase commitments from our customers. Customers may cancel their orders, change production quantities or delay production for a number of reasons. Cancellations, reductions or delays by a significant customer or by a group of customers, which we have experienced as a result of the recent downturn in the semiconductor industry, have adversely affected and may continue to adversely affect our results of operations. In addition, while we do not obtain long-term purchase commitments, we generally agree to the pricing of a particular product for the entire lifecycle of the product, which can extend over a number of years. If we underestimate our costs when determining the pricing, our margins and results of operations would be adversely affected.

**A significant portion of our sales comes from a relatively limited number of customers.**

If we lose key customers or if customers cease to place orders for our high volume devices, our financial results will be adversely affected. While we served more than 200 customers in the year ended December 31, 2004, net sales to our 10 largest customers represented approximately 62.4% of our net revenue in the year ended December 31, 2004. In the year ended December 31, 2004, except for Hynix Semiconductor, Inc., our two largest customers, LG.Philips LCD and Sharp, represented 9.8% and 9.3% of our net sales, respectively. Significant reductions in sales to any of these customers, the loss of major customers or the curtailment of orders for our high-volume devices within a short period of time would adversely affect our business. See "Business—Customers."

**Our industry is highly competitive.**

The semiconductor industry is highly competitive and includes hundreds of companies, a number of which have achieved substantial market share. Current and prospective customers for our products evaluate our capabilities against the merits of our direct competitors. Some of our competitors are well-established as independent companies and have substantially greater market share and manufacturing, financial, research and development and marketing resources than we do. We also compete with emerging companies that are attempting to sell their products in specialized markets, and with the internal capabilities of many of our significant customers. We expect to experience continuing competitive pressures in our markets from existing competitors and new entrants. Any consolidation among our competitors could enhance their product offerings and financial resources, further enhancing their competitive position. Our ability to compete successfully depends on a number of factors, including the following: our ability to offer cost effective products on a timely basis using our technologies; our ability to accurately identify and respond to emerging technological trends and demand for product features and performance characteristics; product introductions by our competitors; our ability to adopt or adapt to emerging industry standards; and the number and nature of our competitors in a given market. Many of these factors are outside of our control. In the future, our competitors may capture our existing or potential customers and our customers may satisfy more of their requirements internally. As a result, we may experience declining revenues and profits.

**A decline in average selling prices could decrease our profits.**

In the past, our industry has experienced a decline in average selling prices. A decline in average selling prices for our products, if not offset by reductions in the costs of producing such products, would decrease our gross profits and could have a material adverse effect on our business, financial condition and results of operations.

**Growth in the consumer electronics and other end markets for our products is an important component in our success.**

Our continued success will depend in part on the growth of various consumer electronics markets and other end markets that use our semiconductors and on general economic growth. To the extent that we cannot offset recessionary periods or periods of reduced growth that may occur in these markets through greater penetration of these markets, our sales may decline and our business, financial condition and results of operations may suffer as a result.

**We may not be successful in establishing a brand identity.**

Our business was historically conducted under the Hynix brand name and we are now marketing our products under the new MagnaChip brand name. We may need to devote considerable resources to establish the MagnaChip brand name for our business in the marketplace. This effort may not succeed, and our business, financial condition and results of operations may suffer as a result.

**We depend on successful technological advances for growth.**

Our industry is subject to rapid technological change and product obsolescence as customers and competitors create new and innovative products and technologies. Products or technologies developed by other companies may render our products or technologies obsolete or noncompetitive and we may not be able to access leading edge process technologies or to license or otherwise obtain essential intellectual property required by our customers. Our inability to continue identifying new product opportunities, or manufacturing technologically advanced products on a cost-effective basis, may result in decreased revenues and a loss of market share to our competitors.

**We may not be able to attract or retain the technical or management employees necessary to remain competitive in our industry.**

We depend on our ability to attract and retain skilled technical and managerial personnel. Generally, with the exception of certain key executives, our employees are not bound by employment or noncompetition agreements. We could lose the services of, or fail to recruit, skilled personnel, which could hinder our research and product development programs or otherwise have a material adverse effect on our business.

**If we encounter future labor problems, we may fail to deliver our products in a timely manner which could adversely affect our revenues and profitability.**

As of May 31, 2005, approximately 60% of our employees were represented by the MagnaChip Semiconductor Labor Union, which is a member of the Federation of Korean Metal Workers Trade Unions. We cannot assure you that issues with the labor union and other employees will be resolved favorably for us in the future, that we will not experience significant work stoppages in future years or that we will not record significant charges related to those work stoppages.

Currently, the Korean Federation of Trade Unions, representing the employees of three of our subcontractors that also support Hynix, has and may continue to demonstrate at our joint campus in Cheongju, Korea. It is requesting that MagnaChip directly hire approximately 70 employees of the subcontractor. These demonstrations have required additional interim expenses and may have a continuing negative impact on our operations in the future.

**We may incur costs to engage in future business combinations or strategic investments and the anticipated benefits of those transactions may never be realized.**

As part of our business strategy, we may seek to enter into business combinations, investments, joint ventures and other strategic alliances with other companies in order to maintain and grow revenue and market presence as well as to provide us with access to technology, products and services. Those transactions would be accompanied by risks that may harm our business, such as difficulties in assimilating the operations, personnel and products of an acquired business or in realizing the projected benefits; disruption of our ongoing business; potential increases in our indebtedness and contingent liabilities; and charges if the acquired company or assets are later worth less than the amount paid for them in the acquisition. In addition, our senior secured credit facility and the indentures governing the notes may prohibit us from making acquisitions that we may otherwise wish to pursue.

**We depend on high utilization of our manufacturing capacity.**

As many of our costs are fixed, a reduction in capacity utilization, together with other factors such as yield and product mix, could reduce our profit margins and adversely affect our operating results. A number of factors and circumstances may reduce utilization rates, including periods of industry overcapacity, low levels of customer orders, operating inefficiencies, mechanical failures and disruption of operations due to expansion or relocation of operations, power interruptions, fire, flood or other natural disasters or calamities.

**The failure to achieve acceptable manufacturing yields could adversely affect our business.**

The manufacture of semiconductors requires precision, a highly-regulated and sterile environment and expensive equipment. We may have difficulty achieving acceptable yields in the manufacture of our products. Slight impurities or defects in the masks used to print circuits on a wafer or other factors can cause significant difficulties, particularly in connection with the production of a new product, the adoption of a new manufacturing process or any expansion of our manufacturing capacity and related transitions.

**We rely on packaging subcontractors.**

The majority of our net sales are derived from semiconductor devices assembled in advanced packages. The packaging of semiconductors is a complex process requiring, among other things, a high degree of technical skill and advanced equipment. We outsource our semiconductor packaging to subcontractors, most of which are located in Korea and Southeast Asia. We rely on these subcontractors to package our devices with acceptable quality and yield levels. If our semiconductor packagers experience problems in packaging our semiconductor devices or experience prolonged quality or yield problems, our operating results could be adversely affected.

**We depend on successful parts and materials procurement for our manufacturing processes.**

We use a wide range of parts and materials in the production of our semiconductors, including silicon, processing chemicals, processing gases, precious metals and electronic and mechanical components. We procure materials and electronic and mechanical components from domestic and foreign sources and original equipment manufacturers. As a division of Hynix, we were able to take advantage of Hynix's size and purchasing power in procuring parts and materials. As an independent company, we are smaller and less diversified than Hynix, and we may be unable to obtain parts and materials at prices and on terms as favorable as those available to us prior to the separation from Hynix in October 2004. If we cannot obtain adequate materials in a timely manner or on favorable terms for the manufacture of our products, either or both of our revenues or profits will decline.

**We face product liability risks and the risk of negative publicity if our products fail.**

Our semiconductors are incorporated into a number of end products, and our business is exposed to product liability risk and the risk of negative publicity if our products fail. Although we maintain insurance for product liability claims, the amount and scope of our insurance may not be adequate to cover a product liability claim that is asserted against us. In addition, product liability insurance could become more expensive and difficult to maintain and, in the future, may not be available on commercially reasonable terms or at all.

In addition, we are exposed to the product liability risk and the risk of negative publicity affecting our customers and suppliers. Our sales may decline if any of our customers are sued on a product liability claim. We may also suffer a decline in sales from the negative publicity associated with such a lawsuit or with adverse public perceptions in general regarding our customers' products.

**Our ability to compete successfully and achieve future growth will depend, in part, on our ability to protect our proprietary technology, as well as our ability to operate without infringing the proprietary rights of others.**

We seek to protect our proprietary technologies and know-how through the use of patents, trade secrets, confidentiality agreements and other security measures. The process of seeking patent protection takes a long time and is expensive. We cannot assure you that patents will issue from pending or future applications or that, if patents issue, they will not be challenged, invalidated or circumvented, or that the rights granted under the patents will provide us with meaningful protection or any commercial advantage. Some of our technologies are not covered by any patent or patent application. The confidentiality agreements on which we rely may be breached and may not be adequate to protect our proprietary technologies. We cannot assure you that other

countries in which we market our services will protect our intellectual property rights to the same extent as the United States.

Our ability to compete successfully depends on our ability to operate without infringing the proprietary rights of others. We have no means of knowing what patent applications have been filed in the United States until they are published. In addition, the semiconductor industry is characterized by frequent litigation regarding patent and other intellectual property rights. Although we have never received any notices of infringement of a third-party patent, to our knowledge Hynix has received five notices of infringement from third parties regarding various technology transferred to us in the Acquisition. We cannot assure you that these or other third parties will not tender notices of patent infringement or assert infringement claims against us in the future. Litigation, which could result in substantial costs to us and diversion of our resources, may also be necessary to enforce our patents or other intellectual property rights or to defend against claimed infringement of the rights of others. In the event of an adverse outcome in any such litigation, we may be required to pay substantial damages, indemnify customers for damages they may suffer if the products they purchase from us violate the intellectual property rights of others, stop our manufacture, use, sale or importation of infringing products, expend significant resources to develop or acquire non-infringing technologies, discontinue processes or obtain licenses to the intellectual property we are found to have infringed. We cannot assure you that we would be successful in such development or acquisition or that such licenses would be available under reasonable terms, or at all.

As a business segment of Hynix, we were the beneficiary of some of Hynix's intellectual property arrangements, including cross-licensing arrangements with other leading semiconductor companies and licenses from third parties of technology incorporated in our products and used to operate our business. We are no longer a beneficiary under some of these agreements and arrangements. There may be third parties who had refrained from asserting intellectual property infringement claims against our products or processes while we were a business segment of Hynix that elect to pursue such claims against us now that we are an independent company. In addition, some of our technologies have been sublicensed from Hynix on a non-exclusive basis and Hynix may sublicense such technologies to others. We have cross-licensed most of our technologies to Hynix. This cross-license is subject to the non-competition provision of the Hynix business transfer agreement. See "Certain relationships and related transactions—The Acquisition." Our competitors may develop, patent or gain access to similar know-how and technology. Failure to protect our existing intellectual property rights may result in the loss of valuable technologies or having to pay other companies for infringing on their intellectual property rights.

**We are subject to many environmental laws and regulations that could affect our operations or result in significant expenses.**

We are subject to requirements of environmental, health and safety laws and regulations in each of the jurisdictions in which we operate, governing, among other things, air emissions, wastewater discharges, the generation, use, handling, storage and disposal of, and exposure to, hazardous substances (including asbestos) and wastes, soil and groundwater contamination and employee health and safety. These laws and regulations are complex, constantly changing and have tended to become more stringent over time. We cannot assure you that we have been, or will be at all times, in complete compliance with all these laws and regulations or that we will not incur material costs or liabilities in connection with these laws and regulations in the future. The adoption of new environmental, health and safety laws, the failure to comply with new or existing laws, or issues relating to hazardous substances could subject us to material liability (including substantial fines or penalties), impose the need for additional capital equipment or other process requirements upon us, curtail our operations, or restrict our ability to expand operations.

**We could suffer adverse tax and other financial consequences as a result of changes in, or differences in the interpretation of, applicable tax laws.**

Our company organizational structure is based, in part, on assumptions about the various tax laws, including withholding tax, and other laws of applicable non-U.S. jurisdictions. In addition, MagnaChip Korea was granted

a limited tax-holiday under Korean law in October 2004, which provides for certain tax exemptions for corporate taxes, withholding taxes, acquisition taxes, property and land taxes and other taxes for varying number of years. Our interpretations and conclusions are not binding on any taxing authority, and, if our assumptions about tax and other laws are incorrect, if the authorities were to change or modify the relevant laws or if MagnaChip Korea were to lose its tax holiday, we could suffer adverse tax and other financial consequences or have the anticipated benefits of our company organizational structure materially impaired.

**A limited number of persons indirectly control us and may exercise their control in a manner adverse to your interests.**

CVC, Francisco Partners, and CVC Asia Pacific, own approximately 34%, 34% and 18%, respectively, of the outstanding voting interests in MagnaChip LLC. By virtue of their ownership of these voting interests, and the securityholders' agreement among MagnaChip LLC and its securityholders, these entities have significant influence over our management and will be able to determine the outcome of all matters required to be submitted to the securityholders for approval, including the election of a majority of our directors and the approval of mergers, consolidations and the sale of all or substantially all of our assets. The interests of CVC, Francisco Partners and CVC Asia Pacific as equity owners of ours may differ from your interests, and, as such, they may take actions which may not be in your interest. See "Security ownership of certain beneficial owners and management," "Management—Board Composition" and "Certain relationships and related transactions."

**We may need additional capital in the future and it may not be available on acceptable terms or at all.**

We may require more capital in the future to fund our operations, finance investments in equipment and infrastructure, and respond to competitive pressures and potential strategic opportunities. Additional capital may not be available when needed or, if available, may not be available on satisfactory terms. If we are unable to obtain capital on favorable terms, or if we are unable to obtain capital at all, we may have to reduce our operations or forego opportunities and it may have a material adverse effect on our business, financial condition and results of operations.

**Our international operations are subject to various risks that may lead to decreases in financial results.**

We face risks inherent in international operations, such as unexpected changes in regulatory requirements, tariffs and other market barriers, political, social and economic instability, adverse tax consequences, war, civil disturbances and acts of terrorism, difficulties in accounts receivables collection, extended payment terms and differing labor standards, enforcement of contractual obligations and protection of intellectual property. These risks may lead to increased costs or decreased revenue growth, or both.

**We are subject to risks associated with currency fluctuations.**

Our revenues are denominated in various currencies, specifically, the Korean Won, Japanese Yen, Euro and U.S. dollar. As a result, changes in the exchange rates of these currencies or any other applicable currencies to the U.S. dollar will affect the translated price of products and therefore operating margins and could result in exchange losses.

The majority of our costs are denominated in Korean Won and to a lesser extent in Japanese Yen, U.S. dollar and Euro. Therefore, changes in the exchange rates of these currencies or any other applicable currencies to the U.S. dollar will affect cost of goods sold and operating margins and could result in exchange losses.

We cannot fully predict the impact of future exchange rate fluctuations on our profitability. From time to time, we may have engaged in, and may continue to engage in, exchange rate hedging activities in an effort to mitigate the impact of exchange rate fluctuations. However, we cannot assure you that any hedging technique we implement will be effective. If it is not effective, we may experience reduced operating margins.

**Our historical and pro forma financial information may not be representative of our results as a separate company.**

We have limited operating history as a stand-alone company due to our recent acquisition by the equity sponsors in October 2004. Prior to the Acquisition, we operated as a division of Hynix. Historical financial information we have included in this prospectus prior to September 30, 2004 has been derived from Hynix's consolidated financial statements, is presented on a carve-out basis and does not necessarily reflect what our financial position, results of operations or cash flows would have been had we been a separate, stand-alone company during the periods presented. As carve-out financial statements, the financial statements include allocations of the costs of shared activities and overhead of Hynix and of intangible assets and property, plant and equipment shared with Hynix. These allocations are based upon various assumptions and estimates, some of which are subjective. Actual results of our operations had we operated on a stand-alone basis, may differ from those allocations and estimates. Also, as part of the Acquisition we did not acquire certain assets that were included in the carve-out financial statements and we assumed certain additional costs and obligations that are not reflected in the carve-out financial statements. Accordingly, the carve-out financial statements should not be relied upon as being representative of our financial position or operating results had we operated on a stand-alone basis, nor may they be representative of our financial position or operating results following the Acquisition. In addition, the pro forma statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004 are not intended to represent what our results of operations would be after giving effect to the Acquisition and related adjustments, or to project our results of operations for any future period. Therefore, investors should not place undue reliance on the pro forma statements of operations. See "Unaudited pro forma consolidated statements of operations," "Selected financial and other data" and "Management's discussion and analysis of financial condition and results of operations" and our historical financial statements and the notes to those statements included elsewhere in this prospectus.

**We depend on Hynix for services and our business and results of operations could be adversely affected if Hynix were unwilling or unable to provide such services or terminated the relationship.**

Pursuant to agreements we entered into at the time we acquired our business, a number of services that are essential to our business are provided to us by or through Hynix. Some of these services include electricity, bulk gasses and de-ionized water, campus facilities, wastewater and sewage management and environmental safety and facility monitoring services. If any of our agreements with Hynix were terminated or if Hynix were unwilling or unable to fulfill its obligations to us under the terms of these agreements, we may experience a material decrease in our production capabilities and increase in our expenses.

In addition, we lease building and warehouse space from Hynix in Cheongju, Korea and Ichon, Korea and lease to Hynix some of the space we own in Cheongju, Korea. If Hynix were to become insolvent, we could lose our leases on some of our building and warehouse space.

**Third parties may seek to hold us responsible for liabilities of Hynix that we did not assume in connection with the acquisition of our business from Hynix.**

Third parties may seek to hold us responsible for Hynix's retained liabilities. Under our agreements with Hynix, Hynix has agreed to indemnify us for claims and losses relating to such retained liabilities. However, if such liabilities are significant and we are ultimately held liable for them, we cannot assure you that we will be able to recover the full amount of our losses from Hynix.

**Research and development investments may not yield profitable and commercially viable products and thus will not necessarily result in increases in revenues for us.**

We invest significant resources in our research and development. However, research and development efforts may not yield commercially viable products. During each stage of research and development there is a

substantial risk that we will have to abandon a potential product which is no longer marketable and in which we have invested significant resources. In the event we are able to develop viable new products, a significant amount of time will have elapsed between our investment in the necessary research and development effort and the receipt of any related revenues.

**Investor confidence and the price of the notes may be adversely impacted if we are unable to comply with Section 404 of the Sarbanes-Oxley Act of 2002.**

Following the exchange offer, we will become an SEC reporting company. As a reporting company, we will be subject to rules adopted by the SEC pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, which require us to include in our annual report on Form 10-K our management's report on, and assessment of the effectiveness of, our internal controls over financial reporting. In addition, our independent auditors must attest to and report on management's assessment of the effectiveness of our internal controls over financial reporting. If we fail to achieve and maintain the adequacy of our internal controls, there is a risk that we will not comply with all of the requirements imposed by Section 404. Moreover, effective internal controls, particularly those related to revenue recognition, are necessary for us to produce reliable financial reports and are important to helping prevent financial fraud. Any of these possible outcomes could result in an adverse reaction in the financial marketplace due to a loss of investor confidence in the reliability of our financial statements, which ultimately could harm our business and could negatively impact the market price of our securities.

## Use of proceeds

The exchange offer is intended to satisfy our obligations under the registration rights agreements we entered into with the initial purchasers of the old notes. We will not receive any proceeds from the exchange offer. In consideration for issuing the new notes, we will receive old notes of like principal amount, the terms of which are identical in all material respects to the new notes. We will retire and cancel all of the old notes tendered in the exchange offer. Accordingly, issuance of the new notes will not result in any increase in our indebtedness. We have agreed to bear the expenses of the exchange offer.

## Capitalization

The following table sets forth our capitalization as of April 3, 2005. This table should be read in conjunction with "Use of proceeds," "Unaudited pro forma consolidated statements of operations," "Management's discussion and analysis of financial condition and results of operations," "Description of other obligations," "Description of the new second priority notes," "Description of the new senior subordinated notes" and our consolidated financial statements included elsewhere in this prospectus.

**Unaudited pro forma consolidated statements of operations**

On October 6, 2004, MagnaChip LLC and its subsidiaries completed their purchase of the non-memory business of Hynix, as outlined in the Business Transfer Agreement, or BTA. We refer to the acquisition transaction, including the related definitive agreements with Hynix, as the "Acquisition."

The following table sets forth our unaudited pro forma and actual consolidated statements of operations for the periods indicated. We have derived the actual statement of operations data for the nine-month period ended September 30, 2004 and for the three-month period ended December 31, 2004 from our audited consolidated financial statements, and we have derived the actual statement of operations data for the three-month period ended March 31, 2004 from our unaudited consolidated financial statements, all included elsewhere in this prospectus.

The unaudited pro forma consolidated statements of operations are based on our actual consolidated financial statements included elsewhere in this prospectus, which, prior to October 1, 2004 were prepared on a carve-out basis in connection with the purchase of our business from Hynix; such carve-out information is not intended to be a complete presentation of the operating results or financial position of our company on a stand-alone basis.

The carve-out financial statements include allocations of the costs of shared activities and overhead of Hynix and of intangible assets and property, plant and equipment shared with Hynix. These allocations are based upon various assumptions and estimates and actual results may differ from these allocations, assumptions and estimates. Also, as part of the Acquisition we did not acquire certain assets that were included in the carve-out financial statements and we assumed certain additional costs and obligations that are not reflected in the carve-out financial statements. Accordingly, the carve-out financial statements should not be relied upon as being representative of our financial position or operating results had we operated on a stand-alone basis, nor may they be representative of our financial position or operating results following the Acquisition.

The pro forma financial information is not intended to represent what our results of operations would be after giving effect to the Acquisition, or to project our results of operations for any future period. Therefore, investors should not place undue reliance on the pro forma statements of operations.

The accompanying consolidated statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, are presented:

(i) on an actual basis; and

(ii) on a pro forma basis, to give effect to the Acquisition, and related adjustments, as if it had occurred on January 1, 2004.

These unaudited pro forma consolidated statements of operations should be read with the other information contained under the captions "Capitalization," "Selected financial data and other data," "Management's discussion and analysis of financial condition and results of operations" and with the audited and unaudited consolidated financial statements, all included elsewhere in this prospectus.

**Notes to Unaudited Pro Forma Consolidated Statements of Operations**

a. At the date of the Acquisition, based on an independent valuation, MagnaChip recorded a fair value adjustment to increase the carrying value of property, plant and equipment and record acquired intangibles, at September 30, 2004. At that date, MagnaChip also re-assessed the remaining useful lives of the acquired property, plant and equipment, and commenced depreciation on a straight-line basis, using the remaining useful lives of the acquired property, plant and equipment and acquired intangibles. Adjustment to decrease (increase) depreciation and amortization for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, is allocated to cost of goods sold, selling, general and administrative, and research and development expenses, based on the location, use and categorization of the underlying assets, as follows:

| | For the year ended December 31, 2004 | For the three-month period ended March 31, 2004 |
|---|---|---|
| | (in millions of US dollars) | |
| Cost of goods sold | $ 160.6 | $ 45.4 |
| Selling, general and administrative expenses | (13.7) | (5.9) |
| Research and development expenses | 5.4 | 0.9 |
| | $ 152.3 | $ 40.4 |

The fair value adjustment of property, plant and equipment acquired, the addition of acquired intangibles, and the change in their estimated useful lives will have the effect of decreasing operating income in each of the years ended December 31, 2005 to 2009 as follows:

| | 2005 | 2006 | 2007 | 2008 | 2009 |
|---|---|---|---|---|---|
| | (in millions of US dollars) | | | | |
| Decrease in operating income | $76.1 | $122.2 | $26.3 | $14.9 | $9.1 |

b. For certain financial advisory and consulting services to us, parties related to CVC and Francisco Partners are each paid the greater of $1.4 million or 0.15% of annual consolidated revenue, and a party related to CVC Asia Pacific is paid the greater of $0.7 million or 0.08% of annual consolidated revenue. The accompanying pro forma consolidated statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004 have been adjusted to reflect these additional costs of $2.8 million, and $0.9 million, respectively.

c. For the pro forma statement of operations for the year ended December 31, 2004, to remove the interest expense allocated to the accompanying historical US GAAP carve-out consolidated statement of operations for the nine-month period ended September 30, 2004, and replace with the interest expense, which would have been incurred if the $200 million Second Priority Senior Secured Notes, the $300 million Floating Rate Second Priority Senior Secured Notes and the $250 million Senior Subordinated Notes, had been in place from January 1, 2004 through September 30, 2004. For the pro forma statement of operations for the three-month period ended March 31, 2004, to remove the interest expense allocated to the accompanying historical US GAAP carve-out consolidated statement of operations for the nine-month period ended September 30, 2004, and replace with the interest expense which was incurred in the period from October 1, 2004 through December 31, 2004. The resulting impact is an increase to interest expenses of $22.6 million, and $6.8 million, for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively. The weighted average interest rate on the debt included in the accompanying pro forma consolidated statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004 was 6.7% and 6.2%, respectively. In addition, to increase the amortization of capitalized debt issuance costs by $2.6 million, and $4.3 million, in the accompanying pro forma statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively.

d. In connection with the Acquisition, MagnaChip did not assume certain capital leases which were included in the historical US GAAP carve-out consolidated financial statements for the nine-month period ended

September 30, 2004. Adjustment to record the reduction in interest expenses of $1.6 million and $0.5 million for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively.

e. Adjustment to record additional dividends of $7.2 million for the year ended December 31, 2004, on Series B redeemable convertible preferred units, which were issued and outstanding after the refinancing on December 23, 2004, as if they had been outstanding from January 1, 2004, to September 30, 2004. Adjustment to record additional dividends of $13.4 for the three-month period ended March 31, 2004, to reflect the Series A and Series B redeemable convertible preferred units, which were issued and outstanding for the first quarter after the Acquisition.

f. The accompanying historical US GAAP carve-out consolidated statement of operations for the nine-month period ended September 30, 2004 includes net sales at cost plus a historical margin, from the contract manufacturing services related to the wafer foundry service for Hynix. In accordance with the BTA, and following the Acquisition, these sales are being made at cost. Accordingly an adjustment is made to eliminate this historical margin of $81.9 million, and $29.6 million, for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively.

g. The accompanying historical US GAAP carve-out consolidated statement of operations for the nine- month period ended September 30, 2004 includes cost of sales, at an amount of cost plus historical margin, from the Hynix' contract manufacturing services related to the wafer foundry service for MagnaChip. In accordance with the BTA, and following the Acquisition, these purchases from Hynix are being made at Hynix's cost. Accordingly an adjustment is made to eliminate this historical margin of $1.7 million, and $1.5 million, for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively.

h. In accordance with the BTA, MagnaChip has entered into a series of service agreements with Hynix for its use of certain Hynix facilities and services at costs different than those which have been assumed in the accompanying historical US GAAP carve-out consolidated statement of operations for the nine-month period ended September 30, 2004. The primary service agreements include the provision of utilities at the manufacturing facilities. In addition, in accordance with the BTA, MagnaChip has entered into agreements to provide Hynix use of its own facilities, and charges them a rental fee accordingly. The revenue and costs in the accompanying pro forma consolidated statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, have been increased as follows:

| | For the year ended December 31, 2004 | For the three-month period ended March 31, 2004 |
|---|---|---|
| | (in millions of US Dollars) | |
| Revenue | $ 4.2 | $ 1.4 |
| Cost of goods sold | $ 3.7 | $ 1.2 |
| Selling general and administrative expenses | 0.2 | 0.1 |
| Research and development expenses | 1.1 | 0.4 |
| | $ 5.0 | $ 1.7 |

i. To reflect an adjustment for an estimated income tax provision as if MagnaChip LLC and its subsidiaries had operated as a stand alone corporate entity, at a pro forma tax rate of 20%. Pro forma as adjusted income tax expenses totaled $17.8 million, and $1.8 million, for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, respectively.

j. In accordance with the BTA, MagnaChip, entered into a contract with Hynix to obtain water services at an incremental cost than previously obtained from Hynix as follows:

| | For the year ended December 31, 2004 | For the three-month period ended March 31, 2004 |
|---|---|---|
| | (in millions of US dollars) | |
| Cost of sales | $ 5.1 | $ 1.4 |
| Selling, general and administrative expenses | 0.6 | 0.2 |
| Research and development expenses | 0.1 | 0.0 |
| | $ 5.8 | $ 1.6 |

k. Following the Acquisition, MagnaChip has entered into agreements to license certain intellectual property rights, previously shared with Hynix. The accompanying pro forma consolidated statements of operations for the year ended December 31, 2004 and for the three-month period ended March 31, 2004 have been adjusted to reflect a reduction in related costs of $2.8 million, and $0.9 million, respectively.

l. Pro forma earnings per unit for the year ended December 31, 2004 and for the three-month period ended March 31, 2004 are based on the assumption that units and unit equivalents outstanding as of December 31, 2004 were outstanding throughout the year. The weighted average units outstanding, basic and diluted were calculated based on:

| | For the year ended December 31, 2004 | | For the three-month period ended March 31, 2004 | |
|---|---|---|---|---|
| | Basic | Diluted | Basic | Diluted |
| Units | | | | |
| Common units | 52,533,003 | 52,533,003 | 52,533,003 | 52,533,003 |
| Series A redeemable convertible preferred units | — | — | — | — |
| Series B redeemable convertible preferred units | — | 93,997 | — | 93,997 |
| Options | — | 1,146,178 | — | 1,146,178 |
| Warrants | — | 5,079,254 | — | 5,079,254 |
| Weighted average units outstanding | 52,533,003 | 58,852,432 | 52,533,003 | 58,852,432 |

The following sets forth the computation of pro forma basic income (loss) per unit:

| | For the year ended December 31, 2004 | For the three-month period ended March 31, 2004 |
|---|---|---|
| | (in millions of US dollars, except unit data) | |
| Net income | $ 71.0 | $ 7.1 |
| Dividends to preferred unitholders | 20.6 | 13.4 |
| Net income (loss) attributable to common units | $ 50.4 | $ (6.3) |
| Weighted average common units outstanding | 52,533,003 | 52,533,003 |
| Net income (loss) per unit—basic | $ 0.96 | $ (0.12) |

The effects of the Series B redeemable preferred units, options and warrants are excluded from the calculation of pro forma diluted earnings per unit for the year ended December 31, 2004 and for the three-month period ended March 31, 2004, as their effects are anti-dilutive.

## Selected financial and other data

The following table sets forth our selected actual financial and other data as of the dates and for the periods indicated. We have derived the statement of operations data for the years ending December 31, 2002, 2003 and for the nine-month period ended September 30, 2004, and for the three-month period ended December 31, 2004 and the balance sheet data as of December 31, 2003 and 2004, and at September 30, 2004 from our audited consolidated financial statements and related notes that are included elsewhere in this prospectus. We have derived the statement of operations data for the year ended December 31, 2001, and the balance sheet data as of December 31, 2001, and 2002 from our audited consolidated financial statements and related notes that are not included in this prospectus. We have derived the actual statements of operations data and summary consolidated balance sheet data, as of and for each three-month period ended March 31, 2004 and April 3, 2005, from our unaudited consolidated financial statements that are included elsewhere in this prospectus. These audited and unaudited financial statements and the related notes thereto have been prepared in accordance with accounting principles generally accepted in the United States of America. The information set forth below is not necessarily indicative of results that should be expected for future periods.

On October 6, 2004, MagnaChip Semiconductor LLC, completed its acquisition of the business from Hynix. For accounting purposes and consistent with our reporting periods, we have used October 1, as the effective date of the Acquisition since the financial results from October 1, 2004 onwards accrued to our benefit. As a result, we have reported our operating results and financial position for all periods from and after October 1, 2004, as those of the successor company. The predecessor company periods and the successor company periods have different bases of accounting and are therefore not comparable.

You should read the information contained in this table in conjunction with "Management's discussion and analysis of financial condition and results of operations" and our historical financial statements and the accompanying notes thereto included elsewhere in this prospectus.

Footnotes:

(1) Primarily relates to the provision of wafer foundry contract manufacturing services to Hynix Semiconductor, Inc., Hynix Display Technology and other related parties.

(2) Working capital is calculated as current assets less current liabilities.

(3) Total indebtedness is calculated as long and short term borrowings, including the current portion of long term borrowings.

(4) EBITDA is defined as net income (loss) plus depreciation and amortization of intangible assets, interest expense, net and provision for income taxes. EBITDA is a key financial measure but should not be construed as an alternative to operating income, cash flows from operating activities or net income, as determined in accordance with accounting principles generally accepted in the United States of America, or US GAAP. EBITDA is not a measure defined in accordance with US GAAP. We believe that EBITDA is a standard measure commonly reported and widely used by analysts and investors in our industry. However, the method of computation may or may not be comparable to other similarly titled measures of other companies. A reconciliation of net income (loss) to EBITDA is as follows:

(5) Capital expenditures include purchases of intangibles, net.

(6) Ratio of EBITDA to interest expense is calculated as EBITDA divided by interest expense, net.

(7) Earnings consist of income before income taxes and fixed charges. Fixed charges consist of interest expense on debt and amortization of deferred debt issuance costs and the portion of rental expense that we believe is representative of the interest component of rental expense. Where a dash appears, our earnings were negative and were insufficient to cover fixed charges during the period. Our deficiencies to cover fixed charges in each period presented were as follows:

**Management's discussion and analysis of financial condition and results of operations**

The following discussion should be read in conjunction with, and is qualified in its entirety by reference to, "Unaudited pro forma consolidated statements of operations" and our consolidated financial statements and related notes included elsewhere in this prospectus. The discussions in this section contain forward-looking statements that involve risks and uncertainties. Actual results could differ materially from those discussed below. See "Risk factors" for a discussion of some of the risks that could affect us in the future. Our consolidated financial statements have been prepared in accordance with United States GAAP.

**Overview**

We are a leading designer, developer and manufacturer of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. We focus on CMOS image sensors and flat panel display drivers, which are complex, high-performance mixed-signal semiconductors that capture images and enable and enhance the features and capabilities of both small and large flat panel displays. Our solutions are used in a wide variety of consumer and commercial mass market applications, such as mobile handsets, including camera-equipped mobile handsets, flat panel monitors and televisions, consumer home and mobile displays, portable and desktop computer displays, handheld gaming devices, PDAs and audio-visual equipment such as DVD players.

We derive our net sales from products and services in four principal areas: CMOS image sensors, flat panel display drivers, application processors and specialty foundry services.

- *CMOS image sensors:* Our CMOS image sensor solutions are used in image-capture applications such as camera-equipped mobile handsets, personal computer cameras, fingerprint sensors and surveillance cameras. Our highly integrated image sensors are designed to be cost-effective and to provide brighter, sharper, more colorful, and thus enhanced, image quality.
- *Flat panel display drivers:* Our flat panel display drivers are used in several major types of large and small flat panel displays, including TFT-LCD, Color-STN and OLED displays. Our flat panel display driver solutions are used in applications such as mobile handsets, flat panel televisions, displays for portable and desktop computers, handheld gaming devices and PDAs. We produce highly integrated flat panel display driver solutions and have pioneered developments in embedded memory and in the design and manufacturing of display drivers, enabling our customers to provide improved picture quality through thinner, smaller, more power efficient displays.
- *Specialty foundry services:* We use our process technology and manufacturing facilities to manufacture semiconductor wafers for third parties based on their designs. Our five fabs have a combined capacity of over 115,000 eight-inch equivalent wafers per month and are located in Cheongju and Gumi, Korea. Our fabs provide us with large scale, cost-effective and flexible capacity enabling us to rapidly scale to high volume to meet shifts in demand by our end customers.
- *Application processor solutions:* Our application processors, which are also referred to as microcontrollers, are designed into a broad range of consumer applications, such as remote control devices, home appliances, and consumer electronics. Our application processors are designed for applications requiring programmability, high-performance, low-power and cost-effectiveness.

Our business was named MagnaChip Semiconductor when it was acquired from Hynix on October 6, 2004 by CVC, Francisco Partners, CVC Asia Pacific, certain members of management and other investors, following discussions with Hynix that began in late 2001 and the execution of a definitive agreement in June 2004. Previously, we were the System IC division within Hynix which, in 1999, had been formed from the Hyundai Electronics and LG Semiconductor System IC businesses and can trace its history back to the late 1970s. Although we were previously part of Hynix, we had a history of operating autonomously within Hynix and had a separate global sales force and management structure.

In connection with the transaction, we entered into several definitive agreements with Hynix regarding key raw materials, campus facilities, research and development equipment, information technology, factory automation and wafer foundry services. We also entered into a non-exclusive cross license with Hynix which provides us with intellectual property for use in the manufacture and sale of non-memory semiconductor products. We believe that these arrangements with Hynix provide significant mutual advantages, for example, allowing us to leverage the significant historical investments in our capital equipment and shared resources. All agreements with Hynix under which we obtain essential materials or services are multiyear contracts. See "Certain relationships and related transactions—the Acquisition."

**Basis of Presentation**

Prior to October 1, 2004, our consolidated financial statements were prepared on a carve-out basis from the consolidated financial statements and accounting records of Hynix using the actual results of operations and actual basis of assets and liabilities of our business. The consolidated statements of operations include allocations of certain raw materials, other assets and accounts payable which our business has historically shared with Hynix, and allocations of certain manufacturing costs, general and administrative, sales and marketing, and other expenses. These allocations were made on a specifically identifiable basis or using the relative percentages, as compared to Hynix's other businesses, of sales, headcount, raw material consumption or other reasonable methods. We and Hynix considered these allocations to be a reasonable reflection of the utilization of services provided. Our expenses as a separate, stand alone company may be higher or lower than the amounts reflected in the consolidated statements of operations.

We believe the assumptions underlying the consolidated financial statements are reasonable. However, the consolidated financial statements may not necessarily reflect our results of operations, financial position and cash flows in the future or what our results of operations, financial position and cash flows would have been had we been a separate, stand-alone company during the periods presented.

As part of the Acquisition, we did not acquire certain assets that were included in the carve-out financial statements and we assumed certain additional obligations that are not reflected in the carve-out financial statements. Accordingly, the carve-out financial statements should not be relied upon as being representative of our financial position or operating results had we operated on a stand alone basis, nor may they be representative of our financial position or operating results following the Acquisition.

**State of the Semiconductor Industry**

The semiconductor industry experienced a significant downturn beginning in late 2000 that lasted through early 2003. According to the Semiconductor Industry Association, total semiconductor revenues declined from $204.3 billion in 2000 to $166.4 billion in 2003. As a result of this industry downturn, our net sales declined during the period. In the second half of 2003, the semiconductor industry began to recover and we experienced an improvement in our net sales as well. As a result of the downturn in the semiconductor market between 2000 and 2003, we began implementing a strategy aimed at achieving improvements in future profitability and cash flow performance by:

- Exiting product areas where we did not have, or did not believe that we would have, a leading market position, and product areas that we did not believe would offer meaningful growth opportunities; specifically, we made a strategic decision to begin to exit the optical storage semiconductor market;
- Expanding our product offerings in markets with growth rates that are expected to be higher than those of the overall semiconductor industry such as the CMOS image sensor market and the flat panel display driver market;
- Leveraging further the significant capital investments made by our former parent in our wafer manufacturing facilities that reduced our capital expenditure requirements while at the same time increased our manufacturing capacity.

Through these actions, since 2002, we have seen an improvement in our financial performance as net sales increased from $700.3 million to $1.1 billion from 2002 to 2004, on an aggregate basis, and our gross margin increased from 1.3% to 20.8% over the same period.

**Net Sales**

Our sales are derived from the sale of semiconductor products designed by us in three key areas: CMOS image sensors, flat panel display drivers, and application processors, as well as the manufacture of semiconductor wafers for third parties. We sell our products worldwide through a direct sales force and a network of sales representatives to original equipment manufacturers, or OEMs, and indirectly through distributors. Our sales offices are located in Hong Kong, Japan, Korea, Taiwan, the United Kingdom and the United States. We have several design centers in Korea, Japan and the United States strategically located to support customers in the earliest stages of product definition and design.

**Key Factors Impacting Our Cost Structure**

Utilization rate at our wafer fabrication facilities is based on the capacity of our installed equipment. As our utilization rate increases, there is significant operating leverage in our business as our fixed manufacturing costs are spread over increased output. We believe that our optimal utilization level is when utilization is above 85%. Given our expectations for long term growth in the large volume consumer end markets in which we participate, we believe that we will be able to achieve and maintain our target utilization levels.

Yield per wafer is the ratio of the number of functional dies on a wafer to the maximum number of dies that can be produced on that wafer. Improved yields result in reduced costs, which permits average selling price reductions. This in turn may enable us to achieve higher demand elasticity while maintaining our gross margin percentage. To the degree that yields increase or decrease, our contribution margins are either positively or negatively impacted. Our product design is highly integrated into our process technology, which we believe helps to improve yield rates to higher levels, earlier in a product's lifestyle.

Depreciation is a key component of our cost structure and is included in cost of sales, selling, general and administrative expenses and research and development expenses. The actual depreciation on a carved-out basis reflects the actual cost of assets. The Acquisition was accounted for using purchase accounting which required the valuation of assets at fair value, which were then reduced through the allocation of significant negative goodwill. Due to the net increase in the carrying value of our depreciable assets as a result of purchase accounting adjustments associated with the Acquisition, depreciation for the historical periods presented on a carved-out basis may not be representative of our future depreciation expense.

The rapid technological change and product obsolescence that characterize our industry requires us to make regular investments in research and development. Product development time frames vary, but in general we incur research and development costs one to three years before generating sales from new products.

We conduct our semiconductor design and development activities primarily in Korea, the United States and Japan. This allows us to have a close proximity to our customers and work interactively for improved end system performance. We have over 600 research and development personnel, with more than half holding advanced degrees as of April 3, 2005. Going forward, we expect to expand our research and development headcount and make investments in advanced software and hardware design tools that increase our design engineer productivity. We plan on adding additional design centers in other key geographic locations near strategic customers globally.

Going forward, our business will be highly dependent on key consumer markets, including mobile handsets, electronic products with flat panel displays, handheld gaming devices, PDAs, laptop and desktop computers, flat panel televisions and other electronic devices. In addition, we operate in an industry that is highly cyclical and

subject to constant and rapid technological change, product obsolescence, price erosion, evolving standards, short product life-cycles and fluctuations in product supply and demand. Through our balanced portfolio of products and the improvement in the utilization of our fixed cost structure through provision of semiconductor manufacturing services, we believe that we are better equipped to respond to changes in market conditions and improve our financial performance.

## CRITICAL ACCOUNTING POLICIES

### Revenue Recognition and Valuation

Our revenue is derived from the sale of semiconductor products we design and the manufacture of semiconductor wafers for third parties. We recognize revenue primarily upon shipment, when persuasive evidence of a sales arrangement exists, the price is fixed or determinable, title has transferred and collection of resulting receivables is reasonably assured or probable. For certain distributors, standard products are sold to the distributors without rights to return products or stock rotation or price protection rights. Generally we recognize revenue on shipment to the distributor or drop shipment to the end customer. Specialty foundry services are performed pursuant to manufacturing agreements and purchase orders. Standard products are shipped and sold based upon purchase orders from customers. All amounts billed to a customer related to shipping and handling are classified as sales, while all costs incurred by us for shipping and handling are classified as expenses. We currently manufacture a substantial portion of our products internally at our five wafer fabrication facilities. In the future, we expect to rely, to some extent, on outside wafer foundries for additional capacity and advanced technologies.

We maintain allowances for doubtful accounts for estimated losses resulting from the inability of our customers to make payment. If the financial condition of our customers were to deteriorate, additional allowances may be required. The establishment of reserves for sales discounts is based on management judgment that requires significant estimates of a variety of factors, including forecasted demand, returns and industry pricing assumptions. We record warranty liabilities for the estimated costs that may be incurred under our limited warranty. This warranty covers product defects based on compliance to our specifications and is normally applicable for twelve months from the date of purchase. These liabilities are accrued when revenues are recognized. Warranty costs include the costs to replace the defective product. Factors that affect our warranty liability include historical and anticipated rate of warranty claims on those repairs and cost per claim to satisfy our warranty obligation. As these factors are impacted by actual experience and future expectations, we periodically assess the adequacy of our recorded warranty liabilities and adjust the amounts as necessary.

### Allowance for Inventory Valuation

Inventories are stated at the lower of cost or market, using the average method, which approximates the first in, first out method. If net realizable value is less than cost at the balance sheet date, the carrying amount is reduced to the realizable value, and the difference is recognized as a loss on valuation of inventories. We estimate the net realizable value for such finished goods and work-in-progress based primarily upon the latest invoice prices and current market conditions. Inventory reserves are established when conditions indicate that the net realizable value is less than cost due to physical deterioration, obsolescence, changes in price levels, or other causes. Reserves are also established for excess inventory based on inventory levels in excess of six months of demand, as judged by management, for each specific product.

As of year end 2002, 2003 and 2004 and as of April 3, 2005, we carried such reserves of $31.8 million, $6.7 million, $6.3 million and $17.4 million, respectively.

| | December 31, | | | April 3, |
|---|---|---|---|---|
| | 2002 | 2003 | 2004 | 2005 |
| | (in millions of US dollars) | | | |
| Reserves | $31.8 | $6.7 | $6.3 | $ 17.4 |

As described above, in connection with the Acquisition and the application of purchase accounting, on October 1, 2004, we made adjustments to inventory to reflect fair value. As a result, the inventory and related reserves for historical periods presented on a carved-out basis, prior to October 1, 2004, are not representative of future levels of inventory and related reserves, after October 1, 2004.

**Useful Lives of Tangible and Intangible Assets**

We review property, plant and equipment and other long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Recoverability is measured by comparison of its carrying amount with the future net cash flows the assets are expected to generate. If such assets are considered to be impaired, the impaired amount is measured as the amount by which the carrying amount of the asset exceeds the present value of the future net cash flows generated by the respective long-lived assets. Our intellectual property assets represent rights under patents, trademarks and property use rights and are amortized over the periods of benefit, ranging up to 10 years, on a straight-line basis.

**Intellectual Property**

Our success and future sales growth will depend, in part, on our ability to protect our intellectual property. We rely on a combination of patent, copyright, trademark and trade secret laws, as well as nondisclosure agreements and other methods to protect our proprietary technologies. We have approximately 12,500 registered and pending patents. However, we cannot assure you that any patent will be issued as a result of any applications or, if issued, that any claims allowed will be sufficiently broad to protect our technology. In addition, it is possible that existing or future patents may be challenged, invalidated or circumvented.

**RESULTS OF OPERATIONS**

The following table shows information derived from our consolidated statements of income expressed as a percentage of net sales for the periods presented.

| | Predecessor | | | | Successor | |
|---|---|---|---|---|---|---|
| | Year Ended December 31, | | | | | |

**Comparison of Three-Month Periods Ended April 3, 2005 and March 31, 2004**

*Net Sales.* Net sales for the three-month period ended April 3, 2005 were $213.4 million, a $50.4 million or 19.1% decrease from $263.8 million for the three-month period ended March 31, 2004. The significant reduction

in year over year performance is primarily due to the reduction in DRAM foundry business with Hynix which declined by $41.1 million. Additionally, our Application Processor revenue decreased 46.3% as we have repositioned this product portfolio to de-emphasize optical storage device products and focus on consumer appliance and mobile application areas. Revenue from display driver IC's was down year over year due to inventory adjustments in the supply chain. These declines were partially offset with 23% growth in revenue for CMOS Image Sensors.

Net sales to related parties for the three-month period ended April 3, 2005 decreased by $62.7 million from the prior year. Subsequent to the the Acquisition date, all sales made to Hynix were treated as sales to others. Net sales to others were $213.4 million for the three-month period ended April 3, 2005, a $12.3 million or 6.1% increase from the prior year.

*Cost of Sales*. Cost of sales were $187.4 million for the three-month period ended April 3, 2005, a $20.4 million or 9.8% decrease from $207.8 million for the three-month period ended March 31,2004. The decrease was due to reduced variable spending on lower revenue and lower depreciation. Included in cost of sales in the three months ended April 3, 2005 was $4.5 million in amortization of the fair market value of inventory in conjunction with the valuation of assets in purchase accounting for the period ended April 3, 2005. Cost of sales as a percentage of net sales increased to 87.8% in the three-month period ended April 3, 2005 compared to 78.8% in the prior year period due to lower average selling prices and factory utilization, partially offset by a reduction in total input costs.

*Selling, General and Administrative Expenses.* Selling, general and administrative expenses were $28.5 million or 13.4% of net sales in the three-month period ended April 3, 2005, a $8.6 million or 43.2% increase from selling, general and administrative expenses of $19.9 million or 7.5% of net sales in the three-month period ended March 31, 2004. The increase in selling, general and administrative expense was primarily attributable to higher amortization of intangible assets due to purchase accounting and increased professional consulting and audit fees, partially offset by lower options expenses.

*Research and Development Expenses.* Research and development expenses were $26.1 million in the three-month period ended April, 2005, a $2.2 million or 9.2% increase from research and development expenses of $23.9 million in the quarter ended March 31, 2004. As a percentage of net sales, research and development expense increased to 12.2% in 2005 from 9.1% in 2004. The absolute dollar increase in research and development expenses was primarily attributable to our investment in improved development tools and platforms and associated maintenance contracts at our research and development centers as well as new product and process development to support next generation products.

*Operating Income (loss).* Operating loss for the three-month period ended April 3, 2005 was $28.6 million, a $40.8 million decrease from the operating income of $12.2 million for the three-month period ended March 31, 2004. Operating loss as a percentage of net sales was 13.4% in 2005 compared to operating income as a percentage of net sale of 4.6% in 2004. The operating loss for the current year quarter was primarily due to a decrease in average selling prices on reduced volume from customers who were reducing their own inventory levels. The resulting under-utilization of our manufacturing facilities resulted in lower coverage of fixed costs and with increased operating expenses the operating loss expanded to 13.5% of revenue.

*Net Interest Expense.* Net interest expense was $13.9 million during the three-month period ended April 3, 2005, a $6.6 million or 90.4% increase from $7.3 million for the three-month period ended March 31, 2004. The increase in net interest expense was primarily due to the resulting interest expense from having outstanding debt of $750 million in the current year quarter versus $413.8 million in debt on a carve out basis at March 31, 2004.

*Income Tax Expense*. Income tax expense was $2.4 million in 2005, a $1.3 million increase from 2004 income tax expense of $1.1 million. This increase was principally attributable to the effect of the Korean withholding tax on the interest income paid to our Korean company's Dutch parent company. Due to the uncertainty of utilization for foreign tax credits, the Korean withholding tax was treated as a current tax expense to the company. The income tax expense represents current income tax liability and the deferred income tax was not recorded due to uncertainty of realization.

*Foreign Currency Gains and Losses*. Foreign currency gains were $13.6 million during the three-month period ended April 3, 2005, a $9.8 million or 257.9% increase from gains of $3.8 million during the three-month period ended March 31, 2004 due to favorable currency fluctuation primarily between the Korean Won and the U.S. dollar.

*Net Loss.* Net loss was $31.3 million for the three-month period ended April 3, 2005 compared to a net income of $8.0 million for the three-month period ended March 31, 2004. This net loss was primarily due to reduced net sales and gross profit as well as increased operating expenses. Net loss as a percentage of net sales was 14.6% in 2005 compared to net income as a percentage of net sales of 3.0% in 2004.

*Net Income (Loss) Attributable to Common Units*. Net loss attributable to common units for the three months ended April 3, 2005 was $33.7 million or 15.8% of net sales reflecting $2.4 million of dividends payable to preferred unitholders. These dividends payable were accrued for the Series B redeemable convertible preferred units, which were outstanding during the current quarter. MagnaChip LLC issued Series A and B redeemable convertible preferred units during the quarter ended December 31, 2004. All of the Series A units were redeemed and most of the Series B units were redeemed during the same period.

**Comparison of Years Ended December 31, 2004 and December 31, 2003**

*Net Sales.* Net sales were $841.6 million for nine-month period ended September 30, 2004 and $243.6 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $1,085.2 million in 2004, a $254.4 million or 30.6% increase compared to $830.8 million in 2003. This increase in net sales was primarily attributable to expansion of the camera-equipped mobile handset market and the increased demand for flat panel displays.

Revenue from CMOS image sensors and display driver IC's grew 193.2% and 39.2%, respectively, in the current year period versus the prior year. Specialty foundry services also grew by 69%. Growth in our three largest product groups were offset by declining revenue in application processors and DRAM foundry revenue.

Net sales to related parties were $163.8 million for the year ended December 31, 2004, a $96.9 million or 37.2% decrease from the prior year sale of $260.7 million. This decrease was largely the result of executing our strategic plan to reduce our memory wafer production and realign capacity to address more profitable business opportunities.

Net sales to others were $677.8 million for the nine-month period ended September 30, 2004 and $243.6 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $921.4 million for the year ended December 31, 2004, a $351.3 million or 61.6% increase from the prior year net sales to others of $570.1 million. This increase was largely attributable to increased demand for camera-equipped mobile handsets and an increase in flat panel display market share.

*Cost of Sales.* Cost of sales were $654.6 million for the nine-month period ended September 30, 2004 and $204.5 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $859.1 million for the year ended December 31, 2004, a $106.6 million or 14.2% increase from the prior year cost of sales of $752.5 million. Cost of sales as a percentage of net sales decreased to 79.2% for the year ended December 31, 2004 compared to 90.6% for the year ended December 31, 2003. The decrease in cost of sales as a percentage of net revenue was primarily attributable to increased volume and factory utilization, as well as improved product yields, that drove improved per unit costs. Depreciation costs were reduced for the three-month period ended December 31, 2004 as a result of the valuation of assets in purchase accounting. Improvements in the cost of procuring raw materials were partially offset by increases in labor and outsourcing costs.

*Selling, General and Administrative Expenses.* Selling, general and administrative expenses were $54.0 million for the nine-month period ended September 30, 2004 and $29.8 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $83.8 million for the year ended December 31, 2004, a $15.1 million or 22.0% increase from the prior year selling, general and administrative expenses of $68.7 million or 8.3% of net sales in the year ended December 31, 2003. The increase in SG&A expenses for the year ended December 31, 2004 was primarily attributable to increases in payroll and bonus expenses, infrastructure costs, professional fees, option expenses and amortization of intangible assets due to purchase accounting.

*Research and Development Expenses.* Research and development expenses were $75.7 million for the nine-month period ended September 30, 2004 and $22.1 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $97.8 million for the year ended December 31, 2004, a $11.2 million or 12.9% increase compared to $86.6 million in 2003. This increase in research and development expenses was primarily attributable to the increase in labor costs, development tools and maintenance contracts. Research and development expenses as a percentage of net sales decreased to 9.0% in 2004 from 10.4% in 2003.

*Operating Income (Loss).* Aggregate operating income of $44.5 million for the year ended December 31, 2004 consisted of operating income of $57.3 million for the nine-month period ended September 30, 2004 and operating loss of $12.8 million for the three-month period ended December 31, 2004, a $121.5 million or 157.8% increase compared to $77.0 million operating loss in 2003. Operating income as a percentage of net sales increased to 4.1% for the year ended December 31, 2004 from (9.3)% for the year ended December 31, 2003. The increase in operating income and operating income as a percentage of net sales was principally due to improved net sales that helped absorb fixed costs and improvements in gross profit.

*Net Interest Expense.* Net interest expense was $17.7 million for the nine-month period ended September 30, 2004 and $16.7 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $34.4 million for the year ended December 31, 2004, a $3.4 million or 9.0% decrease compared to $37.8 million in 2003. Net interest expense for the year ended December 31, 2004 included the allocation of debt and related expense of $17.7 million on a carve-out basis as well as the interest expense on the bank loan and others of $16.2 million plus interest incurred on $750 million debt of $1.3 million.

*Income Tax Expense.* Income tax expense was $2.8 million for the nine-month period ended September 30, 2004 and $6.7 million for the three-month period ended December 31, 2004, which on an aggregate basis totals $9.5 million for the year ended December 31, 2004, a $8.1 million increase from the year ended December 31, 2003 income tax expense of $1.4 million . The increase was principally attributable to the effect of the business transfer that occurred in the fourth quarter of fiscal year 2004. The Company decided not to recognize deferred

tax assets for its temporary tax differences due to its uncertainty of realization, and this has led to higher income tax expense in the fiscal year.

*Net Income (Loss).* Aggregate net income for the year ended December 31, 2004 consisted of net income of $43.2 million for the nine-month period ended September 30, 2004 and net loss of $5.8 million for the three-month period ended December 31, 2004, a $151.1 million increase over a net loss of $113.7 million for the year ended December 31, 2003. Net income as a percentage of net sales increased to 3.4% for the year ended December 31, 2004 from net loss as a percentage of net sales of 13.7% for the year ended December 31, 2003. This increase was primarily a result of improved net sales and gross profit.

*Net Income (Loss) Attributable to Common Units*. On an actual basis, net loss attributable to common units for the year ended December 31, 2004 was $24.0 million or 2.2% of net sales reflecting $13.4 million of dividends payable to preferred unit holders. The dividends payable were accrued for the Series A and B redeemable convertible preferred units outstanding during the period. All of the Series A units and most of the Series B units were redeemed during the quarter ended December 31, 2004.

**Comparison of Years Ended December 31, 2003 and December 31, 2002**

*Net Sales.* Net sales were $830.8 million in 2003, a $130.5 million or 18.6% increase from 2002 net sales of $700.3 million. The increase in net sales was primarily attributable to the growth of camera equipped mobile handsets with growth of over 300% in this product group. Display driver IC growth of 34.1% was due to LCD television and flat panel monitor end market growth, the expansion of our product portfolio and the resulting increase in our sales of small display drivers for mobile handsets, portable game devices and other portable computing devices. Specialty foundry services increased 34.7% due to increased demand for our specialty manufacturing processes and capacity.

Net sales to related parties were $260.7 million for the year ended December 31, 2003, a $46.1 million or 15.0% decrease from the prior year.

Net sales to others were $570.1 million for the year ended December 31, 2003, a $176.6 million or 44.9% increase from the prior year.

*Cost of Sales.* Cost of sales were $752.5 million in 2003, a $61.5 million or 8.9% increase from the prior year at $691.0 million. Cost of sales as a percentage of net sales decreased to 90.6% in 2003 compared to 98.7% in 2002, due to improved factory utilization. The average production cost per wafer in 2003 decreased over the previous year, principally due to an increase in production of our eight-inch equivalent wafers of approximately 22.4% versus the prior year while fixed costs remained relatively stable.

*Selling, General and Administrative Expenses.* Selling, general and administrative expenses were $68.7 million or 8.3% of net sales in 2003, a $6.8 million or 11.0% increase from selling, general and administrative expenses of $61.9 million or 8.8% of net sales in 2002. The increase in SG&A expenses was primarily attributable to an increase in variable costs, such as increases in royalty payments and sales commissions.

*Research and Development.* Research and development expenses were $86.6 million or 10.4% of net sales in 2003, a $0.4 million or 0.5% decrease from research and development expenses of $87.0 million or 12.4% of net sales in 2002. This decrease in research and development expenses was primarily attributable to the expiration of royalty contracts with Motorola and Toshiba.

*Operating Income (loss).* Operating loss was $77.0 million in 2003, a $62.6 million or 44.8% decrease from the prior year operating loss of $139.6 million. Operating loss as a percentage of net sales decreased to 9.3% in 2003 from 19.9% in 2002. The decrease in operating loss as a percentage of net sales was primarily due to an increase in unit sales prices and a decrease in research and development costs.

*Net Interest Expense.* Net interest expense was $37.8 million in 2003, a $9.0 million or 19.2% decrease from 2002 net interest expense of $46.8 million. The decrease in net interest expense was primarily due to a decrease in outstanding debt on a carve out basis to $468.1 million at December 31, 2003 compared to $631.7 million at December 31, 2002.

*Income Tax Expense.* Income tax expense was $1.4 million in 2003, a $0.4 million or 22.2% decrease from 2002 income tax expense of $1.8 million. The decrease in income tax expense was principally due to a decrease in foreign subsidiaries' taxable income. The income tax expense was all current income tax expense for overseas sales subsidiaries and the deferred income tax was eliminated due to realizability.

*Net loss*. Net loss was $113.7 million in 2003, a $64.6 million or 36.2% decrease over a 2002 net loss of $178.3 million. Net loss as a percentage of net sales decreased to 13.7% in 2003 from 25.5% in 2002. This decrease was primarily a result of an increase in unit sales price and an increase in operating margin and an associated decrease in income taxes.

**Liquidity and Capital Resources**

Our principal capital requirements are to fund working capital needs, meet required debt payments, including debt service payments on the notes and, if drawn upon, the senior credit facility, to invest in research and development and fund capital expenditures. We anticipate that operating cash flow, together with available borrowing capacity under our senior credit facility, will be sufficient to meet our working capital needs, fund our research and development and capital expenditures and service requirements on our debt obligations for the foreseeable future. As of April 3, 2005 we had total long-term debt outstanding of $750 million.

We generated cash from operating activities of $10.9 million and $86.1 million for the three-month periods ended April 3, 2005 and March 31, 2004, respectively. The decrease in cash from operating activities between the two periods was due to 19.1% lower sales coupled with a 53.6% decrease in margin and increased accounts receivable. For the year ended December 31, 2004, total cash from operating activities were $329.5 million which included $312.2 million for the nine-month period ended September 30, 2004 and $17.3 million for the three-month period ended December 31, 2004, compared to $182.1 million in 2003. The significant increase was primarily attributable to the 30.6% increase in net sales and 188.8% increase in gross profit. For the years ended December 31, 2003 and 2002, the cash generated from operating activities were $182.1 million and 187.1 million, respectively. The $5.0 million decrease in 2003 was primarily due to an increase in the accounts receivable balance.

We had working capital balance of $96.6 million at April 3, 2005 and $129.3 million at December 31, 2004. The decrease of working capital balance was due to higher cash balance and inventory at December 31, 2004. As of December 31, 2003 and 2002, the working capital balances were $21.7 million and $3.1 million, respectively. The increase in 2003 was mainly due to higher accounts receivables as collection days increased from 27 to 40 days combined with a decrease in account payable days from 41 to 32 days.

For investing activities, we used cash of approximately $21.7 million for the three-month period ended April 4, 2005 and $611.3 million for the year ended December 2004 which consisted of $85.3 million for the nine months and $526.0 million for the three months. For years 2003 and 2002, the cash outflows from investing activities amounted to $21.5 million and $51.8 million, respectively.

There were cash outflows from financing activities for the preceding period the impact of carve-out accounting, which assumes that cash flows from all other activities were used to repay any outstanding borrowings. We used $13.9 million during the three-month period ended April 3, 2005 and $216.8 million in the year ended December 31, 2004 from financing activities. The $216.8 was composed of $226.8 million for the nine months and $10.0 million for the three months. For fiscal years 2003 and 2002, the cash outflows from financing activities were $160.6 million and $135.3 million, respectively.

On a historical basis, a portion of Hynix's consolidated debt was allocated to MagnaChip ("Corporate Borrowings") in addition to other short-term and long-term borrowings that were directly assignable.

The allocation of the Corporate Borrowings was estimated using our anticipated debt requirements in connection with the Acquisition, and this amount was applied as of December 31, 2003. The significant decrease in the total debt as of September 30, 2004 reflects the substantial cash flows generated during the period, much of which was assumed to have been applied toward the repayment of the outstanding debt.

In connection with the Acquisition, we assumed a total of $329.3 million in senior secured term loan facilities, which were repaid in connection with the offering of the old notes.

*Capital Expenditures.* Capital expenditures vary depending on the prevailing business factors, including current and anticipated market conditions. Capital expenditures in recent years have remained at relatively nominal levels in comparison to the operating cash flows generated during corresponding periods. We believe that this trend will continue given our existing facilities and investment plans, and our product portfolio and anticipated market conditions going forward. For the three-month period ended April 3, 2005, capital expenditures totaled $13.0 million. For the year ended December 31, 2004, capital expenditures consisted of $86.7 million for nine months and $23.5 million for three months, for an aggregate total of $110.2 million. For the years 2003 and 2002, capital expenditures totaled $25.2 million and $63.5 million, respectively. The increase in 2004 was primarily due procurement of equipment to support a turnaround in business conditions beginning in the second half of 2004. Unfavorable market conditions in 2002 and into 2003 had led to reduced capital expenditures in 2003. Consistent with previous spending patterns, future capital expenditures will focus on product line conversions, fab upgrades and continued investments in significant research and development activities.

*Future Financing Activities.* Our primary future capital requirements on a recurring basis will be funding working capital needs, meeting required debt payments and funding research and development and capital expenditures. Specifically, going forward, we expect to expand our research and development headcount and make investments in advanced software and hardware design tools that increase our design engineer productivity. In addition, we plan to add design centers in key geographical locations near our strategic customers. We anticipate that operating cash flows, together with available borrowings under our senior credit facility, will be sufficient to meet these capital requirements for the foreseeable future. We may from time to time incur additional debt.

We may need to incur additional debt or issue equity to make strategic acquisitions of investments. We cannot assure you that such financing will be available to us on acceptable terms or that such financing will be available at all.

**Contractual Obligations**

Summarized in the table below are our obligations and commitments to make future payments under debt obligations and minimum lease payment obligations as of December 31, 2004.

| | Payments Due by Period | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | Total | 2005 | 2006 | 2007 | 2008 | 2009 | Thereafter | Interest expense |
| | (in millions of US Dollars) | | | | | | | |
| Revolving credit facility | 0.7 | 0.7 | | | | | | |
| Secured notes and subordinated note | 750.0 | | | | | | 750.0 | |
| Operating lease | 17.2 | 4.7 | 4.2 | 3.7 | 2.3 | 2.3 | | |
| Royalties payable | 3.9 | 1.5 | 1.5 | 1.5 | | | | (0.6) |
| Government grants payable(*) | 0.7 | | | | | | 0.7 | |

(*) The maturity of the government grant is not specified in the underlying agreements. However, for the purposes of this table its maturity was assumed to be greater than five years.

**Unit/Stock-based Compensation Expense**

For options granted to employees on or after October 6, 2004, we record a compensation charge equal to the excess, if any, of the deemed fair value of the stock at the measurement date over the option exercise price, in accordance with Accounting Principles Board Opinion No. 25. For all of our grants during this period, the exercise price equaled the fair value, therefore, no compensation expense resulted from these grants.

Options were previously granted by Hynix to our employees and the related compensation costs are reflected in the historical financials. For the year ended December 31 2003 and for the nine-month period ended September 30, 2004, we recorded costs of $0.2 million and $3.3 million, respectively. However, none of these options were transferred as part of the Acquisition, and therefore, no additional future charges will be taken relating to these previous option grants. On the other hand, we have established a new employee option plan and intend to make grants in the future.

**Recent accounting pronouncements**

In December 2004, FASB issued FAS 123(R), *Share-Based Payment (revised 2004)*. This revision effects current practice in a number of ways, including the elimination of the alternative to use the intrinsic value method of accounting from Accounting Principles Board ("APB") Opinion No. 25 that was provided in FASB Statement No. 123 as originally issued. This statement will be effective for us on January 1, 2006, and we are evaluating the impacts of this proposed FASB Statement on its financial statements.

In November 2004, the FASB issued SFAS No. 151, *Inventory Costs* an amendment of ARB No. 43, Chapter 4. This Statement amends the guidance in Accounting Research Bulletin ("ARB") No. 43, Chapter 4, *Inventory Pricing*, to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs, and wasted material (spoilage), and requires that allocation of fixed production overheads to the costs of conversion be based on the normal capacity of the production facilities. This statement is effective date for us on January 1, 2005, and we are evaluating the impacts of this proposed FASB Statement on its financial statements.

In May 2005, the FASB issued SFAS 154, *Accounting Changes and Error Corrections – a replacement of APB Opinion No. 20 and FASB Statement No. 3*. This Statement replaces APB Opinion No. 20, Accounting Changes, and FASB Statement No. 3, *Reporting Accounting Changes in Interim Financial Statements,* and changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. This standard is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this standard will have no effect on our financial position and results of operations as no accounting changes or errors have occurred in the current period.

**Quantitative and Qualitative Disclosures about Market Risk**

Market risk is the risk that the value of a financial instrument will fluctuate due to changes in market conditions, including changes in interest rates and foreign exchange rates. In the normal course of our business, we are subject to market risk associated with interest rate movements and currency movements on our assets and liabilities.

*Foreign Currency Risk.* We have exposure to some foreign currency exchange-rate fluctuations on net income from our subsidiaries denominated in currencies other than U.S. dollars. We have foreign subsidiaries in Korea, Taiwan, Japan and Hong Kong. From time to time these subsidiaries have cash and financial instruments in local currency. The amounts held in Japan and Taiwan are not material in regards to foreign currency movements. However, based on the cash and financial instruments balance at December 31, 2004 for our Korean subsidiary, a 10% devaluation of the Korean Won against the U.S. dollar would have resulted in a decrease of $2.2 million in our U.S. dollar and financial instruments cash balance.

*Interest Rate Risk.* The $200 million 6 7/8% Second Priority Senior Secured Notes due 2011 and the $250 million 8% Senior Subordinated Notes due 2014 are subject to changes in fair value due to interest rate changes. If the market interest rate had decreased by 10% and all other variables were held constant from their levels at December 31, 2004, we estimate that we would have additional interest expense cost over market rate of $0.6 million (90 days basis). Our net loss for three-month period ended December 31, 2004 would have increased by 11.0% (90 days basis). The fair value on these fixed rate notes would have decreased by $12.3 million or increased by $11.7 million with a 10% increase or decrease in the interest rate, respectively.

*Cash Flow Interest Rate Risk.* We have cash flow interest rate risk related to our $300 million Floating Rate Second Priority Senior Secured Notes due 2011 as interest expense is subject to prevailing market interest rates at each balance sheet date. If the market interest rate had increased by 10% and all other variables were held constant from their levels at December 31, 2004, we estimate that we would have additional interest expense of $0.2 million (90 days basis) for these floating rate notes and our net loss for three-month period ended December 31, 2004 would have increased by 3.2% (90 days basis).

## Industry overview

Semiconductors, or "chips," are the key building blocks used to create electronic products and systems. Semiconductors perform a variety of functions, such as processing data, storing information and converting or controlling signals. With advances in technology, the functionality and performance of semiconductors have increased while the size, power requirements and unit costs have decreased. The result of these advances has been to increase the proliferation of electronic content in an increasing array of products, including in a wide variety of consumer mass products, such as automobiles, mobile handsets, digital cameras, and other consumer electronic equipment.

According to the Semiconductor Industry Association, or SIA, the overall semiconductor market grew from $17.9 billion in 1983 to $213.8 billion in 2004, representing a compound annual growth rate of 12.5%. SIA expects that between 2004 and 2007, the overall semiconductor market will grow from $213.8 billion to $259.4 billion, a compound annual growth rate of 6.7%.

### Classifications of Semiconductors

Semiconductors vary significantly depending upon the specific function or application of the end product in which the semiconductor is embedded. We view the semiconductor industry to be comprised of three broad product segments, as follows:

- Logic devices process data and range from complex semiconductors such as microprocessors to digital signal processors to application specific and standard logic products. These represent approximately 58.2% of 2004 total industry sales data (using the Gartner data for microcomponents, logic IC, and application specific semiconductors);
- Analog and mixed-signal devices interface with real world signals such as light and heat, or which process electronic signals and control electrical power. Mixed-signal products also process real-world signals but they contain some digital circuitry, although they contain more than 50% analog content. These represent 19.9% of 2004 total industry sales data (using the Gartner data for analog IC, discrete, optical and non-optical sensors), and
- Memory devices to store data. According to Gartner, memory devices represented 21.9% of total semiconductor consumption in 2004.

Our products generally fit within the first two categories above. Our CMOS image sensor products and our flat panel display drivers are mixed-signal devices, while our application processors are logic devices. Our specialty foundry services segment produces all three types of semiconductors.

Within these classifications, semiconductors vary significantly depending upon a number of technical characteristics. Examples of these characteristics include:

*Level of Integration.* "Integration" refers to the extent to which different functional elements are combined onto a single chip. Customers today are increasingly demanding higher degrees of integration from their semiconductor suppliers in order to reduce the size and cost of the semiconductors incorporated into the end product. This drive to greater integration has resulted in more semiconductor products that combine analog, digital, and memory circuitry onto a single chip. These types of semiconductors are often referred to as systems-on-a-chip.

*Customization.* "Customization" refers to the extent to which a semiconductor has been customized for a specific customer or application. Standard products are semiconductors that are not customized and can be used by a large number of customers for numerous applications. In addition, some standard products, such as microcontrollers, can be customized by using software rather than by changing device hardware. Changing the device hardware can be a time-intensive and costly process. Customized semiconductors, also referred to as application specific integrated circuits, are made to perform specific functions in specific applications, sometimes for a specific customer.

*Process Technology.* Semiconductors are manufactured by using different process technologies, which can be likened to "recipes." The process technology utilized during manufacturing impacts a semiconductor's performance for a given application. Since the 1970s, the two most common process technologies used were BiCMOS and CMOS. While BiCMOS and CMOS processes continue to be used today, new process technologies and new materials have also been introduced as semiconductor technology has advanced.

**Our Markets**

We operate in several distinct, but increasingly related, end markets which we believe have the potential to offer growth opportunities higher than the overall semiconductor market. According to the SIA, the overall semiconductor market is expected to have a compound annual growth rate of 6.7% between 2004 and 2007.

Much of the growth in the markets that we serve can be attributed to the rapid adoption and convergence of consumer electronics and communication devices such as mobile handsets, including camera-equipped mobile handsets, handheld gaming devices, PDAs, flat panel monitors and televisions, consumer home and mobile displays, and portable and desktop computers equipped with advanced displays. In addition, technological advances are driving down the cost of these products and expanding their functionality, which further accelerates their proliferation.

According to Gartner, the CMOS image sensor market is forecasted to grow at a compound annual growth rate of 20.2% from 2004 to 2008. We believe this is driven in large part by advances in CMOS image sensor technology which have enabled CMOS image sensors to provide solutions that combine high-image quality, low power consumption, small size and low cost for consumer mass market applications such as camera-equipped mobile handsets.

According to Gartner, the market for flat panel display drivers is forecasted to grow at a compound annual growth rate of 18.5% between 2004 and 2008. This growth can be attributed to the availability of advanced mobile devices that permit feature-rich applications requiring more advanced display technologies than have previously been available. For example, while early mobile handsets were used primarily for voice communication, today their uses include visually-oriented data and content-driven applications such as internet access, gaming and streaming video. Similarly, until 2001, the market for larger flat panel display drivers depended primarily on end-product demand in the laptop computer market. However, today, the mainstream market for large-size displays has expanded from a notebook computer market to include desktop monitors and televisions. With improvements in product technology and display performance, products incorporating advanced flat panel technologies such as TFT-LCD have become a popular replacement to displays and monitors based on older cathode ray tube, or CRT, technology and have further driven growth in flat panel display driver solutions.

Our application processors are also referred to as microcontrollers. According to Gartner, the microcontroller market is forecasted to grow at a compound annual growth rate of 11.7% from 2004 to 2008. The market for application processors is largely driven by competitive pressures requiring manufacturers of a wide variety of products to expand product functionality and provide differentiation while maintaining or reducing the cost of their products. These products include remote control devices, handheld tools, home appliances, mobile handsets and consumer electronics, among many others.

Application processors meet the needs of electronics manufacturers by providing advanced control functions to their product offerings. The increasing demand for application processors that provide advanced control features has made the market for application processors one of the largest segments of the semiconductor industry.

The outsourced semiconductor manufacturing, or foundry, market is also expected to grow at a higher rate than that of the overall semiconductor market. According to iSuppli, the foundry market is forecasted to grow at a compound annual growth rate of 13.4% between 2004 and 2009. Much of this growth can be attributed to the growth of fabless semiconductor companies which are semiconductor companies that focus solely on the design, marketing and sale of semiconductors without internal wafer fabrication facilities. Fabless semiconductor companies opt to have their products manufactured by third parties. Similarly, many semiconductor companies that do own their own fabrication facilities (integrated device manufacturers, or IDMs) have chosen to outsource some of their fabrication requirements for complex and high-performance semiconductor devices in order to supplement their own capabilities and become more cost-competitive. In recent years, increasing competition, shortening of product lifecycles and pricing pressures have resulted in the need for fabless companies and IDMs to offer products that provide higher performance and greater functionality which often requires outsourcing to manufacturers with advanced design capabilities and manufacturing processes.

## OVERVIEW

We are a leading designer, developer and manufacturer of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. We focus on CMOS image sensors and flat panel display drivers which are complex, high-performance mixed-signal semiconductors that capture images and enable and enhance the features and capabilities of both small and large flat panel displays. Our solutions are used in a wide variety of consumer and commercial mass market applications, such as mobile handsets, including camera-equipped mobile handsets, flat panel monitors and televisions, consumer home and mobile displays, portable and desktop computer displays, handheld gaming devices, PDAs and audio-visual equipment such as DVD players. We serve consumer markets that we believe will have higher growth rates than those of the overall semiconductor industry.

We manufacture our products using our proprietary process technology, which we believe provides our products with significant feature and cost advantages over those of our competitors. We have approximately 12,500 registered and pending patents, which we believe is one of the largest patent portfolios in the semiconductor industry. Our proprietary CMOS image sensor technology provides brighter, sharper, more colorful picture quality in image-capture applications such as camera-equipped mobile handsets and fingerprint sensors. Our proprietary flat panel display drivers enable our customers to deliver higher image quality, thinner and more power-efficient small panel displays for use in mobile handsets, handheld gaming devices and PDAs and large panel displays for use in portable and desktop computer monitors and televisions. We are also a leading provider of specialty foundry services whereby we leverage our specialized process technologies and low cost manufacturing facilities to produce semiconductors for third parties using their product designs. In addition, we provide application processors that have been designed into a wide variety of products in consumer applications such as remote control devices, home appliances and consumer electronics.

We own and operate five wafer fabrication facilities, or fabs, which have a combined production capacity of over 115,000 eight-inch equivalent wafers per month. Our fabs provide us with large-scale, cost-effective and flexible capacity, enabling us to rapidly scale to high volume to meet shifts in demand by our end customers. Our fabs also provide us with the ability to further develop our differentiated process technologies for our own product development and manufacturing. The location of our manufacturing sites and research and development resources in Korea and Japan provide close geographical proximity to many of our largest Asia-based customers and to the core of the worldwide consumer electronics supply chain.

We sell our solutions to leading original equipment manufacturers, or OEMs, which include major branded customers as well as contract manufacturers. Our CMOS image sensors are currently designed into products offered by leading global mobile handset manufacturers. Our flat panel display drivers are currently incorporated into products offered by LG.Philips LCD and Samsung, the top two flat panel display manufacturers.

During the year ended December 31, 2004, we sold over 1,500 products to more than 200 customers. During the nine-month period ended September 30, 2004 and the three-month period ended December 31, 2004, we generated actual net sales of $841.6 million and $243.6 million, respectively, or $1.1 billion on an aggregate basis, and during the year ended December 31, 2004, we generated pro forma net sales of $1.0 billion. We generated actual net sales of $213.4 million for the three-month period ended April 3, 2005.

## THE ACQUISITION

Our business was named MagnaChip Semiconductor when it was acquired from Hynix on October 6, 2004 by CVC, Francisco Partners, CVC Asia Pacific, certain members of management and other investors, following discussions with Hynix that began in late 2001 and the execution of a definitive agreement in June 2004. Previously, we were the System IC division within Hynix which, in 1999, had been formed from the Hyundai Electronics and LG Semiconductor System IC businesses and can trace its history back to the late 1970s.

Although we were previously part of Hynix, we had a history of operating autonomously within Hynix and had a separate global sales force and management structure.

In connection with the transaction, we entered into several definitive agreements with Hynix regarding key raw materials, campus facilities, research and development equipment and information technology and factory automation and wafer foundry services. We also entered into a non-exclusive cross license with Hynix which provides us with access to certain of Hynix's intellectual property for use in the manufacture and sale of non-memory semiconductor products. We believe that these arrangements with Hynix provide significant mutual operational advantages, for example, allowing us to leverage the significant historical investments in our capital equipment and providing for shared resources and other key benefits. All agreements with Hynix under which we obtain essential materials or services are multiyear contracts. We refer to the acquisition transaction, including the related definitive agreements with Hynix, as the "Acquisition." See "Certain relationships and related transactions—the Acquisition."

**RECENT DEVELOPMENTS**

On March 7, 2005, we acquired all of the capital stock of ISRON Corporation through our wholly owned Dutch subsidiary. ISRON is based in Osaka, Japan and designs, develops, and markets mixed-signal semiconductors primarily for the display driver IC market. We expect the acquisition to add key products and technology to our portfolio in the flat panel display driver market for mobile handset applications.

On April 14, 2005, we completed our acquisition of IC Media Corporation through a reverse merger with a newly formed subsidiary. Based in Santa Clara, California, IC Media is a leading developer and supplier of small pixel geometry, high-resolution CMOS image sensors for camera-equipped mobile handsets, digital still cameras, personal computer cameras and other mobile imaging applications. The company has offices in Arizona, Taiwan, China and Japan, which adds increased coverage to our global customers.

**COMPETITIVE STRENGTHS**

We believe that our competitive strengths include:

- *Leading Technology and Intellectual Property.* We believe our advanced process technology and portfolio of approximately 12,500 registered and pending patents provide us with key competitive advantages in the following areas:
  - *CMOS image sensors:* Our CMOS image sensors feature low power consumption and currently up to 2.1 megapixel resolution with auto-focus and auto-zoom options; features which provide important benefits to products incorporating our solutions, including increased battery life, enhanced image quality and ease of use.
  - *Flat panel display drivers:* We believe that our flat panel display drivers offer superior performance in shaping image signals and transmitting those signals to flat panel displays. These technical features result in sharper, brighter and higher-quality colored images in our customers' end products. Furthermore, we believe that our flat panel display drivers enable thinner and more power-efficient flat panels that are easily integrated by our customers into their products.
  - *Specialty foundry services:* We have developed high-voltage, analog power and embedded memory specialty manufacturing process technologies that enable us to manufacture differentiated, high performance integrated semiconductor devices. For example, we developed the first high-voltage, high-performance CMOS 0.18 μm process, which enables us to manufacture more integrated, and thus smaller and more cost-efficient, semiconductor products. We believe that our proprietary process technology allows us to meet a wide variety of the specialty semiconductor manufacturing needs of our customers.

- *Application processors:* We are able to leverage our system knowledge and manufacturing capabilities to provide integrated solutions in adjunct with our image-capture and display driver products. Our application processors are designed to interface with and provide intelligence to consumer electronics devices and systems. We focus on providing short turn around time for our customers in their development of specially designed products.

- *Flexible In-House Manufacturing.* Our in-house wafer manufacturing capacity allows us to provide dependable delivery and quality of integrated semiconductor products to our customers. We have the ability to ramp quickly to high volumes to meet the variable needs of our customers. We have significant wafer manufacturing capacity as a result of our former parent's investments in our wafer fabrication facilities. Because we offer specialty process technologies that do not require expensive investment in leading edge technologies, we are able to keep our capital expenditures relatively low.

- *Significant Cost Advantages.* We maintain price competitiveness on our products through our low cost operating structure. The Asian location of our primary manufacturing and research and development facilities provides us with a number of cost advantages relative to operating in other regions in the world. Additionally, we believe that our history of competing in the highly cost-sensitive markets in which we operated when we were a unit of Hynix, required us to refine our manufacturing processes for optimal cost efficiency.

- *Established Relationships with Key Consumer Electronics OEMs.* Asia Pacific is the core of the worldwide consumer electronics supply chain. According to Gartner, sales to Asia Pacific (excluding Japan) accounted for 46.5% of 2004 consumer electronic semiconductor sales. Our long history of operating in Asia and our proximity to leading communications and consumer OEMs including LG.Philips LCD, LG Electronics, Sharp and Samsung facilitates our close and established customer relationships with leading innovators in the consumer electronics market. We have active local applications and engineering work support programs and collaborate closely with our customers in the design and manufacturing of their products.

- *Significant Management and Board Expertise.* Our management and board of directors have significant previous experience with advanced semiconductor companies both in Asia and worldwide. Our Chief Executive Officer, Dr. Youm Huh, was President of the System IC division of Hynix and has held management positions at Hynix and Hyundai Electronics since 1998. Prior to that, he was a Principal Researcher at Stanford Computer Systems Laboratory and Stanford University's Center for Integrated Systems and worked at Samsung Electronics. Jerry Baker, our Chairman, has extensive industry experience, including serving as the former Executive Vice President of Global Operations of Fairchild Semiconductor. Our Executive Vice President, Strategic Operations and Chief Financial Officer, Robert Krakauer, was Executive Vice President of Corporate Operations and Chief Financial Officer of ChipPAC, a leading provider of semiconductor packaging, assembly, and test services. In addition, two of our equity sponsors, CVC and Francisco Partners, have a long history of investments in semiconductor companies. We believe that their understanding of semiconductor system solutions, relationships, and credibility with key customers provides us with a key competitive advantage.

**BUSINESS STRATEGY**

Our goal is to build upon our position as a leading provider of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. Our business strategy emphasizes the following key elements:

- *Leverage Our Substantial Intellectual Property.* We intend to use our broad patent portfolio and specific end market expertise to deliver system-level products with higher levels of integration and performance to customers in our existing and new markets. In CMOS image sensors, we intend to leverage our strong pixel design and manufacturing expertise to introduce higher resolution, more integrated and cost-effective solutions for camera-equipped mobile handsets and to penetrate emerging applications for image sensors in the automotive, medical and industrial markets over time. In flat panel display drivers,

we intend to leverage our broad library of circuit building blocks, our embedded memory capabilities, our understanding of the major flat panel display types and our process technology to continue to reduce time to market and introduce new products that enhance image quality and operate with greater power efficiency. Our manufacturing process expertise and related intellectual property underlies and supports many of the advances in our technology.

- *Strengthen Collaboration With Key Customers.* We intend to continue strengthening and deepening relationships with our key customers by collaborating on critical design and product development roadmaps. We believe such collaborative relationships will solidify our position with our customers, further our competitive differentiation and accelerate our drive for deeper customer and new market penetration. For example, close collaboration with our mobile handset customers has allowed us to deliver improved interfaces between baseband and image processors, which have resulted in solutions with smaller form factor and improved image quality.
- *Increase Large Account Penetration.* We have a global customer base consisting of leading consumer electronics OEMs and contract manufacturers. Many of our customers have multiple product variations that use image-capture and processing as well as applications processing solutions. We will seek to increase our customer penetration by taking advantage of our broad product portfolio and existing relationships to cross-sell existing products to our customers and to penetrate product variations where our solutions are currently not used.
- *Broaden Our Customer Base.* We intend to expand our customer base across various applications and geographic locations by leveraging our position as a supplier to many of the largest global consumer electronics companies and delivering to potential customers proven, innovative solutions. We also believe that as consumer electronics and communications applications converge and proliferate, we will increasingly have opportunities to sell our products into new markets such as the automotive, medical and industrial markets. We also intend to expand our global sales presence to penetrate new accounts worldwide and grow existing account relationships. We will leverage our sales representatives and distributors located in Korea, Japan, China, Taiwan, Hong Kong, Germany, the United Kingdom and the United States to further these goals.
- *Develop a Platform for Ubiquitous Convergence of Consumer Electronics and Communications Applications.* In order to serve our customers' evolving needs, we intend to extend our technology leadership by developing new features and new products that are synergistic with our existing product portfolio. We are developing additional features in our applications processors, such as video processing capability that meets the MPEG-4 standard, in order to complement our image-capture and processing products and provide our customers a system-level platform solution. We believe that as consumer electronics and communications applications converge and become even more ubiquitous, customers will look to suppliers like us to provide additional system-level solutions to enable faster time to market and better integration in end products.
- *Leverage Our Capital Light Business Model.* We acquired significant proprietary process technologies and wafer manufacturing capacity from our former parent, Hynix. We intend to leverage these investments made by Hynix to drive our growth and margin improvement. Furthermore, we plan to continue to keep our capital expenditures relatively low by maintaining our focus on specialty process technologies that do not require expensive investment in leading edge technologies. If needed, we will access other foundries that provide such technology in the future. We believe this approach will lead to a higher return on invested capital.

**PRODUCTS AND SERVICES**

We are a leading designer, developer and manufacturer of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. We focus on CMOS image sensors and flat panel display drivers which are complex, high-performance mixed-signal semiconductors that capture images and enable and enhance the features and capabilities of both small and large

flat panel displays. Our solutions are used in a wide variety of consumer and commercial mass market applications, such as mobile handsets, including camera-equipped mobile handsets, flat panel monitors and televisions, consumer home and mobile displays, portable and desktop computer displays, handheld gaming devices, PDAs and audio-visual equipment such as DVD players. We serve consumer market segments that we believe will have higher growth rates than those of the overall semiconductor industry.

We sell our solutions to leading original equipment manufacturers, or OEMs, which include major branded customers as well as contract manufacturers. Our CMOS image sensors are currently designed into products offered by leading global mobile handset manufacturers. Our flat panel display drivers are currently incorporated into products offered by LG.Philips LCD and Samsung, the top two flat panel display manufacturers. During the year ended December 31, 2004, we sold over 1,500 products to more than 200 customers.

We have a balanced portfolio of products that address many of the most rapidly growing consumer electronics markets. We provide products and services in the following four principal areas: CMOS image sensors, flat panel display drivers, semiconductor manufacturing services and application processors.

***CMOS Image Sensors***. Our highly integrated image sensors are designed to be cost effective and to provide brighter, sharper, more colorful and, thus enhanced, image quality for use primarily in applications that require small form factors, low power consumption, effective heat dissipation and high reliability. Our image sensors fully satisfy these key criteria and are used in image capture applications such as camera-equipped mobile handsets, personal computer cameras and fingerprint sensors. Our in-house manufacturing capabilities enable us to continuously fine tune our CMOS process technology to deliver improved image-capture sensitivity and accuracy.

CMOS image sensors are typically less expensive to produce and consume less power than other types of image sensors. Historically, CMOS image sensors were primarily used for low-cost applications for which high-image quality was not a priority. Recently, advances in semiconductor manufacturing processes and design techniques have led to improvements in CMOS image sensor performance and quality. As a result, CMOS image sensors have become useful, relatively low-cost solutions for use in applications such as camera-equipped mobile handsets and PDAs, where high-image quality, low power consumption, small size and low-cost are important considerations.

The CMOS image sensor market is primarily driven by sales of camera-equipped mobile handsets. According to Gartner, sales of camera equipped mobile handsets are predicted to grow from 158.9 million units in 2004 to 524.9 million units in 2008. This is a compound annual growth rate of 34.9%. The CMOS image sensor market is expected to grow from $2.4 billion in 2004 to $5.1 billion in 2008, according to Gartner. This represents a compound annual growth rate of 20.2%. Other markets for CMOS image sensors include industrial electronics, and data processing electronics. Industrial Electronics CMOS image sensors are forecasted by Gartner to grow from $188 million in 2004 to $841.0 million in 2008. This is a compound annual growth rate of 45.4%. Data Processing Electronics CMOS image sensors are forecasted by Gartner to grow from $625 million in 2004 to $1,108 million in 2008. This is a compound annual growth rate of 15.4%.

Our CMOS image sensors are characterized by a high level of integration. Most CMOS image sensors systems are made up of at least two integrated circuits: the CMOS image sensor itself and a separate image signal processor, or ISP. With the continuing demand for ever smaller camera-enabled devices, small size has become an increasingly important consideration for manufacturers of camera phones and similar products. Our products meet this demand for smaller form factors by integrating both our proprietary image sensor and image signal processor onto a single chip, thus occupying approximately half of the space required by multiple chip solutions, while providing equivalent or even superior image quality with lower power consumption and a lower overall cost.

We offer two CMOS image sensor product lines: a megapixel series and a VGA series. Our mega-pixel series provides higher-resolution images of currently up to 2.1 megapixels. Our megapixel solutions are used for

higher-end applications requiring greater resolution. Our VGA series provides resolutions of less than 0.3 megapixels and is primarily used in lower cost applications not requiring maximum image resolution.

***Flat Panel Display Drivers.*** Our flat panel display driver solutions are used in a wide variety of displays for mass market and commercial applications such as mobile handsets, handheld gaming devices, PDAs, displays for desktop and mobile computer monitors and flat panel televisions. We produce highly integrated flat panel display driver solutions and have pioneered developments in embedded memory and in the design and manufacturing of display drivers, enabling our customers to provide improved picture quality through thinner, smaller, more power-efficient displays.

Display drivers are the critical semiconductor components that enable the display's functionality. A display driver operates by interfacing with the host processor to generate the precise analog voltages and currents required to create images on the display. The performance characteristics of a display driver are critical to the quality and visual appeal of the images and text generated on the display and, in mobile devices, the power efficiency of the device. Our display drivers are highly integrated semiconductors that are customized for the particular needs of our customers. We believe that our design engineering expertise, technology leadership, manufacturing process expertise and library of functional building blocks produce display drivers that enable a wide variety of display types with high-impact visual performance.

The overall end market for flat panel display drivers is composed of a multitude of consumer electronics device markets such as television, laptop and desktop computers and portable consumer devices, including mobile handsets. This overall market can be broken down into several distinct sub-markets which we serve. These sub-markets include large panel TFTs, typically used in flat panel televisions and computer displays, small panel TFTs, typically used in mobile handsets, OLEDs and Color STNs. According to Gartner, the LCD driver market is anticipated to grow from approximately $6.9 billion in 2004 to $10.0 billion in 2008. This represents a compound annual growth rate of 9.9%. Total flat panel display market unit shipments are projected to grow from 3.1 billion units in 2003 to 7.5 billion units in 2008, according to Frost and Sullivan. This represents a compound annual growth rate of 19.2%.

We provide display drivers for use in several different types of display technologies and for a variety of end-market applications as discussed below.

- *TFT-LCD.* TFT is an advanced active matrix LCD technology that uses a matrix of transistors embedded on a thin film of silicon to change the transparency of the LCD when voltage is applied. TFT-LCD technology is currently widely used for notebook computers and large scale flat panel monitors (Large TFT) as well as for displays for high-end mobile devices such as advanced mobile handsets (Small TFT). We currently provide Large TFT display drivers for use in mobile and desktop computer displays and in stand-alone flat panel television displays. We also provide Small TFT display drivers for use in mobile handsets, PDAs and in other consumer devices such as handheld gaming devices.
- *Color STN.* Color STN is a low-power, low-cost solution based on passive matrix LCD technology and is widely used in color mobile displays available in the market today. Our Color STN display drivers are used in mobile applications such as mobile handsets, PDAs and handheld gaming devices.
- *Organic Light Emitting Diode or OLED.* OLED is a relatively new display technology used in both mobile displays as well as in larger displays. OLED technology provides enhanced picture quality, low power consumption and long product life; it also has fast image response time, making it an ideal solution for displaying motion pictures on mobile devices. We currently offer display drivers for OLED displays used in mobile handsets and other mobile devices.

***Specialty Foundry Services.*** We provide specialty foundry services primarily to semiconductor companies that do not have their own fabs. We target the market for diversified semiconductor products that require differentiated specialty process technologies for their manufacture including CMOS high-voltage, embedded memory, analog, power, and mixed-signal processes, which in general are not targeted by high-volume pure-play

participants in the foundry market. We focus on specialty process technologies that do not require significant recurring capital investment, and we are able to better differentiate ourselves through the depth of our intellectual property portfolio and process technology skills.

The increasing trend toward the outsourcing of semiconductor manufacturing has resulted in a rapid increase in the size of this market. According to iSuppli, the worldwide foundry service market is projected to grow from in excess of $21.3 billion in 2004 to $40.0 billion in 2009, a compound annual growth rate of 13.4%.

Typical applications serviced by our semiconductor manufacturing services business are mixed-signal, high-voltage, power, and logic products for consumer, computer, network and communication, industrial and military end-markets. Our internal wafer fab facilities serve both our in-house product design groups and external foundry customers, allowing for both specialty process technology expertise and flexible manufacturing capacity. We believe we are typically the primary-source provider of semiconductor manufacturing services for specialty process technologies for our foundry customers.

***Application Processors.*** We offer a broad family of application processors for end products requiring programmability, high-performance, low-power and cost-effectiveness. These end products are as diverse as home appliances such as washing machines, television remote control devices and consumer electronics and computer equipment.

Application processors typically incorporate a microcontroller as their principal active component. A microcontroller is a self-contained computer on a single semiconductor device and consists of a central processing unit, non-volatile program memory, random access memory for data storage and input/output peripheral capabilities. Because of the broad diversity of their end-product uses, the market for application processors is one of the largest semiconductor sub-markets. The microcontroller market, according to Gartner, is anticipated to grow from $14.5 billion in 2004 to $22.5 billion in 2008. This represents a compound annual growth rate of 11.7%.

Our application processor products are currently available in a variety of configurations for different end uses. Our most advanced application processors incorporate 32-bit architecture and are designed around ARM's ARM7 system on a chip. They also incorporate our proprietary embedded memory technology as well as our advanced process technology and are designed into end products requiring specialized capabilities, such as camcorders and automotive telematics systems. Our 8-bit application processors provide a highly flexible and cost effective solution for a wide variety of applications such as remote controllers and home appliances. Many of our more advanced 8-bit application processors are based on our proprietary advanced CMOS control processing unit and are used in applications requiring greater control functionality such as home computing and electronics equipment.

We believe that our core application processor intellectual property and manufacturing expertise, together with our in-house mixed-signal semiconductor and processing semiconductor capabilities will enable us to extend our application processor solutions to other high-growth applications that are synergistic with our CMOS image sensors and flat panel display drivers. We believe this will allow us to provide our customers with complete system-level platform solutions that leverage our application processor capabilities as well as our CMOS image sensor and flat panel display driver capabilities. For example, we are developing features in our application processors such as MPEG-4 video processing capability in order to complement our existing image-capture and processing solutions.

**CUSTOMERS**

During the year ended December 31, 2004, we sold over 1,500 products to more than 200 customers. In the year ended December 31, 2004, our 10 largest customers accounted for approximately 57.5% of our net sales. In the year ended December 31, 2004, except for Hynix, our two largest customers, LG.Philips LCD and Sharp,

represented 10.5% and 10.0% of our net sales, respectively. See "Risk Factors—A significant portion of our sales comes from a relatively limited number of customers."

**SALES, MARKETING AND DISTRIBUTION**

We sell our products through a direct sales force and a network of authorized agents and distributors located throughout Asia, the United States, and Europe. We have strategically located our sales and technical support offices near concentrations of major customers.

Our direct sales force consists primarily of representatives located in our headquarters in Korea, as well as representatives located elsewhere throughout Asia, the United States, and Europe. Our network of authorized agents and distributors consists of agents in the United States and Europe and distributors and agents in the Asia Pacific region. During the year ended December 31, 2004, we derived approximately 63% of net sales through our direct sales force and 37% of net sales through our network of authorized agents and distributors.

Our product inventory is primarily located in Korea. Outside of Korea, we maintain limited amounts of product inventory, and our sales representatives generally relay orders to our headquarters for fulfillment. Some of the product inventory maintained by sales representatives is subject to return privileges or stock rotation. Our agreements with our authorized agents and distributors are usually terminable by either party on relatively short notice.

**RESEARCH AND DEVELOPMENT**

Our expenditures for research and development were $97.8 million, representing 9.0% of net sales, and $90.8 million, representing 9.0% of net sales, in the year ended December 31, 2004 on an actual basis and a pro forma basis, respectively, and $26.1 million, representing 12.2% of net sales, in the three-month period ended April 3, 2005 on an actual basis.

Our research and development efforts focus on process technology, design methodology and intellectual property for our semiconductor products and specialty foundry services. As a result, we have implemented improvements to our manufacturing processes, design software and design libraries, including releasing our 0.18 μm high-voltage process and library. We also work closely with our major customers in many research and development activities, including joint intellectual property development, to increase the likelihood that our products will be more easily designed into the customers' products and consequently achieve rapid and lasting market acceptance. In CMOS image sensors, we are expanding into medical, industrial and automotive applications. In flat panel display drivers, we are focusing on further integration, especially for small displays and large displays over 40 inches. In application processors, we expect our future product portfolio to include integrated one-chip Smartcards, RFID, and 32-bit processors. In specialty foundry services, our research and development work allows us to add features such as mixed-signal, high voltage, embedded memory and power devices.

**INTELLECTUAL PROPERTY**

As of April 3, 2005 our portfolio of intellectual property assets included approximately 12,500 registered and pending patents.

Pursuant to the intellectual property license agreement that we entered into with Hynix in connection with the Acquisition, we obtained from Hynix a non-exclusive license to certain intellectual property of Hynix that is mostly patent-related, and we granted to Hynix a non-exclusive license to certain of our intellectual property. Additionally, we have entered into exclusive and non-exclusive licenses and development agreements with third parties relating to the use of intellectual property of the third parties in our products and our design processes,

including licenses related to embedded memory technology, design tools, process simulation tools, circuit designs, and ARM's ARM7 and ARM9 core-based System-on-Chip.

In addition, we rely on proprietary know-how, continuing technological innovation and other trade secrets to develop products and maintain our competitive position. We attempt to protect our proprietary know-how and our other trade secrets by executing, when appropriate, confidentiality agreements with our customers and employees. We cannot assure you that our competitors will not discover comparable or the same knowledge and techniques through independent development or other means.

**OPERATIONS AND FACILITIES**

Our semiconductor product groups are supported by our five wafer fabs. We have significant wafer manufacturing capacity as a result of investments in our fabs made by Hynix. The ownership of our wafer manufacturing assets is an important component of our business strategy that enables us to develop proprietary, differentiated products and maintain a high level of manufacturing control resulting in high production yields, shortened design and production cycles, adequate manufacturing capacity, and the capture of the wafer manufacturing profit margin.

We manufacture wafers at our two 8-inch fabs and our 6-inch fab located in Cheongju, Korea and our 8-inch fab and our 5-inch fab located in Gumi, Korea. The Cheongju facilities have three buildings totaling 200,544 square meters. The Gumi facilities have two buildings with 83,256 square meters devoted to manufacturing.

The table below sets forth information with respect to our manufacturing facilities and technologies:

| Manufacturing Facility | Location | Wafer Size | Technology |
|---|---|---|---|
| CF-5 | Cheongju | 8" | 0.35 /0.18μm |
| CF-4 | Cheongju | 8" | 0.5 /0.35 /0.25μm |
| GF-3 | Gumi | 8" | 0.5 / .35μm |
| CF-2 | Cheongju | 6" | 0.8 / 0.6 / 0.5μm |
| GF-1 | Gumi | 5" | 1.2μm |

Our manufacturing processes use many raw materials, including silicon wafers, copper lead frames, molding compounds, ceramic packages and various chemicals and gases. We obtain raw materials and supplies from a large number of sources. Although supplies of raw materials are currently adequate, shortages could occur in various essential materials due to interruption of supply or increased demand in the industry. See "Risk factors—We depend on successful parts and materials procurement for our manufacturing processes."

We outsource most of our back-end manufacturing processes, including assembly, test and packaging to independent providers of these services.

**COMPETITION**

We operate in highly competitive markets. Although no one company competes with us in all of our product lines, we face significant competition in each of our market segments.

Our competitors include other manufacturers and designers of system semiconductors, standard products, and semi-standard programmable digital logic semiconductors products, as well as customers who design their own semiconductors that are manufactured at third party foundries.

Our competitors include, among others: in CMOS image sensors, OmniVision, Micron, and Toshiba; in flat panel display drivers, Samsung Electronics, Renesas, and NEC Electronics; in application processors, Renesas, NEC, and Atmel; in specialty foundry services, Polar Fab, X-Fab and Supertex.

We compete with other semiconductor providers based on design experience, the ability to service customer needs from the design phase to the shipping of a completed product, length of design cycle, longevity of technology support and sales and technical support personnel. Our ability to successfully compete depends on internal and external variables, both within and outside of our control. These variables include, but are not limited to, the timeliness with which we can develop new products and technologies, product performance and quality, manufacturing yields and availability, customer service, pricing, industry trends and general economic trends. See "Risk factors—Our industry is highly competitive."

**EMPLOYEES**

Our worldwide workforce consisted of 4,191 employees (full- and part-time) as of May 31, 2005, of which 433 were involved in sales, general and administrative, 608 were in research and development, 120 were in quality, reliability and assurance and 3,030 were in manufacturing (comprised of 520 in engineering and 2,510 in operations). As of May 31, 2005, 2,521 employees, or approximately 60% of our workforce, were represented by the MagnaChip Semiconductor Labor Union, which is a member of the Federation of Korean Metal Workers Trade Unions.

Currently, the Korean Federation of Trade Unions, representing the employees of three of our subcontractors that also support Hynix, has and may continue to demonstrate at our joint campus in Cheongju, Korea. It is requesting that MagnaChip directly hire approximately 70 employees of the subcontractor. These demonstrations have required additional interim expenses and may have a continuing negative impact on our operations in the future.

**ENVIRONMENTAL MATTERS**

Our operations are subject to a variety of environmental, health and safety laws and regulations in each of the jurisdictions in which we operate, governing, among other things, air emissions, wastewater discharges, the generation, use, handling, storage and disposal of, and exposure to, hazardous substances (including asbestos) and wastes, soil and groundwater contamination and employee health and safety. These laws and regulations are complex, constantly changing and have tended to become more stringent over time. We cannot assure you that we have been, or will be at all times, in complete compliance with all these laws and regulations or that we will not incur material costs or liabilities in connection with these laws and regulations in the future. The adoption of new environmental, health and safety laws, the failure to comply with new or existing laws, or issues relating to hazardous substances could subject us to material liability (including substantial fines or penalties), impose the need for additional capital equipment or other process requirements upon us, curtail our operations, or restrict our ability to expand operations.

**LEGAL PROCEEDINGS**

We are subject to lawsuits and claims that arise in the ordinary course of business and intellectual property litigation and infringement claims. Intellectual property litigation and infringement claims, in particular, could cause us to incur significant expenses or prevent us from selling our products. We are currently not involved in any legal proceedings, the outcome of which we believe would have a material adverse effect on our business, financial condition or results of operations. Although we have never received any notices of infringement of a third-party patent, to our knowledge Hynix has received five notices of infringement from third parties regarding various technology transferred to us in the Acquisition. We cannot assure you that these third parties will not tender notices of patent infringement or assert infringement claims against us in the future.

## Management

### DIRECTORS AND EXECUTIVE OFFICERS

The following table is a list of the current directors and executive officers of MagnaChip LLC:

| Name | Age | Position |
|---|---|---|
| Dr. Youm Huh | 53 | Chief Executive Officer, President and Director |
| Robert J. Krakauer | 39 | Executive Vice President, Strategic Operations, Chief Financial Officer and Director |
| Chan Hee Lee | 51 | Executive Vice President, Product Lines |
| Tae Young Hwang | 48 | Executive Vice President, Manufacturing Operations |
| Jason Hartlove | 39 | Senior Vice President and General Manager |
| Dong Chun Kim | 49 | Senior Vice President, Global Sales, Asia Pacific |
| Hak Sung Kim | 53 | Senior Vice President, Chief Administrative Officer |
| Dale Lindly | 46 | Senior Vice President and Chief Accounting Officer |
| Victoria Miller Nam | 37 | Senior Vice President of Strategic Planning |
| Jinwon Park | 50 | Senior Vice President, Technology |
| John Radanovich | 49 | Senior Vice President of United States and European Sales |
| John McFarland | 38 | Vice President, General Counsel and Secretary |
| Jerry M. Baker | 53 | Chairman of the Board of Directors |
| Dipanjan Deb | 36 | Director |
| Roy Kuan | 38 | Director |
| Phokion Potamianos | 41 | Director |
| Paul C. Schorr IV | 38 | Director |
| David F. Thomas | 55 | Director |

*Dr. Youm Huh, Chief Executive Officer, President and Director.* Dr. Huh became our Chief Executive Officer, President and Director in October 2004. He led our business when it was a division of Hynix, serving in the position of Executive Vice President and General Manager of System IC from July 2002 until September 2004. From 1998 until 2002, Dr. Huh served as Senior Vice President and General Manager of Hyundai Electronics' System IC Business Division, which would subsequently become the System IC division of Hynix. He has also held various research positions at Stanford University, including serving as Principal Researcher at Stanford Computer Systems Laboratory and Stanford University's Center for Integrated Systems. Dr. Huh received a B.S. in electronics engineering from Seoul National University, Korea, a master's degree in electrical and electronics engineering from Korea Advanced Institute of Science & Technology and a Ph.D. in electrical engineering from Stanford University.

*Robert J. Krakauer, Executive Vice President of Strategic Operations, Chief Financial Officer and Director.* Mr. Krakauer became our Executive Vice President of Strategic Operations, Chief Financial Officer and Director in October 2004. From 2003 to 2004, Mr. Krakauer served as Executive Vice President of Corporate Operations and Chief Financial Officer for ChipPAC, Ltd. (now STATS ChipPAC, Ltd.), and had served as its Chief Financial Officer since November 1999. From May 1998 to November 1999, Mr. Krakauer was Vice President of Finance, Chief Financial Officer for AlliedSignal—Electronic Materials (now Honeywell). From 1996 to 1998, Mr. Krakauer was the Corporate Controller at Altera Corporation and from 1993 to 1996 he was the Chief Financial Officer at Alphatec U.S.A. From 1987 to 1991, Mr. Krakauer was an auditor and consultant at KPMG Peat Marwick and Coopers & Lybrand, respectively. Mr. Krakauer received a B.S.C. in accounting and a masters in business administration with an operations concentration from Santa Clara University.

*Chan Hee Lee, Executive Vice President of Product Lines.* Mr. Lee became our Executive Vice President of Product Lines in October 2004. Previously, Mr. Lee had been employed by Hynix as Vice President and General Manager of Semiconductor Manufacturing Services and Digital Driver IC, Business Division from 1999 until September 2004. Mr. Lee holds a bachelor of science degree in electronics from Kyungbuk National University.

*Tae Young Hwang, Executive Vice President of Manufacturing Operations.* Mr. Hwang became our Executive Vice President of Manufacturing Operations in October 2004. Prior to that time, Mr. Hwang served as Hynix's Senior Vice President of Manufacturing Operations of System IC from 2002 to 2003. From 1999 to 2001, he was Vice President of Cheongju Operations for Hynix. Mr. Hwang holds a bachelor of science degree in mechanical engineering from Pusan National University and a masters in business administration from Cheongju University.

*Jason Hartlove, Senior Vice President and General Manager*. Mr. Hartlove became our Senior Vice President and General Manager in May 2005. Previously, he was Business Unit Manager and Vice President and General Manager for Agilent Technologies from 2000 until 2005. Mr. Hartlove holds a bachelor of science degree in electrical engineering from the University of California, Los Angeles.

*Dong Chun Kim, Senior Vice President, Global Sales, Asia Pacific*. Mr. Kim became our Senior Vice President for Global Sales, Asia Pacific in October 2004. Previously, he was Hynix's Vice President of the Sales Divisions of Display Driver IC, CMOS Image Sensor and Microcontroller Unit from 2000 until 2004. From 1995 until 1999, he served as a Senior Manager, Microcontroller Unit Product Planning and Marketing with Hynix. Mr. Kim holds a bachelor's degree in material engineering from Hanyang University.

*Hak Sung Kim, Senior Vice President, Chief Administrative Officer.* Mr. Kim became our Senior Vice President and Chief Administrative Officer in October 2004. Prior to his employment with us, he had served as Vice President, Strategic Planning Team for Hynix's System IC division from June 2002 until September 2004. Previously, he served with Hynix as Director of the DRAM Business Department from February 2001 until June 2001 and in the memory sales group of Hynix Semiconductor of America, Inc. prior to January 2001 and as Head of Strategic Planning from July 2001 until May 2002. Mr. Kim holds a bachelor's degree in business administration from Yonsei University.

*Dale Lindly, Senior Vice President and Chief Accounting Officer.* Mr. Lindly became our Senior Vice President and Chief Accounting Officer in April 2005. Prior to his employment with us, he had served as IC Media's Chief Financial Officer, Vice President, Finance and Administration from March 2003 until April 2005. From May 2001 to March 2003, Mr. Lindly was Vice President and Chief Financial Officer of Morphics Technology, Inc. Previously, he served as Vice President and Chief Financial Officer of Tioga Technologies, Inc. from July 2000 to May 2001 and as Vice President and Chief Financial Officer of ESS Technology from September 1998 to July 2000. Mr. Lindly holds a bachelor's degree in accounting from San Jose State University.

*Victoria Miller Nam, Senior Vice President of Strategic Planning*. Ms. Miller Nam became our Senior Vice President of Strategic Planning in October 2004. Prior to joining our company, Ms. Miller Nam worked in consulting with McKinsey & Company in the Los Angeles and Seoul offices from 1994 until 2003, when she left as a Partner to found and run a consulting business from 2003 until 2004. Earlier in her career, Ms. Miller Nam worked for Kidder, Peabody & Co. Incorporated, in the corporate finance department, in New York. Ms. Miller Nam holds a bachelor of arts degree, *magna cum laude*, in international relations from Brown University, where she was elected to Phi Beta Kappa, and a masters in business administration from Harvard Business School.

*Jinwon Park, Senior Vice President, Technology.* Mr. Park became our Senior Vice President for Technology in October 2004. Previously, Mr. Park served as Director of Hynix's Technology and Product Development Center, in the System IC Division from July 2001 until September 2004. From 1999 to 2001, he served as Director of Hynix's Memory R&D Division in the SRAM and Flash Memory Development Group. Mr. Park holds a bachelor's degree in electronics from Pusan National University.

*John Radanovich, Senior Vice President of United States and European Sales.* Mr. Radanovich became our Senior Vice President of United States and European Sales in October 2004. Prior to that time, from May 2000 until October 2004, he served as Vice President and General Manager of System IC for Hynix Semiconductor of America, Inc. Previously, he served as Hynix's Director of Western United States Sales. Mr. Radanovich holds a bachelor of science degree in business administration from San Jose State University.

*John McFarland, Vice President, General Counsel and Secretary*. Mr. McFarland became our Vice President, General Counsel and Secretary in November 2004. Prior to joining our company, Mr. McFarland served as a foreign legal consultant at Bae, Kim & Lee from August 2003 to November 2004, an associate at Wilson Sonsini Goodrich & Rosati, P.C., from August 2000 to July 2003, and a foreign legal consultant at Kim, Shin & Yu from October 1998 to August 2000. Mr. McFarland holds a bachelor of arts degree in Asian Studies, conferred with highest distinction from the University of Michigan, where he was elected to Phi Beta Kappa, and a juris doctor degree from the University of California, Los Angeles, School of Law.

*Jerry M. Baker, Chairman of the Board of Directors.* Mr. Baker has been Chairman of the Board of Directors since October 2004. **BOARD COMPOSITION**

The securityholders' agreement among CVC, Francisco Partners, CVC Asia Pacific and the other securityholders of MagnaChip LLC provides that the board of directors will consist of eight members, including two designees of CVC, two designees of Francisco Partners, one designee of CVC Asia Pacific, the Chief Executive Officer, the Chief Financial Officer and one additional member jointly designated by CVC and Francisco Partners. Mr. Baker is currently the joint designee of CVC and Francisco Partners. These rights of designation will expire when the initial ownership of these equity sponsors falls below defined ownership thresholds. Pursuant to the securityholders' agreement, the board of directors may not take certain significant actions without the approval of each of CVC and Francisco Partners.

**BOARD COMMITTEES**

The board of directors performs the functions of an audit committee, reviewing the financial statements and accounting practices of MagnaChip LLC and its subsidiaries and selecting the independent auditors.

The current members of the compensation committee are Messrs. Deb and Schorr. The compensation committee makes determinations concerning salaries and incentive compensation for officers and employees and oversees administration of our employee benefit plans.

**DIRECTOR COMPENSATION**

Directors currently do not receive compensation for service on our board of directors.

**COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

None of our executive officers currently serves, or in the past has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on the board or compensation committee of MagnaChip LLC.

**Service Agreements**

*Dr. Youm Huh.* Dr. Huh serves as the President and Chief Executive Officer of MagnaChip LLC with an initial base salary of $400,000 per year and with a target annual incentive bonus opportunity of 100% of his base salary. Dr. Huh is entitled to customary employee benefits including the cost of housing accommodations and expenses. The term of the service agreement extends for four years from October 6, 2004, with such initial term automatically extending for additional two-year periods unless written notice is given by either party prior to the termination date. In accordance with the terms of his service agreement, Dr. Huh was granted 1,091,595 immediately exercisable options for restricted common units of MagnaChip LLC at a price of $1.00 per unit. Dr. Huh exercised his options on November 30, 2004. In connection with the exercise, Dr. Huh was entitled to a bonus of $1,083,668 to pay the exercise price of a portion of the options and an additional payment of $609,563 to cover U.S. federal income tax withholding related to such bonus. All units acquired by Dr. Huh upon exercise of the options described above are subject to forfeiture or to repurchase by MagnaChip LLC upon Dr. Huh's termination of employment. If Dr. Huh's employment is terminated without cause or if he resigns for good reason, Dr. Huh is entitled to receive his base salary for twelve months, payment of the annual incentive bonus for the year in which the termination occurs, twelve months' accelerated vesting on outstanding equity awards and continued participation in our benefit plans for twelve months. If such termination occurs in connection with a change-in-control, Dr. Huh is entitled to receive his base salary for two years, payment of the annual incentive bonus for the year in which the termination occurs, two years' accelerated vesting on outstanding equity awards and continued participation in our benefit plans for two years. In the event of his termination as a result of death or disability, Dr. Huh (or his beneficiaries) will be entitled to receive payment of all salary and benefits accrued up to the date of termination and a prorated portion of the annual incentive bonus for the year in which the termination occurs. If Dr. Huh's employment is terminated for cause or if he resigns without good reason, he will be entitled to receive payment of all salary and benefits accrued up to the date of termination and will not be entitled to any other compensation. The agreement also contains customary non-competition and non-solicitation covenants lasting two and three years, respectively, from the date of termination of employment and confidentiality covenants of unlimited duration.

*Jerry Baker.* Mr. Baker serves as the Executive Chairman of the Board of Directors of MagnaChip LLC with an initial annual base salary of $400,000 per year and with a target annual incentive bonus opportunity of 100% of his base salary. In addition, Mr. Baker's air travel expenses (from his home in the United States) and home office expenses are paid by MagnaChip LLC. Mr. Baker's employment contract is currently up for renewal. MagnaChip LLC has agreed to augment his salary and bonus but the specific terms have not been negotiated. Mr. Baker was granted 545,798 immediately exercisable options for restricted common units of MagnaChip LLC at a price of $1.00 per unit. Mr. Baker exercised his options on December 30, 2004. All units acquired by Mr. Baker upon exercise of the options are subject to forfeiture or to repurchase by MagnaChip LLC upon Mr. Baker's termination of employment.

*Robert Krakauer.* Mr. Krakauer serves as Executive Vice President of Strategic Operations and Chief Financial Officer of MagnaChip LLC with an initial base salary of $375,000 per year and with a target annual incentive bonus opportunity of 80% of his base salary. Mr. Krakauer is entitled to customary employee benefits and, for so long as his place of business is located in Korea, expatriate/repatriation benefits, including relocation expenses, tax equalization payments, cost of housing accommodations and expenses. The term of the service agreement extends for three years from October 6, 2004, with such initial term automatically extending for additional one-year periods unless written notice is given by either party prior to the termination date. In accordance with the terms of his service agreement, Mr. Krakauer was granted 682,247 immediately exercisable options for restricted common units of MagnaChip LLC at a price of $1.00 per unit. Mr. Krakauer exercised his options on November 30, 2004. In connection with the exercise, Mr. Krakauer was entitled to a bonus of $677,293 to pay the exercise price of a portion of the options and an additional payment of $380,977 to cover U.S. federal income tax withholding related to such bonus. All units acquired by Mr. Krakauer upon exercise of the options are subject to forfeiture or to repurchase by MagnaChip LLC upon Mr. Krakauer's termination of employment. If Mr. Krakauer's employment is terminated without cause or if he resigns for good reason, Mr. Krakauer is entitled to receive his base salary for twelve months, payment of a prorated portion of the annual incentive bonus for the year in which the termination occurs and continued participation in our benefit plans for twelve months. In the event of his termination as a result of death or disability, Mr. Krakauer (or his beneficiaries) will be entitled to receive payment of all salary and benefits accrued up to the date of termination and a prorated portion of the annual incentive bonus for the year in which the termination occurs. If Mr. Krakauer's employment is terminated for cause or if he resigns without good reason, he will be entitled to receive payment of all salary and benefits accrued up to the date of termination and will not be entitled to any other compensation. The agreement also contains customary non-competition covenants lasting until the earlier of the first anniversary of the date of termination of employment or October 6, 2007, non-solicitation covenants lasting two years from the date of termination of employment and confidentiality covenants of unlimited duration.

*Victoria Miller Nam.* Ms. Miller Nam serves as the Senior Vice President of Strategic Planning of MagnaChip LLC with an initial base salary of $300,000 per year and with a target annual incentive bonus opportunity of 50% of her base salary. Ms. Miller Nam is entitled to customary employee benefits. The term of the service agreement extends for three years from December 29, 2004, with such initial term automatically extending for additional one-year periods unless written notice is given by either party prior to the termination date. Ms. Miller Nam was granted 136,450 immediately exercisable options for restricted common units of MagnaChip LLC at a price of $1.00 per unit. Ms. Miller Nam exercised her options on November 30, 2004. If Ms. Miller Nam's service is terminated without cause or if she resigns for good reason, Ms. Miller Nam will be entitled to receive her base salary for six months, payment of the annual incentive bonus in a prorated amount based on the number of days she was actually employed by us, continued participation in our benefit plans for six months and, if such a termination or resignation occurs either prior to October 1, 2005 or within the twelve month period following a change of control, restrictions lapse with respect to 25% of her restricted common units on the date of termination. In the event of her termination as a result of death or disability, Ms. Miller Nam (or her beneficiaries) will be entitled to receive payment of all salary and benefits accrued up to the date of termination and a prorated portion of the annual incentive bonus for the year in which the termination occurs. If Ms. Miller Nam's service is terminated for cause or if she resigns without good reason, she will be entitled to receive payment of all salary and benefits accrued up to the date of termination and will not be entitled to any other compensation. The agreement also contains customary non-competition covenants lasting until the earlier of the first anniversary of the date of termination of employment or October 6, 2007, nonsolicitation covenants lasting two years from the date of termination of employment and confidentiality covenants of unlimited duration.

*Tae Young Hwang.* Mr. Hwang serves as Executive Vice President of Manufacturing Operations of MagnaChip LLC with an initial base salary of 220,000,000 Korean Won (equivalent to approximately $219,000 at May 31, 2005) and with discretionary bonuses in consideration of Mr. Hwang's management performance and the outcomes of the projects Mr. Hwang leads or controls. Mr. Hwang is entitled to customary employee benefits. Mr. Hwang was granted 272,899 options for common units of MagnaChip LLC at a price of $1.00 per unit. The options become exercisable in installments beginning on September 30, 2005 and expiring on November 30, 2014. The

term of the service agreement is for one year from October 6, 2004, and may be extended by mutual agreement of Mr. Hwang and MagnaChip LLC. The agreement provides for severance payments unless termination from employment is for cause.

**MagnaChip LLC Equity Incentive Plans**

The two MagnaChip LLC Equity Incentive Plans each provide for the award of nonstatutory options, unit appreciation rights, or SARs, and restricted unit awards to employees, consultants or non-employee directors of MagnaChip LLC and its subsidiaries. Subject to adjustment in the event of certain corporate transactions or events, the maximum aggregate number of MagnaChip units that are available for grant under the plans is 6,490,864, all of which may be granted under Magnachip's general plan and 6,190,864 of which may be granted under Magnachip's California-law plan. As of June 7, 2005, options to purchase 6,208,830 units were outstanding under the plans and options to purchase 282,034 units were available for future grant under the plans. Units subject to awards that expire, are forfeited or otherwise terminate will again be available for grant under the plans. The plans are administered by the board of directors.

The board of directors will determine the number of options granted to each participant, the exercise price of each option, the duration of the options (not to exceed ten years), vesting provisions and all other terms and conditions of such options. Unless otherwise determined by the board of directors, the exercise price of each option is required to be not less than the fair market value of the underlying common units subject to the option on the date of grant. The plans provide for payment of the exercise price of options in the form of cash or, subject to the discretion of the committee, MagnaChip LLC units. The plans provide that upon a termination of the option-holder's employment or service with MagnaChip LLC or its subsidiaries, unless otherwise determined by the committee at or after grant, the exercise period for vested options will be limited, provided that vested options will be cancelled immediately upon a termination for cause.

The board of directors may elect to grant SARs to plan participants and may determine the number of common units subject to the award, the duration of the SARs (not to exceed ten years), vesting provisions and all other terms and conditions of such SARs. In no event may the base price of a SAR be less than the fair market value of the common units subject to the award on the date of grant. A termination of service or employment of the recipient will have the same effect on SARs granted under the plans as on options.

The board of directors will determine the number of restricted units offered to each participant in the plans, the purchase price of the units, the period the units are unvested and subject to forfeiture, the effect of a termination of the recipient's employment or service and all other terms and conditions applicable to the restricted units.

The plans provide that upon a change-in-control or certain other corporate transactions, the board of directors may, on a holder by holder basis, accelerate the vesting of outstanding options, SARs or restricted units, cancel any unexercised outstanding awards in whole or in part, and/or take actions to ensure that such awards shall be honored or assumed by the successor employer or take such other reasonable actions as the board of directors shall determine.

**Option Agreements**

The following table sets forth certain information for the year ended December 31, 2004 with respect to grants of options to purchase units of MagnaChip LLC granted to each of the named executive officers.

Footnotes:

(1) Hynix granted Dr. Huh and Mr. Hwang 90,000 options and 26,250 options, respectively, to purchase Hynix stock. Upon completion of the Acquisition, 85% of the options granted to Dr. Huh and Mr. Hwang were surrendered. The cash value, per share, of Hynix stock at the time of the option grants was KRW5,000. Such option grants are not reflected in this table.

(2) Options granted are exercisable for restricted common units of MagnaChip LLC.

(3) Options granted are exercisable for common units of MagnaChip LLC.

(4) As of December 31, 2004. The potential realizable value is calculated based on the term of the option at its time of grant (one year for grants to Dr. Huh, Mr. Baker, Mr. Krakauer, and Ms. Miller Nam and ten years for the grant to Mr. Hwang). It is calculated assuming that the fair market value of MagnaChip LLC's common units on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated unit price. The fair market value of our common units on the date of grant was $1.00 per unit.

**Restricted Unit Subscription Agreements**

On December 30, 2004, Mr. Baker exercised the options granted pursuant to his option agreement and entered into a restricted unit subscription agreement with MagnaChip LLC. On November 30, 2004, Dr. Huh and Mr. Krakauer exercised the options granted pursuant to their option agreements, paying the exercise price of the options with a special bonus, and entered into restricted unit subscription agreements with MagnaChip LLC. Also on November 30, 2004, Ms. Miller Nam exercised the options granted pursuant to her option agreement and entered into a restricted unit subscription agreement with MagnaChip LLC. Under these restricted unit subscription agreements, restrictions on the units lapse as to 25% of the units on September 30, 2005 and as to 6.25% of the units on the last day of each calendar quarter thereafter, subject to the officer's continuous employment with MagnaChip. The restrictions lapse as to all restricted units held by Dr. Huh upon a change in control after which Dr. Huh no longer serves as the Chief Executive Officer of MagnaChip and as to all restricted units held by Mr. Krakauer upon a change in control after which Mr. Krakauer no longer serves as the Chief Financial Officer of MagnaChip. The restricted unit subscription agreements provide that the units are nontransferable and shall be subject to forfeiture upon termination of the officer's employment. Upon termination, MagnaChip LLC may repurchase any units for which the restrictions have not lapsed for $1.00, if termination is for cause (as defined in the agreement), or for fair market value, if termination is for any other reason. The officers have the right to vote the restricted units and to receive cash dividends, provided that dividends payable in units or other securities shall have the same status as restricted units.

**Security ownership of certain beneficial owners and management**

The issuers are wholly owned subsidiaries of MagnaChip LLC. The following table sets forth information regarding the beneficial ownership of MagnaChip LLC as of June 8, 2005 by (i) each person or entity known to us to beneficially own more than 5% of any class of outstanding securities of MagnaChip LLC, (ii) each member of the board of directors of MagnaChip LLC, (iii) each named executive officer of MagnaChip LLC and (iv) all of the members of the board of directors and executive officers of MagnaChip LLC as a group. As of June 8, 2005, MagnaChip LLC's outstanding securities consisted of 53,037,319.67 common units and 93,997.4364 Series B preferred units. The table does not include common units issuable upon conversion of Series B preferred units.

The amounts and percentages of common units beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of such security, or "investment power," which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has the right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which he or she has no economic interest.

Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all units shown as beneficially owned by them.

## Certain relationships and related transactions

### THE ACQUISITION

In June 2004, MagnaChip Korea entered into a business transfer agreement to purchase certain assets and assume certain liabilities of the System IC business of Hynix, which we refer to as the "Acquisition" in this prospectus. The Acquisition closed on October 6, 2004. The consideration paid in connection with the Acquisition consisted of approximately (Won)872.2 billion ($757.1 million equivalent at such date) in cash, subject to a post-closing working capital adjustment, and a warrant initially exercisable for 5,079,254 common units of MagnaChip LLC. MagnaChip Korea also agreed to guarantee up to (Won)4.7 billion ($4.1 million equivalent at such date) of loans provided by third party financial institutions to the employees transferring to us in connection with the Acquisition. The Acquisition was funded by a senior secured term loan facility and by the issuance and sale of equity interests of MagnaChip LLC to the equity sponsors.

In connection with the Acquisition, MagnaChip Korea and certain of our other subsidiaries entered into definitive agreements with Hynix regarding key raw materials, campus facilities, research and development equipment, and information technology, factory automation and back office support services. MagnaChip Korea also agreed to provide certain utilities and infrastructure support services to Hynix. The obligation to provide services under these agreements generally lasts for one to five years from the closing of the Acquisition. The obligation to provide certain services lasts indefinitely.

In addition, MagnaChip Korea entered into a wafer foundry services agreement with Hynix under which MagnaChip Korea agreed to sell and Hynix agreed to purchase a certain monthly minimum quantity of 0.18μm DRAM semiconductors until August 31, 2005. If a party fails to meet its minimum quantity obligation, it must pay the other party a make whole amount based on the shortfall. MagnaChip Korea and Hynix also entered into a photo mask supply agreement under which Hynix agreed to supply MagnaChip Korea with up to a certain maximum quantity of photo masks. This agreement is for two years from the closing of the Acquisition plus an additional year at MagnaChip Korea's option.

In connection with the Acquisition, MagnaChip Korea also entered into a royalty-free non-exclusive cross license with Hynix which provides us with access to certain of Hynix's intellectual property for use in the manufacture and sale of non-memory semiconductor products and provides Hynix with access to the intellectual property we acquired from Hynix. This cross license is subject to the non-competition provisions of the business transfer agreement, pursuant to which Hynix agreed not to engage in most aspects of the non-memory semiconductor business and MagnaChip Korea agreed not to engage in most aspects of the memory semiconductor business. Generally, these non-competition provisions last for three years from the closing of the Acquisition. Under a trademark license agreement, Hynix also granted to MagnaChip Korea a limited license to certain trademarks of Hynix embedded in our products.

Upon the closing of the Acquisition, MagnaChip Korea and Hynix also entered into three lease agreements. Under one agreement, MagnaChip Korea leases from Hynix approximately 11,907 square meters of exclusive-use space plus certain common- and joint-use space in several buildings, primarily warehouses, in Cheongju, Korea. Under another agreement, Hynix leases from MagnaChip Korea approximately 8,875 square meters of exclusive-use space plus certain common- and joint-use space in three buildings in Cheongju, Korea. These two leases are generally for an initial term of 20 years plus an indefinite number of renewal terms of 10 years each. Under the third agreement, MagnaChip Korea leases from Hynix approximately 1,439 square meters of exclusive-use space plus certain common-use space in a building in Ichon, Korea for a term of one year plus up to an additional two years at MagnaChip Korea's option. Each of the leases is cancelable upon 90 days' notice by the lessee.

### ADVISORY AGREEMENTS

In connection with the Acquisition, and the related equity financing, MagnaChip Korea and MagnaChip LLC entered into advisory agreements with each of CVC Management LLC, Francisco Partners Management, LLC and CVC Capital Partners Asia Limited, which are related to CVC, Francisco Partners and CVC Asia Pacific, respectively, pursuant to which each may provide financial, advisory and consulting services to MagnaChip Korea and MagnaChip LLC. Under such agreements, each of CVC Management, Francisco Partners

Management and CVC Capital Partners Asia is entitled to receive fees billed at such firm's customary rates for actual time spent performing such services plus reimbursement for out-of-pocket expenses or, at such firm's option, an annual advisory fee, the amount of which is the greater of a fixed dollar amount or a percentage of the annual consolidated revenue of MagnaChip Korea and MagnaChip LLC for the last twelve months, plus out-of-pocket expenses, for the remaining term of the advisory agreement. The annual advisory fees under the agreements are as follows: CVC Management and Francisco Partners Management are each entitled to the greater of $1,379,163.42 or 0.14777% of annual consolidated revenue and CVC Capital Partners Asia is entitled to the greater of $741,673.15 or 0.07946% of annual consolidated revenue. There are no minimum levels of service required to be provided pursuant to the advisory agreements. Each advisory agreement has an initial term of ten years from the date of the Acquisition, subject to termination by either party upon written notice 90 days prior to the expiration of the initial term or any extension thereof. Each advisory agreement includes customary indemnification provisions in favor of each of CVC Management, Francisco Partners Management and CVC Capital Partners Asia. In addition, CVC Management, Francisco Partners Management and CVC Capital Partners Asia were also paid one-time transaction fees of $10.0 million, $5.5 million and $3.8 million, respectively, plus fees and expenses related to the transaction, in connection with the Acquisition.

**THE UNITS FINANCING**

The Acquisition was funded in part by the issuance and sale of common units, Series A preferred units and Series B preferred units of MagnaChip LLC to CVC, Francisco Partners, CVC Asia Pacific, certain members of management and other investors. Part of the net proceeds of the offering of the old notes was used to redeem the Series A preferred units and a portion of the Series B preferred units. See "Capitalization" and "Description of the units."

**REDEMPTION OF PREFERRED UNITS**

The MagnaChip LLC operating agreement provides for the return of amounts funded by the equity sponsors in excess of amounts required to close the Acquisition and cover expected contingencies. In December 2004, we returned $50 million of this excess funding to the equity sponsors through a redemption of a portion of the Series B preferred units of MagnaChip LLC. We retained the unused balance as part of our owners' equity and for other general corporate purposes. Part of the net proceeds of the offering of the old notes was used to redeem an additional portion of the Series B preferred units and all of the Series A preferred units of MagnaChip LLC. See "Capitalization" and "Description of capital stock."

**PURCHASE OF NOTES**

Citigroup Global Markets Inc., an affiliate of CVC acquired $40 million in principal amount of the senior subordinated notes from the initial purchasers. In connection with such acquisition, the initial purchasers did not receive a discount on their purchase of such notes, but we paid Citigroup Global Markets Inc. a placement fee equal to $1 million.

**CONSULTING ARRANGEMENTS**

Prior to the Acquisition, CVC paid Robert Krakauer, our Executive Vice President, Strategic Operations and Chief Financial Officer, certain fees and other benefits for consulting services rendered in connection with matters related to the Acquisition and reimbursed Mr. Krakauer for moving expenses incurred by him upon his appointment as an executive officer of MagnaChip Korea. After completion of the Acquisition, MagnaChip paid $586,674 to CVC to reimburse CVC for such payments made to Mr. Krakauer. See our "Summary Compensation Table" on page 76.

CVC paid Victoria Miller Nam's consulting company certain fees for consulting services rendered by her in connection with matters related to the Acquisition and, following the Acquisition, the management of MagnaChip Korea. MagnaChip paid $408,951 to CVC to reimburse CVC for such payments made to Ms. Nam. See our "Summary Compensation Table" on page 76.

CVC paid Jerry Baker, our Executive Chairman, certain fees for consulting services rendered by him in connection with matters related to the Acquisition. After completion of the Acquisition, MagnaChip paid $140,000 to CVC to reimburse CVC for such payments made to Mr. Baker. See our "Summary Compensation Table" on page 76.

## Description of the units

### MagnaChip LLC Series A Preferred Units and Series B Preferred Units

MagnaChip LLC's limited liability company operating agreement provides that MagnaChip LLC may issue 60,000 Series A preferred units and 550,000 Series B preferred units. As of June 8, 2005, 2005, no Series A preferred units, and 93,997.4364 Series B preferred units, remained issued and outstanding.

The Series A preferred units have an original issue price of $1,000 per unit, and with respect to dividend rights and rights on liquidation, dissolution and winding up, rank prior to the Series B preferred units and the common units and all other classes of equity securities of MagnaChip LLC. The Series A preferred units are entitled to semi-annual cash dividends when, as and if declared, which dividends are cumulative, whether or not earned or declared, and accrue at a rate of 14% per unit per annum on the $1,000 issue price, compounded semi-annually. Accrued dividends if not paid on the semiannual dividend payment date thereafter accrue additional dividends in respect thereof.

When dividends are not paid in full upon the Series A preferred units and any other units ranking on a parity as to dividends with the Series A preferred units, all dividends paid upon Series A preferred units and any other units ranking on a parity as to dividends with the Series A preferred units must be paid pro rata. Except as provided in the preceding sentence, unless full cumulative dividends on the Series A preferred units have been paid, no dividends may be declared or set aside for payment upon any other units of MagnaChip LLC ranking on a parity with the Series A preferred units as to dividends.

Upon liquidation, dissolution or winding up of MagnaChip LLC, holders of Series A preferred units will be entitled to receive out of the legally available assets of MagnaChip LLC, before any amount shall be paid to holders of any other class of security ranking junior to the Series A preferred units (including the Series B preferred units and the common units), an amount equal to $1,000 in cash per unit plus an amount equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon to the date of final distribution. If such available assets are insufficient to pay the holders of all outstanding Series A preferred units in full, the entire assets and funds of MagnaChip LLC legally available for distribution must be distributed ratably among holders of the Series A preferred units.

On or after the ninth anniversary of the issuance of the Series A preferred units, or on or after the twentieth anniversary of the issuance of the Series A preferred units in the event that MagnaChip LLC becomes treated as a corporation for federal tax purposes, the holders of a majority of the then outstanding Series A preferred units will have the right to elect to have MagnaChip LLC redeem all outstanding Series A preferred units, at a price per unit equal to $1,000 plus accrued and unpaid dividends to the date of redemption. MagnaChip LLC may redeem at its option, in whole or in part, the Series A preferred units at any time at a price per unit equal to $1,000 plus accrued and unpaid dividends to the date of redemption, unless MagnaChip LLC becomes treated as a corporation for federal tax purposes, in which case MagnaChip LLC's right to redeem is tolled for twenty years.

The Series A preferred units may be converted, in whole or in part, into common interests at MagnaChip LLC's option upon or concurrently with the first underwritten public offering of MagnaChip LLC's common interests provided that the proceeds of such public offering amount to at least $30,000,000 in gross proceeds to MagnaChip LLC. The number of common interests deliverable upon conversion of a Series A preferred unit is an amount equal to $1,000 plus full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon, divided by the per common interest price to the public (less underwriting discounts and commissions) for common interests in MagnaChip LLC's first public offering. If MagnaChip LLC does not elect to convert all of the Series A preferred units into common interests, each holder of Series A preferred units may convert such holder's Series A preferred units, at such holder's option upon or concurrently with MagnaChip LLC's first public offering, in whole or in part, into common interests according to the formula above.

Generally, except in the case of proposed changes to the dividends payable or in the case of changes to MagnaChip LLC's limited liability company operating agreement that adversely affect the relative rights and

preferences of the Series A preferred units, the Series A preferred units are not entitled to vote on any matter submitted to a vote of the members. On any matters on which the holders of the Series A preferred units are entitled to vote, they are entitled to one vote for each unit held and the vote of the majority of outstanding units is required to take action. In no event will the issuance of any series of preferred units that is senior to, on a parity with or junior to the Series A preferred units or has a redemption date earlier than the Series A preferred units be deemed to adversely affect the rights and preferences of the Series A preferred units.

Under the securityholders' agreement among MagnaChip LLC, the equity sponsors and the other parties thereto, if CVC and Francisco Partners together propose (i) to transfer not less than 50% of each of their respective initial ownership of any class or series of certain securities to a third party or (ii) a transfer in which certain securities to be transferred by CVC and Francisco Partners, plus certain securities to be transferred by the securityholders other than CVC and Francisco Partners pursuant to the drag-along right, constitute more than 50% of outstanding number of certain securities in a particular class or series to a third party, or (iii) a sale of all or substantially all of the assets of MagnaChip LLC to a third party (any of (i), (ii) or (iii), a "Compelled Sale"), CVC and Francisco Partners together may at their option require all other securityholders to sell the drag-along portion of such class or series of certain securities then held by every other securityholder for the same consideration per unit of the relevant class of security and otherwise on the same terms and conditions as CVC and Francisco Partners. The drag-along right terminates upon the third anniversary of the first public offering.

The Series B preferred units have similar provisions to the Series A preferred units, aside from the following exceptions:

- With respect to dividend rights, the dividend rate for Series B preferred units is 10% and the Series B preferred units are junior to the Series A preferred units.
- Series B preferred units are junior to the preference rights on liquidation of the Series A preferred units.
- The mandatory redemption right for the Series B preferred units is based on the fourteenth anniversary date of issuance and holders of the Series B preferred units will not be entitled to exercise the mandatory redemption right during the time any Series A preferred units remain outstanding.

**MagnaChip LLC Common Units**

MagnaChip LLC's limited liability company operating agreement provides that MagnaChip LLC may issue 65,000,000 common units. There were 53,037,319.67 common units outstanding as of June 8, 2005. MagnaChip LLC has reserved an aggregate of 6,490,864 common units for issuance to current and future directors, employees and consultants of MagnaChip LLC and its subsidiaries pursuant to MagnaChip's Equity Incentive Plan, 6,208,830 of which are subject to outstanding options and 282,034 of which were available for future issuance as of June 8, 2005. The holders of common units are entitled to one vote for each unit held of record on all matters submitted to a vote of the members, including the election of directors of the Board of Directors of MagnaChip LLC. Pursuant to the securityholders' agreement, holders of common units agreed to elect directors selected by certain equity sponsors. See "Management—Board Composition."

**Warrant to Purchase Common Units**

In connection with the Acquisition, MagnaChip LLC issued to Hynix a warrant to purchase 5,079,254 common units at an exercise price of $1.00 per unit. The number of units subject to the warrant and the exercise price are subject to customary anti-dilution adjustments. The warrant may be exercised at any time, in whole or in part, until the expiration date. The warrant expires at the earlier of October 6, 2006 and 45 days after MagnaChip LLC provides written notice to Hynix that MagnaChip LLC is filing a registration statement providing for the first underwritten public offering of common equity interests. However, CVC and Francisco Partners, in connection with a sale of 50% or more of each of their common units, or the total outstanding common units or of all or substantially all of the assets of MagnaChip LLC, can require Hynix to exercise the warrant for its pro rata portion of such transaction and sell the common units received upon exercise at the same price as the other securityholders; provided further that Hynix may elect to cancel the warrant if the exercise price would be higher than the sale price.

## Description of other obligations

### THE REVOLVING CREDIT FACILITY

#### Senior Secured Credit Facility

The following discussion is a summary of certain terms and conditions relating to our senior secured credit facility. The following discussion is a summary and is not complete and is subject in its entirety by reference to the actual provisions of the agreements referred to below.

#### General

Concurrently with the issuance of the old notes on December 23, 2004, we entered into a new senior secured credit agreement with a syndicate of banks, financial institutions and other entities including UBS Loan Finance LLC, among others, as lenders, UBS Securities LLC, as arranger, UBS AG, Stamford Branch, as administrative agent (the "Agent") and priority lien collateral agent, providing for a $100 million senior secured revolving credit facility (i) to benefit our operating and manufacturing subsidiaries, especially MagnaChip Korea, (ii) to fund intercompany loans to MagnaChip Korea (through MagnaChip Semiconductor B.V.) and (iii) to pay fees, commissions and expenses in connection with the senior secured credit facility. Additional lenders may become parties to the senior secured credit facility agreement from time to time. The senior secured credit facility is the senior secured obligation of MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company and will terminate five years after December 23, 2004.

#### Security

MagnaChip LLC and each of its current and (to the extent legally permissible) future direct and indirect subsidiaries are or will be guarantors of the senior secured credit facility (except for IC Media Japan Kaioushiki Kaisha and Shanghai Ximei Corporation). The senior credit facility is secured on a first-priority basis, directly or through one or more secured guarantees, by collateral that principally consists of (i) substantially all of the owned real property and equipment of MagnaChip Korea, (ii) substantially all of the assets of each of the guarantors located in Hong Kong, the British Virgin Islands, the Cayman Islands, the United States and the United Kingdom, (iii) material patents and trademarks owned by MagnaChip Korea (exclusive of any jointly owned intellectual property) and (iv) the intercompany loans owing by and among MagnaChip LLC and its subsidiaries, in each case subject to certain exceptions. The senior secured credit facility is also secured by pledges of the stock of the subsidiaries of MagnaChip LLC that are guarantors.

#### Interest

Loans made under the senior secured credit facility bear interest, at the option of MagnaChip LLC, at LIBOR or the higher of the corporate base rate of the Agent (or if higher the federal funds rate plus $^1/_2$%) plus a margin based on the ratio of consolidated indebtedness of MagnaChip LLC to its consolidated EBITDA. Such margin is currently 2.5% for LIBOR based loans and 1.50% for base rate based loans.

We currently pay commitment fees at a rate equal to 0.50% per year on the unused portion of the senior secured credit facility.

#### Prepayment

In certain circumstances, loans outstanding under the senior secured credit facility must be prepaid with the proceeds of asset sales and other dispositions and, casualty and condemnation proceeds. In addition, in the event proceeds of asset sales and casualty and condemnation proceeds are not reinvested into the business within a certain specified period of time, the amount of such uninvested proceeds will permanently reduce the outstanding commitments available under the senior secured credit facility.

#### Covenants

The senior secured credit facility agreement contains certain customary covenants and restrictions for a facility of this type in respect of the future maintenance and conduct of the business.

The senior secured credit facility also contains financial covenants including, but not limited to:

(1) requiring us to maintain a minimum coverage of interest expense; and

(2) requiring us to maintain a minimum leverage ratio.

Borrowings under the senior secured credit facility are subject to significant conditions, including compliance with the financial ratios included in the senior secured credit agreement and the absence of any material adverse change.

**KEB Facility**

MagnaChip Korea remains obligated under the senior credit facility it entered into with certain institutional lenders and the Korean Exchange Bank ("KEB"), as agent, for all loans which may not be prepaid prior to one year following the date such loan is made; however, its only obligations under the loan agreement are to make payments on such loans (and reimbursements with respect to any letters of credit still outstanding thereunder) and to maintain the cash collateral it has pledged to secure such obligations. It has been released from all other material covenant obligations under the loan agreement and liens on all other collateral securing such loans have been released.

A portion of the indebtedness under the KEB credit facility is not prepayable prior to October 7, 2005. In order to secure the payment of such debt when prepayment is permitted and to provide for the release of the liens and certain covenants in the loan agreement, MagnaChip Korea has deposited with KEB, as agent, as collateral for the outstanding loans an amount equal to $110.4 million as of April 3, 2005. This amount includes all principal to become due plus an assumed amount of interest and a premium of 0.25% of the principal amount, or if higher, 111% of the principal amount. Any amount not required to prepay the loans on the date permitted for prepayment will be returned to MagnaChip Korea.

## Exchange offer

### Purpose and Effect of the Exchange Offer

In connection with the issuance of the old notes on December 23, 2004, we entered into registration rights agreements with the initial purchasers of the old notes in which we agreed to commence the exchange offer. Copies of the registration rights agreements are an exhibit to the registration statement of which this prospectus is a part. Under the registration rights agreements, we agreed to file and cause to become effective a registration statement with respect to an offer to exchange the old notes for the new notes. We also agreed to use all commercially reasonable efforts to cause the exchange offer to be consummated within 240 days following the original issuance of the old notes, with limited exception. We are making the exchange offer to comply with our contractual obligations under registration rights agreements. Except under limited circumstances, upon completion of the exchange offer, our obligations with respect to the registration of the old notes will terminate. In addition, each broker-dealer that receives new notes for its own account in exchange for the old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must represent that it will deliver a prospectus in connection with any resale of such new notes.

The exchange offer is not being made to, nor will we accept tenders for exchange from, holders of the old notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

### Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, which together constitute the exchange offer, we will accept for exchange any old notes properly tendered and not withdrawn before expiration of the exchange offer. The date of acceptance for exchange of the old notes and completion of the exchange offer, is the exchange date, which will be the first business day following the expiration date unless we extend the exchange offer as described in this prospectus. We will issue $1,000 principal amount of new notes in exchange for each $1,000 principal amount of old notes surrendered under the exchange offer. The old notes may be tendered only in integral multiples of $1,000. The new notes will be delivered on the earliest practicable date following the exchange date.

Interest on the new notes will accrue from the last payment date on which interest was paid on the old notes surrendered in exchange therefor or, if no interest has been paid on the old notes surrendered, from December 23, 2004. Accordingly, holders of new notes on the relevant record date for the first interest payment date following the consummation of the exchange offer will receive interest accruing from the most recent date on which interest has been paid or, if no interest has been paid, from December 23, 2004. Old notes accepted for exchange will not accrue interest from the last payment date on which interest was paid on the old notes or, if no interest was paid on the old notes surrendered, December 23, 2004. Holders of old notes whose old notes are accepted for exchange will not receive any payment in respect of accrued interest on such old notes otherwise payable on any interest payment date which occurs on or after the consummation of the exchange offer.

The form and terms of the new notes will be identical in all material respects to the form and terms of the old notes, except:

- the offer and sale of the new notes will have been registered under the Securities Act, and thus the new notes generally will not be subject to the restrictions on transfer applicable to the old notes or bear restrictive legends;
- the new notes will not be entitled to registration rights under the registration rights agreements; and
- the new notes will not have the right to earn additional interest under circumstances relating to our registration obligations.

The new notes will evidence the same debt as the old notes. The new notes will be issued under and entitled to the benefits of the same indentures that authorized the issuance of the old notes. Consequently, each series of old notes and the corresponding series of new notes will be treated as a single series of debt securities under the applicable indenture. For a description of the indentures, see "Description of the new second priority notes" and "Description of the new senior subordinated notes."

The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange and not withdrawn. This prospectus and the letter of transmittal are being sent to all registered holders of old notes. There will be no fixed record date for determining registered holders of old notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the applicable requirements of the Securities Act, the Exchange Act and the rules and regulations of the Securities and Exchange Commission (SEC). Old notes that are not exchanged in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits their holders have under the indenture.

We will be deemed to have accepted for exchange properly tendered old notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the holders of old notes who surrender them in the exchange offer for the purposes of receiving the new notes from us and delivering the new notes to their holders. The exchange agent will make the exchange as promptly as practicable on or after the date of acceptance for exchange of the old notes.

Holders that tender old notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of the old notes. We will pay all charges and expenses, other than applicable taxes described below, in connection with the exchange offer. You should read "—Fees and Expenses" for more details regarding fees and expenses incurred in the exchange offer.

**Expiration of the Exchange Offer; Extensions; Amendments**

The exchange offer will expire at 5:00 p.m., New York City time, on , 2005. We can extend the exchange offer in our sole discretion, in which case the term "expiration date" means the latest date and time to which we extend the exchange offer. If we decide to extend the exchange offer, we will then delay acceptance of any old notes by giving notice of an extension as described below. During any extension period, all old notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. We will return any old notes not accepted for exchange to the tendering holder after the expiration or termination of the exchange offer.

Our obligation to accept old notes for exchange in the exchange offer is subject to the conditions described below under "—Conditions." We may decide to waive any of the conditions in our discretion. Furthermore, we expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified below under the same heading. By press release or other public announcement, we will give oral or written notice of any extension, amendment, non-acceptance or termination as promptly as practicable. Without limiting the manner in which we may choose to make a public announcement of any delay, extension, amendment or termination of the exchange offer, we will have no obligation to publish, advertise or otherwise communicate any such public announcement, other than by making a timely release to an appropriate news agency.

We reserve the right to amend the terms of the exchange offer in any manner. If we amend the exchange offer in a manner that we determine constitutes a material change, we will disclose the amendment by means of a prospectus supplement. If we make such a material change less than five to ten business days, depending on the significance of the amendment, before the expiration of the exchange offer, we will extend the offer so that you

have at least five to ten business days to tender or withdraw. We will notify you of any extension of the exchange offer by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the first business day after the previously scheduled expiration time.

**Conditions**

Despite any other term of the exchange offer, or any extension of the exchange offer, we will not be required to accept for exchange, or to exchange, any old notes for any new notes and, as described below, may terminate the exchange offer, or may waive any of the conditions to or amend the exchange offer, if the exchange offer, in our judgment, is not available or may not be completed in a timely manner because it would violate a law, statute, rule, or regulation, order, or SEC staff interpretation.

These conditions are solely for our benefit and we may assert them regardless of the circumstances that may give rise to them. If we determine in our sole discretion that any of the foregoing events or conditions has occurred or exists, we may, subject to applicable law, terminate the exchange offer, whether or not any old notes have been accepted for exchange, or may waive any such condition or otherwise amend the terms of the exchange offer in any respect. See "—Expiration of the Exchange Offer; Extensions; Amendments" above. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of that right. Each of these rights will be deemed an ongoing right that we may assert at any time or at various times.

We will not accept for exchange any old notes tendered and will not issue new notes in exchange for any old notes, if at that time a stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indentures under the Trust Indenture Act of 1939.

In addition, we will not be obligated to accept for exchange the old notes of any holder that has not made to us:

- the representations described under "—Procedures for Tendering" and "Plan of Distribution"; and
- any other representations that may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the new notes under the Securities Act.

**Procedures for Tendering**

Only a holder of record of old notes may tender old notes in the exchange offer. To tender in the exchange offer, a holder must comply with all applicable procedures of The Depository Trust Company, or DTC, and either:

- complete, sign and date the letter of transmittal we have forwarded to you along with this prospectus, or a facsimile of the letter of transmittal; have the signature on the letter of transmittal guaranteed if the letter of transmittal so requires; and deliver the letter of transmittal or facsimile to the exchange agent prior to the expiration date; or
- in lieu of delivering a letter of transmittal, instruct DTC to transmit on behalf of the holder an agent's message, which is a computer-generated message to the exchange agent in which the holder of the old notes acknowledges receipt of and agrees to be bound by and to make all of the representations contained in the letter of transmittal, which agent's message must be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date.

In addition, either:

- the exchange agent must receive the old notes along with a letter of transmittal for each series of notes being tendered; or
- with respect to the old notes, the exchange agent must receive, before expiration of the exchange offer, timely confirmation of book-entry transfer of old notes into the exchange agent's account at DTC and an

agent's message, in accordance with DTC's Automated Tender Offer Program, or ATOP, procedures for book-entry transfer described below; or

- the holder must comply with the guaranteed delivery procedures described below.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under "—Exchange Agent" before expiration of the exchange offer. To receive confirmation of valid tender of the old notes, a holder should contact the exchange agent at the telephone number listed under "—Exchange Agent."

The tender by a holder that is not validly withdrawn before expiration of the exchange offer will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal. Only a registered holder of old notes may tender the old notes in the exchange offer. If a holder completing a letter of transmittal tenders less than all of the old notes held by the holder, the holder should fill in the applicable box of the letter transmittal. The amount of old notes delivered to the exchange agent will be deemed to have been tendered unless otherwise indicated.

If the old notes, the letter of transmittal or any other required documents are physically delivered to the exchange agent, the method of delivery is at the holder's election and risk. Rather than mail these items, we recommend that holders use a nationally recognized U.S. overnight delivery service or a hand delivery service. In all cases, holders should allow sufficient time to assure delivery to the exchange agent before expiration of the exchange offer. Holders should not send the letter of transmittal or old notes to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or other nominees to effect the above transactions for them.

Any beneficial owner whose old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct it to tender on the beneficial owner's behalf. If the beneficial owner wishes to tender on its own behalf, it must, prior to completing and executing the letter of transmittal and delivering its old notes, either:

- make appropriate arrangements to register ownership of the old notes in the beneficial owner's name; or
- obtain a properly completed bond power from the registered holder of old notes.

The transfer of registered ownership may take considerable time and may not be completed prior to the expiration date.

If the applicable letter of transmittal is signed by the record holder(s) of the old notes tendered, the signature must correspond with the name(s) written on the face of the old notes without alteration, enlargement or any change whatsoever. If the applicable letter of transmittal is signed by a participant in DTC, the signature must correspond with the name as it appears on the security position listing as the holder of the old notes.

A signature on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible guarantor institution. Eligible guarantor institutions include banks, brokers, dealers, municipal securities dealers, municipal securities brokers, government securities dealers, government securities brokers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations. The signature need not be guaranteed by an eligible guarantor institution if the old notes are tendered:

- by a registered holder who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" on the letter of transmittal; or
- for the account of an eligible institution.

If the letter of transmittal is signed by a person other than the registered holder of any old notes, the old notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by

the registered holder as the registered holder's name appears on the old notes and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal or any old notes, bond powers, certificates or separate written instruments of transfer or exchange are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons must so indicate when signing. Unless we waive this requirement, they must also submit evidence satisfactory to us of their authority to deliver the letter of transmittal.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered old notes. Our determination will be final and binding. We reserve the absolute right to reject any old notes not properly tendered or any old notes the acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to particular old notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties.

Unless waived, any defects or irregularities in connection with tenders of old notes must be cured within the time that we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of old notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tenders of old notes will not be deemed made until those defects or irregularities have been cured or waived. Any old notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent without cost to the tendering holder, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

In all cases, we will issue new notes for old notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

- the old notes or a timely book-entry confirmation that the old notes have been transferred into the exchange agent's account at DTC; and
- a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

Holders should receive copies of the applicable letter of transmittal with the prospectus. A holder may obtain additional copies of the applicable letter of transmittal for the old notes from the exchange agent at its offices listed under "—Exchange Agent." By signing the letter of transmittal, or causing DTC to transmit an agent's message to the exchange agent, each tendering holder of old notes will represent to us that, among other things:

- any new notes to be received by the holder will be acquired in the ordinary course of its business;
- the holder is not engaged in, and does not intend to engage in, and has no arrangement or understanding with any person to participate in, a distribution of the new notes;
- the holder is not our "affiliate" (as defined in Rule 405 under the Securities Act) or, if it is such an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;
- if the holder is a broker-dealer that receives new notes for its own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, it will deliver a prospectus in connection with any resale of these new notes;
- if the holder is a broker-dealer, that it did not purchase the old notes to be exchanged for the new notes from us in the initial offering of the old notes; and

- the holder is not acting on behalf of any person who could not truthfully and completely make the foregoing representations.

**DTC Book-Entry Transfer**

The exchange agent will make a request to establish an account with respect to the old notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus.

With respect to the old notes, the exchange agent and DTC have confirmed that any financial institution that is a participant in DTC may utilize the DTC ATOP procedures to tender old notes.

With respect to the old notes, any participant in DTC may make book-entry delivery of old notes by causing DTC to transfer the old notes into the exchange agent's account in accordance with DTC's ATOP procedures for transfer.

However, the exchange for the old notes so tendered will be made only after a book-entry confirmation of such book-entry transfer of old notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal.

**Guaranteed Delivery Procedures**

Holders wishing to tender their old notes but whose old notes are not immediately available or who cannot deliver their old notes, the letter of transmittal or any other required documents to the exchange agent or cannot comply with the applicable procedures described above before expiration of the exchange offer may tender if:

- the tender is made through an eligible guarantor institution;
- before expiration of the exchange offer, the exchange agent receives from the eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail or hand delivery, or a properly transmitted agent's message and notice of guaranteed delivery;
    - setting forth the name and address of the holder and the registered number(s) and the principal amount of old notes tendered;
    - stating that the tender is being made by guaranteed delivery; and
    - guaranteeing that, within three New York Stock Exchange trading days after expiration of the exchange offer, the letter of transmittal, or facsimile thereof, together with the old notes or a book-entry transfer confirmation, and any other documents required by the letter of transmittal will be deposited by the eligible guarantor institution with the exchange agent; and
    - the exchange agent receives the properly completed and executed letter(s) of transmittal, or facsimile thereof, as well as all tendered old notes in proper form for transfer or a book-entry transfer confirmation, and all other documents required by the letter of transmittal, within three New York Stock Exchange trading days after expiration of the exchange offer.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their old notes according to the guaranteed delivery procedures set forth above.

**Withdrawal of Tenders**

Except as otherwise provided in this prospectus, holders of old notes may withdraw their tenders at any time before expiration of the exchange offer.

For a withdrawal to be effective, the exchange agent must receive a computer-generated notice of withdrawal transmitted by DTC on behalf of the holder in accordance with the standard operating procedures of DTC, or a written notice of withdrawal, which may be by telegram, telex, facsimile transmission or letter, at one of the addresses set forth below under "—Exchange Agent."

Any notice of withdrawal must:

- specify the name of the person who tendered the old notes to be withdrawn;
- identify the old notes to be withdrawn, including the principal amount of the old notes to be withdrawn; and
- where certificates for old notes have been transmitted, specify the name in which the old notes were registered, if different from that of the withdrawing holder.

If certificates for old notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of those certificates, the withdrawing holder must also submit:

- the serial numbers of the particular certificates to be withdrawn; and
- a signed notice of withdrawal with signatures guaranteed by an eligible guarantor institution, unless the withdrawing holder is an eligible guarantor institution.

If old notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of the facility.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal, and our determination shall be final and binding on all parties. We will deem any old notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer. We will return any old notes that have been tendered for exchange but that are not exchanged for any reason to their holder without cost to the holder. In the case of old notes tendered by book-entry transfer into the exchange agent's account at DTC, according to the procedures described above, those old notes will be credited to an account maintained with DTC, for old notes, as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may re-tender properly withdrawn old notes by following one of the procedures described under "—Procedures for Tendering" above at any time on or before expiration of the exchange offer.

A holder may obtain a form of the notice of withdrawal from the exchange agent at its offices listed under "—Exchange Agent."

**Resale of New Notes**

Under existing interpretations of the Securities Act by the staff of the SEC contained in several "no-action" letters to third parties, and subject to the immediately following sentence, we believe that the new notes will generally be freely transferable by holders after the exchange offer without further compliance with the registration and prospectus delivery requirements of the Securities Act (subject to certain representations required to be made by each holder of old notes, as set forth under "Exchange offer—Procedures for Tendering"). However, any holder of old notes that is one of our "affiliates" (as defined in Rule 405 under the Securities Act), that does not acquire the new notes in the ordinary course of business, that intends to distribute the new notes as part of the exchange offer, or that is a broker-dealer who purchased old notes from us in the initial offering of the old notes for resale pursuant to Rule 144A or any other available exemption under the Securities Act, (1) will not be able to rely on the interpretations of the staff of the SEC and (2) in the absence of any exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the new notes.

With regard to broker-dealers, only broker-dealers that acquired the old notes for their own accounts as a result of market-making activities or other trading activities may participate in the exchange offer. Each such broker-dealer that receives new notes for its own account in exchange for the old notes must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. Please see "Plan of distribution" for more details regarding the transfer of new notes.

**Exchange Agent**

The Bank of New York has been appointed as exchange agent for the exchange offer. You should direct questions and requests for assistance, requests for additional copies of this prospectus or of the letter of transmittal and requests for the notice of guaranteed delivery or the notice of withdrawal to the exchange agent addressed as follows:

To: The Bank of New York
By Mail (Registered or Certified Mail is recommended), Courier or Hand:

Corporate Trust Operations—Reorganization Unit
101 Barclay Street—7 East
New York, N.Y. 10286
Attn: Mr. David Mauer

By Facsimile Transmission (for Eligible Institutions Only):
(212) 298-1915
Confirm by Telephone:
(212) 815-3687

Delivery of a letter of transmittal to an address other than as shown above or transmission via facsimile other than as set forth above does not constitute a valid delivery of such letter of transmittal.

**Fees and Expenses**

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitations by facsimile transmission, telephone or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer, including the following:

- SEC registration fees;
- fees and expenses of the exchange agent and trustee;
- our accounting and legal fees; and
- our printing and mailing costs.

**Transfer Taxes**

We will pay all transfer taxes, if any, applicable to the exchange of old notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

- certificates representing old notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of old notes tendered;
- new notes are to be delivered to, or issued in the name of, any person other than the registered holder of the old notes;
- tendered old notes are registered in the name of any person other than the person signing the letter of transmittal; or a transfer tax is imposed for any reason other than the exchange of old notes under the exchange offer.

If satisfactory evidence of payment of transfer taxes is not submitted with the letter of transmittal, the amount of any transfer taxes will be billed to the tendering holder.

**Accounting Treatment**

We will record the new notes in our accounting records at the same carrying value as the old notes, which is the aggregate principal amount, less unamortized discount, as reflected in our accounting records on the date of exchange. As the terms and conditions of the new notes and the old notes are virtually identical, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

**Consequences of Failure to Tender**

All untendered old notes will remain subject to the restrictions on transfer provided for in the old notes and in the indenture. Generally, the old notes that are not exchanged for new notes pursuant to the exchange offer will remain restricted securities. Accordingly, such old notes may be resold only in accordance with all applicable securities laws of the states of the United States and other jurisdictions and either:

- to a person who the seller reasonably believes is a Qualified Institutional Buyer within the meaning of Rule 144A under the Securities Act purchasing for its own account or for the account of a Qualified Institutional Buyer in a transaction meeting the requirements of Rule 144A;
- in an offshore transaction complying with Rule 903 or Rule 904 of Regulation S under the Securities Act;
- pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available);
- to an Institutional Accredited Investor in a transaction exempt from the registration requirements of the Securities Act;
- pursuant to an effective registration statement under the Securities Act; or
- to us (upon redemption or otherwise).

**Other**

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. We urge you to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered old notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. However, we have no present plans to acquire any old notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered old notes.

**Description of the new second priority notes**

You can find the definitions of certain terms used in this description under the subheading "Certain Definitions." In this description, the word "MagnaChip" or the "Company" refers only to MagnaChip Semiconductor S.A. and not to any of its subsidiaries.

The term "Issuers" refers collectively to MagnaChip and MagnaChip Semiconductor Finance Company ("Finance Company"), which is a wholly-owned subsidiary of MagnaChip as of the Issue Date. "US LLC" refers to MagnaChip Semiconductor LLC (USA). Each of MagnaChip Semiconductor SA Holdings LLC (USA) and MagnaChip Semiconductor, Inc. (USA) is a direct subsidiary of US LLC. US LLC and MagnaChip Semiconductor S.A. Holdings LLC (USA) own all of the equity interests in MagnaChip.

**Each of US LLC, MagnaChip Semiconductor SA Holdings LLC (USA) and MagnaChip Semiconductor, Inc. (USA) will be a Guarantor of the second priority notes and will be treated as a "Restricted Subsidiary" (as defined) of MagnaChip for all purposes under the indenture.**

The Issuers issued the old floating rate second priority notes and old fixed rate second priority notes under, and the new floating rate second priority notes and new fixed rate second priority notes will be subject to, an indenture among MagnaChip, Finance Company, the Guarantors and The Bank of New York, as trustee. The terms of the new second priority notes are the same as the terms of the old second priority notes, and will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended, except that:

- the new notes will be registered under the Securities Act of 1933, as amended;
- the new notes will not bear legends restricting their transfer under the Securities Act; and
- holders of the new notes are not entitled to certain rights under the registration rights agreement.

The security documents and the intercreditor agreement referred to below under the caption "—Security" define the terms of the security interests that will secure the second priority notes.

The following description is a summary of the material provisions of the indenture, the security documents and the intercreditor agreement. It does not restate those agreements in their entirety. We urge you to read the indenture, the security documents and the intercreditor agreement because they, and not this description, define your rights as holders of the second priority notes. Copies of the indenture, the security documents and the intercreditor agreement are available as set forth below under "—Additional Information." Certain defined terms used in this description but not defined below under "—Certain Definitions" have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

The new floating rate second priority notes and the old floating rate second priority notes are treated as one series of notes under the indenture. Likewise, the new fixed rate second priority notes and the old fixed rate second priority notes are treated as one series of notes under the indenture. References in the following summary to the notes should be read to incorporate the old notes and the new notes.

The floating rate second priority notes and fixed rate second priority notes are *pari passu* in right of payment with each other and will be secured equally and ratably with each other.

**Brief Description of the Second Priority Notes and the Note Guarantees**

***The Second Priority Notes***

The second priority notes will:

- be general senior obligations of the Issuers;

- be secured on a second-priority lien basis by substantially all of the assets of US LLC and its Subsidiaries that secure the Senior Credit Agreement on a first-priority lien basis, other than the Excluded Assets;
- rank effectively junior in right of payment to any Indebtedness of the Issuers that is (i) secured by first priority liens on the assets securing the second priority notes, including the first-priority liens securing the Senior Credit Agreement, or (ii) secured by assets that are not part of the Collateral securing the second priority notes, in each case, to the extent of the value of the assets securing such Indebtedness;
- will be effectively junior to any Permitted Prior Liens, to the extent of the value of the assets of US LLC and its Subsidiaries subject to those Permitted Prior Liens;
- rank equally in right of payment with all existing and future senior Indebtedness of the Issuers, including borrowings under the Senior Credit Agreement;
- rank senior in right of payment to all subordinated Indebtedness of the Issuers, including the Issuers' senior subordinated notes; and
- will be unconditionally guaranteed by the Guarantors.

***The Second Priority Note Guarantees***

The second priority notes will be unconditionally guaranteed (the "Guarantees") on a senior secured basis by the Guarantors.

Each Guarantee will:

- be a general obligation of the Guarantor;
- will be secured on a second-priority basis, equally and ratably with all obligations of that Guarantor under the second priority notes and any other future Parity Lien Debt, by Liens on all of the assets of that Guarantor other than the Excluded Assets, subject to the Liens securing that Guarantor's guarantee of the Senior Credit Agreement obligations and any other Priority Lien Debt and other Permitted Prior Liens;
- be effectively junior, to the extent of the value of the Collateral, to that Guarantor's guarantee of the Senior Credit Agreement and any other Priority Lien Debt, which will be secured on a first-priority basis by the same assets of that Guarantor that secure the second priority notes and by certain other assets of that Guarantor that do not secure the second priority notes;
- be effectively junior to any Permitted Prior Liens, to the extent of the value of the assets of that Guarantor subject to those Permitted Prior Liens;
- rank equal in right of payment with all existing and future senior Indebtedness of that Guarantor; and
- will be senior in right of payment to any future subordinated Indebtedness of that Guarantor, if any.

Pursuant to the indenture, MagnaChip will be permitted to designate additional Indebtedness as Priority Lien Debt, subject to the Priority Lien Cap. MagnaChip also will be permitted to incur additional Indebtedness as Parity Lien Debt subject to the covenants described below under "Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock" and "Covenants—Liens."

As of the date of the indenture, all of our Subsidiaries will be "Restricted Subsidiaries" and Guarantors. The second priority notes will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of MagnaChip's present or future Subsidiaries that are not Guarantors. However, under the circumstances described below under the caption "—Certain Covenants—Designation of Restricted and Unrestricted Subsidiaries," we will be permitted to designate certain of our Subsidiaries as "Unrestricted Subsidiaries." Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture. Our Unrestricted Subsidiaries will not guarantee the second priority notes.

**Finance Company**

Finance Company is a Delaware corporation and a wholly owned subsidiary of MagnaChip that has been formed for the purpose of facilitating the offering of the second priority notes by acting as co-issuer. Finance Company will be nominally capitalized and will not have any operations or revenues. As a result, prospective purchasers of the second priority notes should not expect Finance Company to participate in servicing the interest and principal obligations on the notes. See "—Certain Covenants—Restrictions on Activities of Finance Company."

**Principal, Maturity and Interest**

The Issuers initially issued $500.0 million in aggregate principal amount of second priority notes, of which $300.0 million consisted of the floating rate second priority notes and $200.0 million consisted of the fixed rate second priority notes. The Issuers may issue additional floating rate second priority notes and additional fixed rate second priority notes under the indenture from time to time after this offering in an unlimited principal amount. Any issuance of additional floating rate second priority notes or fixed rate second priority notes is subject to all of the covenants in the indenture, including the covenant described below under the caption "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock." The floating rate second priority notes and any additional floating rate second priority notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. The fixed rate second priority notes and any additional fixed rate second priority notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. The floating rate second priority notes, including any additional floating rate second priority notes, and the fixed rate second priority notes, including any additional fixed rate second priority notes, will be treated as separate classes for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. The Issuers will issue the second priority notes in denominations of $1,000 and integral multiples of $1,000. The second priority notes will mature on December 15, 2011.

Interest on the floating rate second priority notes will accrue at a rate equal to the LIBOR Rate plus 3.25%. The LIBOR Rate will be reset quarterly. The LIBOR Rate for the quarterly period ending on June 30, 2005 is 3.41%. Interest on the floating rate second priority notes will be payable quarterly in arrears on March 15, June 15, September 15 and December 15, commencing on March 15, 2005. MagnaChip will make each interest payment to the holders of record on the March 1, June 1, September 1 and December 1 immediately preceding the next interest payment date. Interest on the floating rate second priority notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest on overdue principal and interest and Liquidated Damages, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the floating rate second priority notes.

Interest on the fixed rate second priority notes will accrue at the rate of 6 7/8% per annum and will be payable semi-annually in arrears on June 15 and December 15, commencing on June 15, 2005. MagnaChip will make each interest payment to the holders of record on the June 1 and December 1 immediately preceding the next interest payment date. Interest on the fixed rate second priority notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest on overdue principal and interest and Liquidated Damages, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the fixed rate second priority notes.

Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. In no event will the interest rate on the second priority notes be higher than the maximum rate permitted by law, if any.

**Methods of Receiving Payments on the Notes**

If a holder of second priority notes has given wire transfer instructions to MagnaChip, MagnaChip will pay all principal, interest and premium and Liquidated Damages, if any, on that holder's second priority notes in

accordance with those instructions. All other payments on the second priority notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless MagnaChip elects to make interest payments by check mailed to the noteholders at their address set forth in the register of holders.

**Paying Agent and Registrar for the Second Priority Notes**

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the notes, and MagnaChip or any of its Subsidiaries may act as paying agent or registrar.

**Transfer and Exchange**

A holder may transfer or exchange second priority notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of second priority notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any second priority note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of second priority notes to be redeemed.

**Additional Amounts**

All payments made by the Issuers under or with respect to the second priority notes or any of the Guarantors on its Guarantee will be made without withholding or deduction for, or on account of, any present or future Taxes unless the withholding or deduction of such Taxes is then required by law. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of any jurisdiction in which the Issuers or any Guarantor (including any successor entity), is then incorporated, engaged in business or resident for tax purposes or any political subdivision thereof or therein or any jurisdiction by or through which payment is made (each, a "Tax Jurisdiction"), will at any time be required to be made from or Taxes imposed directly on any Holder or beneficial owner of the second priority notes on any payments made by the Issuers under or with respect to the second priority notes or any of the Guarantors with respect to any Guarantee, including payments of principal, redemption price, purchase price, interest or premium, the Issuers or the relevant Guarantor, as applicable, will pay such additional amounts (the "Additional Amounts") as may be necessary in order that the net amounts received in respect of such payments by each Holder (including Additional Amounts) after such withholding or deduction will equal the respective amounts which would have been received in respect of such payments in the absence of such withholding, deduction or imposition; *provided, however*, that no Additional Amounts will be payable with respect to:

(1) any Tax imposed by the United States or by any political subdivision or taxing authority thereof or therein;

(2) any Taxes which would not have been imposed but for any present or former connection between the Holder or the beneficial owner of the second priority notes, such as being a citizen or resident or national of, incorporated in or carrying on a business, and the relevant Taxing Jurisdiction in which such Taxes are imposed (other than by the mere holding of such note or enforcement of rights thereunder or the receipt of payments in respect thereof) or any other connection arising as a result of the holding of the second priority notes;

(3) any Taxes that are imposed or withheld as a result of the failure of the Holder or beneficial owner of the second priority notes to comply with any written request, made to that Holder or beneficial owner in writing at least 30 days before any such withholding or deduction would be payable, by the Issuers or any of the Guarantors or any other Person through whom payment may be made to provide timely or accurate information concerning the nationality, residence or identity of such Holder or beneficial owner or to make any valid or timely declaration or similar claim or satisfy any certification information or other reporting requirement, which is required or imposed by a statute, treaty, regulation or administrative practice of the relevant Tax Jurisdiction as a precondition to exemption from all or part of such Taxes;

(4) any Note presented for payment (where a second priority note is in the form of a definitive second priority note and presentation is required) more than 30 days after the relevant payment is first made available for payment to the Holder (except to the extent that the Holder would have been entitled to Additional Amounts had the note been presented on the last day of such 30 day period);

(5) any estate, inheritance, gift, sale, transfer, personal property or similar tax or assessment;

(6) any Taxes withheld, deducted or imposed on a payment to an individual and which are required to be made pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 on the taxation of savings income or any law implementing or complying with or introduced in order to conform to, such Directive; or

(7) any combination of items (1) through (6) above.

The Issuers and the Guarantors will also pay and indemnify the holder for any present or future stamp, issue, registration, transfer, court or documentary taxes, or any other excise or property taxes, charges or similar levies or Taxes which are levied by any jurisdiction in which the Issuers or any Guarantor (including any successor entity) is then incorporated, engaged in business or resident for tax purposes or any political subdivision thereof or therein on the execution, delivery, registration or enforcement of any of the second priority notes, the indenture, any Guarantee, or any other document or instrument referred to therein, or the receipt of any payments with respect to the second priority notes or the Guarantees.

If either Issuer or any Guarantor, as the case may be, becomes aware that it will be obligated to pay Additional Amounts with respect to any payment under or with respect to the second priority notes or any Guarantee, the relevant Issuer or the relevant Guarantor, as the case may be, will deliver to the Trustee on a date which is at least 30 days prior to the date of that payment (unless the obligation to pay Additional Amounts arises after the 30th day prior to that payment date, in which case the relevant Issuer or the relevant Guarantor shall notify the Trustee promptly thereafter) an officers' certificate stating the fact that Additional Amounts will be payable and the amount estimated to be so payable. The officers' certificate must also set forth any other information reasonably necessary to enable the Paying Agent to pay Additional Amounts to Holders on the relevant payment date. The relevant Issuer or the relevant Guarantor will provide the Trustee with documentation reasonably satisfactory to the Trustee evidencing the payment of Additional Amounts.

The relevant Issuer or the relevant Guarantor will make all withholdings and deductions required by law and will remit the full amount deducted or withheld to the relevant Tax authority in accordance with applicable law. The relevant Issuer or the relevant Guarantor will use its reasonable efforts to obtain Tax receipts from each Tax authority evidencing the payment of any Taxes so deducted or withheld. The relevant Issuer or the relevant Guarantor will furnish to the Holders, within 60 days after the date the payment of any Taxes so deducted or withheld is made, certified copies of Tax receipts evidencing payment by the relevant Issuer or a Guarantor, as the case may be, or if, notwithstanding such entity's efforts to obtain receipts, receipts are not obtained, other evidence of payments by such entity.

Whenever in the Indenture or in this "Description of Second Priority Notes" there is mentioned, in any context, the payment of amounts based upon the principal amount of the second priority notes or of principal, interest or of any other amount payable under, or with respect to, any of the notes, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

**Second Priority Note Guarantees**

The Issuers' Obligations under the second priority notes will be jointly and severally guaranteed on a senior secured basis by the Guarantors. As of the date of the indenture all of our Subsidiaries will be Guarantors. Each

Guarantee will be secured by second priority liens on any Collateral owned by the Guarantor. The Guarantees will be pari passu in right of payment with all existing and future senior Indebtedness of the Guarantors and will be effectively junior to any debt of any Guarantor that is either (1) secured by a Lien on the Collateral that is senior or prior to the second priority liens securing the Guarantees, including the Priority Liens or (2) secured by assets that are not part of the Collateral securing the second priority notes, in each case, to the extent of the value of the assets securing that collateral. The Obligations of each Guarantor under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law. Except as provided in agreements governing MagnaChip's other Indebtedness and in "Certain Covenants" below, MagnaChip is not restricted from selling or otherwise disposing of any of the Equity Interests of the Guarantors.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person, other than MagnaChip or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the indenture, its Note Guarantees and the registration rights agreement pursuant to a supplemental indenture and appropriate collateral documents satisfactory to the trustee; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the indenture.

The Note Guarantees of a Guarantor will be released:

(1) in connection with any liquidation or sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) MagnaChip or a Restricted Subsidiary of MagnaChip, if the sale or other disposition does not violate the "Asset Sale" provisions of the indenture or is made in connection with an enforcement of a Priority Lien;

(2) in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) MagnaChip or a Restricted Subsidiary of MagnaChip, if the sale or other disposition does not violate the "Asset Sale" provisions of the indenture;

(3) if MagnaChip designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture; or

(4) upon legal defeasance or satisfaction and discharge of the indenture as provided below under the captions "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge."

See "—Repurchase at the Option of Holders—Asset Sales."

**Security**

The obligations of the Issuers with respect to the notes, the obligations of the Guarantors under the guarantees, all other Parity Lien Obligations and the performance of all other obligations of the Issuers, the Guarantors and the other Restricted Subsidiaries under the Note Documents will be secured equally and ratably by second-priority Liens in the Collateral granted to the Parity Lien Collateral Agent for the benefit of the holders of the Parity Lien Obligations. These Liens will be junior in priority to the Liens securing Priority Lien Obligations and to all other Permitted Prior Liens. The Liens securing Priority Lien Obligations will be held by

the Priority Lien Collateral Agent or the Collateral Trustee. The Collateral Trustee will hold the rights with respect to the guarantees and liens granted from MagnaChip Semiconductor, Ltd. and will be responsible for enforcing the same in accordance with directions from the Priority Lien Collateral Agent and, after the Discharge of Priority Lien Obligations, the Parity Lien Collateral Agent, as detailed in the intercreditor agreement. The Collateral securing Parity Lien Obligations comprises all of the assets of MagnaChip and the other Pledgors, other than the Excluded Assets.

**Intercreditor Agreement**

On December 23, 2004, the Pledgors entered into an intercreditor agreement with the Priority Lien Collateral Agent, the Priority Lien Credit Agreement Agent, the Parity Lien Collateral Agent and the trustee. The intercreditor agreement sets forth the terms of the relationship between the holders of Priority Liens and the holders of Parity Liens.

***Restrictions on Enforcement of Parity Liens***

Until the Discharge of Priority Lien Obligations, the holders of loans made under the Senior Credit Agreement and other Priority Lien Obligations will have, subject to the exceptions set forth below in clauses (1) through (4) and the provisions described below under the caption "—Provisions of the Indenture Relating to Security—Relative Rights," and subject to the rights of the holders of Permitted Prior Liens, the exclusive right to enforce, collect or realize on any Collateral or exercise any other right or remedy with respect to the Collateral. Neither the Parity Lien Collateral Agent, nor the trustee nor the holders of notes or other Parity Lien Obligations may take any action to enforce, collect or realize on any Collateral or exercise any other right or remedy with respect to the Collateral. Notwithstanding the foregoing, the trustee at the direction of the holders of notes (together with any other holder of a Parity Lien Obligation) may, subject to the rights of the holders of other Permitted Prior Liens, direct the Parity Lien Collateral Agent:

(1) without any condition or restriction whatsoever, at any time after the Discharge of Priority Lien Obligations;

(2) as necessary to redeem any Collateral in a creditor's redemption permitted by law or to deliver any notice or demand necessary to enforce (subject to the prior Discharge of Priority Lien Obligations) any right to claim, take or receive proceeds of Collateral remaining after the Discharge of Priority Lien Obligations in the event of foreclosure or other enforcement of any Permitted Prior Lien;

(3) as necessary to perfect or establish the priority (subject to Priority Liens and other Permitted Prior Liens) of the Parity Liens upon any Collateral; *provided* that the trustee and the holders of Parity Lien Obligations may not require the Parity Lien Collateral Agent to take any action to perfect any Collateral through possession or control; or

(4) as necessary to create, prove, preserve or protect (but not enforce) the Parity Liens upon any Collateral; *provided* that the trustee and the holders of Parity Lien Obligations may not require the Collateral Trustee or the Parity Lien Collateral Agent to take any action to create, prove, preserve or protect any Collateral through possession or control.

Subject to the provisions described below under the caption "—Provisions of the Indenture Relating to Security—Relative Rights," until the Discharge of Priority Lien Obligations, none of the holders of notes or other Parity Lien Obligations, the Parity Lien Collateral Agent or any Parity Lien Representative will:

(1) request judicial relief, in an insolvency or liquidation proceeding or in any other court, that would hinder, delay, limit or prohibit the lawful exercise or enforcement of any right or remedy otherwise available to the holders of Priority Lien Obligations in respect of the Priority Liens or that would limit, invalidate, avoid or set aside any Priority Lien or subordinate the Priority Liens to the Parity Liens or grant the Parity Liens equal ranking to the Priority Liens;

(2) oppose or otherwise contest any motion for relief from the automatic stay or from any injunction against foreclosure or enforcement of Priority Liens made by any holder of Priority Lien Obligations or any Priority Lien Representative in any insolvency or liquidation proceedings;

(3) oppose or otherwise contest any lawful exercise by any holder of Priority Lien Obligations or any Priority Lien Representative of the right to credit bid Priority Lien Debt at any sale in foreclosure of Priority Liens;

(4) oppose or otherwise contest any other request for judicial relief made in any court by any holder of Priority Lien Obligations or any Priority Lien Representative relating to the lawful enforcement of any Priority Lien; or

(5) challenge the validity, enforceability, perfection or priority of the Priority Liens.

Notwithstanding the foregoing, both before and during an insolvency or liquidation proceeding, the holders of notes and other Parity Lien Obligations and the Parity Lien Representatives may take any actions and exercise any and all rights that would be available to a holder of unsecured claims, including, without limitation, the commencement of an insolvency or liquidation proceeding against an Issuer or any other Pledgor in accordance with applicable law; *provided* that, by accepting a note, each holder of notes will agree not to take any of the actions prohibited under clauses (1) through (5) of the preceding paragraph or oppose or contest any order that it has agreed not to oppose or contest under the provisions described below under the caption "—Insolvency or Liquidation Proceedings."

At any time prior to the Discharge of Priority Lien Obligations and after (a) the commencement of any insolvency or liquidation proceeding in respect of MagnaChip or any other Pledgor or (b) the Parity Lien Collateral Agent and each Parity Lien Representative have received written notice from the Priority Lien Collateral Agent or any Priority Lien Representative at the direction of an Act of Required Debtholders stating that (i) any Series of Priority Lien Debt has become due and payable in full (whether at maturity, upon acceleration or otherwise) or (ii) the holders of Priority Liens securing one or more Series of Priority Lien Debt have become entitled under any Priority Lien Documents to and desire to enforce any or all of the Priority Liens by reason of a default under such Priority Lien Documents, no distribution of securities or other assets received with respect to any insolvency or liquidation proceedings of any Pledgor and no payment of money (or the equivalent of money) will be made from the proceeds of Collateral by MagnaChip or any other Pledgor to the Parity Lien Collateral Agent, any Parity Lien Representative, any holder of notes or any other holder of Parity Lien Obligations (including, without limitation, payments and prepayments made for application to Parity Lien Obligations and all other payments and deposits made pursuant to any provision of the indenture, the notes, the Guarantees or any other Parity Lien Document).

Subject to the provisions described below under the caption "—Provisions of the Indenture Relating to Security—Relative Rights," all proceeds of Collateral (including any distributions of securities or other assets with respect to any insolvency or liquidation proceedings of any Guarantor) received by the Collateral Trustee or the Parity Lien Collateral Agent, any Parity Lien Representative or any holder of Parity Lien Obligations at any time prior to the Discharge of Priority Lien Obligations in violation of the immediately preceding paragraph will be held by the Collateral Trustee, the Parity Lien Collateral Agent, the applicable Parity Lien Representative or the applicable holder of Parity Lien Obligations for the account of the holders of Priority Liens and remitted or otherwise appropriately delivered to any Priority Lien Representative upon demand by such Priority Lien Representative. The Parity Liens will remain attached to and, subject to the provisions described under the caption "—Provisions of the Indenture Relating to Security—Ranking of Parity Liens," enforceable against all proceeds so held or remitted. All proceeds of Collateral received by the Collateral Trustee, the Parity Lien Collateral Agent, any Parity Lien Representative, the holders of notes and the other holders of Parity Lien Obligations not in violation of the immediately preceding paragraph will be received by the Collateral Trustee, the Parity Lien Collateral Agent, such Parity Lien Representative or such holder of Parity Lien Obligations free from the Priority Liens and all other Liens except the Parity Liens.

***Waiver of Right of Marshalling***

The intercreditor agreement provides that, prior to the Discharge of Priority Lien Obligations, the holders of notes and other Parity Lien Obligations, each Parity Lien Representative and the Parity Lien Collateral Agent may not assert or enforce any right of marshalling accorded to a junior lienholder, as against the holders of Priority Liens (in their capacity as priority lienholders). Following the Discharge of Priority Lien Obligations, the holders of Parity Lien Obligations and any Parity Lien Representative may assert their right under the Uniform Commercial Code or otherwise to any proceeds remaining following a sale or other disposition of Collateral by, or on behalf of, the holders of Priority Lien Obligations.

***Insolvency or Liquidation Proceedings***

If in any insolvency or liquidation proceeding and prior to the Discharge of Priority Lien Obligations, the holders of Priority Lien Obligations by an Act of Required Debtholders consent to any order:

(1) for use of cash collateral;

(2) approving a debtor-in-possession financing secured by a Lien that is senior to or on a parity with all Priority Liens upon any property of the estate in such insolvency or liquidation proceeding;

(3) granting any relief on account of Priority Lien Obligations as adequate protection (or its equivalent) for the benefit of the holders of Priority Lien Obligations in the collateral subject to Priority Liens; or

(4) relating to a sale of assets of MagnaChip or any other Pledgor that provides, to the extent the assets sold are to be free and clear of Liens, that all Priority Liens and Parity Liens will attach to the proceeds of the sale;

then, the holders of notes and other Parity Lien Obligations, in their capacity as holders of secured claims, and each Parity Lien Representative will not oppose or otherwise contest the entry of such order, so long as none of the holders of Priority Lien Obligations or any Priority Lien Representative in any respect opposes or otherwise contests any request made by the holders of notes or other Parity Lien Obligations or a Parity Lien Representative for the grant to the Parity Lien Collateral Agent, for the benefit of the holders of notes and other Parity Lien Obligations, of a junior Lien upon any property on which a Lien is (or is to be) granted under such order to secure the Priority Lien Obligations, coextensive in all respects with, but subordinated (as set forth herein under the caption "—Provisions of the Indenture Relating to Security—Ranking of Parity Liens") to, such Lien and all Priority Liens on such property.

Notwithstanding the foregoing, both before and during an insolvency or liquidation proceeding, the holders of notes and other Parity Lien Obligations and the Parity Lien Representatives may take any actions and exercise any and all rights that would be available to a holder of unsecured claims, including, without limitation, the commencement of insolvency or liquidation proceedings against MagnaChip or any other Pledgor in accordance with applicable law; *provided* that, by accepting a note, each holder of notes will agree not to take any of the actions prohibited under clauses (1) through (5) of the second paragraph of the provisions described above under the caption "—Restrictions on Enforcement of Parity Liens" or oppose or contest any order that it has agreed not to oppose or contest under clauses (1) through (4) of the preceding paragraph.

The holders of notes or other Parity Lien Obligations or any Parity Lien Representative will not file or prosecute in any insolvency or liquidation proceeding any motion for adequate protection (or any comparable request for relief) based upon their interest in the Collateral under the Parity Liens, except that:

(1) they may freely seek and obtain relief: (a) granting a junior Lien co-extensive in all respects with, but subordinated (as set forth herein under the caption "—Provisions of the Indenture Relating to Security—Ranking of Parity Liens") to, all Liens granted in the insolvency or liquidation proceeding to, or for the benefit of, the holders of Priority Lien Obligations; or (b) in connection with the confirmation of any plan of reorganization or similar dispositive restructuring plan; and

(2) they may freely seek and obtain any relief upon a motion for adequate protection (or any comparable relief), without any condition or restriction whatsoever, at any time after the Discharge of Priority Lien Obligations.

***Order of Application***

***Distributions by the Priority Lien Collateral Agent***

The intercreditor agreement provides that if any Collateral is sold or otherwise realized upon by the Priority Lien Collateral Agent in connection with any foreclosure, collection or other enforcement of Liens granted to the Priority Lien Collateral Agent in the Priority Lien Security Documents, the proceeds received by the Priority Lien Collateral Agent from such foreclosure, collection or other enforcement will be distributed by the Priority Lien Collateral Agent in the following order of application:

FIRST, to the payment of all amounts payable under the Priority Lien Documents on account of the Collateral Trustee's and the Priority Lien Collateral Agent's fees and any reasonable legal fees, costs and expenses or other liabilities of any kind incurred by the Collateral Trustee and the Priority Lien Collateral Agent or any co-trustee or agent of the Priority Lien Collateral Agent in connection with any Priority Lien Security Document;

SECOND, to the repayment of Indebtedness and other Obligations, other than Secured Debt, secured by a Permitted Prior Lien on the Collateral sold or realized upon;

THIRD, to the respective Priority Lien Representatives for application to the payment of all outstanding Priority Lien Debt and any other Priority Lien Obligations that are then due and payable in such order as may be provided in the Priority Lien Documents in an amount sufficient to pay in full in cash all outstanding Priority Lien Debt and all other Priority Lien Obligations that are then due and payable (including all interest accrued thereon after the commencement of any insolvency or liquidation proceeding at the rate, including any applicable post-default rate, specified in the Priority Lien Documents, even if such interest is not enforceable, allowable or allowed as a claim in such proceeding, and including the discharge or cash collateralization (at the lower of (1) 105% of the aggregate undrawn amount and (2) the percentage of the aggregate undrawn amount required for release of Liens under the terms of the applicable Priority Lien Document) of all outstanding letters of credit constituting Priority Lien Debt);

FOURTH, to the payment of all amounts payable under the Parity Lien Documents on account of the Collateral Trustee's (to the extent not payable pursuant to FIRST above) fees and any reasonable legal fees, costs and expenses or other liabilities of any kind incurred by the Collateral Trustee and the Parity Lien Collateral Agent or any co-trustee or agent of the Parity Lien Collateral Agent in connection with any security document;

FIFTH, to the respective Parity Lien Representatives for application to the payment of all outstanding Parity Lien Debt and any other Parity Lien Obligations that are then due and payable in such order as may be provided in the Parity Lien Documents in an amount sufficient to pay in full in cash all outstanding Parity Lien Debt and all other Parity Lien Obligations that are then due and payable (including, to the extent legally permitted, all interest accrued thereon after the commencement of any insolvency or liquidation proceeding at the rate, including any applicable post-default rate, specified in the Parity Lien Documents, even if such interest is not enforceable, allowable or allowed as a claim in such proceeding, and including the discharge or cash collateralization (at the lower of (1) 105% of the aggregate undrawn amount and (2) the percentage of the aggregate undrawn amount required for release of Liens under the terms of the applicable Parity Lien Document) of all outstanding letters of credit, if any, constituting Parity Lien Debt); and

SIXTH, any surplus remaining after the payment in full in cash of the amounts described in the preceding clauses will be paid to MagnaChip or the applicable Pledgor, as the case may be, its successors or assigns, or as a court of competent jurisdiction may direct.

***Distributions by the Parity Lien Collateral Agent***

Notwithstanding the preceding paragraph, if, following the Discharge of Priority Lien Obligations, any Collateral is sold or otherwise realized upon by the Collateral Trustee or the Parity Lien Collateral Agent in connection with any foreclosure, collection or other enforcement of Liens granted to the Collateral Trustee or the Parity Lien Collateral Agent in the security documents, the proceeds received by the Collateral Trustee or the Parity Lien Collateral Agent from such foreclosure, collection or other enforcement will be distributed by the Parity Lien Collateral Agent in the following order of application:

FIRST, to the payment of all amounts payable under the Parity Lien Documents on account of the Collateral Trustee's and the Parity Lien Collateral Agent's fees and any reasonable legal fees, costs and expenses or other liabilities of any kind incurred by the Collateral Trustee and the Parity Lien Collateral Agent or any co-trustee or agent of the Parity Lien Collateral Agent in connection with any security document; and SECOND, in accordance with clauses FIFTH and SIXTH of the provisions described above under the caption "—Distributions by the Priority Lien Collateral Agent."

If any Parity Lien Representative or any holder of a Parity Lien Obligation collects or receives any proceeds of such foreclosure, collection or other enforcement that should have been applied to the payment of the Priority Lien Obligations in accordance with the paragraph above, whether after the commencement of an insolvency or liquidation proceeding or otherwise, such Parity Lien Representative or such holder of a Parity Lien Obligation, as the case may be, will forthwith deliver the same to the Priority Lien Collateral Agent, for the account of the holders of the Priority Lien Obligations and other Obligations secured by a Permitted Prior Lien, to be applied in accordance with the provisions set forth above under this caption "—Order of Application." Until so delivered, such proceeds will be held by that Parity Lien Representative or that holder of a Parity Lien Obligation, as the case may be, for the benefit of the holders of the Priority Lien Obligations and other Obligations secured by a Permitted Prior Lien.

The provisions set forth above under this caption "—Order of Application" are section is intended for the benefit of, and will be enforceable as a third party beneficiary by, each present and future holder of Secured Obligations, each present and future Secured Debt Representative, the Priority Lien Collateral Agent as holder of Priority Liens and the Parity Lien Collateral Agent as holder of Parity Liens. The Secured Debt Representative of each future Series of Secured Debt will be required to deliver a Lien Sharing and Priority Confirmation to the Priority Lien Collateral Agent, the Parity Lien Collateral Agent and each other Secured Debt Representative at the time of incurrence of such Series of Secured Debt.

***Release of Liens on Collateral***

The intercreditor agreement provides that the Priority Liens and the Parity Liens on the Collateral will be released:

(1) in whole, upon (a) payment in full and discharge of all outstanding Secured Debt and all other Secured Obligations that are outstanding, due and payable at the time all of the Secured Debt is paid in full and discharged and (b) termination or expiration of all commitments to extend credit under all Secured Debt Documents and the cancellation or termination or cash collateralization (at the lower of (1) 105% of the aggregate undrawn amount and (2) the percentage of the aggregate undrawn amount required for release of Liens under the terms of the applicable Secured Debt Documents) of all outstanding letters of credit issued pursuant to any Secured Debt Documents;

(2) as to any Collateral that is sold, transferred or otherwise disposed of by MagnaChip or any other Pledgor to a Person that is not (either before or after such sale, transfer or disposition) MagnaChip or a Restricted Subsidiary of MagnaChip in a transaction or other circumstance that complies with the "Asset Sale" provisions of the indenture and is permitted by all of the other Secured Debt Documents or that is made in connection with an enforcement of a Priority Lien, at the time of such sale, transfer or other disposition or to the extent of the interest sold, transferred or otherwise disposed of; *provided* that the Parity

Lien Collateral Agent's Liens upon the Collateral will not be released if the sale or disposition (other than a sale or disposition made in connection with an enforcement of a Priority Lien) is subject to the covenant described below under the caption "—Certain Covenants—Merger, Consolidation or Sale of Assets;"

(3) as to a release of less than all or substantially all of the Collateral, if consent to the release of all Priority Liens on such Collateral has been given by an Act of Required Debtholders; and

(4) as to a release of all or substantially all of the Collateral, if (a) consent to the release of that Collateral has been given by the requisite percentage or number of holders of each Series of Secured Debt at the time outstanding as provided for in the applicable Secured Debt Documents, and (b) MagnaChip has delivered an officers' certificate to the Priority Lien Collateral Agent and the Parity Lien Collateral Agent certifying that all such necessary consents have been obtained.

The security documents provide that the Liens securing the Secured Debt will extend to the proceeds of any sale of Collateral. As a result, the Parity Lien Collateral Agent's Liens will apply to the proceeds of any such Collateral received in connection with any sale or other disposition of assets described in the preceding paragraph.

***Release of Liens in Respect of Notes***

The indenture and the intercreditor agreement provide that the Parity Lien Collateral Agent's Parity Liens upon the Collateral will no longer secure the second priority notes outstanding under the indenture or any other Obligations under the indenture, and the right of the holders of the second priority notes and such Obligations to the benefits and proceeds of the Parity Lien Collateral Agent's Parity Liens on the Collateral will terminate and be discharged:

(1) upon satisfaction and discharge of the indenture as set forth under the caption "—Satisfaction and Discharge;"

(2) upon a Legal Defeasance or Covenant Defeasance of the second priority notes as set forth under the caption "—Legal Defeasance and Covenant Defeasance;"

(3) upon payment in full and discharge of all notes outstanding under the indenture and all Obligations that are outstanding, due and payable under the indenture at the time the second priority notes are paid in full and discharged; or

(4) in whole or in part, with the consent of the holders of the requisite percentage of notes in accordance with the provisions described below under the caption "Amendment, Supplement and Waiver."

***Amendment of Priority Lien Security Documents***

The intercreditor agreement provides that no amendment or supplement to the provisions of any Priority Lien Security Document will be effective without the approval of the Priority Lien Collateral Agent acting as directed by the Required Priority Lien Debtholders, except that:

(1) any amendment or supplement that has the effect solely of adding or maintaining Collateral, securing additional Priority Lien Debt that was otherwise permitted by the terms of the Priority Lien Documents to be secured by the Collateral or preserving, perfecting or establishing the priority of the Priority Liens or the rights of the Priority Lien Collateral Agent therein will become effective when executed and delivered by MagnaChip or any other applicable Pledgor party thereto and the Priority Lien Collateral Agent;

(2) no amendment or supplement that reduces, impairs or adversely affects the right of any holder of Priority Lien Obligations:

(a) to vote its outstanding Priority Lien Debt as to any matter described as subject to direction by the Required Priority Lien Debtholders (or amends the provisions of this clause (2) or the definition of "Required Priority Lien Debtholders"),

(b) to share in the order of application described above under "—Order of Application" in the proceeds of enforcement of or realization on any Collateral, or

(c) to require that Priority Liens be released only as set forth in the provisions described above under the caption "—Release of Liens on Collateral", will become effective without the consent of the requisite percentage or number of holders of each Series of Priority Lien Debt so affected under the applicable Priority Lien Document;

(3) no amendment or supplement that imposes any obligation upon the Priority Lien Collateral Agent or any Priority Lien Debt Representative or adversely affects the rights of the Priority Lien Collateral Agent or any Priority Lien Representative, in its individual capacity as such, will become effective without the consent of the Priority Lien Collateral Agent or such Priority Lien Representative.

Any amendment or supplement to the provisions of the Priority Lien Security Documents that releases Collateral will be effective only in accordance with the requirements set forth in the applicable Priority Lien Documents referenced above under the caption "—Release of Liens on Collateral."

***Amendment of Security Documents***

The intercreditor agreement provides that no amendment or supplement to the provisions of any security document will be effective without the approval of the Parity Lien Collateral Agent acting as directed by the Required Parity Lien Debtholders, except that:

(1) any amendment or supplement that has the effect solely of adding or maintaining Collateral, securing additional Parity Lien Debt that was otherwise permitted by the terms of the Parity Lien Documents to be secured by the Collateral or preserving, perfecting or establishing the priority of the Liens thereon or the rights of the Parity Lien Collateral Agent therein will become effective when executed and delivered by MagnaChip or any other applicable Pledgor party thereto and the Parity Lien Collateral Agent;

(2) no amendment or supplement that reduces, impairs or adversely affects the right of any holder of Parity Lien Obligations:

(a) to vote its outstanding Parity Lien Debt as to any matter described as subject to direction by the Required Parity Lien Debtholders (or amends the provisions of this clause (2) or the definition of "Required Parity Lien Debtholders"),

(b) to share in the order of application described above under "—Order of Application" in the proceeds of enforcement of or realization on any Collateral, or

(c) to require that Parity Liens be released only as set forth in the provisions described above under the caption "—Release of Liens on Collateral," will become effective without the consent of the requisite percentage or number of holders of each Series of Parity Lien Debt so affected under the applicable Parity Lien Document; and

(3) no amendment or supplement that imposes any obligation upon the Parity Lien Collateral Agent or any Parity Debt Representative or adversely affects the rights of the Parity Lien Collateral Agent or any Parity Lien Representative, respectively, in its individual capacity as such will become effective without the consent of the Parity Lien Collateral Agent or such Parity Lien Representative, respectively.

Any amendment or supplement to the provisions of the security documents that releases Collateral will be effective only in accordance with the requirements set forth in the intercreditor agreement or other applicable Parity Lien Document referenced above under the caption "—Release of Liens on Collateral."

Any amendment or supplement that results in the Parity Lien Collateral Agent's Liens upon the Collateral no longer securing the second priority notes and the other Obligations under the indenture may only be effected in accordance with the provisions described above under the caption "—Release of Liens in Respect of Notes."

The intercreditor agreement provides that, notwithstanding anything to the contrary under the caption "—Amendment of Security Documents," but subject to clauses (2) and (3) above:

(1) any mortgage or other security document that secures Parity Lien Obligations (but not Priority Lien Obligations) may be amended or supplemented with the approval of the Parity Lien Collateral Agent acting as directed in writing by the Required Parity Lien Debtholders, unless such amendment or supplement would not be permitted under the terms of the intercreditor agreement or the other Priority Lien Documents; and

(2) any amendment or waiver of, or any consent under, any provision of the intercreditor agreement or any other security document that secures Priority Lien Obligations will apply automatically to any comparable provision of any comparable Parity Lien Document without the consent of or notice to any holder of Parity Lien Obligations and without any action by MagnaChip or any other Pledgor or any holder of notes or other Parity Lien Obligations.

Notwithstanding the foregoing, without the consent of any party, the Trustee, the Collateral Trustee or the Parity Lien Collateral Agent may, and, if requested by any of the foregoing, the Issuers shall, appoint one or more co-trustees, separate trustees or agents to hold or perfect the lien and security interest in any collateral in any jurisdiction in which the Trustee, the Collateral Trustee or the Parity Lien Collateral Agent, as applicable, is either not qualified to do business or in the exercise of its sole discretion, declines to act.

***Voting***

In connection with any matter under the intercreditor agreement requiring a vote of holders of Secured Debt, each Series of Secured Debt will cast its votes in accordance with the Secured Debt Documents governing such Series of Secured Debt. The amount of Secured Debt to be voted by a Series of Secured Debt will equal (1) the aggregate principal amount of Secured Debt held by such Series of Secured Debt (including outstanding letters of credit whether or not then available or drawn), *plus* (2) other than in connection with an exercise of remedies, the aggregate unfunded commitments to extend credit which, when funded, would constitute Indebtedness of such Series of Secured Debt. Following and in accordance with the outcome of the applicable vote under its Secured Debt Documents, the Secured Debt Representative of each Series of Secured Debt will vote the total amount of Secured Debt under that Series as a block in respect of any vote under the intercreditor agreement.

***Bailee for Perfection***

Solely for purposes of perfecting the Parity Liens of the Parity Lien Collateral Agent in any portion of the Collateral in the possession of the Priority Lien Collateral Agent (or its agents or bailees) as part of the collateral securing the Priority Lien Obligations including, without limitation, any instruments, goods, negotiable documents, tangible chattel paper, certificated securities or money, the Priority Lien Collateral Agent and the Priority Lien Representatives acknowledge that the Priority Lien Collateral Agent also holds that property as bailee for the benefit of the Parity Lien Collateral Agent for the benefit of the holders of Parity Lien Obligations.

***Delivery of Collateral and Proceeds of Collateral***

Following the Discharge of Priority Lien Obligations, the Priority Lien Collateral Agent will, to the extent permitted by applicable law, deliver to (1) the Parity Lien Collateral Agent, or (2) such other person as a court of competent jurisdiction may otherwise direct, (a) any Collateral held by, or on behalf of, the Priority Lien Collateral Agent or any holder of Priority Lien Obligations, and (b) all proceeds of Collateral held by, or on behalf of, the Priority Lien Collateral Agent or any holder of Priority Lien Obligations, whether arising out of an action taken to enforce, collect or realize upon any Collateral or otherwise. Such Collateral and such proceeds will be delivered without recourse and without any representation or warranty whatsoever as to the enforceability, perfection, priority or sufficiency of any Lien securing or guarantee or other supporting obligation for any Priority Lien Debt or Parity Lien Debt, together with any necessary endorsements or as a court of competent jurisdiction may otherwise direct.

**Provisions of the Indenture Relating to Security**

***Equal and Ratable Sharing of Collateral by Holders of Parity Lien Debt***

The indenture provides that, notwithstanding:

(1) anything to the contrary contained in the security documents;

(2) the time of incurrence of any Series of Parity Lien Debt;

(3) the order or method of attachment or perfection of any Liens securing any Series of Parity Lien Debt;

(4) the time or order of filing or recording of financing statements, mortgages or other documents filed or recorded to perfect any Lien upon any Collateral;

(5) the time of taking possession or control over any Collateral;

(6) that any Parity Lien may not have been perfected or may be or have become subordinated, by equitable subordination or otherwise, to any other Lien; or

(7) the rules for determining priority under any law governing relative priorities of Liens:

(a) all Parity Liens granted at any time by MagnaChip or any other Pledgor will secure, equally and ratably, all present and future Parity Lien Obligations; and

(b) all proceeds of all Parity Liens granted at any time by MagnaChip or any other Pledgor will be allocated and distributed equally and ratably on account of the Parity Lien Debt and other Parity Lien Obligations.

This section is intended for the benefit of, and will be enforceable as a third party beneficiary by, each present and future holder of Parity Lien Obligations, each present and future Parity Lien Representative and the Parity Lien Collateral Agent as holder of Parity Liens. The Parity Lien Representative of each future Series of Parity Lien Debt will be required to deliver a Lien Sharing and Priority Confirmation to the Parity Lien Collateral Agent and the trustee at the time of incurrence of such Series of Parity Lien Debt.

***Ranking of Parity Liens***

The indenture provides that, notwithstanding:

(1) anything to the contrary contained in the security documents;

(2) the time of incurrence of any Series of Secured Debt;

(3) the order or method of attachment or perfection of any Liens securing any Series of Secured Debt;

(4) the time or order of filing or recording of financing statements, mortgages or other documents filed or recorded to perfect any Lien upon any Collateral;

(5) the time of taking possession or control over any Collateral;

(6) that any Priority Lien may not have been perfected or may be or have become subordinated, by equitable subordination or otherwise, to any other Lien; or

(7) the rules for determining priority under any law governing relative priorities of Liens,

all Parity Liens at any time granted by MagnaChip or any other Pledgor will be subject and subordinate to all Priority Liens securing Priority Lien Obligations up to the Priority Lien Cap.

The provisions under the caption "—Ranking of Parity Liens" are intended for the benefit of, and will be enforceable as a third party beneficiary by, each present and future holder of Priority Lien Obligations, each present and future Priority Lien Representatives and the Priority Lien Collateral Agent as holder of Priority Liens. No other Person will be entitled to rely on, have the benefit of or enforce those provisions. The Parity Lien

Representative of each future Series of Parity Lien Debt will be required to deliver a Lien Sharing and Priority Confirmation to the Priority Lien Collateral Agent and each Priority Lien Representative at the time of incurrence of such Series of Parity Lien Debt.

In addition, the provisions under the caption "—Ranking of Parity Liens" are intended solely to set forth the relative ranking, as Liens, of the Liens securing Parity Lien Debt as against the Priority Liens. Neither the second priority notes nor any other Parity Lien Obligations nor the exercise or enforcement of any right or remedy for the payment or collection thereof are intended to be, or will ever be by reason of the foregoing provision, in any respect subordinated, deferred, postponed, restricted or prejudiced.

***Relative Rights***

Nothing in the Note Documents will:

(1) impair, as MagnaChip and the holders of the notes, the obligation of MagnaChip to pay principal of, premium and interest and Liquidated Damages, if any, on the second priority notes in accordance with their terms or any other obligation of MagnaChip or any other Pledgor;

(2) affect the relative rights of holders of notes as against any other creditors of MagnaChip or any other Pledgor (other than holders of Priority Liens, Permitted Prior Liens or other Parity Liens);

(3) restrict the right of any holder of notes to sue for payments that are then due and owing (but not enforce any judgment in respect thereof against any Collateral to the extent specifically prohibited by the provisions described above under the captions "—Intercreditor Agreement—Restrictions on Enforcement of Parity Liens" or "—Intercreditor Agreement—Insolvency and Liquidation Proceedings");

(4) restrict or prevent any holder of notes or other Parity Lien Obligations, the Parity Lien Collateral Agent or any Parity Lien Representative from exercising any of its rights or remedies upon a Default or Event of Default not specifically restricted or prohibited by (a) "—Intercreditor Agreement—Restrictions on Enforcement of Parity Liens" or (b) "—Intercreditor Agreement—Insolvency and Liquidation Proceedings"; or

(5) restrict or prevent any holder of notes or other Parity Lien Obligations, the Parity Lien Collateral Agent or any Parity Lien Representative from taking any lawful action in an insolvency or liquidation proceeding not specifically restricted or prohibited by (a) "—Intercreditor Agreement—Restrictions on Enforcement of Parity Liens" or (b) "—Intercreditor Agreement—Insolvency and Liquidation Proceedings."

***Compliance with Trust Indenture Act***

The indenture provides that MagnaChip will comply with the provisions of TIA §314.

To the extent applicable, MagnaChip will cause TIA §313(b), relating to reports, and TIA §314(d), relating to the release of property or securities subject to the Lien of the security documents, to be complied with. Any certificate or opinion required by TIA §314(d) may be made by an officer of MagnaChip except in cases where TIA §314(d) requires that such certificate or opinion be made by an independent Person, which Person will be an independent engineer, appraiser or other expert. Notwithstanding anything to the contrary in this paragraph, MagnaChip will not be required to comply with all or any portion of TIA §314(d) if it determines, in good faith based on advice of counsel, that under the terms of TIA §314(d) and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including "no action" letters or exemptive orders, all or any portion of TIA §314(d) is inapplicable to one or a series of released Collateral.

***Further Assurances; Insurance***

The indenture and the security documents provide that MagnaChip and each of the other Pledgors will do or cause to be done all acts and things that may be required, or that the Parity Lien Collateral Agent from time to time may reasonably request, to assure and confirm that the Parity Lien Collateral Agent holds, for the benefit of

the holders of Parity Lien Obligations, duly created and enforceable and perfected Parity Liens upon the Collateral (including any property or assets that are acquired or otherwise become Collateral after the second priority notes are issued), in each case, as contemplated by, and with the Lien priority required under, the Parity Lien Documents.

Upon the reasonable request of the Parity Lien Collateral Agent or any Parity Lien Representative at any time and from time to time, MagnaChip and each of the other Pledgors will promptly execute, acknowledge and deliver such security documents, instruments, certificates, notices and other documents, and take such other actions as shall be reasonably required, or that the Parity Lien Collateral Agent may reasonably request, to create, perfect, protect, assure or enforce the Liens and benefits intended to be conferred, in each case as contemplated by the Parity Lien Documents for the benefit of the holders of Parity Lien Obligations.

Notwithstanding the foregoing, neither MagnaChip nor any of the other Pledgors shall be required to do or cause to be done any act or thing to the extent such Pledgor would not be required by the terms of the Senior Credit Facility to do or cause to be done such act or thing in order to assure or confirm that the collateral agent thereunder holds, for the benefit of the lenders thereunder, duly created and enforceable and perfected liens upon the collateral thereunder or to create, perfect, protect, assure or enforce the liens and benefits intended to be conferred thereunder for the benefit of the lenders thereunder.

MagnaChip and the other Pledgors will:

(1) keep their properties adequately insured at all times by financially sound and reputable insurers;

(2) maintain such other insurance, to such extent and against such risks (and with such deductibles, retentions and exclusions) as is customary with companies in the same or similar businesses operating in the same or similar locations;

(3) maintain such other insurance as may be required by law;

(4) maintain title insurance to the extent required by the Senior Credit Agreement on all real property Collateral insuring the Parity Lien Collateral Agent's Parity Lien on that property, subject only to Permitted Prior Liens and other exceptions to title approved by the Parity Lien Collateral Agent; and

(5) maintain such other insurance as may be required by the security documents.

**Optional Redemption**

***Floating Rate Second Priority Notes***

On or after December 15, 2005, MagnaChip may redeem all or a part of the floating rate second priority notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the floating rate second priority notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on December 15 of the years indicated below, subject to the rights of holders of floating rate second priority notes on the relevant record date to receive interest on the relevant interest payment date:

| Year | Percentage |
|---|---|
| 2005 | 103.000% |
| 2006 | 102.000% |
| 2007 | 101.000% |
| 2008 and thereafter | 100.000% |

Notwithstanding the foregoing, at any time prior to December 15, 2005, MagnaChip may on any one or more occasions redeem up to 35% of the aggregate principal amount of floating rate second priority notes issued

under the indenture (including any additional notes issued after the date of the indenture) at a redemption price of 100% of the principal amount thereof, plus the LIBOR Rate in effect on the date of the redemption notice, plus 3.25%, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Public Equity Offerings or a contribution to MagnaChip's common equity capital made with the net cash proceeds of a concurrent Public Equity Offering of common stock of US LLC or any of its Subsidiaries; *provided* that:

(1) at least 65% of the aggregate principal amount of floating rate second priority notes originally issued under the indenture (excluding notes held by MagnaChip and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 90 days of the date of the closing of such Public Equity Offering or equity contributions.

Notwithstanding the foregoing, at any time prior to December 15, 2005, MagnaChip may also redeem all or a part of the floating rate second priority notes (including any additional notes issued after the date of the indenture), upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Floating Rate Second Priority Notes Applicable Premium as of, and accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, subject to the rights of holders of notes on the relevant record date to receive interest due on the relevant interest payment date.

The term "Floating Rate Second Priority Notes Applicable Premium" means the greater of:

(1) 1.0% of the principal amount of the note; or

(2) the excess of:

(a) the present value at such redemption date of (i) the redemption price of the note at December 15, 2005, (such redemption price being set forth in the table appearing above under the caption "—Optional Redemption") plus (ii) all required interest payments due on the note through December 15, 2005, assuming that the LIBOR Rate in effect on the date of the redemption notice would be the LIBOR Rate in effect through December 15, 2005 (excluding accrued but unpaid interest to the redemption date), computed using a discount rate equal to the LIBOR Rate as of such redemption date plus 50 basis points; over

(b) the principal amount of the note, if greater.

Unless MagnaChip defaults in the payment of the redemption price, interest will cease to accrue on the floating rate second priority notes or portions thereof called for redemption on the applicable redemption date.

***Fixed Rate Second Priority Notes***

On or after December 15, 2008, MagnaChip may redeem all or a part of the fixed rate second priority notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the fixed rate second priority notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning December 15, 2008, subject to the rights of holders of fixed rate second priority notes on the relevant record date to receive interest due on the relevant interest payment date.

| Year | Percentage |
|---|---|
| 2008 | 103.438% |
| 2009 | 101.719% |
| 2010 and thereafter | 100.000% |

Notwithstanding the foregoing, at any time prior to December 15, 2007, MagnaChip may on any one or more occasions redeem up to 35% of the aggregate principal amount of fixed rate second priority notes issued under the indenture (including any additional notes issued after the date of the indenture) at a redemption price of 106.875% of the principal amount, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Public Equity Offerings or a contribution to MagnaChip's common equity capital made with the net cash proceeds of a concurrent Public Equity Offering of common stock of US LLC or any of its Subsidiaries; *provided* that:

(1) at least 65% of the aggregate principal amount of fixed rate second priority notes originally issued under the indenture (including any additional notes issued after the date of the indenture) (excluding notes held by MagnaChip and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 90 days of the date of the closing of such Public Equity Offering or equity contributions.

Notwithstanding the foregoing, at any time prior to December 15, 2008, MagnaChip may also redeem all or a part of the fixed rate second priority notes (including any additional notes issued after the date of the indenture), upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Fixed Rate Second Priority Notes Applicable Premium as of, and accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, subject to the rights of holders of notes on the relevant record date to receive interest due on the relevant interest payment date.

The term "Fixed Rate Second Priority Notes Applicable Premium" means the greater of:

(1) 1.0% of the principal amount of the note; or

(2) the excess of:

(a) the present value at such redemption date of (i) the redemption price of the note at December 15, 2008, (such redemption price being set forth in the table appearing above under the caption "—Optional Redemption") plus (ii) all required interest payments due on the note through December 15, 2008, (excluding accrued but unpaid interest to the redemption date), computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over

(b) the principal amount of the note, if greater.

Unless MagnaChip defaults in the payment of the redemption price, interest will cease to accrue on the fixed rate second priority notes or portions thereof called for redemption on the applicable redemption date.

**Redemption for Changes in Taxes**

The Issuers may redeem each series of the second priority notes, in whole but not in part, at their discretion at any time at a redemption price equal to the principal amount thereof, together with accrued and unpaid interest and Liquidated Damages, if any, to the date fixed by the Issuers for redemption (a "Tax Redemption Date") and all Additional Amounts (if any) then due and which will become due on the Tax Redemption Date as a result of the redemption or otherwise (subject to the right of Holders on the relevant record date to receive interest due on the relevant Interest Payment Date and Additional Amounts (if any) in respect thereof), if on the next date on which any amount would be payable in respect of the second priority notes, the Issuers has or would be required to pay Additional Amounts, and the Issuers cannot avoid any such payment obligation taking reasonable measures available to them, as a result of:

(1) any change in, or amendment to, the laws or treaties (or any regulations, or rulings promulgated thereunder) of the relevant Tax Jurisdiction affecting taxation which change or amendment has not been publicly announced as formally adopted and which becomes effective on or after the date of the Indenture

(or, if the relevant Tax Jurisdiction has changed since the date of the Indenture, the date on which the then current Tax Jurisdiction became the applicable Tax Jurisdiction under the Indenture); or

(2) any change in, or amendment to, the existing official position or the introduction of an official position regarding the application, administration or interpretation of such laws, treaties, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction or a change in published practice), which change, amendment, application or interpretation has not been publicly announced as formally adopted and becomes effective on or after the date of the indenture (or, if the relevant Tax Jurisdiction has changed since the date of the Indenture, the date on which the then current Tax Jurisdiction became the applicable Tax Jurisdiction under the indenture).

The Issuers will not give any such notice of redemption earlier than 90 days prior to the earliest date on which the Issuers would be obligated to make such payment or withholding if a payment in respect of the second priority notes were then due. Prior to the publication or, where relevant, mailing of any notice of redemption of the second priority notes pursuant to the foregoing, the Issuers will deliver the Trustee an opinion of counsel, the choice of such counsel to be subject to the prior written approval of the Trustee (such approval not to be unreasonably withheld) to the effect that there has been such change or amendment which would entitle the Issuers to redeem the second priority notes hereunder and the Issuers cannot avoid any obligation to pay Additional Amounts taking reasonable measures available.

**Mandatory Redemption**

MagnaChip is not required to make mandatory redemption or sinking fund payments with respect to the notes.

**Repurchase at the Option of Holders**

***Change of Control***

If a Change of Control occurs, each holder of second priority notes will have the right to require the Issuers to repurchase all or any part (equal to $1,000 or an integral multiple of $1,000) of that holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, the Issuers will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the second priority notes repurchased to the date of purchase subject to the rights of holders of second priority notes on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuers will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the second priority notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, the Issuers will, to the extent lawful:

(1) accept for payment all second priority notes or portions of second priority notes properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all second priority notes or portions of second priority notes properly tendered; and

(3) deliver or cause to be delivered to the trustee the second priority notes properly accepted together with an officers' certificate stating the aggregate principal amount of second priority notes or portions of second priority notes being purchased by MagnaChip.

The paying agent will promptly mail to each holder of second priority notes properly tendered the Change of Control Payment for such second priority notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new second priority note equal in principal amount to any unpurchased portion of the second priority notes surrendered, if any. MagnaChip will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the second priority notes to require that the Issuers repurchase or redeem the second priority notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Issuers and purchases all second priority notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the indenture as described above under the caption "—Optional Redemption," unless and until there is a default in payment of the applicable redemption price.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of MagnaChip and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of second priority notes to require the Issuers to repurchase its second priority notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of MagnaChip and its Subsidiaries taken as a whole to another Person or group may be uncertain.

***Asset Sales***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) MagnaChip (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration received in the Asset Sale by MagnaChip or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities, as shown on US LLC's most recent consolidated balance sheet, of MagnaChip or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the second priority notes or any Note Guarantee) that are assumed by the transferee of any such assets pursuant to a customary arrangement that releases MagnaChip or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by MagnaChip or any such Restricted Subsidiary from such transferee that are contemporaneously, subject to ordinary settlement periods, converted by MagnaChip or such Restricted Subsidiary into cash or Cash Equivalents, to the extent of the cash or Cash Equivalents received in that conversion; and

(c) any stock or assets of the kind referred to in clauses (2) or (4) of the next paragraph of this covenant.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale other than a Sale of Collateral, MagnaChip (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds at its option:

(1) to repay Priority Lien Debt and, if such Priority Lien Debt is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or any Capital Stock of, a Person engaged in a Permitted Business, if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of US LLC;

(3) to make a capital expenditure;

(4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business; or

(5) any combination of (1) – (4) of this paragraph.

In the case of clauses (2) and (4) MagnaChip will also comply with its obligations above if it enters into a binding commitment to acquire such assets or Capital Stock within the required time frame above, provided that such binding commitment shall be subject only to customary conditions and such acquisition shall be consummated within six months from the date of signing such binding commitment. Pending the final application of any Net Proceeds pursuant to this paragraph, MagnaChip and the Restricted Subsidiaries may apply such Net Proceeds to temporarily reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner that is not prohibited by the indenture.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale that constitutes a Sale of Collateral or from a Casualty Event, MagnaChip (or the Restricted Subsidiary that owned those assets, as the case may be) may apply those Net Proceeds to purchase other long-term assets that would constitute Collateral or to repay Priority Lien Debt and, if such Priority Lien Debt is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto. MagnaChip will also comply with its obligations set forth in the preceding sentence if it enters into a binding commitment to acquire such assets within the 365 days time frame, provided that such binding commitment shall be subject only to customary conditions and such acquisition shall be consummated within six months from the date of signing such binding commitment. Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second and third paragraphs of this covenant will constitute "*Excess Proceeds*." When the aggregate amount of Excess Proceeds exceeds $10 million, within 30 days thereof, MagnaChip will make an Asset Sale Offer to all holders of second priority notes and all holders of other Indebtedness that is *pari passu* with the second priority notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of second priority notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount plus accrued and unpaid interest and Liquidated Damages, if any, to the date of purchase (or, in respect of such other *pari passu* Indebtedness of MagnaChip, such lesser price, if any, as may be provided for by the terms of such *pari passu* Indebtedness), and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, MagnaChip may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of second priority notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the second priority notes and such other *pari passu* Indebtedness to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

MagnaChip will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection

with each repurchase of second priority notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, MagnaChip will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

The agreements governing MagnaChip's other Indebtedness contain, and future agreements may contain, prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale and including repurchases of or other prepayments in respect of the second priority notes. The exercise by the holders of second priority notes of their right to require MagnaChip to repurchase the second priority notes upon a Change of Control or an Asset Sale could cause a default under these other agreements, even if the Change of Control or Asset Sale itself does not, due to the financial effect of such repurchases on MagnaChip. In the event a Change of Control or Asset Sale occurs at a time when MagnaChip is prohibited from purchasing second priority notes, MagnaChip could seek the consent of its lenders to the purchase of second priority notes or could attempt to refinance the borrowings that contain such prohibition. If MagnaChip does not obtain a consent or repay those borrowings,

MagnaChip will remain prohibited from purchasing second priority notes. In that case, MagnaChip's failure to purchase tendered second priority notes would constitute an Event of Default under the indenture which could, in turn, constitute a default under the other indebtedness. Finally, MagnaChip's ability to pay cash to the holders of second priority notes upon a repurchase may be limited by MagnaChip's then existing financial resources. See "Risk Factors—We may be unable to purchase the notes upon a change of control offer."

**Selection and Notice**

If less than all of the second priority notes are to be redeemed at any time, the trustee will select second priority notes for redemption on a pro rata basis unless otherwise required by law or applicable stock exchange requirements.

No second priority notes of $1,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of second priority notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the second priority notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

If any second priority note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that second priority note that is to be redeemed. A new second priority note in principal amount equal to the unredeemed portion of the original second priority note will be issued in the name of the holder of notes upon cancellation of the original second priority note. Second priority notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on second priority notes or portions of second priority notes called for redemption.

**Certain Covenants**

***Incurrence of Indebtedness and Issuance of Preferred Stock***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "*incur*") any Indebtedness (including Acquired Debt), and MagnaChip and US LLC will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries (other than US LLC) to issue any shares of preferred stock; *provided, however*, that MagnaChip and US LLC may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, and the Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue preferred stock, if the Fixed Charge Coverage Ratio for US LLC's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or such

preferred stock is issued, as the case may be, would have been at least 2.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or the preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "*Permitted Debt*"):

(1) the incurrence by MagnaChip and any Restricted Subsidiary of additional revolving credit Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of MagnaChip and its Restricted Subsidiaries thereunder) not to exceed the greater of (x) $100.0 million or (y) as of the date of the incurrence, the aggregate of (i) 85% of the book value, net of reserves, of all accounts receivable owned by MagnaChip and its Restricted Subsidiaries, as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP, as of the end of the most recent fiscal quarter preceding such date, *plus* (ii) 50% of the book value of all inventory, net of reserves, owned by MagnaChip and its Restricted Subsidiaries, as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP, as of the end of the most recent fiscal quarter preceding such date, *plus* (iii) $20.0 million; *less* the aggregate amount of all Net Proceeds of Asset Sales or Casualty Events applied by MagnaChip or any of the Restricted Subsidiaries after the date of the indenture to repay any term Indebtedness under a Credit Facility or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder, in each case as to Indebtedness incurred under this clause (1) of the definition of Permitted Debt and as to Net Proceeds applied pursuant to clause (1) of the second paragraph of the covenant described above under the caption "Repurchase at the Option of Holders—Asset Sales";

(2) the incurrence by MagnaChip and any Restricted Subsidiary of up to $100.0 million under one or more debt facilities or commercial paper facilities, in each case, with banks or other institutional lenders providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced (whether upon or after termination or otherwise) or refinanced (but not including by means of sales of debt securities to institutional investors) in whole or in part from time to time; *less* the aggregate amount of all Net Proceeds of Asset Sales or Casualty Events applied by MagnaChip or any of the Restricted Subsidiaries after the date of the indenture to repay any term Indebtedness under debt facilities or commercial paper facilities or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder, in each case as to Indebtedness incurred under this clause (2) of the definition of Permitted Debt and as to Net Proceeds applied pursuant to clause (1) of the second paragraph of the covenant described above under the caption "Repurchase at the Option of Holders—Asset Sales";

(3) the incurrence by MagnaChip and its Restricted Subsidiaries of the Existing Indebtedness;

(4) the incurrence on the Issue Date by MagnaChip and the Guarantors of Indebtedness represented by the old second priority notes and the old senior subordinated notes and the indenture and guarantees thereof by the Guarantors and the related new notes described herein;

(5) the incurrence by MagnaChip or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of design, construction, installation or improvement of property (real or personal), plant or equipment used in the business of MagnaChip or any of its Restricted Subsidiaries (whether through the direct purchase of assets or the Equity interests of any Person owning such assets), in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (5), not to exceed the greater of (a) $25.0 million at any time outstanding and (b) 5% of Total Assets as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP;

(6) the incurrence by MagnaChip or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge any Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (3), (4), (5), (6) or (14) of this paragraph;

(7) the incurrence by MagnaChip or any of its Restricted Subsidiaries of intercompany Indebtedness between or among MagnaChip and any of its Restricted Subsidiaries; *provided, however*, that:

(a) if MagnaChip or any Guarantor is the obligor on such Indebtedness and the payee is not MagnaChip or a Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the notes, in the case of MagnaChip, or the Note Guarantee, in the case of a Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than MagnaChip or a Restricted Subsidiary of MagnaChip and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either MagnaChip or a Restricted Subsidiary of MagnaChip, will be deemed, in each case, to constitute an incurrence of such Indebtedness by MagnaChip or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (7);

(8) the issuance by any Guarantor to MagnaChip or to any other Guarantor of shares of preferred stock; *provided, however,* that:

(a) any subsequent issuance or transfer of Equity Interests that results in any such preferred stock being held by a Person other than MagnaChip or a Guarantor; and

(b) any sale or other transfer of any such preferred stock to a Person that is not either MagnaChip or a Guarantor,

will be deemed, in each case, to constitute an issuance of such preferred stock by such Guarantor that was not permitted by this clause (8);

(9) the incurrence by MagnaChip or any Restricted Subsidiaries of Hedging Obligations in the ordinary course of business;

(10) the guarantee by MagnaChip or any of the Guarantors of Indebtedness of MagnaChip or a Restricted Subsidiary of MagnaChip that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is subordinated to or *pari passu* with the second priority notes, then the Guarantee shall be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;

(11) the incurrence of Indebtedness by MagnaChip or any of its Restricted Subsidiaries in the form of performance bonds, completion guarantees and surety or appeal bonds entered into by MagnaChip or any of its Restricted Subsidiaries in the ordinary course of their business;

(12) the incurrence of Indebtedness by MagnaChip or any of its Restricted Subsidiaries owed to any Person in connection with worker's compensation, self-insurance, health, disability or other employee benefits or property, casualty or liability insurance provided by such Person to MagnaChip or such Restricted Subsidiary, pursuant to reimbursement or indemnification obligations to such person, in each case incurred in the ordinary course of business;

(13) the incurrence by MagnaChip or any of the Restricted Subsidiaries of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five business days;

(14) Indebtedness of MagnaChip or any Restricted Subsidiary issued to any of its directors, employees, officers or consultants or a Restricted Subsidiary in connection with the redemption or purchase of Capital Stock that, by its terms, is subordinated to the second priority notes, is not secured by any of the assets of MagnaChip or the Restricted Subsidiaries and does not require cash payments prior to the Stated Maturity of

the second priority notes and Refinancing Indebtedness of the Indebtedness, in an aggregate principal amount which, when added with the amount of Indebtedness Incurred under this clause (14) and then outstanding, does not exceed $5.0 million;

(15) the incurrence by MagnaChip or any of the Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (15), not to exceed $25.0 million;

(16) the incurrence of Indebtedness by MagnaChip or any of the Restricted Subsidiaries arising from agreements of MagnaChip or any of the Restricted Subsidiaries providing for adjustment of purchase price or other similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or a Restricted Subsidiary of MagnaChip LLC;

(17) Indebtedness of a Restricted Subsidiary organized outside the United States or Korea incurred to finance the working capital of such Restricted Subsidiary, in an aggregate principal amount at any time outstanding not to exceed $30.0 million; and

(18) Indebtedness incurred by MagnaChip or any of the Restricted Subsidiaries constituting reimbursement obligations under letters of credit issued in the ordinary course of business, including, without limitation, letters of credit to procure raw materials or relating to workers' compensation claims or self-insurance, or other Indebtedness relating to reimbursement-type obligations regarding workers' compensation claims.

MagnaChip will not incur, and will not permit any Guarantor to incur, any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of MagnaChip or such Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the second priority notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of MagnaChip solely by virtue of being unsecured or by virtue of being secured on a first or junior Lien basis.

For purposes of determining compliance with this "Incurrence of Indebtedness and Issuance of Preferred Stock" covenant, in the event that an item of proposed Indebtedness (or any portion thereof) meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (18) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, MagnaChip, in its sole discretion, will be permitted to classify such item of Indebtedness (or any portion thereof) on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant and will only be required to include the amount and type of such Indebtedness in one of the above clauses. The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock or preferred stock in the form of additional shares of the same class of Disqualified Stock or preferred stock, and the accrual of dividends on Disqualified Stock or preferred stock, will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock or preferred stock for purposes of this covenant; *provided*, in each such case, that the amount of any such accrual, accretion or payment is included in Fixed Charges of US LLC as accrued. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that MagnaChip or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

(1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;

(2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and

(3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:

(a) the Fair Market Value of such assets at the date of determination; and

(b) the amount of the Indebtedness of the other Person.

***Restricted Payments***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of MagnaChip's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving MagnaChip or any of its Restricted Subsidiaries) or to the direct or indirect holders of MagnaChip's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments, or distributions payable in Equity Interests (other than Disqualified Stock) of MagnaChip, any of its direct or indirect parent entities or any of its Restricted Subsidiaries and other than dividends, payments, or distributions payable to MagnaChip, any of its direct or indirect parent entities or a Restricted Subsidiary of MagnaChip);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving MagnaChip) any Equity Interests of US LLC;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of MagnaChip or any Restricted Subsidiary that is contractually subordinated to the second priority notes or to any Note Guarantee (excluding any intercompany Indebtedness between or among MagnaChip, any of its direct or indirect parent entities that is a Guarantor and any of its Restricted Subsidiaries that is a Guarantor), except a payment of interest or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment

(all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as "*Restricted Payments*"),

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;

(2) MagnaChip would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;" and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by MagnaChip and its Restricted Subsidiaries since the date of the indenture (excluding Restricted Payments permitted by clauses (2), (5), (6), (8), (9), (10) and (11) of the next succeeding paragraph) is less than the sum, without duplication of:

(a) 50% of the Consolidated Net Income of US LLC for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the date of the indenture to the end of US LLC's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

(b) 100% of the aggregate net cash proceeds or Fair Market Value of assets (as to which an opinion or appraisal issued by an accounting, appraisal or investment bank firm of national standing shall be required if the Fair Market Value exceeds $15.0 million) received by MagnaChip or any of the

Restricted Subsidiaries since the date of the indenture as a contribution to its common equity capital or from the issue or sale of Equity Interests of MagnaChip or any of the Restricted Subsidiaries (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of MagnaChip or any of the Restricted Subsidiaries that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of US LLC); *plus*

(c) to the extent that any Restricted Investment that was made after the date of the indenture is sold for cash or otherwise liquidated or repaid for cash, the lesser of (i) the cash return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (ii) the initial amount of such Restricted Investment; *plus*

(d) to the extent that any Unrestricted Subsidiary of MagnaChip designated as such after the date of the indenture is redesignated as a Restricted Subsidiary after the date of the indenture, the lesser of (i) the Fair Market Value of MagnaChip's Investment in such Subsidiary as of the date of such redesignation or (ii) such Fair Market Value as of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary after the date of the indenture; *plus*

(e) 100% of any dividends received by MagnaChip or a Restricted Subsidiary of MagnaChip after the date of the indenture from an Unrestricted Subsidiary of US LLC, to the extent that such dividends were not otherwise included in the Consolidated Net Income of US LLC for such period.

The preceding provisions will not prohibit:

(1) the payment of any dividend or the consummation of any irrevocable redemption within 60 days after the date of declaration of the dividend or giving of the redemption notice, as the case may be, if at the date of declaration or notice, the dividend or redemption payment would have complied with the provisions of the indenture;

(2) dividends or advances made with the proceeds of the second priority notes to any direct or indirect parent of MagnaChip, the proceeds of which are used by such Person to redeem its preferred equity interests as described in the prospectus and made within 90 days of the Issue Date; *provided*, that such dividends or advances shall be excluded from the calculation of the amount of Restricted Payments;

(3) upon the occurrence of a Change of Control and within 60 days after the completion of the offer to repurchase the second priority notes pursuant to the covenant described under "Change of Control" above, any purchase or redemption of Subordinated Obligations required pursuant to the terms thereof as a result of such Change of Control at a purchase or redemption price not to exceed the outstanding principal amount thereof, plus any accrued and unpaid interest; provided, however, that (A) at the time of such purchase or redemption no Event of Default shall have occurred and be continuing (or would result therefrom); (B) MagnaChip would be able to incur an additional $1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under "—Incurrence of Indebtedness and Issuance of Preferred Stock" after giving pro forma effect to such Restricted Payment and the Change of Control; and (C) such purchase or redemption shall be included in the calculation of the amount of Restricted Payments;

(4) any purchase or redemption of Disqualified Stock of MagnaChip or a Restricted Subsidiary made by exchange for, or out of the proceeds of the substantially concurrent sale of, Disqualified Stock of MagnaChip or a Restricted Subsidiary which is permitted to be incurred pursuant to the covenant described under "—Incurrence of Indebtedness and Issuance of Preferred Stock;" *provided, however*, that such purchase or redemption shall be excluded in the calculation of the amount of Restricted Payments;

(5) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of MagnaChip) of, Equity Interests of MagnaChip (other than Disqualified Stock) or from the substantially concurrent contribution of common equity capital to MagnaChip; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph;

(6) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of MagnaChip or any Restricted Subsidiary that is contractually subordinated to the second priority notes or to any Note Guarantee with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;

(7) payments to fund the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of MagnaChip, any Restricted Subsidiary of MagnaChip, or any direct or indirect parent of MagnaChip held by any current or former officer, director or employee of MagnaChip or any of its Restricted Subsidiaries or any direct or indirect Parent of MagnaChip pursuant to any equity subscription agreement, stock option agreement, shareholders' agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed $7,000,000 plus the amount of cash proceeds from any key man life insurance; *provided, further,* that such amount may be increased by an amount not to exceed the cash proceeds from the sale of Equity Interests of MagnaChip and, to the extent contributed to MagnaChip, Equity Interests of any of MagnaChip's direct or indirect parent corporations, in each case to current or former members of management, directors, managers or consultants of MagnaChip, any of its Subsidiaries or any of its direct or indirect parent corporations that occurs after the Issue Date, to the extent the cash proceeds from the sale of such Equity Interests have not otherwise been applied to the payment of Restricted Payments by virtue of clause (3)(b) of the preceding paragraph.

(8) the repurchase of Equity Interests deemed to occur upon the exercise of stock options to the extent such Equity Interests represent a portion of the exercise price of those stock options;

(9) the declaration and payment of regularly scheduled or accrued dividends to holders of any class or series of Disqualified Stock of MagnaChip or any Restricted Subsidiary issued on or after the date of the indenture in accordance with the Fixed Charge Coverage Ratio test described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(10) any purchase or redemption of Subordinated Obligations from Net Proceeds upon completion of an Asset Sale Offer; *provided, however*, that the purchase or redemption shall be excluded in the calculation of the amount of Restricted Payments; *provided, further,* that MagnaChip could, on the date of such transaction after giving pro forma effect thereto as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(11) Permitted Tax Payments;

(12) the repurchase of, or payments in lieu of, fractional shares of Equity Interests in an amount not to exceed $200,000 in the aggregate; and

(13) other Restricted Payments in an aggregate amount not to exceed $15.0 million since the date of the indenture.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by MagnaChip or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by the Board of Directors of MagnaChip whose resolution with respect thereto will be delivered to the trustee. For purposes of determining compliance with this covenant, in the event that a Restricted Payment meets the criteria of more than one of the exceptions described in (1) through (13) above or is entitled to be made pursuant to the first paragraph of this covenant, MagnaChip shall be permitted, in its sole discretion to classify (but not later reclassify) such Restricted Payment in any manner that complies with this covenant.

***Liens***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind on any asset now owned or hereafter acquired, except Permitted Liens.

***Dividend and Other Payment Restrictions Affecting Subsidiaries***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock to MagnaChip or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to MagnaChip or any of its Restricted Subsidiaries;

(2) make loans or advances to MagnaChip or any of its Restricted Subsidiaries; or

(3) sell, lease or transfer any of its properties or assets to MagnaChip or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Existing Indebtedness and any other agreements, including the Credit Facilities, as in effect on the Issue Date and any amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; *provided* that the amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the Issue Date;

(2) the indenture, the second priority notes and the Note Guarantees, the intercreditor agreement and the security documents;

(3) applicable law, rule, regulation or order;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by MagnaChip or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;

(5) customary non-assignment provisions in contracts and licenses entered into in the ordinary course of business;

(6) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending the sale or other disposition;

(8) Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) restrictions contained in security agreements or mortgages securing Indebtedness of a Restricted Subsidiary permitted to be incurred under the Indenture so long as the restrictions solely restrict the transfer of the property governed by the security agreements or mortgages;

(10) Liens permitted to be incurred under the provisions of the covenant described above under the caption "—Liens" that limit the right of the debtor to dispose of the assets subject to such Liens;

(11) provisions limiting the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements and other similar agreements entered into with the approval of MagnaChip's Board of Directors, which limitation is applicable only to the assets that are the subject of such agreements;

(12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business; and

(13) any restriction in any agreement that is not more restrictive than the restrictions under the terms of the Senior Credit Agreement as in effect on the date of the indenture.

***Merger, Consolidation or Sale of Assets***

MagnaChip will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not MagnaChip is the surviving Person); or (2) sell, lease, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of MagnaChip and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

(1) either: (a) MagnaChip is the surviving Person; or (b) the Person formed by or surviving any such consolidation or merger (if other than MagnaChip) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a Person organized or existing under the laws of South Korea, Luxembourg, the Netherlands, Bermuda, the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than MagnaChip) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of MagnaChip under the second priority notes, the security documents, the indenture and the registration rights agreement;

(3) immediately after such transaction, no Default or Event of Default shall have occurred and be continuing;

(4) MagnaChip or the Person formed by or surviving any such consolidation or merger (if other than MagnaChip), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(5) if the merging corporation is organized and existing under the laws of South Korea and the Successor Company is organized and existing under the laws of the United States of America, any State thereof or the District of Columbia or if the merging corporation is organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company is organized and existing under the laws of South Korea (any such event, a "*Foreign Jurisdiction Merger*"), MagnaChip shall have delivered to the trustee an opinion of counsel that the holders of notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the transaction and will be taxed in the same manner and on the same amounts and at the same times as would have been the case if the transaction had not occurred; and

(6) in the event of a Foreign Jurisdiction Merger, MagnaChip shall have delivered to the trustee an opinion of counsel from South Korea or other applicable jurisdiction that (A) any payment of interest or principal under or relating to the second priority notes or the Note Guarantees will, after the consolidation, merger, conveyance, transfer or lease of assets, be exempt from the Taxes described under "—Redemption Upon Changes in Withholding Taxes" and (B) no other taxes on income, including capital gains, will be payable by holders of the second priority notes under the laws of South Korea or any other jurisdiction where the Successor Company is or becomes organized, resident or engaged in business for tax purposes relating to the acquisition, ownership or disposition of the notes, including the receipt of interest or principal thereon, *provided* that the holder does not use or hold, and is not deemed to use or hold the second priority notes in carrying on a business in South Korea or other jurisdiction where the Successor Company is or becomes organized, resident or engaged in business for tax purposes.

This "Merger, Consolidation or Sale of Assets" covenant will not apply to:

(1) a merger of MagnaChip with an Affiliate solely for the purpose of reincorporating MagnaChip in another jurisdiction; or

(2) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among MagnaChip and any Restricted Subsidiary or the Restricted Subsidiaries.

***Transactions with Affiliates***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of MagnaChip (each, an "*Affiliate Transaction*"), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to MagnaChip or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by MagnaChip or such Restricted Subsidiary with an unrelated Person; and

(2) MagnaChip delivers to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $10.0 million, a resolution of the Board of Directors of MagnaChip set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of MagnaChip; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $20.0 million, an opinion by (A) a nationally recognized investment banking firm that such Affiliate Transaction is fair, from a financial standpoint, to MagnaChip and the Restricted Subsidiaries or (B) an accounting or appraisal firm nationally recognized in making determinations of this kind that such Affiliate Transaction is on terms that are not less favorable to MagnaChip and the Restricted Subsidiaries than the terms that could be obtained in an arms-length transaction from a Person that is not an Affiliate.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any employment agreement, employee benefit plan, stock options, stock ownership plans, officer or director indemnification agreement or any similar arrangement entered into by MagnaChip or any of its Restricted Subsidiaries in the ordinary course of business and payments pursuant thereto;

(2) transactions between or among MagnaChip and/or the Restricted Subsidiaries;

(3) transactions with a Person (other than an Unrestricted Subsidiary of MagnaChip) that is an Affiliate of MagnaChip solely because MagnaChip owns, directly or through a Restricted Subsidiary, an Equity Interest in, or controls, such Person;

(4) payment of reasonable directors' fees;

(5) any issuance of Equity Interests (other than Disqualified Stock) of US LLC or any of its Subsidiaries to Affiliates of such Person;

(6) Restricted Payments that do not violate the provisions of the indenture described above under the caption "—Restricted Payments;"

(7) transactions pursuant to any contract or agreement (including the Advisory Agreements) with MagnaChip or any of the Restricted Subsidiaries in effect on the Issue Date, as the same may be amended, modified or replaced from time to time so long as any such amendment, modification or replacement is not less favorable in any material respect to MagnaChip and the Restricted Subsidiaries than the original agreement as in effect on the Issue Date;

(8) the Note Guarantees;

(9) transactions pursuant to or under the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, the Restricted Unit Agreements or the Option Agreements as in effect on the Issue Date or any similar agreement or any amendment, modification or replacement of the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, Restricted Unit Agreements or the Option Agreements or similar agreement; provided that the terms of such amendment, modification or replacement are not more disadvantageous to the holders of the second priority notes in any material respect than the terms contained in the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, the Restricted Unit Agreements or the Option Agreements, as the case may be, as in effect on the Issue Date;

(10) the payment of management, consulting and advisory fees and related expenses made pursuant to the Advisory Agreements and the payment of other customary management, consulting and advisory fees and related expenses to the Principals and any of their respective Affiliates in connection with transactions of US LLC or its Subsidiaries or pursuant to any management, consulting, financial advisory, financing, underwriting or placement agreement or in respect of other investment banking activities, including in connection with acquisitions or divestitures, which fees and expenses are made pursuant to arrangements approved by the Board of Directors of US LLC or such Subsidiary in good faith;

(11) the provision by an Affiliate of commercial banking or lending services or other similar services on terms that are no less favorable to MagnaChip or the relevant Restricted Subsidiary than those that would have been obtained by an unaffiliated party and that are approved in good faith by the Board of Directors;

(12) loans or advances to employees directors, officers or consultants (i) in the ordinary course of business or (ii) otherwise not to exceed $5.0 million in the aggregate at any one time outstanding; and

(13) Permitted Tax Payments.

***Business Activities***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to MagnaChip and its Restricted Subsidiaries taken as a whole.

***Additional Note Guarantees***

If MagnaChip or any of its Restricted Subsidiaries acquires or creates another Subsidiary after the date of the indenture, then that newly acquired or created Subsidiary will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 business days of the date on which it was acquired or created; *provided* that any Subsidiary that constitutes an Immaterial Subsidiary need not become a Guarantor until such time as it ceases to be an Immaterial Subsidiary; *provided, further*, in the event MagnaChip or a Restricted Subsidiary forms or otherwise acquires, directly or indirectly, a Subsidiary organized under the laws of a jurisdiction other than the United States and such jurisdiction prohibits by law, regulation or order such Subsidiary from becoming a Guarantor, MagnaChip shall use all commercially reasonable efforts (including pursuing required waivers) over a period up to one year, to have such Subsidiary become a Guarantor; *provided, however*, that MagnaChip shall not be required to use such commercially reasonable efforts with respect to such Subsidiaries for more than a one-year period or such shorter period as it shall determine in good faith that it has used all commercially reasonable efforts and if MagnaChip or such Subsidiary is unable during such period to obtain an enforceable Guarantee in such jurisdiction, then such Subsidiary shall not be required to provide a Guarantee of the second priority notes pursuant to the Note Guarantee so long as such Subsidiary does not Guarantee any other Indebtedness of MagnaChip and its Restricted Subsidiaries.

***Designation of Restricted and Unrestricted Subsidiaries***

The Board of Directors of MagnaChip may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default; *provided* that in no event will the business currently

operated by MagnaChip Semiconductor Ltd. be transferred to or held by an Unrestricted Subsidiary. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by MagnaChip and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption "—Restricted Payments" or under one or more clauses of the definition of Permitted Investments, as determined by MagnaChip. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors of MagnaChip may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if that redesignation would not cause a Default.

Any designation of a Subsidiary of MagnaChip as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of the Board of Directors giving effect to such designation and an officers' certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption "—Restricted Payments." If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of MagnaChip as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock," MagnaChip will be in default of such covenant. The Board of Directors of MagnaChip may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of MagnaChip; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of MagnaChip of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock," calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would be in existence and be continuing following such designation.

***Payments for Consent***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of second priority notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the second priority notes unless such consideration is offered to be paid and is paid to all holders of the second priority notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

***Restrictions on Activities of Finance Company***

Finance Company will not hold any material assets, become liable for any material obligations or engage in any significant business activities; *provided*, that Finance Company may be a co-obligor or guarantor with respect to Indebtedness if MagnaChip is an obligor on such Indebtedness and the net proceeds of such Indebtedness are received by MagnaChip, Financing Corp. or one or more Guarantors.

**Reports**

Whether or not required by the rules and regulations of the SEC, so long as any second priority notes are outstanding, MagnaChip will furnish to the holders of second priority notes and the initial purchasers or cause the trustee to furnish to the holders of notes and the initial purchasers, within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if MagnaChip were required to file such reports; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if MagnaChip were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on US LLC's consolidated financial statements by US LLC's certified independent accountants. In addition, following the consummation of the exchange offer, MagnaChip will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods. US LLC's reporting obligations with respect to clauses (1) and (2) above shall be deemed satisfied in the event the Issuers file such reports with the SEC on EDGAR and deliver a copy of such reports to the trustee.

If, at any time after consummation of the exchange offer, MagnaChip is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, MagnaChip will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. MagnaChip will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept MagnaChip's filings for any reason, MagnaChip will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if MagnaChip were required to file those reports with the SEC.

In addition, MagnaChip and the Guarantors agree that, for so long as any notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

**Events of Default and Remedies**

Each of the following is an "*Event of Default*":

(1) default for 30 days in the payment when due of interest on, or Liquidated Damages, if any, with respect to, any second priority note;

(2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, any second priority note;

(3) failure by MagnaChip or any of its Restricted Subsidiaries to comply with the provisions described under the captions "—Repurchase at the Option of Holders—Change of Control," "—Repurchase at the Option of Holders—Asset Sales," or "—Certain Covenants—Merger, Consolidation or Sale of Assets;"

(4) failure by MagnaChip or any of its Restricted Subsidiaries for 60 days to comply with any of the other agreements in the indenture or any of the security documents;

(5) default under any mortgage, indenture or instrument under which there may be issued or Guaranteed or by which there may be secured or evidenced any Indebtedness for money borrowed by MagnaChip or any of its Restricted Subsidiaries (or the payment of which is guaranteed by MagnaChip or any of its Restricted Subsidiaries), whether such Indebtedness or Guarantee now exists, or is created after the date of the indenture, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "*Payment Default*"); or

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $25.0 million or more;

(6) failure by MagnaChip or any of its Restricted Subsidiaries to pay final judgments entered by a court or courts of competent jurisdiction aggregating in excess of $25.0 million (net of any amounts covered by insurance), which judgments are not paid, discharged or stayed for a period of 60 days;

(7) the occurrence of any of the following:

(a) except as permitted by the indenture, any security document ceases for any reason to be fully enforceable; *provided*, that it will not be an Event of Default under this clause (7)(a) if the sole result of the failure of one or more security documents to be fully enforceable is that any Parity Lien purported to be granted under such security documents on Collateral, individually or in the aggregate, having a Fair Market Value of not more than $25.0 million ceases to be an enforceable and perfected second-priority Lien, subject only to Permitted Prior Liens;

(b) any Parity Lien purported to be granted under any security document on Collateral, individually or in the aggregate, having a Fair Market Value in excess of $25.0 million ceases to be an enforceable and perfected second-priority Lien, subject only to Permitted Prior Liens; or

(c) MagnaChip or any other Pledgor, or any Person acting on behalf of any of them, denies or disaffirms, in writing, any obligation of MagnaChip or any other Pledgor set forth in or arising under any security document;

(8) except as permitted by the indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and

(9) certain events of bankruptcy or insolvency described in the indenture with respect to MagnaChip or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

However, the occurrence of an event described under clause (4) above will not constitute an Event of Default until the trustee or the holders of at least 25% in principal amount of the outstanding second lien notes notify MagnaChip of the default and MagnaChip does not cure such default within the time specified after receipt of such notice.

In the case of an Event of Default arising and continuing from certain events of bankruptcy or insolvency, with respect to MagnaChip, any Restricted Subsidiary of MagnaChip that is a Significant Subsidiary or any group of Restricted Subsidiaries of MagnaChip that, taken together, would constitute a Significant Subsidiary, all outstanding second priority notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding second priority notes may declare all the second priority notes to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding second priority notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the second priority notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium or Liquidated Damages, if any.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of second priority notes unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest or Liquidated Damages, if any, when due, no holder of a second priority note may pursue any remedy with respect to the indenture or the second priority notes unless:

(1) such holder has previously given the trustee notice that an Event of Default is continuing;

(2) holders of at least 25% in aggregate principal amount of the then outstanding second priority notes have requested the trustee to pursue the remedy;

(3) such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;

(4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

(5) holders of a majority in aggregate principal amount of the then outstanding notes have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding second priority notes by notice to the trustee may, on behalf of the holders of all of the second priority notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or premium or Liquidated Damages, if any, on, or the principal of, the second priority notes.

MagnaChip is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, MagnaChip is required to deliver to the trustee a statement specifying such Default or Event of Default.

**No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator, stockholder, member or partner of MagnaChip or any Guarantor, as such, will have any liability for any obligations of MagnaChip or the Guarantors under the second priority notes, the indenture, the Note Guarantees, the Note Documents or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of second priority notes of a series by accepting a second priority note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the second priority notes. The waiver may not be effective to waive liabilities under the federal securities laws.

**Legal Defeasance and Covenant Defeasance**

MagnaChip may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers' certificate, elect to have all of its obligations discharged with respect to the outstanding second priority notes and the indenture and all obligations of the Guarantors discharged with respect to their Note Guarantees and the indenture ("*Legal Defeasance*") except for:

(1) the rights of holders of outstanding second priority notes to receive payments in respect of the principal of, or interest or premium and Liquidated Damages, if any, on, such second priority notes when such payments are due from the trust referred to below;

(2) MagnaChip's obligations with respect to the second priority notes concerning issuing temporary second priority notes, registration of second priority notes, mutilated, destroyed, lost or stolen second priority notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and MagnaChip's and the Guarantors' obligations in connection therewith; and

(4) the Legal Defeasance and Covenant Defeasance provisions of the indenture.

In addition, MagnaChip may, at its option and at any time, elect to have the obligations of MagnaChip and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the indenture ("*Covenant Defeasance*") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the second priority notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "—Events of Default and Remedies" will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) MagnaChip must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium and Liquidated Damages, if any, on, the outstanding second priority notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and MagnaChip must specify whether the second priority notes are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of Legal Defeasance, MagnaChip must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) MagnaChip has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, MagnaChip must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding second priority notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which MagnaChip or any Guarantor is a party or by which MagnaChip or any Guarantor is bound;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which MagnaChip or any of its Subsidiaries is a party or by which MagnaChip or any of its Subsidiaries is bound;

(6) MagnaChip must deliver to the trustee an officers' certificate stating that the deposit was not made by MagnaChip with the intent of preferring the holders of second priority notes over the other creditors of MagnaChip with the intent of defeating, hindering, delaying or defrauding any creditors of MagnaChip or others; and

(7) MagnaChip must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with, such opinion to be subject to customary assumptions and exceptions.

The Collateral will be released from the Lien securing the second priority notes, as provided under the caption "—Intercreditor Agreement—Release of Liens in Respect of Notes," upon a Legal Defeasance or Covenant Defeasance in accordance with the provisions described above.

**Amendment, Supplement and Waiver**

Except as provided in the next three succeeding paragraphs, the indenture or the related second priority notes or the related Note Guarantees may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of each series of second priority notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the indenture or the related second priority notes or the related Note Guarantees may be waived with the consent of the holders of a majority in aggregate principal amount of the applicable series of second priority notes then outstanding

(including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the applicable second priority notes). Each of the floating rate second priority notes and the fixed rate second priority notes will be treated as separate classes for purposes of any vote or consent.

In addition, any amendment to, or waiver of, the provisions of either indenture or any security document that has the effect of releasing all or substantially all of the Collateral from the Liens securing the applicable series of second priority notes will require the consent of the holders of at least 66 2/3% in aggregate principal amount of each series of the second priority notes then outstanding.

With respect to each series of the second priority notes, without the consent of each holder of second priority notes affected, an amendment, supplement or waiver may not (with respect to any second priority notes held by a non-consenting holder):

(1) reduce the principal amount of second priority notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any second priority note or alter the provisions with respect to the redemption of the applicable series of second priority notes (other than provisions relating to the covenants described above under the caption "—Repurchase at the Option of Holders");

(3) reduce the rate of or change the time for payment of interest, including default interest, on any applicable second priority note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Liquidated Damages, if any, on, the applicable series of second priority notes (except a rescission of acceleration of the applicable series of second priority notes by the holders of at least a majority in aggregate principal amount of the applicable series of second priority notes then outstanding and a waiver of the payment default that resulted from such acceleration);

(5) make any second priority note payable in money other than that stated in the second priority notes;

(6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of the applicable series of second priority notes to receive payments of principal of, or interest or premium or Liquidated Damages, if any, on, the applicable series of the applicable series of second priority notes;

(7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption "—Repurchase at the Option of Holders"); or

(8) release any Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture.

Notwithstanding the preceding, without the consent of any holder of the applicable series of second priority notes, MagnaChip, the Guarantors and the trustee may amend or supplement the indenture, the second priority notes or the Note Guarantees:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated second priority notes in addition to or in place of certificated second priority notes;

(3) to provide for the assumption of MagnaChip's or a Guarantor's obligations to holders of second priority notes and Note Guarantees in the case of a merger or consolidation or sale of all or substantially all of MagnaChip's or such Guarantor's assets, as applicable;

(4) to make any change that would provide any additional rights or benefits to the holders of second priority notes or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(6) to conform the text of the indenture, the Note Guarantees, the security documents or the second priority notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended by MagnaChip and the Initial Purchasers to be a verbatim recitation of a provision of the indenture, the Note Guarantees, the security documents or the second priority notes as represented by MagnaChip to the Trustee in an officers' certificate;

(7) to provide for the issuance of additional second priority notes in accordance with the limitations set forth in the indenture;

(8) to allow any Guarantor to execute a supplemental indenture and/or a Note Guarantee with respect to the second priority notes; or

(9) to make, complete or confirm any grant of Collateral permitted or required by the indenture or any of the security documents or any release of Collateral that becomes effective as set forth in the indenture or any of the security documents.

**Satisfaction and Discharge**

Each indenture will be discharged and will cease to be of further effect as to all second priority notes issued thereunder, when:

(1) either:

(a) all second priority notes that have been authenticated, except lost, stolen or destroyed second priority notes that have been replaced or paid and second priority notes for whose payment money has been deposited in trust and thereafter repaid to MagnaChip, have been delivered to the trustee for cancellation; or

(b) all second priority notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and MagnaChip or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the second priority notes not delivered to the trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which MagnaChip or any Guarantor is a party or by which MagnaChip or any Guarantor is bound;

(3) MagnaChip or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

(4) MagnaChip has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the second priority notes at maturity or on the redemption date, as the case may be.

In addition, MagnaChip must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

The Collateral will be released from the Lien securing the second priority notes, as provided under the caption "—Intercreditor Agreement—Release of Liens in Respect of Notes," upon a satisfaction and discharge in accordance with the provisions described above.

**Concerning the Trustee**

If the trustee becomes a creditor of MagnaChip or any Guarantor, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if, following an event of default, it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture have been qualified under the Trust Indenture Act) or resign.

The holders of a majority in aggregate principal amount of the then outstanding second priority notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provide that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of second priority notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

**Additional Information**

Anyone who receives this prospectus may obtain a copy of the indenture, the registration rights agreement, the intercreditor agreement and the security documents without charge by writing to c/o MagnaChip Semiconductor, Ltd. 891 Daechi-dong, Kangnam-gu, Seoul 135-738, Korea, Attention: General Counsel.

**Certain Definitions**

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for a full disclosure of all defined terms used therein, as well as any other capitalized terms used herein for which no definition is provided.

"*Act of Required Debtholders*" means, as to any matter at any time:

(1) prior to the Discharge of Priority Lien Obligations, a direction in writing delivered to the Priority Lien Collateral Agent by or with the written consent of the holders of more than 50% of the sum of:

(a) the aggregate outstanding principal amount of Priority Lien Debt (including outstanding letters of credit whether or not then available or drawn); and

(b) other than in connection with the exercise of remedies, the aggregate unfunded commitments to extend credit which, when funded, would constitute Priority Lien Debt; and

(2) at any time after the Discharge of Priority Lien Obligations, a direction in writing delivered to the Priority Lien Collateral Agent by or with the written consent of the holders of Parity Debt representing the Required Parity Lien Debtholders.

For purposes of this definition, (a) Secured Debt registered in the name of, or beneficially owned by, MagnaChip or any Affiliate of MagnaChip will be deemed not to be outstanding, and (b) votes will be determined in accordance with the provisions described above under the caption "—Intercreditor Agreement—Voting."

"*Acquired Debt*" means, with respect to any specified Person:

(1) Indebtedness of any other Person existing at the time such other Person is merged with or into or became a Subsidiary of such specified Person, whether or not such Indebtedness is incurred in connection with, or in contemplation of, such other Person merging with or into, or becoming a Restricted Subsidiary of, such specified Person; *provided* that Indebtedness of such Person that is redeemed, defeased, retired or otherwise repaid at the time, or immediately upon consummation, of the transaction by which such other Person is merged with or into or became a Restricted Subsidiary of such Person shall not be Acquired Debt; and

(2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person; provided that the amount of such Indebtedness shall be deemed to be the lesser of the value of such asset and the amount of the obligation so secured.

"*Acquisition*" means the purchase of the System IC division from Hynix Semiconductor Inc.

"*Advisory Agreements*" means the advisory agreements dated as of October 6, 2004, by and between US LLC, MagnaChip and each of (i) Francisco Partners Management, LLC, (ii) CVC Management LLC and (iii) CVC Capital Partners Asia Limited, as each may be amended, supplemented, modified, renewed, extended or replaced from time to time.

"*Affiliate*" of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, "control," as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise; *provided* that beneficial ownership of 10% or more of the Voting Stock of a Person will be deemed to be control. For purposes of this definition, the terms "controlling," "controlled by" and "under common control with" have correlative meanings.

"Asset Sale" means:

(1) the sale, lease, conveyance or other disposition of any assets or rights; *provided* that the sale, lease, conveyance or other disposition of all or substantially all of the assets of MagnaChip and its Restricted Subsidiaries taken as a whole will be governed by the provisions of the indenture described above under the caption "—Repurchase at the Option of Holders—Change of Control" and/or the provisions described above under the caption "—Certain Covenants—Merger, Consolidation or Sale of Assets" and not by the provisions of the Asset Sale covenant; and

(2) the issuance or sale of Equity Interests in any of MagnaChip's Subsidiaries, other than directors' qualifying shares or shares required by applicable law to be held by a Person other than MagnaChip or a Restricted Subsidiary.

Notwithstanding the preceding, none of the following items will be deemed to be an Asset Sale:

(1) any single transaction or series of related transactions that involves assets having a Fair Market Value of less than $2.5 million;

(2) a transfer of assets between or among MagnaChip and its Restricted Subsidiaries (including to a Person that becomes a Restricted Subsidiary upon such transfer);

(3) an issuance of Equity Interests by a Restricted Subsidiary of MagnaChip to MagnaChip or to a Restricted Subsidiary of MagnaChip;

(4) the sale, lease, conveyance or other disposition of products, inventory, services or accounts receivable in the ordinary course of business and any sale or other disposition of damaged, worn out, uneconomical, surplus or obsolete assets in the ordinary course of business;

(5) the sale or other disposition of cash or Cash Equivalents;

(6) a Restricted Payment that does not violate the covenant described above under the caption "—Certain Covenants—Restricted Payments" or a Permitted Investment;

(7) Permitted Liens; and

(8) grants of licenses in intellectual property on terms customary for the semiconductor industry.

Notwithstanding the foregoing, the aggregate value of (i) all Permitted Investments in Restricted Subsidiaries that are not Guarantors (the value of which is measured at the time of such Permitted Investments)

and (ii) all transfers of assets to Restricted Subsidiaries that are not Guarantors (the value of which is measured at the time of such transfer of assets), shall not exceed an amount equal to 33 1/3% of the Total Assets of MagnaChip and its Restricted Subsidiaries.

"*Asset Sale Offer*" has the meaning assigned to that term in the indenture governing the second priority notes.

"*Beneficial Owner*" has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act. The terms "Beneficially Owns" and "Beneficially Owned" have a corresponding meaning.

"Board of Directors" means:

(1) with respect to a corporation, the board of directors of the corporation or any committee thereof duly authorized to act on behalf of such board;

(2) with respect to a partnership, the Board of Directors of the general partner of the partnership;

(3) with respect to a limited liability company, the managing member or members or any controlling committee of managing members thereof; and

(4) with respect to any other Person, the board or committee of such Person serving a similar function.

"*Capital Lease Obligation*" means, at the time any determination is to be made, the amount of the liability in respect of a capital lease that would at that time be required to be capitalized on a balance sheet prepared in accordance with GAAP, and the Stated Maturity thereof shall be the date of the last payment of rent or any other amount due under such lease prior to the first date upon which such lease may be prepaid by the lessee without payment of a penalty.

"Capital Stock" means:

(1) in the case of a corporation, corporate stock;

(2) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock;

(3) in the case of a partnership or limited liability company, partnership interests (whether general or limited) or membership interests; and

(4) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person, but excluding from all of the foregoing any debt securities convertible into Capital Stock, whether or not such debt securities include any right of participation with Capital Stock.

"Cash Equivalents" means:

(1) United States dollars, Korean Won, Pound Sterling, Hong Kong dollars, New Taiwan dollars, Euros and Japanese yen;

(2) securities issued or directly and fully guaranteed or insured by the United States government, Korean government, EU member states with a sovereign credit rating of A or better, the Japanese government, the Taiwan government, the Hong Kong government, or any agency or instrumentality of any such government (*provided* that the full faith and credit of any such government is pledged in support of those securities) having maturities of not more than one year from the date of acquisition;

(3) United States dollar denominated and Korean Won denominated certificates of deposit, eurodollar time deposits and other similar instruments in the United States, Hong Kong, Taiwan and Japan with maturities of one year or less from the date of acquisition, bankers' acceptances with maturities not exceeding one year and overnight bank deposits, in each case, with any lender party to the Senior Credit

Agreement or with any domestic commercial bank having capital and surplus in excess of $500.0 million and a Thomson Bank Watch Rating of "B" or better or comparable rating by a comparable rating agency in the relevant jurisdiction if a Moody's or S&P rating is unavailable;

(4) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (2) and (3) above entered into with any financial institution meeting the qualifications specified in clause (3) above;

(5) commercial paper having one of the two highest ratings obtainable from Moody's or one of the three highest ratings obtainable from S&P or comparable rating by a comparable rating agency in the relevant jurisdiction if a Moody's or S&P rating is unavailable and, in each case, maturing within one year after the date of acquisition; and

(6) money market funds at least 95% of the assets of which constitute Cash Equivalents of the kinds described in clauses (1) through (5) of this definition.

"*Casualty Event*" means any taking under power of eminent domain or similar proceeding and any insured loss, in each case relating to property or other assets that constituted Collateral.

"*Change of Control*" means the occurrence of any of the following:

(1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of US LLC and its Subsidiaries taken as a whole to any "person" (as that term is used in Section 13(d) of the Exchange Act) other than a Principal or a Related Party of a Principal;

(2) the adoption of a plan relating to the liquidation or dissolution of MagnaChip;

(3) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any "person" (as defined above), other than the Principals and their Related Parties, becomes the Beneficial Owner, directly or indirectly, of more than 50% of the Voting Stock of MagnaChip, measured by voting power rather than number of shares; or

(4) after an initial public offering of MagnaChip or any direct or indirect parent of MagnaChip, the first day on which a majority of the members of the Board of Directors of such public company are not Continuing Directors.

"*Change of Control Offer*" has the meaning assigned to that term in the indenture governing the second priority notes.

"*Class*" means (1) in the case of Parity Lien Debt, every Series of Parity Lien Debt, taken together, and (2) in the case of Priority Lien Debt, every Series of Priority Lien Debt, taken together.

"*Collateral*" means all properties and assets at any time owned or acquired by MagnaChip or any of the other Pledgors, except:

(1) Excluded Assets;

(2) any properties and assets as to which Liens are required to be released pursuant to the provisions described above under the caption "—Intercreditor Agreement—Release of Liens on Collateral;" and

(3) any properties and assets that no longer secure the second priority notes or any Obligations in respect thereof pursuant to the provisions described above under the caption "—Intercreditor Agreement—Release of Liens in Respect of Second priority Notes,"

*provided* that, in the case of clauses (2) and (3), if such Liens are required to be released as a result of the sale, transfer or other disposition of any properties or assets of MagnaChip or any other Pledgor, such assets or properties will cease to be excluded from the Collateral if MagnaChip or any other Pledgor thereafter acquires or reacquires such assets or properties.

"*Collateral Trustee*" means the collateral trustee for the Priority Lien Collateral Agent and the Parity Lien Collateral Agent with respect to the guarantees of the Secured Obligations issued to such collateral trustee by MagnaChip Semiconductor, Ltd. and the various liens on Collateral owned by MagnaChip Semiconductor, Ltd. to secure such guarantees, together with its successors in such capacity.

"*Consolidated Cash Flow*" means, with respect to any specified Person for any period, the Consolidated Net Income of such Person for such period *plus*, without duplication:

(1) an amount equal to any extraordinary loss plus any net loss realized by such Person or any of its Restricted Subsidiaries in connection with an Asset Sale, to the extent such losses were deducted in computing such Consolidated Net Income; *plus*

(2) provision for taxes based on income or profits of such Person and its Restricted Subsidiaries for such period, to the extent that such provision for taxes was deducted in computing such Consolidated Net Income; *plus*

(3) the Fixed Charges of such Person and its Restricted Subsidiaries for such period, to the extent that such Fixed Charges were deducted in computing such Consolidated Net Income; *plus*

(4) depreciation, amortization (including amortization of intangibles but excluding amortization of prepaid cash expenses that were paid in a prior period) and other non-cash expenses (excluding any such non-cash expense to the extent that it represents an accrual of or reserve for cash expenses in any future period or amortization of a prepaid cash expense that was paid in a prior period) of such Person and its Restricted Subsidiaries for such period to the extent that such depreciation, amortization and other non-cash expenses were deducted in computing such Consolidated Net Income; *plus*

(5) other expenses incurred in connection with the Acquisition on or prior to the date of the indenture; *minus*

(6) non-cash items increasing such Consolidated Net Income for such period, other than the accrual of revenue in the ordinary course of business,

in each case, on a consolidated basis and determined in accordance with GAAP.

Notwithstanding the preceding, the provision for taxes based on the income or profits of, and the depreciation and amortization and other non-cash expenses of, a Restricted Subsidiary of MagnaChip will be added to Consolidated Net Income to compute Consolidated Cash Flow of MagnaChip only to the extent that a corresponding amount would be permitted at the date of determination to be dividended to MagnaChip by such Restricted Subsidiary without prior governmental approval (that has not been obtained), and without direct or indirect restriction pursuant to the terms of its charter and all agreements, instruments, judgments, decrees, orders, statutes, rules and governmental regulations applicable to that Restricted Subsidiary or its stockholders.

"*Consolidated Net Income*" means, with respect to any specified Person for any period, the aggregate of the Net Income of such Person and its Restricted Subsidiaries for such period, on a consolidated basis, determined in accordance with GAAP; *provided* that:

(1) the Net Income (but not loss) of any Person that is not a Restricted Subsidiary or that is accounted for by the equity method of accounting will be included only to the extent of the amount of dividends or similar distributions paid in cash to the specified Person or a Restricted Subsidiary of the Person;

(2) the Net Income of any Restricted Subsidiary will be excluded to the extent that the declaration or payment of dividends or similar distributions by that Restricted Subsidiary of that Net Income is not at the date of determination permitted without any prior governmental approval (that has not been obtained) or, directly or indirectly, by operation of the terms of its charter or any agreement, instrument, judgment, decree, order, statute, rule or governmental regulation applicable to that Restricted Subsidiary or its stockholders, except to the extent that any dividend or similar distribution is actually and lawfully made and not otherwise included in Consolidated Net Income of such Person;

(3) the cumulative effect of a change in accounting principles will be excluded;

(4) any expenses associated with the Acquisition and the transactions contemplated thereby will be excluded;

(5) any transaction gains and losses due to fluctuations in currency values and the related tax effect will be excluded; and

(6) notwithstanding clause (1) above, the Net Income of any Unrestricted Subsidiary will be excluded, whether or not distributed to the specified Person or one of its Subsidiaries.

"*Continuing Directors*" means, as of any date of determination, any member of the Board of Directors of such Person who:

(1) was a member of such Board of Directors on the Issue Date;

(2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election; or

(3) was elected to the Board of Directors under the Securityholders' Agreement.

"*Credit Agreement Agent*" means, at any time, the Person serving at such time as the "Agent" or "Administrative Agent" under the Senior Credit Agreement or any other representative then most recently designated in accordance with the applicable provisions of the Senior Credit Agreement, together with its successors in such capacity.

"*Credit Facilities*" means, one or more debt facilities (including, without limitation, the Senior Credit Agreement) or commercial paper facilities, in each case, with banks or other institutional lenders providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced (whether upon or after termination or otherwise) or refinanced (including by means of sales of debt securities to institutional investors) in whole or in part from time to time.

"*Default*" means any event that is, or with the passage of time or the giving of notice or both would be, an Event of Default.

"*Discharge of Priority Lien Obligations*" means the occurrence of all of the following:

(1) termination or expiration of all commitments to extend credit that would constitute Priority Lien Debt;

(2) payment in full in cash of the principal of and interest and premium (if any) on all Priority Lien Debt (other than any undrawn letters of credit);

(3) discharge or cash collateralization (at the lower of (1) 105% of the aggregate undrawn amount and (2) the percentage of the aggregate undrawn amount required for release of liens under the terms of the applicable Priority Lien Document) of all outstanding letters of credit constituting Priority Lien Debt; and

(4) payment in full in cash of all other Priority Lien Obligations that are outstanding and unpaid at the time the Priority Lien Debt is paid in full in cash (other than any obligations for taxes, costs, indemnifications, reimbursements, damages and other liabilities in respect of which no claim or demand for payment has been made at such time).

"*Disqualified Stock*" means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible, or for which it is exchangeable, in each case, at the option of the holder of the Capital Stock), or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or

otherwise, or redeemable at the option of the holder of the Capital Stock, in whole or in part, on or prior to the date that is 91 days after the date on which the second priority notes mature. Notwithstanding the preceding sentence, any Capital Stock that would constitute Disqualified Stock solely because the holders of the Capital Stock have the right to require MagnaChip to repurchase such Capital Stock upon the occurrence of a change of control or an asset sale will not constitute Disqualified Stock if the terms of such Capital Stock provide that MagnaChip may not repurchase or redeem any such Capital Stock pursuant to such provisions unless such repurchase or redemption complies with the covenant described above under the caption "—Certain Covenants—Restricted Payments." The amount of Disqualified Stock deemed to be outstanding at any time for purposes of the indenture will be the maximum amount that MagnaChip and its Restricted Subsidiaries may become obligated to pay upon the maturity of, or pursuant to any mandatory redemption provisions of, such Disqualified Stock, exclusive of accrued dividends.

"*equally and ratably*" means, in reference to sharing of Liens or proceeds thereof as between holders of Secured Obligations within the same Class, that such Liens or proceeds:

(1) will be allocated and distributed first to the Secured Debt Representative for each outstanding Series of Secured Debt within that Class, for the account of the holders of such Series of Secured Debt, ratably in proportion to the principal of, and interest and premium (if any) and reimbursement obligations (contingent or otherwise) with respect to letters of credit, if any, outstanding (whether or not drawings have been made under such letters of credit) on each outstanding Series of Secured Debt within that Class when the allocation or distribution is made, and thereafter

(2) will be allocated and distributed (if any remain after payment in full of all of the principal of, and interest and premium (if any) and reimbursement obligations (contingent or otherwise) with respect to letters of credit, if any, outstanding (whether or not drawings have been made on such letters of credit) on all outstanding Secured Obligations within that Class) to the Secured Debt Representative for each outstanding Series of Secured Obligations within that Class, for the account of the holders of any remaining Secured Obligations within that Class, ratably in proportion to the aggregate unpaid amount of such remaining Secured Obligations within that Class due and demanded (with written notice to the applicable Secured Debt Representative and the collateral agent) prior to the date such distribution is made.

"*Equity Interests*" means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

"*Excluded Assets*" means each of the following:

(1) all "securities," including membership interests, convertible preferred equity certificates, preferred equity certificates, units of contribution, stock, shares, and the like of MagnaChip and any of MagnaChip's "affiliates" (as the terms "securities" and "affiliates" are used in Rule 3-16 of Regulation S-X under the Securities Act);

(2) assets as to which the Priority Lien Collateral Agent does not obtain a Lien; and

(3) assets that are described as excluded assets in the security documents that secure Parity Lien Obligations.

"*Existing Indebtedness*" means Indebtedness of US LLC and its Subsidiaries (other than Indebtedness under the Senior Credit Agreement) in existence on the Issue Date, until such amounts are repaid.

"*Fair Market Value*" means the value that would be paid by a willing buyer to an unaffiliated willing seller, determined in good faith by the Board of Directors of MagnaChip (unless otherwise provided in the indenture).

"*Fixed Charge Coverage Ratio*" means with respect to any specified Person and its Restricted Subsidiaries for any period, the ratio of the Consolidated Cash Flow of such Person and its Restricted Subsidiaries for such period to the Fixed Charges of such Person and its Restricted Subsidiaries for such period. In the event that the

specified Person or any of its Restricted Subsidiaries incurs, assumes, Guarantees, repays, repurchases, redeems, defeases or otherwise discharges any Indebtedness (other than ordinary working capital borrowings) or issues, repurchases or redeems preferred stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated and on or prior to the date on which the event for which the calculation of the Fixed Charge Coverage Ratio is made (the "*Calculation Date*"), then the Fixed Charge Coverage Ratio will be calculated giving pro forma effect to such incurrence, assumption, Guarantee, repayment, repurchase, redemption, defeasance or other discharge of Indebtedness, or such issuance, repurchase or redemption of preferred stock, and the use of the proceeds therefrom, as if the same had occurred at the beginning of the applicable four quarter reference period.

In addition, for purposes of calculating the Fixed Charge Coverage Ratio:

(1) acquisitions that have been made by the specified Person or any of its Restricted Subsidiaries, including through mergers or consolidations, or any Person or any of its Restricted Subsidiaries acquired by the specified Person or any of its Restricted Subsidiaries, and including any related financing transactions and including increases in ownership of Restricted Subsidiaries, during the four-quarter reference period or subsequent to such reference period and on or prior to the Calculation Date will be given pro forma effect (in accordance with Regulation S-X under the Securities Act) as if they had occurred on the first day of the four-quarter reference period.

(2) the Consolidated Cash Flow attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded;

(3) the Fixed Charges attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded, but only to the extent that the obligations giving rise to such Fixed Charges will not be obligations of the specified Person or any of its Restricted Subsidiaries following the Calculation Date;

(4) any Person that is a Restricted Subsidiary on the Calculation Date or that becomes a Restricted Subsidiary on the Calculation Date will be deemed to have been a Restricted Subsidiary at all times during such four-quarter period;

(5) any Person that is not a Restricted Subsidiary on the Calculation Date or would cease to be a Restricted Subsidiary on the Calculation Date will be deemed not to have been a Restricted Subsidiary at any time during such four-quarter period; and

(6) if any Indebtedness bears a floating rate of interest, the interest expense on such Indebtedness will be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligation applicable to such Indebtedness if such Hedging Obligation has a remaining term as at the Calculation Date in excess of 12 months).

"*Fixed Charges*" means, with respect to any specified Person for any period, the sum, without duplication, of:

(1) the consolidated interest expense of such Person and its Restricted Subsidiaries for such period, whether paid or accrued, including, without limitation, amortization of original issue discount, noncash interest payments, the interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers' acceptance financings, and net of the effect of all payments made or received pursuant to Hedging Obligations in respect of interest rates; *plus*

(2) the consolidated interest expense of such Person and its Restricted Subsidiaries that was capitalized during such period; *plus*

(3) any interest on Indebtedness of another Person that is guaranteed by such Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such Person or one of its Restricted Subsidiaries, whether or not such Guarantee or Lien is called upon; *plus*

(4) the product of (a) all dividends, whether paid or accrued and whether or not in cash, on any series of preferred stock of such Person or any of its Restricted Subsidiaries, other than dividends on Equity Interests payable solely in Equity Interests of MagnaChip (other than Disqualified Stock) or to MagnaChip or a Restricted Subsidiary of MagnaChip, *times* (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state and local statutory tax rate of such Person, expressed as a decimal, in each case, determined on a consolidated basis in accordance with GAAP.

"*GAAP*" means generally accepted accounting principles set forth in the opinions and pronouncements of the Accounting Principles Board of the American Institute of Certified Public Accountants and statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which are in effect on the Issue Date.

"*Government Securities*" means securities that are

(a) direct obligations of the United States of America for the timely payment of which its full faith and credit is pledged, or

(b) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America,

which, in either case, are not callable or redeemable at the option of the issuers thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act), as custodian with respect to any such Government Securities or a specific payment of principal of or interest on any such Government Securities held by such custodian for the account of the holder of such depository receipt; *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Securities or the specific payment of principal of or interest on the Government Securities evidenced by such depository receipt.

"*Guarantee*" means a guarantee other than by endorsement of negotiable instruments for collection in the ordinary course of business, direct or indirect, in any manner including, without limitation, by way of a pledge of assets or through letters of credit or reimbursement agreements in respect thereof, of all or any part of any Indebtedness (whether arising by virtue of partnership arrangements, or by agreements to keep-well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions or otherwise).

"*Guarantors*" means each of:

(1) MagnaChip Semiconductor LLC (USA), MagnaChip Semiconductor, Inc. (USA), MagnaChip Semiconductor B.V. (Netherlands), MagnaChip Semiconductor, Ltd. (Korea), MagnaChip Semiconductor SA Holdings LLC (USA), MagnaChip Semiconductor Ltd. (UK), MagnaChip Semiconductor Inc. (Japan), MagnaChip Semiconductor Ltd. (Hong Kong) and MagnaChip Semiconductor Ltd. (Taiwan); and

(2) any other Subsidiary of MagnaChip that executes a Note Guarantee in accordance with the provisions of the indenture,

and their respective successors and assigns, in each case, until the Note Guarantee of such Person has been released in accordance with the provisions of the indenture.

"*Hedging Obligations*" means, with respect to any specified Person, the obligations of such Person under:

(1) interest rate swap agreements (whether from fixed to floating or from floating to fixed), interest rate cap agreements and interest rate collar agreements;

(2) other agreements or arrangements designed to manage interest rates or interest rate risk; and

(3) other agreements or arrangements designed to protect such Person against fluctuations in currency exchange rates or commodity prices, in each case, in reasonable relation to the business of MagnaChip and the Restricted Subsidiaries, and not for speculative purposes.

"*Hynix Agreements*" means each of the following as the same may be amended, restated, supplemented, modified, renewed, extended or replaced from time to time:

(1) Business Transfer Agreement dated as of June 12, 2004 by and between Hynix and MagnaChip Korea;

(2) First Amendment to Business Transfer Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(3) General Services Supply Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(4) each of the Overseas Sales Services Agreements dated as of October 6, 2004 by and between a Subsidiary of Hynix and a Subsidiary of MagnaChip;

(5) R&D Equipment Utilization Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(6) IT & FA Service Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(7) Wafer Foundry Service Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(8) Mask Production and Supply Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(9) each of the Building Lease Agreements dated as of October 6, 2004 by and between Hynix and MagnaChip Korea;

(10) Trademark License Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea; and

(11) Intellectual Property Licensing Agreement dated as of October 6, 2004 by and between Hynix and MagnaChip Korea.

"*Immaterial Subsidiary*" means, as of any date, any Restricted Subsidiary whose total assets, as of that date, are less than $250,000 and whose total revenues for the most recent 12-month period do not exceed $250,000; *provided* that a Restricted Subsidiary will not be considered to be an Immaterial Subsidiary if it, directly or indirectly, guarantees or otherwise provides direct credit support for any Indebtedness of MagnaChip; *provided, further,* that the revenues and total assets of all such subsidiaries shall not exceed $2.5 million in the aggregate.

"*Indebtedness*" means, with respect to any specified Person, any indebtedness of such Person (excluding accrued expenses and trade payables), whether or not contingent:

(1) in respect of borrowed money;

(2) evidenced by bonds, notes, debentures or similar instruments or letters of credit (or reimbursement agreements in respect thereof);

(3) in respect of banker's acceptances;

(4) representing Capital Lease Obligations;

(5) representing the balance deferred and unpaid of the purchase price of any property or services due more than six months after such property is acquired or such services are completed; or

(6) representing any Hedging Obligations,

if and to the extent any of the preceding items (other than letters of credit and Hedging Obligations) would appear as a liability upon a balance sheet of the specified Person prepared in accordance with GAAP. In addition, the term "Indebtedness" includes all Indebtedness of others secured by a Lien on any asset of the specified Person (whether or not such Indebtedness is assumed by the specified Person and the amount of such obligation being deemed to be the lesser of the value of such asset and the amount of the obligation so secured) and, to the extent not otherwise included, the Guarantee by the specified Person of any Indebtedness of any other Person.

"insolvency or liquidation proceeding" means:

(1) any case commenced by or against MagnaChip or any other Pledgor under Title 11, U.S. Code or any similar federal, state or foreign law for the relief of debtors, any other proceeding for the reorganization, recapitalization or adjustment or marshalling of the assets or liabilities of MagnaChip or any other Pledgor, any receivership or assignment for the benefit of creditors relating to MagnaChip or any other Pledgor or any similar case or proceeding relative to MagnaChip or any other Pledgor or its creditors, as such, in each case whether or not voluntary;

(2) any liquidation, dissolution, marshalling of assets or liabilities or other winding up of or relating to MagnaChip or any other Pledgor, in each case whether or not voluntary and whether or not involving bankruptcy or insolvency; or

(3) any other proceeding of any type or nature in which substantially all claims of creditors of MagnaChip or any other Pledgor are determined and any payment or distribution is or may be made on account of such claims.

"*intercreditor agreement*" means the Intercreditor Agreement, dated as of the date of the Issue Date, among the Pledgors, the Priority Lien Credit Agreement Agent, the Priority Lien Collateral Agent, the trustee and the Parity Lien Collateral Agent, as amended, supplemented or otherwise modified from time to time.

"*Investments*" means, with respect to any Person, all direct or indirect investments by such Person in other Persons (including Affiliates) in the forms of loans (including Guarantees or other obligations), advances or capital contributions (excluding (A) advances to customers in the ordinary course of business that are recorded as accounts receivable on the consolidated balance sheet of such Person and (B) commission, travel, moving and similar advances to officers and employees made in the ordinary course of business), purchases or other acquisitions for consideration of Indebtedness, Equity Interests or other securities, together with all items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP. If MagnaChip or any Subsidiary of MagnaChip sells or otherwise disposes of any Equity Interests of any direct or indirect Subsidiary of MagnaChip such that, after giving effect to any such sale or disposition, such Person is no longer a Subsidiary of MagnaChip, MagnaChip will be deemed to have made an Investment on the date of any such sale or disposition equal to the Fair Market Value of MagnaChip's Investments in such Subsidiary that were not sold or disposed of in an amount determined as provided in the final paragraph of the covenant described above under the caption "—Certain Covenants—Restricted Payments." The acquisition by MagnaChip or any Subsidiary of MagnaChip of a Person that holds an Investment in a third Person will be deemed to be an Investment by MagnaChip or such Subsidiary in such third Person in an amount equal to the Fair Market Value of the Investments held by the acquired Person in such third Person in an amount determined as provided in the final paragraph of the covenant described above under the caption "—Certain Covenants—Restricted Payments." Except as otherwise provided in the indenture, the amount of an Investment will be determined at the time the Investment is made and without giving effect to subsequent changes in value.

"*Issue Date*" means December 23, 2004.

"*LIBOR Rate*" means, for each quarterly period during which any floating rate second priority note is outstanding subsequent to the initial quarterly period, the rate determined by MagnaChip (notice of such rate to be sent to the trustee by MagnaChip on the date of determination thereof) equal to the applicable British Bankers'

Association LIBOR rate for deposits in U.S. dollars for a period of three months as reported by any generally recognized financial information service as of 11:00 a.m. (London time) two business days prior to the first day of such quarterly period; provided that, if no such British Bankers' Association LIBOR rate is available to MagnaChip, the LIBOR Rate for the relevant quarterly period shall instead be the rate at which UBS Securities LLC or one of its affiliate banks offers to place deposits in U.S. dollars with first-class banks in the London interbank market for a period of three months at approximately 11:00 a.m. (London time) two business days prior to the first day of such quarterly period, in amounts equal to $1.0 million. Notwithstanding the foregoing, the LIBOR Rate for the initial quarterly period shall be 2.51%.

"*Lien*" means, with respect to any asset, any mortgage, lien, pledge, charge, security interest or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law, including any conditional sale or other title retention agreement, any lease in the nature thereof, any option or other agreement to sell or give a security interest in and any filing of or agreement to give any financing statement under the Uniform Commercial Code (or equivalent statutes) of any jurisdiction.

"Lien Sharing and Priority Confirmation" means:

(1) as to any Series of Parity Lien Debt, the written agreement of the holders of such Series of Parity Lien Debt, as set forth in the indenture, credit agreement or other agreement governing such Series of Parity Lien Debt, for the enforceable benefit of all holders of each existing and future Series of Priority Lien Debt, each existing and future Priority Lien Representative and each existing and future holder of Permitted Prior Liens:

(a) that all Parity Lien Obligations will be and are secured equally and ratably by all Parity Liens at any time granted by MagnaChip or any other Pledgor to secure any Obligations in respect of such Series of Parity Lien Debt, whether or not upon property otherwise constituting collateral for such Series of Parity Lien Debt, and that all such Parity Liens will be enforceable by the Parity Lien Collateral Agent for the benefit of all holders of Parity Lien Obligations equally and ratably;

(b) that the holders of Obligations in respect of such Series of Parity Lien Debt are bound by the provisions of the intercreditor agreement, including the provisions relating to the ranking of Parity Liens and the order of application of proceeds from the enforcement of Parity Liens; and

(c) consenting to and directing the Parity Lien Collateral Agent to perform its obligations under the intercreditor agreement and the other security documents; and

(2) as to any Series of Priority Lien Debt, the written agreement of the holders of such Series of Priority Lien Debt, as set forth in the credit agreement or other agreement governing such Series of Priority Lien Debt, for the enforceable benefit of all holders of each existing and future Series of Parity Lien Debt, each existing and future Parity Lien Representative and each existing and future holder of Permitted Prior Liens:

(a) that all Priority Lien Obligations will be and are secured equally and ratably by all Priority Liens at any time granted by MagnaChip or any other Pledgor to secure any Obligations in respect of such Series of Priority Lien Debt, whether or not upon property otherwise constituting collateral for such Series of Priority Lien Debt, and that all such Priority Liens will be enforceable for the benefit of all holders of Priority Lien Obligations equally and ratably;

(b) that the holders of Obligations in respect of such Series of Priority Lien Debt are bound by the provisions of the intercreditor agreement, including the provisions relating to the ranking of Priority Liens and the order of application of proceeds from enforcement of Priority Liens; and

(c) consenting to and directing the collateral agent to perform its obligations under the intercreditor agreement and the other security documents.

"*Liquidated Damages*" means all liquidated damages then owing pursuant to the registration rights agreement.

"*Moody's*" means Moody's Investors Service, Inc.

"*Net Income*" means, with respect to any specified Person, the net income (loss) of such Person, determined in accordance with GAAP and before any reduction in respect of preferred stock dividends, excluding, however:

(1) any gain (or loss), together with any related provision for taxes on such gain (or loss), realized in connection with: (a) any Asset Sale; or (b) the disposition of any securities by such Person or any of its Restricted Subsidiaries or the extinguishment of any Indebtedness of such Person or any of its Restricted Subsidiaries; and

(2) any extraordinary gain (or loss), together with any related provision for taxes on such extraordinary gain (or loss).

"*Net Proceeds*" means the aggregate cash proceeds received by MagnaChip or any of its Restricted Subsidiaries in respect of any Casualty Event or Asset Sale (including, without limitation, any cash received upon the sale or other disposition of any non-cash consideration received in any Asset Sale), net of the direct costs relating to such Asset Sale, including, without limitation, legal, accounting and investment banking fees, and sales commissions, and any relocation expenses incurred as a result of the Asset Sale, taxes paid or payable as a result of the Asset Sale, and any repayment of Indebtedness that was permitted to be secured by the assets sold or lost in such Asset Sale or Casualty Event, in each case, after taking into account any available tax credits or deductions and any tax sharing arrangements, and any reserve for adjustment in respect of the sale price of such asset or assets established in accordance with GAAP.

"*Non-Recourse Debt*" means Indebtedness:

(1) as to which neither MagnaChip nor any of its Restricted Subsidiaries (a) provides credit support of any kind (including any undertaking, agreement or instrument that would constitute Indebtedness), (b) is directly or indirectly liable as a guarantor or otherwise, or (c) constitutes the lender;

(2) no default with respect to which (including any rights that the holders of the Indebtedness may have to take enforcement action against an Unrestricted Subsidiary) would permit upon notice, lapse of time or both any holder of any other Indebtedness of MagnaChip or any of its Restricted Subsidiaries to declare a default on such other Indebtedness or cause the payment of the Indebtedness to be accelerated or payable prior to its Stated Maturity; and

(3) as to which the lenders have been notified in writing that they will not have any recourse to the stock or assets of MagnaChip or any of its Restricted Subsidiaries.

"*Note Documents*" means the indenture, the second priority notes and the security documents.

"*Note Guarantee"* means the Guarantee by each Guarantor of MagnaChip's obligations under the indenture and the notes, executed pursuant to the provisions of the indenture.

"*Obligations*" means any principal (including reimbursement obligations with respect to letters of credit whether or not drawn), interest (including, with respect to the provisions described under "—Intercreditor Agreement," to the extent legally permitted, all interest accrued thereon after the commencement of any insolvency or liquidation proceeding at the rate, including any applicable postdefault rate, specified in the Priority Lien Documents, even if such interest is not enforceable, allowable or allowed as a claim in such proceeding), premium (if any), fees, indemnifications, reimbursements, expenses and other liabilities payable under the documentation governing any Indebtedness.

"*Parity Lien*" means a Lien granted by a security document to the Parity Lien Collateral Agent at any time, upon any property of MagnaChip or any other Pledgor to secure Parity Lien Obligations.

"*Parity Lien Collateral Agent*" means The Bank of New York, in its capacity as collateral agent for the trustee and the holders of second priority notes or other Parity Lien Obligations under the security documents, together with its successors in such capacity.

"Parity Lien Debt" means:

(1) the second priority notes issued on the Issue Date (including the related new notes); and

(2) any other Indebtedness of MagnaChip (including additional notes) that is secured equally and ratably with the second priority notes by a Parity Lien that was permitted to be incurred and so secured under each applicable Secured Debt Document; *provided* that:

(a) the net proceeds are used to refund, refinance, replace, defease, discharge or otherwise acquire or retire Priority Lien Debt or other Parity Lien Debt; or

(b) on the date of incurrence of such Indebtedness, after giving pro forma effect to the incurrence thereof and the application of the proceeds therefrom, the Secured Leverage Ratio would not be greater than 2.75 to 1.0;

*provided*, *further*, in the case of any Indebtedness referred to in clause (2) of this definition:

(a) on or before the date on which such Indebtedness is incurred by MagnaChip, such Indebtedness is designated by MagnaChip, in an officers' certificate delivered to each Parity Lien Representative and Collateral Trustee and the Parity Lien Collateral Agent, as "Parity Lien Debt" for the purposes of the indenture and the intercreditor agreement; *provided* that no Series of Secured Debt may be designated as both Parity Lien Debt and Priority Lien Debt;

(b) such Indebtedness is governed by an indenture, credit agreement or other agreement that includes a Lien Sharing and Priority Confirmation; and

(c) all requirements set forth in the intercreditor agreement as to the confirmation, grant or perfection of the Parity Lien Collateral Agent Liens to secure such Indebtedness or Obligations in respect thereof are satisfied (and the satisfaction of such requirements and the other provisions of this clause (c) will be conclusively established if MagnaChip delivers to the Parity Lien Collateral Agent an officers' certificate stating that such requirements and other provisions have been satisfied and that such Indebtedness is "Parity Lien Debt").

"*Parity Lien Documents*" means, collectively, the Note Documents, the indenture, credit agreement or other agreement governing each other Series of Parity Lien Debt and the security documents (other than any security documents that do not secure Parity Lien Obligations).

"*Parity Lien Obligations*" means Parity Lien Debt and all other Obligations in respect thereof.

"Parity Lien Representative" means:

(1) in the case of the second lien notes, the trustee;

(2) in the case of any other Series of Parity Debt, the trustee, agent or representative of the holders of such Series of Parity Lien Debt who maintains the transfer register for such Series of Parity Lien Debt and (a) is appointed as a Parity Lien Representative (for purposes related to the administration of the security documents) pursuant to the indenture, credit agreement or other agreement governing such Series of Parity Lien Debt, together with its successors in such capacity, and (b) has become a party to the intercreditor agreement by executing a joinder in the form required under the intercreditor agreement.

"*Permitted Business*" means the businesses of MagnaChip, its direct and indirect parents, and their respective subsidiaries as of the date of the indenture and any other business ancillary or supplementary to the semiconductor business.

"Permitted Investments" means:

(1) any Investment in MagnaChip or in a Restricted Subsidiary of MagnaChip;

(2) any Investment in Cash Equivalents;

(3) any Investment by MagnaChip or any Restricted Subsidiary of MagnaChip in a Person, if as a result of such Investment:

(a) such Person becomes a Restricted Subsidiary of MagnaChip; or

(b) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, MagnaChip or a Restricted Subsidiary of MagnaChip;

(4) any Investment made as a result of the receipt of non-cash consideration from an Asset Sale that was made pursuant to and in compliance with the covenant described above under the caption "—Repurchase at the Option of Holders—Asset Sales;"

(5) any acquisition of assets or Capital Stock solely in exchange for the issuance of Equity Interests (other than Disqualified Stock) of MagnaChip or any of its direct or indirect parents;

(6) any Investments received in compromise or resolution of (A) obligations that were incurred in the ordinary course of business of MagnaChip or any of its Restricted Subsidiaries, including pursuant to any plan of reorganization or similar arrangement upon the bankruptcy or insolvency of any trade creditor or customer; or (B) litigation, arbitration or other disputes with Persons who are not Affiliates;

(7) Investments represented by Hedging Obligations;

(8) loans or advances to employees, directors, officers or consultants made in the ordinary course of business of MagnaChip or any Restricted Subsidiary of MagnaChip in an aggregate principal amount not to exceed $5.0 million at any one time outstanding;

(9) repurchases of the second priority notes;

(10) (A) advances to customers in the ordinary course of business that are recorded as accounts receivable on the consolidated balance sheet of such Person and (B) payroll, travel and similar advances to cover matters that are expected at the time of the advances ultimately to be treated as expenses for accounting purposes and that are made in the ordinary course of business;

(11) receivables owing to MagnaChip or any Restricted Subsidiary of MagnaChip if created or acquired in the ordinary course of business and payable or dischargeable in accordance with customary trade terms; provided, however, that such trade terms may include the concessionaire trade terms as MagnaChip or the Restricted Subsidiary deems reasonable under the circumstances;

(12) Investments in existence on the Issue Date;

(13) Investments in any Person to the extent such Investments consist of prepaid expenses, negotiable instruments held for collection and lease, utility and workers' compensation, performance and other similar deposits made in the ordinary course of business by MagnaChip or any Restricted Subsidiary;

(14) Investment in any Person where such Investment was acquired by MagnaChip or any of the Restricted Subsidiaries (a) in exchange for any other Investment or accounts receivable held by MagnaChip or any such Restricted Subsidiary in connection with or as a result of a bankruptcy, workout, reorganization or recapitalization of the issuer of such other Investment or accounts receivable or (b) as a result of a foreclosure by MagnaChip or any of the Restricted Subsidiaries with respect to any secured Investment or other transfer of title with respect to any secured Investment in default;

(15) dividends, payments or distributions to any of MagnaChip's direct or indirect parent entities that is not a Guarantor or a Restricted Subsidiary that is not a Guarantor;

(16) other Investments in any Person having an aggregate Fair Market Value (measured on the date each such Investment was made and without giving effect to subsequent changes in value), when taken together with all other Investments made pursuant to this clause (16) that are at the time outstanding that does not exceed the greater of (A) $50.0 million and (B) 5.0% of Total Assets (with the fair market value of each Investment being measured at the time made and without giving effect to subsequent changes in value).

Provided that any cash return on capital in any such Permitted Investment (including through any dividend, distribution, repayment, redemption, payment of interest or other transfer) made pursuant to this clause (16) will reduce the amount of any such Permitted Investment for purposes of calculating the amount of Permitted Investments under this clause (16) and will be excluded from clauses 3(a), (d) and (e) of the first paragraph of the covenant described under the caption "—Certain Covenants—Restricted Payments"; provided, that the total reduction may not exceed the amount of the original investment.

Notwithstanding the foregoing, an Investment in a Restricted Subsidiary that is not a Guarantor will not be deemed a Permitted Investment if the aggregate value of (i) all Permitted Investments in Restricted Subsidiaries that are not Guarantors (the value of which is measured at the time of such Permitted Investments) and (ii) all transfers of assets to Restricted Subsidiaries that are not Guarantors (the value of which is measured at the time of such transfers of assets) exceeds an amount equal to 33 1/3% of the Total Assets of MagnaChip and its Restricted Subsidiaries.

"Permitted Liens" means:

(1) Liens held by the Collateral Trustee or the Priority Lien Collateral Agent securing (A) Priority Lien Debt in an aggregate principal amount not exceeding the Priority Lien Cap and (B) all related Priority Lien Obligations and (c) Hedging Obligations related thereto with parties to the Senior Credit Agreement.

(2) Liens held by the Collateral Trustee or the Parity Lien Collateral Agent equally and ratably securing the second priority notes to be issued on the Issue Date and all future Parity Lien Debt and other Parity Lien Obligations and Hedging Obligations related thereto with parties to the Senior Credit Agreement;

(3) Liens in favor of MagnaChip or the Guarantors;

(4) Liens on property of a Person existing at the time such Person is merged with or into or consolidated with MagnaChip or any Subsidiary of MagnaChip; *provided* that such Liens were in existence prior to the contemplation of such merger or consolidation and do not extend to any assets other than those of the Person merged into or consolidated with MagnaChip or the Subsidiary;

(5) Liens on property (including Capital Stock) existing at the time of acquisition of the property by MagnaChip or any Subsidiary of MagnaChip; *provided* that such Liens were in existence prior to, such acquisition, and not incurred in contemplation of, such acquisition;

(6) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business;

(7) Liens to secure Indebtedness (including Capital Lease Obligations) permitted by clause (5) of the second paragraph of the covenant entitled "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock" covering only the assets acquired with or financed by such Indebtedness;

(8) Liens existing on the Issue Date;

(9) Liens for taxes, assessments or governmental charges or claims that are not yet delinquent or that are being contested in good faith by appropriate proceedings promptly instituted and diligently concluded; *provided* that any reserve or other appropriate provision as is required in conformity with GAAP has been made therefor;

(10) Liens imposed by law, such as carriers', warehousemen's, landlord's and mechanics' Liens, in each case, incurred in the ordinary course of business;

(11) pledges or deposits by a Person under worker's compensation laws, unemployment insurance laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness) or leases to which such Person is a party, or deposits as security for contested taxes or import duties or for the payment of rent, in each case incurred in the ordinary course of business;

(12) survey exceptions, easements or reservations of, or rights of others for, licenses, rights-of-way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other

restrictions as to the use of real property that were not incurred in connection with Indebtedness and that do not in the aggregate materially adversely affect the value of said properties or materially impair their use in the operation of the business of such Person;

(13) Liens created for the benefit of (or to secure) the second priority notes (or the Note Guarantees);

(14) attachment or judgment Liens not giving rise to an Event of Default;

(15) Liens arising solely by virtue of any statutory or common law provision relating to banker's Liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a creditor depository institution; provided, however, that (A) such deposit account is not a dedicated cash collateral account and is not subject to restrictions against access by MagnaChip or any of its Restricted Subsidiaries in excess of those set forth by regulations promulgated by the Federal Reserve Board and (B) such deposit account is not intended by MagnaChip or any Restricted Subsidiary to provide collateral to the depository institution;

(16) Liens securing Hedging Obligations so long as such Hedging Obligations relate to Indebtedness that is permitted to be incurred under the indenture;

(17) Liens arising from the filing of Uniform Commercial Code financing statements regarding leases;

(18) Liens to secure any Permitted Refinancing Indebtedness permitted to be incurred under the indenture; *provided, however,* that:

(a) the new Lien shall be limited to all or part of the same property and assets that secured or, under the written agreements pursuant to which the original Lien arose, could secure the original Lien (plus improvements and accessions to, such property or proceeds or distributions thereof); and

(b) the Indebtedness secured by the new Lien is not increased to any amount greater than the sum of (x) the outstanding principal amount, or, if greater, committed amount, of the Permitted Refinancing Indebtedness and (y) an amount necessary to pay any fees and expenses, including premiums, related to such renewal, refunding, refinancing, replacement, defeasance or discharge; and

(19) Leases or subleases granted to others that do not materially interfere with the ordinary course of business of MagnaChip and its Restricted Subsidiaries or materially impair the value of Collateral;

(20) Liens on deposits, in an aggregate amount not to exceed $250,000 at any one time outstanding, made in the ordinary course of business to secure liability to insurance carriers;

(21) Liens under licensing agreements for use of intellectual property entered into in the ordinary course of business;

(22) Customary liens on deposits required in connection with the purchase of property, plant, equipment, inventory and other assets;

(23) Liens to secure all loans which may not be prepaid prior to one year following the date such loan is made under the Senior Credit Facility between MagnaChip Semiconductor, Ltd. (Korea) and certain institutional lenders with the Korean Exchange Bank, as agent, and liens on deposits made in order to secure the payment of such debt when prepayment is permitted;

(24) Liens to secure Indebtedness permitted by clauses (2) and (17) of the second paragraph of the covenant entitled "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock," provided, that with respect to such clause (17), such Liens cover only the assets owned by the Subsidiary incurring such Indebtedness;

(25) Liens incurred or deposits made in the ordinary course of business in connection with worker's compensation, unemployment insurance and other types of social security;

(26) Liens arising out of conditional sale, title retention, consignment or similar arrangements for the sale of goods entered into by MagnaChip or any of the Restricted Subsidiaries in the ordinary course of business; and

(27) Liens incurred in the ordinary course of business of MagnaChip or any Restricted Subsidiary of MagnaChip with respect to obligations that do not exceed $5.0 million at any one time outstanding.

"Permitted Prior Liens" means:

(1) Liens described in clause (1) of the definition of "Permitted Liens;"

(2) Liens described in clauses (4), (5), (6), (7), (8) (11), (16), (18) (provided that the original Lien was a Permitted Prior Lien), (19), (20), (21), (22), (23), (24), (25) and (26) of the definition of "Permitted Liens;" and

(3) Permitted Liens that arise by operation of law and are not voluntarily granted, to the extent entitled by law to priority over the Liens created by the security documents.

"*Permitted Refinancing Indebtedness*" means any Indebtedness of MagnaChip or any of its Restricted Subsidiaries issued in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, extend, defease or discharge other Indebtedness of MagnaChip or any of its Restricted Subsidiaries (other than intercompany Indebtedness); *provided* that:

(1) the principal amount (or accreted value, if applicable) of such Permitted Refinancing Indebtedness does not exceed the principal amount (or accreted value, if applicable) of the Indebtedness renewed, refunded, refinanced, replaced, extended, defeased or discharged (plus all accrued interest on the Indebtedness and the amount of all fees and expenses, including premiums, incurred in connection therewith);

(2) such Permitted Refinancing Indebtedness has a final maturity date later than the final maturity date of, and has a Weighted Average Life to Maturity equal to or greater than the Weighted Average Life to Maturity of, the Indebtedness being renewed, refunded, refinanced, replaced, extended, defeased or discharged;

(3) if the Indebtedness being renewed, refunded, refinanced, replaced, extended, defeased or discharged is subordinated in right of payment to the notes, such Permitted Refinancing Indebtedness has a final maturity date later than the final maturity date of, and is subordinated in right of payment to, the second priority notes on terms at least as favorable to the holders of notes as those contained in the documentation governing the Indebtedness being renewed, refunded, refinanced, replaced, defeased or discharged; and

(4) such Indebtedness is incurred either by MagnaChip or by the Restricted Subsidiary who is the obligor on the Indebtedness being renewed under Section 951 of the Code, refunded, refinanced, replaced, extended, defeased or discharged.

"*Permitted Tax Payments*" means, for so long as US LLC is treated as a partnership for U.S. federal income tax purposes, payments in respect of tax liabilities of US LLC's investors arising from direct or indirect ownership of US LLC's equity interests under Section 951 of the Code. Permitted Tax Payments shall be calculated by reference to the amount of US LLC's and its Subsidiaries' income determined to be an amount required to be included in income under section 951 of the Code times 35%. A nationally recognized accounting firm chosen by US LLC shall determine the amount of Permitted Tax Payments.

"*Person*" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, limited liability company or government or other entity.

"*Priority Lien*" means a Lien granted by a security document to the Collateral Trustee or the Priority Lien Collateral Agent, at any time, upon any property of MagnaChip or any other Pledgor to secure Priority Lien Obligations.

"*Priority Lien Cap*" means, as of any date, the principal amount outstanding under the Senior Credit Agreement and/or the Indebtedness outstanding under any other Credit Facility, in an aggregate principal amount not to exceed the sum of the amount provided by clauses (1) and (2) of the definition of Permitted Debt, as of any date, *plus* the amount provided by clause (15) of the definition of Permitted Debt, *less* the amount of Parity Lien Debt incurred after the date of the indenture the net proceeds of which are used to repay Priority Lien Debt. For purposes of this definition, all letters of credit will be valued at the face amount thereof, whether or not drawn and all Hedging Obligations will be valued at zero.

"*Priority Lien Collateral Agent*" means UBS AG, Stamford Branch, in its capacity as collateral agent under the Priority Lien Security Documents, together with its successors in such capacity.

"Priority Lien Debt" means:

(1) Indebtedness of MagnaChip under the Senior Credit Agreement that was permitted to be incurred and secured under each applicable Secured Debt Document (or as to which the lenders under the Senior Credit Agreement obtained an officers' certificate at the time of incurrence to the effect that such Indebtedness was permitted to be incurred and secured by all applicable Secured Debt Documents);

(2) Indebtedness of MagnaChip under any other Credit Facility that is secured equally and ratably with the Senior Credit Agreement by a Priority Lien that was permitted to be incurred and so secured under each applicable Secured Debt Document; *provided*, in the case of any Indebtedness referred to in this clause (2), that:

(a) on or before the date on which such Indebtedness is incurred by MagnaChip, such Indebtedness is designated by MagnaChip, in an officers' certificate delivered to each Priority Lien Representative and each Parity Lien Representative, as "Priority Lien Debt" for the purposes of the Secured Debt Documents; *provided*, that no Series of Secured Debt may be designated as both Parity Lien Debt and Priority Lien Debt;

(b) such Indebtedness is governed by a credit agreement or other agreement that includes a Lien Sharing and Priority Confirmation; and

(c) all requirements set forth in the intercreditor agreement as to the confirmation, grant or perfection of the Collateral Trustee and Priority Lien Collateral Agent's Lien to secure such Indebtedness or Obligations in respect thereof are satisfied (and the satisfaction of such requirements and the other provisions of this clause (c) will be conclusively established if MagnaChip delivers to the collateral agent an officers' certificate stating that such requirements and other provisions have been satisfied and that such Indebtedness is "Priority Lien Debt"); and

(3) Hedging Obligations of MagnaChip incurred to hedge or manage interest rate, currency or commodity price-risk; *provided* that:

(a) such Hedging Obligations are secured by a Priority Lien on all of the assets and properties that secure Indebtedness under the Credit Facility in respect of which such Hedging Obligations are incurred; and

(b) such Priority Lien is senior to or on a parity with the Priority Liens securing Indebtedness under the Credit Facility in respect of which such Hedging Obligations are incurred.

"*Priority Lien Documents*" means the Senior Credit Agreement and any other Credit Facility pursuant to which any Priority Lien Debt is incurred and the security documents (other than any security documents that do not secure Priority Lien Obligations).

"*Priority Lien Obligations*" means the Priority Lien Debt and all other Obligations in respect of Priority Lien Debt.

"*Priority Lien Representative*" means (1) the Senior Credit Agreement Agent or (2) in the case of any other Series of Priority Lien Debt, the trustee, agent or representative of the holders of such Series of Priority Lien Debt who maintains the transfer register for such Series of Priority Lien Debt and is appointed as a representative of the Priority Debt (for purposes related to the administration of the security documents) pursuant to the credit agreement or other agreement governing such Series of Priority Lien Debt.

"*Priority Lien Security Documents*" means the intercreditor agreement, each Lien Sharing and Priority Confirmation, and all security agreements, pledge agreements, collateral assignments, mortgages, deeds of trust, collateral agency agreements, control agreements or other grants or transfers for security executed and delivered by MagnaChip or any other Pledgor creating (or purporting to create) a Priority Lien upon collateral in favor of the Priority Lien Collateral Agent or Collateral Trustee, in each case, as amended, modified, renewed, restated or replaced, in whole or in part, from time to time, in accordance with its terms.

(2) the then outstanding principal amount of such Indebtedness.

"*Wholly-Owned Restricted Subsidiary*" of any specified Person means a Subsidiary of such Person all of the outstanding Capital Stock or other ownership interests of which (other than directors' qualifying shares) will at the time be owned by such Person or by one or more Wholly-Owned Restricted Subsidiaries of such Person.

**Description of the new senior subordinated notes**

You can find the definitions of certain terms used in this description under the subheading "Certain Definitions." In this description, the word "MagnaChip" or the "Company" refers only to MagnaChip Semiconductor S.A. and not to any of its subsidiaries.

The term "Issuers" refers collectively to MagnaChip and MagnaChip Semiconductor Finance Company ("Finance Company"), which is a wholly-owned subsidiary of MagnaChip as of the Issue Date. "US LLC" refers to MagnaChip Semiconductor LLC (USA). Each of MagnaChip Semiconductor SA Holdings LLC (USA) and MagnaChip Semiconductor, Inc. (USA) is a direct subsidiary of US LLC. US LLC and MagnaChip Semiconductor S.A. Holdings LLC (USA) own all of the equity interests in MagnaChip.

**Each of US LLC, MagnaChip Semiconductor SA Holdings LLC (USA) and MagnaChip Semiconductor, Inc. (USA) will be a Guarantor of the senior subordinated notes and will be treated as a "Restricted Subsidiary" (as defined) of MagnaChip for all purposes under the indenture.**

**MagnaChip Semiconductor Ltd. (Korea) will not be a guarantor of the senior subordinated notes but will be a guarantor of the Second Priority Notes.**

The Issuers issued the old senior subordinated notes under, and the new senior subordinated notes will be subject to, an indenture among MagnaChip, Finance Company, the Guarantors and The Bank of New York, as trustee. The terms of the new senior subordinated notes are the same as the terms of the old senior subordinated notes, and will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended, except that:

- the new notes will be registered under the Securities Act of 1933, as amended;
- the new notes will not bear legends restricting their transfer under the Securities Act; and
- holders of the new notes are not entitled to certain rights under the registration rights agreement

The following description is a summary of the material provisions of the indenture. It does not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the senior subordinated notes. Copies of the indenture are available as set forth below under "—Additional Information." Certain defined terms used in this description but not defined below under "—Certain Definitions" have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

The new senior subordinated notes and the old senior subordinated notes are treated as one series of notes under the indenture. References in the following summary to the notes should be read to incorporate the old notes and the new notes.

**Brief Description of the Senior Subordinated Notes and the Note Guarantees**

***The Senior Subordinated Notes***

The senior subordinated notes will:

- be general unsecured obligations of the Issuers;
- will be subordinated in right of payment to all existing and future Senior Debt of the Issuers, including borrowings under the Senior Credit Agreement and the second lien notes;
- will be *pari passu* in right of payment with any future senior subordinated Indebtedness of the Issuers;

- rank effectively junior in right of payment to any secured Indebtedness of the Issuers, including the first priority liens securing the Senior Credit Agreement and the second priority liens securing the second lien notes and Permitted Liens, in each case, to the extent of the value of the assets securing such Indebtedness; and
- be unconditionally guaranteed by the Guarantors.

***The Senior Subordinated Note Guarantees***

The senior subordinated notes will be unconditionally guaranteed (the "Guarantees") on a senior subordinated basis by the Guarantors.

Each Guarantee will:

- be a general unsecured obligation of the Guarantor;
- be subordinated in right of payment to all existing and future Senior Debt of that Guarantor; and
- rank effectively junior in right of payment to any secured Indebtedness of the Guarantors, including the guarantees of the Senior Credit Agreement and the second lien notes and Permitted Liens, in each case, to the extent of the value of the assets securing such Indebtedness;
- rank equal in right of payment with all existing and future senior Indebtedness of that Guarantor; and
- be senior in right of payment to any future subordinated Indebtedness of that Guarantor, if any.

MagnaChip will be permitted to incur additional Senior Debt subject to the covenants described below under "Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock."

As of the date of the indenture, all of our Subsidiaries will be "Restricted Subsidiaries" and all of our Subsidiaries other than MagnaChip Semiconductor Ltd. (Korea) will be Guarantors. The senior subordinated notes will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of MagnaChip's present or future Subsidiaries that are not Guarantors. However, under the circumstances described below under the caption "—Certain Covenants—Designation of Restricted and Unrestricted Subsidiaries," we will be permitted to designate certain of our Subsidiaries as "Unrestricted Subsidiaries." Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture. Our Unrestricted Subsidiaries will not guarantee the senior subordinated notes.

**Finance Company.**

Finance Company is a Delaware corporation and a wholly owned subsidiary of MagnaChip that has been formed for the purpose of facilitating the offering of the senior subordinated notes by acting as co-issuer. Finance Company will be nominally capitalized and will not have any operations or revenues.

As a result, prospective purchasers of the senior subordinated notes should not expect Finance Company to participate in servicing the interest and principal obligations on the senior subordinated notes. See "—Certain Covenants—Restrictions on Activities of Finance Company."

**Principal, Maturity and Interest**

The Issuers initially issued $250.0 million in aggregate principal amount of senior subordinated notes. The Issuers may issue additional senior subordinated notes under the indenture from time to time after this offering in an unlimited principal amount. Any issuance of additional senior subordinated notes is subject to all of the covenants in the indenture, including the covenant described below under the caption "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock." The senior subordinated notes and any additional

senior subordinated notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. The Issuers will issue the senior subordinated notes in denominations of $1,000 and integral multiples of $1,000. The senior subordinated notes will mature on December 15, 2014.

Interest on the senior subordinated notes will accrue at the rate of 8% per annum and will be payable semi-annually in arrears on June 15 and December 15, commencing on June 15, 2005. MagnaChip will make each interest payment to the holders of record on the June 1 and December 1 immediately preceding the next interest payment date. Interest on the senior subordinated notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid.

Interest on overdue principal and interest and Liquidated Damages, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the senior subordinated notes.

Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. In no event will the interest rate on the senior subordinated notes be higher than the maximum rate permitted by law, if any.

**Methods of Receiving Payments on the Senior Subordinated Notes**

If a holder of senior subordinated notes has given wire transfer instructions to MagnaChip, MagnaChip will pay all principal, interest and premium and Liquidated Damages, if any, on that holder's senior subordinated notes in accordance with those instructions. All other payments on the senior subordinated notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless MagnaChip elects to make interest payments by check mailed to the noteholders at their address set forth in the register of holders.

**Paying Agent and Registrar for the Senior Subordinated Notes**

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the senior subordinated notes, and MagnaChip or any of its Subsidiaries may act as paying agent or registrar.

**Transfer and Exchange**

A holder may transfer or exchange senior subordinated notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of senior subordinated notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any senior subordinated note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of senior subordinated notes to be redeemed.

**Additional Amounts**

All payments made by the Issuers under or with respect to the senior subordinated notes or any of the Guarantors on its Guarantee will be made without withholding or deduction for, or on account of, any present or future Taxes unless the withholding or deduction of such Taxes is then required by law. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of any jurisdiction in which the Issuers or any Guarantor (including any successor entity), is then incorporated, engaged in business or resident for tax purposes or any political subdivision thereof or therein or any jurisdiction by or through which payment is made (each, a "Tax Jurisdiction"), will at any time be required to be made from or Taxes imposed directly on any Holder or beneficial owner of the senior subordinated notes on any payments made by the Issuers under or with respect to the senior subordinated notes or any of the Guarantors with respect to any Guarantee, including

payments of principal, redemption price, purchase price, interest or premium, the Issuers or the relevant Guarantor, as applicable, will pay such additional amounts (the "Additional Amounts") as may be necessary in order that the net amounts received in respect of such payments by each Holder (including Additional Amounts) after such withholding or deduction will equal the respective amounts which would have been received in respect of such payments in the absence of such withholding, deduction or imposition; *provided, however*, that no Additional Amounts will be payable with respect to:

(1) any Tax imposed by the United States or by any political subdivision or taxing authority thereof or therein;

(2) any Taxes which would not have been imposed but for any present or former connection between the Holder or the beneficial owner of the senior subordinated notes, such as being a citizen or resident or national of, incorporated in or carrying on a business, and the relevant Taxing Jurisdiction in which such Taxes are imposed (other than by the mere holding of such note or enforcement of rights thereunder or the receipt of payments in respect thereof) or any other connection arising as a result of the holding of the senior subordinated notes;

(3) any Taxes that are imposed or withheld as a result of the failure of the Holder or beneficial owner of the senior subordinated notes to comply with any written request, made to that Holder or beneficial owner in writing at least 30 days before any such withholding or deduction would be payable, by the Issuers or any of the Guarantors or any other Person through whom payment may be made to provide timely or accurate information concerning the nationality, residence or identity of such Holder or beneficial owner or to make any valid or timely declaration or similar claim or satisfy any certification information or other reporting requirement, which is required or imposed by a statute, treaty, regulation or administrative practice of the relevant Tax Jurisdiction as a precondition to exemption from all or part of such Taxes;

(4) any Note presented for payment (where a senior subordinated note is in the form of a definitive senior subordinated note and presentation is required) more than 30 days after the relevant payment is first made available for payment to the Holder (except to the extent that the Holder would have been entitled to Additional Amounts had the note been presented on the last day of such 30 day period);

(5) any estate, inheritance, gift, sale, transfer, personal property or similar tax or assessment;

(6) any Taxes withheld, deducted or imposed on a payment to an individual and which are required to be made pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 on the taxation of savings income or any law implementing or complying with or introduced in order to conform to, such Directive; or

(7) any combination of items (1) through (6) above.

The Issuers and the Guarantors will also pay and indemnify the holder for any present or future stamp, issue, registration, transfer, court or documentary taxes, or any other excise or property taxes, charges or similar levies or Taxes which are levied by any jurisdiction in which the Issuers or any Guarantor (including any successor entity) is then incorporated, engaged in business or resident for tax purposes or any political subdivision thereof or therein on the execution, delivery, registration or enforcement of any of the senior subordinated notes, the indenture, any Guarantee, or any other document or instrument referred to therein, or the receipt of any payments with respect to the senior subordinated notes or the Guarantees.

If either Issuer or any Guarantor, as the case may be, becomes aware that it will be obligated to pay Additional Amounts with respect to any payment under or with respect to the senior subordinated notes or any Guarantee, the relevant Issuer or the relevant Guarantor, as the case may be, will deliver to the Trustee on a date which is at least 30 days prior to the date of that payment (unless the obligation to pay Additional Amounts arises after the 30th day prior to that payment date, in which case the relevant Issuer or the relevant Guarantor shall notify the Trustee promptly thereafter) an officers' certificate stating the fact that Additional Amounts will be payable and the amount estimated to be so payable. The officers' certificate must also set forth any other information reasonably necessary to enable the Paying Agent to pay Additional Amounts to Holders on the

relevant payment date. The relevant Issuer or the relevant Guarantor will provide the Trustee with documentation reasonably satisfactory to the Trustee evidencing the payment of Additional Amounts.

The relevant Issuer or the relevant Guarantor will make all withholdings and deductions required by law and will remit the full amount deducted or withheld to the relevant Tax authority in accordance with applicable law. The relevant Issuer or the relevant Guarantor will use its reasonable efforts to obtain Tax receipts from each Tax authority evidencing the payment of any Taxes so deducted or withheld. The relevant Issuer or the relevant Guarantor will furnish to the Holders, within 60 days after the date the payment of any Taxes so deducted or withheld is made, certified copies of Tax receipts evidencing payment by the relevant Issuer or a Guarantor, as the case may be, or if, notwithstanding such entity's efforts to obtain receipts, receipts are not obtained, other evidence of payments by such entity.

Whenever in the Indenture or in this "Description of Senior subordinated notes" there is mentioned, in any context, the payment of amounts based upon the principal amount of the senior subordinated notes or of principal, interest or of any other amount payable under, or with respect to, any of the senior subordinated notes, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

**Note Guarantees**

The Issuers' Obligations under the senior subordinated notes will be jointly and severally guaranteed on a senior secured basis by the Guarantors. As of the date of the indenture all of our Subsidiaries other than MagnaChip Semiconductor, Ltd. (Korea) will be Guarantors. Each Note Guarantee will be subordinated to the prior payment in full of all Senior Debt of that Guarantor. The Obligations of each Guarantor under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law. Except as provided in agreements governing MagnaChip's other Indebtedness and in "Certain Covenants" below, MagnaChip is not restricted from selling or otherwise disposing of any of the Equity Interests of the Guarantors.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person, other than MagnaChip or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the indenture, its Note Guarantees and the registration rights agreement pursuant to a supplemental indenture satisfactory to the trustee; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the indenture.

The Note Guarantees of a Guarantor will be released:

(1) in connection with any liquidation or sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) MagnaChip or a Restricted Subsidiary of MagnaChip, if the sale or other disposition does not violate the "Asset Sale" provisions of the indenture or is made in connection with an enforcement of a first priority lien under the Senior Credit Agreement;

(2) in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) MagnaChip or a Restricted Subsidiary of MagnaChip, if the sale or other disposition does not violate the "Asset Sale" provisions of the indenture;

(3) if MagnaChip designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture; or

(4) upon legal defeasance or satisfaction and discharge of the indenture as provided below under the captions "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge."

See "—Repurchase at the Option of Holders—Asset Sales."

**Subordination**

The payment of principal, interest and premium, if any, on the senior subordinated notes will be subordinated to the prior payment in full of all Senior Debt of the Issuers, including Senior Debt incurred after the date of the indenture.

The holders of Senior Debt will be entitled to receive payment in full of all Obligations due in respect of Senior Debt (including interest after the commencement of any bankruptcy proceeding at the rate specified in the applicable Senior Debt) before the holders of the senior subordinated notes will be entitled to receive any payment with respect to the senior subordinated notes (except that holders of the senior subordinated notes may receive and retain Permitted Junior Securities and payments made from either of the trusts described under "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge"), in the event of any distribution to creditors of the Issuers:

(1) in a liquidation or dissolution of the Issuers;

(2) in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to the Issuers or their property;

(3) in an assignment for the benefit of creditors; or

(4) in any marshaling of the Issuers' assets and liabilities.

The Issuers also may not make any payment in respect of the senior subordinated notes (except in Permitted Junior Securities or from the trusts described under "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge") if:

(1) a payment default on Designated Senior Debt occurs and is continuing beyond any applicable grace period; or

(2) any other default occurs and is continuing on any series of Designated Senior Debt that permits holders of that series of Designated Senior Debt to accelerate its maturity and the trustee receives a notice of such default (a "*Payment Blockage Notice*") from the Issuers or the holders of any Designated Senior Debt.

Payments on the senior subordinated notes may and will be resumed:

(1) in the case of a payment default, upon the date on which such default is cured or waived; and

(2) in the case of a nonpayment default, upon the earlier of the date on which such nonpayment default is cured or waived or 179 days after the date on which the applicable Payment Blockage Notice is received, unless the maturity of any Designated Senior Debt has been accelerated.

No new Payment Blockage Notice may be delivered unless and until:

(1) 360 days have elapsed since the delivery of the immediately prior Payment Blockage Notice; and

(2) all scheduled payments of principal, interest and premium and Liquidated Damages, if any, on the senior subordinated notes that have come due have been paid in full in cash.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the trustee will be, or be made, the basis for a subsequent Payment Blockage Notice unless such default has been cured or waived for a period of not less than 90-180 days.

If the trustee or any holder of the senior subordinated notes receives a payment in respect of the senior subordinated notes (except in Permitted Junior Securities or from the trusts described under "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge") when:

(1) the payment is prohibited by these subordination provisions; and

(2) the trustee or the holder has actual knowledge that the payment is prohibited,

the trustee or the holder, as the case may be, will hold the payment in trust for the benefit of the holders of Senior Debt. Upon the proper written request of the holders of Senior Debt, the trustee or the holder, as the case may be, will deliver the amounts in trust to the holders of Senior Debt or their proper representative.

The Issuers must promptly notify holders of Senior Debt if payment on the senior subordinated notes is accelerated because of an Event of Default.

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of the Issuers, holders of the senior subordinated notes may recover less ratably than creditors of the Issuers who are holders of Senior Debt. As a result of the obligation to deliver amounts received in trust to holders of Senior Debt, holders of the senior subordinated notes may recover less ratably than trade creditors of the Issuers.

**Optional Redemption**

On or after December 15, 2009, MagnaChip may redeem all or a part of the senior subordinated notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the senior subordinated notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning December 15, 2009, subject to the rights of holders of senior subordinated notes on the relevant record date to receive interest due on the relevant interest payment date.

| Year | Percentage |
|---|---|
| 2009 | 104.000% |
| 2010 | 102.667% |
| 2011 | 101.333% |
| 2012 and thereafter | 100.000% |

Notwithstanding the foregoing, at any time prior to December 15, 2007, MagnaChip may on any one or more occasions redeem up to 35% of the aggregate principal amount of senior subordinated notes issued under the indenture (including any additional notes issued after the date of the indenture) at a redemption price of 108.0% of the principal amount, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Public Equity Offerings or a contribution to MagnaChip's common equity capital made with the net cash proceeds of a concurrent Public Equity Offering of US LLC or any of its Subsidiaries; *provided* that:

(1) at least 65% of the aggregate principal amount of senior subordinated notes originally issued under the indenture (including any additional notes issued after the date of the indenture) (excluding notes held by MagnaChip and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 90 days of the date of the closing of such Public Equity Offering or equity contributions.

Notwithstanding the foregoing, at any time prior to December 15, 2009, MagnaChip may also redeem all or a part of the senior subordinated notes (including any additional notes issued after the date of the indenture), upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each holder's registered address, at a redemption price equal to 100% of the principal amount of senior subordinated notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, subject to the rights of holders of the senior subordinated notes on the relevant record date to receive interest due on the relevant interest payment date.

The term "Applicable Premium" means the greater of:

(1) 1.0% of the principal amount of the note; or

(2) the excess of:

(a) the present value at such redemption date of (i) the redemption price of the note at December 15, 2009, (such redemption price being set forth in the table appearing above under the caption "—Optional Redemption") plus (ii) all required interest payments due on the note through December 15, 2009, (excluding accrued but unpaid interest to the redemption date), computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over

(b) the principal amount of the note, if greater.

Unless MagnaChip defaults in the payment of the redemption price, interest will cease to accrue on the senior subordinated notes or portions thereof called for redemption on the applicable redemption date.

**Redemption for Changes in Taxes**

The Issuers may redeem each series of the senior subordinated notes, in whole but not in part, at their discretion at any time at a redemption price equal to the principal amount thereof, together with accrued and unpaid interest and Liquidated Damages, if any, to the date fixed by the Issuers for redemption (a "Tax Redemption Date") and all Additional Amounts (if any) then due and which will become due on the Tax Redemption Date as a result of the redemption or otherwise (subject to the right of Holders on the relevant record date to receive interest due on the relevant Interest Payment Date and Additional Amounts (if any) in respect thereof), if on the next date on which any amount would be payable in respect of the senior subordinated notes, the Issuers has or would be required to pay Additional Amounts, and the Issuers cannot avoid any such payment obligation taking reasonable measures available to them, as a result of:

(1) any change in, or amendment to, the laws or treaties (or any regulations, or rulings promulgated thereunder) of the relevant Tax Jurisdiction affecting taxation which change or amendment has not been publicly announced as formally adopted and which becomes effective on or after the date of the Indenture (or, if the relevant Tax Jurisdiction has changed since the date of the Indenture, the date on which the then current Tax Jurisdiction became the applicable Tax Jurisdiction under the Indenture); or

(2) any change in, or amendment to, the existing official position or the introduction of an official position regarding the application, administration or interpretation of such laws, treaties, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction or a change in published practice), which change, amendment, application or interpretation has not been publicly announced as formally adopted and becomes effective on or after the date of the indenture (or, if the relevant Tax Jurisdiction has changed since the date of the Indenture, the date on which the then current Tax Jurisdiction became the applicable Tax Jurisdiction under the indenture).

The Issuers will not give any such notice of redemption earlier than 90 days prior to the earliest date on which the Issuers would be obligated to make such payment or withholding if a payment in respect of the senior

subordinated notes were then due. Prior to the publication or, where relevant, mailing of any notice of redemption of the senior subordinated notes pursuant to the foregoing, the Issuers will deliver the Trustee an opinion of counsel, the choice of such counsel to be subject to the prior written approval of the Trustee (such approval not to be unreasonably withheld) to the effect that there has been such change or amendment which would entitle the Issuers to redeem the senior subordinated notes hereunder and the Issuers cannot avoid any obligation to pay Additional Amounts taking reasonable measures available.

**Mandatory Redemption**

MagnaChip is not required to make mandatory redemption or sinking fund payments with respect to the senior subordinated notes.

**Repurchase at the Option of Holders**

***Change of Control***

If a Change of Control occurs, each holder of senior subordinated notes will have the right to require the Issuers to repurchase all or any part (equal to $1,000 or an integral multiple of $1,000) of that holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, the Issuers will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of senior subordinated notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the senior subordinated notes repurchased to the date of purchase subject to the rights of holders of senior subordinated notes on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuers will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the senior subordinated notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, the Issuers will, to the extent lawful:

(1) accept for payment all senior subordinated notes or portions of senior subordinated notes properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all senior subordinated notes or portions of senior subordinated notes properly tendered; and

(3) deliver or cause to be delivered to the trustee the senior subordinated notes properly accepted together with an officers' certificate stating the aggregate principal amount of senior subordinated notes or portions of senior subordinated notes being purchased by MagnaChip.

The paying agent will promptly mail to each holder of senior subordinated notes properly tendered the Change of Control Payment for such senior subordinated notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new senior subordinated note equal in principal amount to any unpurchased portion of the senior subordinated notes surrendered, if any. MagnaChip will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Prior to complying with any of the provisions of this "Change of Control" covenant, but in any event within 90 days following a Change of Control, the Issuers will either repay all outstanding Senior Debt or obtain the requisite consents, if any, under all agreements governing outstanding Senior Debt to permit the repurchase of senior subordinated notes required by this covenant.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the senior subordinated notes to require that the Issuers repurchase or redeem the senior subordinated notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Issuers and purchases all senior subordinated notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the indenture as described above under the caption "—Optional Redemption," unless and until there is a default in payment of the applicable redemption price.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of MagnaChip and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of senior subordinated notes to require the Issuers to repurchase its senior subordinated notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of MagnaChip and its Subsidiaries taken as a whole to another Person or group may be uncertain.

***Asset Sales***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) MagnaChip (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration received in the Asset Sale by MagnaChip or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities, as shown on US LLC's most recent consolidated balance sheet, of MagnaChip or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the senior subordinated notes or any Note Guarantee) that are assumed by the transferee of any such assets pursuant to a customary arrangement that releases MagnaChip or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by MagnaChip or any such Restricted Subsidiary from such transferee that are contemporaneously, subject to ordinary settlement periods, converted by MagnaChip or such Restricted Subsidiary into cash or Cash Equivalents, to the extent of the cash or Cash Equivalents received in that conversion; and

(c) any stock or assets of the kind referred to in clauses (2) or (4) of the next paragraph of this covenant.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, MagnaChip (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds at its option:

(1) to repay Senior Debt and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or any Capital Stock of, a Person engaged in a Permitted Business, if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of US LLC;

(3) to make a capital expenditure;

(4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business; or

(5) any combination of (1) – (4) of this paragraph.

In the case of clauses (2) and (4) MagnaChip will also comply with its obligations above if it enters into a binding commitment to acquire such assets or Capital Stock within the required time frame above, provided that such binding commitment shall be subject only to customary conditions and such acquisition shall be consummated within six months from the date of signing such binding commitment. Pending the final application of any Net Proceeds pursuant to this paragraph, MagnaChip and the Restricted Subsidiaries may apply such Net Proceeds to temporarily reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second and third paragraphs of this covenant will constitute "*Excess Proceeds*." When the aggregate amount of Excess Proceeds exceeds $10 million, within 30 days thereof, MagnaChip will make an Asset Sale Offer to all holders of senior subordinated notes and all holders of other Indebtedness that is *pari passu* with the senior subordinated notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of senior subordinated notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount plus accrued and unpaid interest and Liquidated Damages, if any, to the date of purchase (or, in respect of such other *pari passu* Indebtedness of MagnaChip, such lesser price, if any, as may be provided for by the terms of such *pari passu* Indebtedness), and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, MagnaChip may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of senior subordinated notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the senior subordinated notes and such other *pari passu* Indebtedness to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

MagnaChip will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of senior subordinated notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, MagnaChip will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

The agreements governing MagnaChip's outstanding Senior Debt currently prohibit MagnaChip from purchasing any senior subordinated notes, and also provides that certain change of control or asset sale events with respect to MagnaChip would constitute a default under these agreements. Any future credit agreements or other agreements relating to Senior Debt to which MagnaChip becomes a party may contain similar restrictions and provisions. In the event a Change of Control or Asset Sale occurs at a time when MagnaChip is prohibited from purchasing the senior subordinated notes, MagnaChip could seek the consent of its senior lenders to the purchase of senior subordinated notes or could attempt to refinance the borrowings that contain such prohibition. If MagnaChip does not obtain such a consent or repay such borrowings, MagnaChip will remain prohibited from purchasing the senior subordinated notes. In such case, MagnaChip's failure to purchase tendered notes would constitute an Event of Default under the indenture, which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the indenture would likely restrict payments to the holders of the senior subordinated notes. Finally, MagnaChip's ability to pay cash to the holders of senior subordinated notes upon a repurchase may be limited by MagnaChip's then existing financial resources. See "Risk Factors—We may be unable to purchase the senior subordinated notes upon a change of control offer."

**Selection and Notice**

If less than all of the senior subordinated notes are to be redeemed at any time, the trustee will select senior subordinated notes for redemption on a pro rata basis unless otherwise required by law or applicable stock exchange requirements.

No senior subordinated notes of $1,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of senior subordinated notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the senior subordinated notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

If any senior subordinated note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that senior subordinated note that is to be redeemed. A new senior subordinated note in principal amount equal to the unredeemed portion of the original senior subordinated note will be issued in the name of the holder of the senior subordinated notes upon cancellation of the original senior subordinated note. Senior subordinated notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on senior subordinated notes or portions of senior subordinated notes called for redemption.

**Certain Covenants**

***Incurrence of Indebtedness and Issuance of Preferred Stock***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "*incur*") any Indebtedness (including Acquired Debt), and MagnaChip and US LLC will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries (other than US LLC) to issue any shares of preferred stock; *provided, however*, that MagnaChip and US LLC may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, and the Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue preferred stock, if the Fixed Charge Coverage Ratio for US LLC's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or such preferred stock is issued, as the case may be, would have been at least 2.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or the preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "*Permitted Debt*"):

(1) the incurrence by MagnaChip and any Restricted Subsidiary of additional revolving credit Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of MagnaChip and its Restricted Subsidiaries thereunder) not to exceed the greater of (x) $100.0 million or (y) as of the date of the incurrence, the aggregate of (i) 85% of the book value, net of reserves, of all accounts receivable owned by MagnaChip and its Restricted Subsidiaries, as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP, as of the end of the most recent fiscal quarter preceding such date, *plus* (ii) 50% of the book value of all inventory, net of reserves, owned by MagnaChip and its Restricted Subsidiaries, as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP, as of the end of the most recent fiscal quarter preceding such date, *plus* (iii) $20.0 million; *less* the aggregate amount of all Net Proceeds of Asset Sales applied by MagnaChip or any of the Restricted Subsidiaries after the date of the indenture to repay

any term Indebtedness under a Credit Facility or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder, in each case as to Indebtedness incurred under this clause (1) of the definition of Permitted Debt and as to Net Proceeds applied pursuant to clause (1) of the second paragraph of the covenant described above under the caption "Repurchase at the Option of Holders—Asset Sales;"

(2) the incurrence by MagnaChip and any Restricted Subsidiary of up to $100.0 million under one or more debt facilities or commercial paper facilities, in each case, with banks or other institutional lenders providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced (whether upon or after termination or otherwise) or refinanced (but not including by means of sales of debt securities to institutional investors) in whole or in part from time to time; *less* the aggregate amount of all Net Proceeds of Asset Sales applied by MagnaChip or any of the Restricted Subsidiaries after the date of the indenture to repay any term Indebtedness under debt facilities or commercial paper facilities or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder, in each case as to Indebtedness incurred under this clause (2) of the definition of Permitted Debt and as to Net Proceeds applied pursuant to clause (1) of the second paragraph of the covenant described above under the caption "Repurchase at the Option of Holders—Asset Sales;"

(3) the incurrence by MagnaChip and its Restricted Subsidiaries of the Existing Indebtedness;

(4) the incurrence on the Issue Date by MagnaChip and the Restricted Subsidiaries of (i) Indebtedness represented by the old senior subordinated notes and the indenture and guarantees thereof by the Guarantors and the related new notes to described here and (ii) Indebtedness represented by the old Second Priority Notes and the indenture governing the Second Priority Notes and guarantees thereof by MagnaChip's Restricted Subsidiaries and the related exchange described herein;

(5) the incurrence by MagnaChip or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of design, construction, installation or improvement of property (real or personal), plant or equipment used in the business of MagnaChip or any of its Restricted Subsidiaries (whether through the direct purchase of assets or the Equity interests of any Person owning such assets), in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (5), not to exceed the greater of (a) $25.0 million at any time outstanding and (b) 5% of Total Assets as shown on US LLC's most recent consolidated balance sheet prepared in accordance with GAAP;

(6) the incurrence by MagnaChip or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge any Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (3), (4), (5), (6) or (14) of this paragraph;

(7) the incurrence by MagnaChip or any of its Restricted Subsidiaries of intercompany Indebtedness between or among MagnaChip and any of its Restricted Subsidiaries; *provided, however*, that:

(a) if MagnaChip or any Restricted Subsidiary is the obligor on such Indebtedness and the payee is not MagnaChip or a Restricted Subsidiary, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the senior subordinated notes, in the case of MagnaChip, or the Note Guarantee, in the case of a Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than MagnaChip or a Restricted Subsidiary of MagnaChip and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either MagnaChip or a Restricted

Subsidiary of MagnaChip, will be deemed, in each case, to constitute an incurrence of such Indebtedness by MagnaChip or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (7);

(8) the issuance by any Restricted Subsidiary to MagnaChip or to any other Restricted Subsidiary of shares of preferred stock; *provided, however,* that:

(a) any subsequent issuance or transfer of Equity Interests that results in any such preferred stock being held by a Person other than MagnaChip or a Restricted Subsidiary; and

(b) any sale or other transfer of any such preferred stock to a Person that is not either MagnaChip or a Restricted Subsidiary,

will be deemed, in each case, to constitute an issuance of such preferred stock by such Restricted Subsidiary that was not permitted by this clause (8);

(9) the incurrence by MagnaChip or any Restricted Subsidiaries of Hedging Obligations in the ordinary course of business;

(10) the guarantee by MagnaChip or any Restricted Subsidiary of Indebtedness of MagnaChip or a Restricted Subsidiary that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is subordinated to or *pari passu* with the senior subordinated notes, then the Guarantee shall be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;

(11) the incurrence of Indebtedness by MagnaChip or any of its Restricted Subsidiaries in the form of performance bonds, completion guarantees and surety or appeal bonds entered into by MagnaChip or any of its Restricted Subsidiaries in the ordinary course of their business;

(12) the incurrence of Indebtedness by MagnaChip or any of its Restricted Subsidiaries owed to any Person in connection with worker's compensation, self-insurance, health, disability or other employee benefits or property, casualty or liability insurance provided by such Person to MagnaChip or such Restricted Subsidiary, pursuant to reimbursement or indemnification obligations to such person, in each case incurred in the ordinary course of business;

(13) the incurrence by MagnaChip or any of the Restricted Subsidiaries of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five business days;

(14) Indebtedness of MagnaChip or any Restricted Subsidiary issued to any of its directors, employees, officers or consultants or a Restricted Subsidiary in connection with the redemption or purchase of Capital Stock that, by its terms, is subordinated to the senior subordinated notes, is not secured by any of the assets of MagnaChip or the Restricted Subsidiaries and does not require cash payments prior to the Stated Maturity of the senior subordinated notes and Refinancing Indebtedness of the Indebtedness, in an aggregate principal amount which, when added with the amount of Indebtedness Incurred under this clause (14) and then outstanding, does not exceed $5.0 million;

(15) the incurrence by MagnaChip or any of the Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (15), not to exceed $25.0 million;

(16) the incurrence of Indebtedness by MagnaChip or any of the Restricted Subsidiaries arising from agreements of MagnaChip or any of the Restricted Subsidiaries providing for adjustment of purchase price or other similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or a Restricted Subsidiary of MagnaChip LLC;

(17) Indebtedness of a Restricted Subsidiary organized outside the United States or Korea incurred to finance the working capital of such Restricted Subsidiary, in an aggregate principal amount at any time outstanding not to exceed $30.0 million; and

(18) Indebtedness incurred by MagnaChip or any of the Restricted Subsidiaries constituting reimbursement obligations under letters of credit issued in the ordinary course of business, including, without limitation, letters of credit to procure raw materials or relating to workers' compensation claims or self-insurance, or other Indebtedness relating to reimbursement-type obligations regarding workers' compensation claims.

MagnaChip will not incur, and will not permit any Guarantor to incur, any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of MagnaChip or such Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the senior subordinated notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of MagnaChip solely by virtue of being unsecured or by virtue of being secured on a first or junior Lien basis.

For purposes of determining compliance with this "Incurrence of Indebtedness and Issuance of Preferred Stock" covenant, in the event that an item of proposed Indebtedness (or any portion thereof) meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (18) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, MagnaChip, in its sole discretion, will be permitted to classify such item of Indebtedness (or any portion thereof) on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant and will only be required to include the amount and type of such Indebtedness in one of the above clauses. The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock or preferred stock in the form of additional shares of the same class of Disqualified Stock or preferred stock, and the accrual of dividends on Disqualified Stock or preferred stock, will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock or preferred stock for purposes of this covenant; *provided*, in each such case, that the amount of any such accrual, accretion or payment is included in Fixed Charges of US LLC as accrued. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that MagnaChip or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

(1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;

(2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and

(3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:

(a) the Fair Market Value of such assets at the date of determination; and

(b) the amount of the Indebtedness of the other Person.

***No Layering of Debt***

The Issuers will not incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is contractually subordinate or junior in right of payment to any Senior Debt of the Issuers and senior in right of payment to the senior subordinated notes. No Guarantor will incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is contractually subordinate or junior in right of payment to the Senior Debt of such Guarantor and senior in right of payment to such Guarantor's Note Guarantee. No such Indebtedness will be considered to be senior by virtue of being secured on a first or junior priority basis.

***Restricted Payments***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of MagnaChip's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving MagnaChip or any of its Restricted Subsidiaries) or to the direct or indirect holders of MagnaChip's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments, or distributions payable in Equity Interests (other than Disqualified Stock) of MagnaChip, any of its direct or indirect parent entities or any of its Restricted Subsidiaries and other than dividends, payments, or distributions payable to MagnaChip, any of its direct or indirect parent entities or a Restricted Subsidiary of MagnaChip);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving MagnaChip) any Equity Interests of US LLC;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of MagnaChip or any Restricted Subsidiary that is contractually subordinated to the senior subordinated notes or to any Note Guarantee (excluding any intercompany Indebtedness between or among MagnaChip, any of its direct or indirect parent entities and any of its Restricted Subsidiaries), except a payment of interest or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment

(all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as "*Restricted Payments*"),

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;

(2) MagnaChip would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;" and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by MagnaChip and its Restricted Subsidiaries since the date of the indenture (excluding Restricted Payments permitted by clauses (2), (5), (6), (8), (9), (10) and (11) of the next succeeding paragraph) is less than the sum, without duplication of:

(a) 50% of the Consolidated Net Income of US LLC for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the date of the indenture to the end of US LLC's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

(b) 100% of the aggregate net cash proceeds or Fair Market Value of assets (as to which an opinion or appraisal issued by an accounting, appraisal or investment bank firm of national standing shall be required if the Fair Market Value exceeds $15.0 million) received by MagnaChip or any of the Restricted Subsidiaries since the date of the indenture as a contribution to its common equity capital or from the issue or sale of Equity Interests of MagnaChip or any of the Restricted Subsidiaries (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of MagnaChip or any of the Restricted Subsidiaries that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of US LLC); *plus*

(c) to the extent that any Restricted Investment that was made after the date of the indenture is sold for cash or otherwise liquidated or repaid for cash, the lesser of (i) the cash return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (ii) the initial amount of such Restricted Investment; *plus*

(d) to the extent that any Unrestricted Subsidiary of MagnaChip designated as such after the date of the indenture is redesignated as a Restricted Subsidiary after the date of the indenture, the lesser of (i) the Fair Market Value of MagnaChip's Investment in such Subsidiary as of the date of such redesignation or (ii) such Fair Market Value as of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary after the date of the indenture; *plus*

(e) 100% of any dividends received by MagnaChip or a Restricted Subsidiary of MagnaChip after the date of the indenture from an Unrestricted Subsidiary of US LLC, to the extent that such dividends were not otherwise included in the Consolidated Net Income of US LLC for such period.

The preceding provisions will not prohibit:

(1) the payment of any dividend or the consummation of any irrevocable redemption within 60 days after the date of declaration of the dividend or giving of the redemption notice, as the case may be, if at the date of declaration or notice, the dividend or redemption payment would have complied with the provisions of the indenture;

(2) dividends or advances made with the proceeds of the senior subordinated notes to any direct or indirect parent of MagnaChip, the proceeds of which are used by such Person to redeem its preferred equity interests as described in the prospectus and made within 90 days of the Issue Date; *provided*, that such dividends or advances shall be excluded from the calculation of the amount of Restricted Payments;

(3) upon the occurrence of a Change of Control and within 60 days after the completion of the offer to repurchase the senior subordinated notes pursuant to the covenant described under "Change of Control" above, any purchase or redemption of Subordinated Obligations required pursuant to the terms thereof as a result of such Change of Control at a purchase or redemption price not to exceed the outstanding principal amount thereof, plus any accrued and unpaid interest; provided, however, that (A) at the time of such purchase or redemption no Event of Default shall have occurred and be continuing (or would result therefrom); (B) MagnaChip would be able to incur an additional $1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under ""—Incurrence of Indebtedness and Issuance of Preferred Stock" after giving pro forma effect to such Restricted Payment and the Change of Control; and (C) such purchase or redemption shall be included in the calculation of the amount of Restricted Payments;

(4) any purchase or redemption of Disqualified Stock of MagnaChip or a Restricted Subsidiary made by exchange for, or out of the proceeds of the substantially concurrent sale of, Disqualified Stock of MagnaChip or a Restricted Subsidiary which is permitted to be incurred pursuant to the covenant described under "—Incurrence of Indebtedness and Issuance of Preferred Stock;" *provided, however*, that such purchase or redemption shall be excluded in the calculation of the amount of Restricted Payments;

(5) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of MagnaChip) of, Equity Interests of MagnaChip (other than Disqualified Stock) or from the substantially concurrent contribution of common equity capital to MagnaChip; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph;

(6) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of MagnaChip or any Restricted Subsidiary that is contractually subordinated to the senior subordinated notes or to any Note Guarantee with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;

(7) payments to fund the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of MagnaChip, any Restricted Subsidiary of MagnaChip, or any direct or indirect parent of

MagnaChip held by any current or former officer, director or employee of MagnaChip or any of its Restricted Subsidiaries or any direct or indirect Parent of MagnaChip pursuant to any equity subscription agreement, stock option agreement, shareholders' agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed $7,000,000 plus the amount of cash proceeds from any key man life insurance; *provided, further,* that such amount may be increased by an amount not to exceed the cash proceeds from the sale of Equity Interests of MagnaChip and, to the extent contributed to MagnaChip, Equity Interests of any of MagnaChip's direct or indirect parent corporations, in each case to current or former members of management, directors, managers or consultants of MagnaChip, any of its Subsidiaries or any of its direct or indirect parent corporations that occurs after the Issue Date, to the extent the cash proceeds from the sale of such Equity Interests have not otherwise been applied to the payment of Restricted Payments by virtue of clause (3)(b) of the preceding paragraph.;

(8) the repurchase of Equity Interests deemed to occur upon the exercise of stock options to the extent such Equity Interests represent a portion of the exercise price of those stock options;

(9) the declaration and payment of regularly scheduled or accrued dividends to holders of any class or series of Disqualified Stock of MagnaChip or any Restricted Subsidiary issued on or after the date of the indenture in accordance with the Fixed Charge Coverage Ratio test described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(10) any purchase or redemption of Subordinated Obligations from Net Proceeds upon completion of an Asset Sale Offer; *provided, however*, that the purchase or redemption shall be excluded in the calculation of the amount of Restricted Payments; *provided, further,* that MagnaChip could, on the date of such transaction after giving pro forma effect thereto as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(11) Permitted Tax Payments;

(12) the repurchase of, or payments in lieu of, fractional shares of Equity Interests in an amount not to exceed $200,000 in the aggregate; and

(13) other Restricted Payments in an aggregate amount not to exceed $15.0 million since the date of the indenture.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by MagnaChip or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by the Board of Directors of MagnaChip whose resolution with respect thereto will be delivered to the trustee. For purposes of determining compliance with this covenant, in the event that a Restricted Payment meets the criteria of more than one of the exceptions described in (1) through (13) above or is entitled to be made pursuant to the first paragraph of this covenant, MagnaChip shall be permitted, in its sole discretion to classify (but not later reclassify) such Restricted Payment in any manner that complies with this covenant.

***Liens***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind on any asset now owned or hereafter acquired, except Permitted Liens.

***Dividend and Other Payment Restrictions Affecting Subsidiaries***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock to MagnaChip or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to MagnaChip or any of its Restricted Subsidiaries;

(2) make loans or advances to MagnaChip or any of its Restricted Subsidiaries; or

(3) sell, lease or transfer any of its properties or assets to MagnaChip or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Existing Indebtedness and any other agreements, including the Senior Credit Agreement, as in effect on the Issue Date and any amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; *provided* that the amendments, restatements, modifications, renewals, increases, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the Issue Date;

(2) the indenture, the senior subordinated notes and the Note Guarantees, the Second Priority Notes, and the intercreditor agreement and security documents with respect to Second Priority Notes;

(3) applicable law, rule, regulation or order;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by MagnaChip or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;

(5) customary non-assignment provisions in contracts and licenses entered into in the ordinary course of business;

(6) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending the sale or other disposition;

(8) Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) restrictions contained in security agreements or mortgages securing Indebtedness of a Restricted Subsidiary permitted to be incurred under the Indenture so long as the restrictions solely restrict the transfer of the property governed by the security agreements or mortgages;

(10) Liens permitted to be incurred under the provisions of the covenant described above under the caption "—Liens" that limit the right of the debtor to dispose of the assets subject to such Liens;

(11) provisions limiting the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements and other similar agreements entered into with the approval of MagnaChip's Board of Directors, which limitation is applicable only to the assets that are the subject of such agreements;

(12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business; and

(13) any restriction in any agreement that is not more restrictive than the restrictions under the terms of the Senior Credit Agreement as in effect on the closing date of the Senior Credit Agreement.

***Merger, Consolidation or Sale of Assets***

MagnaChip will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not MagnaChip is the surviving Person); or (2) sell, lease, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of MagnaChip and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

(1) either: (a) MagnaChip is the surviving Person; or (b) the Person formed by or surviving any such consolidation or merger (if other than MagnaChip) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a Person organized or existing under the laws of South Korea, Luxembourg, the Netherlands, Bermuda, the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than MagnaChip) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of MagnaChip under the senior subordinated notes, the indenture and the registration rights agreement;

(3) immediately after such transaction, no Default or Event of Default shall have occurred and be continuing;

(4) MagnaChip or the Person formed by or surviving any such consolidation or merger (if other than MagnaChip), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;"

(5) if the merging corporation is organized and existing under the laws of South Korea and the Successor Company is organized and existing under the laws of the United States of America, any State thereof or the District of Columbia or if the merging corporation is organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company is organized and existing under the laws of South Korea (any such event, a "*Foreign Jurisdiction Merger*"), MagnaChip shall have delivered to the trustee an opinion of counsel that the holders of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the transaction and will be taxed in the same manner and on the same amounts and at the same times as would have been the case if the transaction had not occurred; and

(6) in the event of a Foreign Jurisdiction Merger, MagnaChip shall have delivered to the trustee an opinion of counsel from South Korea or other applicable jurisdiction that (A) any payment of interest or principal under or relating to the senior subordinated notes or the Note Guarantees will, after the consolidation, merger, conveyance, transfer or lease of assets, be exempt from the Taxes described under "—Redemption Upon Changes in Withholding Taxes" and (B) no other taxes on income, including capital gains, will be payable by holders of the senior subordinated notes under the laws of South Korea or any other jurisdiction where the Successor Company is or becomes organized, resident or engaged in business for tax purposes relating to the acquisition, ownership or disposition of the senior subordinated notes, including the receipt of interest or principal thereon, *provided* that the holder does not use or hold, and is not deemed to use or hold the senior subordinated notes in carrying on a business in South Korea or other jurisdiction where the Successor Company is or becomes organized, resident or engaged in business for tax purposes.

This "Merger, Consolidation or Sale of Assets" covenant will not apply to:

(1) a merger of MagnaChip with an Affiliate solely for the purpose of reincorporating MagnaChip in another jurisdiction; or

(2) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among MagnaChip and any Restricted Subsidiary or the Restricted Subsidiaries.

***Transactions with Affiliates***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of MagnaChip (each, an "*Affiliate Transaction*"), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to MagnaChip or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by MagnaChip or such Restricted Subsidiary with an unrelated Person; and

(2) MagnaChip delivers to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $10.0 million, a resolution of the Board of Directors of MagnaChip set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of MagnaChip; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $20.0 million, an opinion by (A) a nationally recognized investment banking firm that such Affiliate Transaction is fair, from a financial standpoint, to MagnaChip and the Restricted Subsidiaries or (B) an accounting or appraisal firm nationally recognized in making determinations of this kind that such Affiliate Transaction is on terms that are not less favorable to MagnaChip and the Restricted Subsidiaries than the terms that could be obtained in an arms-length transaction from a Person that is not an Affiliate.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any employment agreement, employee benefit plan, stock options, stock ownership plans, officer or director indemnification agreement or any similar arrangement entered into by MagnaChip or any of its Restricted Subsidiaries in the ordinary course of business and payments pursuant thereto;

(2) transactions between or among MagnaChip and/or the Restricted Subsidiaries;

(3) transactions with a Person (other than an Unrestricted Subsidiary of MagnaChip) that is an Affiliate of MagnaChip solely because MagnaChip owns, directly or through a Restricted Subsidiary, an Equity Interest in, or controls, such Person;

(4) payment of reasonable directors' fees;

(5) any issuance of Equity Interests (other than Disqualified Stock) of US LLC or any of its Subsidiaries to Affiliates of such Person;

(6) Restricted Payments that do not violate the provisions of the indenture described above under the caption "—Restricted Payments;"

(7) transactions pursuant to any contract or agreement with MagnaChip or any of the Restricted Subsidiaries in effect on the Issue Date, as the same may be amended, modified or replaced from time to time so long as any such amendment, modification or replacement is not less favorable in any material respect to MagnaChip and the Restricted Subsidiaries than the original agreement as in effect on the Issue Date;

(8) the Note Guarantees;

(9) transactions pursuant to or under the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, the Restricted Unit Agreements or the Option Agreements as in effect on the Issue Date or any similar agreement or any amendment, modification or replacement of the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, the Restricted Unit Agreements or Option Agreements or similar agreement; provided that the terms of such amendment, modification or replacement are not more disadvantageous to the holders of the senior subordinated notes in any material respect than the terms contained in the Securityholders' Agreement, The MagnaChip LLC Equity Incentive Plan, the Restricted Unit Agreements or the Option Agreements, as the case may be, as in effect on the Issue Date;

(10) the payment of management, consulting and advisory fees and related expenses made pursuant to the Advisory Agreements and the payment of other customary management, consulting and advisory fees and related expenses to the Principals and any of their respective Affiliates in connection with transactions of US LLC or its Subsidiaries or pursuant to any management, consulting, financial advisory, financing, underwriting or placement agreement or in respect of other investment banking activities, including in connection with acquisitions or divestitures, which fees and expenses are made pursuant to arrangements approved by the Board of Directors of US LLC or such Subsidiary in good faith;

(11) the provision by an Affiliate of commercial banking or lending services or other similar services on terms that are no less favorable to MagnaChip or the relevant Restricted Subsidiary than those that would have been obtained by an unaffiliated party and that are approved in good faith by the Board of Directors;

(12) loans or advances to employees, directors, officers or consultants (i) in the ordinary course of business or (ii) otherwise not to exceed $5.0 million in the aggregate at any one time outstanding; and

(13) Permitted Tax Payments.

***Business Activities***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to MagnaChip and its Restricted Subsidiaries taken as a whole.

***Additional Note Guarantees***

If MagnaChip or any of its Restricted Subsidiaries acquires or creates another Subsidiary after the date of the indenture, then that newly acquired or created Subsidiary will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 business days of the date on which it was acquired or created; *provided* that any Subsidiary that constitutes an Immaterial Subsidiary need not become a Guarantor until such time as it ceases to be an Immaterial Subsidiary; *provided, further*, in the event MagnaChip or a Restricted Subsidiary forms or otherwise acquires, directly or indirectly, a Subsidiary organized under the laws of a jurisdiction other than the United States and such jurisdiction prohibits by law, regulation or order such Subsidiary from becoming a Guarantor, MagnaChip shall use all commercially reasonable efforts (including pursuing required waivers) over a period up to one year, to have such Subsidiary become a Guarantor; *provided, however*, that MagnaChip shall not be required to use such commercially reasonable efforts with respect to such Subsidiaries for more than a one-year period or such shorter period as it shall determine in good faith that it has used all commercially reasonable efforts and if MagnaChip or such Subsidiary is unable during such period to obtain an enforceable Guarantee in such jurisdiction, then such Subsidiary shall not be required to provide a Guarantee of the senior subordinated notes pursuant to the Note Guarantee so long as such Subsidiary does not Guarantee any other Indebtedness of MagnaChip and its Restricted Subsidiaries.

***Designation of Restricted and Unrestricted Subsidiaries***

The Board of Directors of MagnaChip may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default; *provided* that in no event will the business currently

operated by MagnaChip Semiconductor Ltd. be transferred to or held by an Unrestricted Subsidiary. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by MagnaChip and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption "—Restricted Payments" or under one or more clauses of the definition of Permitted Investments, as determined by MagnaChip. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors of MagnaChip may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if that redesignation would not cause a Default.

Any designation of a Subsidiary of MagnaChip as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of the Board of Directors giving effect to such designation and an officers' certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption "—Restricted Payments." If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of MagnaChip as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock," MagnaChip will be in default of such covenant. The Board of Directors of MagnaChip may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of MagnaChip; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of MagnaChip of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock," calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would be in existence and be continuing following such designation.

***Payments for Consent***

MagnaChip will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of senior subordinated notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the senior subordinated notes unless such consideration is offered to be paid and is paid to all holders of the senior subordinated notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

***Restrictions on Activities of Finance Company***

Finance Company will not hold any material assets, become liable for any material obligations or engage in any significant business activities; *provided*, that Finance Company may be a co-obligor or guarantor with respect to Indebtedness if MagnaChip is an obligor on such Indebtedness and the net proceeds of such Indebtedness are received by MagnaChip, Finance Company or one or more Restricted Subsidiaries.

**Reports**

Whether or not required by the rules and regulations of the SEC, so long as any senior subordinated notes are outstanding, MagnaChip will furnish to the holders of senior subordinated notes and the initial purchasers or cause the trustee to furnish to the holders of notes and the initial purchasers, within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if MagnaChip were required to file such reports; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if MagnaChip were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on US LLC's consolidated financial statements by US LLC's certified independent accountants. In addition, following the consummation of the exchange offer, MagnaChip will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods. US LLC's reporting obligations with respect to clauses (1) and (2) above shall be deemed satisfied in the event the Issuers file such reports with the SEC on EDGAR and deliver a copy of such reports to the trustee.

If, at any time after consummation of the exchange offer, MagnaChip is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, MagnaChip will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. MagnaChip will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept MagnaChip's filings for any reason, MagnaChip will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if MagnaChip were required to file those reports with the SEC. In addition, MagnaChip and the Guarantors agree that, for so long as any senior subordinated notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

**Events of Default and Remedies**

Each of the following is an "*Event of Default*":

(1) default for 30 days in the payment when due of interest on, or Liquidated Damages, if any, with respect to, any note, whether or not prohibited by the subordination provisions of the indenture;

(2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on any senior subordinated note, whether or not prohibited by the subordination provisions of the indenture;

(3) failure by MagnaChip or any of its Restricted Subsidiaries to comply with the provisions described under the captions "—Repurchase at the Option of Holders—Change of Control," "—Repurchase at the Option of Holders—Asset Sales," or "—Certain Covenants—Merger, Consolidation or Sale of Assets;"

(4) failure by MagnaChip or any of its Restricted Subsidiaries for 60 days to comply with any of the other agreements in the indenture;

(5) default under any mortgage, indenture or instrument under which there may be issued or Guaranteed or by which there may be secured or evidenced any Indebtedness for money borrowed by MagnaChip or any of its Restricted Subsidiaries (or the payment of which is guaranteed by MagnaChip or any of its Restricted Subsidiaries), whether such Indebtedness or Guarantee now exists, or is created after the date of the indenture, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "*Payment Default*"); or

(b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $25.0 million or more;

(6) failure by MagnaChip or any of its Restricted Subsidiaries to pay final judgments entered by a court or courts of competent jurisdiction aggregating in excess of $25.0 million (net of any amounts covered by insurance), which judgments are not paid, discharged or stayed for a period of 60 days;

(7) except as permitted by the indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and

(8) certain events of bankruptcy or insolvency described in the indenture with respect to MagnaChip or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

However, the occurrence of an event described under clause (4) above will not constitute an Event of Default until the trustee or the holders of at least 25% in principal amount of the outstanding second lien notes notify MagnaChip of the default and MagnaChip does not cure such default within the time specified after receipt of such notice.

In the case of an Event of Default arising and continuing from certain events of bankruptcy or insolvency, with respect to MagnaChip, any Restricted Subsidiary of MagnaChip that is a Significant Subsidiary or any group of Restricted Subsidiaries of MagnaChip that, taken together, would constitute a Significant Subsidiary, all outstanding senior subordinated notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding senior subordinated notes may declare all the senior subordinated notes to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding senior subordinated notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the senior subordinated notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium or Liquidated Damages, if any.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of senior subordinated notes unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense.

Except to enforce the right to receive payment of principal, premium, if any, or interest or Liquidated Damages, if any, when due, no holder of a senior subordinated note may pursue any remedy with respect to the indenture or the senior subordinated notes unless:

(1) such holder has previously given the trustee notice that an Event of Default is continuing;

(2) holders of at least 25% in aggregate principal amount of the then outstanding senior subordinated notes have requested the trustee to pursue the remedy;

(3) such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;

(4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

(5) holders of a majority in aggregate principal amount of the then outstanding notes have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding senior subordinated notes by notice to the trustee may, on behalf of the holders of all of the senior subordinated notes, rescind an

acceleration or waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or premium or Liquidated Damages, if any, on, or the principal of, the senior subordinated notes.

MagnaChip is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, MagnaChip is required to deliver to the trustee a statement specifying such Default or Event of Default.

**No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator, stockholder, member or partner of MagnaChip or any Guarantor, as such, will have any liability for any obligations of MagnaChip or the Guarantors under the senior subordinated notes, the indenture, or the Note Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of senior subordinated notes of a series by accepting a senior subordinated note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the senior subordinated notes. The waiver may not be effective to waive liabilities under the federal securities laws.

**Legal Defeasance and Covenant Defeasance**

MagnaChip may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers' certificate, elect to have all of its obligations discharged with respect to the outstanding senior subordinated notes and the indenture and all obligations of the Guarantors discharged with respect to their Note Guarantees and the indenture ("*Legal Defeasance*") except for:

(1) the rights of holders of outstanding senior subordinated notes to receive payments in respect of the principal of, or interest or premium and Liquidated Damages, if any, on, such senior subordinated notes when such payments are due from the trust referred to below;

(2) MagnaChip's obligations with respect to the senior subordinated notes concerning issuing temporary senior subordinated notes, registration of senior subordinated notes, mutilated, destroyed, lost or stolen senior subordinated notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and MagnaChip's and the Guarantors' obligations in connection therewith; and

(4) the Legal Defeasance and Covenant Defeasance provisions of the indenture.

In addition, MagnaChip may, at its option and at any time, elect to have the obligations of MagnaChip and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the indenture ("*Covenant Defeasance*") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the senior subordinated notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "—Events of Default and Remedies" will no longer constitute an Event of Default with respect to the senior subordinated notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) MagnaChip must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the senior subordinated notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium and Liquidated Damages, if any, on, the outstanding senior

subordinated notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and MagnaChip must specify whether the senior subordinated notes are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of Legal Defeasance, MagnaChip must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) MagnaChip has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, MagnaChip must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding senior subordinated notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which MagnaChip or any Guarantor is a party or by which MagnaChip or any Guarantor is bound;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which MagnaChip or any of its Subsidiaries is a party or by which MagnaChip or any of its Subsidiaries is bound;

(6) MagnaChip must deliver to the trustee an officers' certificate stating that the deposit was not made by MagnaChip with the intent of preferring the holders of senior subordinated notes over the other creditors of MagnaChip with the intent of defeating, hindering, delaying or defrauding any creditors of MagnaChip or others; and

(7) MagnaChip must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with, such opinion to be subject to customary assumptions and exceptions.

**Amendment, Supplement and Waiver**

Except as provided in the next three succeeding paragraphs, the indenture or the related senior subordinated notes or the related Note Guarantees may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of each series of senior subordinated notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the indenture or the related senior subordinated notes or the related Note Guarantees may be waived with the consent of the holders of a majority in aggregate principal amount of the applicable series of senior subordinated notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the applicable senior subordinated notes).

With respect to each series of the senior subordinated notes, without the consent of each holder of senior subordinated notes affected, an amendment, supplement or waiver may not (with respect to any senior subordinated notes held by a non-consenting holder):

(1) reduce the principal amount of senior subordinated notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any senior subordinated note or alter the provisions with respect to the redemption of the applicable series of senior subordinated notes (other than provisions relating to the covenants described above under the caption "—Repurchase at the Option of Holders");

(3) reduce the rate of or change the time for payment of interest, including default interest, on any applicable senior subordinated note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Liquidated Damages, if any, on, the applicable series of senior subordinated notes (except a rescission of acceleration of the applicable series of senior subordinated notes by the holders of at least a majority in aggregate principal amount of the applicable series of senior subordinated notes then outstanding and a waiver of the payment default that resulted from such acceleration);

(5) make any senior subordinated note payable in money other than that stated in the senior subordinated notes;

(6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of the applicable series of senior subordinated notes to receive payments of principal of, or interest or premium or Liquidated Damages, if any, on, the applicable series of the applicable series of senior subordinated notes;

(7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption "—Repurchase at the Option of Holders"); or

(8) release any Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture.

In addition, any amendment to, or waiver of, the provisions of the indenture relating to subordination that adversely affects the rights of the holders of the senior subordinated notes will require the consent of the holders of at least 75% in aggregate principal amount of senior subordinated notes then outstanding.

Notwithstanding the preceding, without the consent of any holder of the applicable series of senior subordinated notes, MagnaChip, the Guarantors and the trustee may amend or supplement the indenture, the senior subordinated notes or the Note Guarantees:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated senior subordinated notes in addition to or in place of certificated senior subordinated notes;

(3) to provide for the assumption of MagnaChip's or a Guarantor's obligations to holders of senior subordinated notes and Note Guarantees in the case of a merger or consolidation or sale of all or substantially all of MagnaChip's or such Guarantor's assets, as applicable;

(4) to make any change that would provide any additional rights or benefits to the holders of senior subordinated notes or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(6) to conform the text of the indenture, the Note Guarantees, or the senior subordinated notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended by MagnaChip and the Initial Purchasers to be a verbatim recitation of a provision of the indenture, the Note Guarantees, or the senior subordinated notes as represented by MagnaChip to the Trustee in an officers' certificate;

(7) to provide for the issuance of additional senior subordinated notes in accordance with the limitations set forth in the indenture; or

(8) to allow any Guarantor to execute a supplemental indenture and/or a Note Guarantee with respect to the senior subordinated notes.

**Satisfaction and Discharge**

The indenture will be discharged and will cease to be of further effect as to all senior subordinated notes issued thereunder, when:

(1) either:

(a) all senior subordinated notes that have been authenticated, except lost, stolen or destroyed senior subordinated notes that have been replaced or paid and senior subordinated notes for whose payment money has been deposited in trust and thereafter repaid to MagnaChip, have been delivered to the trustee for cancellation; or

(b) all senior subordinated notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and MagnaChip or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the senior subordinated notes not delivered to the trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which MagnaChip or any Guarantor is a party or by which MagnaChip or any Guarantor is bound;

(3) MagnaChip or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

(4) MagnaChip has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the senior subordinated notes at maturity or on the redemption date, as the case may be.

In addition, MagnaChip must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

**Concerning the Trustee**

If the trustee becomes a creditor of MagnaChip or any Guarantor, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if, following an event of default, it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture have been qualified under the Trust Indenture Act) or resign.

The holders of a majority in aggregate principal amount of the then outstanding senior subordinated notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provide that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of senior subordinated notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

**Additional Information**

Anyone who receives this prospectus may obtain a copy of the indenture and the registration rights agreement without charge by writing to c/o MagnaChip Semiconductor, Ltd. 891 Daechi-dong, Kangnam-gu, Seoul 135-738, Korea, Attention: General Counsel.

**Certain Definitions**

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for a full disclosure of all defined terms used therein, as well as any other capitalized terms used herein for which no definition is provided.

"*Acquired Debt*" means, with respect to any specified Person:

(1) Indebtedness of any other Person existing at the time such other Person is merged with or into or became a Subsidiary of such specified Person, whether or not such Indebtedness is incurred in connection with, or in contemplation of, such other Person merging with or into, or becoming a Restricted Subsidiary of, such specified Person; *provided* that Indebtedness of such Person that is redeemed, defeased, retired or otherwise repaid at the time, or immediately upon consummation, of the transaction by which such other Person is merged with or into or became a Restricted Subsidiary of such Person shall not be Acquired Debt; and

(2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person; provided that the amount of such Indebtedness shall be deemed to be the lesser of the value of such asset and the amount of the obligation so secured.

*"Acquisition"* means the purchase of the Systems IC division from Hynix Semiconductor Inc.

"*Advisory Agreements*" means the advisory agreements dated as of October 6, 2004, by and between US LLC, MagnaChip and each of (i) Francisco Partners Management, LLC, (ii) CVC Management LLC and (iii) CVC Capital Partners Asia Limited, as each may be amended, supplemented, modified, renewed, extended or replaced from time to time.

"*Affiliate*" of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition,

"control," as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise; *provided* that beneficial ownership of 10% or more of the Voting Stock of a Person will be deemed to be control. For purposes of this definition, the terms "controlling," "controlled by" and "under common control with" have correlative meanings.

"Asset Sale" means:

(1) the sale, lease, conveyance or other disposition of any assets or rights; *provided* that the sale, lease, conveyance or other disposition of all or substantially all of the assets of MagnaChip and its Restricted Subsidiaries taken as a whole will be governed by the provisions of the indenture described above under the caption "—Repurchase at the Option of Holders—Change of Control" and/or the provisions described above under the caption "—Certain Covenants—Merger, Consolidation or Sale of Assets" and not by the provisions of the Asset Sale covenant; and

(2) the issuance or sale of Equity Interests in any of MagnaChip's Subsidiaries, other than directors' qualifying shares or shares required by applicable law to be held by a Person other than MagnaChip or a Restricted Subsidiary.

Notwithstanding the preceding, none of the following items will be deemed to be an Asset Sale:

(1) any single transaction or series of related transactions that involves assets having a Fair Market Value of less than $2.5 million;

(2) a transfer of assets between or among MagnaChip and its Restricted Subsidiaries (including to a Person that becomes a Restricted Subsidiary upon such transfer);

(3) an issuance of Equity Interests by a Restricted Subsidiary of MagnaChip to MagnaChip or to a Restricted Subsidiary of MagnaChip;

(4) the sale, lease, conveyance or other disposition of products, inventory, services or accounts receivable in the ordinary course of business and any sale or other disposition of damaged, worn out, uneconomical, surplus or obsolete assets in the ordinary course of business;

(5) the sale or other disposition of cash or Cash Equivalents;

(6) a Restricted Payment that does not violate the covenant described above under the caption "—Certain Covenants—Restricted Payments" or a Permitted Investment;

(7) Permitted Liens; and

(8) grants of licenses in intellectual property on terms customary for the semiconductor industry.

"*Asset Sale Offer"* has the meaning assigned to that term in the indenture governing the senior subordinated notes.

"*Beneficial Owner*" has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act. The terms "Beneficially Owns" and "Beneficially Owned" have a corresponding meaning.

"Board of Directors" means:

(1) with respect to a corporation, the board of directors of the corporation or any committee thereof duly authorized to act on behalf of such board;

(2) with respect to a partnership, the Board of Directors of the general partner of the partnership;

(3) with respect to a limited liability company, the managing member or members or any controlling committee of managing members thereof; and

(4) with respect to any other Person, the board or committee of such Person serving a similar function.

"*Capital Lease Obligation*" means, at the time any determination is to be made, the amount of the liability in respect of a capital lease that would at that time be required to be capitalized on a balance sheet prepared in accordance with GAAP, and the Stated Maturity thereof shall be the date of the last payment of rent or any other amount due under such lease prior to the first date upon which such lease may be prepaid by the lessee without payment of a penalty.

"Capital Stock" means:

(1) in the case of a corporation, corporate stock;

(2) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock;

(3) in the case of a partnership or limited liability company, partnership interests (whether general or limited) or membership interests; and

(4) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person, but excluding from all of the foregoing any debt securities convertible into Capital Stock, whether or not such debt securities include any right of participation with Capital Stock.

"Cash Equivalents" means:

(1) United States dollars, Korean Won, Pounds Sterling, Hong Kong dollars, New Taiwan Dollars, Euros and Japanese Yen;

(2) securities issued or directly and fully guaranteed or insured by the United States government, Korean government, EU member states with a sovereign credit rating of A or better, the Japanese government, the Taiwan government, the Hong Kong government, or any agency or instrumentality of any such government (*provided* that the full faith and credit of any such government is pledged in support of those securities) having maturities of not more than one year from the date of acquisition;

(3) United States dollar denominated and Korean Won denominated certificates of deposit, eurodollar time deposits with maturities of one year or less from the date of acquisition, bankers' acceptances with maturities not exceeding one year and overnight bank deposits, in each case, with any lender party to the Senior Credit Agreement or with any domestic commercial bank having capital and surplus in excess of $500.0 million and a Thomson Bank Watch Rating of "B" or better or comparable rating by a comparable rating agency in the relevant jurisdiction if a Moody's or S&P rating is unavailable;

(4) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (2) and (3) above entered into with any financial institution meeting the qualifications specified in clause (3) above;

(5) commercial paper having one of the two highest ratings obtainable from Moody's or one of the three highest ratings obtainable from S&P or a comparable rating by a comparable rating agency in the relevant jurisdiction if a Moody's or S&P rating is unavailable and, in each case, maturing within one year after the date of acquisition; and

(6) money market funds at least 95% of the assets of which constitute Cash Equivalents of the kinds described in clauses (1) through (5) of this definition.

"*Change of Control*" means the occurrence of any of the following:

(1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of US LLC and its Subsidiaries taken as a whole to any "person" (as that term is used in Section 13(d) of the Exchange Act) other than a Principal or a Related Party of a Principal;

(2) the adoption of a plan relating to the liquidation or dissolution of MagnaChip;

(3) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any "person" (as defined above), other than the Principals and their Related Parties, becomes the Beneficial Owner, directly or indirectly, of more than 50% of the Voting Stock of MagnaChip, measured by voting power rather than number of shares; or

(4) after an initial public offering of MagnaChip or any direct or indirect parent of MagnaChip, the first day on which a majority of the members of the Board of Directors of such public company are not Continuing Directors.

*"Change of Control Offer"* has the meaning assigned to that term in the indenture governing the senior subordinated notes.

"*Consolidated Cash Flow*" means, with respect to any specified Person for any period, the Consolidated Net Income of such Person for such period *plus*, without duplication:

(1) an amount equal to any extraordinary loss plus any net loss realized by such Person or any of its Restricted Subsidiaries in connection with an Asset Sale, to the extent such losses were deducted in computing such Consolidated Net Income; *plus*

(2) provision for taxes based on income or profits of such Person and its Restricted Subsidiaries for such period, to the extent that such provision for taxes was deducted in computing such Consolidated Net Income; *plus*

(3) the Fixed Charges of such Person and its Restricted Subsidiaries for such period, to the extent that such Fixed Charges were deducted in computing such Consolidated Net Income; *plus*

(4) depreciation, amortization (including amortization of intangibles but excluding amortization of prepaid cash expenses that were paid in a prior period) and other non-cash expenses (excluding any such non-cash expense to the extent that it represents an accrual of or reserve for cash expenses in any future period or amortization of a prepaid cash expense that was paid in a prior period) of such Person and its Restricted Subsidiaries for such period to the extent that such depreciation, amortization and other non-cash expenses were deducted in computing such Consolidated Net Income; *plus*

(5) in connection with the Acquisition on or prior to the date of the indenture; *minus*

(6) non-cash items increasing such Consolidated Net Income for such period, other than the accrual of revenue in the ordinary course of business,

in each case, on a consolidated basis and determined in accordance with GAAP.

Notwithstanding the preceding, the provision for taxes based on the income or profits of, and the depreciation and amortization and other non-cash expenses of, a Restricted Subsidiary of MagnaChip will be added to Consolidated Net Income to compute Consolidated Cash Flow of MagnaChip only to the extent that a corresponding amount would be permitted at the date of determination to be dividended to MagnaChip by such Restricted Subsidiary without prior governmental approval (that has not been obtained), and without direct or indirect restriction pursuant to the terms of its charter and all agreements, instruments, judgments, decrees, orders, statutes, rules and governmental regulations applicable to that Restricted Subsidiary or its stockholders.

"*Consolidated Net Income*" means, with respect to any specified Person for any period, the aggregate of the Net Income of such Person and its Restricted Subsidiaries for such period, on a consolidated basis, determined in accordance with GAAP; *provided* that:

(1) the Net Income (but not loss) of any Person that is not a Restricted Subsidiary or that is accounted for by the equity method of accounting will be included only to the extent of the amount of dividends or similar distributions paid in cash to the specified Person or a Restricted Subsidiary of the Person;

(2) the Net Income of any Restricted Subsidiary will be excluded to the extent that the declaration or payment of dividends or similar distributions by that Restricted Subsidiary of that Net Income is not at the date of determination permitted without any prior governmental approval (that has not been obtained) or, directly or indirectly, by operation of the terms of its charter or any agreement, instrument, judgment, decree, order, statute, rule or governmental regulation applicable to that Restricted Subsidiary or its stockholders, except to the extent that any dividend or similar distribution is actually and lawfully made and not otherwise included in Consolidated Net Income of such Person;

(3) the cumulative effect of a change in accounting principles will be excluded;

(4) any expenses associated with the Acquisition and the transactions completed thereby will be excluded;

(5) any transaction gains and losses due to fluctuations in currency values and the related tax effect will be excluded; and

(6) notwithstanding clause (1) above, the Net Income of any Unrestricted Subsidiary will be excluded, whether or not distributed to the specified Person or one of its Subsidiaries.

"*Continuing Directors*" means, as of any date of determination, any member of the Board of Directors of a Person who:

(1) was a member of such Board of Directors on the Issue Date;

(2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election; or

(3) was elected to the Board of Directors under the Securityholders' Agreement.

"*Credit Agreement Agent*" means, at any time, the Person serving at such time as the "Agent" or "Administrative Agent" under the Senior Credit Agreement or any other representative then most recently designated in accordance with the applicable provisions of the Senior Credit Agreement, together with its successors in such capacity.

"*Credit Facilities*" means, one or more debt facilities (including, without limitation, the Senior Credit Agreement) or commercial paper facilities, in each case, with banks or other institutional lenders providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced (whether upon or after termination or otherwise) or refinanced (including by means of sales of debt securities to institutional investors) in whole or in part from time to time.

"*Default*" means any event that is, or with the passage of time or the giving of notice or both would be, an Event of Default.

"Designated Senior Debt" means:

(1) Indebtedness outstanding under the Credit Facilities; and

(2) after payment in full of all Obligations under the Senior Credit Agreement, any other Senior Debt permitted under the indenture the principal amount of which is $25.0 million or more and that has been designated by the Issuers as "Designated Senior Debt."

"*Disqualified Stock*" means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible, or for which it is exchangeable, in each case, at the option of the holder of the Capital Stock), or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise, or redeemable at the option of the holder of the Capital Stock, in whole or in part, on or prior to the date that is 91 days after the date on which the senior subordinated notes mature. Notwithstanding the preceding sentence, any Capital Stock that would constitute Disqualified Stock solely because the holders of the Capital Stock have the right to require MagnaChip to repurchase such Capital Stock upon the occurrence of a change of control or an asset sale will not constitute Disqualified Stock if the terms of such Capital Stock provide that MagnaChip may not repurchase or redeem any such Capital Stock pursuant to such provisions unless such repurchase or redemption complies with the covenant described above under the caption "—Certain Covenants—Restricted Payments." The amount of Disqualified Stock deemed to be outstanding at any time for purposes of the indenture will be the maximum amount that MagnaChip and its Restricted Subsidiaries may become obligated to pay upon the maturity of, or pursuant to any mandatory redemption provisions of, such Disqualified Stock, exclusive of accrued dividends.

"*Equity Interests*" means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

"*Existing Indebtedness*" means Indebtedness of US LLC and its Subsidiaries (other than Indebtedness under the Senior Credit Agreement) in existence on the Issue Date, until such amounts are repaid.

"*Fair Market Value*" means the value that would be paid by a willing buyer to an unaffiliated willing seller, determined in good faith by the Board of Directors of MagnaChip (unless otherwise provided in the indenture).

"*Fixed Charge Coverage Ratio*" means with respect to any specified Person and its Restricted Subsidiaries for any period, the ratio of the Consolidated Cash Flow of such Person and its Restricted Subsidiaries for such period to the Fixed Charges of such Person and its Restricted Subsidiaries for such period. In the event that the specified Person or any of its Restricted Subsidiaries incurs, assumes, Guarantees, repays, repurchases, redeems, defeases or otherwise discharges any Indebtedness (other than ordinary working capital borrowings) or issues, repurchases or redeems preferred stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated and on or prior to the date on which the event for which the calculation of the Fixed Charge Coverage Ratio is made (the "*Calculation Date*"), then the Fixed Charge Coverage Ratio will be calculated giving pro forma effect to such incurrence, assumption, Guarantee, repayment, repurchase, redemption, defeasance or other discharge of Indebtedness, or such issuance, repurchase or redemption of preferred stock, and the use of the proceeds therefrom, as if the same had occurred at the beginning of the applicable fourquarter reference period.

In addition, for purposes of calculating the Fixed Charge Coverage Ratio:

(1) acquisitions that have been made by the specified Person or any of its Restricted Subsidiaries, including through mergers or consolidations, or any Person or any of its Restricted Subsidiaries acquired by the specified Person or any of its Restricted Subsidiaries, and including any related financing transactions and including increases in ownership of Restricted Subsidiaries, during the four-quarter reference period or subsequent to such reference period and on or prior to the Calculation Date will be given pro forma effect (in accordance with Regulation S-X under the Securities Act) as if they had occurred on the first day of the four-quarter reference period.

(2) the Consolidated Cash Flow attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded;

(3) the Fixed Charges attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded, but only to the extent that the obligations giving rise to such Fixed Charges will not be obligations of the specified Person or any of its Restricted Subsidiaries following the Calculation Date;

(4) any Person that is a Restricted Subsidiary on the Calculation Date or that becomes a Restricted Subsidiary on the Calculation Date will be deemed to have been a Restricted Subsidiary at all times during such four-quarter period;

(5) any Person that is not a Restricted Subsidiary on the Calculation Date or would cease to be a Restricted Subsidiary on the Calculation Date will be deemed not to have been a Restricted Subsidiary at any time during such four-quarter period; and

(6) if any Indebtedness bears a floating rate of interest, the interest expense on such Indebtedness will be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligation applicable to such Indebtedness if such Hedging Obligation has a remaining term as at the Calculation Date in excess of 12 months).

"*Fixed Charges*" means, with respect to any specified Person for any period, the sum, without duplication, of:

(1) the consolidated interest expense of such Person and its Restricted Subsidiaries for such period, whether paid or accrued, including, without limitation, amortization of original issue discount, noncash interest payments, the interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers' acceptance financings, and net of the effect of all payments made or received pursuant to Hedging Obligations in respect of interest rates; *plus*

(2) the consolidated interest expense of such Person and its Restricted Subsidiaries that was capitalized during such period; *plus*

(3) any interest on Indebtedness of another Person that is guaranteed by such Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such Person or one of its Restricted Subsidiaries, whether or not such Guarantee or Lien is called upon; *plus*

(4) the product of (a) all dividends, whether paid or accrued and whether or not in cash, on any series of preferred stock of such Person or any of its Restricted Subsidiaries, other than dividends on Equity Interests payable solely in Equity Interests of MagnaChip (other than Disqualified Stock) or to MagnaChip or a Restricted Subsidiary of MagnaChip, *times* (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state and local statutory tax rate of such Person, expressed as a decimal, in each case, determined on a consolidated basis in accordance with GAAP.

"*GAAP*" means generally accepted accounting principles set forth in the opinions and pronouncements of the Accounting Principles Board of the American Institute of Certified Public Accountants and statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which are in effect on the Issue Date.

*"Government Securities"* means securities that are

(a) direct obligations of the United States of America for the timely payment of which its full faith and credit is pledged, or

(b) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America,

which, in either case, are not callable or redeemable at the option of the issuers thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act), as custodian with respect to any such Government Securities or a specific payment of principal of or interest on any such Government Securities held by such custodian for the account of the holder of such depository receipt; *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Securities or the specific payment of principal of or interest on the Government Securities evidenced by such depository receipt.

"*Guarantee*" means a guarantee other than by endorsement of negotiable instruments for collection in the ordinary course of business, direct or indirect, in any manner including, without limitation, by way of a pledge of assets or through letters of credit or reimbursement agreements in respect thereof, of all or any part of any Indebtedness (whether arising by virtue of partnership arrangements, or by agreements to keep-well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions or otherwise).

"*Guarantors*" means each of:

(1) MagnaChip Semiconductor LLC (USA), MagnaChip Semiconductor, Inc. (USA), MagnaChip Semiconductor B.V. (Netherlands), MagnaChip Semiconductor SA Holdings LLC (USA), MagnaChip Semiconductor Ltd. (UK), MagnaChip Semiconductor Inc. (Japan), MagnaChip Semiconductor Ltd. (Hong Kong) and MagnaChip Semiconductor Ltd. (Taiwan); and

(2) any other Subsidiary of MagnaChip that executes a Note Guarantee in accordance with the provisions of the indenture, and their respective successors and assigns, in each case, until the Note Guarantee of such Person has been released in accordance with the provisions of the indenture.

"*Indebtedness*" means, with respect to any specified Person, any indebtedness of such Person (excluding accrued expenses and trade payables), whether or not contingent:

(1) in respect of borrowed money;

(2) evidenced by bonds, notes, debentures or similar instruments or letters of credit (or reimbursement agreements in respect thereof);

(3) in respect of banker's acceptances;

(4) representing Capital Lease Obligations;

(5) representing the balance deferred and unpaid of the purchase price of any property or services due more than six months after such property is acquired or such services are completed; or

(6) representing any Hedging Obligations,

if and to the extent any of the preceding items (other than letters of credit and Hedging Obligations) would appear as a liability upon a balance sheet of the specified Person prepared in accordance with GAAP. In addition, the term "Indebtedness" includes all Indebtedness of others secured by a Lien on any asset of the specified Person (whether or not such Indebtedness is assumed by the specified Person and the amount of such obligation being deemed to be the lesser of the value of such asset and the amount of the obligation so secured) and, to the extent not otherwise included, the Guarantee by the specified Person of any Indebtedness of any other Person.

"*Investments*" means, with respect to any Person, all direct or indirect investments by such Person in other Persons (including Affiliates) in the forms of loans (including Guarantees or other obligations), advances or capital contributions (excluding (A) advances to customers in the ordinary course of business that are recorded as accounts receivable on the consolidated balance sheet of such Person and (B) commission, travel, moving and similar advances to officers and employees made in the ordinary course of business), purchases or other acquisitions for consideration of Indebtedness, Equity Interests or other securities, together with all items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP. If MagnaChip or any Subsidiary of MagnaChip sells or otherwise disposes of any Equity Interests of any direct or indirect Subsidiary of MagnaChip such that, after giving effect to any such sale or disposition, such Person is no longer a Subsidiary of MagnaChip, MagnaChip will be deemed to have made an Investment on the date of any such sale or disposition equal to the Fair Market Value of MagnaChip's Investments in such Subsidiary that were not sold or disposed of in an amount determined as provided in the final paragraph of the covenant described above under the caption "—Certain Covenants—Restricted Payments." The acquisition by MagnaChip or any Subsidiary of MagnaChip of a Person that holds an Investment in a third Person will be deemed to be an Investment by MagnaChip or such Subsidiary in such third Person in an amount equal to the Fair Market Value of the Investments held by the acquired Person in such third Person in an amount determined as provided in the final paragraph of the covenant described above under the caption "—Certain Covenants—Restricted Payments." Except as otherwise provided in the indenture, the amount of an Investment will be determined at the time the Investment is made and without giving effect to subsequent changes in value.

*"Issue Date"* means December 23, 2004.

"*Lien*" means, with respect to any asset, any mortgage, lien, pledge, charge, security interest or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law, including any conditional sale or other title retention agreement, any lease in the nature thereof, any option or other agreement to sell or give a security interest in and any filing of or agreement to give any financing statement under the Uniform Commercial Code (or equivalent statutes) of any jurisdiction.

*"Liquidated Damages"* means all liquidated damages then owing pursuant to the registration rights agreement.

"*Moody's*" means Moody's Investors Service, Inc.

"*Net Income*" means, with respect to any specified Person, the net income (loss) of such Person, determined in accordance with GAAP and before any reduction in respect of preferred stock dividends, excluding, however:

(1) any gain (or loss), together with any related provision for taxes on such gain (or loss), realized in connection with: (a) any Asset Sale; or (b) the disposition of any securities by such Person or any of its Restricted Subsidiaries or the extinguishment of any Indebtedness of such Person or any of its Restricted Subsidiaries; and

(2) any extraordinary gain (or loss), together with any related provision for taxes on such extraordinary gain (or loss).

"*Net Proceeds*" means the aggregate cash proceeds received by MagnaChip or any of its Restricted Subsidiaries in respect of any Asset Sale (including, without limitation, any cash received upon the sale or other

disposition of any non-cash consideration received in any Asset Sale), net of the direct costs relating to such Asset Sale, including, without limitation, legal, accounting and investment banking fees, and sales commissions, and any relocation expenses incurred as a result of the Asset Sale, taxes paid or payable as a result of the Asset Sale, and any repayment of Indebtedness that was permitted to be secured by the assets sold in such Asset Sale after taking into account any available tax credits or deductions and any tax sharing arrangements, and any reserve for adjustment in respect of the sale price of such asset or assets established in accordance with GAAP.

"*Non-Recourse Debt*" means Indebtedness:

(1) as to which neither MagnaChip nor any of its Restricted Subsidiaries (a) provides credit support of any kind (including any undertaking, agreement or instrument that would constitute Indebtedness), (b) is directly or indirectly liable as a guarantor or otherwise, or (c) constitutes the lender;

(2) no default with respect to which (including any rights that the holders of the Indebtedness may have to take enforcement action against an Unrestricted Subsidiary) would permit upon notice, lapse of time or both any holder of any other Indebtedness of MagnaChip or any of its Restricted Subsidiaries to declare a default on such other Indebtedness or cause the payment of the Indebtedness to be accelerated or payable prior to its Stated Maturity; and

(3) as to which the lenders have been notified in writing that they will not have any recourse to the stock or assets of MagnaChip or any of its Restricted Subsidiaries.

"*Note Guarantee"* means the Guarantee by each Guarantor of MagnaChip's obligations under the indenture and the senior subordinated notes, executed pursuant to the provisions of the indenture.

"*Obligations*" means any principal (including reimbursement obligations with respect to letters of credit whether or not drawn), interest, premium (if any), fees, indemnifications, reimbursements, expenses and other liabilities payable under the documentation governing any Indebtedness.

"*Permitted Business*" means the businesses of MagnaChip, its direct and indirect parents, and their respective subsidiaries as of the date of the indenture and any other business ancillary or supplementary to the semiconductor business.

"Permitted Investments" means:

(1) any Investment in MagnaChip or in a Restricted Subsidiary of MagnaChip;

(2) any Investment in Cash Equivalents;

(3) any Investment by MagnaChip or any Restricted Subsidiary of MagnaChip in a Person, if as a result of such Investment:

(a) such Person becomes a Restricted Subsidiary of MagnaChip; or

(b) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, MagnaChip or a Restricted Subsidiary of MagnaChip;

(4) any Investment made as a result of the receipt of non-cash consideration from an Asset Sale that was made pursuant to and in compliance with the covenant described above under the caption "—Repurchase at the Option of Holders—Asset Sales;"

(5) any acquisition of assets or Capital Stock solely in exchange for the issuance of Equity Interests (other than Disqualified Stock) of MagnaChip or any of its direct or indirect parents;

(6) any Investments received in compromise or resolution of (A) obligations that were incurred in the ordinary course of business of MagnaChip or any of its Restricted Subsidiaries, including pursuant to any plan of reorganization or similar arrangement upon the bankruptcy or insolvency of any trade creditor or customer; or (B) litigation, arbitration or other disputes with Persons who are not Affiliates;

(7) Investments represented by Hedging Obligations;

(8) loans or advances to employees, directors, officers or consultants made in the ordinary course of business of MagnaChip or any Restricted Subsidiary of MagnaChip in an aggregate principal amount not to exceed $5.0 million at any one time outstanding;

(9) repurchases of the Second Priority Notes and the senior subordinated notes;

(10) (A) advances to customers in the ordinary course of business that are recorded as accounts receivable on the consolidated balance sheet of such Person and (B) payroll, travel and similar advances to cover matters that are expected at the time of the advances ultimately to be treated as expenses for accounting purposes and that are made in the ordinary course of business;

(11) receivables owing to MagnaChip or any Restricted Subsidiary of MagnaChip if created or acquired in the ordinary course of business and payable or dischargeable in accordance with customary trade terms; provided, however, that such trade terms may include the concessionaire trade terms as MagnaChip or the Restricted Subsidiary deems reasonable under the circumstances;

(12) Investments in existence on the Issue Date;

(13) Investments in any Person to the extent such Investments consist of prepaid expenses, negotiable instruments held for collection and lease, utility and workers' compensation, performance and other similar deposits made in the ordinary course of business by MagnaChip or any Restricted Subsidiary;

(14) Investment in any Person where such Investment was acquired by MagnaChip or any of the Restricted Subsidiaries (a) in exchange for any other Investment or accounts receivable held by MagnaChip or any such Restricted Subsidiary in connection with or as a result of a bankruptcy, workout, reorganization or recapitalization of the issuer of such other Investment or accounts receivable or (b) as a result of a foreclosure by MagnaChip or any of the Restricted Subsidiaries with respect to any secured Investment or other transfer of title with respect to any secured Investment in default; and

(15) other Investments in any Person having an aggregate Fair Market Value (measured on the date each such Investment was made and without giving effect to subsequent changes in value), when taken together with all other Investments made pursuant to this clause (15) that are at the time outstanding that does not exceed the greater of (A) $50.0 million and (B) 5.0% of Total Assets (with the fair market value of each Investment being measured at the time made and without giving effect to subsequent changes in value). Provided that any cash return on capital in any such Permitted Investment (including through any dividend, distribution, repayment, redemption, payment of interest or other transfer) made pursuant to this clause (15) will reduce the amount of any such Permitted Investment for purposes of calculating the amount of Permitted Investments under this clause (15) and will be excluded from clauses 3(a), (d) and (e) of the first paragraph of the covenant described under the caption "—Certain Covenants—Restricted Payments"; *provided*, that the total reduction may not exceed the amount of the original investment.

"Permitted Junior Securities" means:

(1) Equity Interests in the Issuers or any Guarantor; or

(2) debt securities that are subordinated to all Senior Debt and any debt securities issued in exchange for Senior Debt to substantially the same extent as, or to a greater extent than, the senior subordinated notes and the Note Guarantees are subordinated to Senior Debt under the indenture.

"Permitted Liens" means:

(1) Liens on assets of MagnaChip or any of its Restricted Subsidiaries securing Senior Debt that was permitted by the terms of the indenture to be incurred;

(2) Liens in favor of MagnaChip or the Restricted Subsidiaries;

(3) Liens on property of a Person existing at the time such Person is merged with or into or consolidated with MagnaChip or any Subsidiary of MagnaChip; *provided* that such Liens were in existence prior to the contemplation of such merger or consolidation and do not extend to any assets other than those of the Person merged into or consolidated with MagnaChip or the Subsidiary;

(4) Liens on property (including Capital Stock) existing at the time of acquisition of the property by MagnaChip or any Subsidiary of MagnaChip; *provided* that such Liens were in existence prior to, such acquisition, and not incurred in contemplation of, such acquisition;

(5) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business;

(6) Liens to secure Indebtedness (including Capital Lease Obligations) permitted by clause (5) of the second paragraph of the covenant entitled "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock" covering only the assets acquired with or financed by such Indebtedness;

(7) Liens existing on the Issue Date;

(8) Liens for taxes, assessments or governmental charges or claims that are not yet delinquent or that are being contested in good faith by appropriate proceedings promptly instituted and diligently concluded; *provided* that any reserve or other appropriate provision as is required in conformity with GAAP has been made therefor;

(9) Liens imposed by law, such as carriers', warehousemen's, landlord's and mechanics' Liens, in each case, incurred in the ordinary course of business;

(10) pledges or deposits by a Person under worker's compensation laws, unemployment insurance laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness) or leases to which such Person is a party, or deposits as security for contested taxes or import duties or for the payment of rent, in each case incurred in the ordinary course of business;

(11) survey exceptions, easements or reservations of, or rights of others for, licenses, rights-of-way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions as to the use of real property that were not incurred in connection with Indebtedness and that do not in the aggregate materially adversely affect the value of said properties or materially impair their use in the operation of the business of such Person;

(12) Liens created for the benefit of (or to secure) the senior subordinated notes (or the Note Guarantees);

(13) attachment or judgment Liens not giving rise to an Event of Default;

(14) Liens arising solely by virtue of any statutory or common law provision relating to banker's Liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds maintained with a creditor depository institution; provided, however, that (A) such deposit account is not a dedicated cash collateral account and is not subject to restrictions against access by MagnaChip or any of its Restricted Subsidiaries in excess of those set forth by regulations promulgated by the Federal Reserve Board and (B) such deposit account is not intended by MagnaChip or any Restricted Subsidiary to provide collateral to the depository institution;

(15) Liens securing Hedging Obligations so long as such Hedging Obligations relate to Indebtedness that is permitted to be incurred under the indenture;

(16) Liens arising from the filing of Uniform Commercial Code financing statements regarding leases;

(17) Liens to secure any Permitted Refinancing Indebtedness permitted to be incurred under the indenture; *provided, however,* that:

(a) the new Lien shall be limited to all or part of the same property and assets that secured or, under the written agreements pursuant to which the original Lien arose, could secure the original Lien (plus improvements and accessions to, such property or proceeds or distributions thereof); and

(b) the Indebtedness secured by the new Lien is not increased to any amount greater than the sum of (x) the outstanding principal amount, or, if greater, committed amount, of the Permitted Refinancing Indebtedness and (y) an amount necessary to pay any fees and expenses, including premiums, related to such renewal, refunding, refinancing, replacement, defeasance or discharge; and

(18) Leases or subleases granted to others that do not materially interfere with the ordinary course of business of MagnaChip and its Restricted Subsidiaries;

(19) Liens on deposits, in an aggregate amount not to exceed $250,000 at any one time outstanding, made in the ordinary course of business to secure liability to insurance carriers;

(20) Liens under licensing agreements for use of intellectual property entered into in the ordinary course of business;

(21) Customary liens on deposits required in connection with the purchase of property, plant, equipment, inventory and other assets;

(22) Liens to secure all loans which may not be prepaid prior to one year following the date such loan is made under the Senior Credit Facility between MagnaChip Semiconductor, Ltd. (Korea) and certain institutional lenders with the Korean Exchange Bank, as agent, and liens on deposits made in order to secure the payment of such debt when prepayment is permitted.

(23) Liens to secure Indebtedness permitted by clauses (2) and (17) of the second paragraph of the covenant entitled "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock", provided that, with respect to such clause (17), such Liens cover only the assets owned by the Subsidiary incurring such Indebtedness;

(24) Liens incurred or deposits made in the ordinary course of business in connection with worker's compensation, unemployment insurance and other types of social security;

(25) Liens arising out of conditional sale, title retention, consignment or similar arrangements for the sale of goods entered into by MagnaChip or any of the Restricted Subsidiaries in the ordinary course of business; and

*"Taxes*" and "*Taxation*" shall be construed to have corresponding meanings to Tax.

*"Total Assets"* means the total amount of all assets of a Person, determined on a consolidated basis in accordance with GAAP as shown on such Person's most recent consolidated balance sheet prepared in accordance with GAAP.

"*Treasury Rate*" means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar

market data)) most nearly equal to the period from the redemption date to December 15, 2014; *provided, however*, that if the period from the redemption date to December 15, 2014, is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

"*Unrestricted Subsidiary*" means any Subsidiary of US LLC (other than the Issuers or any successor to them) that is designated by the Board of Directors of MagnaChip as an Unrestricted Subsidiary pursuant to a resolution of the Board of Directors, but only to the extent that such Subsidiary:

(1) has no Indebtedness other than Non-Recourse Debt;

(2) except as permitted by the covenant described above under the caption "—Certain Covenants—Transactions with Affiliates," on the date of such designation, is not party to any agreement, contract, arrangement or understanding with MagnaChip or any Restricted Subsidiary of MagnaChip unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to MagnaChip or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of MagnaChip;

(3) is a Person with respect to which neither MagnaChip nor any of its Restricted Subsidiaries has any direct or indirect obligation (a) to subscribe for additional Equity Interests or (b) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and

(4) has not guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of MagnaChip or any of its Restricted Subsidiaries.

*"US LLC"* refers to MagnaChip Semiconductor LLC (USA), the direct parent company of MagnaChip, and any successor thereto.

"*Voting Stock*" of any specified Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the Board of Directors of such Person.

"*Weighted Average Life to Maturity*" means, when applied to any Indebtedness at any date, the number of years obtained by dividing:

(1) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal, including payment at final maturity, in respect of the Indebtedness, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment; *by*

(2) the then outstanding principal amount of such Indebtedness.

"*Wholly-Owned Restricted Subsidiary*" of any specified Person means a Subsidiary of such Person all of the outstanding Capital Stock or other ownership interests of which (other than directors' qualifying shares) will at the time be owned by such Person or by one or more Wholly-Owned Restricted Subsidiaries of such Person.

**Book-entry, delivery and form**

Except as set forth below, the new notes will be issued in registered, global form in minimum denominations of $1,000 and integral multiples of $1,000. New notes will be issued at the closing of the exchange offer only against surrender of corresponding old notes. The new notes will be in the form of one or more registered global notes without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company ("*DTC*"), in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive second priority notes in registered certificated form ("*Certificated Notes*") except in the limited circumstances described below. See "—Exchange of Global Notes for Certificated Notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

**Depository Procedures**

The following description of the operations and procedures of DTC, Euroclear System ("Euroclear") and Clearstream Banking, Socíeté Anonyme, Luxembourg ("Clearstream")are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. MagnaChip takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised MagnaChip that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "*Participants*") and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchasers), banks, trust companies, clearing corporations and certain other organizations.

Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "*Indirect Participants*"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised MagnaChip that, pursuant to procedures established by it:

(1) upon deposit of the Global Notes, DTC will credit the account of each Participants with the portion of the principal amount of the Global Notes that has been allocated to such Participant; and

(2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in

definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

**Except as described below, owners of interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "holders" thereof under the indenture for any purpose.**

Payments in respect of the principal of, and interest and premium, if any, and Liquidated Damages, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the relevant indenture. Under the terms of the relevant indenture, MagnaChip and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither MagnaChip, the trustee nor any agent of MagnaChip or the trustee has or will have any responsibility or liability for:

(1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised MagnaChip that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or MagnaChip. Neither MagnaChip nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the second priority notes, and MagnaChip and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised MagnaChip that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and

only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of MagnaChip, the trustee and any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

**Exchange of Global Notes for Certificated Notes**

A Global Note is exchangeable for Certificated Notes if:

(1) DTC (a) notifies MagnaChip that it is unwilling or unable to continue as depositary for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, MagnaChip fails to appoint a successor depositary;

(2) MagnaChip, at its option, notifies the trustee in writing that it elects to cause the issuance of the Certificated Notes; or

(3) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with customary procedures following the request of any beneficial owner seeking to exercise or enforce its rights under the notes. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures).

**Exchange of Certificated Notes for Global Notes**

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes. See "Notice to Investors."

**Same Day Settlement and Payment**

MagnaChip will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, interest and Liquidated Damages, if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. MagnaChip will make all payments of principal, interest and premium, if any, and Liquidated Damages, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. MagnaChip expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day

(which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised MagnaChip that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

## Certain tax considerations

### United States Federal Income Tax Considerations

General

This section summarizes the material U.S. federal income tax consequences of the exchange offer to holders of old notes. However, the discussion is limited in the following ways:

- The discussion only covers you if you bought your old notes in the initial offering at their initial offering price.
- The discussion only covers you if you hold your old notes as capital assets (that is, for investment purposes), and you are not a person in a special tax situation, such as a financial institution, an insurance company, an expatriate, a regulated investment company, a dealer in securities or currencies, a partnership or other entity treated as a partnership for federal income tax purposes (or other pass-through entity), a person holding the old notes as a hedge against currency risks, as a position in a "straddle" or as part of a "hedging" or "conversion" transaction for tax purposes, or a person whose functional currency is not the United States dollar.
- The discussion does not cover tax consequences that depend upon your particular tax situation.
- The discussion is based on current law. Changes in the law may change the tax treatment of the exchange of notes.
- The discussion does not cover state, local or foreign law.

The discussion does not address alternative minimum tax consequences, if any.

- We have not requested a ruling from the Internal Revenue Service ("IRS") on any matter discussed herein. As a result, the IRS could disagree with portions of this discussion.

A "U.S. holder" is:

(1) a citizen or resident of the U.S.;

(2) a corporation (including an entity treated as a corporation for federal income tax purposes) created or organized in or under the laws of the U.S., any state thereof or the District of Columbia;

(3) an estate whose income is subject to U.S. federal income tax regardless of its source; or

(4) a trust if a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

Certain trusts not described in clause (4) above in existence on August 20, 1996 that elected to be treated as U.S. persons will also be U.S. holders for purposes of the following discussion. All references to "holders" (including U.S. holders) are to beneficial owners of the notes.

The term "non-U.S. holder" refers to a holder of a note who or which is neither a U.S. holder nor a partnership.

If you are considering exchanging notes, we urge you to consult your tax advisor about the particular U.S. federal, state, local and foreign tax consequences of the exchange of old notes for new notes, the ownership and disposition of the new notes and the application of the U.S. federal income tax laws to your particular situation.

**Exchange of Notes**

The exchange of notes for identical debt securities registered under the Securities Act will not constitute a taxable exchange. As a result, (1) you will not recognize a taxable gain or loss as a result of exchanging your old notes; (2) the holding period of the new notes you receive will include the holding period of the old notes you exchange; and (3) the adjusted tax basis of the new notes you receive will be the same as the adjusted tax basis of the old notes you exchange determined immediately before the registered exchange.

**U.S. Holders**

*Taxation of Interest*. U.S. holders will be required to recognize as ordinary income any interest paid or accrued on the new notes in accordance with such holder's regular method of accounting for U.S. federal income tax purposes.

Interest will be treated as foreign source income for U.S. federal income tax purposes, including any amounts paid in respect of Luxembourg withholding tax, if applicable. Any Luxembourg taxes imposed will be available for the foreign tax credit, subject to certain limitations. We do not expect that the interest will be subject to withholding tax in Luxembourg. Please see the discussion below regarding the Luxembourg tax consequences to U.S. holders. The limitation on foreign taxes eligible for credit is calculated separately with respect to specific categories of income. For purposes of this calculation, and under current law, interest on the notes will generally constitute "passive income" or, in the case of certain taxpayers, "financial services income." The various categories of income for this purpose will be reduced to two categories, active and passive, for tax years beginning after December 31, 2006. You are urged to consult your tax advisor with respect to whether this change in law will affect you.

*Sale, Exchange or Redemption of Notes*. On the sale, retirement or redemption of your new note:

- You will have taxable gain or loss equal to the difference between the amount received by you (to the extent such amount does not represent accrued but unpaid interest, which will be treated as such) and your adjusted tax basis in the new note. Your adjusted tax basis in a new note generally will equal the cost of the old note exchanged by you.
- Your gain or loss will be capital gain or loss, and will be long-term capital gain or loss if you held the note for more than one year. Your holding period in the new note will include the holding period that you had in your old note. Capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

**Non-U.S. Holders**

Generally, non-U.S. holders will not be subject to United States federal withholding or income tax on interest payments made on the new notes or on gain realized on the sale, exchange or redemption of a new note, unless:

- the interest or gain is effectively connected with your conduct of a trade or business in the U.S.; or
- in the case of gain, you are an individual and are present in the U.S. for 183 days or more in the year of such sale, exchange or redemption and either (A) you have a "tax home" in the U.S. and certain other requirements are met, or (B) the gain from the disposition is attributable to your office or other fixed place of business in the U.S.

If interest or gain is effectively connected with your conduct of a trade or business in the U.S., you generally will be taxed in the same manner as a U.S. holder with respect to such interest or gain, except to the extent otherwise provided under an applicable tax treaty. If you are described in the second bullet point above, you generally will be subject to tax at a rate of 30% or the amount by which your U.S. source capital gains exceed your U.S. source capital losses.

**Backup Withholding and Information Reporting**

*U.S. Holders*. Information reporting will apply to payments of interest made on, or the proceeds of the sale or other disposition of, the new notes with respect to certain non-corporate U.S. holders, and backup withholding may apply unless the recipient of such payment supplies a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establishes an exemption from backup withholding. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against that U.S. holder's U.S. federal income tax liability provided the required information is furnished to the IRS.

*Non-U.S. Holders*. Backup withholding and information reporting on Form 1099 will apply to payments of principal and interest on the new notes to a non-U.S. holder unless the non-U.S. holder provides an IRS Form W-8BEN (or other applicable form) to avoid backup withholding and information reporting.

## Luxembourg Tax Considerations

**General**

The following is a general discussion of the material Luxembourg tax consequences for your investment in and ownership and disposition of the notes. This discussion does not purport to be a comprehensive description of all tax considerations which may be relevant to your decision to purchase the notes. In particular, this discussion does not consider any specific facts or circumstances which may apply to a particular purchaser. This summary is based on the current laws of Luxembourg, as in effect and applied on the date of this prospectus. These laws are subject to change, possibly with retroactive effect.

Prospective purchasers of notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of notes, including the effect of any state or local taxes, under the tax laws in Luxembourg and in each country of which they are residents.

*Tax Residency of the Noteholders.* A noteholder will not become resident or be deemed to be resident in Luxembourg by reason only of the holding of the notes, or the execution, performance, delivery and/or enforcement of the notes.

*Withholding Tax*. Under Luxembourg tax law currently in effect, there is no withholding tax for Luxembourg resident and non-resident noteholders on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax payable on payments received upon redemption, repurchase, repayment of the principal or upon an exchange of the notes.

Withholding tax on payments to individual noteholders (resident in another EU country than Luxembourg) may not earlier than July 1, 2005 be required to be made by a Luxembourg paying agent pursuant to European Council Directive 2003/48/EC (the "EU Savings Tax Directive") or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive (see infra section relating to the EU Savings Tax Directive).

**Luxembourg Tax Residents**

*General*. Noteholders who are resident of Luxembourg, or non-resident noteholders who have a permanent establishment or a fixed base of business in Luxembourg with which the holding of the notes is connected, must, for income tax purposes, include any interest received in their taxable income. They will not be liable to any Luxembourg income tax on repayment of principal.

*Luxembourg Resident Individuals.* Luxembourg resident individual noteholders or non-resident noteholders who have a fixed base of business with which the holding of the notes is connected are not subject to taxation on capital gains upon the disposal of the notes, unless the disposal of the notes precedes the acquisition of the notes or the notes are disposed of within six months of the date of acquisition of these notes. Upon a repurchase, redemption or exchange of the notes, individual Luxembourg resident noteholders or non-resident noteholders who have a fixed base of business with which the holding of the notes is connected must however include the portion of the repurchase, redemption or exchange price corresponding to accrued but unpaid interest in their taxable income.

It is the intention of the Luxembourg Government to introduce withholding tax on interest paid by a Luxembourg debtor to Luxembourg resident individuals; this withholding tax could be at the rate of 10%.

*Luxembourg Resident Companies.* Noteholders which are Luxembourg resident companies (*société de capitaux*) or foreign entities of the same type which have a permanent establishment in Luxembourg with which the holding of the notes is connected must include in their taxable income the difference between the sale or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the notes sold, redeemed or exchanged.

*Luxembourg Resident Companies Benefiting From a Special Tax Regime.* Noteholders which are holding companies subject to the law of July 31, 1929 or undertakings for collective investment subject to the law of December 20, 2002 are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (i.e., corporate income tax, municipal business tax and net wealth tax).

**Non-Residents of Luxembourg**

Noteholders who are non-residents of Luxembourg and who have neither a permanent establishment nor a fixed base of business in Luxembourg with which the holding of the notes is connected are not liable to any Luxembourg income tax, whether they receive payments of principal, payments of interest (including accrued but unpaid interest), payments received upon redemption or repurchase of the notes, or realize capital gains on the sale or the exchange of any notes.

**Net Wealth Tax**

Luxembourg net wealth tax will not be levied on a noteholder, unless (i) such noteholder is a Luxembourg resident or (ii) such notes are attributable to an enterprise or part thereof which is carried on in Luxembourg through a permanent establishment or (iii) such notes are attributable to a fixed base of business in Luxembourg of the noteholder.

The net wealth tax for Luxembourg resident individual might, under proposals made by the Luxembourg Government, be abolished in the future.

**Inheritance and Gift Tax**

No gift, estate or inheritance taxes is levied on the transfer of the notes upon death of a noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.

**Other Taxes**

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by noteholders as a consequence of the issuance of the notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, repurchase, redemption or exchange of the notes.

There is no Luxembourg value added tax payable in respect of payments in consideration for the issuance of the notes or in respect of the payment of interest or principal under the notes or the transfer of the notes. Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuers, if for Luxembourg value added tax purposes such services are rendered or are deemed to be rendered in Luxembourg and an exemption from Luxembourg value added tax does not apply with respect to such services.

**EU Savings Tax Directive**

On June 3, 2003, the European Union has adopted the EU Savings Tax Directive. Subject to a number of important conditions being met, it is proposed that Member States will be required from a date not earlier than July 1, 2005 to provide to the tax authorities of other European Union Member States details of payments of interest and other similar income paid by a paying agent (within the meaning of the Directive) to (or, under certain circumstances, to the benefit of) an individual in another Member State. Austria, Belgium and Luxembourg will instead impose a withholding system for a transitional period unless the beneficiary of the interest payments elects for the exchange of information or presents the relevant tax certificate to the paying agent. The withholding tax rate will initially be 15%, increasing steadily to 20% and to 35%, after respectively 3 and 6 years as from the entry into force of the EU Savings Tax Directive. The ending of such transitional period depends on the conclusion of certain other agreements relating to information exchange with certain other countries.

## Plan of distribution

The exchange offer is not being made to, nor will we accept surrenders of old notes for exchange from, holders of old notes in any jurisdiction in which the exchange offer or the acceptance thereof would not be in compliance with the securities or blue sky laws of such jurisdiction.

This communication is directed solely at persons who (1) are outside the United Kingdom, or (2) are persons falling within Article 43(2)(a) of The Financial Services and Markets Act 2000 (Financial Promotion) Order 2001 (all such persons together are referred to as "relevant persons"). This communication must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this communication relates is available only to relevant persons and will be engaged in only with relevant persons.

The distribution of this prospectus and the offer and sale of the new notes may be restricted by law in certain jurisdictions. Persons who come into possession of this prospectus or any of the new notes must inform themselves about and observe any such restrictions. You must comply with all applicable laws and regulations in force in any jurisdiction in which you purchase, offer or sell the new notes or possess or distribute this prospectus and, in connection with any purchase, offer or sale by you of the new notes, must obtain any consent, approval or permission required under the laws and regulations in force in any jurisdiction to which you are subject or in which you make such purchase, offer or sale.

Under existing SEC interpretations, the new notes will be freely transferable by holders other than our affiliates after the exchange offer without further registration under the Securities Act if the holder of the new notes represents that it is acquiring the new notes in the ordinary course of its business, that it has no arrangement or understanding with any person to participate in the distribution of the new notes and that it is not an affiliate of ours, as such terms are interpreted by the SEC; provided that broker-dealers receiving new notes in the exchange offer will have a prospectus delivery requirement with respect to resales of such new notes. While the SEC has not taken a position with respect to this particular transaction, under existing SEC interpretations relating to transactions structured substantially like this exchange offer, participating broker-dealers may fulfill their prospectus delivery requirements with respect to new notes (other than a resale of an unsold allotment of the notes) with the prospectus contained in the exchange offer registration statement.

Each broker-dealer that receives new notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the registration statement of which this prospectus forms a part is declared effective, or, if earlier, until the date on which broker-dealers have sold their respective allotments of new notes, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. Any broker-dealers required to use this prospectus and any amendments or supplements to this prospectus for resales of the new notes must notify us of this fact by checking the box on the letter of transmittal, requesting additional copies of these documents.

We will not receive any proceeds from any sales of the new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transaction in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to the purchaser or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the broker-dealer and/or the purchasers of the new notes. Any broker-dealer that resells the new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the new notes may be deemed to be an "underwriter" within the meaning of

the Securities Act of 1933 and any profit on any resale of new notes and any commissions or concessions received by any of those persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 180 days after the expiration date of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holder of the old notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

## Legal matters

Certain legal matters with regard to the validity of the new notes and related guarantees will be passed upon for us and the guarantors by Dechert LLP, New York, New York, Dechert Luxembourg, Luxembourg, Dechert, London, England, NautaDutilh N.V., Amsterdam, The Netherlands, Kim & Chang, Seoul, Korea, Lee, Tsai & Partners, Taipei, Taiwan, White & Case LLP, Hong Kong, Squire, Sanders & Dempsey L.L.P., Tokyo, Japan, Conyers Dill & Pearman, Cayman Islands, Harney Westwood & Riegels, British Virgin Islands and Greenberg Traurig, LLP, East Palo Alto, California.

## Experts

**Notes to Consolidated Financial Statements**
**April 3, 2005**
**(Unaudited)**

## 1. Basis of Presentation

The accompanying unaudited interim consolidated financial statements of MagnaChip Semiconductor LLC and its subsidiaries (successor company) (the "Company") have been prepared in accordance with Accounting Principles Board ("APB") Opinion No. 28, *Interim Financial Reporting* regarding interim financial information and, accordingly, do not include all of the information and note disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the three-month period ended December 31, 2004, included in this prospectus. The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and reflect all adjustments (consisting solely of normal, recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of results for this interim period. The results of operations for the three-month period ended April 3, 2005, are not necessarily indicative of the results that may be expected for the year ending December 31, 2005.

## 2. Inventories

Inventories as of April 3, 2005 consist of the following:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Finished goods | $ | 21,154 |
| Semi-finished goods and work-in-process | | 60,482 |
| Raw materials and supplies | | 4,629 |
| Materials in-transit | | 3,532 |
| Less: valuation allowances | | (17,395) |
| Inventories, net | $ | 72,402 |

## 3. Product Warranties

Accrued warranty liabilities as of April 3, 2005 were as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Balance at January 1, 2005 | $ | 1,448 |
| Accrued warranty reserve | | 1,140 |
| Costs incurred | | (161) |
| Translation adjustments | | 43 |
| Balance at April 3, 2005 | $ | 2,470 |

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**April 3, 2005**
**(Unaudited)**

**4. Accrued Severance Benefits**

Changes in accrued severance benefits for the three-month period ended April 3, 2005 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Beginning balance | $ 52,925 |
| Provisions | 3,656 |
| Transferred from acquired company | 196 |
| Severance payments | (2,756) |
| Effect of foreign currency translation | 1,216 |
| | 55,237 |
| Less: cumulative contributions to the National Pension Fund | (1,189) |
| group severance insurance plan | (997) |
| Accrued severance benefits, net | $ 53,051 |

The severance benefits are funded approximately 1.81% as of April 3, 2005 through severance insurance deposits for payment of severance benefits, and the account is deducted from accrued severance benefits.

In addition, the Company expects to pay the following future benefits to its employees upon their normal retirement age:

| | *(in thousands of US dollars)* |
|---|---|
| *2005* | $ — |
| *2006* | 51 |
| *2007* | — |
| *2008* | 64 |
| *2009* | 179 |
| *2010 – 2014* | 2,099 |

The above amounts were determined based on the employees' current salary rate and the number of service years that will be accumulated upon their retirement date. These amounts do not include amounts that might be paid to employees that will cease working with the Company before their normal retirement age.

**5. Series B Redeemable Convertible Preferred Units**

Changes in series B redeemable convertible preferred units for the three-month period ended April 3, 2005 are as follows:

| | Series B | |
|---|---|---|
| | Units | Amount |
| | *(in thousands of US dollars, except unit data)* | |
| January 1, 2005 | 93,997 | $ 96,534 |
| Accrual of dividends | | 2,395 |
| April 3, 2005 | 93,997 | $ 98,929 |

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**April 3, 2005**
**(Unaudited)**

**6. Earnings per Unit**

The following table sets forth the computation of basic net loss attributable to common unitholders per common unit.

| | *(in thousands of US dollars, except unit data)* |
|---|---|
| Net loss | $ (31,278) |
| Dividends to preferred unitholders | 2,395 |
| Net loss attributable to common units | $ (33,673) |
| Weighted-average common units outstanding | 52,533,003 |
| Net loss per unit—basic | $ (0.64) |

The following outstanding redeemable convertible preferred units issued, options granted and warrants issued were excluded from the computation of diluted net loss per unit as they had antidilutive effects:

| | *(in thousands of units)* |
|---|---|
| Redeemable convertible preferred units | 94 |
| Options | 3,067 |
| Warrants | 5,079 |

**7. Unit-Based Compensation**

On January 5, 2005, the Company granted 478,000 common units and 1,444,500 options to purchase common units to its management and employees, respectively, with exercise prices ranging from $1 to $3 per unit and a vesting term of 25% of the units on September 30, 2005 and 6.25% of the units on the last day of each calendar quarter thereafter according to the resolution at the board of directors' meeting. In addition, 68,000 options to purchase common units granted on January 5, 2005 were subsequently forfeited.

Subsequent to the grants on January 5, 2005, the Company additionally granted 66,000 options to purchase common units to its employees with exercise prices of $2 per unit and a vesting term of 25% of the units on the first anniversary of the grant date and 6.25% of the units on the last day of each calendar quarter thereafter according to the resolution at the board of directors' meeting.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**April 3, 2005**
**(Unaudited)**

The Company accounts for unit-based awards to employees using the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees*, accordingly, no compensation cost was recorded for the three-month period ended April 3, 2005. The Company utilizes the Black-Scholes option valuation model to value options for pro forma presentation of income as if the fair value-based accounting method in SFAS No. 123, *Accounting for Stock-Based Compensation,* had been used to account for unit-based compensation and the Company's net loss would have increased to the pro forma amounts indicated below:

| | *(in thousands of US dollars)* |
|---|---|
| Net loss, as reported for the three-month period ended April 3, 2005 | $ (31,278) |
| Add : Amortization of non-cash deferred unit compensation expense determined under the intrinsic value method as reported in net income, net of related tax effects | — |
| Deduct : Total unit-based employee compensation expense determined under the fair value method for all awards, net of related tax effects | (134) |
| Pro forma net loss for the three-month period ended April 3, 2005 | $ (31,412) |
| Pro forma loss per unit for the three-month period ended April 3, 2005 | $ (0.64) |

The weighted average fair value of options granted during the three-month period ended April 3, 2005 was $0.22.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions (average-weight):

| | |
|---|---|
| Expected life | 2.0 Years |
| Expected volatility | 61.9% |
| Risk-free interest rate | 2.8% |
| Expected dividends | — |

**March 31, 2004**
**(Unaudited)**

## 1. Basis of Presentation

On October 6, 2004, MagnaChip Semiconductor LLC and its subsidiaries (the "Company") completed its purchase of the non-memory business (the "Business"), as outlined in the Business Transfer Agreement, as amended (the "BTA") from Hynix Semiconductor, Inc. ("Hynix"), for approximately $757 million in cash, plus 5,079,254 warrants to purchase common equity interests in Magnachip Semiconductor LLC.

The accompanying unaudited interim consolidated (carve-out) financial statements of the Company have been prepared in accordance with Accounting Principles Board ("APB") Opinion No. 28, *Interim Financial Reporting* regarding interim financial information and, accordingly, do not include all of the information and note disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the nine-month period ended September 30, 2004, included in this prospectus. The accompanying consolidated (carve-out) financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and reflect all adjustments (consisting solely of normal, recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of results for this interim period. The results of operations for the three-month period ended March 31, 2004, are not necessarily indicative of the results that may be expected for the year ending December 31, 2004.

## 2. Inventories

Inventories as of March 31, 2004 consist of the following:

| | *(in thousands of US dollars)* |
|---|---|
| Finished goods | $ 23,172 |
| Semi-finished goods and work-in-process | 63,288 |
| Raw materials and supplies | 8,742 |
| Materials in-transit | 5,196 |
| Less: valuation allowances | (7,009) |
| Inventories, net | $ 93,389 |

## 3. Product Warranties

Accrued warranty liabilities as of March 31, 2004 were as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Balance at January 1, 2004 | $ 794 |
| Costs incurred | (380) |
| Period end reduction of accrual | (12) |
| Translation adjustments | 22 |
| Balance at March 31, 2004 | $ 424 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**March 31, 2004**
**(Unaudited)**

**4. Accrued Severance Benefits**

Changes in accrued severance benefits for the three-month period ended March 31, 2004 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Beginning balance | $ 40,015 |
| Provisions | 6,449 |
| Severance payments | (1,708) |
| Effect of foreign currency translation | 1,687 |
| | 46,443 |
| Less: Cumulative contributions to the National Pension Fund | (1,539) |
| Group severance insurance plan | (1,149) |
| Accrued severance benefits, net | $ 43,755 |

The severance benefits are funded approximately 2.47% as of March 31, 2004 through severance insurance deposits for payment of severance benefits, and the account is deducted from accrued severance benefits.

In addition, the Company expects to pay the following future benefits to its employees upon their normal retirement age:

| | *(in thousands of US dollars)* |
|---|---|
| 2005 | $ 44 |
| 2006 | 4 |
| 2007 | 113 |
| 2008 | 61 |
| 2009 | 920 |
| 2010 – 2014 | 2,162 |

The above amounts were determined based on the employees' current salary rate and the number of service years that will be accumulated upon their retirement date. These amounts do not include amounts that might be paid to employees that will cease working with the Company before their normal retirement age.

**5. Stock-Based Compensation**

Employee stock plans are accounted for using the intrinsic value method prescribed by APB Opinion No. 25, *Accounting for Stock Issued to Employees*. The Business utilizes the Black-Scholes option valuation model to value options for pro forma presentation of income as if the fair value-based accounting method in Statement of Financial Accounting Standards ("SFAS") No. 123, *Accounting for Stock-Based Compensation,* had been used to account for stock-based compensation.

On March 26, 2004, Hynix modified all the outstanding options by reducing the vesting period from three years to two years. As the outstanding options were accounted for as variable awards prior to the modification, they will continue to be accounted for as variable awards after the modification. Any impacts of creating a new measurement date due to the modification of the options are reflected in the stock compensation expense in accordance with APB No. 25 and the pro forma disclosures of SFAS 123.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**March 31, 2004**
**(Unaudited)**

The compensation cost for its performance-based plan was $2,924 thousand for the three-month period ended March 31, 2004. If compensation cost for the Business' stock-based compensation plan was determined based on the fair value at the grant dates for awards under those plans consistent with the method of SFAS No. 123, the Business' net loss would have been increased to the pro forma amounts indicated below.

| | *(in thousands of US dollars)* | |
|---|---|---|
| Net income, as reported for the three-month period ended March 31, 2004 | $ | 8,032 |
| Add: Amortization of non-cash deferred stock compensation expense determined under the intrinsic value method as reported in net loss, net of related tax effects | | 2,924 |
| Deduct: Total stock-based employee compensation expense determined under fair value method for all, awards net of related tax effects | | (941) |
| Pro forma net income for the three-month period ended March 31, 2004 | $ | 10,015 |

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Unitholders of
MagnaChip Semiconductor LLC (Successor Company)

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of changes in unitholders' equity and of cash flows present fairly, in all material respects, the financial position of MagnaChip Semiconductor LLC and its subsidiaries (successor company) (the "Company") at December 31, 2004, and the results of their operations and their cash flows for the three-month period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

## 1. General

### The Company

MagnaChip Semiconductor LLC was created on November 26, 2003 and was capitalized on September 10, 2004, with the issuance of 60,822 common units for total cash and stock consideration of $61 thousand. It was created with the sole purpose of acquiring the non-memory business (the "Business") of Hynix Semiconductor, Inc ("Hynix"), which acquisition was completed with effect from October 1, 2004 (the "Acquisition"). On September 23, 2004, the Company issued 49,727 Series A redeemable convertible preferred units and 447,420 series B redeemable convertible preferred units, for a total cash consideration of $49,727 thousand and $447,420 thousand respectively. During the period from November 26, 2003 through October 1, 2004, MagnaChip Semiconductor LLC owned no assets or liabilities, other than the cash raised from its equity offerings in preparation for the Acquisition and the stock of its holding company and acquisition subsidiaries. In addition, during this period, MagnaChip Semiconductor LLC had no operations other than interest income from the cash totaling $22 thousand, and various bank fees and administrative expenses incurred in connection with its formation and the formation of its subsidiaries totaling $35 thousand. The accumulated other comprehensive income of $116 thousand was generated by the translation of the portion of the assets described above in its two consolidated subsidiaries at October 1, 2004, MagnaChip Semiconductor S.A. and MagnaChip Semiconductor B.V. At October 1, 2004, MagnaChip Semiconductor S.A. and MagnaChip Semiconductor B.V. were holding companies, with no significant operations, assets or liabilities other than holding some cash raised in the equity offerings.

MagnaChip Semiconductor LLC and its subsidiaries (successor company) (the "Company") is a designer, developer and manufacturer of mixed-signal and digital multimedia semiconductors addressing the convergence of consumer electronics and communications devices. The Company has five wafer fabrication facilities located in Cheongju and Gumi in the Republic of Korea.

## 2. Summary of Significant Accounting Policies

### Basis of Presentation

The consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Significant accounting policies followed by the Company in the preparation of the accompanying financial statements are summarized below.

### Principles of Consolidation

The consolidated financial statements include the accounts of MagnaChip Semiconductor LLC and its wholly-owned subsidiaries. All significant intercompany transactions and balances are eliminated in consolidation.

### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements and disclosures. The most significant estimates and assumptions relate to the useful life of property, plant and equipment, allowance for uncollectible accounts receivable, contingent liabilities, inventory valuation and impairment of long-lived assets. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may be different from the estimates.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

**Foreign Currency Translation**

MagnaChip Semiconductor LLC and the majority of its subsidiaries uses their local currency as their functional currencies, while its subsidiaries in Luxembourg, the Netherlands and the United Kingdom use the U.S. dollar as their functional currencies. The financial statements of the subsidiaries are translated into the U.S. dollar in accordance with Statements of Financial Accounting Standards ("SFAS") 52, *Foreign Currency Translation*. All the assets and liabilities are translated to the U.S. dollar at the end-of-period exchange rates. Capital accounts are determined to be of a permanent nature and are translated using historical exchange rates. Revenues and expenses are translated using average exchange rates. Foreign currency translation adjustments arising from differences in exchange rates from period to period are included in the foreign currency translation adjustment account in accumulated comprehensive income (loss) of unitholders' equity. Transactions in currencies other than the functional currency are included as a component of other income (expenses) in the statement of operations.

**Cash and Cash Equivalents**

Cash equivalents consist of highly liquid investments with an original maturity date of three months or less. Restricted cash includes amounts placed in deposits at Korean banks, subject to certain withdrawal restraints for government grants, other payables and checking accounts plus amounts pledged as collateral for the Second Priority Senior Secured Notes and the senior secured credit facility.

**Accounts receivable reserves**

An allowance for doubtful accounts is provided based on the aggregate estimated collectibility of their accounts receivable. The Company records an allowance for cash returns, presented within accounts receivable, based on the historical experience of the amount of goods that will be returned and refunded. In addition, the company also includes in accounts receivable, an allowance for additional products that may have to be provided, free of charge, to compensate customers for products that do not meet previously agreed yield criteria, the low yield compensative reserve.

**Inventories**

Inventories are stated at the lower of cost or market, using the average method, which approximates the first in, first out method. If net realizable value is less than cost at the balance sheet date, the carrying amount is reduced to the realizable value, and the difference is recognized as a loss on valuation of inventories. Inventory reserves are established when conditions indicate that the net realizable value is less than cost due to physical deterioration, obsolescence, changes in price levels, or other causes. Reserves are also established for excess inventory based on inventory levels in excess of six months of demand, as judged by management, for each specific product.

**Property, Plant and Equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as set forth below.

| | |
|---|---|
| Buildings | 30 – 40 years |
| Building related structures | 10 – 20 years |
| Machinery and equipment | 5 – 10 years |
| Vehicles and others | 5 years |

Routine maintenance and repairs are charged to expense as incurred. Expenditures that enhance the value or significantly extend the useful lives of the related assets are capitalized.

Borrowing costs incurred during the construction period of assets are capitalized as part of the related assets.

**Impairment of Long-Lived Assets**

The Company reviews property, plant and equipment and other long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Recoverability is measured by comparison of its carrying amount with the future net cash flows the assets are expected to generate. If such assets are considered to be impaired, the impaired amount is measured as the amount by which the carrying amount of the asset exceeds the present value of the future net cash flows generated by the respective long-lived assets.

**Lease Transactions**

The Company accounts for lease transactions as either operating leases or capital leases, depending on the terms of the underlying lease agreements. Machinery and equipment acquired under capital lease agreements are recorded at cost as property, plant and equipment and depreciated using the straight-line method over their estimated useful lives. In addition, the aggregate lease payments are recorded as capital lease obligations, net of unaccrued interest. Interest is amortized over the lease period using the effective interest rate method. Leases that do not qualify as capital leases are classified as operating leases, and the related rental payments are expensed on a straight-line basis over the lease term.

**Software**

The Company capitalizes certain external costs that are incurred to purchase and implement internal-use computer software. Direct costs relating to the development of software for internal use are capitalized after technological feasibility has been established, in accordance with Statement Of Position No. 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use*. Depreciation is calculated on a straight line basis over five years.

**Intangibles**

Intangibles acquired from Hynix include technology and customer relationships which are amortized on a straight-line basis over periods ranging from 4 to 8 years. Other intellectual property assets acquired represent rights under patents, trademarks and property use rights and are amortized over the periods of benefit, ranging up to 10 years, on a straight-line basis.

**Fair Value Disclosures of Financial Instruments**

The estimated fair value of financial instruments is determined by the Company, using available market information and valuation methodologies considered to be appropriate. However, considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies could have a significant effect on the estimated fair value amounts. Carrying amounts of accounts receivable and accounts payable approximate fair value due to the short maturity of these financial instruments.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

**Accrued Severance Benefits**

Employees with one or more years of service are entitled to receive a lump-sum payment upon termination of their employment with the Company, based on their length of employment and rate of pay at the time of termination. The accrual for the severance liability approximates the amount that would be payable assuming all eligible employees were to terminate their employment at the balance sheet date.

Accrued severance benefits are funded through a group severance insurance plan. The amounts funded under this insurance plan are classified as a deduction to the accrued severance benefits. Subsequent accruals are to be funded at the discretion of the Company.

In accordance with the National Pension Act of the Republic of Korea, a certain portion of accrued severance benefits is deposited with the National Pension Fund and deducted from the accrued severance benefits. The contributed amount is refunded to employees from the National Pension Fund upon their retirement.

**Revenue Recognition**

Product revenue is primarily recognized upon shipment, when persuasive evidence of a sales arrangement exists, the price is fixed or determinable, title has transferred and collection of resulting receivables is reasonably assured or probable. For certain distributors, standard products are sold to the distributors subject to specific rights to return products, in these situations, revenue recognition is deferred until the distributor sells the product to a third party. All amounts billed to a customer related to shipping and handling are classified as sales while all costs incurred by the Company for shipping and handling are classified as selling expenses amounting to $412 thousand for the three-month period ended December 31, 2004.

**Advertising**

The Company expenses advertising costs as incurred. Advertising expense was approximately $173 thousand for the three-month period ended December 31, 2004.

**Product Warranties**

The Company records warranty liabilities for the estimated costs that may be incurred under its basic limited warranty included in other current liabilities. This warranty covers defective products and is normally applicable for 12 months from the date of purchase and these liabilities are accrued when product revenues are recognized. Warranty costs include the costs to replace the defective product. Factors that affect the Company's warranty liability include historical and anticipated rate of warranty claims on those repairs and cost per claim to satisfy the Company's warranty obligation. As these factors are impacted by actual experience and future expectations, the Company periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

Accrued warranty liabilities as of December 31, 2004 were as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Balance at October 1, 2004 | $ 2,677 |
| Costs incurred | (477) |
| Year end reduction of accrual | (977) |
| Translation adjustments | 225 |
| Balance at December 31, 2004 | $ 1,448 |

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

**Research and Development**

Research and development costs are expensed as incurred and include employee salaries, contractor fees, building costs, utilities, and administrative expenses.

**Government Grants**

Grants received from the Korean government to assist with specific research and development activities, are recognized in the statement of operations as a credit to research and development expenses, in the period in which the related expense is incurred, to the extent that they are non-refundable. Grants from the Korean government recognized as a reduction of research and development expenses were $3,265 thousand, for the three-month period ended December 31, 2004.

**Licensed Patents and Technologies**

The Company has entered into a number of royalty agreements to license patents and technology used in the design and manufacture of its products. The payments under these agreements include an initial payment to acquire the rights, and a royalty payment, calculated based upon the sales of the related products. The initial payment, usually paid in installments, represents a non-refundable commitment, such that the total present value of these payments is recorded as a liability upon execution of the agreement, and the costs are deferred over the period of the agreement. The royalty payments are charged to the statement of operations as incurred.

**Unit-Based Compensation**

Employee unit plans are accounted for using the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees.* Under this method, the Company's grants of options to purchase common units were granted at the exercise price equal to the fair market value of the underlying unit price on the date of grant and accordingly, no compensation cost was recorded for the three-month period ended December 31, 2004.

The Company utilizes the Black-Scholes option valuation model to value options for pro forma presentation of income as if the fair value-based accounting method in SFAS No. 123, *Accounting for Stock-Based Compensation,* had been used to account for unit-based compensation and the Company's net loss would have increased to the pro forma amounts indicated below.

| | | *(in thousands of US dollars)* |
|---|---|---|
| Net loss, as reported for the three-month period ended December 31, 2004 | $ | (5,825) |
| Add : Amortization of non-cash deferred unit compensation expense determined under the intrinsic value method as reported in net income, net of related tax effects | | — |
| Deduct : Total unit-based employee compensation expense determined under the fair value method for all awards, net of related tax effects | | (995) |
| Pro forma net loss for the three-month period ended December 31, 2004 | $ | (6,820) |
| Pro forma loss per unit for the three-month period ended December 31, 2004 | $ | (0.40) |

The weighted average fair value of options granted during the three-month period ended December 31, 2004 was $0.38.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions (average-weight):

| | |
|---|---|
| Expected life | 2.2 Years |
| Expected volatility | 64.8% |
| Risk-free interest rate | 2.6% |
| Expected dividends | — |

**Earnings per Unit**

In accordance with SFAS No. 128, *Earnings Per Share*, the Company computes basic earnings per unit by dividing net income available to common unitholders by the weighted average number of common units outstanding during the period, which would include, to the extent their effect is dilutive: redeemable convertible preferred units, options and warrants. Diluted earnings per share reflect the dilution of potential common units outstanding during the period. In determining the hypothetical units repurchased, the Company uses the average unit price for the period.

**Income Taxes**

MagnaChip Semiconductor LLC has elected to be treated as a partnership for U.S. federal income tax purposes, and therefore is not subject to income taxes on its income. Taxes on its income are the responsibility of the individual equity owners of MagnaChip Semiconductor LLC. The Company is subject to local income taxes in the jurisdictions in which it operates.

The Company accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*. SFAS No. 109 requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in a company's financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based upon the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable for the period and the change during the period in deferred tax assets and liabilities.

**Concentration of Credit Risk**

The Company performs periodic credit evaluations of their customers' financial condition and generally does not require collateral for customers on accounts receivable. The Company maintains reserves for potential credit losses, but historically has not experienced significant losses related to individual customers or groups of customers in any particular industry or geographic area. The Company derives a substantial portion of its revenues from export sales through its subsidiaries in Asia, North America and Europe.

A substantial portion of the components necessary for the manufacture and operation of the Company's products are obtained from Hynix and its affiliates. The disruption or termination of any of these sources could have a material adverse effect on the Company's operating results and financial condition.

**Recent Accounting Pronouncements**

In December 2004, the FASB issued FAS 123(R), *Share-Based Payment (revised 2004)*. This revision effects current practice in a number of ways, including the elimination of the alternative to use the intrinsic value

method of accounting from Accounting Principles Board ("APB") Opinion No. 25 that was provided in FASB Statement No. 123 as originally issued. This statement will be effective for the Company on January 1, 2006, and the Company is evaluating the impacts of this proposed FASB Statement on its financial statements.

In November 2004, the FASB issued SFAS No. 151, *Inventory Costs* an amendment of Accounting Research Bulletin ("ARB") No. 43, Chapter 4. This Statement amends the guidance in ARB No. 43, Chapter 4, *Inventory Pricing*, to clarify the accounting for abnormal amounts of idle facility expense, freight, handling costs, and wasted material (spoilage), and requires that allocation of fixed production overhead to the costs of conversion be based on the normal capacity of the production facilities. This statement is effective date for the Company on January 1, 2005, and the Company is evaluating the impacts of this proposed FASB Statement on its financial statements.

In May 2005, the FASB issued SFAS 154, *Accounting Changes and Error Corrections a replacement of APB Opinion No. 20 and FASB Statement No. 3*. This Statement replaces APB Opinion No. 20, *Accounting Changes,* and FASB Statement No. 3, *Reporting Accounting Changes in Interim Financial Statements,* and changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. This standard is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this standard will have no effect on the Company's financial position and results of operation as no accounting changes or errors have occurred in the current period.

**3. The Acquisition**

On October 6, 2004, the Company completed its purchase of the non-memory business of Hynix for cash and liabilities assumed, plus 5,079,254 warrants to purchase common equity interests in MagnaChip Semiconductor LLC, valued by independent valuation. This acquisition was accounted for as a purchase as summarized below:

| | *(in thousands of US dollars)* |
|---|---|
| Purchase consideration: | |
| Cash | $ 469,233 |
| Loan assumed | 285,807 |
| Warrants to purchase common units | 2,100 |
| | 757,140 |
| Fair value of assets and liabilities acquired: | |
| Current assets | (173,517) |
| Non-current assets | (749,380) |
| Current liabilities | 119,262 |
| Non-current liabilities | 46,495 |
| | $ — |

The Company obtained an independent valuation of the acquired property, plant and equipment and the acquired intangibles, to ascertain the fair value of these assets, and in addition, applied adjustments to the book value of the other assets and liabilities transferred from Hynix to calculate the total fair value of the assets and liabilities acquired.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

The aggregate fair values obtained exceeded the total purchase consideration of $757,140 thousand, and this difference was applied to the Company's intangible and non-current tangible assets on a pro-rata basis, such that the adjusted fair value of the assets and liabilities acquired equaled the total purchase consideration, with no residual negative goodwill.

**4. Accounts Receivable**

Accounts receivable as of December 31, 2004 consist of the following:

| | *(in thousands of US dollars)* |
|---|---|
| Accounts receivable | $ 77,778 |
| Notes receivable | 14,264 |

| Machinery and equipment | | 437,973 |
| Vehicles and others | | 21,037 |
| | | 602,017 |
| Less: accumulated depreciation | | (36,265) |
| Land | | 11,214 |
| Construction in-progress | | 4,670 |
| Property, plant and equipment, net | $ | 581,636 |

Aggregate depreciation expenses for the three-month period ended December 31, 2004 is $34,421 thousand and capitalized interest costs for the three-month period ended December 31, 2004 amount to $53 thousand.

Property, plant and equipment are pledged as collateral for the senior secured credit facility and the Second Priority Senior Secured Notes.

**7. Intangibles**

Intangibles as of December 31, 2004 are as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Technology | $ | 26,343 |
| Customer relationships | | 188,808 |
| Intellectual property assets | | 8,885 |
| Less: accumulated amortization | | (12,049) |
| Intangibles, net | $ | 211,987 |

Aggregate amortization expense for intangibles for the three-month period ended December 31, 2004 was $11,434 thousand. The estimated aggregate amortization expense for intangibles for the next five years is $37,949 thousand in 2005, $33,546 thousand in 2006, $33,546 thousand in 2007, $30,750 thousand in 2008 and $22,362 thousand in 2009.

Intangibles are pledged as collateral for the senior secured credit facility and the Second Priority Senior Secured Notes.

**8. Short-Term and Long-Term Borrowings**

On October 6, 2004, as part of the terms of the Acquisition, the Company assumed $285,807 thousand of debt held by Hynix. This debt consisted of a $91,015 thousand 7.0% term loan due 2009 and a $194,792 thousand 7.5% term loan due 2011. This debt remained outstanding until December 24, 2004.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

On December 23, 2004, two of the Company's subsidiaries, MagnaChip Semiconductor S.A. and MagnaChip Semiconductor Finance Company issued $500 million aggregate principal amount of Second Priority Senior Secured Notes consisting of $300 million aggregate principal amount of Floating Rate Second Priority Senior Secured Notes and $200 million aggregate principal amount of 6 7/8% Second Priority Senior Secured Notes. At the same time, these subsidiaries issued $250 million aggregate principal amount of 8% Senior Subordinated Notes.

Concurrently with the issuance of the Second Priority Senior Secured Notes, the Company entered into a new senior credit agreement with a syndicate of banks, financial institutions and other entities providing for $100 million senior secured revolving credit facility.

Details of short-term and long-term borrowings as of December 31, 2004 are as follows:

| | Maturity | Annual interest rate (%) | 2004 |
|---|---|---|---|
| | | *(in thousands of US dollars)* | |
| Short-term borrowings: | | | |
| Banker's Usance | | 1.0 ~ 1.55 | $ 749 |
| | | | $ 749 |

| 6 7/8% Second Priority Senior Secured Notes | 2011 | 6.88 | 250,000 |
| 8% Senior Subordinated Notes | 2014 | 8.00 | 750,000 |
| Less: current portion | | | — |
| | | | $ 750,000 |

The senior secured revolving credit facility and Second Priority Senior Secured Notes are collateralized by substantially all of the assets of the Company.

Each indenture governing the notes contains covenants that limit the ability of MagnaChip Semiconductor LLC and its subsidiaries to i) incur additional indebtedness, ii) pay dividends or make other distributions on its capital stock or repurchase, repay or redeem its capital stock, iii) make certain investments iv) incur liens v) enter into certain types of transactions with affiliates, vi) create restrictions on the payment of dividends or other amounts to MagnaChip Semiconductor LLC by its subsidiaries and vii) sell all or substantially all of its assets or merge with or into other companies. There was no breach of covenants as of December 31, 2004.

Borrowings under the senior secured credit facility are subject to significant conditions, including compliance with financial ratios and the absence of any material adverse change.

MagnaChip Semiconductor LLC and all of its subsidiaries as of December 31, 2004 jointly and severally guarantee each series of the Second Priority Senior Secured Notes on a second priority senior secured basis. MagnaChip Semiconductor LLC and its subsidiaries as of December 31, 2004, except MagnaChip Semiconductor Ltd. (Korea) ("MSK"), jointly and severally guarantee the Senior Subordinated Notes on an unsecured, senior subordinated basis. In addition, MagnaChip Semiconductor LLC and each of its current and future direct and indirect subsidiaries (subject to certain exceptions) will be guarantors of the senior secured credit facility and Second Priority Senior Secured Notes and Senior Subordinated Notes.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

On December 24, 2004, the Company prepaid the assumed loan from Hynix held by Korean lenders of $249,375 thousand, and the obligations of the Company with the respect to the loans held by non-Korean lenders were discharged in full. However the loans held by a Korean lender, which purchased all of the rights, benefits and interests from the non-Korean lenders, totaling $98,343 thousand were not paid, but offset against its bank deposits held due to the Foreign Exchange Transactions Act of the Republic of Korea. This loan will be paid on October 7, 2005.

In connection with the issuance of the notes and entering into the credit facility on December 23, 2004, the Company capitalized $27,812 thousand of financing fees, which are being amortized using the interest method and straight-line method over their respective terms, 2009 to 2014, of which $167 thousand were amortized for the three-month period ended December 31, 2004. In addition, in connection with the repayment of the assumed debt from Hynix, the Company wrote off $4,084 thousand of previously capitalized financing fees. These amounts have all been included in interest expense in the accompanying statement of operations.

**9. Accrued Severance Benefits**

Changes in accrued severance benefits for the three-month period ended December 31, 2004 are as follows:

| | 2004 |
|---|---|
| | *(in thousands of US dollars)* |

There were no Series A units outstanding as of December 31, 2004. The Series B units outstanding as of December 31, 2004 are presented between liabilities and unitholders' equity in the accompanying balance sheets as they contain characteristics of both liabilities and equity according to the Securities and Exchange Commission's Accounting Series Release No. 268, *Presentation in Financial Statements of "Redeemable Preferred Stock"* and EITF Topic D-98*, "Classification and Measurement of Redeemable Securities*".

***Conversion***

The outstanding Series A units and Series B units are convertible, in whole or in part, into common equity interests upon or concurrently with the first public offering of the common equity interests of Magnachip Semiconductor LLC at MagnaChip Semiconductor LLC's option or the holder's option based on a formula, represented by the conversion ratio. The conversion ratio for the Series A and B units is an amount equal to the original issue price per unit plus an amount per unit equal to full cumulative dividends accrued and unpaid to the date of the consummation of the first public offering, divided by the per common equity interest price to the public in MagnaChip Semiconductor LLC's first public offering.

***Dividends***

Holders of Series A and B units shall receive dividends which are cumulative, whether or not earned or declared by the board of directors. The cumulative cash dividends accrue at the rate of 14% and 10% respectively per unit per annum on the Series A and B units original issue price, compounded semi-annually. Such dividends shall be payable in semi-annual installments in arrears commencing March 15, 2005.

***Liquidation***

In the event of liquidation, the holders of Series A and B units are entitled to receive, out of the assets of MagnaChip Semiconductor LLC legally available for distribution to its members, whether from capital, surplus

or earnings, an amount equal to the original issue price of the Series A or Series B units, as applicable, in cash per unit plus an amount equal to full cumulative dividends accrued and unpaid thereon to the date of final distribution, respectively, and no more before any amount shall be paid to the holders of any other class of equity security ranking junior to such units (in the case of the Series A units, the Series B units and the common units rank junior, and, in the case of the Series B units, the common units rank junior). If the net assets of MagnaChip Semiconductor LLC shall be insufficient to pay the holders of all outstanding Series A or B units and of any units ranking on a parity with the Series A or B units, as the case may be, the full amounts to which they respectively shall be entitled, such assets, or the proceeds thereof, shall be distributed ratably among the holders of the Series A units on the one hand and the Series B units on the other hand and any units ranking on a parity with the Series A or B units respectively, in accordance with the amounts which would be payable on such distribution if the amount to which the holders of the Series A or B units and any units ranking on a parity with the Series A or B units, respectively are entitled were paid in full.

***Voting***

Generally, except in the case of proposed changes to the dividends payable or in the case of changes to MagnaChip Semiconductor LLC's limited liability company operating agreement that adversely affect the relative rights and preferences of the Series A or Series B units, the Series A or Series B units, as the case may be, are not entitled to vote on any matter submitted to a vote of the members. On any matters on which the holders of the Series A or Series B units, as applicable, are entitled to vote, they are entitled to one vote for each unit held and the vote of the majority of outstanding units is required to take action.

***Redemption***

If any outstanding Series A or B units remain outstanding on the 9th and 14th anniversary, respectively, after issuance of the Series A or B units, then the holders of a majority of the then outstanding Series A or B units (as applicable) shall have the right to elect to have MagnaChip Semiconductor LLC redeem all outstanding Series A or B units (as applicable) from funds legally available, at a price per unit equal to $1,000 plus an amount per unit equal to full cumulative dividends accrued and unpaid thereon to the redemption date.

Also the Series A and B units may be redeemed from funds legally available, in whole or in part, at the election of MagnaChip Semiconductor LLC, expressed by resolution of the board of directors, at any time and from time to time at a price of $1,000 per unit plus any cumulative dividends accrued and unpaid.

**11. Warrants**

In connection with the Acquisition, MagnaChip Semiconductor LLC issued a warrant, which is recorded as additional paid in capital, to Hynix, which enables Hynix to purchase 5,079,254 common units in MagnaChip Semiconductor LLC. The value of each unit issuable upon exercise of the warrant is $ 0.414, which was estimated using the Black-Scholes option pricing model using the following assumptions: fair value of $1.00 per unit; exercise price of $1.00 per unit; risk free rate of interest of 2.50%; volatility of 86%; dividend rate of 0%; and term of 2 years. This warrant expires in October 6, 2006.

**12. Unit Option and Restricted Unit Plan**

MagnaChip Semiconductor LLC authorized 5,000,000 options to purchase its common units or restricted common units. On October 6, 2004, MagnaChip Semiconductor LLC granted 2,456,090 fully-vested and immediately exercisable options to purchase its restricted common units to certain management at the exercise price of $1 per unit, which is considered to be the fair value of the underlying common units on the date of grant. In addition, at the same date, MagnaChip Semiconductor LLC issued 1,146,178 options to purchase its common units to certain management and employees at the exercise price of $1 per unit, with a vesting term of 25% of the units on September 30, 2005 and 6.25% of the units on the last day of each calendar quarter thereafter.

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

During November and December 2004, restricted common units were issued after all options to purchase restricted common units were exercised. Restricted common units issued are subject to a restriction period which shall lapse as to 25% of the units on September 30, 2005 and shall lapse as to 6.25% of the units on the last day of each calendar quarter thereafter, which lapses shall be cumulative, subject to the employees' continued employment with the Company.

As of December 31, 2004, an aggregate of 1,146,178 options were outstanding under the option plan with a weighted average exercise price of $1 and a weighted-average remaining contractual life of 9.7 years and 2,456,090 restricted common units were outstanding with a weighted-average remaining contractual life of 9.7 years.

The number and weighted-average exercise prices of options and restricted common units for the three-month period ended December 31, 2004 are as follows:

| | Number of restricted units | Number of options | Weighted average exercise price |
|---|---|---|---|
| | | *(in US dollars, except unit data)* | |
| Units at October 1, 2004 | | | $ — |

| Total income tax expenses | $ 6,725 |

**MagnaChip Semiconductor LLC and Subsidiaries (Successor Company)**

**Notes to Consolidated Financial Statements—(Continued)**
**December 31, 2004**

The ultimate parent of the Company, MagnaChip Semiconductor LLC, is a limited liability company, a non-taxable entity for US federal income tax purposes and thus the statutory income tax rate shall be zero. A substantial portion of the income tax expenses above is incurred from MSK, which is the principal manufacturing entity within the Company. The statutory income tax rate of MSK, including tax surcharges, applicable to the Company was approximately 29.7% in 2004. The statutory income tax rate was amended to 27.5%, effective from fiscal years beginning January 1, 2005 in accordance with the Corporate Income Tax Law of Korea as amended on December 31, 2003.

The provision for domestic and foreign income taxes incurred is different from the amount calculated by applying the statutory tax rate of MagnaChip Semiconductor LLC to the net income before income taxes. The significant items causing this difference are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Provision computed at statutory rate | $ — |
| Permanent differences | (161) |
| Change in statutory tax rate | 5,125 |
| Adjustment for overseas tax rate | (1,492) |
| Unrealizable deferred taxes | 8,700 |
| Exemption | (5,447) |
| Total statutory income taxes | $ 6,725 |

A summary of the composition of net deferred income tax assets (liabilities) at December 31, 2004 is as follows:

| | *(in thousands of US dollars)* |
|---|---|
| **Deferred tax assets** | |
| Inventories | $ 2,282 |
| Debt issue cost | 228 |
| Intangible assets | 6,038 |
| Accrued expenses | 1,938 |
| Product warranties | 364 |
| Other reserves | 713 |
| Severance benefits | 547 |
| Others | 349 |
| Total deferred tax assets | 12,459 |
| Less: valuation allowance | (8,700) |
| | 3,759 |
| **Deferred tax liabilities** | |
| Property, plant and equipment | 646 |
| Acquisition consideration | 2,047 |
| Foreign currency gain | 1,066 |
| Total deferred tax liabilities | 3,759 |
| Net deferred tax asset (liabilities) | $ — |

Deferred income tax assets are recognized only to the extent that realization of the related tax benefit is more likely than not. Realization of the future tax benefits related to the deferred tax assets is dependent on many

factors, including the Company's ability to generate taxable income within the period during which the temporary differences reverse, the outlook for the economic environment in which the Company operates, and the overall future industry outlook. Based on the Company's historical book and tax losses, management determined that it was more likely than not, that the Company would not realize its deferred tax assets at December 31, 2004 and recorded a full valuation allowance of $8,700 thousand on its net deferred tax assets.

At December 31, 2004, the Company had approximately $45 thousand of net operating loss carry-forwards available to offset future taxable income, which expire in varying amounts starting in 2005.

**14. Geographic and Segment Information**

The Company operates in one business segment, the manufacture and sale of semiconductor products.

The following is a summary of net sales by region, based on the location of the customer for the three-month period ended December 31, 2004:

| | *(in thousands of US dollars)* |
|---|---|
| Korea | $ 127,208 |
| Asia Pacific | 63,094 |
| Japan | 38,000 |
| North America | 11,677 |
| Europe | 3,603 |
| | $ 243,582 |

Over 99% of the Company's property, plant and equipment are located in Korea as of December 31, 2004.

For the three-month period ended December, 31, 2004, net sales of the Company from its ten largest customers accounted for 62% of total sales.

The following is a summary of net sales by product for the three-month period ended December 31, 2004:

| | *(in thousands of US dollars)* |
|---|---|
| Solution Products | |
| Flat Panel Display Driver | $ 60,352 |
| CMOS Image Sensor | 58,069 |
| Application Processors | 16,063 |

| Memory | 19,517 |
| Non-memory | 88,295 |
| Others | 1,286 |
| | $ 243,582 |

**15. Commitments and Contingencies**

***Operating Agreements with Hynix***

In connection with the Acquisition, the Company entered into several definitive agreements with Hynix regarding key materials, campus facilities, research and development equipment, information technology, factory automation and wafer foundry services. The Company also agreed to provide certain utilities and infrastructure support services to Hynix. The obligation to provide services under these agreements generally lasts for one to five years from the closing of the Acquisition. The obligation to provide certain services lasts indefinitely.

In addition, the Company entered into a wafer foundry services agreement with Hynix under which the Company agreed to sell and Hynix agreed to purchase a certain monthly minimum quantity of DRAM semiconductors until August 31, 2005. The Company and Hynix also entered into a photo mask supply agreement under which Hynix agreed to supply the Company with up to a certain maximum quantity of photo masks.

The Company also entered into a non-exclusive cross license with Hynix which provides the Company with access to certain of Hynix's intellectual property for use in the manufacture and sale of non-memory semiconductor products.

Upon the closing of the Acquisition, the Company and Hynix also entered into four lease agreements. Under one agreement, the Company leases from Hynix certain exclusive-use space plus common-and joint-use space in several buildings, primarily warehouses, in Cheongju, Korea. Under another agreement, Hynix leases from the Company certain exclusive-use space plus common-and joint-use space in three buildings in Cheongju, Korea. These two leases are generally for an initial term of 20 years plus an indefinite number of renewal terms of 10 years each. Under the third agreement, the Company leases from Hynix certain exclusive-use space plus common-and joint-use space in a building in Icheon, Korea for a term of one year plus up to an additional two years at the Company's option. Under the final agreement, the Company leases from Hynix certain exclusive-use plus common-and joint-use land located in Cheongju, Korea. The term of this agreement is indefinite unless otherwise agreed between the both parties, and as long as the buildings remain on the lease site and are owned and used by the Company for permitted uses. Each of the leases is cancelable upon 90 days' notice by the lessee.

***Operating Leases***

The Company leases land, office buildings and equipment under various operating lease agreements that expire through 2034. Rental expense for the three-month period ended December 31, 2004 was approximately $1,376 thousand.

As of December 31, 2004, the minimum aggregate rental payments due under non-cancelable lease contracts are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2005 | $ 4,661 |
| 2006 | 4,236 |
| 2007 | 3,711 |
| 2008 | 2,296 |
| 2009 | 2,296 |
| | $ 17,200 |

**17. Earnings per Unit**

The following table sets forth the computation of basic net loss attributable to common unitholders per common unit.

| | *(in thousands of US dollars, except unit data)* |
|---|---|
| Net loss | $ (5,825) |
| Dividends to preferred unitholders | (13,428) |
| Net loss attributable to common units | $ (19,253) |
| Weighted-average common units outstanding | 50,061,910 |
| Net loss per unit—basic | $ (0.38) |

The following outstanding redeemable convertible preferred units issued, options granted and warrants issued to Hynix were excluded from the computation of diluted net loss per unit as they had antidilutive effects:

| | *(in thousand units)* |
|---|---|
| Redeemable convertible preferred units | 94 |
| Options granted | 1,146 |
| Warrants granted to Hynix | 5,079 |

**18. Subsequent Events**

***Option Grants***

On January 5, 2005, the Company granted options to purchase 478,000 and 1,444,500 common units to its management and employees, respectively, with exercise prices ranging from $1 to $3 and a vesting term of 25% of the units on September 30, 2005 and 6.25% of the units on the last day of each calendar quarter thereafter according to the resolution at the board of directors' meeting. In addition, options to purchase 68,000 common units granted on January 5, 2005 were subsequently forfeited.

Subsequent to the grants on January 5, 2005, the Company additionally granted options to purchase 66,000 common units to its employees with exercise prices of $2 and a vesting term of 25% of the units on the first anniversary of the grant date and 6.25% of the units on the last day of each calendar quarter thereafter according to the resolution at the board of directors' meeting.

**19. Condensed Consolidating Financial Statements**

As discussed in Note 8, the senior secured credit facility and Second Priority Senior Secured Notes are each fully and unconditionally guaranteed by MagnaChip Semiconductor LLC and all of its subsidiaries. The Senior Subordinated Notes are fully and unconditionally guaranteed by MagnaChip Semiconductor LLC and all of its subsidiaries, except for MSK. Below are the condensed consolidating balance sheets as of December, 31, 2004 and the condensed consolidating statements of operations and cash flows for the three-month period ended December 31, 2004 of those entities that guarantee the Senior Subordinated Notes, those that do not, the parent company, and the co-issuers of the notes.

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Shareholders of
MagnaChip Semiconductor LLC (Predecessor Company)

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of changes in owners' equity and of cash flows present fairly, in all material respects, the financial position of MagnaChip Semiconductor LLC and its subsidiaries (predecessor company) (the "Company"), as defined in Note 1, at September 30, 2004, and the results of their operations and their cash flows for the nine-month period ended September 30, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

**Notes to Consolidated (Carve-Out) Financial Statements**
**September 30, 2004**

## 1. Organization and Nature of Operations

The consolidated financial statements represent the non-memory business (the "Business") of Hynix Semiconductor, Inc. ("Hynix") on a carved out basis from the parent company's results. The Business designs, manufactures, distributes and sells CMOS based semiconductor integrated circuits and provides semiconductor manufacturing services for other semiconductor companies. The Business was formed through the merger of Hyundai Electronics Industries Co. Ltd and LG Semiconductor, Inc. in 1999 (the "LGS Acquisition").

The Business sells its products globally through a network of direct sales representatives and distributors throughout the world. The Business maintains direct sales offices in the United States, Taiwan, Japan, Hong Kong, the United Kingdom and Korea.

Pursuant to a Business Transfer Agreement ("BTA"), the Business was acquired by MagnaChip Semiconductor LLC and its subsidiaries on October 6, 2004 for approximately $757 million in cash, the assumption of certain liabilities and 5,079,254 warrants to purchase common equity interests in MagnaChip Semiconductor LLC.

## 2. Basis of Presentation

The accompanying (carve-out) financial statements reflect the assets, liabilities, revenues and expenses, changes in owners' equity and cash flows that were directly applicable to the Business. Owners' equity at January 1, 2001 represents the net losses of the Business and Hynix's funding of its investment in the Business, including net cash and other transfers. Subsequent changes in Hynix's funding of its investment in the Business have been assumed to be funding and repayments of the Business' debt arrangement with Hynix.

The accompanying (carve-out) financial statements also include allocations of certain raw materials, other assets and accounts payable which the Business has historically shared with Hynix, and allocations of certain manufacturing costs, general and administrative, sales and marketing, and other expenses. For those assets, liabilities and expenses of which a specific identification method was not practicable, the allocation was based on the following methodology:

### Shared Assets

Historically, the Business has shared the use of certain Hynix facilities, including property, plant and equipment with Hynix's memory business. The shared assets which were historically used by the Business more than Hynix's memory business were assigned to the Business. In other cases, where the historical usage ratio information was unavailable, the assets were assigned based upon the terms of the BTA. Raw materials and other shared inventories were allocated based upon each facilities' consumption of those products. Other shared assets were allocated based upon the year-end or annual ratio of the Business as a proportion to Hynix' total headcount, sales, and raw material consumption.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

**Debt**

Hynix uses a centralized approach to cash management and the financing of its operations. These systems did not track cash balances and bank borrowings on a business specific basis. While certain of the Business' borrowings are specifically identifiable, for example, obligations relating to capital leases, the majority of Hynix's borrowings were not specifically attributable to the Business. The accompanying financial statements include an allocation of Hynix's consolidated borrowings and the related interest expense, based upon the amounts that management believes would have been necessary to finance the working capital and other cash flow requirements of the Business over the nine-month period ended September 30, 2004. These amounts have been estimated using the anticipated debt requirements of the Business upon consummation of the BTA (the "Corporate Borrowings") as a guide, plus historical amounts of other borrowings that are specifically allocated to the Business, and include capital lease obligations, financing for the water treatment facility, and other short term borrowings that relate to accounts receivable balances of the Business (the "Other Borrowings"). The interest expense on the allocated borrowings has been calculated using the average balance of these borrowings, and the Hynix historical weighted average interest rate on its borrowings. Management believes the debt allocation basis is reasonable as the Business operates in a highly capital intensive industry and capital expenditures are financed through bank borrowings.

With regard to the interest expense, such expense is not necessarily indicative of the interest expense that the Business would have incurred as a separate independent entity because (i) the Business may not be able to obtain financing with interest rates as favorable as those enjoyed by Hynix, with the result that the Business' cost of capital will be higher than that reflected in its financial statements; and (ii) Hynix has been under the joint management of its creditor banks' council since 2001, in accordance with the Corporate Restructuring Promotion Act in the Republic of Korea and has received significant debt restructuring from the creditor banks; and (iii) the Business may have a capital structure different from the capital structure in the consolidated (carve-out) financial statements.

**Manufacturing Costs**

Manufacturing costs were generally apportioned between the Business and Hynix's other product lines based on historical production. Certain manufacturing costs that were specifically identifiable with a particular product line were charged directly to those product lines. Other operating units of Hynix performed manufacturing services for the Business and incurred other elements of cost of sales on behalf of the Business, wafer foundry, freight, duty, warehousing, and purchased manufacturing services from third party vendors. Costs of these services are specifically identified as they relate to the Business. Also, the Business has performed contract manufacturing related to wafer foundry service for Hynix. The revenue for those services is reflected at cost plus a historical margin, which is the approximate rate of contract manufacturing margin rate, in the accompanying statements of operations.

**Other Costs**

Shared or common costs, including certain general and administrative, sales and marketing, and research and development expenses, have been allocated from Hynix's corporate office and manufacturing sites to the Business on a basis which is considered by management to reasonably reflect the utilization of such services by number of employees, sales ratio and others.

The Business believes the allocation principles, described above, are reasonable, however, the expenses allocated to the Business for these items are not necessarily indicative of the expenses that would have been incurred if the Business had been a separate independent entity.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

**Income Taxes**

The Business is not a separate taxable entity for Korean or international tax purposes and has not filed separate income tax returns, but rather was included in the income tax returns filed by Hynix. Accordingly, income tax expense in the carved out financial statements has been calculated as if the Business filed on a separate tax return basis. In addition, upon consummation of the BTA, any unrealized deferred tax assets and liabilities, which have been derived from the operations of the Business, will remain with Hynix and will not be transferred to the Company, and accordingly, the accompanying (carve-out) financial statements exclude any deferred tax assets and liabilities.

**Liquidity**

While the accompanying (carve-out) financial statements present the Business as generating positive operating cash flow, given its historical operating and net losses, there can be no assurance that the business will continue to generate sufficient funds from operations.

The transaction outlined in the BTA includes a recapitalization of the Company's debt and equity structure, and is intended to enable the Business to improve its net and operating performance. This transaction provides further evidence that an independent third party places significant value on the Business, in excess of the book value of the net assets reported in these historical (carve-out) financial statements.

Accordingly, the accompanying consolidated (carve-out) financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts or the amount and classification of liabilities or any other adjustments that might be necessary should the Business be unable to continue as a going concern.

**3. Summary of Significant Accounting Policies**

The consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Significant accounting policies followed by the Business in the preparation of the accompanying (carve-out) financial statements are summarized below.

**Principles of Consolidation**

The consolidated (carve-out) financial statements include the accounts of the Business and its wholly-owned subsidiaries. All significant intercompany transactions and balances are eliminated in consolidation.

**Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the accompanying (carve-out) financial statements and disclosures. The most significant estimates and assumptions relate to the useful life of property, plant and equipment, allowance for uncollectible accounts receivable, contingent liabilities, inventory valuation, impairment of long-lived assets and allocated expenses. Although these estimates are based on management's best knowledge of current events and actions that the Business may undertake in the future, actual results may be different from the estimates.

In common with certain other Asian countries, the economic environment in the Republic of Korea continues to be volatile. In addition, the Korean government and the private sector continue to implement

structural reforms to historical business practices, including corporate governance. The Business may be either directly or indirectly affected by these volatile economic conditions and the reform program described above. The accompanying (carve-out) financial statements reflect management's assessment of the impact to date of the economic environment on the financial position and results of operations of the Business. Actual results may differ materially from management's current assessment.

**Foreign Currency Translation**

The Business, including the majority of its subsidiaries, use their local currency as their functional currency, while the subsidiary in the United Kingdom uses the U.S. dollar as its functional currency. The Company has also selected the US dollar as its reporting currency and follows the methodology prescribed in SFAS No. 52, *Foreign Currency Translation*. Under this method, all assets and liabilities of subsidiaries are translated to the functional currency of the parent company, and then into US dollars, at the end-of-period exchange rates. Capital accounts and inter-company loans that are determined to be of a permanent nature, are translated using historical exchange rates. Revenues and expenses are translated using average exchange rates. Foreign currency translation adjustments arising from differences in exchange rates from period to period are included in the foreign currency translation adjustment account in accumulated comprehensive income (loss) of owners' equity. Transactions in currencies other than the functional currency are included as a component of other income (expenses) in the statement of operations.

**Cash and Cash Equivalents**

Cash equivalents consist of highly liquid investments with an original maturity date of three months or less.

**Allowance for Doubtful Accounts**

An allowance for doubtful accounts is provided based on the aggregate estimated collectibility of its accounts receivable.

**Inventories**

Inventories are stated at the lower of cost or market, using the average method, which approximates the first in, first out method. If net realizable value is less than cost at the balance sheet date, the carrying amount is reduced to the realizable value, and the difference is recognized as a loss on valuation of inventories. Inventory reserves are established when conditions indicate that the net realizable value is less than cost due to physical deterioration, obsolescence, changes in price levels, or other causes. Reserves are also established for excess inventory based on inventory levels in excess of six months of demand, as judged by management, for each specific product.

**Property, Plant and Equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as set forth below.

| | |
|---|---|
| Buildings | 30 years |
| Building related structures | 10 –20 years |
| Machinery and equipment | 5 –15 years |
| Vehicles and others | 5 years |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

Routine maintenance and repairs are charged to expense as incurred. Expenditures that enhance the value or significantly extend the useful lives of the related assets are capitalized.

Borrowing costs incurred during the construction period of assets are capitalized as part of the related assets.

**Impairment of Long-Lived Assets**

The Business reviews property, plant and equipment and other long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Recoverability is measured by comparison of its carrying amount with the future net cash flows the assets are expected to generate. If such assets are considered to be impaired, the impaired amount is measured as the amount by which the carrying amount of the asset exceeds the present value of the future net cash flows generated by the respective long-lived assets.

**Lease Transactions**

The Business accounts for lease transactions as either operating leases or capital leases, depending on the terms of the underlying lease agreements. Machinery and equipment acquired under capital lease agreements are recorded at cost as property, plant and equipment and depreciated using the straight-line method over their estimated useful lives. In addition, the aggregate lease payments are recorded as capital lease obligations, net of unaccrued interest. Interest is amortized over the lease period using the effective interest rate method. Leases that do not qualify as capital leases are classified as operating leases, and the related rental payments are expensed on a straight-line basis over the lease term.

**Software**

The Business capitalizes certain external costs that are incurred to purchase and implement internal-use computer software. Direct costs relating to the development of software for internal use are capitalized after technological feasibility has been established, in accordance with Statement Of Position No. 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use*. Depreciation is calculated on a straight line basis over five years.

**Intangibles**

Intangibles acquired through the LGS Acquisition include technology and customer relationships, and are amortized on a straight-line basis over periods ranging from 4 to 8 years. Other intellectual property assets acquired represent rights under patents, trademarks and property use rights and are amortized over the periods of benefit, ranging up to 10 years, on a straight-line basis.

**Fair Value Disclosures of Financial Instruments**

The estimated fair value of financial instruments is determined by the Business, using available market information and valuation methodologies considered to be appropriate. However, considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Business could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies could have a significant effect on the estimated fair value amounts. Carrying amounts of accounts receivable and accounts payable approximate fair value due to the short maturity of these financial instruments.

**Accrued Severance Benefits**

Employees and directors with one or more years of service are entitled to receive a lump-sum payment upon termination of their employment with the Business, based on their length of employment and rate of pay at the time of termination. The accrual for the severance liability approximates the amount that would be payable assuming all eligible employees and directors were to terminate their employment at the balance sheet date.

Accrued severance benefits are funded through a group severance insurance plan. The amounts funded under this insurance plan are classified as a deduction to the accrued severance benefits. Subsequent accruals are to be funded at the discretion of the Business.

In accordance with the National Pension Act of the Republic of Korea, a certain portion of accrued severance benefits is deposited with the National Pension Fund and deducted from the accrued severance benefits. The contributed amount is refunded to employees from the National Pension Fund upon their retirement.

**Revenue Recognition**

Product revenue is primarily recognized upon shipment, when persuasive evidence of a sales arrangement exists, the price is fixed or determinable, title has transferred and collection of resulting receivables is reasonably assured or probable. For certain distributors, standard products are sold to the distributors subject to specific rights to return products, in these situations, revenue recognition is deferred until the distributor sells the product to a third party. All amounts billed to a customer related to shipping and handling are classified as sales while all costs incurred by the Business for shipping and handling are classified as selling expenses amounting to $1,394 thousand for the nine-month period ended September 30, 2004.

**Advertising**

The Business expenses advertising costs as incurred. Advertising expense was approximately $71 thousand for the nine-month period ended September 30, 2004.

**Product Warranties**

The Business records warranty liabilities for the estimated costs that may be incurred under its basic limited warranty. This warranty covers defective products and is normally applicable for 12 months from the date of purchase and these liabilities are accrued when product revenues are recognized. Warranty costs include the costs to replace the defective product. Factors that affect the Business' warranty liability include historical and anticipated rate of warranty claims on those repairs and cost per claim to satisfy the Business' warranty obligation. As these factors are impacted by actual experience and future expectations, the Business periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

Accrued warranty liabilities as of September 30, 2004 were as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Balance at January 1, 2004 | $ 794 |
| Accrued warranty reserve | 4,103 |
| Aggregate reduction | (2,265) |
| Translation adjustment | 45 |
| Balance at September 30, 2004 | $ 2,677 |

**September 30, 2004**

**Research and Development**

Research and development costs are expensed as incurred and include employee salaries, contractor fees, building costs, utilities, and administrative expenses.

**Government Grants**

Grants received by the Business from the Korean government to assist with specific research and development activities, are recognized in the statement of operations as a credit to research and development expenses, in the period in which the related expense is incurred, to the extent that they are non-refundable. Grants from the Korean government recognized as a reduction of research and development expenses were $214 thousand, for the nine-month period ended September 30, 2004.

**Licensed Patents and Technologies**

The Business has entered into a number of royalty agreements to license patents and technology used in the design and manufacture of its products. The payments under these agreements include an initial payment to acquire the rights, and a royalty payment, calculated based upon the Business' sales of the related products. The initial payment, usually paid in installments, represents a non-refundable commitment, such that the total present value of these payments is recorded as a liability upon execution of the agreement, and the costs are deferred over the period of the agreement. The royalty payments are charged to the statement of operations as incurred.

**Stock-Based Compensation**

Employee stock plans are accounted for using the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees*. The Business utilizes the Black-Scholes option valuation model to value stock options for pro forma presentation of income as if the fair value-based accounting method in Statements of Financial Accounting Standards ("SFAS") No. 123, *Accounting for Stock-Based Compensation,* had been used to account for stock-based compensation.

If compensation cost for the Business' stock-based compensation plan was determined based on the fair value at the grant dates for awards under those plans consistent with the method of SFAS No. 123, the Business' net income would have been decreased to the pro forma amounts indicated below.

| | | *(in thousands of US dollars)* |
|---|---|---|
| Net income, as reported for the nine-month period ended September 30, 2004 | $ | 43,237 |
| Add: Amortization of non-cash deferred stock compensation expense determined under the intrinsic value method as reported in net income, net of related tax effects | | 3,324 |
| Deduct: Total stock-based employee compensation expense determined under fair value method for all, awards net of related tax effects | | (5,614) |
| Pro forma net income for the nine-month period ended September 30, 2004 | $ | 40,947 |

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

| | |
|---|---|
| Expected life | 3 1/2 years |
| Expected volatility | 144.5% |
| Risk-free interest rate | 3.75% |
| Expected dividends | — |

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

**Income Taxes**

The Business accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes* which requires an asset and liability approach for financial accounting and reporting for income tax purposes.

**Concentration of Credit Risk**

The Business performs periodic credit evaluations of its customers' financial condition and generally does not require collateral for customers on accounts receivable. The Business maintains reserves for potential credit losses, but historically has not experienced significant losses related to individual customers or groups of customers in any particular industry or geographic area. The Business derives a substantial portion of its revenues from export sales through its overseas subsidiaries in Asia, North America and Europe.

A substantial portion of the components necessary for the manufacture and operation of the Business' products are obtained from the other operating units of Hynix and its affiliates. The disruption or termination of any of these sources could have a material adverse effect on the Business' operating results and financial condition.

**4. Accounts Receivable**

Accounts receivable as of September 30, 2004 consist of the following:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Accounts receivable | $ | 98,287 |
| Less: allowances for doubtful accounts | | (113) |
| Accounts receivable, net | $ | 98,174 |

The Business recognized bad debt expenses amounting to $57 thousand for the nine-month period ended September 30, 2004, and also wrote off $94 thousand for the nine-month period ended September 30, 2004.

**5. Inventories**

Inventories as of September 30, 2004 consist the following:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Finished goods | $ | 26,361 |
| Semi-finished goods and work-in-process | | 70,611 |
| Raw materials and supplies | | 11,312 |
| Materials in-transit | | 1,204 |
| Less: valuation allowances | | (6,685) |
| Inventories, net | $ | 102,803 |

The Business recognized a loss on valuation of inventories amounting to $7,728 thousand for the nine-month period ended September 30, 2004. In addition, the Business wrote off $7,923 thousand during nine-month period ended September 30, 2004.

| Less: accumulated depreciation | (1,964,203) |
| Land | 10,626 |
| Construction in-progress | 5,065 |
| Property, plant and equipment, net | $ 386,920 |

Aggregate depreciation expenses for the nine-month period ended September 30, 2004 is $261,640 thousand and capitalized interest costs for the nine-month period ended September 30, 2004 amount to $334 thousand.

**7. Leases and Lease Commitments**

**Capital Leases**

Machinery and equipment under capital leases are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Acquisition cost | $ 437,644 |
| Less: accumulated depreciation | (428,903) |
| Machinery and equipment under capital leases, net | $ 8,741 |

Depreciation expense of assets under capital leases for the nine-month period ended September 30, 2004 is $57,148 thousand.

Future minimum lease payments under capital lease obligations as of September 30, 2004 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2004.10.1 – 2005.9.30 | $ 2,622 |
| 2005.10.1 – 2006.9.30 | 2,622 |
| 2006.10.1 – 2007.9.30 | 66,704 |
| Total minimum lease payments | 71,948 |
| Less: interest and discount on present value | (6,209) |
| Less: current portion | — |
| | $ 65,739 |

**Operating Leases**

The Business leases office building and equipment under various non-cancelable operating lease agreements that expire through August 2007. Rental expense for the nine-month period ended September 30, 2004 was approximately $2,318 thousand.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

As of September 30, 2004, the minimum aggregate rental commitments are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2004.10.1 – 2005.9.30 | $ 2,774 |
| 2005.10.1 – 2006.9.30 | 1,738 |
| 2006.10.1 – 2007.9.30 | 1,518 |
| | $ 6,030 |

**8. Intangibles**

Intangibles at September 30, 2004 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Technology | $ 12,447 |
| Customer relationships | 47,390 |
| Intellectual property assets | 16,977 |
| Less: accumulated amortization | (46,739) |
| Intangibles, net | $ 30,075 |

Aggregate amortization expense for intangibles for the nine-month period ended September 30, 2004 was $5,222 thousand. The estimated aggregate amortization expense of intangibles for the next five years is $7,219 thousand in 2005, $7,372 thousand in 2006, $6,005 thousand in 2007, $1,475 thousand in 2008 and $1,388 thousand in 2009.

**9. Short-Term and Long-Term Borrowings**

The Business' consolidated financial statements include two types of debt: (i) an allocation of Hynix's consolidated debt, the Corporate Borrowings, and (ii) historical short term and long term borrowings that are specifically allocated to the Business, the Other Borrowings. The allocation of Corporate Borrowings to the Business was $329,253 thousand at September 30, 2004 based on the terms of the BTA. Subsequent to the balance sheet date, on October 6, 2004, MagnaChip Semiconductor Limited, the Company's subsidiary located in the Republic of Korea, provided its whole assets to several banks and financial institutions, as collateral in relation to the Company's Corporate Borrowings. These borrowings have been applied to the December 31, 2003 balance sheet with changes in the actual amount of Hynix's funding in the nine-month period ended September 30, 2004 used to roll forward these borrowings to September 30, 2004.

In accordance with the BTA, the Company is not required to assume the Corporate or Other Borrowings. However, they are included in the accompanying financial statements as management believes this to be a reasonable representation of the amounts that would have been necessary to finance the working capital and other cash flow requirements of the Business over the nine-month period ended September 30, 2004.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

The details of short-term and long-term borrowings as of September 30, 2004 are as follows:

| | Annual interest rate (%) | |
|---|---|---|
| | | *(in thousands of US dollars)* |
| Short-term borrowings | | |
| Current portion of long-term borrowings | 15.3 | $ 3,522 |
| | | $ 3,522 |
| Long-term borrowings | | |
| Corporate borrowings | 6.4 | $147,808 |
| Water treatment facility loan | 15.3 | 39,036 |
| Capital lease obligation | 2.6~6.5 | 65,739 |
| | | 252,583 |
| Less: current portion | | (3,522) |
| | | $249,061 |

In March 2001, the Business sold its water treatment facilities to a third party and at the same time, entered into a 12 year lease agreement to use the facilities. At the end of the term, the Business has an option to repurchase the facilities, and therefore the transaction has been recorded as a financing arrangement. Maturities of the water treatment facility loan as of September 30, 2004 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2004.10.1 – 2005.9.30 | $ 9,237 |
| 2005.10.1 – 2006.9.30 | 9,167 |
| 2006.10.1 – 2007.9.30 | 8,955 |
| 2007.10.1 – 2008.9.30 | 8,461 |
| 2008.10.1 and thereafter | 30,319 |
| Less: amount representing interest | (27,103) |
| Present value of principal payments | 39,036 |
| Less: current portion | (3,522) |
| | $ 35,514 |

**10. Accrued Severance Benefits**

Changes in accrued severance benefits for the nine-month period ended September 30, 2004 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Beginning balance | $ 40,015 |
| Provisions | 15,352 |
| Severance payments | (6,837) |
| Translation adjustments | 1,473 |
| | 50,003 |
| Less: cumulative contributions to the National Pension Fund | (1,304) |
| group severance insurance plan | (1,202) |
| Accrued severance benefits, net | $ 47,497 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

The severance benefits are funded approximately 2.41% as of September 30, 2004, through severance insurance deposits for payment of severance benefits, and the account is deducted from accrued severance benefits.

**11. Commitments and Contingencies**

As of September 30, 2004, the Business has provided guarantees for bank loans that employees borrowed to participate in the issuance of new shares of Hynix of up to $4.1 million.

Hynix is subject to several legal proceedings and claims arising in the ordinary course of business, relating to various products, employees and other matters. Certain of these claims relate to products, employees and other matters that are specifically attributable to the Business, and any related costs have been appropriately accrued in the accompanying financial statements. The Business' management does not expect that the outcome in any of these legal proceedings, individually or collectively, will have a material adverse effect on the Business' financial condition, results of operations or cash flows.

On September 22, 2004, Korea's Financial Supervisory Commission announced sanctions against Hynix for the accounting violations discovered by Korea's Financial Supervisory Service. These sanctions and violations were not related to the Company. The Business' management believes that accompanying financial statements are not affected by either sanctions or violations and therefore will not have any impact on the Business.

The BTA contains certain provisions that limit the nature and amount of legal proceedings, claims, commitments and contingencies that will remain after consummation of the transaction.

**12. Stock Option Plan**

Employee stock plans are accounted for using the intrinsic value method prescribed by APB Opinion No. 25, *Accounting for Stock Issued to Employees*. The Business utilizes the Black-Scholes option valuation model to value stock options for pro forma presentation of income as if the fair value-based accounting method in SFAS No. 123, *Accounting for Stock-Based Compensation,* had been used to account for stock-based compensation.

On March 26, 2004, Hynix modified all the outstanding options by reducing the vesting period from three years to two years. As the outstanding options were accounted for as variable awards prior to the modification, they will continue to be accounted for as variable awards after the modification. Any impacts of creating a new measurement date due to the modification of the options are reflected in the stock compensation expense in accordance with APB No. 25 and the pro forma disclosures of SFAS 123.

The number and weighted-average exercise prices of options for the nine-month period ended September 30, 2004 are as follows:

| | Number of options | | Weighted average exercise price |
|---|---|---|---|
| | | *(in US dollars)* | |
| Shares under options at January 1, 2004 | 1,046,520 | $ | 4.2 |
| Granted | — | | — |
| Exercised | — | | — |
| Forfeited | 64,125 | | 4.3 |
| Cancelled | — | | — |
| Shares under options at September 30, 2004 | 982,395 | $ | 4.3 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

As of September 30, 2004, the Business had an aggregate of 982,395 shares of Hynix's common stock outstanding under Hynix's option plan with a weighted average exercise price of $4.3 and a weighted-average remaining contractual life is 5.7 years. However, no options were exercisable as of September 30, 2004. The compensation cost for its performance-based plan was $3,324 thousand, for the nine-month period ended September 30, 2004.

**13. Income Tax Expenses**

The components of current income tax expense for the nine-month period ended September 30, 2004 are as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Income before income taxes | | |
| Domestic | $ | 48,660 |
| Foreign | | (2,595) |
| | $ | 46,065 |
| Current income taxes | | |
| Domestic | $ | — |
| Foreign | | 2,828 |
| | $ | 2,828 |
| Deferred income taxes | | |
| Domestic | $ | — |
| Foreign | | — |
| | $ | — |
| Total income tax expenses | $ | 2,828 |

The statutory income tax rate, including tax surcharges, applicable to the Business was approximately 29.7% in 2004. The statutory income tax rate was amended to 27.5%, effective for fiscal years beginning January 1, 2005 in accordance with the Corporate Income Tax Law amended on December 31, 2003.

The provision for domestic and foreign income taxes incurred is different from that which would be obtained by applying the statutory domestic income tax rate to income before income taxes. The significant items causing this difference are as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Provision computed at statutory rate | $ | 13,682 |
| Permanent differences | | 532 |
| Change in statutory tax rate | | (818) |
| Adjustment for overseas tax rates | | (181) |
| Unrealizable deferred taxes | | (10,387) |
| Total statutory income taxes | $ | 2,828 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**
**September 30, 2004**

Any unrealized deferred tax assets and liabilities derived from the Business will expire upon consummation of the BTA, and accordingly, the accompanying financial statements exclude any deferred tax assets and liabilities.

**14. Related Party Transactions**

Transactions for the nine-month period ended September 30, 2004 between the Business and its affiliates:

On March 27, 2004, Hynix entered into an agreement under which Hynix disposed of 8,231,333 shares of the common stock of HIT (27.26% ownership of HIT) to the Miraecom I&C consortium. As a result, HIT has been excluded from the Business' affiliates since the disposal date.

In September 2001, Hyundai ASTEC has agreed to provide the Business with certain services with respect to general administration, environment, logistics and information technology for the nine-month period ended September 30, 2004.

**15. Geographic and Segment Information**

The Business operates in one business segment, the manufacture and sale of semiconductor products.

The following is a summary of net sales by region based on the location of the customer for the nine-month period ended September 30, 2004:

| | *(in thousands of US dollars)* |

**Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Shareholders of
MagnaChip Semiconductor LLC (Predecessor Company)

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of changes in owners' equity and of cash flows present fairly, in all material respects, the financial position of MagnaChip Semiconductor LLC and its subsidiaries (predecessor company) (the "Company"), as defined in Note 1, at December 31, 2003 and the results of their operations and their cash flows for each of the two years in the period ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements**

**December 31, 2002 and 2003**

**1. Organization and Nature of Operations**

The consolidated financial statements represent the non-memory business (the "Business") of Hynix Semiconductor, Inc. ("Hynix") on a carved out basis from the parent company's results. The Business designs, manufactures, distributes and sells CMOS based semiconductor integrated circuits and provides semiconductor manufacturing services for other semiconductor companies. The Business was formed through the merger of Hyundai Electronics Industries Co. Ltd and LG Semiconductor, Inc. in 1999 (the "LGS Acquisition").

The Business sells its products globally through a network of direct sales representatives and distributors throughout the world. The Business maintains direct sales offices in the United States, Taiwan, Japan, Hong Kong, the United Kingdom and Korea.

Pursuant to a Business Transfer Agreement ("BTA"), the Business was acquired by MagnaChip Semiconductor LLC and its subsidiaries on October 6, 2004 for approximately $757 million in cash, the assumption of certain liabilities and 5,079,254 warrants to purchase common equity interests in MagnaChip Semiconductor LLC.

**2. Basis of Presentation**

The accompanying (carve-out) financial statements reflect the assets, liabilities, revenues and expenses, changes in owners' equity and cash flows that were directly applicable to the Business. Owners' equity at January 1, 2001 represents the net losses of the Business and Hynix' funding of its investment in the Business, including net cash and other transfers. Subsequent changes in Hynix' funding of its investment in the Business have been assumed to be funding and repayments of the Business' debt arrangement with Hynix.

The accompanying (carve-out) financial statements also include allocations of certain raw materials, other assets and accounts payable which the Business has historically shared with Hynix, and allocations of certain manufacturing costs, general and administrative, sales and marketing, and other expenses. For those assets, liabilities and expenses of which a specific identification method was not practicable, the allocation was based on the following methodology:

**Shared Assets**

Historically, the Business has shared the use of certain Hynix facilities, including property, plant and equipment with Hynix's memory business. The shared assets which were historically used by the Business more than Hynix's memory business were assigned to the Business. In other cases, where the historical usage ratio information was unavailable, the assets were assigned based upon the terms of the BTA. Raw materials and other shared inventories were allocated based upon each facilities' consumption of those products. Other shared assets were allocated based upon the year-end or annual ratio of the Business as a proportion to Hynix' total headcount, sales, and raw material consumption.

**Debt**

Hynix uses a centralized approach to cash management and the financing of its operations. These systems did not track cash balances and bank borrowings on a business specific basis. While certain of the Business' borrowings are specifically identifiable, for example, obligations relating to capital leases, the majority of Hynix' borrowings were not specifically attributable to the Business. The accompanying financial statements include an allocation of Hynix' consolidated borrowings and the related interest expense, based upon the amounts that management believes would have been necessary to finance the working capital and other cash flow

requirements of the Business over the three year period ended December 31, 2003. These amounts have been estimated using the anticipated debt requirements of the Business upon consummation of the BTA (the "Corporate Borrowings") as a guide, plus historical amounts of other borrowings that are specifically allocated to the Business, and include capital lease obligations, financing for the water treatment facility, and other short term borrowings that relate to accounts receivable balances of the Business (the "Other Borrowings"). The interest expense on the allocated borrowings has been calculated using the average balance of these borrowings, and the Hynix historical weighted average interest rate on its borrowings. Management believes the debt allocation basis is reasonable as the Business operates in a highly capital intensive industry and capital expenditures are financed through bank borrowings.

With regard to the interest expense, such expense is not necessarily indicative of the interest expense that the Business would have incurred as a separate independent entity because (i) the Business may not be able to obtain financing with interest rates as favorable as those enjoyed by Hynix, with the result that the Business' cost of capital will be higher than that reflected in its financial statements; and (ii) Hynix has been under the joint management of its creditor banks' council since 2001, in accordance with the Corporate Restructuring Promotion Act in the Republic of Korea and has received significant debt restructuring from the creditor banks; and (iii) the Business may have a capital structure different from the capital structure in the consolidated (carve-out) financial statements.

**Manufacturing Costs**

Manufacturing costs were generally apportioned between the Business and Hynix's other product lines based on historical production. Certain manufacturing costs that were specifically identifiable with a particular product line were charged directly to those product lines. Other operating units of Hynix performed manufacturing services for the Business and incurred other elements of cost of sales on behalf of the Business, wafer foundry, freight, duty, warehousing, and purchased manufacturing services from third party vendors. Costs of these services are specifically identified as they relate to the Business. Also, the Business has performed contract manufacturing related to wafer foundry service for Hynix. The revenue for those services is reflected at cost plus a historical margin, which is the approximate rate of contract manufacturing margin rate, in the accompanying statements of operations.

**Other Costs**

Shared or common costs, including certain general and administrative, sales and marketing, and research and development expenses, have been allocated from Hynix's corporate office and manufacturing sites to the Business on a basis which is considered by management to reasonably reflect the utilization of such services by number of employees, sales ratio and others.

The Business believes the allocation principles, described above, are reasonable, however, the expenses allocated to the Business for these items are not necessarily indicative of the expenses that would have been incurred if the Business had been a separate independent entity.

**Income Taxes**

The Business is not a separate taxable entity for Korean or international tax purposes and has not filed separate income tax returns, but rather was included in the income tax returns filed by Hynix. Accordingly, income tax expense in the carved out financial statements has been calculated as if the Business filed on a

separate tax return basis. In addition, upon consummation of the BTA, any unrealized deferred tax assets and liabilities, which have been derived from the operations of the Business, will remain with Hynix and will not be transferred to the Company, and accordingly, the accompanying (carve-out) financial statements exclude any deferred tax assets and liabilities.

**Liquidity**

While the accompanying (carve-out) financial statements present the Business as generating positive operating cash flow, given its historical operating and net losses, there can be no assurance that the business will continue to generate sufficient funds from operations.

The transaction outlined in the BTA includes a recapitalization of the Company's debt and equity structure, and is intended to enable the Business to improve its net and operating performance. This transaction provides further evidence that an independent third party places significant value on the Business, in excess of the book value of the net assets reported in these historical (carve-out) financial statements. If the proposed transaction, outlined in the BTA, is not completed in 2004, the current parent, Hynix has the intent and ability to continue to provide sufficient financial support to the Business.

Accordingly, the accompanying consolidated (carve-out) financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts or the amount and classification of liabilities or any other adjustments that might be necessary should the Business be unable to continue as a going concern.

**3. Summary of Significant Accounting Policies**

The consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Significant accounting policies followed by the Business in the preparation of the accompanying (carve-out) financial statements are summarized below.

**Principles of Consolidation**

The consolidated (carve-out) financial statements include the accounts of the Business and its wholly-owned subsidiaries. All significant intercompany transactions and balances are eliminated in consolidation.

**Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the accompanying (carve-out) financial statements and disclosures. The most significant estimates and assumptions relate to the useful life of property, plant and equipment, allowance for uncollectible accounts receivable, contingent liabilities, inventory valuation, impairment of long-lived assets and allocated expenses. Although these estimates are based on management's best knowledge of current events and actions that the Business may undertake in the future, actual results may be different from the estimates.

In common with certain other Asian countries, the economic environment in the Republic of Korea continues to be volatile. In addition, the Korean government and the private sector continue to implement structural reforms to historical business practices, including corporate governance. The Business may be either

directly or indirectly affected by these volatile economic conditions and the reform program described above. The accompanying (carve-out) financial statements reflect management's assessment of the impact to date of the economic environment on the financial position and results of operations of the Business. Actual results may differ materially from management's current assessment.

**Foreign Currency Translation**

The Business, including the majority of its subsidiaries, use their local currency as their functional currency, while the subsidiary in the United Kingdom uses the U.S. dollar as its functional currency. The Company has also selected the US dollar as its reporting currency and follows the methodology prescribed in SFAS No. 52, Foreign Currency Translation. Under this method, all assets and liabilities of subsidiaries are translated to the functional currency of the parent company, and then into US dollars, at the end-of-period exchange rates. Capital accounts and inter-company loans that are determined to be of a permanent nature, are translated using historical exchange rates. Revenues and expenses are translated using average exchange rates. Foreign currency translation adjustments arising from differences in exchange rates from period to period are included in the foreign currency translation adjustment account in accumulated comprehensive income (loss) of owners' equity. Transactions in currencies other than the functional currency are included as a component of other income (expenses) in the statement of operations.

**Cash and Cash Equivalents**

Cash equivalents consist of highly liquid investments with an original maturity date of three months or less.

**Allowance for Doubtful Accounts**

An allowance for doubtful accounts is provided based on the aggregate estimated collectibility of its accounts receivable.

**Inventories**

Inventories are stated at the lower of cost or market, using the average method, which approximates the first in, first out method. If net realizable value is less than cost at the balance sheet date, the carrying amount is reduced to the realizable value, and the difference is recognized as a loss on valuation of inventories. Inventory reserves are established when conditions indicate that the net realizable value is less than cost due to physical deterioration, obsolescence, changes in price levels, or other causes. Reserves are also established for excess inventory based on inventory levels in excess of six months of demand, as judged by management, for each specific product.

**Property, Plant and Equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as set forth below.

| | |
|---|---|
| Buildings | 30 years |
| Building related structures | 10 - 20 years |
| Machinery and equipment | 5 - 15 years |
| Vehicles and others | 5 years |

Routine maintenance and repairs are charged to expense as incurred. Expenditures that enhance the value or significantly extend the useful lives of the related assets are capitalized.

Borrowing costs incurred during the construction period of assets are capitalized as part of the related assets.

**Impairment of Long-Lived Assets**

The Business reviews property, plant and equipment and other long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Recoverability is measured by comparison of its carrying amount with the future net cash flows the assets are expected to generate. If such assets are considered to be impaired, the impaired amount is measured as the amount by which the carrying amount of the asset exceeds the present value of the future net cash flows generated by the respective long-lived assets.

**Lease Transactions**

The Business accounts for lease transactions as either operating leases or capital leases, depending on the terms of the underlying lease agreements. Machinery and equipment acquired under capital lease agreements are recorded at cost as property, plant and equipment and depreciated using the straight-line method over their estimated useful lives. In addition, the aggregate lease payments are recorded as capital lease obligations, net of unaccrued interest. Interest is amortized over the lease period using the effective interest rate method. Leases that do not qualify as capital leases are classified as operating leases, and the related rental payments are expensed on a straight-line basis over the lease term.

**Software**

The Business capitalizes certain external costs that are incurred to purchase and implement internal-use computer software. Direct costs relating to the development of software for internal use are capitalized after technological feasibility has been established, in accordance with Statement Of Position No. 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use*. Depreciation is calculated on a straight line basis over five years.

**Intangibles**

Intangibles acquired through the LGS Acquisition include technology and customer relationships, and are amortized on a straight-line basis over periods ranging from 4 to 8 years. Other intellectual property assets acquired represent rights under patents, trademarks and property use rights and are amortized over the periods of benefit, ranging up to 10 years, on a straight-line basis.

**Fair Value Disclosures of Financial Instruments**

The estimated fair value of financial instruments is determined by the Business, using available market information and valuation methodologies considered to be appropriate. However, considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Business could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies could have a significant effect on the estimated fair value amounts. Carrying amounts of accounts receivable and accounts payable approximate fair value due to the short maturity of these financial instruments.

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**

**December 31, 2002 and 2003**

**Accrued Severance Benefits**

Employees and directors with one or more years of service are entitled to receive a lump-sum payment upon termination of their employment with the Business, based on their length of employment and rate of pay at the time of termination. The accrual for the severance liability approximates the amount that would be payable assuming all eligible employees and directors were to terminate their employment at the balance sheet date.

Accrued severance benefits are funded through a group severance insurance plan. The amounts funded under this insurance plan are classified as a deduction to the accrued severance benefits. Subsequent accruals are to be funded at the discretion of the Business.

In accordance with the National Pension Act of the Republic of Korea, a certain portion of accrued severance benefits is deposited with the National Pension Fund and deducted from the accrued severance benefits. The contributed amount is refunded to employees from the National Pension Fund upon their retirement.

**Revenue Recognition**

Product revenue is primarily recognized upon shipment, when persuasive evidence of a sales arrangement exists, the price is fixed or determinable, title has transferred and collection of resulting receivables is reasonably assured or probable. For certain distributors, standard products are sold to the distributors subject to specific rights to return products, in these situations, revenue recognition is deferred until the distributor sells the product to a third party. All amounts billed to a customer related to shipping and handling are classified as sales while all costs incurred by the Business for shipping and handling are classified as selling expenses amounting to $1,328 thousand and $1,456 thousand for the years ended December 31, 2002 and 2003, respectively.

**Advertising**

The Business expenses advertising costs as incurred. Advertising expense was approximately $152 thousand and $112 thousand for the years ended December 31, 2002 and 2003, respectively.

**Product Warranties**

The Business records warranty liabilities for the estimated costs that may be incurred under its basic limited warranty. This warranty covers defective products and is normally applicable for 12 months from the date of purchase and these liabilities are accrued when product revenues are recognized. Warranty costs include the costs to replace the defective product. Factors that affect the Business' warranty liability include historical and anticipated rate of warranty claims on those repairs and cost per claim to satisfy the Business' warranty obligation. As these factors are impacted by actual experience and future expectations, the Business periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

Accrued warranty liabilities as of December 31, 2002 and 2003 were as follows:

| | 2002 | 2003 |
|---|---|---|
| | *(in thousands of US Dollars)* | |
| Balance at beginning of year | $ 5,916 | $ 1,176 |
| Accrued warranty reserve | 2,639 | 2,612 |
| Aggregate reduction | (7,740) | (2,988) |
| Translation adjustments | 361 | (6) |
| Balance at end of year | $ 1,176 | $ 794 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**

**December 31, 2002 and 2003**

**Research and Development**

Research and development costs are expensed as incurred and include employee salaries, contractor fees, building costs, utilities, and administrative expenses.

**Government Grants**

Grants received by the Business from the Korean government to assist with specific research and development activities, are recognized in the statement of operations as a credit to research and development expenses, in the period in which the related expense is incurred, to the extent that they are non-refundable. Grants from the Korean government recognized as a reduction of research and development expenses were nil and $575 thousand for the years ended December 31, 2002 and 2003, respectively.

**Licensed Patents and Technologies**

The Business has entered into a number of royalty agreements to license patents and technology used in the design and manufacture of its products. The payments under these agreements include an initial payment to acquire the rights, and a royalty payment, calculated based upon the Business' sales of the related products. The initial payment, usually paid in installments, represents a non-refundable commitment, such that the total present value of these payments is recorded as a liability upon execution of the agreement, and the costs are deferred over the period of the agreement. The royalty payments are charged to the statement of operations as incurred.

**Stock-Based Compensation**

Employee stock plans are accounted for using the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees*. The Business utilizes the Black-Scholes option valuation model to value stock options for pro forma presentation of income as if the fair value-based accounting method in Statements of Financial Accounting Standards ("SFAS") No. 123, *Accounting for Stock-Based Compensation,* had been used to account for stock-based compensation.

If compensation cost for the Business' stock-based compensation plan was determined based on the fair value at the grant dates for awards under those plans consistent with the method of SFAS No. 123, the Business' net loss would have been increased to the pro forma amounts indicated below.

| | 2002 | 2003 |
|---|---|---|
| | *(in thousands of US dollars)* | |
| Net loss, as reported | $(178,304) | $ (113,723) |
| Add: Amortization of non-cash deferred stock compensation expense determined under the intrinsic value method as reported in net loss, net of related tax effects | 216 | 161 |
| Deduct: Total stock-based employee compensation expense determined under fair value method for all awards, net of related tax effects | (4,237) | (5,335) |
| Pro forma net loss | $(182,325) | $ (118,897) |

The weighted average fair value of stock options granted during the year ended December 31, 2003 was $4.03.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

| | 2002 | 2003 |
|---|---|---|
| Expected life | — | 4 1/2 years |
| Expected volatility | — | 131.9% |
| Risk-free interest rate | — | 4.16% |
| Expected dividends | — | — |

**Income Taxes**

The Business accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes* which requires an asset and liability approach for financial accounting and reporting for income tax purposes.

**Concentration of Credit Risk**

The Business performs periodic credit evaluations of its customers' financial condition and generally does not require collateral for customers on accounts receivable. The Business maintains reserves for potential credit losses, but historically has not experienced significant losses related to individual customers or groups of customers in any particular industry or geographic area. The Business derives a substantial portion of its revenues from export sales through its overseas subsidiaries in Asia, North America and Europe.

A substantial portion of the components necessary for the manufacture and operation of the Business' products are obtained from the other operating units of Hynix and its affiliates. The disruption or termination of any of these sources could have a material adverse effect on the Business' operating results and financial condition.

**4. Accounts Receivable**

Accounts receivable as of December 31, 2003 consists of the following:

| | *(in thousands of US dollars)* |
|---|---|
| Accounts receivable | $ 91,670 |
| Less: allowances for doubtful accounts | (145) |
| Accounts receivable, net | $ 91,525 |

The Business recognized bad debt expenses amounting to $8 thousand and $11 thousand for the year ended December 31, 2002 and 2003, respectively, and also wrote off $208 thousand and nil during the years ended December 31, 2002 and 2003, respectively.

**5. Inventories**

Inventories as of December 31, 2003 consists of the following:

| | *(in thousands of US dollars)* |
|---|---|
| Finished goods | $ 19,831 |
| Semi-finished goods and work-in-process | 57,609 |
| Raw materials and supplies | 7,832 |
| Materials in-transit | 3,662 |
| Less: valuation allowances | (6,651) |
| Inventories, net | $ 82,283 |

The Business recognized a loss on valuation of inventories amounting to $26,400 thousand and $454 thousand for the years ended December 31, 2002 and 2003, respectively. In addition, the Business wrote off $17,776 thousand and $25,503 thousand during the years ended December 31, 2002 and 2003, respectively.

**6. Property, Plant and Equipment**

Property, plant and equipment including capital lease assets as of December 31, 2003 consist of the following:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Buildings and related structures | $ | 205,166 |
| Machinery and equipment | | 1,920,199 |
| Vehicles and others | | 36,352 |
| | | 2,161,717 |
| Less: accumulated depreciation | | (1,625,582) |
| Land | | 10,268 |
| Construction in-progress | | 1,464 |
| Property, plant and equipment, net | $ | 547,867 |

Aggregate depreciation expenses for the years ended December 31, 2002 and 2003 are $337,285 thousand and $329,462 thousand, respectively and capitalized interest costs for the years ended December 31, 2002 and 2003 amount to $144 thousand and $152 thousand, respectively.

**7. Leases and Lease Commitments**

**Capital Leases**

Machinery and equipment under capital leases as of December 31, 2003 are as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| Acquisition cost | $ | 420,317 |
| Less: accumulated depreciation | | (361,879) |
| Machinery and equipment under capital leases, net | $ | 58,438 |

Depreciation expense of assets under capital leases for the years ended December 31, 2002 and 2003 is $72,563 thousand and $68,660 thousand, respectively.

Future minimum lease payments under capital lease obligations as of December 31, 2003 are as follows:

| | | *(in thousands of US dollars)* |
|---|---|---|
| 2004 | $ | 2,103 |
| 2005 | | 2,103 |
| 2006 | | 68,809 |
| Total minimum lease payments | | 73,015 |
| Less: interest and discount on present value | | (6,731) |
| Less: current portion | | — |
| | $ | 66,284 |

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**

**December 31, 2002 and 2003**

**Operating Leases**

The Business leases office building and equipment under various non-cancelable operating lease agreements that expire through December 2005. Rental expense for 2002 and 2003 was approximately $2,267 thousand and $1,556 thousand, respectively.

As of December 31, 2003, the minimum aggregate rental commitments are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2004 | $ 1,270 |
| 2005 | 62 |
| | $ 1,332 |

**8. Intangibles**

Intangibles at December 31, 2003 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Technology | $ 12,029 |
| Customer relationships | 45,799 |
| Intellectual property assets | 14,430 |
| Less: accumulated amortization | (40,129) |
| Intangibles, net | $ 32,129 |

Aggregate amortization expense for intangibles for the years ended December 31, 2002 and 2003 were $9,549 thousand and $9,051 thousand, respectively. The estimated aggregate amortization expense of intangibles for the next five years is $6,829 thousand in 2004, $6,920 thousand in 2005, $7,041 thousand in 2006, $5,687 thousand in 2007 and $1,250 thousand in 2008.

**9. Short-Term and Long-Term Borrowings**

As discussed in Note 2, the Business' consolidated financial statements include two types of debt: (i) an allocation of Hynix's consolidated debt, the Corporate Borrowings, and (ii) historical short term and long term borrowings that are specifically allocated to the Business, the Other Borrowings. The allocation of Corporate Borrowings has been estimated using the anticipated debt requirements of the Business upon consummation of the BTA, which it is expected will be approximately $318,205 thousand. These borrowings have been applied to the December 31, 2003 balance sheet with changes in the actual annual amount of Hynix's funding used to roll back these borrowings to January 1, 2001.

In accordance with the BTA, the Company is not required to assume the Corporate or Other Borrowings. However, they are included in the accompanying financial statements as management believes this to be a reasonable representation of the amounts that would have been necessary to finance the working capital and other cash flow requirements of the Business over the three year period ended December 31, 2003.

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**

**December 31, 2002 and 2003**

The details of short-term and long-term borrowings are as follows:

| | Annual interest rate (%) | |
|---|---|---|
| | | *(in thousands of US dollars)* |
| Short-term borrowings | | |
| Export financing | Libor + 2.0~3.0 | $ 43,566 |
| Current portion of long-term borrowings | 15.3 | 3,101 |
| | | $ 46,667 |
| Long-term borrowings | | |
| Corporate borrowings | 6.5 | $ 318,205 |
| Water treatment facility loan | 15.3 | 40,007 |
| Capital lease obligation | 1.7~6.5 | 66,284 |
| | | 424,496 |
| Less: current portion | | (3,101) |
| | | $ 421,395 |

In March 2001, the Business sold its water treatment facilities to a third party and at the same time, entered into a 12 year lease agreement to use the facilities. At the end of the term, the Business has an option to repurchase the facilities, and therefore the transaction has been recorded as a financing arrangement.

Maturities of the water treatment facility loan as of December 31, 2003 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| 2004 | $ 8,994 |
| 2005 | 8,893 |
| 2006 | 8,859 |
| 2007 | 8,552 |
| 2008 and thereafter | 35,367 |
| Less: amount representing interest | (30,658) |
| Present value of principal payments | 40,007 |
| Less: current portion | (3,101) |
| | $ 36,906 |

Short-term borrowings include a series of export financing agreements with various financial banks that the Business has arranged to obtain financing secured on certain trade accounts receivable and current portion of long-term borrowings.

**10. Accrued Severance Benefits**

Changes in accrued severance benefits for the years ended December 31, 2003 are as follows:

| | *(in thousands of US dollars)* |
|---|---|
| Beginning balance | $ 38,287 |
| Provisions | 8,092 |
| Severance payments | (6,180) |
| Translation adjustments | (184) |
| | 40,015 |
| Less: cumulative contributions to the National Pension Fund | (1,522) |
| group severance insurance plan | (1,129) |
| Accrued severance benefits, net | $ 37,364 |

The severance benefits are funded approximately 2.8% as of December 31, 2003 through severance insurance deposit for payment of severance benefits, and the account is deducted from accrued severance benefits.

**11. Commitments and Contingencies**

As of December 31, 2003, the Business has provided guarantees for bank loans that employees borrowed to participate in the issuance of new shares of Hynix. Outstanding payment guarantees by the Business amounted to approximately $8,037 thousand as of December 31, 2003.

Hynix is subject to several legal proceedings and claims arising in the ordinary course of business, relating to various products, employees and other matters. Certain of these claims relate to products, employees and other matters that are specifically attributable to the business, and any related costs have been appropriately accrued in the accompanying financial statements. The Business' management does not expect that the outcome in any of these legal proceedings, individually or collectively, will have a material adverse effect on the Business' financial condition, results of operations or cash flows.

On September 22, 2004, Korea's Financial Supervisory Commission announced sanctions against Hynix for the accounting violations discovered by Korea's Financial Supervisory Service. These sanctions and violations were not related to the Company. The Business' management believes that accompanying financial statements are not affected by either sanctions or violations and therefore will not have any impact on the Business.

The BTA contains certain provisions that limit the nature and amount of legal proceedings, claims, commitments and contingencies that will remain after consummation of the transaction.

**12. Stock Option Plan**

Hynix formed its stock option plan in 1999. As part of the presentation of the Business on a carved out basis, stock compensation is allocated to the Business based on the employees that historically have worked in the Business.

The options were granted to all full time employees based on various criteria, such as length of service with the Business, employee title and role within the Business. As the amount of options granted to employees is not

**MagnaChip Semiconductor LLC and Subsidiaries (Predecessor Company)**

**Notes to Consolidated (Carve-Out) Financial Statements—(Continued)**

**December 31, 2002 and 2003**

uniform or based on a percentage of salary, the plan is considered compensatory, in accordance with APB No. 25, *Accounting for Stock Issued to Employees*.

The terms of the options granted within the plan are as follows: three-year cliff vesting, exercise period three or five years after vesting and therefore the life of the options are six or eight years.

Hynix granted stock options to employees and directors in 1999 (Grants 1, 2 and 3). However, on July 7, 2001, the Business cancelled the Grants 1, 2 and 3 and replaced them with Grant 4. The replacement of options with Grant 4 did not result in variable accounting for Grant 4.

On July 13, 2003, Hynix cancelled Grant 4 and replaced it with Grant 5 as a result of an equity restructuring. The amount of shares reissued and the exercise did not match the 21:1 stock split and therefore resulted in Grant 5 requiring variable accounting.

The number and weighted-average exercise prices of options during 2002 and 2003 are as follows:

| | Number of options | Weighted average exercise price |
|---|---|---|
| | | *(in US dollar)* |
| Shares under options at December 31, 2001 | 2,213,850 | $ 3.9 |
| Granted | — | — |
| Exercised | — | — |
| Forfeited | 648,050 | 4.0 |
| Cancelled | — | — |
| Shares under options at December 31, 2002 | 1,565,800 | 4.0 |
| Granted | 1,130,115 | 4.2 |
| Exercised | — | — |
| Forfeited | 291,895 | 4.2 |
| Cancelled | 1,357,500 | 4.2 |
| Shares under options at December 31, 2003 | 1,046,520 | $ 4.2 |

As of December 31, 2003, the Business had an aggregate of 1,046,520 shares of Hynix's common stock outstanding under Hynix's option plan with a weighted average exercise price of $4.2 and a weighted-average remaining contractual life in years is two and a half years. However, no options were exercisable as of December 31, for 2002 and 2003. The compensation cost for its performance-based plan was $216 thousand and $161 thousand for the years ended December 31, 2002, and 2003, respectively.

**13. Income Tax Expenses**

The components of current income tax expense are as follows:

| | 2002 | 2003 |
|---|---|---|
| | *(in thousands of US dollars)* | |
| Loss before income taxes | | |
| Domestic | $(155,591) | $ (91,795) |
| Foreign | (20,916) | (20,539) |
| | $(176,507) | $ (112,334) |
| Current income taxes | | |
| Domestic | $ — | $ — |
| Foreign | 1,797 | 1,389 |
| | $ 1,797 | $ 1,389 |
| Deferred income taxes | | |
| Domestic | $ — | $ — |
| Foreign | — | — |
| | $ — | $ — |
| Total income tax expenses | $ 1,797 | $ 1,389 |

The statutory income tax rate, including tax surcharges, applicable to the Business was approximately 29.7% in 2002 and 2003. The statutory income tax rate was amended to 27.5%, effective for fiscal years beginning January 1, 2005 in accordance with the Corporate Income Tax Law amended on December 30, 2003.

The provision for domestic and foreign income taxes incurred is different from that which would be obtained by applying the statutory domestic income tax rate to income before income taxes. The significant items causing this difference are as follows:

| | 2002 | 2003 |
|---|---|---|
| | *(in thousands of US dollars)* | |
| Provision computed at statutory rate | $ (52,423) | $ (33,364) |
| Permanent differences | 247 | 478 |
| Change in statutory tax rate | — | 15,510 |
| Adjustment for overseas tax rates | 791 | 110 |
| Unrealizable deferred taxes | 53,182 | 18,655 |
| Total statutory income taxes | $ 1,797 | $ 1,389 |

Any unrealized deferred tax assets and liabilities derived from the Business will expire upon consummation of the BTA, and accordingly, the accompanying financial statements exclude any deferred tax assets and liabilities.

## Glossary of selected terms

**BiCMOS (Bi-Complementary Metal-Oxide Semiconductor)**

A type of integrated circuit combining CMOS transistors and bipolar transistors on a single chip.

**Bluetooth**

A wireless radio technology specification that enables short-range communications among electronics devices.

**Central processing unit (CPU)**

The part of a computer (a microprocessor chip) that does most of the data processing; the CPU and the memory form the central part of a computer to which the peripherals are attached.

**CMOS (Complementary Metal-Oxide Semiconductor)**

A type of integrated circuit that is low in power consumption, while wide in the operation voltage range.

**DRAM (Dynamic Random Access Memory)**

A type of integrated circuit that stores data so long as a constant power supply is maintained.

**Fab**

Short for fabrication facility, a silicon wafer manufacturing plant. A fabless semiconductor company designs and develops semiconductors but outsources their production.

**IC (Integrated Circuit)**

A microelectronic circuit, or transistor, incorporated into a base material such as a silicon wafer.

**LCD (Liquid Crystal Display)**

A digital display that uses liquid crystal cells that change reflectivity in an applied electric field; used for portable computer displays and watches, etc.

**MPEG-4 (Moving Picture Experts Group 4)**

A standard for digital video and audio compression.

**OEM (Original Equipment Manufacturer)**

OEMs buy equipment in bulk from the manufacturer, customize the equipment for a particular application and/or re-sell the customized equipment under their own brand.

**OLED (Organic Light Emitting Diode)**

A display device that sandwiches carbon-based films between two charged electrodes, one a metallic cathode and one a transparent anode, usually being glass. Unlike LCDs, which require backlighting, OLED displays emit light rather than modulate transmitted or reflected light.

**PDA (Personal Digital Assistant)**

A hand-held personal computer used primarily for information management such as storage of addresses and appointments.

**STN (Super Twisted Nematic)**

A type of LCD display in which light rays are twisted to increase the contrast.

**TFT (Thin Film Transistor)**

A type of LCD flat-panel display in which each pixel is controlled by one to four transistors. The TFT technology provides the best resolution of all the flat-panel techniques, but it is also the most expensive. TFT screens are sometimes called active-matrix *LCDs*.

## INFORMATION NOT REQUIRED IN PROSPECTUS

### ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

**MagnaChip Semiconductor LLC**

MagnaChip Semiconductor LLC is a limited liability company organized under the laws of the State of Delaware. Section 18–108 of the Delaware Limited Liability Company Act permits a limited liability company, subject to any restrictions that may be set forth in its limited liability company agreement, to indemnify its members and managers from and against any and all claims and demands.

Section 8 of MagnaChip Semiconductor LLC's limited liability company agreement dated as of October 6, 2004 provides that MagnaChip Semiconductor LLC shall indemnify any person who was or is party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or officer of MagnaChip Semiconductor LLC or a director or officer of a constituent person in a consolidation or merger, or is or was serving at the request of MagnaChip Semiconductor LLC or a constituent person absorbed in a consolidation or merger, as a director or officer of another person, or is or was a director or officer of MagnaChip Semiconductor LLC serving at its request as an administrator, trustee or other fiduciary of one or more of the employee benefit plans of MagnaChip Semiconductor LLC or other enterprise, against expenses (including attorneys' fees), liability and loss actually and reasonably incurred or suffered by such person in connection with such action, suit or proceeding, whether or not the indemnified liability arises or arose from any threatened, pending or completed action, suit or proceeding by or in the right of MagnaChip Semiconductor LLC, except to the extent that such indemnification is prohibited by applicable law

**MagnaChip Semiconductor S.A.**

Under Luxembourg law, civil liability of directors both to the company and to third parties is generally considered to be a matter of public policy. It is possible that Luxembourg courts would declare void an explicit or even implicit contractual limitation on directors' liability to MagnaChip Semiconductor S.A. MagnaChip Semiconductor S.A., however, can validly agree to indemnify the directors against the consequences of liability actions brought by third parties (including shareholders if such shareholders have personally suffered a damage which is independent of and distinct from the damage caused to the company).

Under Luxembourg law, an employee of MagnaChip Semiconductor S.A. can only be liable to MagnaChip Semiconductor S.A. for damages brought about by his or her willful acts or gross negligence. Any arrangement providing for the indemnification of officers against claims of MagnaChip Semiconductor S.A. would be contrary to public policy. Employees are liable to third parties under general tort law and may enter into arrangements with MagnaChip Semiconductor S.A. providing for indemnification against third party claims.

Under Luxembourg law, an indemnification agreement can never cover a willful act or gross negligence.

**MagnaChip Semiconductor Finance Company**

*Indemnification:* Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee of or agent to the Company. The statute provides that it is not exclusive of other rights to which those seeking indemnification may be entitled under any by-law, agreement, vote of stockholders or disinterested directors or otherwise. MagnaChip Semiconductor Finance Company's bylaws provide for indemnification by the company of any

director or officer (as such term is defined in the bylaws) of the company or a constituent corporation absorbed in a consolidation or merger, or any person who, at the request of the company or a constituent corporation, is or was serving as a director or officer of, or in any other capacity for, any other enterprise, except to the extent that such indemnification is prohibited by law. The bylaws also provide that the company shall advance expenses incurred by a director or officer in defending a proceeding prior to the final disposition of such proceeding. The board of directors, by majority vote of a quorum consisting of directors not parties to the proceeding, must determine whether the applicable standards of any applicable statute have been met. The bylaws do not limit the company's ability to provide other indemnification and expense reimbursement rights to directors, officers, employees, agents and other persons otherwise than pursuant to the bylaws. The company may purchase insurance covering the potential liabilities of the directors and officers of the company or any constituent corporations or any person who, at the request of the company or a constituent corporation, is or was serving as a director or officer of, or in any other capacity for, any other enterprise.

*Limitation of Liability:* Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for payments of unlawful dividends or unlawful stock repurchases or redemptions, or (iv) for any transaction from which the director derived an improper personal benefit. MagnaChip Semiconductor Finance Company's certificate of incorporation provides for such limitation of liability.

**Other Subsidiaries**

The organizational documents of certain subsidiary guarantors also provide for indemnification of their officers and directors for liability incurred in connection with the performance of their duties as officers and directors.

**Employment Agreements**

*Indemnification:* Some of our officers have employment agreements with us that provide for indemnification against losses, costs and expenses arising from or relating to such person's services for us, to the extent permitted by law and the governing documents of the applicable company.

** Certain portions of this document have been omitted pursuant to a confidential treatment request.

(b) Financial Statement Schedules:

Schedules are omitted because of the absence of the conditions under which they are required or because the information required by such omitted schedules is set forth in the financial statements or the notes thereto.

**ITEM 22. UNDERTAKINGS.**

(a) The undersigned registrants hereby undertake:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by one of our directors, officers or controlling persons in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(d) The undersigned registrants hereby undertake to supply by means of a post effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Seoul, Republic of Korea, on June 21, 2005.

BUSINESS TRANSFER AGREEMENT

This BUSINESS TRANSFER AGREEMENT (the "Agreement") is made and entered into on June 12, 2004, by and between HYNIX SEMICONDUCTOR INC., a corporation organized under the Laws of the Republic of Korea (the "Seller"), on the one hand, and System Semiconductor Ltd., a company organized as a yuhan hoesa under the Laws of the Republic of Korea (the "Purchaser"), on the other hand.

Background

Seller is engaged in, among other things, non-memory business as and to the extent historically conducted through its System IC division and reflected in the Financial Statements and the business plan attached hereto as Exhibit A (the "Business Plan"), including the business of (a) operating, designing, manufacturing, distributing, selling and/or marketing (i) standard or custom "non-memory" semiconductor products, consisting of complementary metal-oxide semiconductor image sensors, liquid crystal display driver ICs, microcontrollers, smart card ICs, radio frequency ICs, system-on-a-chip ICs, linear ICs, set-top-box ICs, Bluetooth ICs and logic chips with on-chip embedded memory, but excluding ICs for memory modules including buffer ICs (collectively, "Solution Products") and (ii) products that are mask ROM, programmable ROM, erasable and programmable ROM, electrically erasable and programmable ROM and application-specific ICs (collectively, "Specialty Products") and (b) foundry or semiconductor manufacturing services for Solution Products, Specialty Products and high speed static RAM for cache or CAM (collectively, the "Business").

The parties hereto desire that Seller sell and transfer to Purchaser and Purchaser purchase and acquire from Seller all of the Acquired Assets and Purchaser assume all of the Assumed Liabilities, and consummate all of the other transactions contemplated hereby, all on the terms and subject to the conditions set forth in this Agreement (the "Transaction").

Terms

THEREFORE, in consideration of the mutual covenants contained herein, and intending to be legally bound hereby, the parties hereto agree as follows:

ARTICLE I

THE TRANSACTION

1.1. Sale and Purchase of Assets. (a) Subject to the terms and conditions of this Agreement, at the Closing hereunder, Seller shall sell, assign, transfer, deliver and convey to Purchaser, and Purchaser shall purchase, acquire and accept from Seller, the Acquired Assets as of the Effective Time, free and clear of all Liens, except Permitted Liens, for the Purchase Price specified below in Section 1.6.

(b) As used herein, the term "Acquired Assets" means all of Seller's and its Subsidiaries' rights, title, and interest in, under and to, all of the properties, assets and rights of every nature, kind and description, tangible and intangible (including goodwill), primarily relating to or primarily used in the Business, other than the Excluded Assets as set forth in Section 1.1(c) hereof, wherever such properties, assets and rights are located and whether real, personal or mixed, whether accrued, contingent or otherwise, including all of the following to the extent primarily relating to or primarily used in the Business and if and to the extent any of the following does not constitute an Excluded Asset:

(i) all machinery, equipment and vehicles, tools, dies, replacement and repair parts, furnishings, furniture, office equipment, office supplies, production and other supplies and other tangible personal property (collectively, the "Equipment and Other Tangible Personal Property");

(ii) subject to Section 1.4, (A) all contracts, agreements and instruments relating to the sale of any assets, services, properties, materials or products (including all customer contracts, operating contracts, distribution and sales representative contracts); (B) all orders, contracts, supply agreements, equipment leases and other agreements relating to the purchase of any assets, services, properties, materials or products; and (C) all licenses, sublicenses and other contracts, agreements, and instruments;

(iii) all owned real property including all buildings, plants, structures and improvements thereon, fixtures and attachments thereto and rights arising out of the ownership thereof;

(iv) all Intellectual Property owned by Seller or any of its Subsidiaries, goodwill with respect thereto, and rights and remedies against all past, present and future infringements thereof, and rights to protection of interests therein under the Laws of all jurisdictions, provided that, with respect to registered Intellectual Property, for the purposes of the Closing, and subject to Section 4.19(b), at the Closing Seller shall transfer to Purchaser only those patents and patent applications, industrial designs, copyrights to computer software, utility models and layouts as are set forth on Schedule 1.1(b)(iv); and provided, further, that the sale, assignment and transfer of Intellectual Property hereunder shall be subject to any license agreements or releases granted by Seller or any of its Subsidiaries as are set forth on Schedule 2.6 and the rights granted under the Intellectual Property License Agreement and the Trademark License Agreement;

(v) subject to Section 1.4, all accounts, notes and other receivables in respect of goods or services supplied by Seller up to the Closing, including those set forth on the Closing Balance Sheet (as finally determined pursuant to Section 1.6(c)), which as of September 30, 2003 would have been as set forth on Schedule 1.1(b)(v) hereto;

(vi) all inventory, including finished goods, consigned goods, goods in transit, work-in-process, supplies, storehouse stocks, raw materials, scrap, containers and parts, including that which is set forth on Schedule 1.1(b)(vi) hereto (collectively, the "Inventory");

(vii) except as covered by Section 1.1(b)(iv), all general intangibles and intangible property;

(viii) all deposits, retentions held by third parties, deferred charges, security deposits, escrowed funds, rights to refunds, prepaid expenses and other prepaid items, advanced payments, credits and credit balances, rebates, unbilled costs, rights of offset, other receivables and other current assets, including all of the foregoing as of September 30, 2003 as more particularly described on Schedule 1.1(b)(viii);

(ix) all customer and supplier lists;

(x) subject to Section 1.4, all approvals, permits, authorizations (including Environmental Permits), licenses, orders, registrations, certificates, variances, consents, waivers and other similar permits or rights obtained from any Authority, and all pending applications therefor, including all such permits and rights more specifically listed or described in Schedule 1.1(b)(x) hereto (the "Permits");

(xi) any property owned by Seller and consigned to a third-party to support assembly and test operations;

(xii) originals (or to the extent required by applicable Laws to be retained by Seller, copies) of all books, records, ledgers, files (including copies of personnel files relating to Transferred Employees), documents (including originally executed copies of all Acquired Contracts and any other Contracts that would be Acquired Contracts but for Section 1.4), correspondence, Tax returns, memoranda, forms, lists, plats, architectural plans, drawings, specifications, new product development materials, creative materials, advertising and promotional materials, studies, reports, whether in hard copy or magnetic format, provided that Seller shall be entitled to retain copies of any such items unless prohibited by applicable Law;

(xiii) for the avoidance of doubt, except as covered by Section 1.1(b)(iv), all rights or choses in action, causes of action, judgments, claims and demands against third parties arising out of occurrences before or after the Effective Time (other than repayment or reimbursement of amounts spent by Seller before the Effective Time in repairing any damage or injury to Acquired Assets that Seller is entitled to from any third party in respect of any such damage or injury including insurance proceeds with respect thereto), including third party warranties and guaranties and other similar contractual rights as to third parties held by or in favor of Seller, in each case to the extent the foregoing relate to or arise out of the Assumed Liabilities;

(xiv) except as covered by Section 1.1(b)(iv), all rights or choses in action, causes of action, judgments, claims and demands against customers of the Business arising out of occurrences before or after the Effective Time (other than repayment or reimbursement of amounts spent by Seller before the Effective Time in repairing any damage or injury to Acquired Assets that Seller is entitled to from any customer of the Business in respect of any such damage or injury including insurance proceeds with respect thereto), including

warranties and guaranties and other similar contractual rights as to any customer of the Business held by or in favor of Seller, in each case to the extent the foregoing relate to or arise out of the Acquired Assets or Assumed Liabilities;

(xv) the loans provided by Seller to the Transferred Employees (the "Company Loans") described on Schedule 1.1(b)(xv), which sets forth with respect to each such Company Loan the principal amount, interest rate, payment terms and maturity date thereof as of December 15, 2003, each in an amount equal to the total outstanding principal amount of the relevant Company Loan and interest accrued thereon as of the Effective Time;

(xvi) all guarantee obligations, warranties, indemnities and similar rights held by or in favor of Seller to the extent the foregoing relate to or arise out of the Acquired Assets or Assumed Liabilities;

(xvii) all goodwill and going concern value;

(xviii) to the extent transferable, all rights to insurance and condemnation proceeds other than repayment or reimbursement of amounts spent by Seller before the Effective Time in repairing any damage or injury to Acquired Assets that Seller is entitled to in respect of any such damage or injury; and

(xix) subject to Section 1.4, all rights to access and use the non-work services, facilities and amenities located or provided in the area surrounding the work site that are provided by Seller to Employees;

subject to such changes in the Business and the Acquired Assets as may occur between the date hereof and the Closing in the ordinary course of business.

(c) Notwithstanding anything stated to the contrary, the Acquired Assets shall not include, and Purchaser shall not purchase and Seller shall retain, any of the following whether or not they primarily relate to or are primarily used in the Business (the "Excluded Assets"):

(i) all cash and cash equivalents including cash, any key money deposit with respect to certain units of the apartments (Ujeong Hansarang Apartments) located at 447-39 Gaeshin-dong, Heungduk-ku, Cheongju City, Chung Cheong Buk-do, Korea ("Apartment Complex I") and certain units of the apartments (Ujeong Hangaram Apartments) located at 1-16 Gaeshin-dong, Heungduk-ku, Cheongju City, Chung Cheong Buk-do, Korea ("Apartment Complex II"), funds in time and demand deposits or similar accounts, certificates of deposit, marketable securities, short-term instruments, any evidence of indebtedness issued or guaranteed by any Authority and any other cash equivalents, except (A) retentions held by third parties, deferred charges, security deposits, escrowed funds, rights to refunds, prepaid expenses and other prepaid items, advanced payments, credits and credit balances, rebates, guarantee deposits, unbilled costs and rights of offset and (B) cash, time deposits, certificates of deposit and any other cash equivalents in each case that constitute prepaid items;

(ii) all Contracts listed on Schedule 1.1(c)(ii) hereto (the "Excluded Contracts");

(iii) the names "Hynix," "HEI" and "Hyundai" and all names which include any of these names, any derivatives thereof and any trademarks or trade name rights in respect thereof, and related logos;

(iv) all Intellectual Property that is not primarily used nor primarily held for use in the conduct of the Business;

(v) all personnel records and other books and records that Seller is required by Law to retain in its possession, provided, however, that Purchaser shall be entitled to receive and retain copies of any such books and records (including personnel records relating to Transferred Employees) unless prohibited by applicable Law;

(vi) all rights or choses in action, causes of action, judgments, claims and demands against third parties (other than customers of the Business), in each case to the extent relating to or arising from the Excluded Assets, the Excluded Liabilities or the ownership, use or possession of the Acquired Assets prior to the Effective Time;

(vii) all rights or choses in action, causes of action, judgments, claims and demands against customers of the Business, in each case to the extent relating to or arising from the Excluded Assets or the Excluded Liabilities;

(viii) all losses, loss carry forwards and rights to receive refunds, credits and credit carry forwards with respect to any Taxes to the extent attributable to the period prior to the Effective Time, including interest thereon, and whether or not any of the foregoing is derived from the Business;

(ix) any shares of any corporation, interests in any partnership or any ownership or other investment or equity interest, either of record, beneficially or equitably, in any Person;

(x) any account receivables arising in respect of transactions between Seller and its Subsidiaries and any account receivables of any Subsidiaries of Seller; and

(xi) all of the assets identified in Schedule 1.1(c)(xi) hereto.

1.2. Assumed Liabilities. Subject to the terms and conditions of this Agreement, at the Closing hereunder, Purchaser shall assume no liability or obligation of Seller except the following specific liabilities and obligations of Seller primarily relating to the Business, which shall not in any event include the liabilities described in Section 1.3(a) through (l) (the "Assumed Liabilities"), which Purchaser will pay, satisfy or discharge in accordance with their terms, subject to any defenses or claimed offsets asserted in good faith against the obligee to whom such liabilities or obligations are owed:

(a) the Hynix Payable and, except as set forth in Section 1.3(j), those accounts payable that (i) arise in the ordinary course of business, are attributable to the Acquired Assets, and only in the amount and to the extent such accounts payable exist as of the Effective Time and are reflected on the Closing Balance Sheet (as finally determined pursuant to Section 1.6(c)), as more specifically defined and determined in accordance with the Accounting Principles, (ii) are attributable to an Acquired Asset to the extent such Acquired Asset is subject to a Lien or (iii) are to be assumed by Purchaser under Section 4.13;

(b) all liabilities of Seller for severance payments arising as a result of the Transaction owed to Transferred Employees (the "Severance Liability"), the calculation of which is as set forth in the formula on Schedule 1.2(b) hereto;

(c) any and all Employee Bank Loan Guarantees to the extent contemplated by Section 4.11(e);

(d) all liabilities to the extent arising on or after the Effective Time with respect to all actions, suits, disputes, proceedings, claims or investigations commencing on or after the Effective Time to the extent arising out of or related to the conduct of the Business or ownership of the Acquired Assets on or after the Effective Time;

(e) any environmental liabilities to the extent arising on or after the Effective Time to the extent attributable to the ownership of the Acquired Assets or related to the conduct of the Business on or after the Effective Time;

(f) all liabilities to the extent arising on or after the Effective Time from the manufacture, distribution or sale of any products of the Business on or after the Effective Time, including warranty obligations and product liability and other claims;

(g) all liabilities for Taxes attributable to the Acquired Assets or the Business to the extent reflected as a liability in the Closing Balance Sheet (as finally determined pursuant to Section 1.6(c)), which shall not reflect any provision for Taxes based on or imposed with respect to income or gross receipts; and

(h) all other liabilities or obligations to the extent directly or indirectly arising out of or related to the operation of the Business or the ownership of the Acquired Assets by Purchaser on or after the Effective Time, whether absolute or contingent, accrued or fixed, known or unknown, matured or unmatured, determined or determinable, present, future or otherwise, including with respect to Acquired Contracts or Acquired Permits, or, with respect to Acquired Contracts, the unmatured obligation to perform under such Acquired Contracts and including, for the avoidance of doubt, any liabilities arising out of, resulting from or relating to any claim that the operation, on or after the Effective Time, of the Business as currently conducted, including the design, manufacture, distribution, sale or marketing of the products of the Business and the use of any Intellectual Property that is an Acquired Asset or any other Intellectual Property currently used in the Business, infringes, on or after the Effective Time, the rights of any Person.

1.3. Excluded Liabilities. Except for the Assumed Liabilities as specifically and expressly provided for in Section 1.2 above, at the Closing hereunder, Purchaser shall not assume any liabilities or obligations (contingent or absolute and whether or not determinable as of the Closing) of Seller or the Business, whether such liabilities or obligations relate to payment, performance or otherwise, and all liabilities and obligations not expressly transferred to Purchaser hereunder as Assumed Liabilities shall be retained by Seller (the "Excluded Liabilities"), including:

(a) except for the Transfer Taxes that are to be borne or reimbursed by Purchaser as provided in Section 6.1, any liabilities and obligations of Seller for Taxes arising as a result of Seller's operation of the Business or the transfer or ownership of the Acquired Assets before the Effective Time, except Taxes attributable to actions of the Purchaser or its Subsidiaries occurring after the Closing or to the extent reflected as a liability on the Closing Balance Sheet (as finally determined pursuant to Section 1.6(c));

(b) any environmental liabilities to the extent arising prior to the Effective Time to the extent attributable to the ownership of the Acquired Assets, or related to the conduct of the Business, prior to the Effective Time, regardless of when asserted;

(c) any obligations or liabilities of Seller under (i) any of the Excluded Contracts or (ii) under any other Contract (other than the unmatured obligation to perform under Acquired Contracts) to the extent such obligation or liability arises out of or relates to the operation of the Business or the ownership of the Acquired Assets, in each case, prior to the Effective Time, regardless of when asserted;

(d) any account payables arising in respect of transactions between Seller and its Subsidiaries;

(e) any liabilities for and relating to Indebtedness, other than trade payables that are Assumed Liabilities pursuant to Section 1.2(a) and other than as contemplated by Section 1.2(c);

(f) (i) except as covered by clause (ii), any liabilities or obligations to any employee or former employee who is or was employed by Seller or any of its Subsidiaries (other than the Severance Liability, which shall be an Assumed Liability), including any liability or obligation for any unpaid bonuses, salaries or wages, unpaid or unused leave or pursuant to any Benefit Plan and (ii) any liabilities or obligations of Seller or any of its Subsidiaries to the extent arising out of or related to any employee grievances relating to periods prior to the Effective Time (collectively, the "Pre-Closing Employee Liabilities");

(g) all liabilities and obligations arising out of, resulting from or relating to claims, whether founded upon negligence, strict liability in tort or other similar legal theory, seeking compensation or recovery for or relating to injury to person or damage to property to the extent arising out of the conduct of the Business prior to the Effective Time, regardless of when asserted;

(h) product warranty claims other than for repair or replacement of or credit for customers with respect to the Business, to the extent any such claim arises out of or relates to the operation of the Business or the ownership of the Acquired Assets, in each case, prior to the Effective Time, regardless of when asserted;

(i) any liabilities or obligations in respect of any Excluded Asset;

(j) any account payable to the extent that it relates both to the Business and any other business of Seller (a "Shared Payable");

(k) any liability to the extent arising prior to the Effective Time and to the extent arising out of, resulting from or relating to any lease agreement between Seller and Ujeong Construction Co., Seller's Lease of Apartment Complex I or Apartment Complex II, including any claim for back rent or failure to properly maintain the premises, regardless of when asserted; and

(l) any other liability or obligation of Seller or any of its Subsidiaries, including any liability or obligation directly or indirectly arising out of or related to the operation of the Business or ownership of the Acquired Assets prior to the Effective Time, whether absolute or contingent, accrued or fixed, known or unknown, matured or unmatured, determined or determinable, present, future or otherwise, except for the Assumed Liabilities.

1.4. Consent of Third Parties; Authorities. On the Closing Date, Seller shall assign to Purchaser, and Purchaser shall assume, the Contracts that are Acquired Assets (the "Acquired Contracts") and the Permits that are Acquired Assets (the "Acquired Permits"). To the extent that the assignment of all or any portion of any such Acquired Contract or Acquired Permit shall require the consent of the other party thereto, any other third party or any Authority, this Agreement shall not constitute an agreement to assign any such Acquired Contract or Acquired Permit if an attempted assignment or other arrangement without any such consent would constitute a breach or violation thereof. In order, however, to provide Purchaser the full realization and value of every such Acquired Contract and Acquired Permit, Seller agrees that on and after the Closing, Seller will, at the request of Purchaser, in the name of Seller or otherwise as Purchaser shall specify, take all commercially reasonable actions (including the appointment of Purchaser as attorney-in-fact for Seller to proceed at Purchaser's sole cost and expense) and do or cause to be done all such commercially reasonable things as shall in the reasonable opinion of Purchaser or its counsel be necessary or proper (a) to assure that the rights of Seller under such Acquired Contracts and Acquired Permits shall be preserved for the benefit of or transferred or issued to Purchaser and (b) to facilitate receipt of the consideration to be received by Seller in and under every such Acquired Contract and Acquired Permit, which consideration shall be held for the benefit of, and shall be delivered to, Purchaser. To the extent that Purchaser is provided the benefits pursuant to this Section 1.4 of any Acquired Contract, Purchaser shall perform for the benefit of the other Persons that are parties thereto the obligations of Seller thereunder and any related liabilities that, but for the lack of consent to assign such obligations and liabilities to Purchaser, would be Assumed Liabilities. Once consent for the assignment of any such Acquired Contract or Acquired Permit not assigned at the Closing is obtained, Seller shall assign

such Acquired Contract or Acquired Permit to Purchaser. To the extent that any such Acquired Contract or Acquired Permit cannot be assigned or the full benefits of use of any such Acquired Contract or Acquired Permit cannot be provided to Purchaser following the Closing pursuant to this Section 1.4, then Purchaser and Seller shall enter into such arrangements to provide to the parties the economic and operational equivalent of obtaining such consent and the performance by Purchaser of the obligations thereunder. Nothing in this Section 1.4 shall in any way diminish (i) Seller's obligations under Article IV or (ii) Purchaser's rights under Article V.

1.5. Closing. Subject to the terms and conditions of this Agreement, the closing of the sale and purchase of the Acquired Assets (the "Closing") shall take place at 10:00 A.M., Seoul time, on the seventh Business Day after satisfaction (or waiver) of the conditions to closing set forth in Article V hereof (other than those which by their nature are not to be satisfied until Closing, but subject to the satisfaction or waiver of those conditions) at the offices of Kim & Chang, 223 Naeja-Dong, Chongro-Ku, Seoul 110-720, Korea, or on such other date and at such other time or place as may be mutually agreed upon by the parties hereto (the "Closing Date"). The Closing shall be deemed to be effective as of 11:59 P.M. local time on the Closing Date in each jurisdiction in which the Acquired Assets are located (the "Effective Time"), and Purchaser and Seller agree to acknowledge and use the Effective Time for all purposes, including for accounting and foreign and domestic Tax reporting purposes.

1.6. Purchase Price.

(a) Purchase Price. Upon the terms and subject to the conditions set forth herein, the aggregate price (the "Purchase Price") to be paid by Purchaser for the purchase of the Acquired Assets shall be (i) Korean Won ("KRW") 860,550,000,000 (the "Cash Purchase Price"), subject to adjustment pursuant to Section 1.6(b) through (d), Section 4.5(b), Section 4.13 and Section 6.3(b)(vi), and payable as set forth below, (ii) the warrant substantially in the form attached hereto as Exhibit B (the "Warrant Agreement") and (iii) the assumption by Purchaser of the Assumed Liabilities.

(b) Pre-Closing Adjustments to Purchase Price.

(i) Two days prior to the Closing Date, Seller shall prepare in good faith and deliver to Purchaser a statement of Seller's estimate (the "Pre-Closing Statement") of the Closing Normalized Working Capital and a balance sheet of the Acquired Assets and Assumed Liabilities, as of the Effective Time (the "Pre-Closing Balance Sheet"), in each case determined in accordance with the agreed upon principles set forth in Schedule 1.6(b)(i)-A applied in a manner consistent with Seller's past practice (the "Accounting Principles") and in accordance with this Agreement, together with (A) its good faith calculation of the Pre-Closing Working Capital Adjustment Amount and (B) a certificate signed by an officer of Seller to the effect that the Pre-Closing Statement, Pre-Closing Balance Sheet and Pre-Closing Working Capital Adjustment Amount were derived and determined in good faith in accordance with the Accounting Principles. In connection with the preparation of the Pre-Closing Balance Sheet, Seller shall conduct a count of Inventory as of a date within five days prior to the Closing Date (the "Inventory Date") in accordance with its customary practices with respect to conducting a

count of inventory for an audited year-end period and shall provide Purchaser with a schedule reflecting such count at Closing listing the location of all Inventory as of the Inventory Date. Purchaser shall have the right to observe the count of the Inventory described in the preceding sentence. For purposes hereof, "Closing Normalized Working Capital" has the meaning set forth on Schedule 1.6(b)(i)-A hereto, "Pre-Closing Working Capital Adjustment Amount" means the Won amount by which the Closing Normalized Working Capital, as set forth on the Pre-Closing Statement, is more or less than the Reference Amount, and "Reference Amount" (as more fully described in Schedule 1.6(b)(i)-B) means the sum of (A) KRW 6.8 billion and (B) 41.4% of gross revenue (determined in accordance with the Accounting Principles) of the Business, excluding DRAM wafer foundry revenue, for the three-month period ending June 30, 2004.

(ii) If the Pre-Closing Working Capital Adjustment Amount is negative (i.e., the Reference Amount is more than Closing Normalized Working Capital as set forth on the Pre-Closing Statement), then the Cash Purchase Price shall be decreased, on a Won-for-Won basis, by the absolute value of such Pre-Closing Working Capital Adjustment Amount. If the Pre-Closing Working Capital Adjustment Amount is positive (i.e., the Reference Amount is less than Closing Normalized Working Capital as set forth on the Pre-Closing Statement), then the Cash Purchase Price shall be increased, on a Won-for-Won basis, by such Pre-Closing Working Capital Adjustment Amount.

(c) Post-Closing Adjustments to Purchase Price.

(i) Within 90 days after the Closing, Purchaser shall prepare in good faith and deliver to Seller a statement (the "Closing Statement") of Closing Normalized Working Capital as of the Effective Time and a balance sheet of the Acquired Assets and Assumed Liabilities as of the Effective Time (the "Closing Balance Sheet"), in each case determined in accordance with the Accounting Principles applied in a manner consistent with Seller's past practice and in accordance with this Agreement, together with (A) its calculation of the Post-Closing Working Capital Adjustment Amount and (B) a certificate signed by an officer of Purchaser to the effect that the Closing Statement, Closing Balance Sheet and Post-Closing Working Capital Adjustment Amount were derived and determined in good faith in accordance with the Accounting Principles. For purposes hereof, "Post-Closing Working Capital Adjustment Amount" means the Won amount by which the Closing Normalized Working Capital as set forth on the Closing Statement, is more or less than the Closing Normalized Working Capital as set forth on the Pre-Closing Statement. Seller agrees to cooperate with Purchaser and Purchaser's accountants in connection with the preparation of the Closing Statement and related information, and shall provide to Purchaser and Purchaser's accountants books, records and information as may be reasonably requested from time to time.

(ii) Subject to this Section 1.6(c)(ii), the Closing Statement, Closing Balance Sheet, and calculation of the Post-Closing Working Capital Adjustment Amount, delivered by Purchaser to Seller shall be deemed to be and shall be final, binding and conclusive on the parties hereto. Seller may dispute any amounts reflected on the Closing Statement, Closing Balance Sheet or calculation of the Post-Closing Working Capital Adjustment Amount,

but only on the basis that the Closing Statement, Closing Balance Sheet or calculation of the Post-Closing Working Capital Adjustment Amount were not prepared or determined (as the case may be) in accordance with the Accounting Principles (or arithmetic computational errors); provided, however, that Seller shall notify Purchaser in writing of each disputed amount, and specify the amount thereof in dispute and the reasons therefor, within 30 days of Seller's receipt of the Closing Statement. During such 30-day period, Purchaser shall give Seller and Seller's accountants and authorized representatives reasonable access at all reasonable times to Purchaser's personnel, accountants and books, records, documents, working papers (subject to execution of a customary accountant's access letter) and other information related to the preparation of the Closing Statement, the Closing Balance Sheet and the Post-Closing Working Capital Adjustment Amount, including any description of the methodology, procedures, audits and analyses undertaken in connection therewith for purposes of preparing, reviewing and resolving any disputes with respect thereto. In the event of a dispute with respect to the Closing Statement, Closing Balance Sheet or calculations of the Post-Closing Working Capital Adjustment Amount, Purchaser and Seller shall attempt to reconcile their differences and any resolution by them as to any disputed amounts shall be final, binding and conclusive on the parties. If Purchaser and Seller are unable to reach a resolution to such effect of all disputed amounts within 30 days of receipt of Seller's written notice of dispute to Purchaser, Purchaser and Seller shall submit the amounts remaining in dispute for resolution to Young Wha/Ernst & Young, Seoul, Korea (such independent accounting firm being herein referred to as the "Independent Accounting Firm"), which shall, within 30 days after such submission, determine and report to the parties upon such remaining disputed amounts, and such report shall be final, binding and conclusive on the parties hereto with respect to the amounts disputed. The Independent Accounting Firm shall limit the scope of its review to that portion of the disputed amounts from Seller's notice of dispute that Seller and Purchaser have failed to resolve. The fees and disbursements of the Independent Accounting Firm shall be borne equally by Purchaser and Seller.

(iii) If the Post-Closing Working Capital Adjustment Amount as finally determined is negative (i.e., Closing Normalized Working Capital as set forth on the Pre-Closing Statement is more than Closing Normalized Working Capital as set forth on the Closing Statement), then the Cash Purchase Price shall be decreased, on a Won-for-Won basis, by the absolute value of such Post-Closing Working Capital Adjustment Amount, and Seller shall pay Purchaser the Post-Closing Working Capital Adjustment Amount in cash by wire transfer within 10 Business Days after the Post-Closing Working Capital Adjustment Amount has been finally determined in accordance with this Section 1.6(c), together with interest thereon for the period commencing on the Closing Date through the date on which all of the Post-Closing Working Capital Adjustment Amount is paid, calculated at the rate announced by Citibank, N.A. from time to time as its prime or base interest rate for commercial loans (the "Prime Rate"). If the Post-Closing Working Capital Adjustment Amount as finally determined is positive (i.e., Closing Normalized Working Capital as set forth on the Pre-Closing Statement is less than Closing Normalized Working Capital as set forth on the Closing Statement), then the Cash Purchase Price shall be increased, on a Won-for-Won basis, by such Post-Closing Working Capital Adjustment Amount, and Purchaser shall pay Seller the Post-Closing Working Capital

Adjustment Amount in cash by wire transfer within 10 Business Days after the Post-Closing Working Capital Adjustment Amount has been finally determined in accordance with this Section 1.6(c), together with interest thereon for the period commencing on the Closing Date through the date on which the Post-Closing Working Capital Adjustment Amount is paid, calculated at the Prime Rate.

(d) Missing Assets Adjustment.

(i) During the period commencing on the Closing Date and ending 45 days after the Closing Date (the "Verification Period"), Purchaser shall use commercially reasonable efforts to verify the existence of Acquired Assets. For purposes of this Agreement, Acquired Assets, which (A) could reasonably be expected to be material to the conduct of the Business as currently conducted, (B) the existence of which is not confirmed by Purchaser within the Verification Period after Purchaser has used commercially reasonable efforts to do so in accordance with this Section 1.6(d) and (C) are identified with reasonable specificity on the Missing Assets Report, are referred to herein as "Missing Assets."

(ii) As soon as practicable following the end of the Verification Period (but in no event later than 15 days following the end of the Verification Period), Purchaser shall in good faith deliver a report (the "Missing Assets Report") to Seller scheduling in reasonable detail the Missing Assets and the respective aggregate values thereof. For purposes of this Agreement, the term "Missing Assets Amount" means the book value of a Missing Asset as set forth in the Closing Balance Sheet as finally determined pursuant to Section 1.6(c) multiplied by a ratio, the numerator of which shall be the amount of the Cash Purchase Price and the denominator of which shall be the total book value of all Acquired Assets as set forth in the Closing Balance Sheet as finally determined pursuant to Section 1.6(c).

(iii) Each of Seller and Purchaser shall cooperate and comply with all reasonable requests of any other party in connection with the preparation and review of the Missing Assets Report. Without limiting the foregoing, (A) each of Seller and Purchaser shall have full access during normal business hours to all relevant books and records reasonably requested by either of them in connection with the preparation and review of the Missing Assets Report (including books and records regarding the receipt of rent or lease payments and inspection reports of third parties) and (B) each party shall make available to the other party and such other party's representatives such personnel as such other party may reasonably request in connection with the preparation and review of the Missing Assets Report.

(iv) Seller shall have the opportunity during the 60-day period following its receipt of the Missing Assets Report from Purchaser (the "Missing Assets Review Period") to (A) establish the existence of any alleged Missing Assets or (B) notify Purchaser in writing of Seller's election to dispute the designation of any assets as Missing Assets and the corresponding disputed Missing Assets Amount (a "Missing Assets Disputed Amount"). During the Missing Assets Review Period, Purchaser shall give Seller and Seller's authorized representatives reasonable access at all reasonable times to Purchaser's personnel, accountants and books, records, documents, working papers (subject to execution of a customary

accountant's access letter) and other information related to the Missing Assets Report, including any description of the methodology, procedures and analyses undertaken in connection with the preparation of the Missing Assets Report, for purposes of preparing, reviewing and resolving any disputes with respect thereto. The failure of Seller to notify Purchaser in writing within the Missing Assets Review Period of Seller's election to dispute Purchaser's designation of assets as Missing Assets shall be deemed Seller's acknowledgment that such assets are Missing Assets. Any alleged Missing Assets that are established to exist during the Missing Assets Review Period shall cease to be Missing Assets, and the Missing Assets Report shall be updated accordingly. If Seller shall notify Purchaser of a Missing Assets Disputed Amount during the Missing Assets Review Period, the parties shall, during the 30 days following delivery of the notice that sets forth the Missing Assets Disputed Amount (the date of delivery of such notice, the "Unresolved Dispute Notice Date"), negotiate in good faith and use reasonable efforts to reach agreement on the disputed items. If, during such period, the parties are unable to reach such agreement, then they shall promptly pursue binding arbitration by an independent arbitrator (who shall not have (A) any material relationship with Purchaser or Seller or (B) rendered or performed arbitration, mediation or similar services for or in connection with any matter involving Purchaser or Seller, or any Subsidiary of Warrant Issuer or Seller, within five years prior to the Closing Date)) reasonably satisfactory to Purchaser and Seller. Such independent arbitrator shall deliver to Purchaser and Seller, as promptly as practicable a report setting forth the resolution of the Missing Assets Disputed Amount. In the event Purchaser and Seller are unable to select an arbitrator who is mutually satisfactory within 15 days of the Unresolved Dispute Notice Date, then the Korean Commercial Arbitration Board ("KCAB") shall select an arbitrator as promptly as practicable following such 15-day period. Any such arbitration shall be conducted in accordance with the Arbitration Rules of KCAB in effect on the date such arbitration is commenced. Any such arbitration shall be final, conclusive and binding upon the parties hereto. The cost of such arbitration shall be borne equally by Purchaser and Seller.

(v) Within seven days of the resolution of all disputes relating to the Missing Assets Report pursuant to this Section 1.6(d), (A) if the Missing Assets Amount as reflected on the Missing Assets Report is greater than zero, then the Cash Purchase Price shall be decreased Won-for-Won by the Missing Assets Amount or (B) if the Missing Assets Amount as reflected on the Missing Assets Report equals zero, then the Cash Purchase Price shall not be adjusted pursuant to this Section 1.6(d). Any payment due under this Section 1.6(d) shall be made in cash by wire transfer within 10 Business Days after the date the Missing Assets Report becomes final and binding on the parties hereto, together with interest thereon for the period commencing on the Closing Date through the date of such payment, calculated at the Prime Rate.

(vi) If any asset that is conclusively determined to be Missing Assets is later found or discovered by any party within one year following the Closing (the "Discovered Assets"), (A) Purchaser shall be entitled to maintain full title and all rights to any and all such Discovered Assets, and (B) Seller shall be entitled to receive a payment from Purchaser in the amount paid by Seller in the Missing Assets Amount which was attributable to such Discovered Asset, in cash by wire transfer within 10 Business Days after the date the Discovered Assets are determined to be Discovered Assets, together with interest thereon for the period commencing on the Closing Date through the date of such payment, calculated at the Prime Rate.

(vii) The availability to Purchaser of the adjustment mechanism provided for by this Section 1.6(d) shall not preclude the exercise by Purchaser of any rights or remedies available to it under this Agreement or otherwise, including the remedy provided for by Section 6.3, notwithstanding anything to the contrary, but without duplication. Furthermore, Purchaser shall be entitled to recover its Damages under Section 6.3, net of the Missing Assets Amount received, to the extent the relevant Missing Assets give rise to a claim under Section 6.3 and in accordance with the terms thereof, and Purchaser shall be required to reimburse Seller for the excess of the Missing Assets Amount received by Purchaser from Seller under this Section 1.6(d) with respect to a Missing Asset to the extent it is determined under Section 6.3 that Purchaser's actual Damages with respect to such Missing Asset are less than such Missing Asset Amount.

1.7. Deliveries and Proceedings at Closing. Subject to the terms and conditions of this Agreement, at the Closing:

(a) Deliveries to Purchaser. Seller will deliver to Purchaser:

(i) the Seller Transaction Documents;

(ii) the certificates, opinions and other documents required to be delivered by Seller pursuant to Section 5.2 hereof, certified resolutions evidencing the authority of Seller as set forth in Section 2.2 hereof, updated Schedule 2.16(c) and Schedule 1.1(b)(xv) pursuant to Section 4.11 and all other agreements, records and other documents required by this Agreement as of the Closing Date.

(b) Deliveries to Seller. Purchaser will deliver to Seller:

(i) the Cash Purchase Price, plus or minus (as applicable) any adjustments thereto under Sections 1.6(b)(ii), 4.5(b) and 4.13 and any amount required to be paid by Purchaser upon Closing under Section 4.17, by wire transfer of immediately available funds to the account designated by Seller in writing at least two Business Days prior to the Closing Date;

(ii) the Purchaser Transaction Documents;

(iii) the certificates and other documents required to be delivered by Purchaser pursuant to Section 5.3 hereof and certified resolutions evidencing the authority of Purchaser as set forth in Section 3.2 hereof, and all other agreements, records and other documents required by this Agreement as of the Closing Date.

(c) Transaction Documents. The agreements, instruments and documents referenced in this Section 1.7, together with such other agreements and instruments required to be delivered pursuant to this Agreement, are referred to herein collectively as the "Transaction Documents."

1.8. Allocation of Consideration. The Purchase Price and, to the extent required, Assumed Liabilities and relevant transaction costs shall be allocated among the Acquired Assets in accordance with the principles as set forth on Schedule 1.8 hereto, which shall be prepared by Purchaser and mutually agreed to by Purchaser and Seller prior to the Closing Date (the "Allocation Principles"). Within 60 days after the Closing Date, Purchaser shall deliver a schedule of the allocation of the Purchase Price among the Acquired Assets, which schedule shall be based on the Allocation Principles (such schedule, as adjusted if required pursuant to the dispute resolution provisions of this Section 1.8, is referred to as the "Final Allocation"). Seller may dispute any items reflected on the Final Allocation delivered by Purchaser but only on the basis that such items were not prepared in accordance with the Allocation Principles (or arithmetic computational errors); provided, however, that Seller shall notify Purchaser in writing of each disputed item, and specify the amount thereof in dispute and the reasons therefor, within 30 days of Seller's receipt of the Final Allocation prepared by Purchaser. Purchaser and Seller shall attempt to reconcile their differences and any resolution by them as to any disputed items shall be final, binding and conclusive on the parties. If Purchaser and Seller are unable to reach a resolution to such effect of all disputed items within 30 days of receipt of Seller's written notice of dispute to Purchaser, Purchaser and Seller shall submit the items remaining in dispute for resolution to the Independent Accounting Firm, which shall, within 30 days after such submission, determine and report to the parties upon such remaining disputed items, and such report shall be final, binding and conclusive on the parties hereto with respect to the amounts disputed. The Independent Accounting Firm shall limit the scope of its review to those disputed items from Seller's notice of dispute that Seller and Purchaser have failed to resolve. The fees and disbursements of the Independent Accounting Firm shall be borne equally by Purchaser and Seller. Purchaser and Seller shall each (i) be bound by the Final Allocation for purposes of determining any Taxes, (ii) prepare and file its Tax Returns on a basis consistent with the Final Allocation, and (iii) take no position inconsistent with the Final Allocation on any applicable Tax Return or in any action before any Authority or otherwise, except as required by Law. In the event the Final Allocation is disputed by any Authority, the party receiving notice of the dispute shall promptly notify the other party hereto concerning resolution of the dispute. Seller and Purchaser acknowledge that the Allocation Principles and the Final Allocation will be based upon a good faith estimate of fair market values determined at arm's length.

## ARTICLE II

## REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Purchaser as follows:

2.1. Organization. Seller is duly incorporated and validly existing under the Laws of the Republic of Korea ("Korea") and has all requisite corporate power and authority to own, lease and operate the Acquired Assets and the Business as and where currently being conducted. Seller is currently conducting the Business in the locations set forth in Schedule 2.1.

2.2. Authorization and Enforceability. Seller has the requisite corporate power and authority to execute, deliver and perform this Agreement and will have the requisite corporate power and authority to execute, deliver and perform the Seller Transaction Documents as of the Closing Date, and, subject to approval of the Transaction by the shareholders of Seller, to consummate the Transaction. The execution, delivery and performance of this Agreement by Seller has been, and as of the Closing Date the Seller Transaction Documents will be, duly authorized by all necessary corporate action on the part of Seller, subject to approval of the Transaction by the shareholders of Seller. This Agreement has been, and as of the Closing Date the Seller Transaction Documents will be, duly executed and delivered by Seller. This Agreement is, assuming due and valid authorization, execution and delivery hereof by Purchaser, a legal, valid and binding obligation of Seller, enforceable against Seller in accordance with its terms, except to the extent that such enforceability may be subject to applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting the enforcement of creditors' rights generally and by general equitable principles. As of the Closing Date, the Seller Transaction Documents will be, assuming due and valid authorization, execution and delivery thereof by Purchaser, the legal, valid and binding obligations of Seller, enforceable against Seller in accordance with their respective terms, except to the extent that such enforceability may be subject to applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting the enforcement of creditors' rights generally and by general equitable principles.

2.3. No Violation of Laws or Agreements. The execution, delivery, and performance of this Agreement and the Seller Transaction Documents do not, and the consummation of the Transaction and the Seller Transaction Documents, will not, subject to obtaining the consents set forth on Schedule 2.3, (a) contravene any provision of the articles of incorporation or bylaws of Seller or (b) violate, conflict with, result in a breach of, or constitute a default (or an event which might, with the passage of time or the giving of notice, or both, constitute a default) under, or result in or permit (whether or not after the giving of notice or lapse of time or both) the termination, modification, acceleration, or cancellation of, or result in the creation or imposition of any Lien of any nature whatsoever upon any of the Acquired Assets or give to others any interests or rights therein under, (i) any Contract or Permit by which the Business or any of the Acquired Assets may be bound or affected, or (ii) any judgment, injunction, writ, award, decree, restriction, ruling, or order of any Authority or any Law applicable to Seller, the Business or the Acquired Assets, except, in the case of the foregoing clauses (b)(i) and (ii), for such violations, conflicts, breaches, defaults, default events, terminations, modifications, accelerations, cancellations or Liens that, individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect or pose a risk of criminal sanctions.

2.4. Financial Statements. The books of account and related records of Seller for the Business have been maintained in accordance with applicable Law, in all material respects, fairly reflect, in all material respects, all income, expenses, assets and liabilities of, and transactions relating to, the Business, in accordance with, and to the extent required by, the Accounting

Principles, and provide a fair basis, in all material respects, for the preparation of the Financial Statements. Schedule 2.4 contains the following financial statements, upon which Samil PricewaterhouseCoopers (formerly Samil Accounting Corporation) has performed certain agreed-upon-procedures and has provided a report: the consolidated year-end balance sheet and related consolidated statements of income and cash flows for the Business as of, and for, the year ended December 31, 2002 (the "Year-End Financial Statements"); and the consolidated balance sheet at September 30, 2003 and related consolidated statements of income and cash flows for the nine-month period ended September 30, 2003 (the "Interim Balance Sheet Date") for the Business (the "Interim Financial Statements"). The Interim Financial Statements and the Year-End Financial Statements are collectively referred to as the "Financial Statements" and are in each case prepared in accordance with the Accounting Principles. The Financial Statements (a) are in accordance with and based on the books and records of Seller; (b) present fairly, in all material respects, in accordance with the Accounting Principles consistently applied, the results of operations, financial position, assets and liabilities of the Business as at the respective dates or for the periods covered thereby; and (c) reflect the results of operations, financial position, assets and liabilities of the Business on a pro forma stand-alone basis in accordance with the Accounting Principles consistently applied.

2.5. No Changes. Since the Interim Balance Sheet Date, Seller has conducted the Business in the ordinary course of business consistent with past practice and there has not occurred a Material Adverse Effect. Without limiting the foregoing, since the Interim Balance Sheet Date, except as disclosed in Schedule 2.5 hereto, there has not been with respect to the Business:

(a) any change in the salaries or other compensation payable or to become payable to, or any advance (excluding advances for ordinary business expenses) or loan (other than loans to Employees in the ordinary course of business consistent with Seller's past practice and which do not exceed in principal amount KRW 80 million individually or KRW 500 million in the aggregate) to, any Employee (other than normal merit increases made in the ordinary course of business and consistent with past practice), or change or addition to, or modification of, other benefits (including any Benefit Plans) to which any of the Employees may be entitled, or any payments to any Benefit Plan except payments in the ordinary course of business and consistent with past practice, or any other payment of any kind to or on behalf of any Employee other than payment pursuant to any Benefit Plan, of base compensation, pursuant to the quarterly management performance bonus plan described in Schedule 2.5(a) and reimbursement for reasonable expenses, in each case in the ordinary course of business consistent with past practice;

(b) any discharge or satisfaction of any material Liens in favor of the Business;

(c) any change or, to Seller's Knowledge, any threat of any change in any of their relations with, or any loss or, to Seller's Knowledge, threat of loss of any of the suppliers, clients, customers or employees of the Business which, individually or in the aggregate, has had, or could reasonably be expected to have, a Material Adverse Effect;

(d) any disposition of or failure to keep in effect any rights in, to or for the use of any Permit of the Business, which disposition or failure could (with notice, the passage of time or both) reasonably be expected to materially impair the conduct of the Business as currently conducted;

(e) any (i) material modification or material amendment or the termination or entering into of any new Acquired Contract which would be required to be disclosed under Section 2.6, (ii) any cancellation or material modification or waiver of any debts or claims held by Seller (including any such debts or claims of any Subsidiary of Seller) with a value in excess of KRW 500,000,000 individually or in the aggregate, in each case in respect of an Acquired Contract or Acquired Asset, or otherwise related to the Business, or (iii) any waiver of any other material rights of Seller, in each case in respect of an Acquired Contract or other Acquired Asset, or otherwise related to the Business and that, in each case of the above (i) through (iii), could reasonably be expected to materially impair the conduct of the Business as currently conducted (it being understood that the matters covered in paragraphs (b), (d) and (h) shall be governed by those paragraphs, respectively, and not this paragraph (e));

(f) any damage, destruction or loss by casualty affecting the Business in excess of KRW 2,000,000,000 in the aggregate, whether or not covered by insurance;

(g) any material change by Seller in its accounting policies, practices or methodologies or in its method of keeping its books of account relating to the Business, the Acquired Assets or the Assumed Liabilities;

(h) any disposition of or failure to keep in effect any rights in, to or for the use of any of the material Intellectual Property used or related to the Business other than the expiration of any Intellectual Property in accordance with its terms;

(i) any sale, exchange, transfer or other disposition of any assets, properties or rights of the Business, including the Acquired Assets, for consideration or having a book value in excess of KRW 500,000,000 with respect to any individual transaction or KRW 1,000,000,000 in the aggregate except sales of inventory in the ordinary course of business consistent with past practice;

(j) any commitments or agreements for capital expenditures relating to the Business not reflected in Schedule 4.3 or Schedule 4.13 and exceeding in the aggregate KRW 500,000,000;

(k) any material mortgage, pledge or subjection to Liens of any kind (other than Permitted Liens) of any Acquired Assets;

(l) any agreement by Seller or any Subsidiaries of Seller to compensate any Employee in any manner upon or with respect to the consummation of the Transaction;

(m) any material change or modification to the Business's credit, collection or payment policies, procedures or practices, including material acceleration of collections or receivables (whether or not past due), material acceleration of payment of payables or other liabilities or material failure to pay or delay in payment of payables or other liabilities;

(n) any license or sublicense of any rights under or with respect to any of the Intellectual Property that constitutes Acquired Assets, or other Intellectual Property to the extent such license or sublicense would have violated Section 6.4 if entered into or granted after the Closing or any agreement by Seller or any Subsidiary of Seller containing a covenant not to sue in connection with any Intellectual Property that constitutes Acquired Assets;

(o) any material Tax election (or revocation of a Tax election), except in a manner consistent with past practice and where such change in Tax election could not reasonably be expected affect the Acquired Assets or the Business after Closing, any material change in any method of accounting for Tax purposes, or any settlement or compromise of any material Tax liability with any Tax Authority or agreement to an extension of a statute of limitations; or

(p) any agreement to take any action described in this Section 2.5.

2.6. Contracts. Schedule 2.6 hereto contains a list of the following Acquired Contracts or any other Contracts by which any of the Acquired Assets are bound or affected to which Seller or any of its Subsidiaries is a party:

(a) any Contract (or group of related Contracts) for the lease of (i) personal property to or from any Person providing for lease payments in excess of KRW 500,000,000 per annum or (ii) real property to or from any Person;

(b) any Contract (or group of related Contracts) for the purchase or sale of parts, raw materials, commodities, supplies, inventory, products, or other personal property, or for the furnishing or receipt of services, which involves consideration in excess of KRW 500,000,000;

(c) any Contract concerning a partnership, limited liability company, joint venture or similar arrangement;

(d) any Contract (or group of related Contracts) under which the Business has created, incurred, assumed, secured or guaranteed any material indebtedness for borrowed money, or any capitalized lease obligation under which any of the Acquired Assets are subject to a Lien;

(e) any Contract that could require Purchaser to maintain the confidentiality of information of the other party thereto or containing noncompetition provisions that could be binding on Purchaser, in each case, after the Closing;

(f) any profit sharing, deferred compensation, severance, termination, retention or other similar plan, or agreement for the benefit of any Employee, other than the Benefit Plans;

(g) any Contract for the employment of any individual in the Business on a full-time, part-time, consulting, or other similar basis providing annual compensation in excess of KRW 200,000,000 or providing severance benefits beyond any such severance benefits as are required by Korean Law;

(h) any Contract otherwise material to the conduct of the Business as currently conducted, or under which the consequences of a default or termination could reasonably be expected to have a Material Adverse Effect or a material adverse effect on the possession, use, occupancy or operation, of the Business or the Acquired Assets;

(i) as of the date hereof, any Contract granting a license or sublicense, or containing a covenant not to sue, concerning Intellectual Property used or held for use in the Business;

(j) any distribution, dealer, representative or sales agency Contract relating to the Business;

(k) any Contract which provides for quantity price discounts, rebates or other allowances for customers based upon purchases of goods from the Business;

(l) any labor Contract (including any material side agreements thereto) with any union or recognized collective bargaining agent relating to the Business;

(m) any Contract for any capital expenditure or leasehold improvement in excess of KRW 500,000,000 individually or KRW 2,000,000,000 in the aggregate, other than any capital expenditures in Schedule 4.3 or Schedule 4.13;

(n) any Contract under which Seller has advanced or loaned funds to any Person, including any of the employees of the Business, Seller or any Subsidiaries of Seller, and in connection with which there are amounts outstanding or any continuing obligation to advance or loan funds (other than contracts solely relating to expenses advanced to employees in the ordinary course of business);

(o) any Contract which relates to inventions by Seller's employees (other than standard nondisclosure forms signed by employees generally, copies of which such standard forms have been made available to Purchaser);

(p) any Contract relating to Tax, which would have a continuing material effect on Purchaser after Closing, or with any Authority;

(q) any Contract between or among Seller, on the one hand, and any Subsidiary of Seller or any director, officer or employee thereof, on the other hand;

(r) any Contract by Seller for the purchase or sale of any business, corporation, partnership, joint venture, association or other business organization or any division, operating unit or product line thereof; and

(s) any other Contract (or group of related Contracts) exceeding KRW 2,500,000,000 in value.

Seller has delivered or made available to Purchaser a correct and complete copy of each written Contract listed in Schedule 2.6. To the knowledge of Seller, there are no oral Contracts, or oral modifications to any Contracts, that would otherwise be required to be listed on Schedule 2.6. With respect to each Contract required to be disclosed in Schedule 2.6: (i) the Contract is a legal, valid and binding obligation of (A) Seller, enforceable against Seller and (B) to Seller's Knowledge, the other parties thereto, enforceable against such parties (except, with respect to clauses (A) and (B), to the extent that such enforceability may be subject to applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting the enforceability of creditors' rights generally and by general equitable principles) and in each case in full force and effect; (ii) neither Seller, nor to Seller's Knowledge, any other party thereto, is in material breach or default, and no event has occurred (or is likely to occur) which with notice or lapse of time (or both) would constitute a material breach or default, or permit termination, modification, or acceleration, under the Contract; (iii) no party has repudiated or, to Seller's Knowledge, threatened to repudiate any provision of the Contract; and (iv) with respect to any such Contract that is an Acquired Contract and subject to obtaining consent to the assignment thereof from the other parties thereto as set forth on Schedule 2.3, the consummation of the Transaction, with or without the giving of notice or the lapse of time or both, will not give rise to a right of modification, termination, or amendment, or a loss of a material benefit thereunder.

2.7. Permits and Compliance With Laws Generally.

(a) Seller possesses and is in compliance with all Permits required to operate the Business and to use and own, lease or otherwise hold the Acquired Assets under all applicable Law, except where any Permit the failure to have and except for any noncompliance that could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, all of which such Permits are listed on Schedule 1.1(b)(x) hereto. All such Permits of Seller relating to the operation of the Business and the use and ownership, leasing or otherwise holding of the Acquired Assets are in full force and effect, and there are no proceedings pending or, to Seller's Knowledge, threatened that seek the revocation, cancellation, suspension or any adverse material modification of any such Permits presently possessed by Seller. On the Closing Date, the Permits in full force and effect which will be transferred to Purchaser will constitute all of the Permits required under applicable Law for Purchaser's

possession, ownership and use of the Acquired Assets and operation of the Business as currently conducted, except for such Permits the lack of which could not reasonably be expected to have a Material Adverse Effect. Seller conducts and has conducted the Business during the last three years in material compliance with all applicable Law, including all applicable environmental statutes, Laws, rules, regulations, ordinances, notices and orders of any Authority including those relating to Hazardous Substances ("Environmental Laws").

(b) There is no outstanding or unresolved written notice, citation, summons or order that has been issued, complaint that has been filed or penalty that has been assessed or investigation or review that is pending or, to the knowledge of Seller, threatened, by any Authority or other Person with respect to any alleged (i) violation in any material respect by Seller or any Subsidiary of Seller relating to the Business of any applicable Law, except as may be otherwise disclosed on Schedule 2.7(b); or (ii) failure in any material respect by Seller or any Subsidiary of Seller to have any material Permit required in connection with the conduct of the Business as currently conducted or otherwise applicable to the Business. There is no proceeding pending or, to Seller's Knowledge, threatened which is reasonably likely to materially and adversely affect, as to any material portion of the Facilities or the other Acquired Assets, the zoning classification in effect.

2.8. Environmental Matters. (a) Seller holds and is in compliance with such Permits as are required under all Environmental Laws in connection with the conduct of the Business as currently conducted ("Environmental Permits"), except for such Environmental Permits the failure to hold or be in compliance with could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. All such Environmental Permits are listed on Schedule 2.8(a) hereto.

(b) In connection with the Business:

(i) During the past three years, no written notice, citation, summons or order has been issued, no complaint has been filed and no penalty has been assessed, and no investigation or review is pending or, to the knowledge of Seller, threatened by any Authority or other entity: (A) with respect to any allegation of material violation of any Environmental Law; (B) with respect to any allegation of material failure to have any required Environmental Permit; or (C) with respect to any use, possession, generation, treatment, storage, recycling, transportation or disposal of any hazardous or toxic or polluting substance or waste, contaminant or pollutant, including petroleum products, PCBs, asbestos-containing materials and radioactive materials ("Hazardous Substances").

(ii) Seller has not received any request (that remains unresolved) for information, notice of claim, demand or notification that they are or may be potentially responsible with respect to any investigation or clean-up of any threatened or actual Release of any Hazardous Substance, which could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

(iii) Except as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, no polychlorinated biphenyls ("PCBs") or asbestos-containing materials are or have been present at any property now or when owned, operated or leased by Seller. Except as set forth on Schedule 2.8(b)(iii) or as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, there are no underground storage tanks, active or abandoned, at any property now or when owned, operated or leased by Seller. Any underground storage tanks that have been removed or closed at any property now or when owned, operated or leased by Seller has been removed or closed in compliance in all material respects with all applicable Environmental Laws and no additional investigation or remediation or other response actions is required with respect thereto under applicable Environmental Laws.

(iv) No Hazardous Substance used, possessed, generated, treated, stored, recycled, transported or disposed by Seller has come to be located at any site which is the subject of enforcement actions or other investigations by any Authority which may lead to claims against Seller or Purchaser for clean-up costs, remedial work, damages to natural resources or for personal injury claims, which could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

(v) To Seller's Knowledge, and except as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, no Hazardous Substance has been released, spilled, leaked, discharged, disposed of, pumped, poured, emitted, emptied, injected, leached, dumped or allowed to escape by Seller or by any other Person at, on or under any property now or when owned, operated or leased by Seller in violation of Environmental Laws.

(vi) To Seller's Knowledge, there are no facts or circumstances related to environmental matters concerning its properties or businesses that could lead to any future environmental claims, liabilities or responsibilities against Seller or Purchaser, that could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

2.9. Consents. Except as set forth on Schedule 2.3, no consent, approval or authorization of, or registration or filing with or notice to, any Authority, or other Person (except, with respect to third parties, as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect) is required in connection with the execution, delivery and performance of this Agreement or the Seller Transaction Documents, or the consummation of the transactions contemplated hereby or thereby by Seller and its Subsidiaries, including in connection with the assignment of the Acquired Contracts and Permits (except for the failure to obtain such permits as could not reasonably be expected to materially impair the conduct of the Business as currently conducted).

2.10. Title; All Assets.

(a) Seller has, or in the case of Acquired Assets now owned by its Subsidiaries, will have at Closing, good and marketable title to all of the Acquired Assets, free

and clear of any Liens other than as set forth on Schedule 2.10(a) and other than Permitted Liens and, in the case of any Intellectual Property that is an Acquired Asset, subject to any license agreements set forth on Schedule 2.6.

(b) None of the Acquired Assets is subject to any Lien, except (i) minor imperfections of title, none of which, individually or in the aggregate, materially impairs the use of or materially detracts from the value of the affected asset or materially impairs any operations of the Business or the ability of Purchaser to obtain direct or indirect financing for the Acquired Assets, (ii) with respect to leased or licensed Acquired Assets, the terms and conditions of the lease or license applicable thereto, (iii) Liens with respect to real property, none of which, individually or in the aggregate, materially detract from the value of the affected real property, materially impair the intended use of the real property, or materially impair the operations of the Business as currently conducted, (iv) Liens for current Taxes or assessments or other governmental charges or levies which are not yet due and payable, or, to the extent fully reserved on the Closing Balance Sheet, which are overdue but are being contested in good faith by appropriate proceedings, (v) Liens in favor of customs and revenue authorities arising as a matter of Law to secure payment of customs duties in connection with the importation of goods, to the extent such customs duties are fully reserved for on the Closing Balance Sheet, (vi) purchase money mortgages or security interests incurred in connection with the purchase of property or assets after the Interim Balance Sheet Date, securing payment obligations fully accrued for on the Closing Balance Sheet and (vii) any workmen's, repairmen's, warehousemen's, mechanic's, and carriers' Liens and encumbrances arising in the ordinary course of business, to the extent relating to an account payable that is fully reflected on the Closing Balance Sheet (collectively, the "Permitted Liens"), (it being understood that Permitted Liens shall not include, in any event, Liens to the extent in respect of Excluded Liabilities) and except as set forth on Schedule 2.10(a) and provided that Acquired Assets that are Intellectual Property are subject to the license agreements set forth on Schedule 2.6.

(c) Except as set forth on Schedule 2.10(c), the Acquired Assets, together with Purchaser's rights under the Purchaser Transaction Documents, constitute all of the assets, rights, properties and contracts used in the operation of, and necessary to operate, the Business in all material respects as presently conducted in the ordinary course consistent with past practice. It is understood that the representation in this Section 2.10(c) does not relate to Intellectual Property.

2.11. Real Estate.

(a) Schedule 2.11 hereto contains (i) a complete and accurate list of all real property (together with all buildings and structures thereon), owned or leased, subleased, licensed or otherwise occupied by Seller in the conduct of the Business (the "Facilities") and (ii) identifies with specificity all leases, subleases, licenses and other material occupancy arrangements ("Leases") relating to the Facilities. All such real property owned by Seller shall hereinafter be referred to as the "Owned Facilities" and all such real property leased, subleased, licensed or otherwise occupied by Seller (other than the Owned Facilities) shall hereinafter be referred to as the "Leased Facilities."

(b) With respect to each Owned Facility:

(i) Seller has good, valid, marketable and indefeasible fee simple title to each such Owned Facility, except where the failure to have such title could not reasonably be expected to, individually or in the aggregate, materially detract from the value of the affected Owned Facility, materially impair the intended use of the affected Owned Facility, or materially impair the operations of Seller or the operations of the Business as currently conducted at such Owned Facility;

(ii) Subject to Section 6.5, Seller has the requisite power and authority to grant Purchaser a leasehold or other similar interest in each Owned Facility, other than the Owned Facilities being transferred to Purchaser pursuant to Section 1.1(b)(iii);

(iii) Other than Permitted Liens, no Owned Facility is subject to any Liens; and

(iv) Except to the extent that such condition would not reasonably be expected to have a Material Adverse Effect or not have a material adverse effect on the affected Facility or materially impair the conduct of the Business as currently conducted, (A) no improvements erected on any Owned Facility encroaches on any adjoining property or street; (B) Seller is in actual, exclusive possession or control of each Owned Facility; and (C) each owned Facility and the use thereof by Seller in connection with the Business as currently used complies with all material covenants, easements and restrictions of record affecting such Owned Facility.

(c) Except to the extent that such condition would not reasonably be expected to have a Material Adverse Effect or not have a material adverse effect on the affected Lease or Leased Facility or materially impair the conduct of the Business as currently conducted, with respect to each Lease or Leased Facility:

(i) Except as set forth on Schedule 2.11, (A) the basic rent, all additional rent and all other charges and amounts payable under any Lease by the lessee thereunder have been paid to date and (B) all work required to be performed under the Leases by Seller has been performed, and, to the extent that Seller is responsible for payment of such work, has been fully paid for, whether directly to the contractor performing such work or to such lessee as reimbursement therefor;

(ii) No rent or other payment called for under any Lease has been paid more than 30 days in advance of the due date, Seller is not in breach of or default under any Lease and no security deposit or portion thereof deposited with respect to any Lease has been applied in respect of a breach or default under such Lease which has not be been redeposited in full; and

(iii) Except as set forth on Schedule 2.11, there are no brokerage commissions or finder's fees due (or with the passage of time will become due) from Seller which are unpaid with regard to any of the Leases or the Leased Facilities.

(d) With respect to the Facilities, except in each case as is not material to the conduct of the Business as currently conducted:

(i) The water, gas, electricity, telecommunications and other utilities serving the Facilities are currently adequate in all material respects to service the normal operations conducted thereon consistent with past practice;

(ii) Each Facility has physical and, to Seller's Knowledge, legal vehicular and pedestrian access to and from public roadways;

(iii) Seller has not received any written notice for assessments for public improvements against any of the Facilities that remain unpaid and no such assessment has been proposed in writing. Seller has not received any written notice or order by any Authority, any insurance company which has issued a policy with respect to any of such Facilities or the Korea Fire Protection Association or other body exercising similar functions which (A) relates to any material violations of or material non-conformity with any applicable Law concerning zoning, building, safety or subdivision with respect to any of the Facilities, (B) claims any material defect or deficiency with respect to any of the Facilities or (C) requests the performance of any material repairs, alterations or other work to or in any of the Facilities or in the streets bounding the same;

(iv) There is no pending condemnation, expropriation, eminent domain or similar proceeding affecting all or any portion of any of the Facilities and, to Seller's Knowledge, no such proceeding is threatened; and

(v) The water, oil, gas, electrical, telecommunications, sewer, storm and waste water systems and other utility services or systems for the Facilities which have been installed are operational and sufficient for the operation of the Business as currently conducted.

2.12. Taxes. (a) Seller and its respective Subsidiaries transferring Acquired Assets pursuant to this Agreement have (i) timely filed all returns and reports for Taxes, including information returns, that are required to have been filed in connection with, relating to, or arising out of, the Business, (ii) paid, or made provision for the payment of, all Taxes that are shown to have come due pursuant to such returns or reports or are due and payable and (iii) paid all other Taxes in connection with, relating to, or arising out of, the Business for which a notice of assessment or demand for payment has been received. All such returns or reports are materially true and complete and have been prepared in accordance with all applicable Laws and requirements and accurately reflect in all material respects the taxable income (or other measure of Tax) of Seller, or, if applicable, any Subsidiary of Seller or any group of which any Seller or any Subsidiary of Seller is a member with respect to the Business. Schedule 2.12 hereto lists all jurisdictions in which Seller has filed income, employment, sales and use and personal and real

property Tax returns or from which Seller has received real property Tax bills with respect to the Business during the past three fiscal years. There are no ongoing or, to Seller's Knowledge, threatened Tax disputes with respect to the Business or Acquired Assets (or assertions by any governmental authority in any jurisdiction in which Tax returns or reports are not filed that such returns or reports should have been filed or that there is a Tax liability) with respect to the Business or any Acquired Assets that could reasonably be expected to affect Purchaser's responsibility for Taxes related to the Business or acquired Assets following the Closing Date.

(b) As used herein "Taxes" means all taxes, charges, duties, fees, levies or other assessments, including income, corporation, payroll, withholding, excise, sales, use, personal property, use and occupancy, business and occupation, mercantile, real estate, gross receipts, license, employment, severance, stamp, premium, windfall profits, social security (or similar unemployment), disability, transfer, acquisition, registration, value added, environmental, wealth, net worth, welfare, alternative, or add-on minimum, estimated, or capital stock and franchise and other tax of any kind whatsoever, including any interest, penalty or addition thereto, whether disputed or not.

2.13. Intellectual Property Rights. (a) Schedule 2.13(a) hereto contains a complete and accurate list of all patents and patent applications, utility model and utility model applications, registered and material unregistered trademarks and service marks, domain names, trade names, corporate names, registered and material unregistered mask works, registered and material unregistered copyrights (including computer software programs), and registered and material unregistered industrial designs, including in each case applications and renewals of and for the foregoing, that, with respect to registered Intellectual Property, is listed on Schedule 1.1(b)(iv) hereto and, with respect to all other Intellectual Property, to Seller's Knowledge, is primarily used or primarily held for use in the conduct of the Business as currently conducted, specifying as to each such item, as applicable: (i) the owner of the item, (ii) the jurisdictions in which the item is issued or registered or in which any application for issuance or registration has been filed, (iii) the respective issuance, registration, or application number of the item (iv) the date of application and issuance or registration of the item.

(b) By not later than the date of the meeting of Seller's shareholders convened for the purpose of obtaining shareholder approval of the Transaction, Seller shall deliver to Purchaser Schedule 2.13(b) containing a complete and accurate list of all material licenses, sublicenses, consents and other agreements (whether written or otherwise) other than "shrink wrap" and similar standard end-user licenses for standard, widely available, commercial off-the-shelf software and other licenses and related agreements with respect thereto (i) pertaining to any Intellectual Property used, or held for use, in the conduct of the Business as currently conducted, and/or (ii) by which Seller or any Subsidiary of Seller directly or indirectly licenses or otherwise authorizes a third party to use Intellectual Property related to the Business (each, a "Material License Agreement").

(c) Neither Seller, nor any of its Subsidiaries, nor to Seller's Knowledge, any other party is in breach of or default under any material provision of any Material License

Agreement, and each such license, sublicense, consent or other agreement is now valid and in full force and effect and the consummation of the Transaction and the Seller Transaction Documents, will not, subject to obtaining the consents set forth on Schedule 2.3, violate, conflict with, accelerate the term of, result in a breach of, or constitute a default (or an event which might, with the passage of time or the giving of notice, or both, constitute a default) under, or result in or permit (whether after the giving of notice or lapse of time or both) the termination, modification, acceleration, or cancellation of, or result in the creation or imposition of any Lien of any nature whatsoever upon any such license, sublicense, consent or other agreement or give to others any interests or rights therein under, such license, sublicense, consent or other agreement. There are no material contracts, licenses or agreements between Seller or any of its Subsidiaries and any other Person with respect to Intellectual Property used or held for use in the conduct of, or otherwise relating to, the Business under which there is any material dispute known to Seller or any of its Subsidiaries regarding the scope of such agreement, or performance under such agreement including with respect to any payments to be made or received by Seller or any of its Subsidiaries thereunder.

(d) Seller and its Subsidiaries have the rights provided under applicable Law to bring actions for the infringement or other violation of any and/or all Intellectual Property which is owned and used or held for use in the conduct of the Business by Seller or any Subsidiary of Seller.

(e) Except as set forth on Schedule 2.13(e), and to Seller's Knowledge, the operations of the Business as it is currently conducted do not infringe, dilute, misappropriate, or otherwise violate the Intellectual Property of any third party, except as could not reasonably be expected to be material to the Business as currently conducted; and no written claim has been made, written notice given, or, to Seller's Knowledge, dispute arisen to that effect. Neither Seller nor any of its Subsidiaries has any pending claim that is material to the Business, that a third party has infringed, diluted, misappropriated or otherwise violated any Intellectual Property owned, used or held for use by Seller and/or any of its Subsidiaries in the conduct of the Business as currently conducted, and to Seller's Knowledge there is no reasonable basis for such a claim. Except as in the ordinary course of business, neither Seller nor any of its Subsidiaries has in connection with the Business agreed to, or assumed, any obligation or duty to indemnify, reimburse, hold harmless, guaranty or otherwise assume or incur any obligation or liability or provide a right of rescission to any third party with respect to the infringement, dilution, misappropriation or other violation of the Intellectual Property of that or any other third party. No Intellectual Property owned, used or held for use by Seller or any of its Subsidiaries in the conduct of the Business as currently conducted is subject to any outstanding decree, order, judgment, settlement agreement or stipulation that restricts in any manner the use, transfer or licensing thereof by Seller or any of its Subsidiaries.

(f) All of the patents, trademarks, service marks, mask works and copyright registrations owned, used and/or or held for use in the conduct of the Business as currently conducted are, to Seller's Knowledge, valid and in full force and effect, are held of record exclusively in the name of Seller free and clear of all Liens other than any license or sublicense

with respect to any such Intellectual Property as is identified on Schedule 2.13(b) or any Lien set forth on Schedule 2.10(a), and are not the subject of any cancellation or reexamination proceeding or any other proceeding challenging their extent or validity. Seller is the applicant of record in all applications and registrations set forth on Schedule 2.13(a) hereto, and no opposition, extension of time to oppose, interference, rejection, or refusal to register has been received in connection with any such application. By not later than the date of the meeting of Seller's shareholders convened for the purpose of obtaining shareholder approval of the Transaction, Seller shall deliver to Purchaser Schedule 2.13(f) setting forth a complete and accurate list of all actions that must be taken in Korea and the United States by Seller or any other Person within 60 days of the Closing Date (assuming the Closing Date is March 31, 2004), including the payment of any registration, maintenance or renewal fees or the filing of any documents, applications or certificates for the purposes of maintaining, perfecting or preserving or renewing any rights in any such jurisdiction in any Intellectual Property listed in Schedule 2.13(a), and by not later than two weeks prior to the actual Closing Date Seller will provide Purchaser with an updated list of the foregoing which is complete and accurate as of the actual Closing Date (and not an assumed Closing Date).

(g) Seller and each of its Subsidiaries has taken reasonable steps to protect Seller's rights and/or the rights of Seller's Subsidiaries in material trade secrets, know-how or other confidential or proprietary information (including, without limitation, source code) of Seller or any of its Subsidiaries.

(h) The Transaction does not and will not trigger any provision under any license or agreement related to material software licensed by Seller and/or any of its Subsidiaries which is used in the Business (other than software for which Purchaser will not be obtaining any rights from Seller or any of Seller's Subsidiaries under any existing or future license) ("Licensed Software") to (i) renegotiate or increase the license, support or other fees or charges due under such license, or (ii) restrict, in any material way, Purchaser's use of the Licensed Software in the Business subsequent to the Closing Date.

(i) The information technology systems owned, licensed, leased, or otherwise held for use in the Business, including all computer hardware, software, firmware and telecommunications systems used in the Business, and to Seller's Knowledge, the information technology systems operated on behalf of the Business, perform in material conformance with the appropriate specifications or documentation for such systems and generally perform reliably. Seller and all of its Subsidiaries have taken commercially reasonable steps to provide for the archival in a manner which is customary in the industry, back-up, recovery and restoration of the critical business data of the Business.

(j) As used herein, the term "Intellectual Property" means (i) all inventions (whether patentable or unpatentable and whether or not reduced to practice), all improvements thereto, and all utility patent patents, utility models, utility applications, patent applications, and utility and patent disclosures, together with all reissuances, continuations, continuations-in-part, revisions, extensions, and reexaminations thereof, (ii) all copyrights, trademarks, service marks,

trade dress, logos, business product codes, domain names, trade names, and corporate names, and registrations, applications for registration, and renewals of registration, of the foregoing and all goodwill associated therewith, (iii) all mask works (whether registered or unregistered), industrial designs and registrations and applications for registration and renewals of registration of the foregoing, (iv) all trade secrets and confidential business information (including ideas, research and development, technology, know-how, formulas, compositions, manufacturing and production processes and techniques, technical data, designs, drawings, specifications, customer and supplier lists, pricing and cost information, and business and marketing plans and proposals), (v) all computer software (including data and related documentation and object and source codes), (vi) all web site designs, (vii) technology, know-how, designs and formulae, and (viii) all other intellectual property and all other proprietary rights recognized as such by applicable Law.

(k) Schedule 2.13(k) contains, to Seller's Knowledge, a complete and accurate list of all claims made since July 7, 1999 expressly alleging that the design, manufacture, distribution, sale or marketing of any product of the Business infringes, dilutes, misappropriates, or otherwise violates the Intellectual Property rights of any third party or requires a license of the Intellectual Property of a third party.

2.14. Inventory. The inventory of Seller relating to the Business reflected in the Interim Financial Statements or acquired by Seller after the Interim Balance Sheet Date and before the Closing Date (including the Inventory) is carried at the lower of cost or net realizable value determined in accordance with the Accounting Principles, and the value of obsolete or below standard quality materials has been written down in accordance with Seller's accounting principles consistently applied and the Accounting Principles. All inventory of Seller set forth or reflected in the Interim Financial Statements or acquired after the Interim Balance Sheet Date, was acquired and has been maintained in the ordinary course of business and is of good and merchantable quality and of a quality generally readily useable in the ordinary course of business. All such inventory is owned by Seller free and clear of any and all Liens, other than Permitted Liens. Seller has not consigned any inventory or entered into any similar arrangements with any wholesalers, dealers, retailers or other customers, other than as set forth on Schedule 1.1(b)(vi). Schedule 1.1(b)(vi) hereto lists the location of the Inventory of the Business as of the Interim Balance Sheet Date.

2.15. Accounts Receivable; Prepaid Expenses. The accounts receivable of Seller arising from the Business reflected in the Interim Financial Statements and/or the Closing Balance Sheet are valid and genuine; have arisen solely out of bona fide sales and deliveries of goods, performance of services and other business transactions in the ordinary course of business consistent with past practice; and to Seller's Knowledge, are not subject to valid defenses, set-offs or counterclaims. The prepaid expenses of Seller arising from the Business and all the prepaid expenses reflected in the Interim Financial Statements and/or the Closing Balance Sheet have been reflected in accordance with the Accounting Principles.

2.16. Labor Relations; Employees. (a) Set forth on Schedule 2.16(a) is a complete and accurate list of any unions or other labor organizations representing any Employee and the type

of Employee represented by each such union or other labor organization. There is no unfair labor practice charge pending or, to Seller's Knowledge, threatened against Seller relating to any of the Employees which could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. There are no negotiations or strikes, disputes, arbitrations, lawsuits, administrative proceedings, slow downs or stoppages relating to any of the Employees or the Business pending or, to Seller's Knowledge, threatened against or involving Employees or the Business which could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. No labor grievance relating to any of the Employees as relating to the Business is pending which would have a Material Adverse Effect. Seller has not in the past three years experienced any material work stoppage or other material labor difficulty or, to Seller's Knowledge, collective activity relating to any of the Employees or the Business.

(b) There are no pending, or, to Seller's Knowledge, threatened, claims against Seller or the Business asserted by any Employee which would have a Material Adverse Effect.

(c) Set forth on Schedule 2.16(c) is a complete and accurate list of the following information with respect to all of the Employees (identifying Employees by Employee number and not by name): job title, date of hire, assigned location, current base salary or hourly wage and overtime for all of the Employees actively employed as of December 24, 2003, including any such individual on short-term disability or approved leave of absence who was so employed immediately before such disability or absence. No Employee is entitled to any sick time other than time constituting accrued and unpaid leave.

2.17. Employee Benefit Plans. (a) Set forth on Schedule 2.17(a) hereto is a true and complete list of each oral or written employee pension benefit plan; employee welfare benefit plan; agreement with labor unions or associations representing Employees; or any overtime compensation, wages or bonus; incentive compensation; profit sharing; retirement; pension; group insurance; disability; salary continuation; unemployment; death benefit; health; dependent care; stock option; stock purchase; stock appreciation rights; savings; deferred compensation; consulting; severance, termination or change-of-control; leave, vacation, holiday, sick-day or sabbatical; life, health or dental insurance; hospital, medical or surgical care; accident, welfare; or other employee benefit or fringe benefit plan, program or Contract maintained, contributed to, or required to be contributed to, by Seller or any Subsidiary of Seller in respect of any Employee, or under which Seller or any Subsidiary of Seller has, or could reasonably be expected to have, any liability or responsibility with respect to any Employee (each of the foregoing collectively, the "Benefit Plans").

(b) As applicable with respect to each Benefit Plan, Seller has made available to Purchaser, true and complete copies of (i) each Benefit Plan (and in the case of an unwritten Benefit Plan, a written description thereof), including all amendments thereto and (ii) the current summary plan description and each summary of material modifications thereto.

(c) Seller and its Subsidiaries are in compliance in all material respects with all Laws applicable to each Benefit Plan.

(d) No Employee is entitled to any deferred compensation.

2.18. Absence of Undisclosed Liabilities. Except as disclosed in Schedule 2.18 hereto, (i) Seller has no liabilities or obligations of any nature with respect to the Business, whether direct or indirect, matured or unmatured or absolute, contingent or liquidated, accrued, determined, determinable or otherwise, and (ii) to Seller's Knowledge, there is no existing condition, situation, or set of circumstances that could reasonably be expected to result in such a liability or obligation, except with respect to (i) and (ii) for such liabilities and obligations which could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

2.19. No Pending Litigation or Proceedings. There are no actions, suits, investigations or proceedings pending against or, to Seller's Knowledge, threatened against or affecting, the Business or any of the Acquired Assets before any Authority, except as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. Except as disclosed in Schedule 2.19 hereto, there are no outstanding judgments, decrees or orders of any court or Authority against Seller, or any Subsidiary of Seller, which relate to or arise out of the conduct of the Business or the ownership, condition or operation of the Business or the Acquired Assets as of the date hereof, or, except for such judgments, decrees or orders as could not reasonably be expected to have a Material Adverse Effect, as of the Closing.

2.20. Products Liability; Product Warranty. (a) There are no (i) liabilities, fixed or contingent, with respect to any product liability (as distinct from warranty claims described in clause (ii) below) or any similar claim that relates to any product manufactured or sold by Seller to others in the conduct of the Business up to and including the Closing Date that are outstanding or arose during the past three years, or (ii) liabilities of Seller, fixed or contingent, which have been asserted, with respect to any claim for the breach of any express or implied product warranty or any other similar claim with respect to any product manufactured or sold by Seller to others in the conduct of the Business up to and including the Closing Date that are outstanding or arose during the past three years, in each case except as could not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

(b) Schedule 2.20 sets forth Seller's standard warranty and return policies applicable to products sold by Seller to others in the conduct of the Business.

2.21. Insurance. Seller maintains in effect insurance covering the Business, the Acquired Assets, and any liabilities relating thereto in the amounts and coverages set out in Schedule 2.21. Such insurance provides, and during its term has provided, coverage, in all material respects, to the extent and in the manner as may be or may have been required by Law and by any and all Acquired Contracts. No insurer has advised Seller in writing in the last two years that it intends to reduce coverage or increase any premium in any material respect or fail to renew any such policy or binder.

2.22. Relationship with Customers and Suppliers. Schedule 2.22 sets forth a true and correct list of (i) the names and addresses of the 20 largest customers of the Business in terms of

sales for the nine-month period ended September 30, 2003 (collectively, the "Key Customers"), setting forth the total sales to each such customer during each such period and (ii) the names and addresses of the 20 largest suppliers of Business in terms of purchases for the nine-month period ended September 30, 2003 (collectively, the "Key Suppliers"), setting forth for each such supplier the total purchases from each such supplier during each such period. Since the Interim Balance Sheet Date, there has not been any material modification to the terms of any Contract with the Key Customers or Key Suppliers, and none of such Contracts has been terminated. There are no ongoing discussions with any of the Key Customers or Key Suppliers in connection with any such modification to the terms of any Contract with the Key Customers or Key Suppliers, or in connection with any termination of such Contracts. To Seller's Knowledge, no Key Customer or Key Supplier has informed Seller in writing it intends to take any action to materially modify the terms of any current Contract with Seller relating to the Business or terminate any such Contract or materially adversely change its business or relationship with the Business as a result of the Transaction. Seller has made available to Purchaser true and correct copies of (i) all Contracts with Key Customers and Key Suppliers and (ii) all draft agreements, correspondence and written communications in any way relating to any currently proposed material modification, termination, extension or renewal of any Contracts with Key Customers or Key Suppliers. Schedule 2.22 sets forth, with respect to each Contract with Key Customers or Key Suppliers, (w) the name of the Key Customer or Key Supplier, (x) the expiration date of such Contract, (y) the status of such Contract (whether the contract is being modified, terminated, extended or renewed) and (z) whether consent is required to assign such Contract to Purchaser at Closing.

2.23. Condition of Assets. The Equipment and Other Tangible Personal Property are in good and serviceable condition and fit for the purposes for which they are used in the Business, subject to normal maintenance requirements and normal wear and tear reasonably expected in the ordinary course of business.

2.24. Transactions with Related Parties. Since January 1, 1998, no Subsidiary of Seller and no officer or director of any such Subsidiary has or has had:

(a) borrowed money from (other than in the ordinary course of business pursuant to established policies of Seller) or loaned money to Seller for the benefit of the Business;

(b) any contractual or other claims made against Seller relating to the Business or the Acquired Assets;

(c) any interest in the Acquired Assets or any property or assets used by Seller in the Business; or

(d) engaged in any material transaction with Seller relating to the Business or the Acquired Assets (other than employment relationships).

2.25. Brokerage. Except for Deutsche Bank, Seller and its Subsidiaries have not made any agreement or taken any other action which might cause any Person to become entitled to a broker's or finder's fee or commission as a result of the Transaction. Seller shall bear all such costs and expenses in accordance with Seller's agreement with such firm.

2.26. Due Consideration. The sale of the Acquired Assets pursuant to this Agreement is not being made with the actual intent to hinder, delay or defraud any Person to whom any of Seller or any of its Subsidiaries are indebted. Seller has valid business reasons for selling the Acquired Assets.

2.27. Management Data. None of the information contained on Schedule 2.27, to the extent that it purports to represent historical information, contains any untrue statement of a material fact or omits a material fact necessary to make the statements contained therein not misleading in light of the circumstances under which they were made.

2.28. Employee Bank Loans. The aggregate outstanding principal amount of all Employee Bank Loans does not exceed KRW 11.7 billion excluding any Employee Bank Loans existing as of the date hereof with respect to Employees of Seller to become employees of the Business at or prior to Closing as contemplated by Section 4.3.

2.29. NO OTHER REPRESENTATIONS. EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES CONTAINED IN THIS ARTICLE II, NEITHER SELLER NOR ANY OTHER PERSON OR ENTITY ACTING ON BEHALF OF SELLER MAKES ANY REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED.

## ARTICLE III

## REPRESENTATIONS AND WARRANTIES OF PURCHASER

Purchaser represents and warrants to Seller as follows:

3.1. Organization and Good Standing. Purchaser is duly incorporated and validly existing under the Laws of Korea.

3.2. Authorization and Enforceability. Purchaser has the requisite corporate power and authority to execute, deliver and perform this Agreement and will have the requisite corporate power and authority to execute, deliver and perform the Purchaser Transaction Documents as of the Closing Date. The execution, delivery and performance of this Agreement by Purchaser has been and, as of the Closing Date the Purchaser Transaction Documents will be, duly authorized by all necessary action on the part of Purchaser, including, if necessary, approval of its shareholders. This Agreement has been, and as of the Closing Date the other Purchaser Transaction Documents will be, duly executed and delivered by Purchaser. This Agreement is, assuming due and valid authorization, execution and delivery hereof by Seller, a legal, valid and binding obligation of Purchaser, enforceable against Purchaser in accordance with its terms, except to the extent that such enforceability may be subject to applicable bankruptcy, insolvency,

reorganization, moratorium and similar Laws affecting the enforcement of creditors rights generally and by general equitable principles. As of the Closing Date, the Purchaser Transaction Documents will be, assuming due and valid authorization, execution and delivery hereof by Seller, the legal, valid and binding obligations of Purchaser, enforceable against Purchaser in accordance with their respective terms, except to the extent that such enforceability may be subject to applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting the enforcement of creditors rights generally and by general equitable principles.

3.3. No Violation of Laws or Agreements. The execution, delivery and performance of this Agreement and the Purchaser Transaction Documents do not, and the consummation of the Transaction will not, (a) contravene any provision of the articles of incorporation or bylaws of Purchaser; (b) violate, conflict with, result in a breach of, or constitute a default (or an event which might, with the passage of time or the giving of notice, or both, constitute a default) under, or result in or permit (whether after the giving of notice or lapse of time or both) the termination, modification, acceleration, or cancellation of, or result in the creation of any Lien of any nature whatsoever upon any assets of Purchaser or give any other any interests or rights therein under (i) any indenture, mortgage, loan or credit agreement, license, instrument, lease, contract, plan, permit, or other agreement to which Purchaser is a party, or by which Purchaser may have rights or by which Purchaser or any of the assets of Purchaser may be bound or affected, or (ii) any judgment, injunction, writ, award, decree, restriction, ruling or order of any Authority, domestic or foreign, or any applicable constitution, Law, ordinance, rule or regulation, except, in the case of the foregoing clause (b)(i), for such violations, conflicts, breaches, defaults, default events, terminations, modifications, accelerations, cancellations or Liens that, individually or in the aggregate, could not reasonably be expected to materially impair the ability of Purchaser to consummate the Transaction.

3.4. Consents. Except as set forth on Schedule 3.4 or as could not reasonably be expected, individually or in the aggregate, (i) to have a material adverse effect on Purchaser's assets or operation of business or (ii) to materially impair Purchaser's ability to consummate the Transaction, no consent, approval or authorization of, or registration or filing with, any Authority or other Person is required in connection with the execution, delivery and performance of this Agreement or the Purchaser Transaction Documents or the consummation of the transactions contemplated hereby or thereby by Purchaser.

3.5. Brokerage. Purchaser, Warrant Issuer and their respective Subsidiaries have not made any agreement or taken any other action which might cause any Person to become entitled to a broker's or finder's fee or commission as a result of the Transaction.

3.6. Ability to Evaluate and Bear Risk. Purchaser is able to bear the economic risk of purchasing and holding the Acquired Assets and the Business and assuming the Assumed Liabilities for an indefinite period, and has knowledge and experience in financial and business matters such that it is capable of evaluating the risks of the investment in the Acquired Assets and the Business.

3.7. Litigation. There are no actions, suits, investigations or proceedings pending against or, to Purchaser's knowledge, threatened against Purchaser, Warrant Issuer or any of their respective Subsidiaries before any Authority that, individually or in the aggregate, could reasonably be expected, to impede the ability of Purchaser to consummate the Transaction.

3.8. Equity Financing. Attached hereto as Schedule 3.8(A) and Schedule 3.8(B) are true and complete copies of the letters, each dated as of the date hereof, executed by Warrant Issuer and Citigroup Venture Capital Equity Partners, L.P. and by System Semiconductor Luxembourg S.à r.l., CVC Capital Partners Asia Pacific LP and Asia Investors LLC, respectively (the "Equity Commitment Letters"). The Equity Commitment Letters have not been amended or modified prior to the date of this Agreement, and the commitments contained in the Equity Commitment Letters have not been withdrawn or rescinded in any respect. There are no agreed conditions precedent or other agreed contingencies related to the funding of the full amount of such equity commitments, other than as set forth in the Equity Commitment Letters.

## ARTICLE IV

## COVENANTS

4.1. Conduct of Business. From the date of this Agreement to the Closing Date:

(a) Seller shall, and shall cause its Subsidiaries to, operate in all material respects in the ordinary course of business with respect to the Business, and use its commercially reasonable efforts (i) to conduct, carry on and maintain and preserve the Business intact; (ii) to comply in all material respects with all applicable Laws; (iii) to maintain and preserve its relationships with and the goodwill of major suppliers and customers and others who have substantial business relations with the Business; (iv) to maintain the Acquired Assets, as well as books of account, records and files related to the conduct of the Business and key Employees, all in the ordinary course of business and consistent with prior practice and to make the same available in all material respects to Purchaser as of the Closing, to the extent such items are Acquired Assets; (v) to keep available to Purchaser the Employees of the Business; and (vi) to operate the Business in all material respects in accordance with such portions of the business plan attached hereto as Schedule 4.1 that are attributable to the period between the date hereof and the Closing Date, other than to the extent such business plan relates to capital expenditures, which shall be governed solely by Section 4.13, and the implementation of the plan for the separation of the Business from the other businesses of Seller, which shall be governed solely by Section 4.3.

(b) Seller shall inform Purchaser in writing of any event or circumstance that has or could reasonably be expected to have a Material Adverse Effect promptly after Seller's Knowledge of any such event or circumstance.

(c) Seller and its Subsidiaries shall not, without the prior written consent of Purchaser, take or omit to take any action which would result in any of the occurrences or events set forth in Section 2.5(a), (b), (e), (g), (i) (without regard to the KRW limitation set forth therein), (j), (k), (l), (m), (n) or (o) hereof.

(d) Seller shall, and shall cause its Subsidiaries to, use commercially reasonable efforts consistent with past practice to preserve and to keep in effect any rights in, to or for the use of any Permit of the Business; except where the failure to preserve or keep in effect any such Permit could not (with notice, the passage of time or both) reasonably be expected to materially impair the conduct of the Business as currently conducted.

(e) Seller shall, and shall cause its Subsidiaries to, use commercially reasonable efforts consistent with past practice to preserve and to keep in effect any rights in, to or for the use of any of the Intellectual Property used or held for use in the conduct of the Business.

4.2. Access, Information and Documents.

Seller shall, and shall cause its Subsidiaries to, afford to Purchaser and its representatives (including Purchaser's agents, accountants, counsel, surveyors, financing sources and employees), reasonable access during regular business hours throughout the period from the date of this Agreement to the Closing Date to all their respective books, documents, records, properties and facilities that relate to the Business and, during such period, shall furnish as promptly as reasonably practicable to Purchaser all available information as Purchaser reasonably may request to the extent relating to the Business in furtherance of the Transaction. Seller shall, and shall cause its Subsidiaries to, permit Purchaser, its representatives and financing sources reasonable access throughout the period from the date of this Agreement to the Closing Date to discuss matters related to the Business with the officers, directors, employees and auditors of Seller and its Subsidiaries. Notwithstanding the foregoing, no such access shall unreasonably interfere with the operation of the respective business of Seller and its Subsidiaries and neither Seller nor any of its Subsidiaries shall be obligated to disclose to Purchaser any information the disclosure of which, in the reasonable opinion of Seller, as confirmed by the advice of Seller's legal counsel, would violate applicable Laws or any other legal obligation of Seller or its Subsidiaries. Any non-public information provided by Seller to Purchaser shall be governed by the terms of Section 4.15.

4.3. Implementation of Separation. From and after the date hereof until the Closing Date, Seller shall use its commercially reasonable efforts to implement the separation plan attached hereto as Schedule 4.3 (the "Separation Plan") in accordance with the timetable set forth therein. Seller and Purchaser agree to jointly and promptly identify and discuss in good faith a schedule of the additional employees of Seller (which is expected to consist of approximately 175 people) who will become employees of the Business at or prior to Closing whose principal functions will be accounting, finance, human resources and purchasing. Seller and Purchaser shall use their respective commercially reasonable efforts to minimize the costs and expenses relating to the separation of the Business from Seller and transitioning the Business to a standalone business ("Separation Plan Costs"). Seller shall pay for the Separation Plan Costs arising from the implementation of the Separation Plan between the date hereof and the Closing Date up to a maximum of KRW 4,878,000,000.

4.4. Monthly Financial Statements; Accounting Engagement.

(a) By no later than the 15th day of each calendar month or if such day is not a business day, the next succeeding business day, beginning the month immediately following the date hereof, Seller shall deliver to Purchaser the consolidated profit and loss statements of the Business, prepared on the basis of available managerial accounts and the template set forth on Schedule 4.4(a), for the previous month and for that part of the fiscal year ending with such month (the "Monthly Financial Statements").

(b) Seller and Purchaser shall jointly appoint a team of accountants, from Samil PricewaterhouseCoopers, who has performed audits on Seller in the past, and has been involved in the Transaction (the "Joint Accountants"). Beginning promptly following the date hereof, the Joint Accountants shall perform (i) an audit in accordance with auditing standards generally accepted in the United States of America ("United States") of the financial statements, prepared under accounting principles generally accepted in the United States ("US GAAP") and suitable for inclusion in a potential filing with the Securities and Exchange Commission in the United States, with respect to the Business on a carve-out basis as of December 31, 2002, December 31, 2003, and March 31, 2004 and for each of the three years in the period ended December 31, 2003 and for the three-month period ended March 31, 2004, which shall include a reconciliation of net income and net assets from US GAAP to those items prepared under accounting principles generally accepted in Korea ("Korean GAAP") and a condensed Korean GAAP balance sheet, income statement and cash flow statement, all presented in a footnote (the "Audits") and (ii) a reconciliation of EBITDA derived from such Korean GAAP financial information to EBITDA as determined pursuant to the Accounting Principles (the "AUP EBITDA" and, together with the Audits, the "Accounting Engagement"). Purchaser shall pay 65% of the cost of the Accounting Engagement and Seller shall pay 35% of the cost of the Accounting Engagement. Seller will provide, and will cause its Subsidiaries to provide, all reasonable cooperation to the Joint Accountants in connection with completing the Accounting Engagement, including providing reasonable access at all reasonable times to Seller's personnel, accountants and books, records, documents, working papers (subject to execution of a customary accountant's access letter) and other information related to the foregoing, except that Seller shall not be required to provide access to the asset accounting information, including asset revaluation in 1994 and 1998, for any facilities located at Seller's Ichon site.

4.5. Approvals; Financing.

(a) Seller shall use all commercially reasonable efforts to obtain, as soon as reasonably practicable after the date hereof, but in no event later than seven weeks from the date hereof, approval of the Transaction from the shareholders of Seller. Seller agrees to call a meeting of its shareholders for the purpose of obtaining shareholder approval of the Transaction to be held no later than seven weeks from the date hereof. Purchaser shall use all commercially reasonable efforts to obtain, as soon as reasonably practicable after the date hereof, the approval of the Korean Ministry of Commerce, Industry and Energy contemplated by Section 5.2(c) hereof.

(b) Purchaser shall use all commercially reasonable efforts to effect the Financing on or prior to the Closing Date. If the lenders with respect to the Financing so require, in order to provide the Financing on the terms and conditions set forth in the term sheet attached as Exhibit C, Seller shall enter into the definitive documentation with respect to the Term Debt portion of the Financing (the "Loan Documents") and Purchaser shall assume such Loan Documents at the Closing, on the following terms and conditions: (i) Seller and Purchaser shall enter into an assignment and assumption agreement reasonably satisfactory to both parties pursuant to which Seller shall assign and Purchaser shall assume such Loan Documents and all liabilities and obligations thereunder, effective as of the Closing Date, (ii) Seller shall enter into the Loan Documents on such terms and conditions as are requested by Purchaser, (iii) Seller shall not have incurred any liability or borrowed any funds under the Loan Documents (provided that it is understood that the initial indebtedness under the Term Debt portion of the Financing may be indebtedness that was first incurred by Seller under its existing credit agreements and assigned to Purchaser at Closing), (iv) such Loan Documents shall provide that Purchaser's liabilities and obligations under the Loan Documents (A) do not exceed what its liabilities and obligations would have been under the terms and conditions set forth in the term sheet attached as Exhibit C and such other terms and conditions as would have been reasonably acceptable to Purchaser had the Term Debt been incurred directly by Purchaser and (B) do not extend to any other liabilities or obligations of Seller or any of its Subsidiaries, (v) Seller shall execute, acknowledge and deliver to Purchaser such other instruments, documents, certifications, and further assurances, and take such other actions, as Purchaser may reasonably require in order to carry out the purpose of the preceding clause (iv)(B) (such arrangement, the "Assumed Financing Arrangement") and (vi) at Closing, (A) any costs or expenses up to KRW50 million, including actual attorney's fees, incurred by Seller in connection with the preparation, negotiation and execution of the Loan Documents and the Assumed Financing Arrangement and (B) any Taxes or fees, including actual legal agent fees, relating to the establishment of any Lien in connection therewith shall be paid by Purchaser or reimbursed to Seller by Purchaser, as the case may be, provided that if any Lien, the obligor of which is Seller, is or has been established in relation to the Term Debt, Seller shall cooperate to change the obligor thereof to Purchaser pursuant to the Assumed Financing Arrangement, and provided further that Seller shall be absolutely and irrevocably released from the obligations and responsibilities under such Term Debt so assumed by Purchaser as at the Closing. For the avoidance of doubt, if the parties proceed with the Assumed Financing Arrangement, the Cash Purchase Price shall be reduced at the Closing accordingly on a Won-for-Won basis by the amount of any indebtedness incurred by Purchaser under the Assumed Financing Arrangement as of the Closing.

4.6. Mutual Covenants. The parties mutually covenant from the date of this Agreement to the Closing Date (and subject to the other terms of this Agreement, including Section 4.7 hereof):

(a) to cooperate with each other in determining whether any filings are required to be made or any consents, approvals, permits or authorizations are required to be obtained in any jurisdiction in connection with the consummation of the Transaction and in making or causing to be made any such filings promptly and in seeking to obtain timely any such consents, approvals, permits or authorizations;

(b) to use all reasonable efforts to satisfy, or cause the satisfaction of, promptly (but not waiver of) the conditions to the Closing of the Transaction (each party hereto shall furnish to the other and to the other's counsel all such information as may be reasonably required in order to effectuate the foregoing action); and

(c) to advise the other party promptly if such party determines that any condition precedent to such party's obligations hereunder will not be satisfied in a timely manner.

4.7. Antitrust Filings. Seller and Purchaser, as appropriate, shall as reasonably promptly as practicable, make or cause to be made all filings and submissions under Laws applicable to it or its Affiliates, as the case may be, as may be required in connection with the Transaction, including all notifications and information to be filed or supplied pursuant to the United States Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act"), the Monopoly Regulation and Fair Trade Act of Korea (and enforcement decrees and regulations issued thereunder) (the "MRFTA") and similar competition and antitrust Laws of other Authorities ("Antitrust Laws"). Any such filings and supplemental information will be in substantial compliance with the requirements of applicable Law. Subject to applicable Laws relating to the sharing of information, each of Seller and Purchaser shall furnish to the other such necessary information and reasonable assistance as the other may reasonably request in connection with its preparation of any filing or submission that is necessary under the HSR Act, the MRFTA or Antitrust Laws. Seller and Purchaser shall keep each other apprised of the status of any communications with, and inquiries or requests for additional information from, any Authority, including the United States Federal Trade Commission ("FTC"), the Antitrust Division of the United States Department of Justice (the "DOJ") and other similar Authorities, and shall comply with any such inquiry or request. Each of Seller and Purchaser will use its commercially reasonable efforts to obtain any clearance required under the HSR Act, MRFTA and Antitrust Laws for the Transaction. Seller and Purchaser shall bear all of their respective fees due to the FTC or DOJ under the HSR Act or to any Authority under the MRFTA or Antitrust Laws in connection with all filings and submissions and costs of preparing any information required in connection with any such filings and submissions.

4.8. Public Announcement. Prior to Closing, neither Seller nor Purchaser shall make or issue, or cause to be made or issued, any public announcement or public written statement concerning this Agreement or the Transaction (except disclosure to creditors or financing sources who agree to keep such information confidential) without the prior written consent of the other party (which will not be unreasonably withheld or delayed), except as required by applicable Law or listing standards provided that the disclosing party gives the non-disclosing party adequate opportunity, to the extent reasonably practicable, to review and comment on the form and substance of such disclosure.

4.9. Further Assurances. Seller will, and will cause its Subsidiaries to, from time to time after the Closing, at Purchaser's request, execute, acknowledge and deliver to Purchaser such other instruments of conveyance and transfer and take such other actions and execute such other documents, certifications, and further assurances as Purchaser may reasonably require in order to put Purchaser in possession or more fully in possession of any of the Acquired Assets in accordance with the terms of this Agreement. Subject to Section 1.4, each party shall cooperate and deliver such instruments and take or cause to be taken such action as may be reasonably requested by the other party in order to carry out the provisions and purposes of this Agreement and the Transaction, including any reasonable action reasonably requested by the other party to assign and transfer the Permits to Purchaser and record the transfer of the Intellectual Property in accordance with Section 1.1.

4.10. Cooperation. Purchaser and Seller shall cooperate and shall cause their respective Subsidiaries, officers, employees, agents and representatives to cooperate with respect to the orderly transition of the Business from Seller to Purchaser and to minimize the disruption to the Business resulting from the Transaction.

4.11. Employees.

(a) Within five Business Days of the date hereof, Seller shall deliver to Purchaser Schedule 2.16(c) revised to identify Employees by name. At the Closing, Seller shall deliver to Purchaser an updated Schedule 2.16(c) which shall disclose all of the information required by Section 2.16(c) as of the 24th day of the calendar month immediately preceding the month in which the Closing occurs and shall include all Employees designated to become employees of the Business. With respect to any Employee who is not actively employed due to short-term disability or approved leave of absence, the updated Schedule 2.16(c) shall indicate the reason for such absence and the date such individual is reasonably expected to return to active employment.

(b) Purchaser shall, promptly after Seller has obtained approval of the Transaction from its shareholders, extend to each and all Employees listed on Schedule 2.16(c) (including those Employees designated to become employees of the Business pursuant to Section 4.3) an offer of employment effective as of 12:01 A.M. on the day immediately following the Closing Date on terms and conditions that are no less favorable in the aggregate than those provided to such Employees as of the Closing Date to the extent such terms and conditions have been disclosed to Purchaser; provided however, that with respect to those Employees on short-term disability or an approved leave of absence, Purchaser shall offer employment to such Employees upon their return from short-term disability or approved leave of absence. All Employees to whom Purchaser offers employment and who accept and commence such employment are herein referred to as the "Transferred Employees." At the Closing, Purchaser shall assume the terms and conditions of any collective bargaining agreement set forth on Schedule 2.16(a) to the extent applicable to the Transferred Employees. Purchaser shall use its

commercially reasonable efforts to not terminate any Transferred Employee, except as permitted by Law or as agreed to by any such Transferred Employee, for a period of two years from the Closing Date. Purchaser shall have no obligation whatsoever with regard to (i) individuals who are Former Employees as of the day prior to the Closing or (ii) Employees who do not accept the offer of employment given by Purchaser in accordance with this Section 4.11(b).

(c) Seller shall before the Closing Date obtain a release and waiver from each Transferred Employee confirming whether he elects to have Seller pay the amount of his severance pay accrued as of the Closing Date, or to have such accrued severance pay carried over to his employment by Purchaser, and releasing Seller from any liability in respect thereof and in respect of any salary, wage, leave or other benefits owed to him (other than any severance payment in accordance with Section 4.11(d)) up to the Closing Date, releasing Purchaser from any liability in respect thereof with respect to Transferred Employees who have elected to have Seller pay the amount as of the Closing Date and waiving any claims against Seller and Purchaser in connection with the Transaction. Seller shall promptly pay and/or reimburse Purchaser upon request for all Pre-Closing Employee Liabilities.

(d) To the extent that any Transferred Employee elects to receive his/her severance payment accrued prior to the Closing Date (the "Accrued Severance Payment") from Seller, Seller shall prepare and deliver to Purchaser at least five Business Days prior to the Closing Date, a notice (the "Severance Payment Notice") stating (i) Seller's good faith estimate of the aggregate amount of the Accrued Severance Payments, (ii) whether Seller reasonably believes in good faith that the Aggregate Accrued Severance Payment will exceed KRW 15 billion (which shall be accompanied by reasonable documentation supporting such belief) and (iii) whether Seller elects to pay the amount, if any, by which the Aggregate Accrued Severance Payment exceeds KRW 15 billion (the "Excess Severance"). Seller shall timely pay the Accrued Severance Payment, as calculated in accordance with applicable Law, to each Transferred Employee who elects such option and who accepts Purchaser's offer of employment pursuant to Section 4.11(b) and executes a release and waiver in accordance with Section 4.11(c) (the sum of such Accrued Severance Payments being the "Aggregate Accrued Severance Payment"). Within two Business Days after such payments are made by Seller to such Transferred Employees, Seller shall deliver a statement to Purchaser of the aggregate amount of the Accrued Severance Payments actually paid by Seller to such Transferred Employees (the "Actual Severance Payment"), together with supporting documentation for such amount reasonably satisfactory to Purchaser. Purchaser shall reimburse Seller, after receipt of such statement and supporting documentation from Seller, in cash by wire transfer, as follows: (i) 100% of the first KRW 4 billion of the Actual Severance Payment and, if Purchaser so elects pursuant to Section 5.3(g), 100% of the amount of the Excess Severance to the extent paid by Seller, in each case within seven days after Seller's payment of the Actual Severance Payment to relevant Transferred Employees, but in no event prior to the Closing Date; (ii) 50% of the next KRW 11 billion of the Actual Severance Payment within seven days of Seller's payment of the Actual Severance Payment to relevant Transferred Employees, but in no event prior to the Closing Date, and the remaining 50% of such KRW 11 billion within six months after the Closing Date; and (iii) 100% of the amount of any Excess Severance, to the extent not paid pursuant to clause (i) of this sentence, in equal annual installments on each of the first six anniversaries of the Closing Date.

(e) With respect to loans provided by third party financial institutions to the Transferred Employees (the "Employee Bank Loans"), the payment obligations of which have been guaranteed by Seller in favor of such lending institutions, Purchaser shall provide a joint and several guarantee in favor of such institutions, in form and substance reasonably satisfactory to such financial institutions and to Seller and Purchaser, that is to take effect from the Closing Date, in respect of the obligations of any Transferred Employee to make any and all payments under the relevant Employee Bank Loan (the "Employee Bank Loan Guarantees"). As used herein, "Net Exposure" means the amount that each of the guarantors of the Employee Bank Loans is called upon to pay pursuant to the Employee Bank Loan Guarantees, net of any sums actually recovered from or against the Employees by the applicable guarantor in respect of such Employee Bank Loans. The parties agree to the following allocation of the aggregate Net Exposure, regardless of which party actually makes payment under any Employee Bank Loan Guarantee at any point in time: Purchaser shall be responsible for the first KRW 4.7 billion of any Net Exposure and Seller shall be responsible for any Net Exposure in excess thereof. To effect such allocation, Purchaser and Seller agree that if, as a result of payments required to be made by one party under its Employee Bank Loan Guarantees at any given time, such party is required to make payments inconsistent with the foregoing allocation, the other party shall promptly reimburse the party required to make such payment. Seller and Purchaser shall use their commercially reasonable efforts, subject to applicable Law, to recover sums from or against the Employees in respect of the Employee Bank Loans in accordance with Seller's past practices that Seller has applied with respect to the collection of Employee Bank Loans. Seller and Purchaser shall use their commercially reasonable efforts to refinance the Employee Bank Loans when they mature and to extend the Employee Bank Loan Guarantees. Seller shall not incur any new Employee Bank Loan Guarantees after the date hereof.

(f) At the Closing, Seller shall deliver to Purchaser an updated Schedule 1.1(b)(xv), which shall disclose all of the information required by Section 1.1(b)(xv) as of two days prior to the Closing Date.

4.12. Taxes. (a) No election with respect to Taxes relating to or in any way affecting the Acquired Assets or the Business after Closing may be made or changed by Seller after the date of this Agreement without the prior written consent of Purchaser.

(b) Each of Seller and Purchaser shall provide the other party with such information and records as may be reasonably requested by such other party requesting them in connection with the preparation of any Tax return, any audit or other examination by any Taxing authority or any judicial or administrative proceeding with respect to Taxes that relates to Taxes with respect to the Acquired Assets or the Business.

4.13. Capital Expenditure. Prior to Closing, Seller shall use commercially reasonable efforts to release all purchase orders for the capital expenditures set forth on Schedule 4.13 and to have the equipment related to such capital expenditures delivered, in each case substantially in

accordance with, and substantially on the timetable contemplated by, the management plan set forth on Schedule 4.13. Without limiting the foregoing, at Closing, the Cash Purchase Price shall be (a) increased by the amount, if any, by which Seller has paid (as evidenced by reasonable documentation provided to Purchaser) between December 1, 2003 and the Closing Date more than KRW 56.2 billion for capital expenditures for the Business and (b) decreased by the amount, if any, by which Seller has paid (as evidenced by reasonable documentation provided to Purchaser) between December 1, 2003 and the Closing Date less than KRW 56.2 billion for capital expenditures for the Business. For the avoidance of any doubt, upon Closing, any outstanding purchase orders for the capital expenditures set forth on Schedule 4.13 shall constitute Assumed Liabilities and the rights to receive the equipment ordered thereunder shall constitute Acquired Assets. The adjustment to the Cash Purchase Price at Closing pursuant to this Section 4.13 shall be based on reasonable documentation evidencing Seller's payments provided to Purchaser at least two days prior to the Closing Date. If, based on reasonable documentation provided by Seller to Purchaser between the second day prior to the Closing Date and the fifth Business Day after the Closing Date, the adjustment to the Cash Purchase Price at Closing pursuant to this Section 4.13 would have been different if such documentation had been taken into account in computing the adjustment made at Closing, then a payment shall be made within 10 Business Days after the Closing Date by Purchaser to Seller or by Seller to Purchaser (as applicable) so that the adjustment made at Closing, taken together with such payment, equals the adjustment that would have been made at Closing had such documentation been taken into account at Closing.

4.14. [intentionally left blank]

4.15. Confidentiality.

(a) At all times after the Closing Date, Seller shall, and shall cause each of its Subsidiaries and representatives to, keep confidential all data, trade secrets, proprietary secrets and any other confidential information regarding the Business and not disclose such confidential information to anyone other than Purchaser, except with the express written consent of Purchaser or as required by Law, order or legal process. Confidential information shall not be deemed to include information (i) that is or becomes generally available to the public other than by breach of these confidentiality obligations by Seller, (ii) is or becomes available to Seller or any of its Subsidiaries from any person who is not subject to any confidentiality obligation to Purchaser, (iii) is developed after the Closing by or on behalf of Seller or any of its Subsidiaries without reliance on confidential information regarding the Business acquired prior to the Closing or (iv) to the extent Seller uses such information in the ordinary course of its business under any right or license to so use such information from Purchaser. In the event Seller or any of its Subsidiaries or representatives is required by Law, order or legal process to disclose any such confidential information, such person will promptly notify Purchaser in writing so that Purchaser may, at its expense, seek a protective order and/or other motion to prevent or limit the production or disclosure of such confidential information; provided that in the absence of a protective order or the receipt of a waiver from Purchaser after a request in writing therefor is made by any such person, if any such person is legally required to disclose confidential information, such person will be entitled to disclose such information without liability under these confidentiality provisions.

(b) Purchaser shall, and shall cause each of its Affiliates and representatives to, keep confidential all data, trade secrets, proprietary secrets and any other confidential information of Seller disclosed heretofore or hereafter by Seller to Purchaser, other than any such information included in the Acquired Assets, and not disclose such confidential information to anyone other than Seller, except with the express written consent of Seller or as required by Law, order or legal process. Confidential information shall not be deemed to include information (i) that is or becomes generally available to the public other than by breach of these confidentiality obligations by Purchaser, (ii) is or becomes available to Purchaser or any of its Affiliates from any person who is not subject to any confidentiality obligation to Seller, (iii) is developed after the Closing by or on behalf of Purchaser or any of its Affiliates without reliance on confidential information of Seller acquired prior to the Closing or (iv) to the extent Purchaser uses such information in the ordinary course of its business under any right or license to so use such information from Seller. In the event Purchaser or any of its Affiliates or representatives is required by Law, order or legal process to disclose any such confidential information, such person will promptly notify Seller in writing so that Seller may, at its expense, seek a protective order and/or other motion to prevent or limit the production or disclosure of such confidential information; provided that in the absence of a protective order or the receipt of a waiver from Seller after a request in writing therefor is made by any such person, if any such person is legally required to disclose confidential information, such person will be entitled to disclose such information without liability under these confidentiality provisions.

(c) Notwithstanding the foregoing, each party to this Agreement (and any employee, representative or other agent of each party to this Agreement) may disclose to its respective officers, directors, advisors and representatives, without limitation of any kind, the Tax treatment and Tax structure of the Transaction and all materials of any kind (including opinions or other Tax analyses) that are provided to it relating to such Tax treatment and Tax structure; provided, however, that such disclosure may not be made to the extent required to be kept confidential to comply with any applicable domestic or foreign securities Laws; provided further that (to the extent not inconsistent with the foregoing) such disclosure shall be made without disclosing the names or other identifying information of any party.

4.16. No Solicitation. (a) During the period from the date hereof until the date of the Closing, or such earlier date as this Agreement may be terminated as provided herein (the "Exclusivity Period"), Seller shall not, and shall cause its Subsidiaries, officers, directors, advisors and representatives (collectively, the "Seller Representatives") not to, directly or indirectly, (i) solicit, initiate, facilitate or encourage the initiation of any inquiries or the submission of any proposals regarding any merger, business combination, reorganization, recapitalization, liquidation, sale of all or substantially all assets, sale of equity interests or any proposal or offer to acquire, directly or indirectly, any partnership interest, or any other equity, participation or voting interest, or other similar transactions involving the Business (any of the foregoing inquiries or proposals being referred to herein as an "Acquisition Proposal"), (ii)

engage in negotiations or discussions concerning, or provide or disclose any information or afford access to the books and records of Seller or any of its Subsidiaries to any Person considering making, or that has made, any Acquisition Proposal or (iii) agree to, approve or recommend any Acquisition Proposal. Without limiting the foregoing, it is understood that any violation of the restrictions set forth in the preceding sentence by any Seller Representative, whether or not such Person is purporting to act on behalf of Seller or its Subsidiaries or otherwise, shall be deemed to be a breach of this exclusivity covenant by Seller.

4.17. Appraisal Financing. If shareholders of Seller have exercised their appraisal rights with respect to the Transaction in an aggregate amount in excess of KRW 40 billion, Seller shall, within three Business Days following the expiration of the period in which such shareholders are entitled to exercise such rights and the period in which the amount of such appraisal rights is fixed under Korean law (the "Appraisal Rights Exercise Period"), notify Purchaser of such fact and state in such notice whether Seller elects to waive the condition to closing set forth in Section 5.3(b). In the event that Seller does not state in such notice its election to waive the condition to closing set forth in Section 5.3(b), then Purchaser shall be entitled to elect, in its sole discretion and subject to the remaining provisions of this Section 4.17, to fund the amount exceeding KRW 40 billion (the "Excess Appraisal Amount") and shall provide Seller with written notice of such election within three Business Days of Purchaser's receipt of Seller's notice pursuant to this Section 4.17. In the event that Purchaser so elects to fund the Excess Appraisal Amount, Purchaser shall pay such Excess Appraisal Amount to Seller at Closing, which shall in no event occur later than 25 days after expiration of the Appraisal Rights Exercise Period. If Purchaser elects to fund the Excess Appraisal Amount, Purchaser will have the right to determine the timing of the resale by Seller of any such acquired shares, and Seller shall sell such acquired shares on Purchaser's behalf, subject to relevant Law. Purchaser shall be entitled to the proceeds from any such resales (less any sales costs), and such proceeds shall represent payment in full by Seller and shall constitute Purchaser's sole recourse with respect to the financing of the Excess Appraisal Amount.

4.18. Services for Cheongju Facilities. If Seller sells the Owned Facilities located at Seller's Cheongju Site ("Cheongju Facilities"), Seller shall cause any and all services provided by third parties (including waste water purification services) for the operation of Seller's business at Cheongju Facilities to be provided to Purchaser for its operation of the Business at Buildings R, C1 and C2 located at Seller's Cheongju Site after such sale.

4.19. Registration of Intellectual Property; Transfer of Intellectual Property after the Closing; Extension/Sublicense.

(a) On or prior to the Closing, Seller shall cause, at its expense, all registered Intellectual Property included on Schedule 1.1(b)(iv) to be registered in the name of Seller.

(b) After the Closing, Purchaser shall, upon the request of Seller, take such steps as are reasonably necessary to promptly assign, transfer, deliver and convey ownership to Seller of any Intellectual Property that is not an Acquired Asset in accordance with the terms hereof but was included in Schedule 1.1(b)(iv) hereto. After the Closing, Seller shall, upon the

request of Purchaser, take such steps as are reasonably necessary to promptly assign, transfer, deliver and convey ownership to Purchaser of any Intellectual Property that is an Acquired Asset in accordance with the terms hereof that was not included in Schedule 1.1(b)(iv) hereto. With respect to the inadvertent failure to transfer any such Intellectual Property at Closing or the inadvertent transfer of any such Intellectual Property at Closing, neither Purchaser nor Seller shall be liable whatsoever to the other party (including any liability or obligation under Section 6.3) other than to effect the transfers contemplated by this Section 4.19(b).

(c) Upon the Closing, Seller shall effect an extension or sublicense to Purchaser, as applicable, of the Contracts listed on Schedule 4.19(c) in accordance with the terms of such Contracts and this Section 4.19(c), under which Purchaser shall be granted rights which are equal to the rights of Seller and its Subsidiaries thereunder as of the date hereof with respect to the Business. With respect to the Contracts with International Business Machines Corporation ("IBM") dated as of September 1, 1994 and January 1, 1996 included in such schedule, Seller shall grant an extension of its rights under those Contracts to Purchaser in return for which Purchaser shall pay to Seller, unless otherwise agreed to among IBM, Seller and Purchaser, a royalty of US$6.054 million in the aggregate, payable in four equal annual installments due on December 1 of each of 2004, 2005, 2006 and 2007. With respect to the Contract with Agere Systems Guardian Corporation ("Agere") and Lucent Technologies GRL Corporation dated as of January 1, 2001, Seller shall sublicense its rights under that Contract to Purchaser in return for which Purchaser shall pay to Agere, unless otherwise agreed to between Agere and Purchaser, a running royalty at a commuted rate of ninety-three thousands of a percent (0.093%) of the Net Sales (as defined in such Contract) of Purchaser until December 31, 2004 (minus any permitted exclusions), in accordance with the terms and conditions of that Contract and such sublicense. With respect to the Contract with Infineon Technologies A.G. dated as of December 18, 2000, Purchaser shall have no royalty obligation. Seller shall not willfully terminate, breach or default under any of the Contracts listed on Schedule 4.19(c) or willfully cause the termination, breach or default under any of them.

4.20. Use of Permits. To the extent permitted by Law, Seller shall allow Purchaser to use Seller's Permits, and Seller shall take such reasonable action as may be necessary or desirable or as may be reasonably requested by Purchaser in furtherance of the foregoing.

4.21. Youngdong Lease; Certain Transaction Documents; Apartment Complexes.

(a) Seller shall use its commercially reasonable efforts to cause Samsung Life Insurance Co., Ltd. (the "Youngdong Landlord") to enter into a lease agreement with Purchaser substantially on the terms and conditions set forth in the term sheet attached hereto as Exhibit D (the "Youngdong Lease Agreement"). If Purchaser enters into the Youngdong Lease Agreement under which Purchaser will incur costs in excess of the costs set forth on Exhibit D, Seller agrees to bear such excess costs for the term of the Youngdong Lease Agreement. Seller shall pay any additional key money deposit (the "Additional Key Money Deposit") to Purchaser at the commencement of the term of the Youngdong Lease Agreement and any such additional monthly rent and maintenance fees to Purchaser on a monthly basis, in each case upon

presentation of the relevant certificate or invoices relating to such Additional Key Money Deposit, rent or maintenance fees. Purchaser shall return the full amount of the Additional Key Money Deposit to Seller at the earlier of (i) 15 months after commencement of the term of the Youngdong Lease Agreement and (ii) expiration or termination of the Youngdong Lease Agreement.

(b) On or prior to the Closing, Seller shall cause ASTEC (Hyundai Advanced Service Technology) to enter into the Service Agreement on General Administration and Industry Security with Purchaser substantially on the terms and conditions set forth in the applicable term sheet contained in Term Sheets for Operating Agreements attached as Exhibit E and on such other terms and conditions as are reasonably acceptable to Purchaser. Seller shall cooperate with Purchaser in connection with Purchaser's negotiation of a welfare support services agreement with Humantopia, an education manpower support services agreement with Humanplus and a product reliability test service agreement with Semiconductor Reliability Center.

(c) At the Closing, Purchaser may occupy the units in Apartment Complex I and Apartment Complex II occupied by the employees of the Business as of the date hereof, at the cost currently paid by Seller to occupy such units and free from any disturbance of its quiet enjoyment by Seller. In the event that Purchaser is forced to vacate Apartment Complex I and Apartment Complex II, Seller shall cooperate with Purchaser to obtain replacement apartments for Apartment Complex I and Apartment Complex II. In addition, Purchaser shall have the option exercisable within one year of the date that Purchaser is required to vacate Apartment Complex I and Apartment Complex II by written notice to Seller to lease from Seller dormitory accommodations in Seller's Cheongju dormitories for a number of employees equivalent to the number of employees of the Business occupying Apartment Complex I and Apartment Complex II as of the date hereof, at a cost equal to Seller's actual cost and on such other terms and conditions as are mutually agreeable. Purchaser shall indemnify Seller for any and all liabilities, obligations, damages, costs or expenses arising out of, resulting from or relating to the use or occupancy of Apartment Complex I and/or Apartment Complex II by employees of Purchaser following the Closing.

4.22. Shared Payables. At the Closing, an account payable (the "Hynix Payable") from Purchaser to Seller shall be created in an amount equal to the sum of that portion of each of the Shared Payables that relates to the Business; provided that no more than one month's accrual shall be included in the Hynix Payable for payables that are payable according to a monthly schedule, including payments due to Vivendi. The Hynix Payable shall be paid by Purchaser to Seller on or prior to the day that is 30 days after the Closing Date and the Pre-Closing Balance Sheet and the Closing Balance Sheet shall reflect such as a current liability. Seller shall pay the Shared Payables in accordance with their terms.

4.23. IP Dispute Consultation. Seller agrees to consult with Purchaser in good faith in connection with any disputes against Purchaser that relate to products and processes used prior to Closing.

4.24. Equity Commitment Letter Amendment. Purchaser shall not agree to any amendment, modification or waiver of any of the terms of either Equity Commitment Letter without the prior written consent of Seller, which consent shall not be unreasonably withheld.

4.25. Outsourcing; Semiconductor Manufacturing Equipment.

(a) Purchaser agrees that Seller shall be its preferred provider of foundry services for Solution Products and Specialty Products for a period of five years from the Closing Date (or for such longer period as the parties mutually agree). If at any time between the Closing Date and the fifth anniversary of the Closing Date (or such later date as the parties mutual agree) Purchaser determines in its sole discretion to outsource foundry of Solution Products or Specialty Products to a non-Affiliated third party, Purchaser shall notify Seller of such determination prior to implementing such outsourcing and shall negotiate in good faith with Seller regarding Seller providing such services.

(b) Seller agrees that Purchaser shall be its preferred purchaser of used semiconductor manufacturing equipment for the manufacture of Memory Products for a period of five years from the Closing Date (or such longer period as the parties mutually agree). If at any time between the Closing Date and the fifth anniversary of the Closing Date (or such later date as the parties mutual agree), Seller determines in its sole discretion to sell, lease or otherwise dispose of any of its semiconductor manufacturing equipment for the manufacture of Memory Products to a non-Affiliated third party, Seller shall notify Purchaser of such determination prior to implementing such sale, lease or other disposition to a non-Affiliated third party and shall negotiate in good faith with Purchaser regarding Purchaser purchasing such equipment.

4.26. Certain System IC Equipment.

(a) Following the Closing, Purchaser shall assign and transfer to Seller, and Seller shall acquire and accept, the equipment set forth in Schedule 4.26 in accordance with the timetable set forth thereon. Seller shall remove such equipment and transport it to Seller's facility at Seller's sole risk and expense in accordance with the timetable set forth on Schedule 4.26. Seller shall take such equipment AS-IS WHERE-IS, WITHOUT ANY REPRESENTATIONS OR WARRANTIES EXPRESS OR IMPLIED. Title to such equipment shall pass to Seller, at no charge, at the time Seller removes such equipment, and at such time such equipment shall then be deemed to be Excluded Assets. Notwithstanding the foregoing, Seller shall be entitled to remove such equipment from the premises of the Business prior to the Closing in which case such equipment shall constitute Excluded Assets.

(b) If (i) Purchaser fails (other than as a result of Seller's failure to comply with its obligations under Section 4.26(a)) to assign and transfer any equipment set forth in Schedule 4.26 that Purchaser takes possession of at the Closing ("Missing Equipment") to Seller that is to be assigned and transferred by June 30, 2005 as set forth in Schedule 4.26 or (ii) Purchaser seeks to purchase in advance from Seller certain Missing Equipment that is to be assigned and transferred during the period from July 1, 2005 to December 31, 2005 as set forth

in Schedule 4.26, Purchaser shall pay to Seller, in cash by wire transfer, and by July 15, 2005, an amount equal to the aggregate amount of the value of such Missing Equipment (specified in sub-paragraphs (i) and (ii) above) as set forth in Schedule 4.26. If Purchaser fails (other than as a result of Seller's failure to comply with its obligations under Section 4.26(a)) to assign and transfer any Missing Equipment to Seller that is to be assigned and transferred during the period from July 1, 2005 to December 31, 2005 as set forth in Schedule 4.26, Purchaser shall pay to Seller, in cash by wire transfer and by January 15, 2006, an amount equal to the value of such Missing Equipment as set forth in Schedule 4.26. Purchaser shall take all such Missing Equipment AS-IS WHERE-IS, WITHOUT ANY REPRESENTATIONS OR WARRANTIES EXPRESS OR IMPLIED. Title to the Missing Equipment shall pass to Purchaser upon Seller's receipt of such payment for such equipment.

## ARTICLE V

## CONDITIONS PRECEDENT; TERMINATION; LIQUIDATED DAMAGES

5.1. Conditions Precedent to Obligations of Each Party. The obligations of each party to consummate the Transaction are subject to the satisfaction, on or prior to the Closing Date, of each of the following conditions (any one or more of which may be waived in writing in whole or in part by each party in its sole discretion with respect to its conditions precedent):

(a) Antitrust Clearances. The applicable waiting periods, including any extensions thereof, under the HSR Act, the MRFTA and Antitrust Laws applicable to the Transaction shall have expired or been terminated.

(b) Injunction; Litigation. (i) No statute, rule, regulation, executive order, decree, decision, ruling, order of any Authority or preliminary or permanent injunction shall have been enacted, entered, promulgated or enforced by any U.S. federal or state court or Korean or other governmental Authority with jurisdiction over the Transaction that prohibits, restrains, enjoins or restricts the consummation of the Transaction, which has not been withdrawn or terminated, (ii) nor shall there be pending or, to the Knowledge of Seller, threatened any litigation, suit, action or proceeding by any Authority to restrain or prohibit the Transaction.

(c) Approvals. The requisite approval of the Transaction by the shareholders of Seller shall have been obtained (and, in each case, such approval shall not have expired or been withdrawn as of the Closing Date).

5.2. Conditions Precedent to Obligations of Purchaser. The obligations of Purchaser to purchase the Acquired Assets are subject to the satisfaction, on or prior to the Closing Date, of each of the following conditions (any one or more of which may be waived in writing in whole or in part by Purchaser in its sole discretion):

(a) Performance of Agreements; Representations and Warranties. Seller shall have performed or complied in all material respects with all agreements and covenants required by this Agreement to be performed or complied with by it at or prior to the Closing, and the

representations and warranties set forth in this Agreement made by Seller that are not qualified by materiality shall be true and correct in all material respects, and the representations and warranties set forth in this Agreement made by Seller that are qualified by materiality shall be true and correct, in each case on and as of the Closing Date (irrespective of any notice delivered to Purchaser after the date hereof) with the same force and effect as though such representations and warranties had been made on, as of and with reference to the Closing Date, except for those representations and warranties which address matters only as of a particular date (which shall have been true and correct or true and correct in all material respects, as the case may be as of such date). Purchaser shall have been furnished with a certificate of an executive officer of Seller, dated the Closing Date, certifying to the foregoing.

(b) Consents. Seller shall have received (and furnished to Purchaser evidence thereof reasonably satisfactory to Purchaser) (i) any and all approvals and consents from all third parties, necessary or required to complete the Transaction, on terms reasonably satisfactory to Purchaser, other than as set forth in clause (ii) and other than from Authorities which are dealt with in Sections 5.1(a), 5.2(c) and 5.2(l) and (ii) any and all consents under those Acquired Contracts and any Contract that would be an Acquired Contract but for Section 1.4, including those set forth on Schedule 5.2(b) but excluding any Contract on Schedule 1.1(c)(ii), the absence of which consent, with or without the giving of notice or the lapse of time or both, would give rise to a right of modification, termination or amendment or a loss of a benefit under such Contract that, individually or in the aggregate, could reasonably be expected to have a Material Adverse Effect or a material adverse effect on the possession, use, occupancy or operation, of the Business, the Acquired Assets taken as a whole, or the Owned Facilities (and, in each case, such approvals and consents shall not have expired or been withdrawn as of the Closing Date).

(c) Korean Ministry of Commerce, Industry and Energy. The Korean Ministry of Commerce, Industry and Energy shall have approved Purchaser's application for full tax benefits under Article 121-2 of the Special Tax Treatment Control Law of the Republic of Korea in form and substance reasonably satisfactory to Purchaser.

(d) No Material Adverse Effect. No Material Adverse Effect shall have occurred since the date of this Agreement.

(e) Financing. (i) If Seller and Purchaser effect the Assumed Financing Arrangement, the Assumed Financing Arrangement shall have been consummated, (ii) Purchaser shall receive gross proceeds of at least KRW 379.25 billion of term debt consisting of at least KRW 154.85 billion in Tranche A and at least KRW 224.4 billion in Tranche B (collectively, the "Term Debt") (or shall have incurred such principal amount of debt pursuant to Section 4.5) and (iii) Purchaser shall receive at least KRW 60 billion of available revolving credit facilities (the "Revolving Debt" and, together with the Term Debt, the "Financing"), in the case of each of (i), (ii) and (iii), with or from (as applicable) either the existing creditor group of Seller (the "KEB Group"), a subset thereof or a new group of lenders, and substantially on the terms and conditions set forth in the term sheet attached as Exhibit C and on such other terms and conditions as are reasonably acceptable to Purchaser or, in the case of the Assumed Financing Arrangement, on the terms and conditions provided in Section 4.5(b).

(f) Opinion of Seller's Counsel. Purchaser shall have received a legal opinion addressed to Purchaser and dated the Closing Date from Bae, Kim & Lee, in customary form, and addressing such topics as are customary, for an asset sale and purchase transaction of a similar nature and type as the Transaction.

(g) Completion of Audit. The Audits shall have been completed and Purchaser shall have received an unqualified opinion of Samil PricewaterhouseCoopers with respect thereto. Purchaser shall have received a report from Samil PricewaterhouseCoopers which shall show that AUP EBITDA for the twelve-month period ended December 31, 2002 does not negatively materially deviate from EBITDA for the corresponding period as shown in the Financial Statements.

(h) Capital Expenditure. Seller shall have complied with the covenant contained in Section 4.13 in all material respects.

(i) Release. The creditors with respect to any Indebtedness of Seller or any of its Subsidiaries secured by a Lien on any of the Acquired Assets shall have terminated and/or released such Lien other than any Lien solely in respect of the Financing under the Loan Documents. Purchaser shall have received copies of such payoff letters and other evidences of termination and/or release as are reasonably satisfactory to Purchaser.

(j) Management; Employees. Purchaser shall have received an executed employment agreement in form and substance reasonably satisfactory to it from each of the individuals listed on Schedule 5.2(j) hereto. Substantially all of the Employees shall have accepted Purchaser's offer of employment pursuant to Section 4.11(b).

(k) Seller Transaction Documents. Seller shall have, or shall have caused one of its Subsidiaries, as applicable, to have, duly authorized, executed and delivered the following agreements (collectively, the "Seller Transaction Documents"), substantially in the form attached to this Agreement as an Exhibit in the case of the following:

(i) Warrant Agreement;

(ii) Wafer Foundry Service Agreement; and

(iii) Wafer Mask Production and Supply Agreement;

substantially on the terms and conditions set forth on the applicable term sheet attached to this Agreement as an Exhibit, or the applicable term sheet contained in the Term Sheets for Operating Agreements attached as Exhibit E, and on such other terms and conditions as are reasonably acceptable to the parties in the case of the following:

(iv) Intellectual Property License Agreement;

(v) Trademark License Agreement;

(vi) Securityholders Agreement;

(vii) Building Lease Agreement;

(viii) General Service Supply Agreement:

(ix) IT & FA Service Agreement;

(x) Land Lease and Easement Agreement;

(xi) R&D Equipment Utilization Agreement;

(xii) Joint Purchasing Agreement;

(xiii) Overseas Sales Service Agreement; and

(xiv) Service Agreement on General Administration and Industry Security;

and in form and substance reasonably satisfactory to Purchaser in the case of the following:

(xv) LSPA; and

(xvi) Partition Agreement.

(l) Certain Permits. All Permits as may be required by any Authority having jurisdiction over the parties in connection with the subject matter hereof or actions herein proposed to be taken the absence of which Permit, with or without the giving of notice or the lapse of time or both, could reasonably be expected to have a Material Adverse Effect or a material adverse effect on the possession, use, occupancy or operation, of the Business or the Acquired Assets by Purchaser, including those Permits set forth on Schedule 5.2(l), shall have been obtained in form reasonably satisfactory to Purchaser (and, in each case, such Permits shall not have expired or been withdrawn as of the Closing Date).

(m) Youngdong Lease Agreement. The Youngdong Landlord shall have duly executed and delivered the Youngdong Lease Agreement.

5.3. Conditions Precedent to Obligations of Seller. The obligations of Seller to sell the Acquired Assets are subject to the satisfaction on or prior to the Closing Date, of each of the following conditions (any one or more of which may be waived in writing in whole or in part by Seller in its sole discretion):

(a) Performance of Agreements, Representations and Warranties. Purchaser shall have performed or complied with all agreements and covenants required by this Agreement to be performed or complied with by it at or prior to the Closing in all material respects, and the representations and warranties set forth in this Agreement made by Purchaser that are not qualified by materiality shall be true and correct in all material respects, and the representations and warranties set forth in this Agreement made by Purchaser that are qualified by materiality shall be true and correct, in each case on and as of the Closing Date, with the same force and effect as though such representations and warranties had been made on, as of and with reference to the Closing Date, except for those representations and warranties which address matters only as of a particular date (which shall have been true and correct or true and correct in all material respects, as the case may be, as of such date) and, in each case, except for breaches that, individually or in the aggregate, would not reasonably be expected to have a Seller Material Adverse Change. Seller shall have been furnished with a certificate of an executive officer of Purchaser, dated the Closing Date, certifying to the foregoing.

(b) Appraisal Rights. If any shareholders of Seller shall have exercised their appraisal rights with respect to the Transaction, the aggregate amount to be paid to those shareholders exercising appraisal rights shall not have exceeded KRW 40 billion; provided, however, that this condition shall be deemed to have been waived by Seller if Purchaser elects to fund and actually funds the Excess Appraisal Amount in accordance with Section 4.17. If the Closing does not occur because the aggregate amount to be paid to the shareholders exercising appraisal rights would exceed KRW 40 billion, then Seller promptly shall reimburse Purchaser, Citigroup Venture Capital Equity Partners, L.P. and CVC Asia Pacific Ltd. for all of their out-of-pocket expenses incurred since November 3, 2003 in connection with the Transaction, up to a maximum amount of US$2.5 million.

(c) Purchaser Transaction Documents. Purchaser shall have duly authorized, executed and delivered each of the following operating and separation agreements (collectively, the "Purchaser Transaction Documents"), substantially in the form attached to this Agreement as an Exhibit in the case of the following:

(i) Wafer Foundry Service Agreement; and

(ii) Wafer Mask Production and Supply Agreement;

substantially on the terms and conditions set forth on the applicable term sheet attached to this Agreement as an Exhibit, or the applicable term sheet contained in the Term Sheets for Operating Agreements attached as Exhibit E, and on such other terms and conditions as are reasonably acceptable to the parties in the case of the following:

(iii) Intellectual Property License Agreement;

(iv) Trademark License Agreement;

(v) Building Lease Agreement;

(vi) General Service Supply Agreement:

(vii) IT & FA Service Agreement;

(viii) Land Lease and Easement Agreement;

(ix) R&D Equipment Utilization Agreement;

(x) Joint Purchasing Agreement;

(xi) Overseas Sales Service Agreement; and

(xii) Service Agreement on General Administration and Industry Security;

and in form and substance reasonably satisfactory to Seller in the case of the following:

(xiii) LSPA; and

(xiv) Partition Agreement.

(d) Opinion of Purchaser's Counsel. Seller shall have received a legal opinion addressed to Seller and dated the Closing Date from Kim & Chang, in customary form, and addressing such topics as are customary, for an asset sale and purchase transaction of a similar nature and type as the Transaction.

(e) Warrant Agreement; Securityholders Agreement. The issuer under the Warrant Agreement (the "Warrant Issuer") shall have duly executed and delivered the Warrant Agreement substantially in the form attached as Exhibit B and the Securityholders Agreement substantially on the terms and conditions set forth on the term sheet attached hereto as Exhibit I and on such other terms and conditions as are reasonably acceptable to the parties.

(f) Consents. Seller shall have received (i) any and all approvals and consents from all third parties, necessary or required to complete the Transaction, other than as set forth in clause (ii) and other than from Authorities which are dealt with in Section 5.1(a) and (ii) any and all consents under those Acquired Contracts or any Contract that would be an Acquired Contract but for Section 1.4, including those set forth on Schedule 5.2(b) but excluding any Contract on Schedule 1.1(c)(ii), the absence of which consent, with or without the giving of notice or the lapse of time or both, could reasonably be expected to have a material adverse effect on Seller (and, in each case, such approvals and consents shall not have expired or been withdrawn as of the Closing Date).

(g) Aggregate Accrued Severance Payments. Seller's reasonable good faith estimate of the Aggregate Accrued Severance Payment as notified to Purchaser pursuant to Section 4.11(d) shall not exceed KRW 15 billion; provided, however, that Purchaser may elect, in its sole discretion, to agree to fund the amount of the Excess Severance within seven days after

Seller's payment of the Actual Severance Payment, in which case this condition shall be deemed to have been waived by Seller, provided that Purchaser shall notify Seller of its intention to fund such amount in writing within three Business Days after Purchaser's receipt of Seller's notice electing not to pay the Excess Severance.

5.4. Termination. (a) Anything contained herein to the contrary notwithstanding, this Agreement may be terminated and the Transaction abandoned at any time prior to Closing:

(i) by mutual written consent of Seller and Purchaser;

(ii) by Seller at any time if there has been a breach of any representation, warranty, covenant or agreement in this Agreement made by Purchaser such that Section 5.3(a) would not be satisfied, and such breach continues uncured for thirty (30) days after written notice thereof by Seller;

(iii) by Purchaser at any time if there has been a breach of any representation, warranty, covenant or agreement in this Agreement made by Seller such that Section 5.2(a) would not be satisfied, and such breach continues uncured for thirty (30) days after written notice thereof by Purchaser;

(iv) by any party hereto, if there shall exist any statute, rule, regulation or order of any court or Authority which permanently (without right of appeal or reconsideration) restrains or prohibits the Transaction; or

(v) by any party hereto, if the Closing does not occur on or prior to September 30, 2004 (provided that the terminating party shall not be in material breach of this Agreement).

(b) If this Agreement is terminated and the Transaction is abandoned as described in this Section 5.4, this Agreement shall become void and of no further force and effect, except for the provisions of Section 4.8 relating to publicity, Section 4.15 relating to confidentiality, the last sentence of Section 6.1 relating to certain expenses, the last sentences of each of Section 2.25 and Section 3.5 relating to brokerage, Section 7.6 relating to governing law and Section 7.7 relating to jurisdiction. In the event of termination of this Agreement under this Section 5.4, there shall be no liability or obligation thereafter on the part of Seller or Purchaser except for fraud or willful breach of this Agreement.

5.5. Liquidated Damages. In the event that (i) the conditions set forth in Sections 5.1, 5.2 and 5.3 are satisfied or waived and the Closing does not occur on or before September 30, 2004 because Seller fails to perform its obligations under Section 1.7 or (ii) the conditions set forth in Sections 5.1, 5.2 and 5.3 are satisfied or waived other than the condition set forth in Section 5.2(a) and the Closing does not occur on or before September 30, 2004 because of the failure of the condition set forth in Section 5.2(a) to be satisfied or waived, Seller agrees to pay Five Million United States Dollars (US$5,000,000) to Purchaser as liquidated damages. In the event that (i) the conditions set forth in Sections 5.1, 5.2 and 5.3 are satisfied or waived and the

Closing does not occur on or before September 30, 2004 because Purchaser fails to perform its obligations under Section 1.7 or (ii) the conditions set forth in Sections 5.1, 5.2 and 5.3 are satisfied or waived other than the condition set forth in Section 5.3(a) and the Closing does not occur on or before September 30, 2004 because of the failure of the condition set forth in Section 5.3(a) to be satisfied or waived, Purchaser agrees to pay Five Million United States Dollars (US$5,000,000) to Seller as liquidated damages. Each party acknowledges and agrees that the foregoing liquidated damages shall be such party's sole recourse in the circumstances described in this Section 5.5, that such liquidated damages constitute an adequate remedy under such circumstances and that such party shall not be entitled to any other damages or equitable relief (including specific performance) and hereby waives any such rights it may otherwise have in respect thereof.

## ARTICLE VI

## CERTAIN ADDITIONAL COVENANTS

6.1. Certain Taxes and Expenses. Except as set forth in Section 6.5, all foreign and domestic sales, use, value added ("VAT"), transfer, real property transfer, documentary, stamp, recording, acquisition and other similar taxes, including any interest, penalties and additions thereon (collectively, the "Transfer Taxes"), arising from and with respect to the sale and purchase of the Acquired Assets shall be borne or reimbursed, as the case may be, by Purchaser. Seller shall make due and timely payment of the Transfer Tax to the applicable Tax Authority on behalf of Purchaser (as applicable). Seller shall on the Closing Date issue an invoice (the "Closing Transfer Tax Invoice") to Purchaser stating the amount of VAT payable by Purchaser ("VAT Payable") and Purchaser shall pay such invoiced amount to Seller, to the extent Purchaser receives a refund of such amount from the applicable Tax Authorities, in immediately available funds within two days of the date on which Purchaser receives such refund of VAT. In the event that the Purchase Price is adjusted upward or downward after the Closing Date such that there is an increase ("VAT Increase") or decrease ("VAT Decrease") in the amount of VAT Payable under applicable Law from the amount stated in the Closing Transfer Tax Invoice (the amount of any such VAT Increase or VAT Decrease being referred to herein as a "Post-Closing VAT Adjustment"), Seller shall promptly (a) use its commercially reasonable efforts to obtain a refund from the applicable Tax Authorities in the amount of any VAT Decrease and (b) make due and timely payment to the applicable Tax Authorities of any VAT Increase. Promptly after any VAT Decrease, Seller shall issue an invoice (a "Post-Closing Transfer Tax Invoice") to Purchaser stating the amount of the VAT Decrease and Seller shall pay the amount of such VAT Decrease to Purchaser, in immediately available funds within two days of the date on which Seller receives the refund of VAT for such VAT Decrease from the applicable Tax Authorities. Promptly after any VAT Increase, Seller shall issue a Post-Closing Transfer Tax Invoice to Purchaser stating the amount of the VAT Increase and Purchaser shall pay the amount of such Post-Closing Transfer Tax Invoice to Seller, to the extent Purchaser receives a refund of such VAT Increase amount from the applicable Tax Authorities, in immediately available funds within two days of the date on which Purchaser receives the refund of VAT for such invoiced amount from the applicable Tax Authorities. For the purpose of obtaining any refund of VAT,

Purchaser or Seller (as applicable) shall file the necessary returns with the relevant Tax Authorities in a manner consistent with applicable rules and regulations as soon as practicable following receipt of the Closing or Post-Closing Transfer Tax Invoice from Seller or the occurrence of a Post-Closing VAT Adjustment. To the extent permitted by applicable Law, Seller and Purchaser shall cooperate and use their respective reasonable best efforts to minimize all Transfer Taxes. Whether or not the Transaction is consummated, except as otherwise provided in this Agreement, Seller and Purchaser each shall bear their respective accounting, legal and other expenses incurred in connection with the Transaction, including with respect to Section 1.6.

6.2. Maintenance of Books and Records. Seller and Purchaser shall cooperate fully with each other after the Closing so that (subject to any limitations that are reasonably required to preserve any applicable attorney-client privilege) each party has access to the business records, contracts and other information existing at the Closing Date and relating to the Acquired Assets or the conduct of the Business (whether in the possession of Seller or Purchaser) in connection with any Tax determination, defense of any claim relating to the conduct of the Business prior to the Closing or any governmental investigation of the Business. No files, books or records existing at the Closing Date and primarily relating in any manner to the Acquired Assets or the conduct of the Business shall be destroyed by any party for a period of six years after the Closing Date without giving the other party at least 30 days prior written notice, during which time such other party shall have the right (subject to the provisions hereof) to examine and to remove, to the extent not prohibited by operation of Applicable Laws to make and retain a copy of, any such files, books and records prior to their destruction. The access to files, books and records contemplated by this Section 6.2 shall be during normal business hours and upon not less than five Business Days' prior written request, shall be subject to such reasonable limitations as the party having custody or control thereof may impose to preserve the confidentiality of information contained therein, and shall not extend to material subject to a claim of privilege unless expressly waived by the party entitled to claim the same.

6.3. Indemnification. Seller and Purchaser agree as follows:

(a) General Indemnification Obligations.

(i) Except as set forth in Section 4.19(b), Seller shall indemnify Purchaser and its directors, officers, and other Affiliates (the "Purchaser Indemnified Parties"), and hold the Purchaser Indemnified Parties harmless from and against, any and all Damages arising out of, resulting from or relating to (A) any misrepresentation or breach of any representation or warranty made by Seller in this Agreement or in any schedule, statement, document or certificate furnished or required to be furnished to Purchaser by or on behalf of Seller or its Subsidiaries pursuant thereto; (B) breach of any covenant or agreement made by Seller in this Agreement or in any schedule, statement, document or certificate furnished or required to be furnished to Purchaser by or on behalf of Seller or its Subsidiaries pursuant thereto; (C) the Excluded Liabilities; or (D) any claim or cause of action from any shareholder or creditor of Seller brought in their capacity as such against any Purchaser Indemnified Party in connection with the Transaction.

(ii) Except as set forth in Section 4.19(b), Purchaser shall indemnify Seller and its directors, officers and other Affiliates (the "Seller Indemnified Parties") and hold the Seller Indemnified Parties harmless from and against, any and all Damages arising out of, resulting from or relating to (A) any misrepresentation or breach of any representation or warranty made by Purchaser in this Agreement or in any schedule, statement, document or certificate furnished or required to be furnished to Seller by or on behalf of Purchaser or its Subsidiaries pursuant thereto (other than the Warrant Agreement); (B) breach of any covenant or agreement made by Purchaser in this Agreement or in any schedule, statement, document or certificate furnished or required to be furnished to Seller by or on behalf of Purchaser or its Subsidiaries pursuant thereto (other than the Warrant Agreement); or (C) the Assumed Liabilities.

(iii) For purposes of this Agreement, "Damages" shall mean any and all losses, liabilities, obligations, damages (including any governmental penalty or costs of investigation, clean-up and remediation), deficiencies, royalties, interest, costs and expenses and any claims, actions, demands, causes of action, judgments, costs and expenses (including reasonable attorneys' fees and all other expenses reasonably incurred in investigating, preparing or defending any litigation or proceeding, commenced or threatened incident to the successful enforcement of this Agreement).

(b) General Indemnification Procedures.

(i) A party seeking indemnification pursuant to this Section 6.3 (an "Indemnified Party") shall give prompt notice to the party from whom such indemnification is sought (the "Indemnifying Party") of the assertion of any claim, the incurrence of any Damages, or the commencement of any action, suit or proceeding, of which it has knowledge and in respect of which indemnity may be sought hereunder, and will give the Indemnifying Party such information with respect thereto as the Indemnifying Party may reasonably request, but failure to give such required notice shall relieve the Indemnifying Party of any liability hereunder only to the extent that the Indemnifying Party has suffered actual prejudice thereby. The Indemnifying Party shall have the right, exercisable by written notice to the Indemnified Party within twenty (20) days of receipt of notice from the Indemnified Party of the commencement of or assertion of any claim or action, suit or proceeding by a third party in respect of which indemnity may be sought hereunder (a "Third Party Claim"), to assume the defense of such Third Party Claim, provided that (A) the defense of such Third Party Claim by the Indemnifying Party will not, in the reasonable judgment of the Indemnified Party, have any continuing material adverse effect on the Indemnified Party's business and (B) the Indemnifying Party shall keep the Indemnified Party reasonably informed of the progress of such Third Party Claim (the conditions set forth in clauses (A) and (B) are collectively referred to as the "Litigation Conditions"); and provided further that in the event that the Indemnifying Party assumes the defense of such Third Party Claim, the Indemnifying Party agrees that, regardless whether it is otherwise required to indemnify the Indemnified Party hereunder with respect to such Third Party Claim, it will be

responsible for the costs and fees of its attorneys and related litigation expenses incurred by it in the prosecution of the defense of such Third Party Claim (but not any other Damages arising out of, resulting from or relating to such Third Party Claim, the responsibility for which shall be governed exclusively by Section 6.3(a)). The Indemnifying Party assuming the defense of such Third Party Claim will use its commercially reasonable efforts, determined in accordance with its reasonable discretion, to vigorously defend such Third Party Claim.

(ii) Within 10 Business Days after the Indemnifying Party has given notice to the Indemnified Party of its intended exercise of its right to defend a Third Party Claim, the Indemnified Party shall give notice to the Indemnifying Party of any objection thereto based upon the Litigation Conditions. If the Indemnified Party so objects, the Indemnified Party shall continue to defend the Third Party Claim until such time as such objection is withdrawn. If no such notice is given, or if any such objection is withdrawn, the Indemnifying Party shall be entitled to assume and conduct such defense, with counsel selected by the Indemnifying Party and reasonably acceptable to the Indemnified Party, until such time as the Indemnified Party shall give notice that any of the Litigation Conditions, in its reasonable judgment, are no longer satisfied.

(iii) The Indemnifying Party or the Indemnified Party, as the case may be, shall have the right to participate in (but not control), at its own expense, the defense of any Third Party Claim which the other party is defending as provided in this Agreement. Notwithstanding the foregoing, an Indemnified Party shall have the right to employ separate counsel at the Indemnifying Party's expense if the named parties to any such proceeding (including any impleaded parties) include both such Indemnified Party and the Indemnifying Party, and such Indemnified Party shall have been advised by counsel that a conflict of interest is reasonably likely to exist if the same counsel were to represent such Indemnified Party and the Indemnifying Party (in which case, if such Indemnified Party notifies the Indemnifying Party in writing that it elects to employ separate counsel at the expense of the Indemnifying Party, the Indemnifying Party shall not have the right to assume the defense thereof and the reasonable expenses of such counsel shall be at the expense of the Indemnifying Party).

(iv) The Indemnifying Party, if it shall have assumed the defense of any Third Party Claim as provided in this Agreement, shall not consent to a settlement of, or the entry of any judgment arising from, any such Third Party Claim without the prior written consent of the Indemnified Party (which consent shall not be unreasonably withheld or delayed) and the Indemnifying Party shall not, without the prior written consent of the Indemnified Party, enter into any compromise or settlement which commits the Indemnified Party to take, or to forbear to take, any action; provided, however, that the Indemnifying Party shall have the right to settle a Third Party Claim to the extent that the settlement solely involves the payment of monetary damages, provides for the unconditional release of the Indemnified Party and poses no reasonable danger of establishing a precedent that may be adverse to the Indemnified Party's interests. The Indemnified Party shall have the sole and exclusive right to settle any Third Party Claim, on such terms and conditions as it deems reasonably appropriate, to the extent such Third Party Claim involves equitable or other non-monetary relief, and shall have the right to settle any Third Party Claim involving monetary damages with the written consent of the Indemnifying Party, which consent shall not be unreasonably withheld or delayed.

(v) Whether or not the Indemnifying Party chooses to defend or prosecute any claim involving a third Person, the other party hereto shall cooperate in the defense or prosecution thereof and shall furnish such records, information and testimony, and attend such conferences, discovery proceedings, hearings, trials and appeals, as may be reasonably requested in connection therewith.

(vi) Amounts paid in respect of indemnification obligations of the parties shall be treated as an adjustment to the Purchase Price.

(vii) No action or claim for Damages arising out of or resulting from a breach of representations and warranties, a breach of the covenants and agreements contained in Section 4.1 or the indemnification provided for in Section 6.3(a)(i)(D) shall be brought or made after the expiration of the period set forth in Section 7.1; provided, however, that the foregoing time limitations shall not apply to any such claims which have been the subject of a written notice from Purchaser to Seller or from Seller to Purchaser, as the case may be, prior to the end of such period, which notice specifies in reasonable detail the nature and basis for such claim. No Indemnified Party shall be entitled to indemnification for Damages incurred as a result of any breach of representations or warranties in this Agreement (provided that the limitation contained in clause (B) shall not apply to breaches of Section 2.1 or 2.2) unless (A) the amount of Damages incurred by the Purchaser Indemnified Parties or Seller Indemnified Parties, as the case may be, for any individual claim or group of related claims, thereunder, exceeds KRW 250,000,000 (a "Permitted Claim") and (B) the aggregate amount of Damages incurred by the Purchaser Indemnified Parties or Seller Indemnified Parties, as the case may be, with respect to Permitted Claims exceeds in the aggregate KRW 8 billion (the "Deductible Amount"), in which case the applicable Indemnifying Party shall then be liable for the amount that exceeds the Deductible Amount; provided, however, that (Y) at such time as the Damages of Purchaser Indemnified Parties with respect to breaches of representations and warranties (other than the representations and warranties set forth in Sections 2.1, 2.2, 2.10(c) and 2.28) and with respect to the indemnification set forth in Section 6.3(a)(i)(D) first exceeds KRW 80 billion, Seller shall have no further indemnification obligations with respect to breaches of representations and warranties (other than the representations and warranties set forth in Sections 2.1, 2.2, 2.10(c) and 2.28) and with respect to the indemnification set forth in Section 6.3(a)(i)(D) and (Z) at such time as the Damages of Seller Indemnified Parties with respect to breaches of representations and warranties (other than the representations and warranties set forth in Sections 3.1 and 3.2) first exceeds KRW 80 billion, Purchaser shall have no further indemnification obligations with respect thereto. For purposes of calculating the amount of Damages incurred by the Indemnified Party arising out of or resulting from any breach of a representation or warranty by Seller or Purchaser, the references to a "Material Adverse Effect" or materiality (or other correlative terms, including as expressed in accounting concepts such as "US GAAP") shall be disregarded. The parties acknowledge that any limitation or condition of liability contained in this Section 6.3(b)(vii) is not applicable to breaches of covenants or agreements in this Agreement and the Excluded Liabilities, except to the extent specifically provided herein.

(viii) No right to indemnification under this Section 6.3 shall be limited by reason of any investigation or audit conducted before or after the Closing of any party hereto or the knowledge of such party of any breach of any representation, warranty, agreement or covenant by the other party at any time, or the decision by such party to complete the Closing. Notwithstanding anything to the contrary herein, Purchaser shall have the right, irrespective of any knowledge of or investigation by Purchaser, to rely fully on the representations, warranties and covenants of Seller contained herein.

(ix) The amount of any Damages for which indemnification is provided under this Section 6.3 shall be net of (A) any amounts recovered by the Indemnified Party pursuant to any indemnification by or indemnification agreement with any third party, (B) an amount equal to the Tax benefit (net of any Tax detriment), if any, attributable to such Damages if and when actually realized and (C) any insurance proceeds or other cash receipts or sources of reimbursement received as an offset against such Damages, net of any increase in premiums or retroactive premium adjustment attributable to such recovery of insurance proceeds.

(x) In the event the existence of a circumstance shall give rise to a breach of more than one representation, warranty, covenant or agreement, any liability of an Indemnifying Party for indemnification under this Section 6.3 shall be determined without duplication of recovery.

(xi) The indemnity provided in this Section 6.3 shall be the sole and exclusive remedy of the parties with respect to any and all claims for monetary Damages sustained or incurred arising out of this Agreement and the Transaction with respect to the other party hereto, except for claims for fraud or willful breach of the Agreement; provided that the foregoing shall not limit the right of either party to obtain specific performance or injunctive relief.

6.4. Non-Compete; Non-Solicitation; Non-Interference. (a) Seller understands that Purchaser shall be entitled to protect and preserve the going concern value of the Business to the extent permitted by Law and that Purchaser would not have entered into this Agreement absent the provisions of this Section 6.4 and, therefore, for a period of three years from the Closing, Seller shall not, and shall cause each of its Subsidiaries not to, engage, directly or indirectly, in any area of the world, in the (i) except as permitted by the second succeeding sentence, design, manufacture, distribution, sale or marketing of any Solution Products or their derivatives or (ii) management, ownership, operation or control of any business, venture or activity which engages in the foregoing. Seller will not attempt to circumvent any of the foregoing by means of licensing or sublicensing technology but will not be prevented from entering into cross license agreements or other arrangements with producers of products similar to those produced by Seller or its Subsidiaries for the purpose of protecting Seller's or its Subsidiaries' own ability to manufacture products. In addition, for a period of two years after the Closing, neither Seller nor any of its Subsidiaries will engage, directly or indirectly, in any area of the world, in (i) foundry

or semiconductor manufacturing services for Solution Products, Specialty Products or their derivatives or (ii) the management, ownership, operation or control of any business, venture or activity which engages in the foregoing. Seller will not attempt to circumvent any of the foregoing by means of licensing or sublicensing technology but will not be prevented from entering into cross license agreements or other arrangements with producers of products similar to those produced by Seller or its Subsidiaries for the purpose of protecting Seller's and its Subsidiaries' own ability to manufacture products. Notwithstanding the foregoing, beneficial or record ownership of up to five percent of the outstanding stock of any publicly traded company shall not be deemed a breach of the foregoing restrictions.

(b) Purchaser understands that Seller shall be entitled to protect and preserve the going concern value of its Memory Products business to the extent permitted by Law and that Seller would not have entered into this Agreement absent the provisions of this Section 6.4 and, therefore, for a period of three years from the Closing, Purchaser shall not, and shall cause each of its Subsidiaries not to, engage, directly or indirectly, in any area of the world, in the (i) except as permitted by the second succeeding sentence, design, manufacture, distribution, sale or marketing of any Memory Product other than ICs for memory modules including buffer ICs, or (ii) management, ownership, operation or control of any business, venture or activity which engages in the foregoing. Purchaser will not attempt to circumvent any of the foregoing by means of licensing or sublicensing technology but will not be prevented from entering into cross license agreements or other arrangements with existing producers of products similar to those produced by Purchaser or its Subsidiaries for the purpose of protecting Purchaser's or its Subsidiaries' own ability to manufacture products. In addition, for a period of two years after the Closing, neither Purchaser nor any of its Subsidiaries will engage, directly or indirectly, in any area of the world, in (i) foundry or semiconductor manufacturing services for Memory Products except Solution Products, Specialty Products, high speed static random access memory ("RAM") for cache, contents addressable memory ("CAM") or ICs for memory modules including buffer ICs, or (ii) the management, ownership, operation or control of any business, venture or activity which engages in the foregoing; provided, however, that in no event shall any foundry services provided by Purchaser to Seller be regarded as a breach of the non-competition provision hereunder. Purchaser will not attempt to circumvent any of the foregoing by means of licensing or sublicensing technology but will not be prevented from entering into cross license agreements or other arrangements with existing producers of products similar to those produced by Purchaser or its Subsidiaries for the purpose of protecting Purchaser's or its Subsidiaries' own ability to manufacture products. Nothing in this Section 6.4(b) shall prevent Purchaser from producing standalone Memory Products for the purpose of maturing new developed technology to ramp up the yield and stabilize the production of such new developed technology necessary for the Business as part of technology development. "Memory Products" shall mean memory semiconductors capable of storing data consisting of dynamic RAM ("DRAM"), ferroelectric RAM, static RAM (including pseudo static RAM, slow static RAM and fast static RAM) except for high speed static RAM for cache or CAM, flash memory, memory-linked DRAM, phase change DRAM, magnetoresistive RAM, ICs for memory modules including buffer ICs and any derivatives of any of the foregoing. Notwithstanding the foregoing, beneficial or record ownership of up to five percent of the outstanding stock of any publicly traded company shall not be deemed a breach of the foregoing restrictions.

(c) During the three-year period from and after the date of Closing, Seller and Purchaser shall not, and shall cause Seller's Subsidiaries, Purchaser's Subsidiaries or Warrant Issuer and Warrant Issuer's Subsidiaries, as the case may be, not to, (i) induce or attempt to induce any employee of the other party to leave the employ of the other party, provided that this restriction shall not apply to general advertisements for employment, discussions resulting from the services of an employment agency in connection with a nondirected solicitation or discussions initiated by any employee of the other party who was not solicited in violation of the terms of this restriction (the "Non-Solicit Exceptions"), (ii) hire any person who was an employee of the other party or any of its Affiliates at Closing or who was an employee of the other party or any of its Affiliates at any point in the 12 months preceding the Closing within one year of the last day such person was an employee of Seller or Purchaser, as the case may be, or their respective Affiliates, except in the event that such employment is the result of actions contemplated by the Non-Solicit Exceptions, or (iii) induce or attempt to induce any customer, supplier, licensee or other business relation of the other party to cease doing business with the other party or in any way interfere with the relationship between any such customer, supplier, licensee or business relation (including making defamatory statements or communications about the other party); provided that the foregoing restrictions shall not apply to Purchaser or its Affiliates with respect to the employment offer extended by Purchaser to the Employees set forth on Schedule 2.16(c) pursuant to Section 4.11(b) of this Agreement.

(d) The parties agree that to the extent any provision or portion of this Section 6.4 shall be held, found or deemed to be unlawful or unenforceable by a court of competent jurisdiction, then any such provision or portion thereof shall be deemed to be modified to the extent necessary in order that any such provision or portion thereof shall be legally enforceable to the fullest extent permitted by applicable Law; and the parties do further agree that any court of competent jurisdiction shall, and the parties hereto do hereby expressly authorize, require and empower any court of competent jurisdiction to, enforce any such provision or portion thereof in order that any such provision or portion thereof shall be enforced to the fullest extent permitted by applicable Law.

(e) As the violation by either party, Seller's Subsidiaries, Purchaser's Subsidiaries, Warrant Issuer or Warrant Issuer's Subsidiaries, as the case may be, of the provisions of this Section 6.4 would cause irreparable injury to the other party, and there is no adequate remedy at law for such violation, the injured party shall, notwithstanding anything to the contrary herein, have the right in addition to any and all other remedies available, at law or in equity, to seek to enjoin the other party or such other party's Subsidiaries or Warrant Issuer or Warrant Issuer's Subsidiaries, as the case may be, in a court of equity from violating such provisions. Each party, on behalf of itself and its Subsidiaries or Warrant Issuer and Warrant Issuer's Subsidiaries, as the case may be, hereby waive any and all defenses it may have on the ground of damages as an adequate remedy at law. The existence of this right shall not preclude any other rights and remedies at law or in equity which the parties may have. The prevailing

party in any enforcement action or court proceeding under this Section 6.4 shall be entitled to the extent permitted by Law to reimbursement from the other party for all of the prevailing party's reasonable costs, expenses and attorneys' fees.

6.5. Registration of Purchaser's Lease Rights.

(a) Seller shall provide that (i) Purchaser's lease rights (the "Lease Rights") with respect to the site occupied by the C1, C2 and R buildings and the surrounding land that is necessary for Purchaser's use of the C1, C2 and R buildings (the "Lease Rights Site"), and Purchaser's easement right (the "Easement Rights I") with respect to the access road and the parking lot located on the Land (the "Easement Site I") granted by Seller to Purchaser under the land lease and easement agreement (the "Land Lease and Easement Agreement"), which are portions of the Land, shall have first priority over other Liens on the Land, including the Lease Rights Site and the Easement Site I, except for statutory Liens that may have priority over the Lease Rights and the Easement Rights I, provided, that Seller shall not be in default of any payment obligations, the failure of which may grant a Tax Authority, Seller's employees or any other Person statutory Liens having priority over the Lease Rights or the Easement Rights I, (ii) two parcels of land respectively located at 105-27, Oibuk-dong, Heungduk-gu, Cheongju City, Chung Cheong Buk-do, Korea and 1, Hyangjeong-dong, Heungduk-gu, Cheongju City, Chung Cheong Buk-do, Korea (the "Parcels") shall be partitioned into the land, which shall include the Lease Rights Site and the Easement Site I (the "Land"), and land other than the Land (the "Remaining Land") in accordance with the survey result to be conducted in accordance with Section 6.5(b) below and (iii) all existing Liens on the Land that would have higher priority over the Lease Rights and the Easement Rights I shall be cancelled or released and reregistered subsequent to the registration of the Lease Rights and the Easement Rights I by taking the steps set forth in this Section 6.5. Seller's failure to perform its obligations under this Section 6.5 due to the imposition by Purchaser's lenders in connection with the Term Debt of any Lien senior to the Lease Rights and the Easement Rights I shall in no event constitute a breach by Seller thereof.

(b) Seller and Purchaser shall request the Korea Cadastral Survey Corporation or other qualified cadastral company to conduct a survey of the Land, the Lease Rights Site and the Easement Site to determine the boundary and the size of the Land, the Lease Rights Site and the Easement Site, which shall be completed prior to the execution of the agreements identified in Section 6.5 (c) herein below.

(c) After satisfaction of the requirements in Section 6.5(b) above but by the Closing, based upon the result of survey of the Land, the Lease Rights Site and the Easement Site, Seller and Purchaser shall enter into: (i) the Land Lease and Easement Agreement with respect to the Lease Rights Site and the Easement Site, substantially on the terms and conditions set forth in the relevant term sheet attached hereto as an Exhibit, whereby (A) Seller shall lease the Lease Rights Site to Purchaser and Purchaser shall lease the Lease Rights Site from Seller, and (B) Seller shall grant Purchaser the Easement Rights I to use the Easement Site I and easement rights (the "Easement Rights II" and, together with the Easement Right I, the "Easement Rights") with respect to the access road and the parking lot located outside of the

Land (the "Easement Site II" and, together with Easement Site I, the "Easement Site"), and Purchaser shall obtain from Seller the Easement Right to use the Easement Site; (ii) a land sale and purchase agreement ("LSPA") in form and substance mutually agreeable to Seller and Purchaser whereby Seller shall sell and transfer certain proportional ownership to the Parcels (which proportional ownership shall be calculated by dividing the area of the Land by the area of the Parcels) to Purchaser prior to the partition of the Parcels, and Purchaser shall sell and transfer to Seller the ownership to the Land after the partition of the Parcels has been completed in accordance with the Partition Agreement and the procedures described in Sections 6.5(e), (f) and (g) below; and (iii) an agreement for the partition of the Parcels ("Partition Agreement") in form and substance mutually agreeable to Seller and Purchaser whereby Seller and Purchaser shall agree that the Parcels shall be partitioned into the Land and the Remaining Land and Purchaser shall solely own the Land and Seller shall solely own the Remaining Land.

(d) On the Closing Date, Seller shall transfer title to certain proportional ownership to the Parcels to Purchaser pursuant to the LSPA.

(e) On the Business Day immediately following the Closing Date, Purchaser shall institute legal proceedings (the "Proceedings") against Seller with a competent court seeking the partition of the Parcels as described in the Partition Agreement based thereon. With respect to the Proceedings, (i) Purchaser shall retain as its legal counsel the attorney of its own choosing, (ii) any and all filings in connection with the Proceedings shall be mutually agreed to by the parties and Seller and Purchaser shall cooperate to achieve the result contemplated by this Section 6.5 and (iii) Seller agrees not to contest the Proceedings.

(f) Upon such court rendering its judgment in favor of a partition of the Parcels, Seller shall waive its right to appeal such judgment and Purchaser shall commence the procedures for the partition of the Parcels (including filing an application with the Korea Cadastral Survey Corporation requesting a survey of the Parcels to determine the boundary of the Land, to the extent required and necessary, and file an application with the pertinent Authority requesting a partition of the Parcels based on such court judgment and results of the survey by the Korea Cadastral Survey Corporation).

(g) Upon the completion of the procedures for the partition of the Parcels as described in Section 6.5(a) through (f) above, Seller and Purchaser shall file applications to the competent real property registry office to register (i) the partition of the Parcels, after which Seller shall be registered as the sole owner of the Remaining Land and Purchaser shall be registered as the sole owner of the Land and (ii) the cancellation or release of all existing Liens registered in the real property registry of the Land.

(h) Upon the parties' satisfaction of the steps in Section 6.5(g) above, Purchaser shall transfer title to the Land to Seller pursuant to the LSPA and then Seller shall grant the Lease Rights and the Easement Rights (the Easement Rights I shall have first priority as provided in Section 6.5(a) and the Easement Rights II shall be subject to Liens existing prior to the registration thereof) to Purchaser pursuant to the Land Lease and Easement Agreement and shall, if requested by Purchaser, provide the Land as collateral for Purchaser's obligations under

the Financing. In connection with the granting of the Lease Rights and the Easement Rights, Purchaser, with the cooperation of Seller, shall register the Lease Rights and the Easement Rights with the relevant real property registry office.

(i) Seller hereby acknowledges and agrees that, after the completion of the steps set forth in Sections (a) through (h) above, it shall not establish any Lien on the Lease Rights Site and the Easement Site I.

(j) All Taxes imposed on Seller or Purchaser with respect to the procedures set forth in this Section 6.5, except for Taxes related to the Land Lease and Easement Agreement and registration of the Lease Rights and the Easement Rights, shall be borne by Seller and all Taxes related to the Land Lease and Easement Agreement and registration of the Lease Rights and the Easement Rights shall be borne by Purchaser. All other costs and expenses (including reasonable attorney's costs) related to the procedures set forth in this Section 6.5, except for the costs and expenses related to the Land Lease and Easement Agreement and the registration of the Lease Rights and the Easement Rights, shall be equally borne by Seller and Purchaser, all other costs and expenses related to the Land Lease and Easement Agreement shall be borne by the party incurring such costs and expenses, and all other costs and expenses related to the registration of the Lease Rights and the Easement Rights shall be borne by Purchaser. Each of Seller and Purchaser shall use reasonable efforts and Seller and Purchaser shall cooperate to minimize the Tax, costs and expenses related to the procedures set forth in this Section 6.5.

## ARTICLE VII

## MISCELLANEOUS

7.1. Nature and Survival of Covenants and Representations. With respect to the covenants, agreements, representations and warranties of the parties hereto in this Agreement or in any Schedule or Exhibit hereto or any certificate or other document delivered pursuant to this Agreement: (a) the covenants and agreements (including in respect of Excluded Liabilities and Assumed Liabilities) shall survive the Closing indefinitely, except for Sections 4.1 and 6.3(a)(i)(D) which shall survive until the date that is eighteen (18) months after the Closing Date and (b) the representations and warranties shall survive until the date that is eighteen (18) months after the Closing Date, except that (i) the representations and warranties of Seller set forth in Sections 2.1, 2.2 and 2.28 and of Purchaser set forth in Sections 3.1 and 3.2 shall survive indefinitely; (ii) the representations and warranties of Seller set forth in Section 2.8 shall survive until the date that is sixty (60) months after the Closing Date and (iii) the representations and warranties of Seller set forth in Sections 2.12 and 2.17 shall survive until the date sixty (60) days after expiration of the statute of limitations applicable to such matters after the Closing Date.

7.2. No Right to Setoff. Neither party, nor their respective Subsidiaries, shall be entitled to offset any amounts owed to it or its Subsidiaries by the other or the other's Subsidiaries pursuant to this Agreement or any of the Transaction Documents against amounts it or its Subsidiaries otherwise owe to the other or the other's Subsidiaries pursuant to this Agreement and the Transaction Documents.

7.3. Notices. Any notice, request, demand, waiver, consent, approval or other communication which is required or permitted to be given to any party hereunder shall be in writing and shall be deemed duly given only upon delivery to the party personally (including by reputable overnight courier service), when telecopied (with confirmation of transmission having been received) during normal business hours or three days after being mailed by registered or certified mail (return receipt requested), with postage and registration or certification fees thereon prepaid, addressed to the party at its address set forth below (or at such other address for a party as shall be specified by such party by like notice):

7.4. Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns; provided, however, that no party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement, including by operation of law or otherwise, except (i) with the written consent of the other party hereto, (ii) by Purchaser to one or more direct or indirect Subsidiaries of the Warrant Issuer, which assignment shall not relieve Purchaser of any of its obligations hereunder or (iii) by Purchaser as collateral security to any entity providing financing of indebtedness for borrowed money to Warrant Issuer or any of its Subsidiaries.

7.5. Exhibits and Schedules. All Exhibits and Schedules annexed hereto or referred to herein are hereby incorporated in and made a part of this Agreement as if set forth in full herein.

7.6. Governing Law. This Agreement shall be governed by and construed in accordance with the Laws of the Republic of Korea without giving effect to the rules of conflict of Laws of the Republic of Korea that would require application of any other Law.

7.7. Consent to Jurisdiction. Seller and Purchaser shall consent to and submit to the non-exclusive jurisdiction of the Seoul Central District Court located in the Republic of Korea in connection with any action, suit or proceeding arising out of or relating to this Agreement, and Seller and Purchaser shall irrevocably waive, to the fullest extent permitted by Law, any objection which it may have to the laying of the venue of any such proceeding brought in such court and any claim that any such proceeding brought in such court has been brought in an inconvenient forum.

7.8. Severability. The parties agree that (a) the provisions of this Agreement shall be severable in the event that any provision hereof is held by a court of competent jurisdiction to be invalid, void or otherwise unenforceable, (b) such invalid, void or otherwise unenforceable provision shall be automatically replaced by another provision which is as similar as possible in terms to such invalid, void or otherwise unenforceable provision but which is valid and enforceable and (c) the remaining provisions shall remain enforceable to the fullest extent permitted by Law.

7.9. No Third Party Beneficiaries. Nothing herein expressed or implied is intended or should be construed to confer upon or give to any Person other than the parties hereto (and the Seller Indemnified Parties and Purchaser Indemnified Parties referred to in Section 6.3) and their successors and assigns any rights or remedies under or by reason of this Agreement.

7.10. Entire Agreement. This Agreement, together with the Schedules and Exhibits hereto and the other Transaction Documents, constitutes the entire understanding of the parties with respect to the subject matter hereof, supersedes any prior agreements or understandings, written or oral, between the parties with respect to the subject matter hereof, and is not intended to confer upon any Person other than the parties hereto (and the Seller Indemnified Parties and Purchaser Indemnified Parties) any benefit, right or remedy.

7.11. Amendment and Waiver. The parties may, by mutual agreement, amend this Agreement in any respect, and any party, as to such party, may (i) extend the time for the performance of any of the obligations of the other party; (ii) waive any inaccuracies or omissions in representations and warranties by the other party; (iii) waive compliance by the other party with any of the covenants or agreements contained herein and performance of any obligations by the other party; and (iv) waive the fulfillment of any condition that is precedent to the performance by such party of any of its obligations under this Agreement. To be effective, any such amendment or waiver must be in writing and be signed by the party providing such waiver or extension, as the case may be. The rights and remedies herein provided are cumulative and are not exclusive of any rights or remedies which any party may otherwise have at law or in equity. The waiver by any party hereto of any breach by the other party of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach by the other party, whether or not similar.

7.12. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but which together shall constitute one and the same instrument.

7.13. Headings. The headings preceding the text of the sections and subsections hereof are inserted solely for convenience of reference, and shall not constitute a part of this Agreement nor shall they affect its meaning, construction or effect.

7.14. Construction; Certain Defined Terms. Purchaser and Seller have participated jointly in the negotiation and drafting of this Agreement and the Transaction Documents. In the event any ambiguity or question of intent or interpretation arises, this Agreement and the Transaction Documents shall be construed as if drafted jointly by Purchaser and Seller, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement. Any reference to any foreign or domestic statute or Law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise. Words in the singular shall held to include the plural and vice versa. The word "including" in this Agreement shall mean "including without limitation." Section references refer to sections in this Agreement unless otherwise specified. As used herein, the terms below have the following definitions:

(a) "Affiliate" of any Person means any other Person, directly or indirectly controlling, controlled by or under common control with such Person.

(b) "Authority" means any federal, state, local, provincial or foreign governmental or regulatory entity (or any department, agency, authority or political subdivision thereof or any court or arbitrator).

(c) "Business Day" means any day other than a Saturday, a Sunday or a day on which banks in Seoul are authorized or obligated by Law or executive order to close.

(d) "Contract" means any written, oral or other agreement, contract or, instrument.

(e) "Employees" shall mean, all individuals with whom Seller or any of its Subsidiaries maintain on the specified date, an employer-employee relationship and whose primary responsibilities relate to the Business or who has been designated to become an employee of the Business in accordance with Section 4.3.

(f) "Former Employees" means all individuals who were previously employed by Seller or any of its Subsidiaries and whose primary responsibilities related to the Business but who are no longer so employed on the specified date, including any such individual receiving long term-disability benefits.

(g) "ICs" means integrated circuits.

(h) "Indebtedness" means (i) all obligations for borrowed money (including any interest rate swap breakage or associated fees); (ii) all obligations to pay the deferred purchase price of property or services (including the earned portion of any so-called "earn-out" obligations); (iii) all obligations evidenced by notes, bonds, debentures, or other similar instruments; (iv) all indebtedness created or arising under any conditional sale or other title retention agreement with respect to acquired property; (v) all reimbursement obligations, contingent or otherwise, under a drawn acceptance, letter of credit or a similar facility; (vi) all deferred compensation obligations and (vii) all guarantees of any of the foregoing.

(i) "Knowledge" means, with respect to Seller, the actual knowledge after reasonable inquiry of the Persons listed on Schedule 7.14(i).

(j) "Law" means any law, statute, rule, regulation, ordinance, code, judgment or other pronouncement having the effect of law of Korea, the United States, any other country or any domestic or foreign provincial, state, county, city or other political subdivision or of any Authority.

(k) "Lien" means any lien, charge, claim, agreement to sell, pledge, security interest, conditional sale agreement or other title retention agreement, lease, mortgage, deed of trust, security agreement, right of first refusal or offer (or other similar right), option, restriction, tenancy, license, covenant, encroachment (whether upon any real property or by any improvement situated on any real property onto any adjoining real property or onto any easement area), right of way, easement, title defect or other encumbrance or title matter.

(l) "Material Adverse Effect" means any change, effect or circumstance that, individually or when taken together with all other such changes, effects or circumstances that have occurred prior to the date of determination of the occurrence of a Material Adverse Effect, has or could reasonably be expected to have, any material adverse effect on (i) the assets, liabilities, operations, business, results of operations or condition (financial or otherwise) of the Business or (ii) the ability of Seller to consummate the Transaction; provided, however, that in no event shall any changes in general business or economic conditions, except to the extent such changes affect Seller in a significantly disproportionate manner, constitute a Material Adverse Effect for the purposes of this Agreement.

(m) "Person" means an individual, a corporation, a partnership, an association, a joint venture, a limited liability company, an Authority, a trust or other entity or organization.

(n) "ROM" means read-only memory.

(o) "Seller Material Adverse Change" means any change, effect or circumstance that, individually or when taken together with all other such changes, effects or circumstances that have occurred prior to the date of determination of the occurrence of a Seller Material Adverse Change, has or could reasonably be expected to (i) have any material adverse effect on the expected benefits to be received by Seller from the Transaction other than as contemplated herein or (ii) materially impair the ability of Purchaser to consummate the Transaction.

(p) "Subsidiary" of any Person means any Person directly or indirectly controlled by such Person.

7.15. Disclosure Schedules. Nothing in the schedules hereto shall be deemed adequate to disclose an exception to a representation or warranty made herein unless the matter to which the exception relates is reasonably apparent from a reading of such disclosure on its face. The disclosure on any schedule hereto pursuant to Article II shall be deemed to be disclosed on any other schedule hereto pursuant to Article II but only to the extent that it is reasonably apparent from a reading of such disclosure on its face that it also applies to such other schedule.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first written above.

FIRST AMENDMENT TO BUSINESS TRANSFER AGREEMENT

This FIRST AMENDMENT TO BUSINESS TRANSFER AGREEMENT (the "Amendment") is made and entered into on October 6, 2004, by and between HYNIX SEMICONDUTOR INC., a corporation organized under the Laws of Republic of Korea, on the one hand, and MAGNACHIP SEMICONDUCTOR, LTD., a company organized as a yuhan hoesa under the Laws of the Republic of Korea, on the other hand.

WITNESSETH:

WHEREAS, Seller and Purchaser are parties to the Business Transfer Agreement, dated as of June 12, 2004 (the "BTA"); and

WHEREAS, Seller and Purchaser desire to amend certain provisions of the BTA as set forth more specifically below.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants, agreements, undertakings and obligations set forth herein and other consideration the sufficiency and adequacy of which is hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

Section 1. Amendment to Article I.

(a) Schedule 1(a) hereto is hereby added to the BTA as Schedule 1.1(b)(xx) thereof. Section 1.1(b) of the BTA is hereby amended by deleting the word "and" after Section 1.1(b)(xviii), inserting the word "and" after Section 1.1(b)(xix) and inserting a new Section 1.1(b)(xx) that reads as follows:

"(A) the Cooperation Agreement ('Cooperation Agreement') C500 Microcontroller Cores dated May 16, 1994 by and between Infineon Technologies AG and Goldstar Electron Co. Ltd. and (B) the golf memberships described on Schedule 1.1(b)(xx) hereof which shall be delivered to Purchaser by Seller on the Closing Date and, with respect to the East Valley membership, in consideration for which the Cash Purchase Price shall be increased by KRW 919,800,000;"

(b) Section 1.1(b)(v) shall be amended by replacing the word "Closing" where it first appears in such section with the words "Effective Time."

(c) Schedule 1.1(c)(ii) of the BTA is amended by adding thereto the Patent Cross-License Agreement by and between Hitachi, Ltd. and Hyundai Electronics Inc. dated June 10, 1993.

(d) Purchaser and Seller acknowledge that, as of the Closing Date, Koninklijke Philips Electronics N.V. has refused to consent to the assignment of the patent license agreement, effective as of July 1, 1999, between Seller and Koninklijke Philips Electronics N.V. (the "Philips Agreement"), to Purchaser. Purchaser and Seller agree that, in light of the failure of Koninklijke Philips Electronics N.V. to consent to

such assignment, the Philips Agreement shall not be an Acquired Contract. Following the Closing, Seller shall, at Purchaser's request, use its commercially reasonable efforts to assist Purchaser in obtaining an agreement with Koninklijke Philips Electronics N.V. in lieu of the Philips Agreement.

(e) Seller represents that it has reached an agreement-in-principle with Cadence Design Services Y.K. (successor in interest to Excellent Design, Inc.) ("Cadence") to the assignment of the EXD *parquet* License Agreement (Agreement No. EXD/P-9803004E), dated March 13, 1998, by and between Cadence and Seller, to Purchaser, subject only to payment by or on behalf of Seller to Cadence of 400,000 United States dollars (the "Cadence Fee"). Seller agrees to pay the Cadence Fee to Cadence and thereby obtain Cadence's unconditional consent to such assignment (the "Cadence Consent") within 14 days of the date hereof. Seller agrees that notwithstanding anything in the BTA or any other agreement between the parties to the contrary, if Seller fails to obtain the Cadence Consent within 14 days of the date hereof, Purchaser, in addition to any other rights and remedies available to it, may deduct an amount equal to the Cadence Fee and any additional amount necessary to obtain the Cadence Consent from any amounts owed to Seller or any Subsidiary of Seller by Purchaser or any Subsidiary of Warrant Issuer.

(f) Seller and Purchaser desire to amend the BTA to provide for the sale by certain Subsidiaries of Seller of the Acquired Assets owned by such Subsidiaries to certain Subsidiaries of Warrant Issuer and the assumption by such Subsidiaries of Warrant Issuer of the Assumed Liabilities of such Subsidiaries of Seller. Accordingly, a new Section 1.10 shall be added to the BTA as follows:

"1.10 Subsidiary to Subsidiary Transfer and Assumption. Notwithstanding anything to the contrary in this Article I, at the Closing hereunder Acquired Assets owned by a Subsidiary of Seller included in Schedule 1.6(a) shall be sold, assigned, transferred, delivered and conveyed directly by such Subsidiary to the Subsidiary of Warrant Issuer included in Schedule 1.6(a) opposite the name of such Subsidiary of Seller and any Assumed Liabilities that are liabilities of a Subsidiary of Seller included in Schedule 1.6(a) shall be assumed by the Subsidiary of Warrant Issuer included in Schedule 1.6(a) opposite the name of such Subsidiary of Seller."

Section 2. Amendment to Section 1.2(a). Section 1.2(a) of the BTA shall be amended and restated in its entirety as follows:

"the 'Hynix Payable', which shall be defined as an account payable from Purchaser to Seller in an amount equal to the sum of (i) that portion of each of the Shared Payables that relates to the Business, provided that no more than one month's accrual shall be included in the Hynix Payable for payables that are payable according to a monthly schedule, including payments to Vivendi,

and (ii) except as set forth in Section 1.3(j), those accounts payable that (x) arise in the ordinary course of business, are attributable to the Acquired Assets, and only in the amount and to the extent such accounts payable exist as of the Effective Time and are reflected on the Closing Balance Sheet (as finally determined pursuant to Section 1.6(c)), as more specifically defined and determined in accordance with the Accounting Principles or (y) are attributable to an Acquired Asset to the extent such Acquired Asset is subject to a Lien;"

Section 3. Amendment to Section 1.2(b). Section 1.2(b) of the BTA shall be amended and restated in its entirety as follows:

"all accrued liabilities of Seller for severance payments with respect to Transferred Employees to the extent not owed to such Transferred Employees as of the Effective Time (the 'Severance Liability'), the calculation of which is as set forth in the formula on Schedule 1.2(b) hereto;"

Section 4. Amendment to Section 1.4. Section 1.4 shall be amended by adding the following sentence to the end of such section:

"Notwithstanding anything to the contrary, in the event of any conflict or inconsistency between any consent to the assignment of all or any portion of any Acquired Contract (including the Cooperation Agreement) or Acquired Permit and the terms and conditions of this Agreement, Seller and Purchaser acknowledge and agree that as between Seller and Purchaser the terms and conditions of this Agreement shall govern."

Section 5. Amendment to Section 1.5. Provided that the Closing occurs no later than October 6, 2004, Section 1.5 shall be amended and restated to read as follows:

"Closing; Effective Time. Subject to the terms and conditions of this Agreement, the closing of the sale and purchase of the Acquired Assets (the 'Closing') shall take place on October 6, 2004 (the 'Closing Date'). On the Closing Date, the Seller shall deliver to Purchaser the Acquired Assets and the Purchaser shall assume the Assumed Liabilities as of the Effective Time subject to such changes therein as have occurred from the Effective Time through the Closing Date, and such other assets (including, for the avoidance of doubt, cash and cash equivalents arising after the Effective Time (subject to any cash expenses arising after the Effective Time that are paid in satisfaction of Assumed Liabilities as of the Effective Time or other expenses that otherwise would have been liabilities assumed by Purchaser in accordance with this sentence) and any assets acquired by Seller or its Subsidiaries after

the Effective Time that would have been Acquired Assets if they were owned by Seller or its Subsidiaries as of the Effective Time) and liabilities (including, for the avoidance of doubt, any liabilities incurred by Seller or its Subsidiaries after the Effective Time that would have been Assumed Liabilities if they had been liabilities of Seller or any of its Subsidiaries as of the Effective Time) as are necessary to convey to Purchaser the financial benefits and burdens of the Business (as constituted as of the Effective Time in accordance with this Agreement) from the Effective Time through the Closing Date. In furtherance of the foregoing, Seller agrees to operate the Business for the benefit of Purchaser from the Effective Time until the Closing Date pursuant to the terms and conditions of this Agreement, and on and after the Closing Date to cooperate in good faith with Purchaser to identify the assets to which Purchaser is entitled and the liabilities to which Purchaser is subject, in each case pursuant to the preceding sentence. Furthermore, Seller and Purchaser agree that promptly upon request (and in any event within 30 days after any such request), Seller and Purchaser shall each take any such actions as the other shall reasonably request (including the execution and delivery of instruments of conveyance or transfer and the payment of cash) to provide for the result specified in the second sentence of this Section 1.5; provided that any dispute between Seller and Purchaser with respect to the foregoing shall be referred to the Independent Accounting Firm for resolution as if such dispute were submitted pursuant to Section 1.6(c)(ii). As used herein, the term 'Effective Time' shall mean October 1, 2004 at 12:00 A.M. in each jurisdiction in which the Acquired Assets are located. Purchaser and Seller acknowledge and agree that from and after the Closing, the Acquired Assets and Assumed Liabilities shall be deemed to have passed to Purchaser or a Subsidiary of Warrant Issuer, as the case may be, at the Effective Time for all financial and accounting purposes."

Section 6. Amendment to Section 1.6(a). Schedule 6 hereto shall be added as Schedule 1.6(a) of the BTA and Section 1.6(a) of the BTA shall be amended and restated in its entirety as follows:

"Purchase Price. Upon the terms and subject to the conditions set forth herein, the aggregate price (the 'Purchase Price') to be paid by Purchaser for the purchase of the Acquired Assets shall be (i) (y) the Parent Cash Purchase Price to be paid by Purchaser, payable as set forth in Section 1.7, and (z) the KRW Equivalent Subsidiary Cash Purchase Price to be paid by the Subsidiaries of Warrant Issuer in accordance with Schedule 1.6(a), payable as set forth in Section 1.7, (ii) the warrant substantially in the form attached hereto as Exhibit B (the 'Warrant Agreement') and (iii)

the assumption by Purchaser and the Subsidiaries of Warrant Issuer listed on Schedule 1.6(a) (as applicable) of the Assumed Liabilities. The term 'Parent Cash Purchase Price' shall mean an amount equal to the difference between (x) Korean Won ('KRW') 860,550,000,000 (the 'Cash Purchase Price'), subject to adjustment pursuant to Section 1.1(b)(xx)(B), Section 1.6(b) through (d), Section 4.3, Section 4.5(b), Section 4.13 and Section 6.3(b)(vi), and (y) an amount in KRW equal to the sum of the amounts set forth under the heading 'KRW Equivalent Subsidiary Cash Purchase Price' on Schedule 1.6(a) (such sum, the 'KRW Equivalent Subsidiary Cash Purchase Price')."

Section 7. Amendment to Section 1.6(b). Purchaser and Seller agree that the Inventory Date shall be September 30, 2004 and that the Pre-Closing Statement, Pre-Closing Balance Sheet and Pre-Closing Working Capital Adjustment Amount have been prepared prior to the physical inventory contemplated by Section 1.6(b) of the BTA.

Section 8. Amendment to Section 1.7(b). Section 1.7(b) of the BTA shall be amended and restated in its entirety as follows:

"Deliveries to Seller. Subject to Section 1.10, Purchaser will deliver to Seller the Parent Cash Purchase Price, and will cause the applicable Subsidiary of Warrant Issuer to deliver to the applicable Subsidiary of Seller the KRW Equivalent Subsidiary Cash Purchase Price (as set forth on Schedule 1.6(a)), in each case by wire transfer of immediately available funds to the accounts designated on Schedule 1.6(a) and, in the case of the KRW Equivalent Subsidiary Cash Purchase Price, in United States dollars in the amounts set forth under the heading 'USD Equivalent Subsidiary Cash Purchase Price' on Schedule 1.6(a); (ii) Purchaser will deliver to Seller the Purchaser Transaction Documents; and (iii) Purchaser will deliver to Seller the certificates and other documents required to be delivered by Purchaser pursuant to Section 5.3 hereof and certified resolutions evidencing the authority of Purchaser as set forth in Section 3.2 hereof, and all other agreements, records and other documents required by this Agreement as of the Closing Date."

Section 9. Amendment to Schedule 2.6. Schedule 2.6 of the BTA is hereby amended by adding thereto the Termination and License Agreement, dated as of February 25, 1998, by and among Hyundai Electronics America, Hyundai Electronics Industries Co., Ltd, Symbios, Inc. and LSI Logic Corporation. Purchaser agrees that such agreement shall be deemed to have been included in schedule as of June 12, 2004 and Seller shall have no liability to Purchaser for failure to have included such agreement in such schedule at such date.

Section 10. Certain Intellectual Property Matters.

(a) As contemplated by Sections 10 and 14 hereof, Purchaser and Seller have agreed upon resolutions related to the Intellectual Property Matters. As defined herein, the "Intellectual Property Matters" shall mean (i) the co-ownership of the Intellectual Property by third parties as to be set forth in the list to be delivered pursuant to Section 14(e) hereof and (ii) the registration of certain Intellectual Property in the name of Persons other than Seller as set forth in Schedule 10(a) hereto. In consideration for the representations, warranties and covenants of Seller contained in Sections 10 and 14 hereof, Purchaser agrees that the Intellectual Property Matters shall be deemed to have been disclosed as exceptions to the representations contained in Section 2.13(f) of the BTA as of June 12, 2004 and Seller shall have no liability to Purchaser, other than as set forth in Sections 10 and 14 hereof, for failure to have disclosed such Intellectual Property Matters with respect to such representations at such date, including pursuant to Section 6.3(a)(i)(A) of the BTA.

Section 11. Amendment to Section 4.3 and Separation Plan Agreements. Seller and Purchaser desire to amend the BTA to set forth their final agreement with respect to the responsibility for implementation of the Separation Plan and the responsibility for Separation Plan Costs. In that regard, Seller represents to Purchaser that Seller has released purchase orders with respect to the Separation Plan as set forth in Schedule 11 hereto (the "Released Separation Plan Purchase Orders") and incurred those expenses with respect to the Separation Plan as set forth on Schedule 11 hereto (such incurred expenses, collectively with the Released Separation Plan Purchase Orders, the "Seller Separation Plan Expenses"). Seller shall pay for the equipment delivered pursuant to the Released Separation Plan Purchase Orders and shall, in the event Seller receives any equipment contemplated by the Released Separation Plan Purchase Orders, promptly transfer to Purchaser any such equipment. Seller shall pay all Released Separation Plan Purchase Orders in accordance with the terms thereof. To the extent that within a reasonable period of time following the due date for any such Released Separation Plan Purchase Order, Seller fails to provide Purchaser with reasonable evidence of payment of the full amount of such Released Separation Plan Purchase Order, Seller shall reimburse Purchaser for the amount of such shortfall within 10 Business Days of Purchaser's demand therefor, up to KRW 2,056,074,341 in the aggregate. To the extent that Seller provides Purchaser with reasonable evidence that Seller incurred prior to the Closing Date any Separation Plan Cost that was not reflected as a Seller Separation Plan Expense, Purchaser shall reimburse Seller for the amount of such cost within 10 Business Days of Purchaser's receipt of such evidence, up to KRW 2,450,495,259 in the aggregate. In consideration for such agreements and the amendment to Section 4.3 below,

Purchaser and Seller agree that, other than for such agreements and as contemplated by such amendment, Seller shall have no further obligation or liability under Section 4.3. Section 4.3 is hereby amended by adding the following sentence to the end of such section:

"In connection with the Separation Plan Costs, the Cash Purchase Price shall be reduced at the Closing by KRW 2,450,495,259."

Section 12. Amendment to Section 4.11.

(a) Schedule 2.16(c) of the BTA is hereby amended and restated in the form of Schedule 12(a) hereto. Section 4.11(a) of the BTA shall be amended and restated in its entirety as follows:

"All Employees included on Schedule 2.16(c) are herein referred to as the 'Transferred Employees.' Schedule 2.16(c) indicates, with respect to any Employee who is not actively employed due to short-term disability or approved leave of absence, the reason for such absence and the date such individual is reasonably expected to return to active employment."

(b) Section 4.11(b) of the BTA shall be amended and restated in its entirety as follows:

"At the Closing, Purchaser shall assume the terms and conditions of any collective bargaining agreement set forth on Schedule 2.16(a) to the extent applicable to the Transferred Employees. Purchaser shall use its commercially reasonable efforts to not terminate any Transferred Employee, except as permitted by Law or as agreed to by any such Transferred Employee, for a period of two years from the Closing Date. Purchaser shall have no obligation whatsoever with regard to (i) individuals who are Former Employees as of the day prior to the Closing or (ii) Employees who do not become Transferred Employees."

(c) The first sentence of Section 4.11(c) of the BTA is hereby deleted in its entirety.

(d) Section 4.11(d) of the BTA shall be amended and restated in its entirety as follows:

"Purchaser and Seller agree that Purchaser shall pay Seller KRW 2,144,000,000 within six months of the Closing Date in respect of certain severance payments previously made by Seller to Transferred Employees. Seller agrees to pay to each Employee the amount of any severance that is owed to such Employee as of the Effective Time (which, for the avoidance of doubt, does not include the Severance Liability)."

(e) Section 4.11(e) shall be amended by adding the following to the end of such section:

"Notwithstanding anything to the contrary, in the event of any conflict or inconsistency between the Employee Bank Loan Guarantees (or any other document effecting the Employee Bank Loan Guarantees) and the terms and conditions of this Agreement, Seller and Purchaser acknowledge and agree that as between Seller and Purchaser the terms and conditions of this Agreement shall govern."

(f) Purchaser and Seller agree that Purchaser shall not be deemed to have breached the BTA by failure to have made the offer of employment contemplated by Section 4.11(b) of the BTA prior to the amendment contemplated hereby, and Seller hereby irrevocably waives any claims with respect thereto. Purchaser and Seller agree that Seller shall not be deemed to have breached the BTA by failure to have obtained any release and waiver contemplated by Section 4.11(c) of the BTA prior to the amendment contemplated hereby, and Purchaser hereby irrevocably waives any claims with respect thereto.

Section 13. Amendment to Section 4.13. Section 4.13 is amended by deleting the third sentence thereof in its entirety and by adding the following sentence to the end of such section:

"Furthermore, to the extent that Purchaser believes that the computation of the adjustment to the Cash Purchase Price at Closing pursuant to this Section 4.13 reflects the inclusion of any amounts that are not properly included pursuant to this Section 4.13 and Purchaser so notifies Seller within 90 days after the Closing Date, Seller shall within 10 Business Days of receipt of such notice (i) provide written notice to Purchaser of any dispute with respect thereto and the grounds therefor and (ii) pay to Purchaser the amount necessary to correct for such improperly included amounts to the extent that Seller does not dispute such amounts. Any such dispute between Seller and Purchaser with respect to the foregoing shall be referred to the Independent Accounting Firm for resolution as if such dispute were submitted pursuant to Section 1.6(c)(ii) and Seller shall pay to Purchaser any disputed amounts that Seller is determined to owe upon resolution of any such dispute in accordance with the preceding sentence within 10 Business Days of such resolution. Seller represents to Purchaser that Seller has released purchase orders with respect to capital expenditures set forth on Schedule 4.13 and with respect to which the equipment to be purchased thereunder has not yet been delivered (the 'Released CapEx Purchase Orders'). Following the Closing Date, each of Seller and Purchaser shall use their commercially reasonable efforts to attempt to have the Released

CapEx Purchase Orders modified, revised or cancelled and replaced with equivalent purchase orders reflecting Purchaser as the purchaser with respect to the applicable equipment. In the event that Seller and Purchaser are unable to so change the Released CapEx Purchase Orders and equipment is delivered pursuant to the Released CapEx Purchase Orders to Seller, Seller shall promptly transfer to Purchaser any such equipment. In addition, in such event Seller shall pay all such Released CapEx Purchase Orders in accordance with their terms and Purchaser shall reimburse Seller therefor promptly following receipt of notice thereof (together with reasonable supporting documentation therefor), and Purchaser shall use its commercially reasonable efforts to establish appropriate administrative procedures to provide for Purchaser to make such reimbursements on the same day that Purchaser receives any such notice. Seller shall keep Purchaser reasonably informed of the delivery of any such equipment and the payment terms with respect to any such Released CapEx Purchase Orders to facilitate the foregoing."

Section 14. Amendment to Section 4.19.

(a) Section 4.19(a) of the BTA shall be amended and restated in its entirety as follows:

"Seller shall indemnify and hold harmless the Purchaser Indemnified Parties from any and all Damages arising from the use by Purchaser or its permitted assignees or licensees of any Intellectual Property referred to in Sections 4.19(d) and (e) that is an Acquired Asset from the Effective Time until the date that Seller has fully satisfied its obligations under Sections 4.19(d) and (e), to the extent relating to or in connection to the fact that the matters to be undertaken by Seller thereunder were not accomplished prior to the Closing Date."

(b) Section 4.19(b) of the BTA is hereby amended by adding the following sentence to the end of such section:

"For the avoidance of doubt, the covenants and limitations of liability set forth in this Section 4.19(b) shall apply only to the inadvertent failure to transfer such Intellectual Property that is an Acquired Asset at Closing or the inadvertent transfer of any Intellectual Property that is not an Acquired Asset only. Such limitations of liability shall not apply to a breach of Seller's covenants under Sections 4.19(d), (e) or (f)."

(c) The third sentence of Section 4.19(c) of BTA is hereby deleted in its entirety. Schedule 4.19(c) of the BTA is hereby amended and restated in the form of Schedule 14(c) hereto.

(d) A new Section 4.19(d) shall be added to the BTA that reads as follows:

"Seller covenants and agrees to execute and deliver, and use its reasonable best efforts to have all appropriate third parties execute and deliver, such instruments of conveyance or transfer and take all such action reasonably necessary to assign and transfer all of Seller's rights in and to the Intellectual Property contained in Schedule 1.1(b)(iv) to Seller as soon after Closing as reasonably practicable, solely at the expense of Seller. Seller shall use its reasonable best efforts to record all such assignments and transfers of Intellectual Property so that Seller is the owner of record of all of Seller's rights in and to the Intellectual Property contained in Schedule 1.1(b)(iv) within 90 days after Closing, solely at the expense of Seller."

(e) A new Section 4.19(e) shall be added to the BTA that reads as follows:

"As soon as reasonably practicable after the Closing (and in any event within 30 days of the Closing Date), Seller shall use its reasonable best efforts to provide Purchaser with a complete and accurate list of all patents and patent applications in which Seller has a partial or joint ownership interest which are included in or called for by Schedule 1.1(b)(iv) (the 'Co-owned Patents') specifying as to each such patent or patent application, as applicable: (i) the owners of the patent or patent application (the 'Co-owner'); (ii) the percentage ownership of each Co-owner (or, if such Co-owner's ownership is not stated in percentage terms, the nature of such co-ownership); (iii) the jurisdiction in which each Co-owned Patent is issued or in which any application for issuance has been filed; and (iv) the respective issuance or application number of the Co-owned Patent. Further, from and after the Closing, Seller shall use its reasonable best efforts to (x) obtain the consent of any and all Co-owners whose consents are necessary to transfer and assign Seller's right, title and interest in the Co-owned Patent to Purchaser; (y) execute and deliver, and have all necessary Co-owners execute and deliver, to Purchaser any and all assignment documents or any other such instruments of conveyance or transfer that may be necessary in order to transfer Seller's right, title and interest in the Co-owned Patents (including any contractual rights with respect to the Co-owned Patents) to Purchaser; and (z) obtain from all Co-owners a waiver or other consent or agreement by which such Co-owner agrees not to exercise any preemptive right or right-of-first-refusal to acquire or

have acquired Seller's right, title and interest in the Co-owned Patents with respect to the Transaction, in the case of each of (x), (y) and (z) solely at the expense of Seller."

(f) A new Section 4.19(f) shall be added to the BTA that reads as follows:

"If Seller is unable to put Purchaser fully in possession of Seller's right, title and interest with respect to the Co-owned Patents, to the extent allowed by the Laws of the jurisdiction in which any Co-owned Patent is issued or which an application for issuance has been filed, Seller shall grant to Purchaser an exclusive, perpetual, irrevocable, royalty-free, and fully sublicensable right and license under all of the Co-owned Patents to practice and commercially exploit the Co-owned Patents throughout the world, subject to any licenses or sublicenses to which Seller or any of its Subsidiaries is a party and included in Schedule 2.13(b) of this Agreement. Seller shall obtain the consent of any Co-owner that may be necessary to grant the exclusive license contemplated above, solely at the expense of Seller. Such license shall be in a form reasonably acceptable to Purchaser and shall extend for the full life of any of the Co-owned Patents. Purchaser shall, at its own expense, maintain all Co-owned Patents and take whatever action is necessary to ensure the continued validity and enforceability of the Co-owned Patents that are subject to this license (to the extent that, among Co-owners, Seller had this obligation prior to transfer to Purchaser). To this end, Purchaser shall have the authority to direct the prosecution of all pending applications for Co-owned Patents and shall have the exclusive right to bring suit in its own name and at its expense against any infringement of the Co-owned Patents (but only to the extent that, among Co-owners, Seller had this right prior to transfer to Purchaser). Seller will join as a plaintiff in any such suit, if requested by Purchaser, and will cooperate at the request of Purchaser in the prosecution of any such suit, provided that Purchaser will reimburse Seller for Seller's reasonable expenses. Purchaser shall retain all amounts recovered, whether by judgment, award, settlement or otherwise, in any suit commenced and maintained to its conclusion by Purchaser."

Section 15. Amendment to Section 4.21(a). Section 4.21(a) of the BTA is hereby amended and restated in its entirety as follows:

"On the Closing Date, Purchaser shall enter into a lease agreement with Samsung Life Insurance Co., Ltd upon the terms and conditions negotiated among Purchaser, Seller and Samsung Life Insurance Co., Ltd (the 'Youngdong Lease Agreement'). With respect to the Youngdong Lease Agreement, Seller shall pay Purchaser in cash as additional key money deposit (the 'Additional Key Money Deposit') as follows: on the Closing Date, KRW 85,998,380 and on October 6, 2005, KRW 2,580,000. Purchaser shall return the

full amount of the Additional Key Money Deposit to Seller on the earlier of (i) the day that is fifteen (15) months after the commencement of the term of the Youngdong Lease Agreement and (ii) the day of expiration or termination of the Youngdong Lease Agreement. As long as the Youngdong Lease Agreement remains in effect, Seller shall pay Purchaser in cash as additional monthly rent and maintenance fees on the fifteenth (15th) day of every month during the fifteen (15) months immediately following commencement of the Youngdong Lease Agreement as follows: (x) for the period from the Closing Date through August 31, 2005, KRW 8,600,000; (y) for the period from September 1, 2005 through October 5, 2005, KRW 4,476,000; and (z) for the period from October 6, 2005 through January 5, 2006, KRW 8,859,000. In the event of any modification or amendment to the Youngdong Lease Agreement resulting in a reduction to the key money deposit or the monthly rent and/or maintenance fees, Seller and Purchaser agree to enter into an amendment to this Section 4.21 to proportionately reduce the amounts paid or payable by Seller. In addition to the space Purchaser shall have the right to occupy under the Youngdong Lease Agreement (the 'Initial Space'), Seller agrees to provide Purchaser with the right to occupy 70 pyung on the 14th floor of the Youngdong Building promptly following Closing and to use its good faith efforts to make available to Purchaser up to one-half of the 14th floor of the Youngdong Building in the aggregate as soon as reasonably practicable (the 'Additional Space'). In furtherance of the foregoing, Seller and Purchaser shall cooperate to provide Purchaser with the same rights with respect to the Additional Space as Purchaser has under the Youngdong Lease Agreement with respect to the Initial Space."

Section 16. Amendment to Section 4.22. Section 4.22 of the BTA is hereby amended and restated in its entirety as follows:

"4.22 Hynix Payable and Post-Effective Time Payables. At the Closing, the Hynix Payable from Purchaser to Seller shall be created in an amount as set forth in Section 1.2(a), and the Pre-Closing Balance Sheet and the Closing Balance Sheet shall reflect such as a current liability. Purchaser shall pay to Seller on or prior to the day that is 30 days after the Closing Date an amount equal to (a) the Hynix Payable and (b) any other accounts payable of Seller or its Subsidiaries that arise in the ordinary course of business pursuant to the operation of the Business in accordance with the third sentence of Section 1.5 between the Effective Time and the Closing Date ('Post-Effective Time Accounts Payable'). For purposes of the prior two sentences, no effect shall be given to that portion of Section 1.2(a) restricting accounts payable to those reflected on the Closing Balance Sheet. Seller shall provide notice to Purchaser of the amount of (and reasonable supporting documentation for) the Post-Effective Time Accounts Payable on or prior to the fifth Business Day after the Closing Date. Seller shall pay in accordance with their terms the Shared Payables, all other accounts payable included in the determination of the Hynix Payable and the Post-Effective Time Accounts Payable."

Section 17. Amendment to Section 5.3(g). Section 5.3(g) of the BTA is hereby deleted in its entirety.

Section 18. Amendment to Article VI.

(a) A new Section 6.4(f) shall be added to the BTA that reads as follows:

"Notwithstanding anything herein to the contrary, the taking of any action expressly contemplated by the Purchaser Transaction Documents shall not constitute a breach of any of the restrictions set forth in this Section 6.4."

(b) A new Section 6.6 shall be added to the BTA that reads as follows:

"6.6 Post-Closing Cooperation and Other Agreements.

(a) Seller shall, and shall cause its Subsidiaries, from and after the Closing, upon the reasonable request of Purchaser, to cooperate with Purchaser in the preparation by Purchaser and Purchaser's accountants of (i) an audited balance sheet as of December 31, 2000, (ii) audited financial statements for any fiscal period in 2004, in each case that conform to the requirements of US GAAP and Regulation S-X promulgated by the Securities and Exchange Commission and the regulations promulgated thereunder ('Regulation S-X'), (iii) an audited (x) reconciliation of net income and net assets from US GAAP to those items prepared under Korean GAAP and (y) a condensed Korean GAAP balance sheet, income statement and cash flow statement, in the case of both (x) and (y), as of December 31, 2002, December 31, 2003 and the end of each calendar quarter of 2004 and for each of the three years in the period ended December 31, 2004 and for any fiscal period in 2004 and (iv) a reconciliation of EBITDA derived from such Korean GAAP financial information to EBITDA as determined pursuant to the Accounting Principles, including in the case of (i), (ii), (iii) and (iv) by providing reasonable access at all reasonable times to Seller's personnel and accountants and, to the extent related to such periods, books, records, documents, working papers (subject to execution of a customary accountant's access letter) and other information related to the foregoing.

(b) Purchaser agrees to be bound by the Settlement Agreement, dated as of April 25, 2002, by and between Seller and Nintendo of America Inc. and Purchaser and Seller agree to cooperate to obtain the consent of Nintendo of America Inc. to the foregoing.

(c) Each of Seller and Purchaser agrees that, following the Closing, upon the reasonable request of the other, it shall cooperate with the

other with respect to any litigation or claims with respect to the Business or the Acquired Assets and Assumed Liabilities or the Excluded Assets and Excluded Liabilities to the extent related to the Business, or with respect to the other party's need to demonstrate compliance with any contract (including the Settlement Agreement, dated as of April 25, 2002, by and between Seller and Nintendo of America Inc.) by way of providing or providing access to files, books and records and making personnel available in each case during regular business hours."

Section 19. Separation Plan Amendment. The 23rd and 24th pages of Schedule 4.3 of the BTA are hereby deleted and replaced in their entirety by the pages attached hereto as Schedule 19.

Section 20. Certain Real Estate Matters.

(a) As contemplated by Section 20(b) hereof and the Partition Agreement, the LSPA and the Land Lease and Easement Agreement, Purchaser and Seller have agreed upon resolutions related to the Real Estate Matters. As defined herein, the "Real Estate Matters" shall mean with respect to each of Seller's sites in Gumi and Cheong-Ju, (i) certain discrepancies in the description of the real estate and related improvements at such sites between the ledger and the registry and (ii) ownership interests and registered lease rights of Veolia Water Industrial Development Co., Ltd. ("Veolia") with respect to each of such sites. In consideration for the covenants of Seller contained in Section 20(b) hereof and in the Partition Agreement, the LSPA and the Land Lease and Easement Agreement, Purchaser agrees that the Real Estate Matters shall be deemed to have been disclosed as exceptions to the representations contained in Section 2.10(a), 2.10(b) and 2.11(b) as of June 12, 2004 and Seller shall have no liability to Purchaser, other than as set forth in Section 20(b) hereof and the Partition Agreement, the LSPA and the Land Lease and Easement Agreement, for failure to have disclosed such Real Estate Matters with respect to such representations at such date, including pursuant to Section 6.3(a)(i)(A) of the BTA.

(b) Section 6.5 of the BTA is hereby amended and restated in its entirety as follows:

"6.5 Registration of Purchaser's Lease Rights.

(a) Seller shall provide that (i) Purchaser's lease rights (the 'Lease Rights') with respect to the site occupied by the C1, C2 and R buildings located at Seller's Cheong-Ju site and certain surrounding lands agreed upon by the parties hereto (collectively, the 'Land'), and Purchaser's easement right (the 'Easement Rights I') with respect to the main access roads connecting from public roads to the Land located on the Remaining Land (the 'Easement Site I'), each of which granted by Seller to Purchaser under the land lease and easement agreement (the 'Land Lease and Easement

Agreement'), shall have first priority over all other Liens on the Land and the Easement Site I, as the case may be, except for (A) statutory Liens that may have priority over the Lease Rights and the Easement Rights I and (B) the Seller's Easement Rights over the Access Areas, provided, that Seller shall not be in default of any payment obligations, the failure of which may grant a Tax Authority, Seller's employees or any other Person statutory Liens having priority over the Lease Rights or the Easement Rights I, (ii) two parcels of land respectively located at 105-27, Oibuk-dong, Heungduk-gu, Cheongju City, Chung Cheong Buk-do, Korea and 1, Hyangjeong-dong, Heungduk-gu, Cheongju City, Chung Cheong Buk-do, Korea (the 'Parcels') shall be partitioned into the Land, and land other than the Land (the 'Remaining Land') in accordance with the survey result to be conducted in accordance with Section 6.5(b) below and (iii) all existing Liens on the Land or the Easement Site I, as the case may be, that would have higher priority over the Lease Rights or the Easement Rights I, as the case may be, shall be cancelled or released and reregistered subsequent to the registration of the Lease Rights and the Easement Rights I by taking the steps set forth in this Section 6.5. Seller's failure to perform its obligations under this Section 6.5 due to the imposition by Purchaser's lenders in connection with the Financing of any Lien senior to the Lease Rights and the Easement Rights I shall in no event constitute a breach by Seller thereof.

(b) Seller and Purchaser shall request the Korea Cadastral Survey Corporation or other qualified cadastral company to conduct a survey (the 'Survey') of the Land, the Lease Rights Site II, the Easement Site I, the Easement Site II and the Access Areas to determine the respective boundaries and the sizes thereof, which shall be completed prior to the execution of the agreements identified in Section 6.5(c) herein below.

(c) After satisfaction of the requirements in Section 6.5(b) above by the Closing, based upon the result of the Survey, or otherwise based on diagrams approved by Purchaser and Seller at Closing to be replaced by the results of the Survey to be agreed upon by the Parties, Seller and Purchaser shall enter into: (i) the Land Lease and Easement Agreement with respect to the Land, certain lots on which the gas warehouse building and waste water facility building will be built by Purchaser (the 'Lease Rights Site II' and, together with the Lease Rights Site I, the 'Lease Rights Site') and the Easement Site, substantially on the terms and conditions set forth in the Land Lease and Easement Agreement, whereby (A) Seller shall lease the Lease Rights Site to Purchaser and Purchaser shall lease the Lease Rights Site from Seller, (B) Seller shall grant Purchaser the Easement Rights I to use the

Easement Site I and easement rights (the 'Easement Rights II' and, together with the Easement Right I, the 'Easement Rights') with respect to the access roads and the parking lot located outside of the Land (the 'Easement Site II' and, together with Easement Site I, the 'Easement Site'), and Purchaser shall obtain from Seller the Easement Right to use the Easement Site, and (C) Purchaser shall grant Seller the easement rights (the 'Seller Easement Rights') with respect to the access roads and areas located in the Land (the 'Access Areas'), and Seller shall obtain from Purchaser the Seller Easement Rights to use the Access Areas; and (D) prior to the partition of the Parcels into Land and Remaining Land (the 'Partition'), Seller will lease one-half of the Easement Site I together with the Land as a registered first priority lease right, (ii) a land sale and purchase agreement ('LSPA') in form and substance mutually agreeable to Seller and Purchaser whereby Seller shall sell and transfer the Land to Purchaser prior to the Partition, and Purchaser shall sell and transfer to Seller the ownership to the Land after the Partition has been completed in accordance with the Partition Agreement and the procedures described in Sections 6.5(e), (f) and (g) below; and (iii) an agreement for the Partition ('Partition Agreement') in form and substance mutually agreeable to Seller and Purchaser whereby Seller and Purchaser shall agree that they shall undertake to partition the Parcels into the Land and the Remaining Land, and if Partition is not achieved, then Purchaser will retain a registered first priority lease right in the Land and Easement Site I.

(d) [Intentionally left blank]

(e) As soon as practically possible, but in no event later than fourteen (14) days after the Closing Date, Purchaser shall institute legal proceedings (the 'Proceedings') against Seller with a competent court seeking the Partition of the Parcels as described in the Partition Agreement based on the LSPA. With respect to the Proceedings, (i) Purchaser shall retain as its legal counsel the attorney of its own choosing, (ii) any and all filings in connection with the Proceedings shall be mutually agreed to by the parties and Seller and Purchaser shall cooperate to achieve the result contemplated by this Section 6.5 and (iii) Seller agrees not to contest the Proceedings.

(f) Upon such court rendering its judgment in favor of a Partition of the Parcels, Seller shall waive its right to appeal such judgment and Purchaser shall commence the procedures for the Partition of the Parcels (including filing an application with the Korea Cadastral Survey Corporation requesting a survey of the Parcels to determine the boundary of the Land, to the extent

required and necessary, and file an application with the pertinent Authority requesting a Partition of the Parcels based on such court judgment and results of the survey by the Korea Cadastral Survey Corporation).

(g) Upon the completion of the procedures for the Partition of the Parcels as described in Section 6.5(a) through (f) above, Seller and Purchaser shall file applications to the competent real property registry office to register (i) the Partition of the Parcels, after which Seller shall be registered as the sole owner of the Remaining Land and Purchaser shall be registered as the sole owner of the Land and (ii) the cancellation or release of all existing Liens registered in the real property registry of the Land.

(h) Upon the parties' satisfaction of the steps in Section 6.5(g) above, Purchaser shall transfer title to the Land to Seller pursuant to the Partition Agreement and then Seller shall grant the Easement Rights (the Easement Rights I shall have first priority as provided in Section 6.5(a) and the Easement Rights II shall be subject to Liens existing prior to the registration thereof) to Purchaser pursuant to the Land Lease and Easement Agreement and shall, if requested by Purchaser, provide the Land as collateral for Purchaser's obligations under the Financing. In connection with the granting of the Lease Rights and the Easement Rights, Purchaser, with the cooperation of Seller, shall register the Lease Rights and the Easement Rights with the relevant real property registry office pursuant to the Land Lease and Easement Agreement.

(i) Seller hereby acknowledges and agrees that, after the completion of the steps set forth in Sections (a) through (h) above, it shall not establish any Lien on the Land.

(j) All Taxes imposed on Seller or Purchaser with respect to the procedures set forth in this Section 6.5, except for Taxes related to the Land Lease and Easement Agreement and registration of the Lease Rights and the Easement Rights shall be borne by Seller and, all Taxes related to the Land Lease and Easement Agreement and registration of the Lease Rights and the Easement Rights shall be borne by Purchaser. All other costs and expenses (including reasonable attorney's costs) related to the procedures set forth in this Section 6.5, except for the costs and expenses related to the Land Lease and Easement Agreement and the registration of the Lease Rights and the Easement Rights, shall be equally borne by Seller and Purchaser. All other costs and expenses related to the Land Lease and Easement Agreement shall be borne by the party incurring such costs and expenses, except

that all other costs and expenses related to the registration of the Lease Rights and the Easement Rights shall be borne by Purchaser. Each of Seller and Purchaser shall use reasonable efforts and Seller and Purchaser shall cooperate to minimize the Tax, costs and expenses related to the procedures set forth in this Section 6.5.

(k) Seller has disclosed to Purchaser that Seller will not be able to provide to Purchaser at Closing title conveyance or registered lease rights for various buildings and improvements as otherwise required under this Agreement because the buildings and improvements are unregistered or improperly registered. Seller agrees that it will use best efforts to register all buildings and improvements which it is obligated to provide to Purchaser at Closing by registered title or registered priority lease rights or for which Seller has represented to tenants whose leases will be assigned to Purchaser that the landlord under the lease would provide such tenant with registered lease rights. Seller agrees that it will provide Purchaser with such registration that it leaves Purchaser in the identical position it would have been in if Seller had delivered the conveyance of title and registration of lease rights in the form and quality otherwise required under this Agreement, and Seller hereby agrees it shall take no action to disturb or diminish the quality of Purchaser's interest in the buildings and improvements from that interest Seller covenanted to register as of Closing or Partitioning, as applicable. Seller agrees to indemnify and hold harmless Purchaser from all claims, liabilities, obligations, losses, or damages, direct or indirect, arising from Seller's failure, deficiency or delay in providing such registered title or lease rights as the case may be, including, warranties of title to Purchaser's lenders or tenants. Seller acknowledges that Purchaser shall be entitled to exercise all powers, rights, and interests of ownership of such unregistered building and improvements as if Purchaser held current registered title rather than equitable title to such buildings and improvements, and Seller shall cooperate with Purchaser and perform such acts as Purchaser on behalf of Purchaser as Purchaser may notify Seller in the exercise of Purchaser's equitable ownership prior to it acquiring the legal registered title and interest in such buildings and improvements."

Section 21. Waiver of Certain Provisions of Article V.

(a) Purchaser hereby irrevocably waives the following conditions to its obligation to consummate the Transaction: (i) the condition contained in Section 5.2(b) of the BTA solely with respect to the receipt by Seller of consents from third parties with respect to the Contracts contained in Schedule 21 hereto, provided that Seller and Purchaser affirm that such Contracts are Acquired Contracts; (ii) the condition contained

in Section 5.2(g) of the BTA solely with respect to (y) the inclusion in the Audits of a reconciliation of net income and net assets from US GAAP to those items prepared under Korean GAAP and a condensed Korean GAAP balance sheet, income statement and cash flow statement and (z) the second sentence thereof; and (iii) the condition contained in Section 5.2(j) of the BTA solely with respect to the second sentence thereof.

Section 22. Other Amendments to the BTA. Notwithstanding anything in the BTA to the contrary, the terms "Purchaser Transaction Documents" and "Seller Transaction Documents" in the BTA shall have the respective meanings given to such terms on Schedule 22 hereto. All references to the term "Transaction" in the BTA shall be deemed to mean the Transaction as modified by Section 1.10 of the BTA. References to "Seller" and "Purchaser" in the BTA shall be deemed to include the Subsidiaries of Seller and the Subsidiaries of Warrant Issuer (in each case listed on Schedule 1.6(a) hereof) where appropriate in order to effect the intent of Section 1(f) hereof. Notwithstanding anything in the BTA to the contrary, with respect to any Transfer Taxes arising from and with respect to the sale and purchase of the Acquired Assets pursuant to Section 1.10 of the BTA, Seller shall cause the applicable Subsidiary of Seller to pay such Transfer Taxes as and when they become due, and Purchaser shall cause the applicable Subsidiary of Warrant Issuer to reimburse such Subsidiary of Seller at such time and to the extent that such Subsidiary of Warrant Issuer receives a refund of such Transfer Taxes.

Section 23. Counterparts. This Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but which together shall constitute one and the same instrument.

Section 24. Headings. The headings preceding the text of the sections and subsections hereof are inserted solely for convenience of reference, and shall not constitute a part of this Amendment nor shall they affect its meaning, construction or effect.

Section 25. Continued Effectiveness of BTA. Except as specifically amended and supplemented above or by the Appraised Share Agreement, dated as of the date hereof, by and between Seller and Purchaser, all terms of the BTA shall remain unchanged and in full force and effect.

Section 26. Certain Defined Terms. Capitalized terms used but not defined herein shall have the meanings set forth in the BTA.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date first written above.

**A Delaware Limited Liability Company**

THIS THIRD AMENDED AND RESTATED LIMITED LIABILITY COMPANY OPERATING AGREEMENT (this "Agreement") of MAGNACHIP SEMICONDUCTOR LLC (the "Company") dated as of October 6, 2004 is entered into by and among the parties listed on Exhibit A attached hereto (the "Existing Members") and those other Persons (defined below) who become Members (defined below) of the Company from time to time, as hereinafter provided.

## ARTICLE I
## ORGANIZATION

**1.1.** ***Formation; Effective Date.*** The Company was organized as a Delaware limited liability company on November 26, 2003 by the filing of a certificate of formation (the "Certificate") with the Office of the Secretary of State of the State of Delaware under and pursuant to the Act (defined below). The Company represents that from the date of organization of the Company until the date hereof, the Company has conducted no business and incurred no liabilities other than in connection with the Transactions and the initial contributions described in Section 3.1(b). The name of the Company was changed from "System Semiconductor Holding LLC" to "MagnaChip Semiconductor LLC" on August 31, 2004 by the filing of a Certificate of Amendment to the Certificate with the Office of the Secretary of State of the State of Delaware under and pursuant to the Act. This Agreement amends and restates the First Amended and Restated Limited Liability Company Operating Agreement of the Company dated as of September 10, 2004, which had amended and restated the Operating Agreement of the Company dated as of June 8, 2004, and shall be deemed effective as of the date hereof. To the extent that the rights or obligations of any Member are different by reason of any provision of this Agreement than they would be in the absence of such provisions, this Agreement shall, to the extent permitted by the Act, control. As used herein, (a) "Act" means the Delaware Limited Liability Company Act (6 Del. C. § 18-101 *et.seq*.), and any successor statute, as amended from time to time; (b) "Business Transfer Agreement" means the Business Transfer Agreement, dated as of June 12, 2004, by and between Hynix Semiconductor Inc., a company organized under the laws of the Republic of Korea ("Hynix "), and MagnaChip Semiconductor, Ltd. ("MagnaChip Korea"), a company organized under the laws of the Republic of Korea and an indirect subsidiary of the Company; and (c) "Transactions" means the transactions contemplated by the Business Transfer Agreement.

**1.2.** ***Name***. The name of the Company is "MagnaChip Semiconductor LLC" and all Company business must be conducted in that name or in such other names that comply with applicable law as the Board of Directors of the Company (the "Board of Directors") may select from time to time.

**1.3.** ***Registered Agent; Offices.*** The registered agent and office of the Company required by the Act to be maintained in the State of Delaware shall be the Corporation Trust Company, 1209 Orange Street, Wilmington, New Castle County, Delaware 19801 or such other agent or office (which need not be a place of business of the Company) as the Board of Directors may designate from time to time in the manner provided by applicable law. The principal office of the Company shall be located at such place within or without the State of Delaware, and the Company shall maintain such records, as the Board of Directors shall determine from time to time. The Company may have such other offices as the Board of Directors may designate from time to time.

**1.4.** ***Purpose***

(a) The nature or purpose of the business to be conducted or promoted by the Company is to (i) purchase from time to time and hold equity and/or debt investment interests in MagnaChip Semiconductor S. à r.l., a company organized under the laws of Luxembourg ("MagnaChip Luxembourg"), and MagnaChip Semiconductor, Inc., a Delaware corporation ("MagnaChip US"), any successor to MagnaChip Luxembourg or MagnaChip US or any direct or indirect subsidiary of such entities; (ii) engage in the semiconductor industry or related industries or purchase from time to time and hold equity and/or debt investment interests in entities engaged in such industries; (iii) perform all duties and activities as a controlling stockholder of MagnaChip Luxembourg and MagnaChip US or their respective successors and manage the investments of the Company; (iv) hold for investment, distribute and/or otherwise dispose of cash or property distributed to the Company by MagnaChip Luxembourg or MagnaChip US or otherwise received by the Company in connection with its business; and (v) engage in any and all activities necessary, desirable or incidental to the accomplishment of the foregoing; in each case subject to Section 9.4. Notwithstanding anything herein to the contrary, nothing set forth herein shall be construed as authorizing the Company to possess any purpose or power, or to do any act or thing, forbidden by law to a limited liability company organized under the laws of the State of Delaware.

(b) Subject to the provisions of this Agreement, the Company shall have the power and authority to take any and all actions necessary, appropriate, proper, advisable, convenient or incidental to, or for the furtherance of, the purposes set forth in Section 1.4(a).

(c) Subject to the provisions of this Agreement and any securityholders agreement that may be entered into from time to time between the Company and some or all of the Members (each a "Securityholders Agreement"), (i) the Company may enter into and perform any and all documents, agreements and instruments contemplated thereby, all without any further act, vote or approval of any Member, (ii) the Board of Directors may authorize any person (including, without limitation, any Member or Officer) to enter into and perform any document on behalf of the Company and (iii) the Company may merge with, or consolidate into, another Delaware limited liability company or other business entity (as defined in the Act).

**1.5.** ***Foreign Qualification.*** The Board of Directors shall cause the Company to comply with all requirements necessary to qualify the Company as a foreign limited liability company in any jurisdiction where the nature of its business makes such qualification necessary or desirable; provided that the Board of Directors shall provide to each Member such notice of its intention to so qualify in any jurisdiction outside the United States as is reasonably practicable, which such notice shall contain the name of the jurisdiction and the reason for such qualification to the extent reasonably practicable. Subject to the preceding sentence, at the request of the Board of Directors, each Member shall execute, acknowledge, and deliver all certificates and other instruments conforming with this Agreement that are necessary or appropriate to qualify, continue, or terminate the Company as a foreign limited liability company in all such jurisdictions in which the Company may conduct business.

## ARTICLE II
## MEMBERSHIP INTERESTS

**2.1.** ***Existing Members; New Members.***

(a) The Existing Members of the Company are designated on Exhibit A. The number of Common Units and Preferred Units owned by each Member, such Member's Percentage Interest (defined below) of each class of Membership Interests (defined below) and such Member's Capital Contributions as of the date hereof are set forth on Exhibit A opposite such Member's name. Each Member's Membership Interest shall be represented by Units of Membership Interest.

(b) Subject to the applicable provisions of any Securityholders Agreement, and approval by the Board of Directors, the Company shall have the right to issue or sell to any Person (including Members and affiliates of Members) any of the following (which for purposes of this Agreement shall be referred to as "Additional Interests": (i) additional Common Units, Series A Preferred Units and Series B Preferred Units and (ii) warrants, options, or other rights to purchase or otherwise acquire Common Units, Series A Preferred Units and Series B Preferred Units. Subject to the provisions of this Agreement, the Securityholders Agreements, if any, and approval by the Board of Directors, the Company shall determine the number of each class or series of Units to be issued or sold and the contribution required in connection with the issuance of such Additional Interests. In order for a Person to be admitted as a new Member of the Company with respect to an Additional Interest, with respect to Membership Interests that have been transferred pursuant to this Agreement or otherwise: such Person shall have delivered to the Company a written undertaking in a form acceptable to the Company to be bound by the terms and conditions of this Agreement and the Securityholders Agreements, if any, and shall have delivered such documents and instruments as the Company reasonably determines to be necessary or appropriate in connection with the issuance of such Additional Interest to such Person or the transfer of Membership Interests to such Person or to effect such Person's admission as a Member. Thereafter, the Secretary of the Company shall amend Exhibit A without the further vote, act or consent of any other Person to reflect such new Person as a Member and shall make available for review a copy of such amended Exhibit A to each Member. Upon the delivery of such documents and instruments, such Person shall be admitted as a Member and deemed listed as such on the books and records of the Company and thereupon shall be issued such Person's Membership Interest, including any Units that correspond to and

are part of such Membership Interest. Notwithstanding anything herein to the contrary, no Member may transfer its Membership Interests until the closing of the Business Transfer Agreement.

(c) As used herein, the following terms shall have the following meanings:

(i) "Member" means (a) the Existing Members and (b) any Person hereafter admitted to the Company as a member as provided in this Agreement and the Securityholders Agreements, if any, but does not include any Person who has ceased to be a member in the Company.

(ii) "Membership Interest" means a Member's entire interest in the Company, including such Member's economic interest, the right to vote on or participate in the Company's management, and the right to receive information concerning the business and affairs of the Company, in each case, to the extent expressly provided in this Agreement or required by the Act.

(iii) "Percentage Interest" means, with respect to any Member, the percentage of the total number of Units of the class of Units in question owned by such Member.

(iv) "Person" shall mean an individual, a corporation, partnership, trust, limited liability company, organization, association, government or any department or agency thereof, or any other individual or entity.

**2.2.** ***Representations and Warranties.*** Each Member hereby represents and warrants to the Company and each other Member that:

(a) Such Member has full legal right, power and authority (including the due authorization by all necessary corporate, limited liability company or partnership action in the case of corporate, limited liability company or partnership Members) to enter into this Agreement and to perform such Member's obligations hereunder without the need for the consent of any other Person; and this Agreement has been duly authorized, executed and delivered and constitutes the legal, valid and binding obligation of such Member enforceable against such Member in accordance with the terms hereof.

(b) The Membership Interests are being received by such Member for investment and not with a view to any distribution thereof that would violate the United States Securities Act of 1933, as amended (the "Securities Act"), or the applicable securities laws of any state; and such Member will not distribute the Membership Interests in violation of the Securities Act or the applicable securities laws of any state.

(c) Such Member understands that the Membership Interests have not been registered under the Securities Act or the securities laws of any state and must be held indefinitely unless subsequently registered under the Securities Act and any applicable state securities laws or unless an exemption from such registration becomes or is available.

(d) Such Member is financially able to hold the Membership Interests for long-term investment, believes that the nature and amount of the Membership Interests being acquired are consistent with such Member's overall investment program and financial position, and recognizes that there are substantial risks involved in acquiring the Membership Interests.

(e) Such Member confirms that (i) such Member is familiar with the business of the Company, (ii) such Member has had the opportunity to ask questions about the Company and to obtain (and that such Member has received to its satisfaction) such information about the business and financial condition of the Company as such Member has reasonably requested, and (iii) such Member, either alone or with such Member's representative (as defined in Rule 501(h) promulgated under the Securities Act), if any, has such knowledge and experience in financial and business matters that such Member is capable of evaluating the merits and risks of the prospective investment in the Membership Interests.

(f) Such Member acknowledges and agrees that such Member's Membership Interests can not be sold, assigned, transferred, exchanged or otherwise disposed of except in compliance with the terms of the Securityholders Agreement, if any, to which such Member is bound.

**2.3.** ***Membership Interests; Certification.*** The Membership Interests shall be divided into three classes of Units consisting of units of Common Membership Interests (the "Common Units"), units of Series A Preferred Membership Interests (the "Series A Preferred Units") and units of Series B Preferred Membership Interests (the "Series B Preferred Units" and, together with the Series A Preferred Units, the "Preferred Units" and, together with Series A Preferred Units and the Common Units, the "Units"). As of the date hereof, and after giving effect to the transactions contemplated hereby, there shall be authorized (i) 65,000,000 Common Units, of which 49,713,285.6800 will be issued and outstanding, (ii) 60,000 Series A Preferred Units, of which 49,727.2033 will be issued and outstanding, and (iii) 550,000 Series B Preferred Units, of which 447,419.5533 will be issued and outstanding. The Company may, in its discretion, issue certificates to the Members representing the Units of Membership Interests held by each Member. To the extent that the holder of a Unit is required by the other provisions of this Agreement to deliver or surrender such holder's certificates representing Units, then, in the event that the Units are not certificated by the Company, the Company will provide a form to be completed and delivered by such holder in lieu thereof.

**2.4.** ***Common Units.*** Except as otherwise provided herein, all Common Units shall be identical and shall entitle the holders thereof to the same rights and privileges.

(a) Dividends. Holders of Common Units shall be entitled to receive ratably on a per unit basis such dividends as may be declared by the Board of Directors.

(b) Voting Rights of Common Units. Subject to the applicable provisions of any Securityholders Agreement, the holders of Common Units shall have the general right to vote for all purposes, including the election of directors of the Board of Directors of the Company ("Directors"), as provided by applicable law. Each holder of Common Units shall be entitled to one vote for each unit thereof held. There shall be no cumulative voting.

(c) Distribution of Assets. In the event of the voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of Common Units shall be entitled to receive all of the remaining assets of the Company available for distribution to its members after all amounts to which the holders of Series A Preferred Units and Series B Preferred Units are entitled have been paid or set aside in cash for payment.

(d) Common Unit Original Issue Price. The "Common Unit Original Issue Price" is equal to $1.00 per Common Unit.

**2.5.** ***Series A Preferred Units***

(a) Accrual and Payment of Dividends.

(i) The holders of Series A Preferred Units shall be entitled to receive, subject to Section 18-607 of the Act, when, as and if declared by the Board of Directors, cumulative cash dividends at the rate of 14% per unit per annum on the Series A Original Issue Price, compounded semi-annually.

(ii) Such dividends shall be payable in semi-annual installments in arrears commencing March 15, 2005 and thereafter on the fifteenth day of March and September (unless such day is not a Business Day (defined below) in which event on the last preceding Business Day) in each such year (hereinafter referred to as a "Series A Dividend Accrual Date"). Each such dividend on Series A Preferred Units when paid shall be payable to holders of record as they appear on the books of the Company on the date established by the Board of Directors of the Company as the record date for the payment of such dividend (which record date shall not precede the date upon which the resolution fixing such record date is adopted and which record date shall be not more than sixty days prior to such action). If no record date is fixed, the record date for determining holders for such purpose shall be at the close of business on the date on which the Board of Directors adopts the resolution relating to such dividend payment. Dividends with respect to any Series A Preferred Units shall accrue (whether or not earned or declared) from the date of issuance of such units. As used herein, "Business Day" means any day other than a Saturday, a Sunday, or a holiday on which national banking associations in the State of Delaware are closed.

(iii) Such dividends on the Series A Preferred Units shall be cumulative, whether or not earned or declared, so that if at any time full cumulative dividends at the rate aforesaid on all Series A Preferred Units then outstanding to the end of the semi-annual dividend period next preceding such time shall not have been paid, the amount of the deficiency shall be paid before any sum shall be set aside for or applied by the Company to the purchase, redemption or other acquisition for value of any Series A Junior Units (defined below) (either pursuant to any applicable sinking fund requirement or otherwise) or any dividend or other distribution shall be paid or declared and set apart for payment on any Series A Junior Units (other than a dividend payable in Series A Junior Units); provided, however, that the foregoing shall not prohibit the

Company from repurchasing Series A Junior Units from a former employee of the Company (or a subsidiary of the Company) where such repurchase arises from the Company's option to repurchase such units upon termination of such employee's employment with the Company (or a subsidiary) pursuant to a written plan or written agreement between the Company and such employee or from the Company's obligation to repurchase such units pursuant to Sections 2.11, 2.12 or 2.13. As used herein, "Series A Junior Units" means any series or class of the membership interests of the Company now or hereafter authorized or issued by the Company, including any series or class of preferred units, ranking junior to the Series A Preferred Units with respect to dividends or distributions or upon the liquidation, distribution of assets, dissolution or winding-up of the Company, including without limitation the Series B Preferred Units and the Common Units. Accrued dividends on the Series A Preferred Units if not paid on the first or any subsequent Series A Dividend Accrual Date following accrual shall thereafter accrue additional dividends in respect thereof (the "Series A Additional Dividends"), compounded semi-annually, at the rate of 14% per annum on the amount of such accrued dividends.

(iv) When dividends are not paid in full upon the Series A Preferred Units and any other units ranking on a parity as to dividends with the Series A Preferred Units, all dividends paid upon Series A Preferred Units and any other units ranking on a parity as to dividends with the Series A Preferred Units shall be paid pro rata so that in all cases the amount of dividends paid per unit on the Series A Preferred Units and such other units shall bear the same ratio that accrued dividends per unit (including Series A Additional Dividends) on the Series A Preferred Units and such other units bear to each other. Except as provided in the preceding sentence, unless full cumulative dividends on the Series A Preferred Units have been paid, no dividends shall be declared or set aside for payment upon any other units of the Company ranking on a parity with the Series A Preferred Units as to dividends.

(v) A semi-annual dividend period shall commence on the day following a Series A Dividend Accrual Date and shall end on the next succeeding Series A Dividend Accrual Date.

(b) Voting Rights. Subject to the applicable provisions of any Securityholders Agreement, except as required by applicable law and except for any voting by the holders of Series A Preferred Units as part of a separate class or series pursuant to Section 2.5(e) or any other provision of this Agreement, no holder of Series A Preferred Units, as such holder, shall be entitled to vote on any matter submitted to a vote of the Members. On any matters on which the holders of the Series A Preferred Units shall be entitled to vote, they shall be entitled to one vote for each unit held. Except as otherwise required by law or as otherwise provided herein, the holders of Series A Preferred Units shall not be entitled to notice of any meeting of Members.

(c) Redemption Rights.

(i) If any outstanding Series A Preferred Units remain outstanding on the 9th anniversary after issuance of the Series A Preferred Units (the "Series A Mandatory Redemption Date"), then the holders of a majority of the then outstanding Series A Preferred Units shall have the right to elect to have the Company redeem all outstanding Series A Preferred Units from funds legally available therefor, in the manner provided in this Section 2.5(c), at a price per unit equal to $1,000 (the "Series A Original Issue Price") plus an amount per unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series A Additional Dividends) to the Series A Mandatory Redemption Closing Date (defined below) (such redemption, a "Series A Mandatory Redemption"). Notice of such an election by holders of Series A Preferred Units (the "Series A Mandatory Redemption Notice") shall be given by such holders to the Company at least 90 days prior to the date redemption is desired (the "Series A Mandatory Redemption Closing Date"). In the event that the Company makes an affirmative election to be treated as a corporation for Federal income tax purposes or the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger or otherwise, then the Company shall have the right to extend the Series A Mandatory Redemption Date to a date that is twenty years and one day past the date of the resulting issuance of the preferred stock of the resulting corporation or the date of the deemed or actual conversion (or exchange) of the Series A Preferred Units into (or for) preferred stock of the resulting corporation, whichever is applicable.

(ii) The Series A Preferred Units may be redeemed from funds legally available therefor, in whole or in part, at the election of the Company, expressed by resolution of the Board of Directors, at any time and from time to time at a price per unit equal to the Series A Original Issue Price plus an amount per unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series A Additional Dividends and all dividends which have accrued since the most recent Series A Dividend Accrual Date) to the date of such optional redemption (such redemption, a "Series A Optional Redemption"); provided that in the event that the Company makes an affirmative election to be treated as a corporation for Federal income tax purposes or the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger or otherwise, then the Company shall have no right to make a Series A Optional Redemption until the date that is twenty years and one day past the date of the resulting issuance of the preferred stock of the resulting corporation or the date of the deemed or actual conversion (or exchange) of the Series A Preferred Units into (or for) preferred stock of the resulting corporation, whichever is applicable. The date of any Series A Optional Redemption is hereinafter referred to as a "Series A Optional Redemption Date."

(iii) The aggregate amount of any redemption pursuant to paragraph (i) or (ii) above is hereinafter referred to as the "Series A Redemption Price" with respect to such redemption. Each of the Series A Mandatory Redemption Closing Date and the date of any Series A Optional Redemption is hereinafter referred to individually as a "Series A Redemption Date."

(iv) Any redemption pursuant to this Section 2.5(c) shall be accomplished in the manner and with the effect as set forth in this Section 2.5(c). In the event that a Series A Mandatory Redemption Notice is given or the Company elects to make a Series A Optional Redemption, notice of the redemption of Series A Preferred Units shall be sent to each holder of record, at the close of business on the Business Day on which the Series A Mandatory Redemption Notice is given in the case of a Series A Mandatory Redemption, or on the record date for such redemption in the case of a Series A Optional Redemption, at such holder's address as the same appears on the books of the Company not less than ten (10) days and not more than sixty (60) days prior to the Series A Redemption Date. Each such notice shall state (A) the Series A Redemption Date, (B) whether the redemption is a Series A Mandatory Redemption or Series A Optional Redemption, (C) the place or places where such units are to be surrendered, (D) that the holder is to surrender the units at the place of redemption and (E) that dividends on the Series A Preferred Units shall cease to accrue on the Series A Redemption Date. If less than all the outstanding Series A Preferred Units are to be redeemed, the selection of units for redemption shall be made pro rata and the notice of redemption to a holder shall state the number of Series A Preferred Units of such holder to be redeemed. The portion of the applicable Series A Redemption Price to which each holder of record of the Series A Preferred Units to be redeemed is entitled shall be delivered to the holder at the holder's address as the same appears on the books of the Company; provided, however, that the full amount of the applicable Series A Redemption Price may instead be deposited (such deposit, the "Series A Deposit") on or before the applicable Series A Redemption Date in trust for the account of the holders of Series A Preferred Units entitled thereto with a bank or trust company in good standing doing business in the State of New York and having capital and surplus of at least $100,000,000 (the date of such deposit being hereinafter referred to as the "Series A Date of Deposit"). Notice of the date on which, and the name and address of the bank or trust company with which, the Series A Deposit has or will be made shall be included in the notice of redemption.

(v) On and after the applicable Series A Redemption Date (unless default shall be made by the Company in providing money for the payment of the Series A Redemption Price pursuant to the notice of redemption), or if the Company shall make a Series A Deposit on or before the date specified therefor in the notice of redemption, then on and after the Series A Date of Deposit (provided notice of redemption has been duly given), all dividends on the Series A Preferred Units so called for redemption shall cease to accrue, and the notice of redemption shall so state, and, notwithstanding that any certificate for Series A Preferred Units is not surrendered for cancellation, the units represented thereby shall no longer be deemed outstanding and all rights of the holders thereof of the Company shall cease and terminate, except the right to receive the Series A Redemption Price (without interest) as hereinafter provided.

(vi) At any time on or after the applicable Series A Redemption Date, or if the Company shall make a Series A Deposit prior to the Series A Redemption Date, then at any time on or after the Series A Date of Deposit, which time shall be specified by the Company in the notice of redemption and which shall not be later than the applicable Series A Redemption Date, the holders of record of the Series A Preferred Units to be redeemed shall be entitled to receive the Series A Redemption Price upon actual delivery to the Company, or in the case of a Series A Deposit, then the bank or trust company with which such Series A Deposit shall be made, of certificates for the units to be redeemed, such certificates, if required, to be duly endorsed in blank or accompanied by proper instruments of assignment and transfer duly endorsed in blank. The making of such delivery to the Company or any such bank or trust company (as applicable) shall not relieve the Company of liability for payment of the Series A Redemption Price.

(vii) Any Series A Deposit funds which remain unclaimed by the holders of such Series A Preferred Units at the end of two (2) years after the Series A Redemption Date shall be paid by the bank or trust company to the Company, which shall thereafter, to the extent of the money so repaid, be liable for the payment of the Series A Redemption Price. Any interest accrued on any Series A Deposit shall be paid to the Company from time to time.

(viii) Notwithstanding anything to the contrary set forth herein, the amounts paid to each holder of Series A Preferred Units under this Section 2.5(c) shall not be in excess of the positive balance in the Series A Preferred Unit Capital Account of such holder (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(d) Preference Rights on Liquidation.

(i) In the event that the Company shall be liquidated, dissolved or wound up, whether voluntarily or involuntarily, after all creditors of the Company shall have been paid in full, the holders of the Series A Preferred Units shall be entitled to receive, out of the assets of the Company legally available for distribution to its members, whether from capital, surplus or earnings, before any amount shall be paid to the holders of any Series A Junior Units, an amount equal to the Series A Original Issue Price in cash per unit plus an amount equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series A Additional Dividends) to the date of final distribution, and no more. If upon any voluntary or involuntary liquidation, dissolution or winding up of the Company, the net assets of the Company shall be insufficient to pay the holders of all outstanding Series A Preferred Units and of any units ranking on a parity with the Series A Preferred Units the full amounts to which they respectively shall be entitled, such assets, or the proceeds thereof, shall be distributed ratably among the holders of the Series A Preferred Units and any units ranking on a parity with the Series A Preferred Units in accordance with the amounts which would be payable on such distribution if the amount to which the

holders of the Series A Preferred Units and of any units ranking on a parity with the Series A Preferred Unit are entitled were paid in full. Holders of Series A Preferred Units shall not be entitled, upon the voluntary or involuntary liquidation, dissolution or winding up of the Company, to receive any amounts with respect to such units other than the amounts referred to in this Section 2.5(d)(i).

(ii) Neither the purchase nor redemption by the Company of any class of units in any manner permitted by the Certificate or any amendment thereof, this Agreement or the Securityholders Agreements, if any, nor the merger or consolidation of the Company with or into any other business entity (as defined in the Act), nor the conversion of the Company into a corporation under Delaware (or other state) law, nor a sale, exchange, conveyance, transfer or lease of all or substantially all of the Company's assets shall be deemed to be a liquidation, dissolution or winding up of the Company for the purposes of this Section 2.5(d); provided, however, that any consolidation or merger of the Company in which the Company is not the surviving entity shall be deemed to be a liquidation, dissolution or winding up of the affairs of the Company within the meaning of this Section 2.5(d) if, (A) in connection therewith, the holders of Series A Junior Units of the Company receive as consideration, whether in whole or in part, for such Series A Junior Units (1) cash, (2) notes, debentures or other evidences of indebtedness or obligations to pay cash or (3) preferred stock or units of the surviving entity which ranks on a parity with or senior to the preferred stock or units received by holders of the Series A Preferred Units with respect to liquidation or dividends or (B) the holders of the Series A Preferred Units do not receive preferred stock or units of the surviving entity with rights, powers and preferences equal to (or more favorable to the holders than) the rights, powers and preferences of the Series A Preferred Units.

(iii) Notwithstanding anything to the contrary set forth in this Section 2.5(d), the amounts distributed under this Section 2.5(d) shall not be in excess of that which would be distributed to the holders of the Series A Preferred Units pursuant to Section 11.2(c) (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(e) Other Rights. Subject to the applicable provisions of any Securityholders Agreement, without the written consent of the holders of a majority of the outstanding units of Series A Preferred Units or the vote of the holders of a majority of the outstanding units of Series A Preferred Units at a meeting of the holders of Series A Preferred Units called for such purpose, the Company shall not amend, alter or repeal any provision of the Company's Certificate or this Agreement so as to adversely affect the relative rights and preferences of the Series A Preferred Units; provided however, that any such amendment that changes the dividend payable on the Series A Preferred Units shall require the affirmative vote of the holder of each unit of Series A Preferred Units at a meeting of such holders called for such purpose or the written consent of the holder of each such unit of Series A Preferred Units; provided further, that in no event will the issuance of any series of preferred Units that is senior to, on a parity with or junior to the Series A Preferred Units or has a redemption date earlier than the Series A Preferred Units be deemed to adversely affect the rights and preferences of the Series A Preferred Units.

(f) Acknowledgement. Each holder of Series A Preferred Units, by acceptance thereof, acknowledges and agrees that payments of dividends, interest, premium and principal on, and redemption and repurchase of, such securities by the Company are subject to restrictions contained in certain credit and financing agreements of the Company.

(g) Conversion.

(i) The Series A Preferred Units may be converted, at the Company's option upon or concurrently with the first underwritten public offering of the Common Units (such Common Units or securities into which the Common Units have been converted or changed, "Common Interests") of the Company, pursuant to an effective registration statement under the Securities Act other than pursuant to a registration statement on Form S-4 or Form S-8 or any similar or successor form, provided that the proceeds of such public offering amounts to at least $30,000,000 in gross proceeds to the Company, after the date hereof ("First Public Offering"), in whole or in part, into fully paid and non-assessable Common Interests. The number of Common Interests deliverable upon conversion of a Series A Preferred Unit, adjusted as hereinafter provided, is referred to herein as the "Conversion Ratio." The Series A Conversion Ratio is an amount equal to the Series A Original Issue Price per Series A Preferred Unit plus an amount per Series A Preferred Unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series A Additional Dividends and all dividends which have accrued since the most recent Series A Dividend Accrual Date) to the date of the consummation of the First Public Offering (the "Series A Conversion Date"), divided by the per Common Interest price to the public (less underwriting discounts and commissions) for Common Interests in the Company's First Public Offering. If less than all the Series A Preferred Units are to be converted, the selection of Series A Preferred Units to be converted shall be pro rata.

(ii) If the Company does not elect to convert all of the Series A Preferred Units into Common Interests pursuant to paragraph (i), each holder of Series A Preferred Units may convert such holder's Series A Preferred Units, at such holder's option upon or concurrently with the Company's First Public Offering, in whole or in part, into fully paid and non-assessable Common Interests. The number of Common Interests deliverable upon conversion of a Series A Preferred Unit, adjusted as hereinafter provided, shall equal the Series A Conversion Ratio.

(h) Conversion Procedure.

(i) Any conversion pursuant to paragraph (g) shall be accomplished in the manner and with the effect as set forth in this paragraph (h).

(ii) Notice of the conversion of Series A Preferred Units pursuant to paragraph (g)(i) shall be given by first class mail to each holder of record on the record date for such conversion at such holder's address as the same appears on the books of the Company not less than fifteen (15) days and not more than sixty (60) days prior to the Series A Conversion Date. Each such notice shall state: (A) in the case of any conversion, whether all or less than all the outstanding Series A Preferred Units are to be converted and the total number of such Series A Preferred Units being converted, (B) the number of Series A Preferred Units held by the holder that the Company will convert, (C) the Series A Conversion Date and the procedure pursuant to which the price will be determined, at which such price Series A Preferred Units will be converted, (D) that the holder is to surrender to the Company, in the manner and at the place designated, its certificates representing the Series A Preferred Units to be converted, (E) that dividends on the Series A Preferred Units to be converted will cease to accrue on such Series A Conversion Date and (F) that the conversion will not occur without further notice unless the Series A Conversion Date occurs within sixty (60) days of the date of such notice.

(iii) If the Company does not elect to convert all of the Series A Preferred Units into Common Interests pursuant to paragraph (g)(i), notice of the Company's First Public Offering shall be given by first class mail to each holder of record of Series A Preferred Units at such holder's address as the same appears on the books of the Company not less than fifteen (15) days and not more than sixty (60) days prior to the Series A Conversion Date. Each such notice shall state: (A) that each holder of Series A Preferred Units may convert all or any portion of such holder's Series A Preferred Units in connection with the Company's First Public Offering upon written notice to the Company within fifteen (15) days of the date of the Company's notice, (B) the Series A Conversion Date and the procedure pursuant to which the price will be determined, at which such price the Series A Preferred Units will be converted if such holder decides to convert any Series A Preferred Units, (C) that if such holder decides to convert any Series A Preferred Units, the holder is to surrender to the Company, in the manner and at the place designated, its certificates representing the Series A Preferred Units to be converted, (E) that if such holder decides to convert any Series A Preferred Units, dividends on the Series A Preferred Units to be converted will cease to accrue on such Series A Conversion Date and (F) that the conversion will not occur without further notice unless the Series A Conversion Date occurs within sixty (60) days of the date of such notice. If a holder of Series A Preferred Units elects to convert such holder's Series A Preferred Units, such holder shall give notice to the Company of such holder's election to convert within fifteen (15) days of the date of the Company's notice. Each notice by a converting holder shall (i) state whether all or less than all the outstanding Series A Preferred Units held by such holder are to be converted and the total number of such Series A Preferred Units being converted and (ii) be accompanied by the unit certificate or certificates, if any, representing the Series A Preferred Units to be converted.

(iv) The holder of the Series A Preferred Units to be converted shall surrender the certificate or certificates representing such Series A Preferred Units at the office of the Company. Unless the Common Interests issuable on conversion are to be issued in the same name as the name in which such Series A Preferred Units are registered, each Series A Preferred Unit surrendered for conversion shall be accompanied by instruments of transfer, in form reasonably satisfactory to the Company, duly executed by the holder or the holder's duly authorized attorney and an amount sufficient to pay any transfer or similar tax. As promptly as practicable after the surrender by the holder of the certificates for Series A Preferred Units as aforesaid, the Company shall issue and shall deliver to such holder, or on the holder's written order to the holder's transferee, a certificate or certificates for the whole number of Common Interests issuable upon the conversion of such Series A Preferred Units in accordance with the provisions of paragraph (g). If less than all the Series A Preferred Units represented by one unit certificate are to be converted, the Company shall issue a new unit certificate for the Series A Preferred Units not converted. The conversion shall be deemed to have been effected immediately prior to the close of business on the Series A Conversion Date, and the person in whose name or names any certificate or certificates for Common Interests shall be issuable upon such conversion shall be deemed to have become the holder of record of the Common Interests represented thereby at such time on such date and such conversion shall be into a number of Common Interests equal to the product of the number of Series A Preferred Units surrendered times the Series A Conversion Ratio in effect at such time on such date. All Common Interests delivered upon conversion of the Series A Preferred Units will upon delivery be duly and validly issued and fully paid and non-assessable, free of all liens and charges and not subject to any preemptive rights. Whether or not the unit certificates representing Series A Preferred Units are surrendered, such Series A Preferred Units shall no longer be deemed to be outstanding and all rights of a holder with respect to such Series A Preferred Units surrendered for conversion shall immediately terminate except the right to receive the Common Interests.

(v) Prior to the delivery of any securities which the Company shall be obligated to deliver upon conversion of the Series A Preferred Units, the Company shall comply with all applicable federal and state laws and regulations which require action to be taken by the Company.

(vi) The Company will pay any and all documentary, stamp or similar issue or transfer taxes payable in respect of the issue or delivery of Common Interests on conversion of the Series A Preferred Units pursuant hereto; provided that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the issue or delivery of Common Interests in a name other than that of the holder of the Series A Preferred Units to be converted and no such issue or delivery shall be made unless and until the person requesting such issue or delivery has paid to the Company the amount of any such tax or has established, to the satisfaction of the Company, that such tax has been paid.

(vii) In connection with the conversion of any Series A Preferred Units, no fractions of Common Interests shall be issued, but in lieu thereof the Company shall pay a cash adjustment in respect of such fractional interest in an amount equal to such fractional interest multiplied by the per Common Interest price to the public (less underwriting discounts and commissions) in the Company's First Public Offering.

(viii) The Company shall not be required to honor any request to register a transfer or exchange of the Series A Preferred Units from the time notice has been given of the conversion or the right to convert to the Series A Conversion Date.

**2.6.** ***Series B Preferred Units***

(a) Accrual and Payment of Dividends.

(i) The holders of Series B Preferred Units shall be entitled to receive, subject to Section 18-607 of the Act, when, as and if declared by the Board of Directors, cumulative cash dividends at the rate of 10% per unit per annum on the Series B Original Issue Price, compounded semi-annually.

(ii) Such dividends shall be payable in semi-annual installments in arrears commencing March 15, 2005 and thereafter on the fifteenth day of March and September (unless such day is not a Business Day in which event on the last preceding Business Day) in each such year (hereinafter referred to as a "Series B Dividend Accrual Date"). Each such dividend on Series B Preferred Units when paid shall be payable to holders of record as they appear on the books of the Company on the date established by the Board of Directors of the Company as the record date for the payment of such dividend (which record date shall not precede the date upon which the resolution fixing such record date is adopted and which record date shall be not more than sixty days prior to such action). If no record date is fixed, the record date for determining holders for such purpose shall be at the close of business on the date on which the Board of Directors adopts the resolution relating to such dividend payment. Dividends with respect to any Series B Preferred Units shall accrue (whether or not earned or declared) from the date of issuance of such units.

(iii) Such dividends on the Series B Preferred Units shall be cumulative, whether or not earned or declared, so that if at any time full cumulative dividends at the rate aforesaid on all Series B Preferred Units then outstanding to the end of the semi-annual dividend period next preceding such time shall not have been paid, the amount of the deficiency shall be paid before any sum shall be set aside for or applied by the Company to the purchase, redemption or other acquisition for value of any Series B Junior Units (defined below) (either pursuant to any applicable sinking fund requirement or otherwise) or any dividend or other distribution shall be paid or declared and set apart for payment on any Series B Junior Units (other than a dividend payable in Series B

Junior Units); provided, however, that the foregoing shall not prohibit the Company from repurchasing Series B Junior Units from a former employee of the Company (or a subsidiary of the Company) where such repurchase arises from the Company's option to repurchase such units upon termination of such employee's employment with the Company (or a subsidiary) pursuant to a written plan or written agreement between the Company and such employee or from the Company's obligation to repurchase such units pursuant to Sections 2.11, 2.12 or 2.13. As used herein, "Series B Junior Units" means any series or class of the membership interests of the Company now or hereafter authorized or issued by the Company, including any series or class of preferred units, ranking junior to the Series B Preferred Units with respect to dividends or distributions or upon the liquidation, distribution of assets, dissolution or winding-up of the Company, including without limitation the Common Units. Accrued dividends on the Series B Preferred Units if not paid on the first or any subsequent Series B Dividend Accrual Date following accrual shall thereafter accrue additional dividends in respect thereof (the "Series B Additional Dividends" and, together with the Series A Additional Dividends, "Additional Dividends"), compounded semi-annually, at the rate of 10% per annum on the amount of such accrued dividends.

(iv) When dividends are not paid in full upon the Series B Preferred Units and any other units ranking on a parity as to dividends with the Series B Preferred Units, all dividends paid upon Series B Preferred Units and any other units ranking on a parity as to dividends with the Series B Preferred Units shall be paid pro rata so that in all cases the amount of dividends paid per unit on the Series B Preferred Units and such other units shall bear the same ratio that accrued dividends per unit (including Series B Additional Dividends) on the Series B Preferred Units and such other units bear to each other. Except as provided in the preceding sentence, unless full cumulative dividends on the Series B Preferred Units have been paid, no dividends shall be declared or set aside for payment upon any other units of the Company ranking on a parity with the Series B Preferred Units as to dividends.

(v) A semi-annual dividend period shall commence on the day following a Series B Dividend Accrual Date and shall end on the next succeeding Series B Dividend Accrual Date.

(b) Voting Rights. Subject to the applicable provisions of any Securityholders Agreement, except as required by applicable law and except for any voting by the holders of Series B Preferred Units as part of a separate class or series pursuant to Section 2.6(e) or any other provision of this Agreement, no holder of Series B Preferred Units, as such holder, shall be entitled to vote on any matter submitted to a vote of the Members. On any matters on which the holders of the Series B Preferred Units shall be entitled to vote, they shall be entitled to one vote for each unit held. Except as otherwise required by law or as otherwise provided herein, the holders of Series B Preferred Units shall not be entitled to notice of any meeting of Members.

(c) Redemption Rights.

(i) If any outstanding Series B Preferred Units remain outstanding on the 14th anniversary after issuance of the Series B Preferred Units (the "Series B Mandatory Redemption Date"), then the holders of a majority of the then outstanding Series B Preferred Units shall have the right to elect to have the Company redeem all outstanding Series B Preferred Units from funds legally available therefor, in the manner provided in this Section 2.6(c), at a price per unit equal to $1,000 (the "Series B Original Issue Price" and, together with the Series A Original Issue Price and the Common Unit Original Issue Price, the "Original Issue Price") plus an amount per unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series B Additional Dividends) to the Series B Mandatory Redemption Closing Date (defined below) (such redemption, a "Series B Mandatory Redemption"). Notice of such an election by holders of Series B Preferred Units (the "Series B Mandatory Redemption Notice") shall be given by such holders to the Company at least 90 days prior to the date redemption is desired (the "Series B Mandatory Redemption Closing Date"). In the event that the Company makes an affirmative election to be treated as a corporation for Federal income tax purposes or the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger or otherwise, then the Company shall have the right to extend the Series B Mandatory Redemption Date to a date that is twenty years and one day past the date of the resulting issuance of the preferred stock of the resulting corporation or the date of the deemed or actual conversion (or exchange) of the Series B Preferred Units into (or for) preferred stock of the resulting corporation, whichever is applicable. Notwithstanding anything to the contrary set forth herein, the holders of Series B Preferred Units shall not be entitled to exercise the redemption rights described in this Section 2.6(c)(i) during the time any Series A Preferred Units remain outstanding.

(ii) The Series B Preferred Units may be redeemed from funds legally available therefor, in whole or in part, at the election of the Company, expressed by resolution of the Board of Directors, at any time and from time to time at a price per unit equal to the Series B Original Issue Price plus an amount per unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series B Additional Dividends and all dividends which have accrued since the most recent Series B Dividend Accrual Date) to the date of such optional redemption (such redemption, a "Series B Optional Redemption"); provided that in the event that the Company makes an affirmative election to be treated as a corporation for Federal income tax purposes or the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger or otherwise, then the Company shall have no right to make a Series B Optional Redemption until the date that is twenty years and one day past the date of the resulting issuance of the preferred stock of the resulting corporation or the date of the deemed or actual conversion (or exchange) of the Series B Preferred Units into (or for) preferred stock of the resulting corporation, whichever is applicable. The date of any Series B Optional Redemption is hereinafter referred to as a "Series B Optional Redemption Date."

(iii) The aggregate amount of any redemption pursuant to paragraph (i) or (ii) above is hereinafter referred to as the "Series B Redemption Price" with respect to such redemption. Each of the Series B Mandatory Redemption Closing Date and the date of any Series B Optional Redemption is hereinafter referred to individually as a "Series B Redemption Date."

(iv) Any redemption pursuant to this Section 2.6(c) shall be accomplished in the manner and with the effect as set forth in this Section 2.6(c). In the event that a Series B Mandatory Redemption Notice is given or the Company elects to make a Series B Optional Redemption, notice of the redemption of Series B Preferred Units shall be sent to each holder of record, at the close of business on the Business Day on which the Series B Mandatory Redemption Notice is given in the case of a Series B Mandatory Redemption, or on the record date for such redemption in the case of a Series B Optional Redemption, at such holder's address as the same appears on the books of the Company not less than ten (10) days and not more than sixty (60) days prior to the Series B Redemption Date. Each such notice shall state (A) the Series B Redemption Date, (B) whether the redemption is a Series B Mandatory Redemption or Series B Optional Redemption, (C) the place or places where such units are to be surrendered, (D) that the holder is to surrender the units at the place of redemption and (E) that dividends on the Series B Preferred Units shall cease to accrue on the Series B Redemption Date. If less than all the outstanding Series B Preferred Units are to be redeemed, the selection of units for redemption shall be made pro rata and the notice of redemption to a holder shall state the number of Series B Preferred Units of such holder to be redeemed. The portion of the applicable Series B Redemption Price to which each holder of record of the Series B Preferred Units to be redeemed is entitled shall be delivered to the holder at the holder's address as the same appears on the books of the Company; provided, however, that the full amount of the applicable Series B Redemption Price may instead be deposited (such deposit, the "Series B Deposit") on or before the applicable Series B Redemption Date in trust for the account of the holders of Series B Preferred Units entitled thereto with a bank or trust company in good standing doing business in the State of New York and having capital and surplus of at least $100,000,000 (the date of such deposit being hereinafter referred to as the "Series B Date of Deposit"). Notice of the date on which, and the name and address of the bank or trust company with which, the Series B Deposit has or will be made shall be included in the notice of redemption.

(v) On and after the applicable Series B Redemption Date (unless default shall be made by the Company in providing money for the payment of the Series B Redemption Price pursuant to the notice of redemption), or if the Company shall make a Series B Deposit on or before the date specified therefor in the notice of redemption, then on and after the Series B Date of Deposit (provided notice of redemption has been duly given), all dividends on the Series B Preferred

Units so called for redemption shall cease to accrue, and the notice of redemption shall so state, and, notwithstanding that any certificate for Series B Preferred Units is not surrendered for cancellation, the units represented thereby shall no longer be deemed outstanding and all rights of the holders thereof of the Company shall cease and terminate, except the right to receive the Series B Redemption Price (without interest) as hereinafter provided.

(vi) At any time on or after the applicable Series B Redemption Date, or if the Company shall make a Series B Deposit prior to the Series B Redemption Date, then at any time on or after the Series B Date of Deposit, which time shall be specified by the Company in the notice of redemption and which shall not be later than the applicable Series B Redemption Date, the holders of record of the Series B Preferred Units to be redeemed shall be entitled to receive the Series B Redemption Price upon actual delivery to the Company, or in the case of a Series B Deposit, then the bank or trust company with which such Series B Deposit shall be made, of certificates for the units to be redeemed, such certificates, if required, to be duly endorsed in blank or accompanied by proper instruments of assignment and transfer duly endorsed in blank. The making of such delivery to the Company or any such bank or trust company (if applicable) shall not relieve the Company of liability for payment of the Series B Redemption Price.

(vii) Any Series B Deposit funds which remain unclaimed by the holders of such Series B Preferred Units at the end of two (2) years after the Series B Redemption Date shall be paid by the bank or trust company to the Company, which shall thereafter, to the extent of the money so repaid, be liable for the payment of the Series B Redemption Price. Any interest accrued on any Series B Deposit shall be paid to the Company from time to time.

(viii) Notwithstanding anything to the contrary set forth herein, the amounts paid to each holder of Series B Preferred Units under this Section 2.6(c) shall not be in excess of the positive balance in the Series B Preferred Unit Capital Account of such holder (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(d) Preference Rights on Liquidation.

(i) In the event that the Company shall be liquidated, dissolved or wound up, whether voluntarily or involuntarily, after all creditors of the Company shall have been paid in full and the holders of Series A Preferred Units shall have been paid in full pursuant to Section 2.5(d), the holders of the Series B Preferred Units shall be entitled to receive, out of the assets of the Company legally available for distribution to its members, whether from capital, surplus or earnings, before any amount shall be paid to the holders of any Series B Junior Units, an amount equal to the Series B Original Issue Price in cash per unit plus an amount equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series B Additional Dividends) to the date of final distribution, and no more. If upon any voluntary or involuntary

liquidation, dissolution or winding up of the Company, the net assets of the Company shall be insufficient to pay the holders of all outstanding Series B Preferred Units and of any units ranking on a parity with the Series B Preferred Units the full amounts to which they respectively shall be entitled, such assets, or the proceeds thereof, shall be distributed ratably among the holders of the Series B Preferred Units and any units ranking on a parity with the Series B Preferred Units in accordance with the amounts which would be payable on such distribution if the amount to which the holders of the Series B Preferred Units and of any units ranking on a parity with the Series B Preferred Units are entitled were paid in full. Holders of Series B Preferred Units shall not be entitled, upon the voluntary or involuntary liquidation, dissolution or winding up of the Company, to receive any amounts with respect to such units other than the amounts referred to in this Section 2.6(d)(i).

(ii) Neither the purchase nor redemption by the Company of any class of units in any manner permitted by the Certificate or any amendment thereof, this Agreement or the Securityholders Agreements, if any, nor the merger or consolidation of the Company with or into any other business entity (as defined in the Act), nor the conversion of the Company into a corporation under Delaware (or other state) law, nor a sale, exchange, conveyance, transfer or lease of all or substantially all of the Company's assets shall be deemed to be a liquidation, dissolution or winding up of the Company for the purposes of this Section 2.6(d); provided, however, that any consolidation or merger of the Company in which the Company is not the surviving entity shall be deemed to be a liquidation, dissolution or winding up of the affairs of the Company within the meaning of this Section 2.6(d) if, (A) in connection therewith, the holders of Series B Junior Units receive as consideration, whether in whole or in part, for such Series B Junior Units (1) cash, (2) notes, debentures or other evidences of indebtedness or obligations to pay cash or (3) preferred stock or units of the surviving entity which ranks on a parity with or senior to the preferred stock or units received by holders of the Series B Preferred Units with respect to liquidation or dividends or (B) the holders of the Series B Preferred Units do not receive preferred stock or units of the surviving entity with rights, powers and preferences equal to (or more favorable to the holders than) the rights, powers and preferences of the Series B Preferred Units.

(iii) Notwithstanding anything to the contrary set forth in this Section 2.6(d), the amounts distributed under this Section 2.6(d) shall not be in excess of that which would be distributed to the holders of the Series B Preferred Units pursuant to Section 11.2(c) (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(e) Other Rights. Subject to the applicable provisions of any Securityholders Agreement, without the written consent of the holders of a majority of the outstanding units of Series B Preferred Units or the vote of the holders of a majority of the outstanding units of Series B Preferred Units at a meeting of the holders of Series B Preferred Units called for such purpose, the Company shall not amend, alter or repeal any provision of the Company's Certificate or this

Agreement so as to adversely affect the relative rights and preferences of the Series B Preferred Units; provided however, that any such amendment that changes the dividend payable on the Series B Preferred Units shall require the affirmative vote of the holder of each unit of Series B Preferred Units at a meeting of such holders called for such purpose or the written consent of the holder of each such unit of Series B Preferred Units; provided further, that in no event will the issuance of any series of preferred Units that is senior to, on a parity with or junior to the Series B Preferred Units or has a redemption date earlier than the Series B Preferred Units be deemed to adversely affect the rights and preferences of the Series B Preferred Units.

(f) Acknowledgement. Each holder of Series B Preferred Units, by acceptance thereof, acknowledges and agrees that payments of dividends, interest, premium and principal on, and redemption and repurchase of, such securities by the Company are subject to restrictions contained in certain credit and financing agreements of the Company.

(g) Conversion.

(i) The Series B Preferred Units may be converted, at the Company's option upon or concurrently with the First Public Offering of the Common Interests of the Company, in whole or in part, into fully paid and non-assessable Common Interests. The number of Common Interests deliverable upon conversion of a Series B Preferred Unit, adjusted as hereinafter provided, is referred to herein as the "Conversion Ratio." The Series B Conversion Ratio is an amount equal to the Series B Original Issue Price per Series B Preferred Unit plus an amount per Series B Preferred Unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including Series B Additional Dividends and all dividends which have accrued since the most recent Series B Dividend Accrual Date) to the date of the consummation of the First Public Offering (the "Series B Conversion Date"), divided by the per Common Interest price to the public (less underwriting discounts and commissions) for Common Interests in the Company's First Public Offering. If less than all the Series B Preferred Units are to be converted, the selection of Series B Preferred Units to be converted shall be pro rata.

(ii) If the Company does not elect to convert all of the Series B Preferred Units into Common Interests pursuant to paragraph (i), each holder of Series B Preferred Units may convert such holder's Series B Preferred Units, at such holder's option upon or concurrently with the Company's First Public Offering, in whole or in part, into fully paid and non-assessable Common Interests. The number of Common Interests deliverable upon conversion of a Series B Preferred Unit, adjusted as hereinafter provided, shall equal the Series B Conversion Ratio.

(h) Conversion Procedure.

(i) Any conversion pursuant to paragraph (g) shall be accomplished in the manner and with the effect as set forth in this paragraph (h).

(ii) Notice of the conversion of Series B Preferred Units pursuant to paragraph (g)(i) shall be given by first class mail to each holder of record on the record date for such conversion at such holder's address as the same appears on the books of the Company not less than fifteen (15) days and not more than sixty (60) days prior to the Series B Conversion Date. Each such notice shall state: (A) in the case of any conversion, whether all or less than all the outstanding Series B Preferred Units are to be converted and the total number of such Series B Preferred Units being converted, (B) the number of Series B Preferred Units held by the holder that the Company will convert, (C) the Series B Conversion Date and the procedure pursuant to which the price will be determined, at which such price Series B Preferred Units will be converted, (D) that the holder is to surrender to the Company, in the manner and at the place designated, its certificates representing the Series B Preferred Units to be converted, (E) that dividends on the Series B Preferred Units to be converted will cease to accrue on such Series B Conversion Date and (F) that the conversion will not occur without further notice unless the Series B Conversion Date occurs within sixty (60) days of the date of such notice.

(iii) If the Company does not elect to convert all of the Series B Preferred Units into Common Interests pursuant to paragraph (g)(i), notice of the Company's First Public Offering shall be given by first class mail to each holder of record of Series B Preferred Units at such holder's address as the same appears on the books of the Company not less than fifteen (15) days and not more than sixty (60) days prior to the Series B Conversion Date. Each such notice shall state: (A) that each holder of Series B Preferred Units may convert all or any portion of such holder's Series B Preferred Units in connection with the Company's First Public Offering upon written notice to the Company within fifteen (15) days of the date of the Company's notice, (B) the Series B Conversion Date and the procedure pursuant to which the price will be determined, at which such price the Series B Preferred Units will be converted if such holder decides to convert any Series B Preferred Units, (C) that if such holder decides to convert any Series B Preferred Units, the holder is to surrender to the Company, in the manner and at the place designated, its certificates representing the Series B Preferred Units to be converted, (E) that if such holder decides to convert any Series B Preferred Units, dividends on the Series B Preferred Units to be converted will cease to accrue on such Series B Conversion Date and (F) that the conversion will not occur without further notice unless the Series B Conversion Date occurs within sixty (60) days of the date of such notice. If a holder of Series B Preferred Units elects to convert such holder's Series B Preferred Units, such holder shall give notice to the Company of such holder's election to convert within fifteen (15) days of the date of the Company's notice. Each notice by a converting holder shall (i) state whether all or less than all the outstanding Series B Preferred Units held by such holder are to be converted and the total number of such Series B Preferred Units being converted and (ii) be accompanied by the unit certificate or certificates, if any, representing the Series B Preferred Units to be converted.

(iv) The holder of the Series B Preferred Units to be converted shall surrender the certificate or certificates representing such Series B Preferred Units at the office of the Company. Unless the Common Interests issuable on conversion are to be issued in the same name as the name in which such Series B Preferred Units are registered, each Series B Preferred Unit surrendered for conversion shall be accompanied by instruments of transfer, in form reasonably satisfactory to the Company, duly executed by the holder or the holder's duly authorized attorney and an amount sufficient to pay any transfer or similar tax. As promptly as practicable after the surrender by the holder of the certificates for Series B Preferred Units as aforesaid, the Company shall issue and shall deliver to such holder, or on the holder's written order to the holder's transferee, a certificate or certificates for the whole number of Common Interests issuable upon the conversion of such Series B Preferred Units in accordance with the provisions of paragraph (g). If less than all the Series B Preferred Units represented by one unit certificate are to be converted, the Company shall issue a new unit certificate for the Series B Preferred Units not converted. The conversion shall be deemed to have been effected immediately prior to the close of business on the Series B Conversion Date, and the person in whose name or names any certificate or certificates for Common Interests shall be issuable upon such conversion shall be deemed to have become the holder of record of the Common Interests represented thereby at such time on such date and such conversion shall be into a number of Common Interests equal to the product of the number of Series B Preferred Units surrendered times the Series B Conversion Ratio in effect at such time on such date. All Common Interests delivered upon conversion of the Series B Preferred Units will upon delivery be duly and validly issued and fully paid and non-assessable, free of all liens and charges and not subject to any preemptive rights. Whether or not the unit certificates representing Series B Preferred Units are surrendered, such Series B Preferred Units shall no longer be deemed to be outstanding and all rights of a holder with respect to such Series B Preferred Units surrendered for conversion shall immediately terminate except the right to receive the Common Interests.

(v) Prior to the delivery of any securities which the Company shall be obligated to deliver upon conversion of the Series B Preferred Units, the Company shall comply with all applicable federal and state laws and regulations which require action to be taken by the Company.

(vi) The Company will pay any and all documentary, stamp or similar issue or transfer taxes payable in respect of the issue or delivery of Common Interests on conversion of the Series B Preferred Units pursuant hereto; provided that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the issue or delivery of Common Interests in a name other than that of the holder of the Series B Preferred Units to be converted and no such issue or delivery shall be made unless and until the person requesting such issue or delivery has paid to the Company the amount of any such tax or has established, to the satisfaction of the Company, that such tax has been paid.

(vii) In connection with the conversion of any Series B Preferred Units, no fractions of Common Interests shall be issued, but in lieu thereof the Company shall pay a cash adjustment in respect of such fractional interest in an amount equal to such fractional interest multiplied by the per Common Interest price to the public (less underwriting discounts and commissions) in the Company's First Public Offering.

(viii) The Company shall not be required to honor any request to register a transfer or exchange of the Series B Preferred Units from the time notice has been given of the conversion or the right to convert to the Series B Conversion Date.

**2.7.** ***Information***. Each Member shall have the right to access all information to which that Member is entitled to have access pursuant to Section 18-305 of the Act, provided that, such Member provides five days prior written notice to the Company of the materials such Member requests be made available and the purpose for inspecting such materials. Such materials shall be provided at the executive headquarters of the Company during its regular business hours. All expenses of providing the materials requested pursuant to this Section 2.7, including, without limitation, duplicating fees, shall be paid by the Member requesting the information. Anything in this Section to the contrary notwithstanding, the Board of Directors shall have the right to keep confidential from the Members, for such period of time as the Board of Directors deems reasonable, any information which the Board of Directors reasonably believes to be in the nature of trade secrets or other information the disclosure of which the Board of Directors in good faith believes is not in the best interest of the Company or could damage the Company or its business or the Company is required by applicable law or by agreement with a third party to keep confidential. Nothing contained in this Section 2.7 shall be deemed to limit the rights of any Member under any Securityholders Agreements to which such Member is a party.

**2.8.** ***Liability to Third Parties***. Except as to any obligation it may have under the Act to repay funds that may have been wrongfully distributed to it, no Member or Director shall be liable for the debts, obligations or liabilities of the Company, including under a judgment, decree or order of a court.

**2.9.** ***Lack of Authority***. No Member has the authority or power to act for or on behalf of the Company, to do any act that would be binding on the Company, or to incur any expenditures on behalf of the Company; provided that, this Section 2.9 shall not limit the rights of any Director who is also a Member to act in such Member's capacity as a Director.

**2.10.** ***Withdrawal***. A Member does not have the right to withdraw from the Company as a Member (except in connection with a transfer of its Membership Units in accordance with this Agreement and the Securityholders Agreements, if any, to which such Member is bound) and any attempt to violate the provisions hereof shall be legally ineffective.

**2.11.** ***Excess Appraisal Funds Redemptions.***

(a) On the Excess Appraisal Funds Redemption Date (defined below), the Company shall redeem Units of the Schedule I Members (defined below) in an aggregate amount equal to the amount of Excess Appraisal Funds, from funds legally available therefor and in the manner provided in this Section 2.11.

(b) The Units redeemed hereunder shall be redeemed at a price per Unit equal to the Original Issue Price of such Unit plus an amount per Preferred Unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including any Additional Dividends), if any, to the Excess Appraisal Funds Redemption Date. The selection of Units for redemption shall include such number of each class or series of Units as shall be determined by the affirmative vote of the holders of a majority of the Units held by the Schedule I Members; provided that a pro rata amount of each class or series of Units so selected shall be redeemed from each Schedule I Member based on such Schedule I Member's ownership percentage of such Units. The portion of the Excess Appraisal Funds to which each Schedule I Member is entitled shall be delivered to the Schedule I Member at the Schedule I Member's address as the same appears on the books of the Company. On and after the Excess Appraisal Funds Redemption Date, all dividends, if any, on the Preferred Units so called for redemption shall cease to accrue, and, notwithstanding that any certificate for Units is not surrendered for cancellation, the Units represented thereby shall no longer be deemed outstanding and all rights of the holders thereof of the Company shall cease and terminate.

(c) Notwithstanding anything to the contrary set forth herein, the amounts paid to each Schedule I Member under this Section 2.11 shall not be in excess of the positive balance in the capital account of such Member (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(d) As used herein, the following terms shall have the following meanings:

(i) "Appraised Shares Agreement" means that certain Appraised Shares Agreement and Amendment to Business Transfer Agreement to be entered into between Hynix and MagnaChip Korea in connection with the closing of the Business Transfer Agreement.

(ii) "Excess Appraisal Funds" means 40 billion Korean Won minus the amount MagnaChip Korea has paid Hynix in the aggregate pursuant to Section 1 of the Appraised Shares Agreement (after subtracting from the aggregate amount MagnaChip has paid to Hynix the aggregate amount of any payments made by Hynix to MagnaChip Korea pursuant to Section 1 of the Appraised Shares Agreement).

(iii) "Excess Appraisal Funds Redemption" means a redemption in accordance with this Section 2.11.

(iv) "Excess Appraisal Funds Redemption Date" means the date the Company makes an Excess Appraisal Funds Redemption, which such date shall be within 10 Business Days of the date that the total amount of any Excess Appraisal Funds is finally determined.

(v) "Schedule I Members" means each of the Members listed on Schedule I hereto and any permitted transferees of such Member under any Securityholders Agreement to which such Member is bound.

**2.12.** ***Overfund Redemptions.***

(a) At any time and from time to time, the Company may redeem Units of the Schedule I Members up to an aggregate amount equal to the Overfund (defined below), from funds legally available therefor and in the manner provided in this Section 2.12.

(b) The Units redeemed hereunder shall be redeemed at a price per Unit equal to the Original Issue Price of such Unit plus an amount per Preferred Unit equal to full cumulative dividends (whether or not earned or declared) accrued and unpaid thereon (including any Additional Dividends), if any, to the Overfund Redemption Date. The selection of Units for redemption shall include such number of each class or series of Units as shall be determined by the affirmative vote of the holders of a majority of Units held by the Schedule I Members; provided that a pro rata amount of each class or series of Units so selected shall be redeemed from each Schedule I Member based on such Schedule I Member's ownership percentage of such Units; provided further that in the event that the Company makes an affirmative election to be treated as a corporation for Federal income tax purposes or the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger or otherwise, then no Preferred Units (or preferred stock into which such Preferred Units are converted or for which such Preferred Units are exchanged) may be selected for redemption until the date that is twenty years and one day past the date of the resulting issuance of the preferred stock of the resulting corporation or the date of the deemed or actual conversion (or exchange) of the Preferred Units into (or for) preferred stock of the resulting corporation, whichever is applicable. The portion of the Overfund to which each Schedule I Member is entitled shall be delivered to the Schedule I Member at the Schedule I Member's address as the same appears on the books of the Company. On and after the Overfund Redemption Date, all dividends, if any, on the Preferred Units so called for redemption shall cease to accrue, and, notwithstanding that any certificate for Units is not surrendered for cancellation, the Units represented thereby shall no longer be deemed outstanding and all rights of the holders thereof of the Company shall cease and terminate.

(c) Notwithstanding anything to the contrary set forth herein, the amounts paid to each Schedule I Member under this Section 2.12 shall not be in excess of the positive balance in the capital account of such Member (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

(d) As used herein, the following terms shall have the following meanings:

(i) "Overfund" means $100,000,000.

(ii) "Overfund Redemption" means a redemption in accordance with this Section 2.12.

(iii) "Overfund Redemption Date" means the date of any Overfund Redemption hereunder.

**2.13.** ***Non-Consummation Redemptions.***

(a) If the closing of the Business Transfer Agreement shall not have occurred on or before October 31, 2004, the Company shall redeem all of the Units held by each Schedule I Member, from funds legally available therefor and in the manner provided in this Section 2.13, for an amount equal to the amount such Member would receive upon a liquidation of the Company pursuant to Section 11.2 (the "Non-Consummation Redemption Price") as of the Non-Consummation Redemption Date (defined below). The Non-Consummation Redemption Price shall be applied as follows: (i) first, to the Series A Preferred Units at a purchase price per Unit equal to the Series A Original Issue Price of such Unit or the total Non-Consummation Redemption Price divided by the number of Series A Preferred Units held by the Member, whichever is less; (ii) second, to the Series B Preferred Units at a purchase price per Unit equal to the Series B Original Issue Price or the portion of the Non-Consummation Redemption Price remaining after applying clause (i) divided by the number of Series B Preferred Units held by the Member, whichever is less; (iii) third, to the Common Units at a price per Unit equal to the portion of the Non-Consummation Redemption Price remaining after applying clauses (i) and (ii) divided by the number of Common Units held by the Member. If the closing of the Business Transfer Agreement shall not have occurred on or before October 31, 2004, the Repurchase shall take place as soon as reasonably practicable thereafter (the "Non-Consummation Redemption Date") and, not withstanding anything herein to the contrary, any accrued dividends, whether or not earned or declared, (including any Additional Dividends) on the Series A Preferred Units and Series B Preferred Units shall be cancelled and shall not be payable.

(b) The Non-Consummation Redemption Price to which each Schedule I Member is entitled shall be delivered to the Schedule I Member at the Schedule I Member's address as the same appears on the books of the Company. On and after the Non-Consummation Redemption Date, all dividends, if any, on the Preferred Units so called for redemption shall cease to accrue, and, notwithstanding that any certificate for Units is not surrendered for cancellation, the Units represented thereby shall no longer be deemed outstanding and all rights of the holders thereof of the Company shall cease and terminate.

(c) Notwithstanding anything to the contrary set forth herein, the amounts paid to each Schedule I Member under this Section 2.13 shall not be in excess of the positive balance in the capital account of such Member (after taking into account any allocation of income, gain, loss or deductions pursuant to Article IV of this Agreement).

## ARTICLE III
## CAPITAL CONTRIBUTIONS

**3.1.** ***Contributions.***

(a) General. Each Member shall make or shall have made a Capital Contribution as provided for in this Article III. As used herein, "Capital Contribution" means any contribution by a Member to the capital of the Company; provided that upon the admission of a new Member after the date hereof, the Capital Contribution of each Member shall be deemed equal to the capital account of such Member as revalued pursuant to this Agreement. The Company may, in its discretion, issue certificates to the Members representing the Membership Interests held by each Member.

(b) Initial Contributions.

(i) Formation. The Company was formed on November 26, 2003 as a limited liability company having only one member, Citigroup Venture Capital Equity Partners, L.P., a Delaware limited partnership ("CVC Equity Fund").

(ii) Contributions on September 10, 2004. On September 10, 2004, CVC Equity Fund and Francisco Partners, L.P., a Delaware limited partnership ("FP LP"), each contributed $1.00 to the Company in exchange for 1 Common Unit and CVC Capital Partners Asia Pacific L.P., a Cayman Islands limited partnership, contributed all of the capital stock of MagnaChip Semiconductor S. à r.l. to the Company in exchange for 60,820 Common Units.

(iii) Contributions as of September 14, 2004. On September 14, 2004, FP contributed $260,000 to the Company in exchange for 260,000 Common Units.

(iv) Contributions as of the date hereof. On the date hereof, the Persons listed on Exhibit A hereto have made the contributions to the Company in exchange for the Units, in each case as set forth, together with the contributions made and Units issued on September 10, 2004 and September 14, 2004 as described in the preceding clauses (ii) and (iii), on Exhibit A hereto opposite their respective names.

**3.2.** ***Additional Capital Contributions and Return of Contributions***. No Member shall be required to make any additional Capital Contributions to the Company or to restore any deficit in such Member's capital account. A Member is not entitled to the return of any part of its Capital Contributions or to be paid interest in respect of either its capital account or its Capital Contributions. An unrepaid Capital Contribution is not a liability of the Company or of any Member.

**3.3.** ***Advances by Members***. With the consent of the Board of Directors and to the extent permitted by the Securityholders Agreements, if any, any Member may advance funds to or on behalf of the Company on terms approved by the Board of Directors. An advance described in this Section 3.3 constitutes a loan from the Member to the Company, and is not a Capital Contribution.

**3.4.** ***Capital Account.***

(a) A capital account shall be established and maintained for each Member. Such capital accounts shall be subject to revaluation in accordance with Reg. §1.704-1(b)(2)(iv)(f) at such time as the Board of Directors shall determine.

(b) Each Member's capital account:

(i) shall be increased by: (A) the amount of money contributed by that Member to the Company, (B) the fair market value of property contributed by that

Member to the Company (net of liabilities secured by the contributed property that the Company is considered to assume or take subject to under Section 752 of the Code), and (C) allocations to that Member of Company income and gain (or items thereof), including income and gain exempt from tax and income and gain described in Reg. § 1.704-1(b)(2)(iv)(g), but excluding income and gain described in Reg. § 1.704-1(b)(4)(i), and

(ii) shall be decreased by (A) the amount of money distributed to that Member by the Company, (B) the fair market value of property distributed to that Member by the Company (net of liabilities secured by the distributed property that the Member is considered to assume or take subject to under Section 752 of the Code), (C) allocations to that Member of expenditures of the Company described in Section 705(a)(2)(B) of the Code, and (D) allocations of Company loss and deduction (or items thereof), including loss and deduction described in Reg. § 1.704-1(b)(2)(iv)(g), but excluding items described in clause (b)(ii)(C) above and loss or deduction described in Reg. § 1.704-1(b)(4)(i) or § 1.704-1(b)(4)(iii). As used herein, "Code" means the Internal Revenue Code of 1986 and any successor statute, as amended from time to time, and "Reg." means the Income Tax Regulations, including Temporary Regulations, promulgated under the Code, as such regulations may be amended from time to time (including corresponding provisions of succeeding regulations). U.S. taxes withheld on behalf of a Member shall be considered a distribution to such Member.

(c) The Members' capital accounts also shall be maintained and adjusted as permitted by the provisions of Reg. § 1.704-1(b)(2)(iv)(f) and as required by the other provisions of Reg. §§ 1.704-1(b)(2)(iv) and 1.704-1(b)(4), including adjustments to reflect the allocations to the Members of depreciation, depletion, amortization, and gain or loss as computed for book purposes rather than the allocation of the corresponding items as computed for tax purposes, as required by Reg. § 1.704-l(b)(2)(iv)(g).

(d) A Member that has more than one Membership Interest shall have a single capital account that reflects all its Membership Interests, regardless of the class of Membership Interests owned by that Member and regardless of the time or manner in which those Membership Interests were acquired; provided that, to the extent that separate capital accounts need to be maintained pursuant to this Agreement for purposes of either allocating income, gain, loss or deduction pursuant to Article IV of this Agreement between holders of Common Units, Series A Preferred Units and Series B Preferred Units or making distributions to the holders of Common Units, the holders of Series A Preferred Units and the holders of Series B Preferred Units pursuant to the terms of this Agreement, then separate accounts shall be maintained with the capital account associated with the Series B Preferred Units being called the "Series B Preferred Unit Capital Account," with the capital account associated with the Series A Preferred Units being called the "Series A Preferred Unit Capital Account" and the capital account associated with the Common Units being called the "Common Unit Capital Account."

(e) On the transfer of all or part of a Membership Interest, the capital account of the transferor that is attributable to the transferred Membership Interest or part thereof shall carry over to the transferee Member in accordance with the provisions of Reg. § 1.704-1(b)(2)(iv)(1).

## ARTICLE IV
## ALLOCATIONS AND DISTRIBUTIONS

**4.1.** ***Allocations***

(a) ***Profits.*** After giving effect to any special allocations set forth in this Section 4.1, all items of income and gain of the Company for any fiscal year (or portion thereof) shall be allocated:

(i) first, to each Member, if any, with a negative capital account balance, in proportion to such negative balances, until any such negative balances have been eliminated;

(ii) second, if there shall have occurred in such fiscal year (or portion thereof) a redemption of all or a portion of the then outstanding Series A Preferred Units, Series B Preferred Units and Common Units pursuant to Section 2.13 of this Agreement then one hundred percent (100%) to the holders of such Series A Preferred Units, Series B Preferred Units and Common Units so redeemed until the capital account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (ii)), shall be equal to the sum of (A) the amount paid to such holders in redemption of such Units and (B) the amount that would be paid to such holders at that time if the balance of the Units held by such holders would have been redeemed in full at that time;

(iii) third, if there shall have occurred in such fiscal year (or portion thereof) a redemption of a portion of the then outstanding Series A Preferred Units, Series B Preferred Units and Common Units pursuant to Section 2.12 of this Agreement then one hundred percent (100%) to the holders of such Series A Preferred Units, Series B Preferred Units and Common Units so redeemed until the capital account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (iii)), shall be equal to the sum of (A) the amount paid to such holders in redemption of such Units and (B) the amount that would be paid to such holders at that time if the balance of the Units held by such holders would have been redeemed in full at that time;

(iv) fourth, if there shall have occurred in such fiscal year (or portion thereof) a redemption of a portion of the then outstanding Series A Preferred Units, Series B Preferred Units and Common Units pursuant to Section 2.11 of this Agreement then one hundred percent (100%) to the holders of such Series A Preferred Units, Series B Preferred Units and Common Units so redeemed until the capital account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this

Section 4.1 including, but not limited to, this subsection (iv)), shall be equal to the sum of (A) the amount paid to such holders in redemption of such Units and (B) the amount that would be paid to such holders at that time if the balance of the Units held by such holders would have been redeemed in full at that time;

(v) fifth, if there shall have occurred in such fiscal year (or portion thereof) a redemption of all of the then outstanding Series A Preferred Units pursuant to Section 2.5(c) of this Agreement then one hundred percent (100%) to the holders of Series A Preferred Units until the Series A Preferred Unit Capital Account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (v)), shall be equal to the amount paid in redemption of such Units;

(vi) sixth, if there shall have occurred in such fiscal year (or portion thereof) a redemption of a portion of the then outstanding Series A Preferred Units pursuant to Section 2.5(c) of this Agreement then one hundred percent (100%) to the holders of Series A Preferred Units until the Series A Preferred Unit Capital Account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (vi)), shall be equal to the sum of (A) the amount paid to such holders in redemption of such Series A Preferred Units and (B) the amount that would be paid to such holders at that time if the balance of the Series A Preferred Units held by such holders would have been redeemed in full at that time;

(vii) seventh, if there shall have occurred in such fiscal year (or portion thereof) a distribution to holders of Series A Preferred Units pursuant to Section 4.2 of this Agreement, then one hundred percent (100%) to the holders of Series A Preferred Units until the Capital Account balances of such holders shall be equal to the amount distributed;

(viii) eighth, one hundred percent (100%) to the holders of Series A Preferred Units until the Series A Preferred Unit Capital Account balances of such holders (after taking into account any distributions to be made under this Agreement during such fiscal year (or portion thereof)) shall be equal to the amount, if any, that would be paid to such holders if the Series A Preferred Units held by such holders were to be redeemed by the Company on the last day of such fiscal year;

(ix) ninth, if there shall have occurred in such fiscal year (or portion thereof) a redemption of all of the then outstanding Series B Preferred Units pursuant to Section 2.6(c) of this Agreement then one hundred percent (100%) to the holders of Series B Preferred Units until the Series B Preferred Unit Capital Account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (ix)), shall be equal to the amount paid in redemption of such Units;

(x) tenth, if there shall have occurred in such fiscal year (or portion thereof) a redemption of a portion of the then outstanding Series B Preferred Units pursuant to Section 2.6(c) of this Agreement then one hundred percent (100%) to the holders of Series B Preferred Units until the Series B Preferred Unit Capital Account balances of such holders, as determined prior to such redemption (but after taking into account any allocations to be made under this Section 4.1 including, but not limited to, this subsection (x)), shall be equal to the sum of (A) the amount paid to such holders in redemption of such Series B Preferred Units and (B) the amount that would be paid to such holders at that time if the balance of the Series B Preferred Units held by such holders would have been redeemed in full at that time;

(xi) eleventh, if there shall have occurred in such fiscal year (or portion thereof) a distribution to holders of Series B Preferred Units pursuant to Section 4.2 of this Agreement, then one hundred percent (100%) to the holders of Series B Preferred Units until the Capital Account balances of such holders shall be equal to the amount distributed;

(xii) twelfth, one hundred percent (100%) to the holders of Series B Preferred Units until the Series B Preferred Unit Capital Account balances of such holders (after taking into account any distributions to be made under this Agreement during such fiscal year (or portion thereof)) shall be equal to the amount, if any, that would be paid to such holders if the Series B Preferred Units held by such holders were to be redeemed by the Company on the last day of such fiscal year;

(xiii) thirteenth, with respect to the holders of Common Units, if the positive balances in the Common Unit Capital Accounts of such Members is not in proportion to their relative Membership Interests, then to the holders of the Common Units in such manner so as to cause such positive balances (after taking into account all allocations to be made under this subsection) to be in proportion to such Membership Interests; and

(xiv) the balance, if any, to all holders of Common Units in proportion to their Membership Interests.

(b) ***Losses.*** After giving effect to any special allocations set forth in this Section 4.1, all items of loss and deduction of the Company shall be allocated:

(i) first, with respect to holders of Common Units, if the positive balances in the Common Unit Capital Accounts of such Members is not in proportion to their relative Membership Interests, then to the holders of the Common Units in such manner so as to cause such positive balances (after taking into account all allocations to be made under this subsection) to be in proportion to such Membership Interests;

(ii) second, with respect to holders of Common Units in proportion to the positive balances in their Common Unit Capital Accounts until such balances have been reduced to zero;

(iii) third, to holders of Series B Preferred Units in proportion to the positive balances in their Series B Preferred Unit Capital Accounts until such balances have been reduced to zero;

(iv) fourth, to holders of Series A Preferred Units in proportion to the positive balances in their Series A Preferred Unit Capital Accounts until such balances have been reduced to zero; and

(v) the balance, if any, to holders of Common Units in proportion to their Membership Interests.

(c) ***Special Allocations.*** The following special allocations shall be made in the following order:

(i) ***Limitation on Losses.*** The Losses allocated to any Member pursuant to Section 4.1(b) of this Agreement shall not exceed the maximum amount of Losses that can be so allocated without causing such person to have an Adjusted Capital Account Deficit at the end of any Fiscal Year. In the event some, but not all, of the Members would have Adjusted Capital Account Deficits as a consequence of an allocation of Losses pursuant to Section 4.1(b), the limitation set forth in this Section 4.1(c)(i) shall be applied on a Member-by-Member basis so as to allocate the maximum permissible Losses to each Member under Reg. § 1.704-1(b)(2)(ii)(d).

(ii) ***Qualified Income Allocation.*** In the event any Member unexpectedly receives any adjustments, allocations, or distributions described in Reg. §§ 1.704-1(b)(2)(ii)(d)(4), 1.704-1(b)(2)(ii)(d)(5), or l.704-1(b)(2)(ii)(d)(6), items of Company income and gain shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by the Regulations, the deficit capital account balance of such Member as promptly as possible, provided that, an allocation pursuant to this Section 4.1(c)(ii) shall be made if and only to the extent that such Member would have a deficit capital account balance after all other allocations provided for in this Section 4.1 have been tentatively made as if this Section 4.1(c)(ii) were not in this Agreement.

(iii) ***Gross Income Allocation.*** In the event any Member has a deficit Capital Account at the end of any fiscal year which is in excess of the sum of (i) the amount such Member is obligated to restore pursuant to this Agreement, if any, and (ii) the amount such Member is deemed to be obligated to restore pursuant to the penultimate sentences of Reg. §§ 1.704-2(g)(1) and 1.704-2(i)(5),

each such Member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible, provided that, an allocation pursuant to this Section 4.1(c)(iii) shall be made if and only to the extent that such Member would have a deficit Capital Account in excess of such sum after all other allocations provided for in this Section 4.1 have been tentatively made as if this Section 4.1(c)(iii) was not in the Agreement.

(iv) ***Impact of Company Indebtedness.*** In the event that the Company incurs indebtedness in any material amount, then the allocation provisions set forth herein shall be deemed to be further modified so as to reflect inclusion of a Company and, if applicable, Member minimum gain chargeback consistent with that set forth in Reg. §§ 1.704-2(f) and (i)(4), which allocations shall be applied before application of the other special allocation provisions set forth in this Section 4.1(c).

(v) ***Curative Allocations.*** The allocations set forth in this Section 4.1(c) (the "Regulatory Allocations") are intended to comply with certain requirements of the Treasury Regulations promulgated under Code Section 704(b). It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of Company income, gain, loss, or deduction pursuant to this Section 4.1(c)(v). Therefore, notwithstanding any other provision of this Section 4.1 (other than the Regulatory Allocations), the Company shall make such offsetting special allocations of Company income, gain, loss, or deduction in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member's capital account balance is, to the extent possible, equal to the capital account balance such Member would have had if the Regulatory Allocations were not part of the Agreement and all Company items were allocated pursuant to Sections 4.1(a) (other than Section 4.1(c)).

(d) ***Transfers of Units.*** All items of income, gain, loss, deduction and credit allocable to any Membership Interest that may have been transferred or otherwise disposed of shall be allocated between the transferor and the transferee based on the percentage of the calendar year during which each was recognized as owning that Membership Interest, without regard to the results of Company operations during any particular portion of that calendar year and without regard to whether cash distributions were made to the transferor or the transferee during that calendar year; provided, however, that this allocation must be made in accordance with a method permissible under Section 706 of the Code and the regulations thereunder.

(e) ***Section 704(c) Allocations.*** Solely for tax purposes, income, gain, loss and deduction with respect to any property contributed to the capital of the Company or for which the adjusted tax basis and book value differ shall be allocated among the Members so as to take account of any variation between adjusted tax basis and book value. The allocations provided in this Section 4.1 are intended to comply with the requirements of Section 704 of the Code and Treasury Regulations thereunder and shall be interpreted (or modified, to the extent necessary) in such manner as is consistent with such requirements, as determined by the

Company's Tax Matters Partner (defined below). For purposes of allocations under Section 704(c) of the Code, the Company shall use the remedial allocation method, as described in Reg. § 1.704-3(d).

(f) ***Definitions.*** The following capitalized terms and phrases used in this Article IV (or otherwise in this Agreement) have the following meanings:

(i) "Adjusted Capital Account Deficit" means, with respect to any Member, the deficit balance, if any, in such Member's capital account as of the end of the relevant fiscal year, after giving effect to the following adjustments:

(1) Credit to such capital account any amounts which such Member is obligated to restore or is deemed to be obligated to restore pursuant to the penultimate sentences of Reg. §§ 1.704-2(g)(1) and 1.704-2(i)(5); and

(2) Debit to such Capital Account the items described in Reg. §§ 1.704-1(b)(2)(ii)(d)(4), 1.704-1(b)(2)(ii)(d)(5) and 1.704-1(b)(2)(ii)(d)(6).

The foregoing definition of Adjusted Capital Account Deficit is intended to comply with the provisions of Reg. § 1.704-1(b)(2)(ii)(d) and shall be interpreted consistently therewith.

**4.2.** ***Distributions.***

(a) ***Regular Distributions***: The Board of Directors shall have the authority to reinvest the Company's cash generated from operations and dispositions of assets, including the sale or other disposition of equity interests in a related company in which the Company invests directly or indirectly. Consequently, distributions to Members of the Company's cash or other assets shall be made only at such times and in such amounts as authorized by the Board of Directors and the Board of Directors shall have no obligation or duty to distribute cash or other assets to the Members prior to the dissolution and liquidation of the Company. Distributions, if any, shall be made as follows:

(i) first, to the holders of the Series A Preferred Units, in accordance with the provisions of Section 2.5, in proportion to their Units;

(ii) second, to the holders of the Series B Preferred Units, in accordance with the provisions of Section 2.6, in proportion to their Units;

(iii) third, with respect to holders of Common Units, to all such Members with respect to their Common Units, in proportion to their respective Capital Contributions made with respect to such Common Units up to the amount of such Capital Contributions less distributions previously made to such holders pursuant to this Section 4.2(a)(iii) and

(iv) then, with respect to holders of Common Units, to all such Members in proportion to their Membership Interests.

Notwithstanding any other provision of this Agreement to the contrary, no amount shall be distributed to a Member under Section 2.5, 2.6 or 4.2 in excess of the positive balance of that Member's Capital Account.

(b) ***Tax Distributions.***

(i) For purposes of this Agreement, "Tax Distributions" shall mean both Regular Tax Distributions and Additional Tax Distributions, as defined in this Section 4.2(b).

(ii) Regular Tax Distributions.

(a) Notwithstanding Section 4.2(a), with respect to each taxable period of the Company, the Company shall, to the extent of available funds, make a Regular Tax Distribution to the Members; provided, that such distribution shall be made if and to the extent that the Board of Directors determines that the distribution does not violate or breach, or constitute a termination, cancellation or acceleration of, any obligation, contract, agreement or other instrument of the Company.

(b) "Regular Tax Distribution" means, for the applicable taxable period, an aggregate cash distribution to the Members equal to (1) the taxable income of the Company for the taxable period (exclusive of income attributable to gain allocated pursuant to Section 704(c) of the Code) multiplied by (2) an assumed tax rate equal to (A) the maximum federal income tax rate for corporations in effect for the taxable period plus (B) six percent (6%). The amount of the Regular Tax Distribution shall be determined by the Company's independent accounting firm.

(c) The Regular Tax Distribution shall be distributed among the Members in accordance with their ownership of the Units in the same manner as provided for in Section 4.2(a), and shall be treated as advance distributions of amounts pursuant to Section 4.2(a).

(d) Subject to Section 4.2(b)(ii)(a), the Company shall make the Regular Tax Distribution, if any, for an applicable taxable period in four installments based on a reasonable estimate of the year's anticipated taxable income exclusive of income attributable to gain allocated pursuant to Section 704(c) of the Code. Such installments shall be distributed no later than the tenth day of each of April, June, September and December of the year.

(iii) Additional Tax Distributions.

(a) Notwithstanding Section 4.2(a), with respect to each taxable period of the Company, the Company shall, to the extent of available funds, make an Additional Tax Distribution to the Members; provided, that such distribution shall be made if and to the extent that the Board of Directors determines that the distribution does not violate or breach, or constitute a termination, cancellation or acceleration of, any obligation, contract, agreement or other instrument of the Company.

(b) "Additional Tax Distribution" means, for the applicable taxable period, the sum of the amounts determined by multiplying (x), (y) and (z) with respect to each class of Units where: (x) equals the taxable income of the Company for the taxable period attributable to gain allocated pursuant to Section 704(c) of the Code ("Section 704(c) Gain") allocable to that class of Units; (y) equals an assumed tax rate equal to (A) the maximum federal income tax rate for corporations in effect for the taxable period plus (B) six percent (6%); and (z) equals 100% divided by the aggregate Percentage Interest of that class of Units to which the Section 704(c) Gain has been allocated. The amount of the Additional Tax Distribution shall be determined by the Company's independent accounting firm.

(c) The Additional Tax Distribution shall be distributed among the Members in accordance with their ownership of the Units in the same manner as set forth in Section 4.2(a), and shall be treated as advance distributions of amounts distributed pursuant to Section 4.2(a).

(d) Subject to Section 4.2(b)(iii)(a), the Company shall make the Additional Tax Distribution, if any, for an applicable taxable period in four installments based on a reasonable estimate of the year's anticipated taxable income attributable to Section 704(c) Gain. Such installments shall be distributed no later than the tenth day of each of April, June, September and December of such year.

## ARTICLE V
## DIRECTORS

**5.1.** ***The Board of Directors; Delegation of Authority and Duties***

(a) The Members, acting through the Board of Directors, shall manage and control the business and affairs of the Company, and shall possess all rights and powers as provided in the Act and otherwise by applicable law. Except as otherwise expressly provided for herein or the Securityholders Agreements, if any, the Members hereby consent to the exercise by the Board of Directors of all such powers and rights conferred on them by the Act or otherwise by applicable law with respect to the management and control of the Company. No Member and no Director, in its capacity as such, shall have any power to act for, sign for, or do any act that would bind the Company. The Members, acting through the Board of Directors, shall devote such time and effort to the affairs of the Company as they may deem appropriate for the oversight of the management and affairs of the Company. Each Member acknowledges and agrees that no Member shall, in its capacity as a Member, be bound to devote all of such Member's business time to the affairs of the Company, and that each Member and such Member's affiliates do and will continue to engage for such Member's own account and for the account of others in other business ventures. To the fullest extent permitted by applicable law, each Director shall have such rights and duties as are applicable to directors of a corporation.

(b) The Board of Directors shall have the power and authority to delegate to one or more other persons the Board of Directors' rights and powers to manage and control the business and affairs of the Company, including delegating such rights and powers of the Board

of Directors to Directors, agents and employees of the Company (including Officers). The Board of Directors may authorize any person (including, without limitation, any Member, Officer or Director) to enter into any document on behalf of the Company and perform the obligations of the Company thereunder. Notwithstanding the foregoing, the Board of Directors shall not have the power and authority to delegate any rights or powers customarily requiring the approval of the directors of a corporation and no Officer or other person shall be authorized or empowered to act on behalf of the Company in any way beyond the customary rights and powers of an officer of a corporation.

(c) It shall be the responsibility of the Board of Directors to provide advice to Officers regarding the overall operation and direction of the Company. The function of the Board of Directors shall be similar to the oversight typically provided to a corporation by its board of directors. The Officers shall, at all times, retain final responsibility for the day-to-day management, operation, and control of the Company, subject to the supervision and direction of the Board of Directors.

(d) The Board of Directors may, from time to time, designate one or more committees, each committee to consist of one or more Directors. Any such committee shall have such powers and authority as provided in the enabling resolution of the Company with respect thereto. At every meeting of any such committee, the presence of all members thereof shall constitute a quorum and the affirmative vote of a majority of all members shall be necessary for the adoption of any resolution; provided, that the Board of Directors shall have the authority to lower the number of committee members so required to constitute a quorum so long as such number is at least a majority of the total number of members, and to lower the number of committee members whose affirmative vote is so required to adopt a resolution so long as such number is at least a majority of the committee members present at any meeting at which a quorum is present. The Board of Directors may dissolve any committee at any time, unless otherwise provided in this Agreement.

(e) The Directors shall not be obligated and shall not be expected to devote all of their time or business efforts to the affairs of the Company.

(f) A Director shall, in the performance of such Director's duties, be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports or statements presented to the Company by any of the Company's Officers or employees or committees of the Board of Directors, or by any other person as to matters the Director reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Company.

**5.2.** ***Establishment of Board of Directors; Term of Office***. Subject to the applicable provisions of any Securityholders Agreement, the Board of Directors shall have the authority to fix the authorized number of Directors on the Board of Directors from time to time. The authorized number of Directors on the Board of Directors shall initially be three, one of whom shall be designated by CVC Equity Fund, one of whom shall be designated by FP LP and one of whom shall be designated by CVC Capital Partners Asia II Limited, a Jersey company. Once elected by the Members pursuant to this Section 5.2 and the Securityholders Agreements, if any, a Director shall continue in office until the removal of such Director in accordance with the

provisions of this Agreement and the Securityholders Agreements, if any, or until the earlier death or resignation of such Director. Any Director may resign at any time by giving written notice of such Director's resignation to the Board of Directors. Any such resignation shall take effect at the time the Board of Directors receives such notice or at any later effective time specified in such notice. Unless otherwise specified in such notice, the acceptance by the Board of Directors of such Director's resignation shall not be necessary to make such resignation effective. Notwithstanding anything herein or at law to the contrary but subject to the applicable provisions of any Securityholders Agreement, any Director may be removed at any time with or without cause by the vote of a majority of the Units then entitled to vote at an election of Directors.

**5.3.** ***Meetings of the Board of Directors***

(a) The Board of Directors shall meet on a regular basis, not less than annually, at such time and at such place as the Board of Directors may designate. Special meetings of the Board of Directors shall be held at the request of a majority of the Directors upon at least five (5) days (if the meeting is to be held in person) or two (2) days (if the meeting is to be held telephonically) oral or written notice to the Directors. Each such special meeting shall be held at such time and at such place as is designated in the notice of the meeting. Any Director may waive the requirement of such notice as to such Director by participation in such meeting other than for purposes of objecting to such meeting. Any meeting of the Board of Directors may be held in person or by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and any Director may participate in any such meeting by means of any of the foregoing notwithstanding the means of participation by any other Director. The Directors shall use their commercially reasonable efforts to hold meetings at such times and places as permit all Directors to participate.

(b) To the extent not inconsistent with this Agreement or the Act, the procedures and rights governing the Board of Directors shall be as provided to the board of a corporation under the Delaware General Corporation Law.

**5.4.** ***Quorum; Voting***

(a) Unless otherwise required by applicable law or provided in the Certificate, this Agreement, a quorum of the Board of Directors shall consist of a majority of the total number of directors, which such majority shall include a majority of the designees of the CVC US Designator (as defined in the Second Amended and Restated Securityholders' Agreement dated as of October 6, 2004, the "Amended and Restated Securityholders' Agreement") and a majority of the designees of the FP Designator (as defined in the Amended and Restated Securityholders' Agreement), *provided* that the CVC US Designator and the FP Designator together shall have the right at any time to increase the number of directors necessary to constitute such quorum; and *provided further*, that in the event that either of the CVC US Designator or the FP Designator, has the right to designate fewer than three directors pursuant to Section 2.01 of the Amended and Restated Securityholders' Agreement, a quorum shall exist if at least one director designated by such Person is present.

(b) Except as otherwise provided in the Certificate, this Agreement or pursuant to applicable law, all actions of the Board of Directors shall require (i) the affirmative vote of at least a majority of the directors present at a duly convened meeting of the Board of Directors at which a quorum is present or (ii) the unanimous written consent of the Board of Directors, *provided* that, in the event that there is a vacancy on the Board of Directors and an individual has been nominated to fill such vacancy, the first order of business shall be to fill such vacancy.

(c) The Board of Directors may create executive, compensation, audit and such other committees as it may determine. The Institutional Securityholders (as defined in the Amended and Restated Securityholders' Agreement) together shall be entitled to majority representation on any committee created by the Board, half of which such majority representation shall consist of a director or directors designated by the CVC US Designator and half of which such majority representation shall consist of a director or directors designated by the FP Designator. The CVC Asia Pacific Investors (as defined in the Amended and Restated Securityholders' Agreement) or their permitted transferees shall be entitled to minority representation on each committee created by the Board of Directors. Each Securityholder (as defined in the Amended and Restated Securityholders' Agreement) entitled to vote for the election of the chairman of any committee (in its capacity as a Securityholder, director of the Board, member of a committee, or otherwise) created by the Board of Directors agrees that it will take all necessary action to ensure that the chairman of such committee is a director designated by the CVC US Designator or the FP Designator in accordance with Section 2.01 of the Amended and Restated Securityholders' Agreement.

**5.5.** ***Action by Written Consent.*** Any action which could be taken by the Board of Directors at a meeting may be taken by the Board of Directors, without a meeting, without prior notice and without a vote, if all of the Directors execute a consent or consents in writing setting forth the action so taken. Any written consent may be executed and ascribed to by facsimile or similar electronic means.

**5.6.** ***Payments to Directors; Reimbursements.*** Except as otherwise determined by the Board of Directors (by the vote or written consent of a majority of the votes of the disinterested Directors then in office), no Director shall be entitled to remuneration by the Company for services rendered in his or her capacity as a Director (other than for reimbursement of reasonable out-of-pocket expenses of such Director). All Directors will be entitled to reimbursement of their reasonable out-of-pocket expenses incurred in connection with their attendance at Board of Directors meetings.

**5.7.** ***Interested Party Transactions.***

(a) Subject to the applicable provisions of any Securityholders Agreement, no contract or transaction between the Company and one or more of its Directors or Officers, or between the Company and any other corporation, partnership, association or other organization in which one or more of its Directors or Officers, are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the Director or Officer is present at or participates in the meeting of the Board of Directors or committee which authorizes the contract or transaction, or solely because any such Director's or Officer's votes are counted for such purpose, if

(i) the material facts as to the Director's or Officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested Directors, even though the disinterested Directors be less than a quorum; or

(ii) the contract or transaction is fair from a financial point of view as to the Company as of the time it is authorized, approved or ratified, by the disinterested Directors or Members.

(b) Interested Directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

## ARTICLE VI
## OFFICERS

**6.1.** ***Designation and Appointment.*** The Board of Directors may, from time to time, employ and retain persons as may be necessary or appropriate for the conduct of the Company's business (subject to the supervision and control of the Board of Directors), including employees, agents and other persons (any of whom may be a Member or Director) who may be designated as Officers of the Company ("Officers"), with titles including but not limited to "chief executive officer," "president," vice president," "treasurer," "secretary," "general counsel," "director" and "chief financial officer," as and to the extent authorized by the Board of Directors. Any number of offices may be held by the same person. In the Board of Directors' discretion, the Board of Directors may choose not to fill any office for any period as it may deem advisable. Officers need not be residents of the State of Delaware or Members. Any Officer so designated shall have such authority and perform such duties as is customary for an officer of such type for a corporation or as the Board of Directors may, from time to time, delegate to such Officer. The Board of Directors may assign titles to particular Officers. Each Officer shall hold office until his or her successor shall be duly designated and shall have qualified as an Officer or until his or her death or until he or she shall resign or shall have been removed in the manner hereinafter provided. The salaries or other compensation, if any, of the Officers of the Company shall be fixed from time to time by the Board of Directors.

**6.2.** ***Resignation and Removal.*** Any Officer may resign as such at any time. Such resignation shall be made in writing and shall take effect at the time specified therein, or if no time be specified, at the time of its receipt by the Board of Directors. The acceptance by the Board of Directors of a resignation of any Officer shall not be necessary to make such resignation effective, unless otherwise specified in such resignation. Any Officer may be removed as such, either with or without cause, at any time by the Board of Directors. Designation of any person as an Officer by the Board of Directors pursuant to the provisions of Section 6.1 shall not in and of itself vest in such person any contractual or employment rights with respect to the Company.

**6.3.** ***Duties of Officers Generally***. The Officers, in the performance of their duties as such, shall (i) owe to the Company duties of loyalty and due care of the type owed by the officers of a corporation to such corporation and its stockholders under the laws of the State of Delaware, and (ii) keep the Board of Directors reasonably apprised of material developments in the business of the Company.

**6.4.** ***President***. The president of the Company shall, subject to the powers of the Board of Directors, have general and active management of the business of the Company, and shall see that all orders and resolutions of the Board of Directors are effectuated. The president of the Company shall have such other powers and perform such other duties as may be prescribed by the Board of Directors.

**6.5.** ***Vice President(s).*** The vice president(s) of the Company shall perform such duties and have such other powers as the president of the Company or the Board of Directors may from time to time prescribe. A vice president may be designated as an executive vice president, a senior vice president, an assistant vice president, or a vice president with a functional title.

**6.6.** ***Secretary***. The secretary of the Company shall attend all meetings of the Board of Directors, record all the proceedings of the meetings and perform similar duties for the committees of the Board of Directors when required by the Board of Directors. The secretary of the Company shall keep all documents as may be required under the Act. The secretary shall perform such other duties and have such other authority as may be prescribed elsewhere in this Agreement or from time to time by the President of the Company or the Board of Directors. The secretary of the Company shall have the general duties, powers and responsibilities of a secretary of a corporation. If the Board of Directors chooses to appoint an assistant secretary or assistant secretaries, the assistant secretaries, in the order of seniority, shall in the Company secretary's absence, disability or inability to act, perform the duties and exercise the powers of the secretary of the Company, and shall perform such other duties as the President of the Company or the Board of Directors may from time to time prescribe.

## ARTICLE VII
## MEETINGS OF MEMBERS

**7.1.** ***Meetings of Members***

(a) All meetings of the Members shall be held at the principal place of business of the Company or at such other place within or without the State of Delaware as shall be specified or fixed in the notices (or waivers of notice thereof). Except as otherwise required by law or as otherwise provided herein or in the Securityholders Agreements, if any, only holders of Common Units shall be entitled to notice of, to attend and to vote at meetings of the Members.

(b) An annual meeting of the Members shall be held for the purpose of election of the Directors and for the transaction of such other business as may properly come before the meeting. Any meeting of Members shall be held on such date and at such time as the Board of Directors shall fix and set forth in the notice of the meeting.

(c) Special meetings of the Members for any proper purpose or purposes may be called at any time by the Board of Directors or upon the request of a Required Interest (defined below). Only business within the purpose or purposes described in the notice (or waiver thereof) required by this Agreement may be conducted at a special meeting of the Members. As used herein, "Required Interest" means one or more Members owning among them more than 50% of the then outstanding Common Units.

(d) All meetings of the Members shall be presided over by the chairman of the meeting, who shall be a Director designated by a majority of the Board of Directors. The chairman of any meeting of Members shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him or her in order.

**7.2.** ***Notice.*** Written notice stating the place, day and hour of any meeting of the Members and, with respect to a special meeting of the Members, the purpose or purposes for which the meeting is called, shall be delivered not less than 10 nor more than 60 days before the date of such meeting by or at the direction of the Directors or person calling the meeting, to each Member entitled to vote at such meeting.

**7.3.** ***Quorum; Voting***

(a) Except as otherwise provided in the Certificate or this Agreement or required by applicable law, a quorum shall be present at a meeting of Members if the holders of a Required Interest are represented at the meeting in person or by proxy.

(b) A Member may vote either in person or by proxy executed in writing by the Member. A proxy shall be revocable unless the proxy form conspicuously states that the proxy is irrevocable. Except as otherwise provided in the Certificate or this Agreement or required by applicable law, with respect to any matter, the affirmative vote of a Required Interest at a meeting of Members at which a quorum is present shall be the act of the Members.

**7.4.** ***Action by Written Consent***. Any action which could be taken by the Members at an annual or special meeting of Members may be taken by the Members, without a meeting, without prior notice and without a vote, if a consent or consents in writing setting forth the action so taken is signed by the holders of a Required Interest (or holders of such higher aggregate percentage of Membership Interest as is required to authorize or take such action under the terms of the Certificate, this Agreement, the Securityholders Agreements, if any, or applicable law). Any such written consent may be executed and ascribed to by facsimile or similar electronic means.

**7.5.** ***Record Date.*** The Board of Directors may fix a record date for purposes of determining Members entitled to notice of or vote at a meeting of Members (including any adjournment thereof), Members entitled to consent to action by written consent, and Members entitled to receive payment of any dividend or other distribution or allotment of any rights, which such record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors and which such record date shall not be more than sixty nor less than ten days before the date of such meeting, consent or payment.

**7.6.** ***Adjournment.*** The chairman of the meeting or the holders of a Required Interest shall have the power to adjourn such meeting from time to time, without any notice other than announcement at the meeting of the time and place of the holding of the adjourned meeting. If such meeting is adjourned by the Members, such time and place shall be determined by a vote of the holders of a Required Interest and no notice of the adjourned meeting need be given if such time and place are announced at the meeting at which the adjournment is taken. Upon the resumption of such adjourned meeting, any business may be transacted that might have been transacted at the meeting as originally called.

**7.7.** ***Conversion***. Subject to the applicable provisions of any Securityholders Agreement, the Company may convert to a corporation, business trust or association, a general partnership or a limited partnership, provided that such conversion is approved by the Board of Directors and authorized by the affirmative vote of the Required Interest taken at a special meeting of Members duly called for purposes of considering such conversion. Notwithstanding any other provision of this Agreement or any Securityholders Agreement, upon the conversion of the Company into a corporation, whether by operation of law, merger, or otherwise, or upon an exchange of the Common Units, Series A Preferred Units or Series B Preferred Units for shares of a corporation, any equity securities received by the holders of such Units in consideration for such Units shall be limited to stock which is not treated as preferred stock for U.S. Federal income tax purposes (and, if the conversion is by reason of the Company's affirmative election to be treated as a corporation for U.S. Federal income tax purposes, the Series A Preferred Units and Series B Preferred Units will be converted into Common Interests prior to the effective date of such election or otherwise amended in such a manner that none of the equity securities of the converted entity received by the holders of such Units for such Units would be treated as preferred stock for U.S. Federal income tax purposes).

**7.8.** ***Merger and Consolidation***. Subject to the applicable provisions of any Securityholders Agreement, pursuant to an agreement of merger or consolidation, the Company may merge or consolidate with or into one or more limited liability companies or one or more other business entities (as defined in the Act) provided that such merger or consolidation is approved the Board of Directors and authorized by the affirmative vote of the Required Interest taken at a special meeting of Members duly called for purposes of considering such merger or consolidation.

**7.9.** ***Sale of Assets***. Subject to the applicable provisions of any Securityholders Agreement, the Company may sell, lease or exchange all or substantially all of its property and assets upon such terms and conditions and for such consideration as the Board of Directors deems expedient and for the best interests of the Company, provided that such sale, lease or exchanges is approved by the Board of Directors and authorized by a resolution adopted by the Required Interest at a special meeting duly called for purposes of considering such sale, lease or exchange.

**ARTICLE VIII**
**INDEMNIFICATION**

**8.1.** ***Right to Indemnification***. The Company shall indemnify any person who was or is party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "Proceeding"), by reason of the fact that such person is or was a Director or Officer of the Company or a director or officer of a constituent Person in a consolidation or merger, or is or was serving at the request of the Company or a constituent Person absorbed in a consolidation or merger, as a director or officer of another Person, or is or was a Director or Officer of the Company serving at its request as an administrator, trustee or other fiduciary of one or more of the employee benefit plans of the Company or other enterprise, against expenses (including attorneys' fees), liability and loss actually and reasonably incurred or suffered by such person in connection with such Proceeding, whether or not the indemnified liability arises or arose from any threatened, pending or completed Proceeding by or in the right of the Company, except to the extent that such indemnification is prohibited by applicable law.

**8.2.** ***Advance of Expenses***. Expenses incurred by a Director or Officer of the Company in defending a Proceeding shall be paid by the Company in advance of the final disposition of such Proceeding subject to the provisions of any applicable law.

**8.3.** ***Procedure for Determining Permissibility***. To determine whether any indemnification or advance of expenses under this Article VIII is permissible, the Board of Directors by a majority vote of a quorum consisting of Directors not parties to such Proceeding may, and on request of any person seeking indemnification or advance of expenses shall be required to, determine in each case whether the applicable standards in any applicable statute have been met, or such determination shall be made by independent legal counsel if such quorum is not obtainable, or, even if obtainable, a majority vote of a quorum of disinterested Directors so directs, provided that, if there has been a change in control of the Company between the time of the action or failure to act giving rise to the claim for indemnification or advance of expenses and the time such claim is made, at the option of the person seeking indemnification or advance of expenses, the permissibility of indemnification or advance of expenses shall be determined by independent legal counsel. The reasonable expenses of any Director or Officer in prosecuting a successful claim for indemnification, and the fees and expenses of any special legal counsel engaged to determine permissibility of indemnification or advance of expenses, shall be borne by the Company. No Member shall be obligated to make a Capital Contribution to satisfy any indemnification claim.

**8.4.** ***Contractual Obligation***. The obligations of the Company to indemnify a Member, Director or Officer under this Article VIII, including the duty to advance expenses, shall be considered a contract between the Company and such Director or Officer, and no modification or repeal of any provision of this Article VIII shall affect, to the detriment of the Director or Officer, such obligations of the Company in connection with a claim based on any act or failure to act occurring before such modification or repeal.

**8.5.** ***Indemnification Not Exclusive; Inuring of Benefit***. The indemnification and advance of expenses provided by this Article VIII shall not be deemed exclusive of any other

right to which one indemnified may be entitled under any statute, provision of the Certificate, agreement, vote of Members or disinterested Directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall inure to the benefit of the heirs, executors and administrators of any such person.

**8.6.** ***Insurance and Other Indemnification***. The Board of Directors shall have the power to (i) authorize the Company to purchase and maintain, at the Company's expense, insurance on behalf of the Company and on behalf of others to the extent that power to do so has not been prohibited by statute, (ii) create any fund of any nature, whether or not under the control of a trustee, or otherwise secure any of its indemnification obligations, and (iii) give other indemnification to the extent permitted by statute.

## ARTICLE IX
## TAXES

**9.1.** ***Tax Returns***. The Board of Directors shall cause the Company to prepare and file all necessary U.S. Federal, state, local and foreign tax returns for the Company including making the elections described in Section 9.2. Each Member shall furnish to the Company all pertinent information (including without limitation form W-8BEN, W-8ECI or W-8EXP, as applicable) in its possession relating to Company operations that is necessary to enable the Company's tax returns to be prepared and filed. Such tax returns will duly reflect the allocation of income, gain, loss and deduction set forth in Article IV of this Agreement.

**9.2.** ***Tax Elections***. To the extent permitted by applicable tax law, the Company shall make the following elections on the appropriate tax returns:

(a) to adopt the fiscal year ending December 31 as the Company's taxable year pursuant to Section 444 of the Code (and the Company shall make the "required payments" pursuant to Section 7519 of the Code in connection with such election); and

(b) to adopt the accrual method of accounting and to keep the Company's books and records on the accrual basis method.

Neither the Company nor any Director or Member may make an election for the Company to be excluded from the application of the provisions of subchapter K of chapter 1 of subtitle A of the Code or any similar provisions of applicable state law, and no provision of this Agreement shall be construed to sanction or approve such an election. The Company will cause its subsidiaries to timely make all appropriate "disregarded entity" elections on IRS Form 8832.

**9.3.** ***Tax Allocations and Reports.*** The Company shall take reasonable efforts so that within three calendar months after the end of each fiscal year, the Board of Directors shall cause the Company to furnish each Member an Internal Revenue Service Form K-1, Form 5471 and any similar form required for the filing of state or local income tax returns for such Member for such fiscal year, which forms will duly reflect the allocation of income, gain, loss and deduction set forth in Article IV of this Agreement. Upon the written request of any such Member and at the expense of such Member, the Company will use reasonable efforts to deliver or cause to be delivered any additional information necessary for the preparation of any federal, state, local and foreign income tax return which must be filed by such Member.

(a) The Tax Matters Partner will determine whether to make or revoke any available election pursuant to the Code. Each Member will, upon request, supply the information necessary to give proper effect to any such election.

(b) The Board of Directors shall designate a Member to act as the "Tax Matters Partner" (as defined in Section 6231(a)(7) of the Code) in accordance with Sections 6221 through 6233 of the Code. Upon such designation, the Tax Matters Partner shall be authorized and required to represent the Company (at the Company's expense) in connection with all examinations of the Company's affairs by tax authorities, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith; provided that, the Tax Matters Partner may be removed and replaced by, and shall act in such capacity at the direction of, the Board of Directors. Each Member agrees to cooperate with the Tax Matters Partner and to do or refrain from doing any or all things reasonably requested by the Tax Matters Partner with respect to the conduct of such proceedings. Subject to the foregoing proviso, the Tax Matters Partner will have reasonable discretion to determine whether the Company (either on its own behalf or on behalf of the Members) will contest or continue to contest any tax deficiencies assessed or proposed to be assessed by any taxing authority. Any deficiency for taxes imposed on any Member (including penalties, additions to tax or interest imposed with respect to such taxes) will be paid by such Member, and if paid by the Company, will be recoverable from such Member (including by offset against distributions otherwise payable to such Member). Each Director will be provided with a copy of all tax returns filed by the Company and the Tax Matters Partner will consult with and keep the Board of Directors fully informed about the status of all material tax examinations, controversies and proceedings.

**9.4.** ***Partnership for U.S. Federal Tax Purposes.*** Prior to the effective time of an affirmative election for the Company to be treated as a corporation for U.S. Federal income tax purposes or prior to the time the Company is converted to a corporation under Delaware (or other state) law, whether by operation of law, merger, or otherwise (a) for U.S. Federal tax purposes the parties agree to treat the Company as a partnership and to treat all Units as interests in such partnership and no party shall take any position inconsistent with this characterization in any tax return or otherwise, (b) the Company shall not engage in, and shall not invest in any partnership or entity treated as a disregarded entity for U.S. Federal income tax purposes which engages in any activities which constitute the conduct of a trade or business within the meaning of Section 864(b) of the Code or would otherwise require organizations exempt from U.S. Federal income tax under Sections 401(a) or 501(c) of the Code to recognize unrelated business taxable income as defined under Section 512 of the Code, and (c) the Company shall not take any action that would cause an organization exempt from U.S. Federal income tax under Section 401(a) or 501(c) of the Code to incur unrelated debt financed income as defined in Section 514 of the Code.

## ARTICLE X
## BOOKS, RECORDS, REPORTS, AND BANK ACCOUNTS

**10.1.** ***Books***. The Company shall maintain complete and accurate books of account of the Company's affairs at the Company's principal office, which books shall be open to inspection by any Member (or its authorized representative) to the extent required by the Act.

**10.2.** ***Company Funds***. Except as specifically provided in this Agreement or with the approval of the Board of Directors, the Company shall not pay to or use for, the benefit of any Member (except in any Member's capacity as a Director, employee or independent contractor of the Company), funds, assets, credit, or other resources of any kind or description of the Company. Funds of the Company shall (i) be deposited only in the accounts of the Company in the Company's name, (ii) not be commingled with funds of any Member, and (iii) be withdrawn only upon such signature or signatures as may be designated in writing from time to time by the Board of Directors.

## ARTICLE XI
## DISSOLUTION, LIQUIDATION, AND TERMINATION

**11.1.** ***Dissolution.*** The Company shall dissolve and its affairs shall be wound up on the first to occur of the following:

(a) the decision of the Board of Directors to dissolve and liquidate the Company;

(b) the written consent of Members owning a majority of the Common Units; and

(c) entry of a decree of judicial dissolution of the Company under Section 18-802 of the Act.

The Company shall not be dissolved by the admission of Members in accordance with the terms of this Agreement. The death, insanity, retirement, resignation, expulsion, bankruptcy or dissolution of a Member or the occurrence of an event that terminates the continued membership of a Member in the Company, shall not cause the Company to be dissolved and its affairs wound up so long as the Company at all times has at least one Member. Upon the occurrence of any such event, the business of the Company shall be continued without dissolution.

**11.2.** ***Liquidation and Termination***

(a) On dissolution of the Company, the Directors who have not wrongfully dissolved the Company shall act as liquidator or may appoint one or more Members as liquidator. The liquidator shall wind up the affairs of the Company as provided in the Act and shall have all the powers set forth in the Act. The costs of liquidation shall be a Company expense.

(b) Upon the winding up of the Company, the assets of the Company shall first be distributed to creditors, including Members and Directors who are creditors, to the extent otherwise permitted by applicable law, in satisfaction of liabilities of the Company (whether by payment or the making of reasonable provision for payment thereof) other than liabilities for which reasonable provision for payment has been made.

(c) Any assets remaining after the Company's liabilities and obligations have been paid (or reasonable provision for the payment thereof has been made) shall be distributed to

the Members in accordance with the positive capital account balances of the Members, as determined after taking into account all capital account adjustments for the Company's taxable year during which such liquidation occurs (other than those made as a result of this Section), by the end of such taxable year or, if later, within 90 days after the date of such liquidation, except as permitted by Reg. § 1.704-1(b)(2)(ii)(b).

(d) If, at the discretion of the Board of Directors, any assets of the Company are distributed in-kind to the Members, such assets shall be valued on the basis of the fair market value thereof as determined by the Board of Directors in their reasonable discretion on the date of distribution. Without limiting the Board of Directors' discretion to make such a valuation or requiring that any such appraisal be made, the valuation of any asset by the Board of Directors on the basis of the determination of its fair market value by an independent appraiser shall be deemed to be a reasonable value for such asset and a reasonable exercise of such discretion. Upon any such in-kind distribution to a Member, the capital accounts of the Members shall be adjusted to reflect the manner in which the unrealized income, gain, loss or deduction inherent in such property (that has not previously been reflected in the Members' capital accounts) would be allocated among the Members if there had been a taxable disposition of such property at its fair market value on the date of distribution. The capital accounts of the Members receiving a distribution in-kind shall then be reduced by the fair market value of the property distribution.

(e) Nothing in this Article XI shall be construed to extend the time period prescribed under Section 11.2(c) above and Reg. § 1.704-1(b)(2)(ii)(b) for making liquidating distributions of the Company's assets. If the liquidator deems it impracticable to cause the Company to make distributions of the liquidating proceeds to the Members within the time period described under Reg. § 1.704-l(b)(2)(ii)(b), the liquidator may make any arrangement that is considered for federal income tax purposes to effectuate liquidating distributions of all of the Company's assets to the Members within the time period prescribed in such regulation and that will permit the sale of the non-cash assets considered so distributed in a manner that gives effect, to the extent possible, to the intent of the preceding provisions of this Article XI.

**11.3.** ***Deficit Capital Accounts***. Notwithstanding anything to the contrary contained in this Agreement, and notwithstanding any custom or rule of law to the contrary, upon dissolution of the Company, the deficit, if any, in the capital account of any Member, including any deficit that results from or is attributable to deductions and losses of the Company (including non-cash items such as depreciation) or distributions of assets pursuant to this Agreement to all Members, shall not be an asset of the Company and such Members shall not be obligated to contribute such amount to the Company to bring the balance of such Member's capital account to zero.

**11.4.** ***Certificate of Cancellation***. On the completion of the winding up of the Company following its dissolution, the Company is terminated, and the Board of Directors (or such other person or persons as the Act may require or permit) shall file a Certificate of Cancellation with the Office of the Secretary of State of the State of Delaware, and cancel any other filings made pursuant to Section 1.5.

## ARTICLE XII
## GENERAL PROVISIONS

**12.1.** ***Offset***. Whenever the Company is to pay any sum to any Member, any amounts then due and payable from such Member to the Company may be deducted from that sum before payment.

**12.2.** ***Notices***. Except as expressly set forth to the contrary in this Agreement, all notices, requests, or consents provided for or permitted to be sent under this Agreement must be in writing and must be sent by registered mail, addressed to the recipient, postage paid, or by delivering that writing to the recipient in person, by internationally recognized express courier, or by facsimile transmission; and a notice, request, or consent sent under this Agreement is effective on receipt by the person to receive it. A notice, request or consent shall be deemed received when delivered if personally delivered, after a "good transmission" receipt is received, if sent via facsimile, or otherwise on the date of receipt by the recipient thereof. All notices, requests, and consents to be sent to a Member must be sent to or made at the address or facsimile number ascribed to that Member on the books of the Company or such other address or facsimile number as that Member may specify by notice to the Company and the other Members. Any notice, request, or consent to the Company must be sent to the Company at its principal office. Whenever any notice is required to be sent by law, the Certificate or this Agreement, a written waiver thereof, signed by the person entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

**12.3.** ***Entire Agreement.*** This Agreement constitutes the entire agreement among the parties on the date hereof with respect to the subject matter hereof and supersedes all prior understandings, contracts or agreements among the parties with respect to the subject matter hereof, whether oral or written.

**12.4.** ***Effect of Waiver or Consent***. The failure of a Member to insist on the strict performance of any covenant or duty required by the Agreement, or to pursue any remedy under the Agreement, shall not constitute a waiver of the breach or the remedy.

**12.5.** ***Amendment.*** This Agreement may be amended or modified, or any provision hereof may be waived, provided that such amendment, modification or waiver is set forth in a writing executed by (i) the Company and (ii) the Members holding a majority of the outstanding Common Units on a fully diluted basis, except (a) as provided in Sections 2.5(e) and 2.6(e) and (b) an amendment that materially and adversely affects any Member differently from any other Member shall be effective only if such Member executes such amendment. No course of dealing between or among any Persons having any interest in this Agreement will be deemed effective to modify, amend or discharge any part of this Agreement or any rights or obligations of any Person under or by reason of this Agreement.

**12.6.** ***Binding Act***. Subject to the restrictions on transfer set forth in this Agreement, this Agreement is binding on and inures to the benefit of the Members and their respective heirs, legal representatives, successors, and assigns.

**12.7.** ***Governing Law*****.** All issues and questions concerning the application, construction, validity, interpretation and enforcement of this Agreement shall be governed by and construed in accordance with the laws of the State of Delaware and the Act, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

**12.8.** ***Consent to Exclusive Jurisdiction***. Each of the parties hereto agrees that any legal action or proceeding with respect to this Agreement or any agreement, certificate or other instrument entered into in contemplation of the transactions contemplated by this Agreement, or any matters arising out of or in connection with this Agreement or such other agreement, certificate or instrument, and any action for the enforcement of any judgment in respect thereof, shall be brought exclusively in the Chancery Court of New Castle County, Delaware or the courts of the United States of America for the District of Delaware, unless the parties to any such action or dispute mutually agree to waive this provision. By execution and delivery of this Agreement, each of the parties hereto irrevocably consents to service of process out of any of the aforementioned courts in any such action or proceeding by the mailing of copies thereof by registered or certified mail, postage prepaid, or by recognized express carrier or delivery service, to the applicable party at his, her or its address referred to herein. Each of the parties hereto irrevocably waives any objection which he, she or it may now or hereafter have to the laying of venue of any of the aforementioned actions or proceedings arising out of or in connection with this Agreement, or any related agreement, certificate or instrument referred to above, brought in the courts referred to above and hereby further irrevocably waives and agrees, to the fullest extent permitted by applicable law, not to plead or claim in any such court that any such action or proceeding brought in any such court has been brought in any inconvenient forum. Nothing herein shall affect the right of any party to serve process in any other manner permitted by law.

**12.9.** ***Severability***. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or any other jurisdiction, but this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein. The Members shall negotiate in good faith to replace any provision so held to be invalid or unenforceable so as to implement most effectively the transactions contemplated by such provision in accordance with the original intent of the Members signatory hereto.

**12.10.** ***Further Assurances***. In connection with this Agreement and the transactions contemplated hereby, each Member shall execute and deliver any additional documents and instruments and perform any additional acts that may be necessary or appropriate to effectuate and perform the provisions of this Agreement and those transactions.

**12.11.** ***No Third Party Benefit***. The provisions hereof are solely for the benefit of the Company and its Members, Directors and Officers and are not intended to, and shall not be construed to, confer a right or benefit on any creditor of the Company or any other Person.

**12.12.** ***Counterparts.*** This Agreement may be executed in any number of counterparts with the same effect as if all signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

**12.13.** ***Construction***. Whenever the context requires, the gender of all words used in this Agreement includes the masculine, feminine and neuter. All references to Articles and Sections refer to Articles and Sections of this Agreement, and all references to Exhibits are to Exhibits attached hereto, each of which is made a part hereof for all purposes.

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the date first set forth above.

**STATUTS COORDONNES**
**SUIVANT L'ACTE N°1849 DU 28 DECEMBRE 2004**

**TITLE I. FORM - NAME - REGISTERED OFFICE - DURATION - OBJECT**

**Article 1:** There exists a public company limited by shares ("*société anonyme*") under the name of **"MagnaChip Semiconductor S.A."** (the "Company").

The registered office is established in the City of Luxembourg, in the Grand-Duchy of Luxembourg. It may be transferred to any other place within the City of Luxembourg by a resolution of the board of directors (the "Board of Directors").

If extraordinary events of a political, economic, or social nature, likely to impair normal activity at the registered office or easy communication between that office and foreign countries shall occur, or shall be imminent, the registered office may be provisionally transferred abroad. Such temporary measure shall, however, have no effect on the nationality of the Company which, notwithstanding such provisional transfer of the registered office, shall remain a Luxembourg company.

The Company is established for an unlimited period. The Company may be dissolved at any time by a resolution of the shareholders adopted in the manner required for the amendment of these articles of incorporation.

**Article 2:** The object of the Company is to carry out all transactions pertaining directly or indirectly to the acquisition of participations in any company or enterprise in any form whatsoever, and the administration, management, control and development of those participations.

The Company may in addition establish, manage, develop and dispose of a portfolio of securities and patents of whatever origin, to acquire, by way of investment, subscription, underwriting or option, securities and patents, to realize them by way of sale, transfer, exchange or otherwise, and to grant to - or for the benefit of - companies in which the Company has a direct and/or indirect participation and/or affiliates, any assistance, loan, advance or guarantee.

The Company may issue preferred equity certificates in any form whatsoever, including convertible preferred equity certificates.

The Company may borrow in any form and may proceed to the private and/or public issue of bonds and debentures.

In general, the Company may take any measure and carry out any operation, including without limitation, commercial, financial, personal and real estate transactions which it may deem necessary or useful for the accomplishment and development of its objects.

**TITLE II. CAPITAL - SHARES**

**Article 3:** The corporate capital is set at seven hundred eighty seven thousand nine hundred and twenty five (787,925.-), divided into thirty one thousand five hundred and seventeen (31,517.-) shares with a par value of twenty five (25.-) euro each.

**Article 4:** The shares shall be registered or bearer shares, at the option of the shareholders.

The Company's shares may be issued, at the owner's option, in certificates relating to single shares or two or more shares.

The Company may repurchase its own shares by means of its free reserves under the provisions set forth in article 49-2 of the amended law of 10 August 1915 on commercial companies.

The capital of the Company may be increased or reduced in one or several steps by resolution of the general meeting of shareholders (the "General Meeting of Shareholders"), adopted in accordance with the provisions applicable to changes in the articles of incorporation.

**TITLE III. MANAGEMENT**

**Article 5:** The Company shall be managed by a board of directors the "Board of Directors") composed of at least three members (the "Directors"), who need not be shareholders.

The Directors shall be appointed for a maximum period of six years and they shall be re-eligible. They may be removed at any time.

In the event of a vacancy on the Board of Directors, the remaining Directors have the right to provisionally fill the vacancy; in this case, such a decision must be ratified by the next General Meeting of Shareholders.

**Article 6:** The Board of Directors has full power to perform all such acts as shall be necessary or useful to the object of the Company.

All matters not expressly reserved to the General Meeting of Shareholders by law or by the present articles of incorporation are within the competence of the Board of Directors.

The Board of Directors may elect a chairman. In the absence of the chairman, another Director may preside over the meeting.

The Board of Directors can validly deliberate and act only if the majority of its members are present or represented by virtue of a proxy between Directors, which may be given by letter, telegram, telex, electronic mail or telefax.

Directors may participate in a meeting of the Board of Directors by means of a conference call, a video conference or by any other means of communication enabling thus several persons participating therein to simultaneously communicate with each other. Such participation shall be deemed equal to a physical presence at the meeting of the Board of Directors.

Resolutions shall require a majority vote.

Directors may approve by unanimous vote a circular resolution by expressing their consent to one or several separate instruments in writing or by telegram, telex, electronic mail or telefax confirmed in writing which shall all together constitute appropriate minutes evidencing such decision.

The Board of Directors may delegate all or part of its powers concerning the day-to-day management and the representation of the Company in connection therewith to one or more Directors, managers or other officers; they need not be shareholders of the Company.

Delegation to a member of the Board of Directors is subject to the previous authorization of the General Meeting of Shareholders.

The Company is either bound by the individual signature of any one Director or by the individual signature of the managing director within the limits of his powers or by the individual signature of any person to whom such signatory authority has been delegated by the Board of Directors.

**TITLE IV. AUDITOR - FINANCIAL YEAR**

**Article 7:** The Company shall be supervised by one or more auditor(s) (the "Auditor(s)"), who need not be shareholders. They shall be appointed for a maximum period of six years and they shall be re-eligible. They may be removed at any time.

**Article 8:** The Company's financial year shall begin on the first of January and end on the thirty-first of December of each year.

**TITLE V. GENERAL MEETING OF SHAREHOLDERS**

**Article 9:** The annual General Meeting of Shareholders (the "Annual General Meeting of Shareholders") shall be held, at the registered office or such other place in the municipality of the registered office as indicated in the convening notices, on the last Thursday in the month of April at 04.00 p.m.

If the said day is a public holiday, the meeting shall be held on the next following working day.

**Article 10:** Convening notices of all General Meetings of Shareholders shall be made in compliance with the legal provisions.

If all the shareholders are present or represented and if they declare that they have knowledge of the agenda submitted to their consideration, the General Meeting of Shareholders may take place without convening notices. The Board of Directors may decide that the shareholders wishing to attend the General Meeting of Shareholders must deposit their shares five clear days before the date fixed therefore.

Every shareholder has the right to vote in person or by proxy, who need not be a shareholder.

Each share gives the right to one vote.

**Article 11:** The General Meeting of Shareholders has the most extensive powers to carry out or ratify such acts as may concern the Company. It shall determine the appropriation and distribution of the net profits.

**Article 12:** Under the provisions set forth in Article 72-2 of the amended law of 10 August 1915 on commercial companies, the Board of Directors is authorized to distribute interim dividends.

**TITLE VI. GENERAL PROVISIONS**

**Article 13:** The law of 10 August 1915 on commercial companies, as amended, shall apply providing these articles of incorporation do not state otherwise.

**1.1 Meetings.**

**1.1.1 Place**. Meetings of the stockholders shall be held at such place as may be designated by the board of directors.

**1.1.2 Annual Meeting**. An annual meeting of the stockholders for the election of directors and for other business shall be held on such date and at such time as may be fixed by the board of directors.

**1.1.3 Special Meetings**. Special meetings of the stockholders may be called at any time by the president, or the board of directors, or the holders of a majority of the outstanding shares of stock of the Company entitled to vote at the meeting.

**1.1.4 Quorum**. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of stock of the Company entitled to vote on a particular matter shall constitute a quorum for the purpose of considering such matter.

**1.1.5 Voting Rights**. Except as otherwise provided herein, in the certificate of incorporation or by law, every stockholder shall have the right at every meeting of stockholders to one vote for every share standing in the name of such stockholder on the books of the Company which is entitled to vote at such meeting. Every stockholder may vote either in person or by proxy.

## ARTICLE II

## DIRECTORS

**2.1 Number and Term.** The board of directors shall have authority to (i) determine the number of directors to constitute the board and (ii) fix the terms of office of the directors.

**2.2 Meetings.**

**2.2.1 Place**. Meetings of the board of directors shall be held at such place as may be designated by the board or in the notice of the meeting.

**2.2.2 Regular Meetings**. Regular meetings of the board of directors shall be held at such times as the board may designate. Notice of regular meetings need not be given.

**2.2.3 Special Meetings**. Special meetings of the board may be called by direction of the president or any two members of the board on three days' notice to each director, either personally or by mail, telegram or facsimile transmission.

**2.2.4 Quorum**. A majority of all the directors in office shall constitute a quorum for the transaction of business at any meeting.

**2.2.5 Voting**. Except as otherwise provided herein, in the certificate of incorporation or by law, the vote of a majority of the directors present at any meeting at which a quorum is present shall constitute the act of the board of directors.

**2.2.6 Committees**. The board of directors may, by resolution adopted by a majority of the whole board, designate one or more committees, each committee to consist of one or more directors and such alternate members (also directors) as may be designated by the board. Unless otherwise provided herein, in the absence or disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another director to act at the meeting in the place of any such absent or disqualified member. Except as otherwise provided herein, in the certificate of incorporation or by law, any such committee shall have and may exercise the powers of the full board of directors to the extent provided in the resolution of the board directing the committee.

## ARTICLE III

## OFFICERS

**3.1 Election.** At its first meeting after each annual meeting of the stockholders, the board of directors shall elect a president, vice president, secretary and such other officers as it deems advisable.

**3.2 Authority, Duties and Compensation.** The officers shall have such authority, perform such duties and serve for such compensation as may be determined by resolution of the board of directors. Except as otherwise provided by board resolution, (i) the president shall be the chief executive officer of the Company, shall have general supervision over the business and operations of the Company, may perform any act and execute any instrument for the conduct of such business and operations and shall preside at all meetings of the board and stockholders, (ii) the other officers shall have the duties customarily related to their respective offices, and (iii) any vice president, or vice presidents in the order determined by the board, shall in the absence of the president have the authority and perform the duties of the president.

## ARTICLE IV

## INDEMNIFICATION

**4.1 Right to Indemnification.** The Company shall indemnify any person who was or is party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding"), by reason of the fact that such person is or was a director or officer of the Company or a constituent corporation absorbed in a consolidation or merger, or is or was serving at the request of the Company or a constituent corporation absorbed in a consolidation or merger, as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, or is or was a director or officer of the Company serving at its request as an administrator, trustee or other fiduciary of one or more of the employee benefit plans of the Company or other enterprise, against expenses (including attorneys' fees), liability and loss actually and reasonably incurred or suffered by such person in connection with such proceeding, whether or not the indemnified liability arises or arose from any threatened, pending or completed proceeding by or in the right of the Company, except to the extent that such indemnification is prohibited by applicable law.

**4.2 Advance of Expenses.** Expenses incurred by a director or officer of the Company in defending a proceeding shall be paid by the Company in advance of the final disposition of such proceeding subject to the provisions of any applicable statute.

**4.3 Procedure for Determining Permissibility.** To determine whether any indemnification or advance of expenses under this Article IV is permissible, the board of directors by a majority

vote of a quorum consisting of directors not parties to such proceeding may, and on request of any person seeking indemnification or advance of expenses shall be required to, determine in each case whether the applicable standards in any applicable statute have been met, or such determination shall be made by independent legal counsel if such quorum is not obtainable, or, even if obtainable, a majority vote of a quorum of disinterested directors so directs, provided that, if there has been a change in control of the Company between the time of the action or failure to act giving rise to the claim for indemnification or advance of expenses and the time such claim is made, at the option of the person seeking indemnification or advance of expenses, the permissibility of indemnification or advance of expenses shall be determined by independent legal counsel. The reasonable expenses of any director or officer in prosecuting a successful claim for indemnification, and the fees and expenses of any special legal counsel engaged to determine permissibility of indemnification or advance of expenses, shall be borne by the Company.

**4.4 Contractual Obligation.** The obligations of the Company to indemnify a director or officer under this Article IV, including the duty to advance expenses, shall be considered a contract between the Company and such director or officer, and no modification or repeal of any provision of this Article IV shall affect, to the detriment of the director or officer, such obligations of the Company in connection with a claim based on any act or failure to act occurring before such modification or repeal.

**4.5 Indemnification Not Exclusive; Inuring of Benefit.** The indemnification and advance of expenses provided by this Article IV shall not be deemed exclusive of any other right to which one indemnified may be entitled under any statute, provision of the Certificate of Incorporation, these bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall inure to the benefit of the heirs, executors and administrators of any such person.

**4.6 Insurance and Other Indemnification.** The board of directors shall have the power to (i) authorize the Company to purchase and maintain, at the Company's expense, insurance on behalf of the Company and on behalf of others to the extent that power to do so has not been prohibited by statute, (ii) create any fund of any nature, whether or not under the control of a trustee, or otherwise secure any of its indemnification obligations, and (iii) give other indemnification to the extent permitted by statute.

**ARTICLE V**

**TRANSFER OF SHARE CERTIFICATES**

Transfers of share certificates and the shares represented thereby shall be made on the books of the Company only by the registered holder or by duly authorized attorney. Transfers shall be made only on surrender of the share certificate or certificates.

**ARTICLE VI**

**PURPOSE**

The sole purpose for which the Company is formed is to act as co-issuer, along with MagnaChip Semiconductor S.A., of notes of MagnaChip Semiconductor S.A. to facilitate the offering of such notes. The Company is not authorized to carry on any trade or business and will serve only as an agent to facilitate the offering. Consistent with this purpose, the Company is permitted to enter into agreements to specify the responsibilities between itself and MagnaChip Semiconductor S.A. The Company is not authorized to hold any assets other than the minimum capital amount of $1.00. The Company is not authorized to receive proceeds from such offering.

**ARTICLE VII**

**AMENDMENTS**

These bylaws may be amended or repealed at any regular or special meeting of the board of directors by vote of a majority of all directors in office or at any annual or special meeting of stockholders by vote of holders of a majority of the outstanding stock entitled to vote. Notice of any such annual or special meeting of stockholders shall set forth the proposed change or a summary thereof.

**EXHIBIT 3.8**

**LIMITED LIABILITY COMPANY AGREEMENT**

**OF**

**MAGNACHIP SEMICONDUCTOR SA HOLDINGS LLC**

**THIS LIMITED LIABILITY COMPANY AGREEMENT** (this "Agreement") of **MAGNACHIP SEMICONDUCTOR SA HOLDINGS LLC**, a Delaware limited liability company (the "Company"), is adopted as of November 30, 2004 (the "Effective Date"), by **MAGNACHIP SEMICONDUCTOR LLC**, a Delaware limited liability company ("Sole Member"), as the Sole Member of the Company.

The Company was formed as a limited liability company under the Delaware Limited Liability Company Act (the "Act"), pursuant to a Certificate of Formation that was filed on the Effective Date with the Secretary of State of Delaware. This Agreement is the limited liability company agreement of the Company. The Company shall be governed by the Act and this Agreement.

Sole Member is the sole member of the Company. As provided in the Act, the entire management of the Company is vested in the Sole Member as the sole member. Sole Member may from time to time in its discretion appoint one or more Officers to conduct the Company's business and affairs on Sole Member's behalf, each of whom shall serve in such capacity until he or she is unable to fulfill the obligations of such office. The Company shall initially have a President, Vice President, Secretary, and Treasurer having the following powers and duties and responsibilities to the Company:

(a) President. Subject to any limitations imposed by this Agreement, the Act, any employment agreement with the Company or Sole Member, any employee plan or any determination by Sole Member, the President, subject to the general control of Sole Member, shall be the chief operating officer of the Company and, as such, shall be responsible for the management and direction of the day-to-day business and affairs of the Company, its Officers, employees and agents, shall supervise generally the affairs of the Company, and shall have full authority to execute all documents and take all actions that the Company may legally take. Any person or entity dealing with the Company may rely on the authority of the President as to all such Company actions without further inquiry. The President shall exercise such other powers and perform such other duties as may be assigned to him by this Agreement or Sole Member, including the duties and any powers stated in any employment agreement with the Company or Sole Member.

(b) Vice President. In the absence of the President or in the event of the President's inability to act, the Vice President shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all the restrictions upon the President. The Vice President shall exercise such other powers and perform such other duties as may be assigned to him by this Agreement or Sole Member, including the duties and any powers stated in any employment agreement with the Company or Sole Member.

(c) Secretary. The Secretary shall be custodian of all records (other than financial), shall see that the books, reports, statements, certificates and all other documents and records required by law are properly kept and filed, and, in general, shall perform all duties commonly incident to his office and shall perform such other duties and have such other powers as may, from time to time, be assigned to him by this Agreement, Sole Member or the President.

(d) Treasurer. The Treasurer shall keep or cause to be kept the books of account of the Company and shall render statements of the financial affairs of the Company in such form and as often as required by this Agreement, Sole Member or the President. The Treasurer, subject to the order of Sole Member, shall have the custody of all funds and securities of the Company. The Treasurer shall perform all other duties commonly incident to his office and shall perform such other duties and have such other powers as this Agreement, Sole Member or the President may designate from time to time.

As of the Effective Date, Sole Member hereby appoints the following individuals as Officers of the Company as indicated:

| | |
|---|---|
| Dipanjan Deb | President |
| Paul C. Schorr, IV | Vice President & Treasurer |
| Roy Kuan | Vice President & Secretary |

Sole Member intends that the Company be disregarded as a separate entity for Federal income tax purposes pursuant to Treasury Regulations § 301.7701-3. Accordingly, no election to the contrary shall be filed by or on behalf of the Company and all income, gain, loss, deduction and credit of the Company shall be reported by Sole Member on its returns.

DEED OF AMENDMENT TO THE ARTICLES OF ASSOCIATION
MAGNACHIP SEMICONDUCTOR B.V.

On this the twenty-third day of December two thousand four, appeared before me, Wijnand Hendrik Bossenbroek, civil law notary in Amsterdam:

Martijn Jan Olivier Moerdijk, employed at my office at 1077 XV Amsterdam, Strawinskylaan 1999, born in Helmond on the third day of June nineteen hundred and seventy. The person appearing declared that general meeting of shareholders of MagnaChip Semiconductor B.V., a private company with limited liability ("*besloten vennootschap met beperkte aansprakelijkheid*"), having its corporate seat in Amsterdam (address: 1043 BW Amsterdam, Naritaweg 165, trade register number: 18026999), hereinafter referred to as the "company", pursuant to article 13 paragraph 5 of the articles of association of the company, by written resolution dated the tenth day of December two thousand and four has resolved to amend the articles of association of the company in their entirety, a copy of which resolution shall be attached to this deed. The articles of association of the company were last amended on the twentieth day of August two thousand and four before the undersigned civil law notary.

Further to the abovementioned written resolution the person appearing stated that the articles of association of the company are amended in their entirety as follows:

ARTICLES OF ASSOCIATION ("*STATUTEN*")
NAME AND SEAT
Article 1.

1. The name of the company is MagnaChip Semiconductor B.V.
2. It has its corporate seat in Amsterdam.

OBJECTS
Article 2.

The objects of the company are:

a. to participate in, to manage, to administrate and to finance or to have any other interest in, or to conduct the management of, other companies or enterprises;
b. investing and administrating funds, goods and claims;
c. acquiring, selling, administrating and exploiting real estate;
d. exploiting and trading patents, trademark rights, licenses, know-how and other rights to intellectual property;
e. to furnish guarantees, provide security, warrant performance or in any other way assume liability, whether jointly and severally or otherwise, for or in respect of obligations of group companies;
f. to do anything which is, in the widest sense of the word, connected with or may be conducive to the attainment of these objects.

CAPITAL AND SHARES
Article 3.

1. The authorised share capital of the company is ninety-one thousand euros (EUR 91,000), divided into ninety-one thousand (91,000) ordinary shares, each having a nominal value of one euro (EUR 1).
2. The company shall not co-operate in the issuance of depositary receipts for its shares.
3. The shareholder shall have the voting rights attached to shares on which a right of usufruct or a right of pledge has been vested.
4. In deviation from the previous paragraph, the usufructuary and the pledgee shall hold the voting rights if this was provided for when the limited right was vested and such provision has been approved by the general meeting of shareholders, hereinafter referred to as: the "general meeting".
5. Shareholders not entitled to vote and usufructuraries and pledgees entitled to vote shall have the rights which have been granted by law to the holders of depositary receipts for shares which have been issued with the cooperation of a company.

REGISTER OF SHAREHOLDERS
Article 4.

1. The shares shall be registered shares and they shall be numbered consecutively, starting from 1.

   No share certificates shall be issued.
2. The management board shall keep a register at the company's offices setting out the names and addresses of all shareholders, usufructaries and pledgees, the dates on which the shares were acquired, the number of shares, the dates of acknowledgement or service, the amount paid up in respect of each share and, to the extent applicable, the other particulars referred to in paragraphs 2 and 4 of articles 2:197 and 2:198 of the Civil Code.

   Every shareholder, usufructuary and pledgee must inform the management board in writing of his address.
3. Every registration and entry in the register shall be signed by or on behalf the management board; the register shall be regularly updated.

ISSUE
Article 5.

1. The issue of new shares shall take place pursuant to a resolution of, and subject to the conditions determined by, the meeting of shareholders.
2. The issue of a share shall require a deed to that effect executed before a civil law notary practising in the Netherlands and to which the persons involved shall be parties.
3. Neither the company nor any of its subsidiaries may provide security, guarantee the price, provide any other guarantee, or assume liability, jointly and severally or otherwise, with or for others, with a view to the subscription or acquisition by others of shares in the company or depositary receipts therefor.

The company may provide loans with a view to the subscription for or acquisition of shares in its capital, or of depositary receipts therefor, only to the extent of such part of the company's shareholders' equity as exceeds the sum of the paid and called-up part of the share capital and the reserves which must be maintained by law.

The company shall maintain a non-distributable reserve for the outstanding amount of the loans referred to in the preceding sentence.

ACQUISITION AND DISPOSAL OF OWN SHARES
Article 6.

1. The company may not subscribe for its own shares.
2. The company shall have the right to acquire fully paid-up shares in its own share capital for consideration, with due observance of the statutory provisions. The rights attached to shares held by the company itself may not be exercised by the company.
3. Acquisition and disposal by the company of its own shares shall take place pursuant to a resolution of, and subject to the conditions to be set by, the general meeting.
4. The share transfer restrictions contained in these articles of association shall apply to the disposal by the company of its own shares.

TRANSFER OF SHARES AND LIMITED RIGHTS ("*BEPERKTE RECHTEN*") IN RESPECT OF SHARES
Article 7.

The transfer of a share or of a limited right in respect of a share shall require a deed to that effect executed before a civil law notary in the Netherlands and to which the persons involved shall be parties.

RESTRICTIONS ON TRANSFER OF SHARES
Article 8.

1. The transfer of shares is only possible, without exception, after the approval of the general meeting has been obtained.
2. The transfer must be effected within three months after the approval has been granted or is deemed to have been granted.
3. The approval shall be deemed to have been granted:
   a. if a decision is not taken within one month of a request to that effect; or
   b. if the resolution in which the approval is refused does not contain the name(s) of one or more prospective purchasers who is/are prepared to purchase, for cash, all the shares to which the request for approval related.
4. If the shareholder requesting approval (the "offeror") accepts the prospective purchaser(s) referred to in paragraph 3(b) above and the parties are unable to agree on the price to be paid for the share(s), the price shall be determined by

one or more independent experts to be appointed by the offeror and the prospective purchasers by mutual agreement. If they fail to reach agreement on the appointment within two months of the point in time referred to in the preceding sentence, either party may petition the president of the district court under whose jurisdiction the company falls to appoint three independent experts.

5. The prospective purchasers shall be entitled to withdraw at any time provided they do so within fourteen days after they have been notified of the price as determined in accordance with the preceding paragraph. If, as a result hereof, not all the shares are purchased:

   a. because all the prospective purchasers have withdrawn; or

   b. because the other prospective purchasers have not, within six weeks after the notification referred to above, declared their willingness to acquire the shares which have become available, with due observance of the criteria for allocating such shares laid down by the general meeting,

   the offeror may freely transfer all the shares to which the request for approval related, provided that the transfer is effected within three months after this has been established.

6. The offeror shall be entitled to withdraw at any time, provided he does so within one month of being definitively informed of the identity of the prospective purchasers to whom he can sell all the shares to which the request related and the selling price.

7. The company may only be a prospective purchaser under the provisions of this article with the consent of the offeror.

MANAGEMENT
Article 9.

1. The company shall have a management board consisting of one or more persons. Both natural persons and legal entities may be managing directors.

2. The general meeting shall determine the number of managing directors.

3. The general meeting shall appoint the managing directors and may at any time suspend or remove any managing director.

4. The general meeting shall determine the remuneration and other terms of employment of each managing director.

DUTIES AND POWERS
Article 10.

1. The management board is charged with the management of the company, subject to the restrictions contained in these articles of association.

2. Where there are two or more managing directors in office, they shall decide upon their respective duties by mutual agreement, unless the general meeting has drawn up rules for this purpose. Where there are two or more managing directors in office, they shall pass resolutions by an absolute majority of the votes. In the event of a tie, the general meeting shall decide.

3. The contemporaneous linking together by telephone conference or audio-visual communication facilities of all the managing directors, wherever in the world they are, shall be deemed to constitute a meeting of the management board for the duration of the connection, unless a managing director objects thereto. Minutes of the matters dealt with at a meeting of the management board shall be sufficient evidence thereof and of the observance of all necessary formalities, provided such minutes are certified by the chairman of the management board or, where the management board has not appointed such chairman, by a managing director.
4. Resolutions of the management board may, instead of a meeting, be passed in writing - including by telegram, facsimile or telex transmission, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing - provided that all members of the management board are familiar with the resolution to be passed and none of them objects to this decision-making process.
5. The management board shall require the approval of the general meeting for such resolutions of the management board as the general meeting shall have specified in a resolution to that effect and notified to the management board.
6. Where one or more managing directors are absent or prevented from acting, the remaining managing director(s) shall be charged with the entire management of the company. Where all managing directors or the only managing director are/is absent or prevented from acting, the management shall be conducted temporarily by one or more persons who must have been appointed for that purpose by the general meeting.

REPRESENTATION
Article 11.

1. The management board, as well as each managing director individually, is entitled to represent the company.
2. Where a managing director has an interest which conflicts directly or indirectly with the company's interests, the management board as well as each managing director may nevertheless represent the company, provided that due regard is had to the provisions of these articles of association.

GENERAL MEETINGS
Article 12.

1. Not less than one general meeting shall be held each year, within six months of the close of the financial year; the purpose of the meeting shall, among other things, be to discuss the annual report, to adopt the annual accounts and to release the management board.
2. General meetings shall be held in the place at which the company has its corporate seat. In the event that the meeting is held elsewhere, legally valid resolutions may nevertheless be passed if the entire issued share capital is represented. Shareholders, as well as usufructuaries and pledgees with voting

rights, shall be given notice of a meeting by or on behalf of the management board by registered letters to be sent not less than fourteen days in advance, not including the day of the notice and the day of the meeting.

3. The notice convening a meeting shall contain the agenda of the meeting.

4. Where the rules laid down by law or by these articles of association in relation to the convening of meetings, drawing up of agendas and availability for inspection of the list of matters to be discussed have not been complied with, legally valid resolutions may nevertheless be passed by a unanimous vote at a meeting at which the entire issued share capital is represented.

Article 13.

1. The general meeting shall be chaired by the chairman of the management board or, where the management board has not appointed such chairman, by the managing director present at the meeting who has held that office longest. Where none of the managing directors is present at the meeting, the meeting shall appoint its own chairman.

2. Each share shall give the right to cast one vote at general meetings.

3. All resolutions shall be passed by an absolute majority of the valid votes cast.

4. No votes may be cast at the general meeting in respect of shares belonging to the company or a subsidiary. They shall not be taken into account in the calculation of a majority or quorum.

5. The management board shall keep a record of the resolutions passed. The record shall be available at the offices of the company for inspection by the shareholders, as well as usufructuaries and pledgees with voting rights. A copy of or extract from this record shall be furnished to every shareholder and every usufructuary or pledge with voting rights on request at no more than the cost price.

RESOLUTIONS OUTSIDE MEETING
Article 14

Unless the company has usufructuaries or pledgees with voting rights, shareholders' resolutions may, instead of at a general meeting, be passed in writing - including by telegram, facsimile or telex transmission, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing - provided that all shareholders with the right to vote have voted in favour.

FINANCIAL YEAR, ANNUAL ACCOUNTS AND APPROPRIATION OF PROFITS
Article 15.

1. The financial year of the company shall coincide with the calendar year.

2. The management board shall close the company's books as at the last day of each financial year and shall within five months - unless this period is extended by the general meeting due to special circumstances for a further period of no more than six months - draw up annual accounts, and it shall deposit the accounts at the company's offices for inspection by the

shareholders, as well as by the usufructuaries and pledgees with voting rights. Within the same period, the management board shall also submit its annual report. The annual accounts shall be signed by all managing directors; where one or more of their signatures is missing, the annual accounts shall refer to this and to the reasons for it.

3. The company shall ensure that the annual accounts, the annual report and the information to be added pursuant to Article 2:392(1) Civil Code shall be available at its offices from the day on which the general meeting at which they are to be discussed is convened.

   Shareholders, as well as usufructuaries and pledgees, are entitled to inspect such documents at the aforementioned location and obtain a copy at no cost.

4. The provisions of Articles 2:391 up to and including 2:394 Civil Code shall not apply if Article 2:403 Civil Code applies to the company.

5. The general meeting shall adopt the annual accounts.

6. The company shall publish the documents and information referred to in this article if and to the extent and in the manner required by Articles 2:394 et seq. Civil Code.

Article 16.

1. The distributable profits shall be at the disposal of the general meeting for distribution of dividend or in order to be added to the reserves or for such other purposes within the company's objects as the meeting shall decide.

2. The company may make distributions to shareholders and other persons entitled to distributable profits only to the extent that the shareholders' equity exceeds the sum of the paid and called-up part of the share capital and the reserves which must be maintained by law. In calculating the appropriation of profits, the shares held by the company in its own share capital shall not be taken into account.

3. Distribution of profits shall take place after the adoption of the annual accounts which show that the distribution is permitted.

4. Subject to the provisions of the second paragraph, the general meeting may resolve to distribute one or more interim dividends and/or other interim distributions.

5. Dividends shall be payable immediately after they have been declared, unless the general meeting provides otherwise.

6. The claim for payment of dividends shall lapse on the expiry of a period of five years.

DISSOLUTION AND LIQUIDATION
Article 17.

1. In the event of the company being dissolved, the liquidation shall be effected by the management board, unless the general meeting decides otherwise.

2. The general meeting shall determine the remuneration of the liquidators and of those in charge of supervising the liquidation.

3. To the extent possible, these articles of association shall remain in effect during the liquidation.

4. Any assets remaining after payment of all of the company's debts shall first be applied to pay back the amounts paid up on the shares. Any remaining assets shall then be distributed among the shareholders in proportion to the aggregate nominal amount of their shares. No distribution upon liquidation may be made to the company in respect of shares held by it.

FINAL PROVISION

Finally, the person appearing declared:

- that he has been appointed by the abovementioned written resolution to apply for the declaration of no objection as mentioned in article 2:235 of the Dutch Civil Code and after obtaining that declaration to lay down and confirm the amendment of the articles of association by notarial deed;
- that the abovementioned declaration was issued as appears from a Ministerial Declaration, attached to this deed, under number B.V. 270.983, dated the twenty-first day of December two thousand and four.

The person appearing is known to me, civil law notary.

This deed was executed in Amsterdam on the date mentioned in its heading.

After I, civil law notary, had conveyed and explained the contents of the deed in substance to the person appearing, he declared that he had taken note of the contents of the deed, was in agreement with the contents and did not wish them to be read out in full. Following a partial reading, the deed was signed by the person appearing and by me, civil law notary.

**1.1.1 Place**. Meetings of the stockholders shall be held at such place as may be designated by the board of directors.

**1.1.2 Annual Meeting**. An annual meeting of the stockholders for the election of directors and for other business shall be held on such date and at such time as may be fixed by the board of directors.

**1.1.3 Special Meetings**. Special meetings of the stockholders may be called at any time by the president, or the board of directors, or the holders of a majority of the outstanding shares of stock of the Company entitled to vote at the meeting.

**1.1.4 Quorum**. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of stock of the Company entitled to vote on a particular matter shall constitute a quorum for the purpose of considering such matter.

**1.1.5 Voting Rights**. Except as otherwise provided herein, in the certificate of incorporation or by law, every stockholder shall have the right at every meeting of stockholders to one vote for every share standing in the name of such stockholder on the books of the Company which is entitled to vote at such meeting. Every stockholder may vote either in person or by proxy.

## ARTICLE II

## DIRECTORS

**2.1 Number and Term**. The board of directors shall have authority to (i) determine the number of directors to constitute the board and (ii) fix the terms of office of the directors.

**2.2 Meetings.**

**2.2.1 Place**. Meetings of the board of directors shall be held at such place as may be designated by the board or in the notice of the meeting.

**2.2.2 Regular Meetings**. Regular meetings of the board of directors shall be held at such times as the board may designate. Notice of regular meetings need not be given.

**2.2.3 Special Meetings**. Special meetings of the board may be called by direction of the president or any two members of the board on three days' notice to each director, either personally or by mail, telegram or facsimile transmission.

**2.2.4 Quorum**. A majority of all the directors in office shall constitute a quorum for the transaction of business at any meeting.

**2.2.5 Voting**. Except as otherwise provided herein, in the certificate of incorporation or by law, the vote of a majority of the directors present at any meeting at which a quorum is present shall constitute the act of the board of directors.

**2.2.6 Committees**. The board of directors may, by resolution adopted by a majority of the whole board, designate one or more committees, each committee to consist of one or more directors and such alternate members (also directors) as may be designated by the board. Unless otherwise provided herein, in the absence or disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another director to act at the meeting in the place of any such absent or disqualified member. Except as otherwise provided herein, in the certificate of incorporation or by law, any such committee shall have and may exercise the powers of the full board of directors to the extent provided in the resolution of the board directing the committee.

## ARTICLE III

## OFFICERS

**3.1 Election.** At its first meeting after each annual meeting of the stockholders, the board of directors shall elect a president, vice president, secretary and such other officers as it deems advisable.

**3.2 Authority, Duties and Compensation.** The officers shall have such authority, perform such duties and serve for such compensation as may be determined by resolution of the board of directors. Except as otherwise provided by board resolution, (i) the president shall be the chief executive officer of the Company, shall have general supervision over the business and operations of the Company, may perform any act and execute any instrument for the conduct of such business and operations and shall preside at all meetings of the board and stockholders, (ii) the other officers shall have the duties customarily related to their respective offices, and (iii) any vice president, or vice presidents in the order determined by the board, shall in the absence of the president have the authority and perform the duties of the president.

## ARTICLE IV

## INDEMNIFICATION

**4.1 Right to Indemnification.** The Company shall indemnify any person who was or is party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding"), by reason of the fact that such person is or was a director or officer of the Company or a constituent corporation absorbed in a consolidation or merger, or is or was serving at the request of the Company or a constituent corporation absorbed in a consolidation or merger, as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, or is or was a director or officer of the Company serving at its request as an administrator, trustee or other fiduciary of one or more of the employee benefit plans of the Company or other enterprise, against expenses (including attorneys' fees), liability and loss actually and reasonably incurred or suffered by such person in connection with such proceeding, whether or not the indemnified liability arises or arose from any threatened, pending or completed proceeding by or in the right of the Company, except to the extent that such indemnification is prohibited by applicable law.

**4.2 Advance of Expenses.** Expenses incurred by a director or officer of the Company in defending a proceeding shall be paid by the Company in advance of the final disposition of such proceeding subject to the provisions of any applicable statute.

**4.3 Procedure for Determining Permissibility.** To determine whether any indemnification or advance of expenses under this Article IV is permissible, the board of directors by a majority

vote of a quorum consisting of directors not parties to such proceeding may, and on request of any person seeking indemnification or advance of expenses shall be required to, determine in each case whether the applicable standards in any applicable statute have been met, or such determination shall be made by independent legal counsel if such quorum is not obtainable, or, even if obtainable, a majority vote of a quorum of disinterested directors so directs, provided that, if there has been a change in control of the Company between the time of the action or failure to act giving rise to the claim for indemnification or advance of expenses and the time such claim is made, at the option of the person seeking indemnification or advance of expenses, the permissibility of indemnification or advance of expenses shall be determined by independent legal counsel. The reasonable expenses of any director or officer in prosecuting a successful claim for indemnification, and the fees and expenses of any special legal counsel engaged to determine permissibility of indemnification or advance of expenses, shall be borne by the Company.

**4.4 Contractual Obligation.** The obligations of the Company to indemnify a director or officer under this Article IV, including the duty to advance expenses, shall be considered a contract between the Company and such director or officer, and no modification or repeal of any provision of this Article IV shall affect, to the detriment of the director or officer, such obligations of the Company in connection with a claim based on any act or failure to act occurring before such modification or repeal.

**4.5 Indemnification Not Exclusive; Inuring of Benefit.** The indemnification and advance of expenses provided by this Article IV shall not be deemed exclusive of any other right to which one indemnified may be entitled under any statute, provision of the Certificate of Incorporation, these bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall inure to the benefit of the heirs, executors and administrators of any such person.

**4.6 Insurance and Other Indemnification.** The board of directors shall have the power to (i) authorize the Company to purchase and maintain, at the Company's expense, insurance on behalf of the Company and on behalf of others to the extent that power to do so has not been prohibited by statute, (ii) create any fund of any nature, whether or not under the control of a trustee, or otherwise secure any of its indemnification obligations, and (iii) give other indemnification to the extent permitted by statute.

## ARTICLE V

## TRANSFER OF SHARE CERTIFICATES

Transfers of share certificates and the shares represented thereby shall be made on the books of the Company only by the registered holder or by duly authorized attorney. Transfers shall be made only on surrender of the share certificate or certificates.

## ARTICLE VI

## AMENDMENTS

These bylaws may be amended or repealed at any regular or special meeting of the board of directors by vote of a majority of all directors in office or at any annual or special meeting of stockholders by vote of holders of a majority of the outstanding stock entitled to vote. Notice of any such annual or special meeting of stockholders shall set forth the proposed change or a summary thereof.

(3) Extraordinary General Meetings of Members may be convened at any time upon the request of any member of the Board of Directors.

Article 13. Convening of General Meeting

(1) The convening of all General Meetings of Members shall be determined by the Board of Directors and the place for convening a General Meeting of Members shall be the principal office of the Company unless otherwise decided by the Board of Directors.

(2) In convening a General Meeting of Members, individual written notice thereof shall be given by the Representative Director at least one (1) week prior to the date set for such meeting to the members and other persons entitled to receive notice; provided, however, that the above period may be shortened with the written consent of all of the members of the Company received before the meeting. The notice shall state the agenda of the meeting, the time when and place where the meeting will be held. The General Meeting of Members may not resolve matters other than those stated in the notice of the meeting, unless all the members whether present or not, unanimously agree otherwise.

(3) If all members so agree, a resolution of the members may be adopted in writing without convening a General Meeting of Members. In addition, if all members have consented in writing to a certain proposed resolution, such resolution shall be deemed to have been adopted by the General Meeting of Members.

Article 14. Chairman of Meeting

The Representative Director shall serve as the Chairman of General Meetings of Members. In the event that the Representative Director is absent or fails to serve as the Chairman of any General Meeting of Members, one of the other directors shall act as Chairman in accordance with the order of directors fixed by the Board of Directors.

Article 15. Adoption of Resolutions

(1) A quorum for the holding of General Meetings of Members shall be more than fifty percent (50%) of the issued and outstanding units of contribution, and the resolution shall be adopted by an affirmative vote of a majority of the units of contribution represented at the meeting.

(2) The following corporate actions shall not be taken by the Company unless authorized by a resolution at a General Meeting of Members by the affirmative vote of at least fifty percent (50%) of the members and three-fourths (3/4) or more of all issued and outstanding units of contribution entitled to vote.

a. Any change of the Article of Incorporation of the Company;

b. Dissolution of the Company or its merger into, or consolidation or amalgamation with any other company;

c. Dismissal of a director; and

d. Transfer or pledge of the whole or a substantial part of the assets or undertakings of the Company, or the acquisition by the Company of the whole or part of the undertakings of any other person or entity, or entry by the Company into any joint venture partnership

Article 16. Voting

(1) Each member shall have one (1) vote for each unit of contribution it owns.

(2) A member may exercise its vote by proxy. In that case, the proxy holder must file with the Company a document evidencing his/her authority at each General Meeting of Members at which he/she acts as proxy.

Article 17. Minutes of General Meeting

(1) The substance of the course of the proceedings of the General Meetings of Members and the results thereof shall be recorded in the minutes in the English and Korean languages, which shall bear the names and seals or signatures of the chairman of the meeting and directors present at the meeting. The English version of all minutes shall govern in the event of any inconsistencies between the English and Korean versions.

(2) Copies of minutes shall be sent to members who so request.

Article 21. Representative Director and Other Officers

(1) The General Meeting of Members shall elect from the directors of the Company, one (1) Representative Director to represent the Company; provided, however, if there is only one (1) director, such director will be the Representative Director of the Company.

(2) The Representative Director shall have the authority to represent the Company and to bind the Company in all other matters as authorized by the Board of Directors and within limitations established by these Articles of Incorporation and by the General Meeting of Members.

(3) The General Meeting of Members shall appoint such other officers as it considers necessary and appropriate to operate the Company. Such officers shall have such authority as may be assigned to them by the Board of Directors of the Company and shall report on a regular basis to the Representative Director.

Article 22. Nature of the Board of Directors

(1) The directors of the Company shall constitute the Board of Directors of the Company.

(2) The Board of Directors shall have the power and authority to make decisions with respect to all important matters of the Company which are not reserved for the action of the General Meeting of Members by law or these Articles of Incorporation.

Article 23. Calling of Meetings

(1) Meetings of the Board of Directors may be called by the Representative Director, when he/she deems the same to be necessary or advisable, or when any director so requests. The time and place for convening a meeting of the Board of Directors shall

be determined by the Representative Director and the place may be within or outside of Korea.

(2) Notice of the meetings of the Board of Directors shall be given by the Representative Director by individual written notice to each director, at least one (1) week prior to the date set for any such meeting to the directors, which notice shall specify the agenda to be discussed thereat; provided, however, that the above period may be shortened or omitted with the written consent of all directors before any such meeting. At such meetings the directors may not resolve matters other than those set forth in said agenda, unless all the directors, whether present or not, unanimously agree otherwise.

Article 24. Chairman of Meeting

The Representative Director shall serve as Chairman of the Board of Directors. In the event that the Representative Director is absent or fails to serve as Chairman of any meeting of the Board of Directors, one of the other directors shall act as Chairman in accordance with the order of directors fixed by the Board of Directors.

Article 25. Quorum and Adoption of Resolutions

A quorum for the holding of a meeting of the Board of Directors shall be at least a majority of all the directors. Unless otherwise required by law or these Articles of Incorporation, all actions and resolutions of the Board of Directors shall be adopted by the affirmative votes of a majority of all the directors.

Article 26. Minutes of Meeting of the Board of Directors

The substance of the course of the proceedings of a meeting of the Board of Directors and the results thereof shall be recorded in the minutes in the English and Korean languages, which shall bear the names and seals or signatures of the directors in attendance at the meeting. The English version of the minutes shall govern in the event of any inconsistencies between the English and Korean versions.

Article 27. Compensation

The remuneration and bonuses of the directors shall be determined by the resolution at the General Meeting of Members. Severance pay for the directors and other officers of the Company shall be paid in accordance with the Company's regulation on severance payment for officers, as adopted by the resolution of the General Meeting of Members.

## CHAPTER VI. ACCOUNTING

Article 28. Fiscal Year

The fiscal year of the Company shall commence on January 1 and end on December 31 of each year.

Article 29. Books of Account and Records

A single set of complete books of account shall be kept by the Company, which shall accurately reflect its financial affairs. Such books shall be kept in accordance with such accounting principles and practices as to form and method, as are generally accepted in the Republic of Korea.

Article 30. Financial Statements

(38) To cease carrying on and wind up any business or activity of the Company, and to cancel any registration of and to wind up and procure the dissolution of the Company in any territory.

(39) To distribute any part of the undertaking, property and assets of the Company among its creditors and Members in specie or in kind but so that no distribution amounting to a reduction of capital may be made without the sanction (if any) for the time being required by law.

(40) To appoint agents, experts and attorneys to do any and all of the above matters and things on behalf of the Company or any thing or matter for which the Company act as agent or in any other way whatsoever interested or concerned in any part of the world.

(41) To do all and any of the above matters or things in any part of the world and either as principal, agent, contractor, trustee, or otherwise and by or through trustees, agents or otherwise and either alone or in conjunction with others, and generally upon such terms and in such manner and for such consideration and security (if any) as the Company shall think fit including the issue and allotment of securities of the Company in payment or part payment for any property acquired by the Company or any services rendered to the Company or as security for any obligation or amount (even if less than the nominal amount of such securities) or for any other purpose.

(42) To do all such acts or things as are incidental or conducive to the attainment of the above objects or any of them.

And it is hereby declared that the word "company" in this clause shall be deemed to include any partnership or other body of persons whether incorporated or not incorporated and whether domiciled in Hong Kong or elsewhere and the intention is that the objects specified in each paragraph of this Clause shall, except where otherwise expressed in such paragraph, be independent main objects and shall be in nowise limited or restricted by reference to or inference from the terms of any other paragraph or the name of the Company.

4. The liability of the members is limited.

5. The Capital of the Company is HK$10,000.00 divided into 10,000 shares of HK$1.00 each and the Company shall have power to divide the original or any increased capital into several classes, and to attach thereto any preferential, deferred, qualified, or other special rights, privileges, restrictions or conditions.

We, whose name, address and description are hereto subscribed, are desirous of being formed into a Company in pursuance of this Memorandum of Association, and we agree to take the number of shares in the capital of the Company set opposite to our name:

**THE COMPANIES ORDINANCE (Cap. 32)**

Company Limited by Shares

**ARTICLES OF ASSOCIATION**

OF

**MagnaChip Semiconductor Limited**

**PRELIMINARY**

1) The regulations in Table A in the First Schedule to the Ordinance shall not apply to the Company.

**INTERPRETATION**

1. (a) In these Articles, save where the context otherwise requires:

| | |
|---|---|
| "the Company" | means the above named Company; |
| "the Ordinance" | means the Companies Ordinance (Cap. 32 of the Laws of Hong Kong), and includes every other Ordinance incorporated therewith or substituted therefor; and in the case of any such substitution the references in these Articles to the provisions of the Ordinance shall be read as references to the provisions substituted therefor in the new Ordinance; |
| "the Board" and "the Directors" | means the Directors for the time being of the Company or the Director present at a duly convened meeting of Directors at which a quorum is present; |
| "Dividend" | includes bonuses, distributions in specie and in kind, capital distributions and capitalisation issues; |
| "month" | means calendar month; |
| "the Office" | means the registered office of the Company for the time being; |

| | |
|---|---|
| "paid up" | includes credited as paid up; |
| "the Register" | means the register of members of the Company kept pursuant to the Ordinance and includes any branch register kept pursuant to the Ordinance; |
| "the Secretary" | means the secretary for the time being of the Company; |
| "the Seal" | means the common seal of the Company or any official seal that the Company may have as permitted by the Ordinance; |
| "these Articles" | means the Articles of Association in their present form or as altered from time to time; |
| "in writing" and "written" | includes cable, telex, facsimile messages, electronic messages and any mode of reproducing words in a legible and non-transitory form. |

(b) In these Articles, if not inconsistent with the subject or context, words importing the singular number only shall include the plural number and vice versa, and words importing any gender shall include all genders and vice versa.

(c) Subject as aforesaid, any words defined in the Ordinance or any statutory modification thereof in force at the date at which these Articles become binding on the Company shall, if not inconsistent with the subject or context, bear the same meaning in these Articles.

(d) The headings are inserted for convenience only and shall not affect the construction of these Articles.

**PRIVATE COMPANY**

2. The Company is a private company, and accordingly:

(a) any invitation to the public to subscribe for any shares or debentures of the Company is prohibited;

(b) the number of the members of the Company (not including persons who are in the employment of the Company, and persons who, having been formerly in the employment of the Company, were, while in such employment, and have continued after the determination of such employment to be, members of the Company) shall be limited to 50 PROVIDED that where two or more persons hold one or more shares in the Company jointly they shall, for the purposes of this Article, be treated as a single member;

(c) the right to transfer the shares of the Company shall be restricted in manner hereinafter prescribed; and

(d) the Company shall not have power to issue share warrants to bearer.

**THE OFFICE**

3. The Office shall be at such place in Hong Kong as the Directors or Secretary shall from time to time appoint.

**SHARES**

4. (a) Subject to the provisions of Section 57B of the Ordinance, and save as provided by contract or these Articles to the contrary, all unissued shares shall be at the disposal of the Directors who may allot, grant options over, or otherwise deal with or dispose of the same to such persons, at such times, for such consideration and generally up such terms and conditions as they think proper, but so that no shares of any class shall be issued at a discount except in accordance with Section 50 of the Ordinance.

(b) The Company may give such financial assistance for purposes of acquiring shares in the Company as is not prohibited by the Ordinance.

(c) The Directors are authorised to make statements or take such other steps as may be required by the Ordinance in relation to the giving of financial assistance to acquire shares in the Company.

5. The Company may make arrangements on the issue of shares for a difference between the holders of such shares in the amount of calls to be paid and the time of payment of such calls.

6. If by the conditions of allotment of any shares the whole or part of the amount or issue price thereof shall be payable by installments, every such installment shall, when due, be paid to the Company by the person who for the time being is the registered holder of the shares, or his legal personal representative.

7. (a) Subject to sections 49 to 49S of the Ordinance, the Company may issue shares which are to be redeemed or are liable to be redeemed at the option of the Company or the shareholder. The redemption of shares may be effected upon such terms and in such manner as the Company before or upon issue of the shares shall by ordinary resolution determine.

(b) Subject to sections 49 to 49S of the Ordinance, the Company may purchase its own shares (including redeemable shares) and without prejudice to the generality of the foregoing the Company may purchase its own shares (including any redeemable shares) in order to:

(i) settle or compromise a debt or claim;

(ii) eliminate a fractional share or fractional entitlement;

(iii) fulfil an agreement in which the Company has an option or is obliged to purchase shares under an employee share scheme which had previously been approved by the Company in general meeting;

(iv) comply with an order of court under section 8(4), 47G(6), or 168A(2) of the Ordinance.

(c) Subject to sections 491 to 490 of the Ordinance, the Company may make a payment in respect of the redemption or purchase under section 49A or (as the case may be) section 49B of its own shares otherwise than out of its distributable profits or the proceeds of a fresh issue of shares.

(d) For purposes of Article 8(c), the Directors are authorised to make statements or take such other steps as may be required by the Ordinance in relation to the redemption or purchase by the Company of its own shares out of capital.

8. Subject to the provisions of these Articles, the Company shall not, except as required by law, be bound by or required in any way to recognise any contingent, future, partial or equitable interest in any share or in any fractional part of a share, or any other right in respect of any share, or any other claim to or in respect of any such share on the part of any person (even when having notice thereof) except an absolute right to the entirety thereof in the registered holder.

9. The Company may in connection with the issue of any shares exercise all powers of paying interest out of capital and of paying commission and brokerage conferred or permitted by the Ordinance.

10. No person shall become a member until his name shall have been entered into the Register.

**JOINT HOLDERS OF SHARES**

11. Where two or more persons are registered as the holders of any share they shall be deemed to hold the same as joint tenants with benefit of survivorship, subject to the following provisions:

(a) the Company shall not be bound to register more than three persons as the holders of any shares except in the case of the legal personal representative of a deceased member,

(b) the joint holders of any shares shall be liable severally as well as jointly in respect of all payments which ought not be made in respect of such shares;

(c) on the death of any one of such joint holders the survivor or survivors shall be the only person or persons recognised by the Company as having any title to such shares, but the Directors may require such evidence of death as they may deem fit;

(d) any one of such joint holders may give effectual receipts for any dividend, return of capital or other payment in the share; and

(e) the Company shall be at liberty to treat the person whose name stands first in the Register as one of the joint holders of any shares as solely entitled to delivery of the certificate relating to such shares, or to receive notices from the Company, and to attend and vote at general meetings of the Company, and any notice given to such person shall be deemed notice to all the joint holder; but any one of such joint holders may be appointed the proxy of the persons entitled to vote on behalf of such joint holders, and as such proxy to attend and vote at general meetings of the Company, and if more than one of such joint holders be present at any meeting personally or by proxy that one so present whose name stands first in the Register in respect of such shares shall alone be entitled to vote in respect thereof.

**SHARE CERTIFICATES**

12. Every member shall, without payment, be entitled to receive within two months after allotment or lodgment of an instrument of transfer duly stamped, or within such other period as the conditions of issue may provide, a certificate for all his shares of any particular class, or several certificates, each for one or more of his shares, upon payment of such fee, not exceeding two dollars for every certificate after the first, as the Directors shall from time to time determine, provided that in the event of a member transferring part of the shares represented by a certificate in his name a new certificate in respect of the balance thereof shall be issued in his name without payment and, in the case of joint holders, the Company shall not be bound to issue more than one certificate for all the shares of any particular class registered in their joint names.

13. Every share certificate shall be issued under the Seal and shall specify the number and class of shares, and if required, the distinctive numbers thereof comprised therein, the amount paid up thereon and, if appropriate, whether such shares carry no voting rights. No certificate shall be issued in respect of more than one class of shares. If there shall be more than one class of shares then each certificate of every class shall state thereon that the share capital is divided into different classes and the nominal value of the voting rights attaching to each class.

14. If any share certificate shall be worn out, defaced, destroyed or lost, it may be renewed on such evidence being produced as the Directors shall require, and in case of wearing out or defacement, on delivery up of the old certificate, and in case of destruction or loss, on the execution of such indemnity (if any), as the Directors may from time to time require. In case of destruction or loss, the person to whom such renewed certificate is given shall also bear and pay to the Company all expenses incidental to the investigation by the Company of the evidence of such destruction or loss and of such indemnity.

**CALLS ON SHARES**

15. (a) The Directors may from time to time make calls upon the members in respect of all monies unpaid on their shares (whether on account of the nominal value of the

shares or by way of premium) but subject always to the terms of issue of such shares, and any such call may be made payable by instalments.

(b) Each member shall, subject to receiving at least fourteen days notice specifying the time or times and place for payment pay to the Company the amount called on his shares and at the time or times and place so specified. The non-receipt of a notice of any call by, or the accidental omission to give notice of a call to, any of the members shall not invalidate the call.

16. A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed. A call may be revoked, varied or postponed as the Directors may determine.

17. If any part of a sum called in respect of any shares or any instalment of a call be not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall be liable to pay interest on the outstanding part thereof at such rate as the Directors shall determine from the day appointed for the payment of such call or instalment to the time of discharge thereof in full; but the Directors may, if they shall think fit, waive the payment of such interest or any part thereof

18. If, by the terms of the issue of any shares or otherwise, any amount is made payable upon allotment or at any fixed time, whether on account of the nominal amount of the shares or by way of premium every such amount shall be payable as if it were a call duly made and payable on the date on which by the terms of the issue the same becomes payable; and all the provisions thereof with respect to the payment of calls and interest thereon, or to the forfeiture of shares for non-payment of calls, shall apply to every such amount and the shares in respect of which it is payable in the case of non-payment thereof.

19. The Directors may, if they shall think fit, receive from any member willing to advance the same all or any part of the monies uncalled and unpaid upon any shares held by him; and upon all or any of the monies so paid in advance the Directors may (until the same would, but for such payment in advance, become presently payable) pay interest at such rate as may be agreed upon between the member paying the monies in advance and the Directors. The Directors may also at any time repay the amount so advanced upon giving to such member one month's notice in writing.

20. On the trial or hearing of any action for the recovery of any money due for any call, it shall be sufficient to prove that the name of the member sued is entered in the Register as the holder, or one of the holders, of the shares in respect of which such debt accrued; that the resolution making the call is duly recorded in the Minute Book; and that notice of such call was duly given to the member sued in pursuance of these Articles; and it shall not be necessary to prove the appointment of the Directors who made such call, nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.

21. No member shall, unless the Directors otherwise determine, be entitled to receive any dividend, or, subject to the Ordinance, to receive notice of or to be present or vote at any

general meeting, either personally or (save as proxy for another member) by proxy, or to exercise any privileges as a member, or be reckoned in a quorum, until be shall have paid all calls or other sums for the time being due and payable on every share held by him, whether alone or jointly with any other person, together with interest and expenses (if any).

**FORFEITURE**

22. If any member fails to pay in full any call or instalment of a call on the day appointed for payment thereof, the Directors may at any time thereafter, during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring him to pay so much of the call or instalment as is unpaid together with interest accrued and any expenses incurred by reason of such non-payment.

23. The notice shall name a further day (not being less than fourteen days from the date of the notice) on or before which such call or instalment or part thereof and all interest accrued and expenses incurred by reason of such non-payment are to be paid, and it shall also name the place where payment is to be made, such place being either the Office, or some other place at which calls of the Company are usually made payable. The notice shall also state that, in the event of non-payment at or before the time and at the place appointed, the shares in respect of which such call or instalment is payable will be liable to be forfeited.

24. If the requirements of any such notice as aforesaid be not complied with, any shares in respect of which such notice has been given may, at any time thereafter before the payment required by the notice had been made, be forfeited by a resolution of the Directors to that effect, and any such forfeiture shall extend to all dividends declared in respect of the shares so forfeited but not actually paid before such forfeiture. The Directors may accept the surrender of any shares liable to be forfeited hereunder and in such case references in these Articles to forfeiture shall include surrender.

25. Any shares so forfeited shall be deemed for the purposes of this Article to be the property of the Company, and may be sold, re-allotted or otherwise disposed of either subject to or discharged from all calls made or instalments due prior to the forfeiture, to any person, upon such terms and in such manner and at such time or times as the Directors think fit. For the purpose of giving effect to any such sale or other disposition the Directors may authorise some person to transfer the shares so sold or otherwise disposed of to the purchaser thereof or any other person becoming entitled thereto.

26. The Directors may, at any time before any shares so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as they think fit.

27. Any person whose shares have been forfeited shall thereupon cease to be the holder of any such shares but shall notwithstanding be and remain liable to pay to the Company all calls, instalments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture together with interest thereon from the time of forfeiture until

payment at such rate as the Directors shall think fit and without any deduction or allowance for the value of the shares at the time of forfeiture, and the Directors may enforce the payment of such monies or any part thereof and may waive payment of such interest wholly or in pan.

28. When any shares have been forfeited an entry shall be made in the Register recording the forfeiture and the date thereof, and so soon as the shares so forfeited have been sold or otherwise disposed of an entry shall also be made of the manner and date of the sale or disposal thereof.

**LIEN**

29. The Company shall have a first and paramount lien on every share for all monies outstanding in respect of such share, whether presently payable or not, and the Company shall also have a first and paramount lien on every share standing registered in the name of a member, whether singly or jointly with any other person or persons, for all the debts and liabilities of such member or his estate to the Company, whether the same shall have been incurred before or after notice to the Company of any interest of any person other than such member, and whether the same shall have fallen due for payment or not, and notwithstanding that the same arc joint debts or liabilities of such member or his estate and any other person, whether a member or not. The Directors may at any time either generally or in any particular case waive any lien that has arisen, or declare any share to be wholly or in part exempt from the provisions of this Article.

30. The Company may sell in such manner as the Directors think fit any share on which the Company has a lien, but no sale shall be made unless some sum in respect of which the lien exists is presently payable, nor until the expiration of fourteen days after a notice in writing stating and demanding payment of the sum presently payable and giving notice of intention to sell in default shall have been given to the holder for the time being of the share or the person entitled thereto by reason of his death, bankruptcy or winding up or otherwise by operation of law or court order.

31. The net proceeds of such sale after payment of the costs of such sale shall be applied in or towards payment or satisfaction of the debts or liabilities in respect whereof the lien existed so far as the same are presently payable and any residue shall (subject to a like lien for debts or liabilities not presently payable as existed upon the shares prior to the sale) be paid to the person entitled to the shares at the time of the sale. For giving effect to any such sale the Directors may authorize some person to transfer the shares so sold to the purchaser thereof.

32. A statutory declaration in writing that the declarant is a Director or the Secretary of the Company and that a share bas been duly forfeited or surrendered or sold to satisfy a lien of the Company on a date stated in the declaration shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share. Such declaration and the receipt of the Company for the consideration (if any) given for the share on the sale, re-allotment or disposal thereof together with the shares certificate delivered to a purchaser or allottee thereof shall (subject to the execution of a transfer if

the same be required) constitute a good title to the share and the person to whom the share is sold, re-allotted or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the purchase money (if any) nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, surrender, sale, reallotment or disposal of the share.

**TRANSFER OF SHARES**

33. The instrument of transfer of any shares in the Company shall be in writing and shall be executed by or on behalf of the transfer and by or on behalf of the transferee. The transferor shall remain the holder of the shares concerned until the name of the transferee is entered in the Register in respect thereof.

34. Every instrument of transfer shall be lodged at the Office for registration accompanied by the certificate relating to the shares to be transferred and such other evidence as the Directors may require in relation thereto. All instruments of transfer which shall be registered shall be retained by the Company but, save where fraud is suspected, any instrument of transfer which the Directors may decline to register shall, on demand, be returned to the person depositing the same.

35. There shall be paid to the Company in respect of the registration of a transfer and of any Grant of Probate or Letters of Administration, Certificate of Marriage or Death, Power of Attorney or other document relating to or affecting the title to any share or the making of any entry in the Register affecting the title to any share such fee (if any) as the Directors may from time to time require or prescribe.

36. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine and either generally or in respect of any class of shares provided always that such registration shall not be suspended for more than 30 days in any year.

37. (a) The Directors may at any time in their absolute discretion and without assigning any reason therefor, decline to register any transfer of any share whether or not it is a fully paid share.

    (b) The Directors may also decline to register any transfer unless:

        (i) The instrument of transfer is in respect of only one class of shares;

        (ii) in the case of a transfer to joint holders, the number of joint holders to whom the shares are to be transferred does not exceed three; and

        (iii) the shares concerned are free of any lien in favour of the Company.

    (c) If the Directors refuse to register a transfer they shall, within two months after the date on which the transfer was lodged with the Company, send to the transferor and transferee notice of the refusal.

**TRANSMISSION OF SHARES**

38. In case of the death of a member, the survivor or survivors where the deceased was a joint holder, and the legal personal representatives of the deceased where be was a sole holder, shall be the only persons recognised by the Company as having any title to his interest in the shares; but nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

39. (a) Any person becoming entitled to a share in consequence of the death or bankruptcy of a member may, upon such evidence being produced as may from time to time properly be required by the Directors and, subject as hereinafter provided, elect either to be registered himself as holder of the share or to have some person nominated by him registered as the transferee thereof, but the directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the share by that member before his death or bankruptcy, as the case may be.

(b) If the person so becoming entitled shall elect to be registered himself, be shall deliver or send to the Company a notice in writing signed by him stating that be so elects. If be shall elect to have another person registered be shall execute a transfer of the share in favour of that person. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or bankruptcy of the member had not occurred and the notice or transfer were a transfer signed by the member.

40. A person becoming entitled to a share by reason of the death or bankruptcy of the holder shall be entitled to the same dividends and other advantages to which be would be entitled if be were the registered holder of the share, except that be shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company:

PROVIDED always that the Directors may at any time give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within 90 days the Directors may thereafter withhold payment of all dividends or other monies payable in respect of the share until the requirements of the notice have been complied with.

41. Any person to whom the right to any shares in the Company has been transmitted by operation of law shall, if the Directors refuse to register the transfer, be entitled to call on the Directors to furnish within 28 days a statement of the reasons for the refusal.

**STOCK**

42. The Company may from time to time by ordinary resolution convert any fully paid up shares into stock and may reconvert any stock into fully paid up shares of any denomination. After the passing of any resolution converting all the fully paid up shares

of any class in the capital of the Company into stock, any shares of that class which subsequently become fully paid up and rank pari passu in all other respects with such shares shall, by virtue of this Article and such resolution be convened into stock transferable in the same units as the shares already converted.

43. The holders of stock may transfer the same or any part thereof in the same manner and subject to the same regulations as the shares from which the stock arose might prior to conversion have been transferred 01 as near thereto as circumstances admit. The Directors may from time to time fix the minimum amount of stock transferable and restrict or forbid the transfer of fractions of such minimum, but the minimum shall not, without the sanction of an ordinary resolution of the Company, exceed the nominal amount of each of the shares from which the stock arose.

44. The holders of stock shall, according to the amount of the stock held by them have the same rights as regards dividends, voting at general meetings of the Company and other matters as if they held the shares from which the stock arose, but no such right (except as to participation in dividends and profits of the Company and in assets on a reduction of capital or a winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred such right.

45. Such of these Articles as are applicable to fully paid up shares shall apply *mutatis mutandis* to stock, and the words "share" and "shareholder" therein shall include "stock" and "stockholder".

**INCREASE OF CAPITAL**

46. The Company may, from time to time, by ordinary resolution increase its authorised capital by such sum divided into shares of such amounts as the resolution shall prescribe.

47. Without prejudice to any special rights, privileges or restrictions for the time being attaching to any class of shares then existing in the capital of the Company, any new shares created pursuant to Article 47 may be issued upon such terms and conditions, and with such rights, privileges and restrictions attached thereto as the general meeting resolving upon the creation thereof shall direct or, if no such direction be given, as the Directors shall determine, and in particular such shares may be issued with a preferential, qualified or deferred right to dividends and in the distribution of assets of the Company, and with a special, or without any, right of voting.

48. The general meeting resolving upon the creation of any new shares may direct that the same or any of them shall be offered in the first instance, and either at par or at a premium or (subject to the provisions of the Ordnance) at a discount, to all the holders for the time being of any class of shares in the capital of the Company in proportion to the number of shares of such class held by them respectively, or make any other provisions as to the issue and allotment of the new shares.

49. Subject to any direction or determination that may be given or made in accordance with the powers contained in these Articles all new shares created pursuant to Article 47 shall be subject to the same provisions herein contained with reference to the payment of calls,

transfer, transmission, forfeiture, lien and otherwise as the shares in the capital of the Company existing at the date of creation of such new shares.

**ALTERATIONS OF SHARE CAPITAL**

50. The Company may by ordinary resolution:

(a) subdivide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum of Association of the Company, provided that in the subdivision of an existing share the proportion between the amount paid and the amount (if any) unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived, and so that the resolution whereby any share is subdivided may determine that as between the holders of the shares resulting from such subdivision one or more of the shares may, as compared with the others, have any such preferred, deferred or other special rights or be subject to any such restrictions as the Company has power to attach to unissued or new shares;

(b) consolidate and divide its capital or any part thereof into shares of larger amount than its existing shares; or

(c) cancel any shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person and diminish the amount of its authorized capital by the amount of the shares so cancelled.

51. The Company may by special resolution reduce its share capital and any capital redemption reserve fund or any share premium account in any manner allowed by law.

52. Where any difficulty arises in regard to any consolidation and division under paragraph (b) of Article 51, the Directors may settle the same as they think expedient and in particular may arrange for the sale of the shares representing fractions and the distribution of the net proceeds of sale in due proportion amongst the members who would have been entitled to the fractions, and for this purpose the Directors may authorise some person to transfer the shares representing fractions to the purchaser thereof, who shall not be bound to see to the application of the purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings relating to the sale.

**MODIFICATION OF RIGHTS**

53. (a) All or any of the rights attached to any class of shares in the Capital of the Company for the time being may, at any time, as well before as during liquidation, be altered or abrogated either with the consent in writing of the holders of not less than three-fourths of the issued shares of the class or with the sanction of a special resolution passed at a separate general meeting of the holders of shares of the class, and all the provisions contained in these Articles relating to general meetings shall *mutatis mutandis* apply to every such meeting, but so that the quorum thereof shall be not less than two persons personally present and

holding or representing by proxy one-third in nominal value of the issued shares of the class, and that any holder of shares of the class present in person or by proxy may demand a poll, and that each holder of shares of the class present in person or by proxy shall on a poll be entitled to one vote for each share of the class held by him, and if at any adjourned meeting of such holders such quorum as aforesaid is not present, any two holders of shares of the class who are personally present in person or by proxy shall be a quorum. If the Company has only one member, one member present in person or by proxy shall be a quorum for all purposes.

(b) The foregoing provisions of this Article shall apply to the variation or abrogation of the rights attached to some only of the shares of any class as if each group of shares of the class differently treated formed a separate class, the rights whereof are to be varied.

54. The special rights conferred upon the holders of any shares or such class of shares shall not, unless otherwise expressly provided in the rights attaching to or the terms of issue of such shares, be deemed to be altered by the creation or issue of further shares ranking pari passu therewith.

**GENERAL MEETINGS**

55. (a) The Company shall in each year hold a general meeting as its annual general meeting in addition to any other meetings in that year, and shall specify the meeting as such in the notices calling it, and not more than fifteen months shall elapse between the date of one annual general meeting of the Company and that of the next, PROVIDED that so long as the Company holds its first annual general meeting within eighteen months of its incorporation, it need not hold it in the year of its incorporation or in the following year. The annual general meeting shall be held at such time and place as the Directors shall appoint.

(b) All other general meetings shall be called extraordinary general meetings.

56. The Directors may, whenever they think fit, and shall, on requisition by Members in accordance with the Ordinance, proceed to convene an extraordinary general meeting. The provisions of the Ordinance shall apply to any requisition and to any failure by the Directors to convene an extraordinary general meeting when so requisitioned.

**NOTICE OF GENERAL MEETINGS**

57. An annual general meeting and a meeting called for the passing of a special resolution shall be called by 21 days notice in writing at the least, and a meeting of the Company other than an annual general meeting or a meeting for the passing of a special resolution shall be called by fourteen days notice in Writing at the least. The notice shall specify the place, the day and the hour of meeting and, in case of special business, the general nature of that business, and shall be given in manner hereinafter mentioned or in such other manner, if any, as may be prescribed by the Company in general meeting, to such persons

as are, under the Articles of the Company, entitled to receive such notices from the Company:

PROVIDED that a meeting of the Company shall, notwithstanding that it is called by shorter notice than that specified in this Article, be deemed to have been duly called if it is so agreed:

(a) in the case of a meeting called as the annual general meeting, by all the members entitled to attend and vote thereat; and

(b) in the case of any other meeting, by a majority in number of the members having a right to attend and vote at the meeting, being a majority together holding not less than 95 per cent in nominal value of the shares giving that right.

58. The accidental omission to give notice of a meeting or (in cases where an instrument of proxy is sent out with the notice) the accidental omission to send such instrument of proxy to, or the non-receipt of notice of a meeting or such instrument of proxy by, any person entitled to receive such notice shall not invalidate the proceedings at that meeting.

**PROCEEDINGS AT GENERAL MEETINGS**

59. All business shall be deemed special that is transacted at an extraordinary general meeting and also all business that is transacted at an annual general meeting with the exception of:

(a) the declaration and sanction of dividends;

(b) the consideration of the accounts and balance sheets and the reports of the Directors and other documents required to be annexed to the accounts;

(c) the election of Directors in place of those retiring (if any);

(d) the appointment of the Auditors of the Company and the fixing of, or the determination of the method of fixing, the remuneration of the Auditors.

60. (a) No business, save the election of a Chairman of the meeting, shall be transacted at any general meeting, unless a quorum is present when the meeting proceeds to business. Two members present in person or by proxy and holding between them at least 51 per centum in nominal value of the issued shares of the Company for the time being shall be a quorum for all purposes. If the Company has only one member, one member present in person or by proxy shall be a quorum for all purposes.

(b) A meeting of the members or any class thereof may be held by means of such telephone, electronic or other communication facilities (including, without limiting the generality of the foregoing, by telephone or video conferencing) which permit all persons participating in the meeting to communicate with each

other simultaneously and instantaneously, and participation in such a meeting shall constitute presence in person at such meeting.

61. The Chairman (if any) of the Board or, in his absence, a Deputy Chairman (if any) shall preside as Chairman at every general meeting. If there is no such Chairman or Deputy Chairman, or if at any meeting neither the Chairman nor a Deputy Chairman is present within fifteen minutes after the time appointed for holding the meeting, or if neither of them is willing to act as Chairman, the Directors present shall choose one of their number to act, or if one Director only is present be shall preside as Chairman if willing to act. If no Director is present, or if each of the Directors present declines to act as Chairman, the persons present and entitled to vote shall elect one of their number to be Chairman of the meeting.

62. If within fifteen minutes from the time appointed for the meeting a quorum be not present, the meeting, if convened upon a requisition as specified in Article 57, shall be dissolved; but in any other case it shall stand adjourned to the same day in the next week at the same time and place, or to such other day, time and place as the Chairman of the meeting may determine. If at such adjourned meeting a quorum be not present within fifteen minutes from the time appointed for the meeting, the members present in person or by proxy shall be a quorum.

63. The Chairman of any general meeting at which a quorum is present may, with the consent of the meeting, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place or *sine die*; but no business shall be transacted at any adjourned meeting other than business which might have been transacted at the meeting from which the adjournment took place, unless due notice thereof is given or such notice is waived in the manner prescribed by these Articles. When a meeting is adjourned for 30 days or more, or *sine die*, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice of an adjourned meeting or the business to be transacted thereat. Where a meeting is adjourned *sine die* the time and place for the adjourned meeting shall be fixed by the Directors.

64. (a) Subject to the provisions of the Ordinance, a resolution in writing signed by all the members for the time being entitled to receive notice of and to attend and vote at general meetings (or, being corporations, by their duly authorised representatives) shall be as valid and effective as if the same had been passed at a general meeting of the Company duly convened and held. A written notice of confirmation of such resolution in writing sent by or on behalf of a member shall be deemed to be his signature to such resolution in writing for the purposes of this Article. Such resolution in writing may consist of several documents, and each such document shall be certified by the Secretary to contain the correct version of the proposed resolution.

(b) Where the Company has only one member and that member takes any decision that may be taken by the Company in general meeting and that has effect as if agreed by the Company in general meeting, unless that decision is taken by way

of a written resolution agreed in accordance with section 116(B) of the Ordinance, a written record of that decision shall be sufficient evidence of the decision having been taken by the member. The member shall provide the Company with such written record of the decision within 7 days after the decision is made provided that failure by the member to provide the written record within such time limit shall not affect the validity of any decision concerned.

**VOTING**

65. (a) At any general meeting a resolution put to the vote of the meeting shall be decided on a show of hands unless, before or on the declaration of the result of the show of hands or on the withdrawal of any other demand for a poll, a poll is demanded by:

    (i) the Chairman of the meeting; or

    (ii) at least two members present in person or by proxy and entitled to vote; or

    (iii) any member or members present in person or by proxy and representing in the aggregate not less than one-tenth of the total voting rights of all members having the right to attend and vote at the meeting; or

    (iv) any member or members present in person or by proxy and holding shares conferring a right to attend and vote at the meeting on which there have been paid up sums in the aggregate equal to not less than one-tenth of the total sum paid up on all shares conferring that right.

    (b) Unless a poll is so demanded and the demand is not withdrawn, a declaration by the Chairman that a resolution has, on a show of hands, been carried unanimously or by a particular majority or not carried by a particular majority or lost shall be final and conclusive evidence of the fact without proof of the number of the votes recorded for or against such resolution.

66. A demand for a poll may be withdrawn only with the approval of the meeting. If a poll be directed or demanded in the manner above mentioned it shall (subject to the provisions of Article 69 hereof) be taken at such time (being not later than seven days after the date of the demand) and in such manner as the Chairman of the meeting may appoint. No notice need be given of a poll not taken immediately. The result of such poll shall be deemed for all purposes to be the resolution of the meeting at which the poll was so directed or demanded.

67. In the case of an equality of votes at any general meeting, whether upon a show of hands or on a poll, the Chairman of the meeting shall be entitled to a second or casting vote.

68. A poll demanded upon the election of a Chairman or upon a question of adjournment shall be taken forthwith. Any business, other than that upon which a poll has been demanded, may be proceeded with pending the taking of the poll.

69. (a) No objection shall be made to the validity of any vote except at a meeting or poll at which such vote shall be tendered and every vote whether given personally or by proxy not disallowed at such meeting or poll shall be deemed valid for all purposes whatsoever of such meeting or poll.

(b) In case of any dispute as to voting the Chairman shall determine the same, and such determination shall be final and conclusive.

70. Subject to any special rights or restrictions for the time being attaching to any special class of shares in the capital of the Company, on a show of hands every member who is present in person or by proxy or by attorney shall be entitled to one vote only, and, in the case of a poll, every member present in person or by proxy or by attorney shall be entitled to one vote for each share held by him.

71. On a poll, votes may be given either personally or by proxy and a member entitled to more than one vote need not use all his votes or cast all the votes be uses in the same way.

72. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee, curator bonis or other person in the nature of a committee or curator bonis appointed by that court, and any such committee, curator bonis or other person may, on a poll, vote by proxy. If any member be a minor, be may vote by his guardian or one of his guardians who may give their votes personally or by proxy.

**PROXIES**

73. (a) A proxy need not be a member of the Company.

(b) An instrument appointing a proxy shall be in writing in any usual or common form or in any other form which the Directors may accept, and shall be deemed, save where the contrary appears on the face of the instrument of proxy, to confer authority to demand or concur in demanding a poll and to include power to act generally at the meeting for the person giving the proxy and any adjournment thereof, and either to vote on any resolution (or amendment thereto) put to the meeting for which it is given as the proxy thinks fit. No instrument appointing a proxy shall be valid except for the meeting mentioned therein and any adjournment thereof.

74. The instrument appointing a proxy shall be signed by the appointor, or his duly authorised attorney in writing or, if such appointor be a corporation, under its common seal or signed by such officer, attorney or other person duly authorised in that behalf.

75. The instrument appointing a proxy and the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power or authority, shall be deposited at the Office at least 48 hours before the time fixed for holding the meeting at which the person named in such instrument proposes to vote or, in the case of a poll, not less than 24 hours before the time appointed for taking the poll; otherwise the person so

named shall not be entitled to vote in respect thereof except with the approval of the Chairman of the meeting.

76. Any member may by power of attorney appoint any person to be his attorney for the purpose of voting at any meeting, and such power may be a special power limited to any particular meeting or a general power extending to all meetings at which such member is entitled to vote. Every such power shall be deposited at the Office at least 48 hours before being acted upon.

77. (a) An instrument of proxy may be revoked by forwarding to the Office written notification of such revocation signed by or on behalf of the person who issued or authorised the issue of the instrument of Proxy.

(b) A vote given in accordance with the terms of an instrument of proxy or power of attorney shall be valid notwithstanding the previous death or insanity of the principal, or revocation of the proxy or power of attorney, or transfer of the shares in respect of which the vote is given, provided that no intimation in writing of the death, insanity, revocation or transfer shall have been received at the Office 24 hours at least before the time fixed for holding the meeting, or adjourned meeting, or the taking of the poll, at which the instrument of proxy is to be used.

**CORPORATIONS ACTING BY REPRESENTATIVES**

78. Any corporation which is a member of the Company may by resolution of its directors or other governing body authorise such person as it thinks fit to act as its representative at any meeting of the Company or of any class of members of the Company, and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which be represents as that corporation could exercise if it were an individual member of the Company.

**DIRECTORS**

79. The first Directors shall be appointed in writing by the subscribers to the Memorandum of Association of the Company or by the Company in general meeting.

80. (a) Unless and until otherwise determined by an ordinary resolution of the Company, the Directors shall not be less than one in number, and there shall be no maximum number of Directors.

(b) Where the Company has only one member and that member is the sole Director of the Company, the Company may in general meeting, notwithstanding anything in these Articles, nominate a person (other than a body corporate) who has attained the age of 18 years as a reserve director of the Company to act in the place of the sole Director in the event of his death.

(c) The nomination of a person as a reserve director of the Company ceases to be valid if before the death of the Director in respect of whom be was nominated be resigns as reserve director in accordance with section 157D of the Ordinance or

the Company in general meeting revokes the nomination or the Director in respect of whom be was nominated ceases to be the sole member and sole Director of the Company for any reason other than the death of that Director.

81. A Director need not hold any shares in the Company. A Director who is not a member of the Company shall nevertheless be entitled to attend and speak at general meetings.

**DIRECTORS' REMUNERATION**

82. The remuneration of the Directors shall from time to time be determined by the Company in general meeting. Such remuneration shall be deemed to accrue from day to day. The Directors may also be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Directors or any committee of the Directors or general meetings of the Company or in connection with the business of the Company.

**POWERS OF DIRECTORS**

83. Subject to the provisions of the Ordinance, the memorandum and articles and to any directions given by special resolution, the business and affairs of the Company shall be managed by the directors, who may exercise all the powers of the Company. No alteration of the memorandum or articles and no such direction shall invalidate any prior act of the directors which would have been valid if that alteration had not been made or that direction had not been given. The powers given by this regulation shall not be limited by any special power given to the directors by the articles, and a meeting of the directors at which a quorum is present may exercise all powers exercisable by the directors.

84. The Directors may establish any local boards or agencies for managing any of the affairs of the Company, either in Hong Kong or elsewhere, and may appoint any persons to be members of such local boards, or any managers or agents for the Company, and may fix their remuneration, and may delegate to any local board, manager or agent any of the powers, authorities and discretions vested in the Directors, with power to sub-delegate, and may authorize the members of any local boards, or any of them, to fill any vacancies therein, and to act notwithstanding vacancies, and any such appointment and delegation may be made upon such terms and subject to such conditions as the Directors may think fit, and the Directors may remove any person so appointed, and may annul or vary any such delegation, but no person dealing in good faith and without notice of any such annulment or variation shall be affected thereby.

85. The Directors may from time to time and at any time by power of attorney or otherwise appoint any company, firm or person or any fluctuating body of persons, to be the attorney or attorneys of the Company for such purposes and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Directors under these Articles) and for such period and subject to such conditions as they may think fit, and any such power of attorney may contain such provisions for the protection and convenience of persons dealing with any such attorney as the Directors may think fit, and may also

authorise any such attorney to sub-delegate all or any of the powers, authorities and discretions vested in him.

86. Subject to and to the extent permitted by the Ordinance, the Company, or the Directors on behalf of the Company, may cause to be kept in any territory a Branch Register of members resident in such territory, and the Directors may make and vary such regulations as they may think fit respecting the keeping of any such Branch Register.

87. All cheques, promissory notes, drafts, bills of exchange, and other negotiable or transferable instruments, and all receipts for monies paid to the Company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, in such manner as the Directors shall from time to time by resolution determine.

88. The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge all or any part of the undertaking, property and assets (present and future) and uncalled capital of the Company and to issue debentures including, subject to Section 57B of the Ordinance, convertible debentures and convertible debenture stock, and other securities, whether outright or as collateral security for any debt, liability or obligation of the Company or of any third party.

**APPOINTMENT AND REMOVAL OF DIRECTORS**

89. The Company may by ordinary resolution remove any Director notwithstanding anything in these Articles or in any agreement between him and the Company (but without prejudice to any right to damages for termination of such agreement not in accordance with the terms thereof), and may, if thought fit, by ordinary resolution, appoint another person in his stead.

90. The Company may, without prejudice to the powers of the Directors under Article 92, from time to time, by ordinary resolution appoint new Directors either to fill a casual vacancy or as an addition to the existing Directors, and change any minimum or maximum number of Directors specified in Article 81, or prescribe such minimum or maximum if there be none so specified.

91. The Directors shall have power, exercisable at any time and from time to time, to appoint any other person as a Director, either to fill a casual vacancy or as an addition to the Board.

92. The continuing Directors may act notwithstanding any vacancy in their body, but if and so long as the number of Directors is reduced below the number fixed by or pursuant to these Articles as the necessary quorum of Directors, the continuing Directors may act for the purpose of increasing the number of Directors to that number, or of summoning a general meeting of the Company, but for no other purpose. If there shall be no Directors able or willing to act, then any member may summon a general meeting for the purpose of appointing Directors.

**ALTERNATE DIRECTORS**

93. Each Director may by written notification to the Company nominate any other person to act as alternate Director in his place and, at his discretion, in similar manner remove such alternate Director. A Director may appoint two or more persons in the alternative to act as Alternate Director and in the event of any dispute as to who is to represent the Director as his Alternate the first named of such alternative persons shall be the only person recognised as the Alternate Director and shall in any case, if in Hong Kong, be the only person entitled to receive notice of Directors' meetings in the absence from Hong Kong of his appointor. The alternate Director shall (except as regards the power to appoint an alternate) be subject in all respects to the terms and conditions existing with reference to the other Directors of the Company; and each alternate Director, whilst acting as such, shall exercise and discharge all the functions, powers and duties of the Director be represents, but shall look to such Director solely for his remuneration as alternate Director. Every person acting as an alternate Director shall have one vote for each Director for whom be acts as alternate (in addition to his own vote if be is also a Director). The signature of an alternate Director to any resolution in writing of the Board or a committee of the Board shall, unless the notice of his appointment provides to the contrary, be as effective as the signature of his appointor. Any person appointed as an alternate Director shall vacate his office as such alternate Director as and when the Director by whom be has been appointed removes him or vacates office as Director. A Director shall not be liable for the acts or defaults of any alternate Director appointed by him.

**DISQUALIFICATION OF DIRECTORS**

94. The office of a Director shall *ipso facto* be vacated:

(a) if be becomes prohibited by law or court order from being a Director;

(b) if a receiving order or, in the case of a company, a winding up order is made against him or be makes any arrangement or composition with his creditors;

(c) if be becomes of unsound mind;

(d) if be gives the Company notice in writing that be resigns his office;

(e) if be is removed by an ordinary resolution of the Company in accordance with the provisions of these Articles;

(f) if be is convicted of an arrestable offence.

**DIRECTORS' INTERESTS**

95. A Director may hold any other office or place of profit under the Company (other than the office of Auditor), and be or any firm of which be is a member may act in a professional capacity for the Company in conjunction with his office of Director, for such period and on such terms (as to remuneration and otherwise) as the Directors may

determine. No Director or intending Director shall be disqualified by his office from contracting with the Company, nor shall any contract or arrangement entered into by or on behalf of the Company in which any Director or intending Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit, remuneration or other benefits of such Director holding that office, or of any fiduciary relationship thereby established.

96. A Director who is in any way, whether directly or indirectly, interested in a contract or proposed contract (being a contract of significance in relation to the Company's business) with the Company shall declare the nature of his interest in accordance with the provisions of the Ordinance. A general notice given to the Directors by a Director to the effect that be is a member of a specified company or firm, and is to be regarded as interested in any contract, arrangement or dealing which may, after the date of the notice, be entered into or made with that company or firm shall, for the purposes of this Article, be deemed to be a sufficient disclosure of interest in relation to any contract, arrangement or dealing so entered into or made.

97. A Director may vote as a Director in regard to any contract or arrangement in which be is interested or upon any matter arising thereout, and if be shall so vote his vote shall be counted and be shall be taken into account in determining a quorum when any such contract or arrangement is under consideration.

98. A Director may hold office as a Director in or as manager of any other company in which the Company is a shareholder or is otherwise interested, and (subject to any agreement with the Company to the contrary) shall not be liable to account to the Company for any remuneration or other benefits receivable by him from such other company. The Board may exercise the voting power conferred by the shares in any company held or owned by the Company in such manner and in all respects as the Board thinks fit (including the exercise thereof in favour of any resolution appointing the Directors or any of the Directors of such company or voting or providing for the payment of remuneration to the Directors of such company) and any Director of the Company may vote in favour of the exercise of such voting rights other than his own appointment or the arrangement of the terms thereof, in manner aforesaid.

**MANAGING DIRECTORS AND OTHER APPOINTMENTS**

99. The Directors may, from time to time, appoint one or more of their number to be Managing Director or Joint Managing Director of the Company, or to hold such office in the management administration or conduct of the business of the Company as they may decide, and for such period and upon such terms and for such remuneration as the Directors shall think fit and the Directors may also, from time to time (subject to the provisions of any agreement between him or them and the Company) remove him or them from office, and appoint another or others in his or their place or places.

100. A Managing Director or a Joint Managing Director (subject to the provisions of any agreement between him as Managing Director or a Joint Managing Director and the

Company) shall be subject to the same provisions as to resignation and removal as the other Directors of the Company, and shall *ipso facto* and immediately cease to be Managing Director or Joint Managing Director if be shall cease to hold the office of Director.

101. The Directors may, from time to time, entrust to and confer upon any Managing Director, Joint Managing Director or Director holding any other office in the management, administration or conduct of the business of the Company, such of the powers exercisable under these Articles by the Directors as they may think fit, and may confer such powers for such time, and to be exercised for such objects and purposes, and upon such terms and conditions and with such restrictions as they may consider expedient, and may confer such powers collaterally with, or to the exclusion of, and in substitution for, all or any of the powers of the Directors in that behalf, and may from time to time revoke, withdraw, alter or vary all or any of such powers.

**PROCEEDINGS OF DIRECTORS**

102. The Directors may meet together for the despatch of business, adjourn and otherwise regulate their meetings as they think fit, and determine the quorum necessary for the transaction of business. Until otherwise determined by the Board, two Directors shall constitute a quorum or one Director shall constitute a quorum where the Company bas only one Director. Questions arising at any meeting shall be decided by a majority of votes. In case of an equality of votes the Chairman of the meeting shall have a second or casting vote. A Director or the Secretary may, at any time, summon a meeting of the Directors.

103. Notice of a meeting of Directors shall be deemed to be duly given to a Director if it is given to him personally in writing or by word of mouth or sent to him at his last known address or any other address given by him to the Company for this purpose. A Director may consent to short notice of and may waive notice of any meeting and any such waiver may be retrospective.

104. The Directors may elect a Chairman of the Board and determine the period for which be is to hold office; but if no such Chairman be elected, or if at any meeting the Chairman be not present within fifteen minutes after the time appointed for holding the same, the Directors present shall choose one of their number to be Chairman of such meeting.

105. (a) A resolution in Writing signed by a simple majority of the Directors for the time being shall be as effective for all purposes as a resolution of the Directors passed at a meeting duly convened, held and constituted. A written notification of confirmation of such resolution in writing sent by a Director shall be deemed to be his signature to such resolution in writing for the purposes of this Article. Such resolution in writing may consist of several documents, each signed by one or more Directors.

(b) Any Director or member of a committee of Directors may participate in a meeting of the Directors or such committee by means of telephone or other audio

communications equipment whereby all persons attending or participating in the meeting can hear each other. The person or persons participating in the meeting in the aforesaid manner shall be deemed for all purposes to be present in person at such meeting.

(c) Where the Company has only one Director and that Director takes any decision that may be taken in a meeting of the Directors and that has effect as if agreed in a meeting of the Directors, unless that decision is taken by way of a resolution in writing, a written record of that decision shall be sufficient evidence of the decision having been taken by the Director. The Director shall provide the Company with such Written record of the decision within 7 days after the decision is made provided that failure by the Director to provide the written record within such time limit shall not affect the validity of any decision concerned.

106. A meeting of the Directors at which a quorum is present shall be competent to exercise all the powers, authorities and discretions for the time being vested in or exercisable by the Directors generally.

107. The Directors may, from time to time, appoint committees consisting of such persons as they think fit, and may delegate any of their powers to any such committee and, from time to time, revoke any such delegation and discharge any such committee wholly or in part. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may, from time to time, be imposed upon it by the Directors. Any such committee shall be properly constituted even if it consists of one person.

108. The meetings and proceedings of any such committee consisting of two or more members shall be governed *mutatis mutandis* by the provisions of these Articles regulating the meetings and proceedings of the Directors insofar as the same are not superseded by any regulations made by the Directors under the last preceding Article.

109. All acts done bona fide by any meeting of the Directors or of a committee of Directors, or by any persons acting as Directors, shall, notwithstanding that there was some defect in the appointment of any such Directors or persons acting as aforesaid, or that they or any of them were disqualified, or had vacated office, be as valid as if every such person had been duly appointed and was qualified and continued to be a Director.

**MINUTES**

110. The Directors shall cause to be entered and kept in books provided for the purpose minutes of the following:

(a) all appointments of officers;

(b) the names of the Directors and any alternate Director who is not also a Director present at each meeting of the Directors and of any committee of Directors;

(c) all orders made by the Directors and committees of Directors; and

(d) all resolutions and proceedings of general meetings and meetings of the Directors and committees and, where the Company bas only one member and / or one Director, all written records of the decision of the sole member and / or the sole Director.

Any such minutes of any meeting of the Directors, or any committee, or of the Company, if purporting to be signed by the Chairman of such meeting, or by the Chairman of the next succeeding meeting shall be receivable as *prima facie* evidence of the matters stated in such minutes

**THE SEAL**

111. The Directors shall forthwith procure a common seal to be made for the Company, and shall provide for the safe custody thereof. The Seal shall not be affixed to any instrument except by the authority of a resolution of the Directors or a committee of the Directors and every instrument to which the Seal shall be affixed shall be signed by one Director or some other person nominated by the Directors for the purpose.

112. The Company may exercise all the powers of having official seals conferred by the Ordinance and such powers shall be vested in the Directors.

**SECRETARY**

113. The Company shall have a Secretary. The Secretary and any joint secretaries or deputy or assistant secretary or secretaries may be appointed by the Directors for such term, at such remuneration and upon such conditions as the Directors may think fit and the Secretary and any joint secretaries or deputy or assistant secretary so appointed may at any time be removed from office by the Directors. A Director may be the Secretary. If the Company has only one director, the sole director shall not also be the Secretary.

114. A provision of the Ordinance or these regulations requiring or authorising a thing to be done by or to a Director and the Secretary shall not be satisfied by its being done by or to the same person acting both as Director and as, or in place of, the Secretary.

**DIVIDENDS AND RESERVES**

115. (a) The Company may by ordinary resolution declare dividends but no such dividend shall exceed the amount recommended by the Directors.

(b) No distribution (as defined in section 79A of the Ordinance) shall be made save in accordance with the provisions of Part IIA of the Ordinance.

116. The Directors may, if they think fit, from time to time, pay to the members such interim dividends as appear to the Directors to be justified by the profits of the Company. If at any time the share capital of the Company is divided into different classes the Directors may pay such interim dividends in respect of those shares in the capital of the Company which confer on the holders thereof deferred or non-preferred rights as well as in respect of those shares which confer on the holders thereof preferential or special rights in regard

to dividend, and provided that the Directors act bona fide they shall not incur any responsibility to the holders of shares conferring a preference for any damage that they may suffer by reason of the payment of an interim dividend on any shares having deferred or non-preferred rights. The Directors may also pay at half-yearly or at other suitable intervals to be settled by them any dividend which may be payable at a fixed rate if they are of the opinion that the profits justify the payment.

117. The Directors may, before recommending any dividend, set aside out of the profits of the Company such sums as they think proper as a reserve or reserves which shall, at the discretion of the Directors, be applicable for any purpose to which the profits of the Company may be properly applied, and pending such application may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Directors may from time to time think fit. The Directors may also without placing the same to reserve carry forward any profits which they may think prudent not to divide.

118. No dividend shall be payable except out of the profits of the Company, and no dividend shall bear interest as against the Company.

119. The Directors may retain any dividend or other monies payable on or in respect of a share on which the Company has a lien, and may apply the same in or towards satisfaction of the debts and liabilities in respect of which the lien exists.

120. Any resolution declaring a dividend on shares of any class, whether a resolution of the Company in general meeting or a resolution of the Directors, may specify that the same shall be payable to the persons registered as the holders of such shares at the close of business on a particular date, notwithstanding that it may be a date prior to that on which the resolution is passed, and thereupon the dividend shall be payable to them in accordance with their respective holdings so registered, but without prejudice to the rights *inter se* in respect of such dividend of transferor and transferees of any such shares. The provisions of this Article shall *mutatis mutandis* apply to capitalisations to be effected in pursuance of these Articles.

121. Unless and to the extent that the rights attached to any shares or the terms of issue thereof otherwise provide, all dividends shall (as regards any shares not fully paid throughout the period in respect of which the dividend is paid) be apportioned and paid pro rata according to the amounts paid on the shares during any portion or portions of the period in respect of which the dividend is paid. For the purposes of this Article no amount paid on a share in advance of calls shall be treated as paid on the share.

122. Unless otherwise directed, any dividend or other monies payable in cash on or in respect of a share may be paid by cheque or warrant sent through the post to the registered address of the member or person entitled, or, in the case of joint holders, to the registered address of that one whose name stands first on the register in respect of joint holding, or addressed to such person at such address as the holder or joint holders shall direct. The Company shall not be liable or responsible for any cheque or warrant lost in transmission nor for any dividend or other monies lost to the member or person entitled thereto by the

forged endorsement of any cheque or warrant. Payment of the cheque or warrant by the banker on whom it is drawn shall be a good discharge to the Company.

123. The Directors may, with the sanction of the Company in general meeting, distribute in specie or in kind among the members in satisfaction in whole or in part of any dividend any of the assets of the Company, and in particular any shares or securities of other companies to which the Company is entitled.

124. All dividends unclaimed for one year after having been declared may be invested or otherwise made use of by the Directors for the benefit of the Company until claimed, and all dividends unclaimed for two years after having been declared may be forfeited by the Directors and shall revert to the Company. The payment into a separate account of any monies payable in respect of a share shall not constitute the Company a trustee in respect thereof for any person.

**CAPITALISATION OF RESERVES ETC.**

125. The Company in general meeting may upon the recommendation of the Directors resolve to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution, and accordingly that such sums be set free for distribution amongst the members who would have been entitled thereto if distributed by way of dividend and in the same proportions, on condition that the same be not paid in cash but be applied either in or towards paying up any amounts for the time being unpaid on any shares held by such members respectively or paying up in full unissued shares or debentures or other obligations of the Company to be allotted and distributed credited as fully paid up to and amongst such members in the proportions aforesaid, or partly in one way and partly in the other, and the Directors shall give effect to such resolution:

PROVIDED that a share premium account and a capital redemption reserve fund may, for the purposes of this Article, only be applied in the paying up of unissued shares to be issued to members of the Company as fully paid bonus shares.

126. Whenever such a resolution as aforesaid shall have been passed the Directors shall make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares or debentures, if any, and generally shall do all acts and things required to give effect thereto.

127. For the purpose of giving effect to any resolution under Articles 124 and 126 hereof the Directors may settle any difficulty which may arise in regard to the distribution as they think expedient, and in particular may issue fractional certificates, and may fix the value for distribution of any specific assets, and may determine that cash payments shall be made to any members upon the footing of the value so fixed or that fractions of such value as the Directors may determine may be disregarded in order to adjust the rights of all parties, and may vest any such cash or specific assets in trustees upon such trusts for the persons entitled to the dividend or capitalised fund as may seem expedient to the Directors. The provisions of the Ordinance in relation to the filing of contacts for

allotment shall be observed, and the Director may appoint any person to sign such contract on behalf of the persons entitled to share in the appropriation and distribution, and such appointment shall be effective and binding upon all concerned, and the contract may provide for the acceptance by such persons of the shares or debentures to be allotted and distributed to them respectively in satisfaction of their claims in respect of the sum so capitalised.

**ACCOUNTS AND AUDITORS**

128. (a) The Directors shall cause proper and true books of account to be kept of all sums of money received and expended by the Company, and the matters in respect of which such receipt and expenditure take place; of all sales and purchases of goods by the Company; and of the assets and liabilities of the Company and of all other matters necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.

(b) The Directors shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and hooks of the Company or any of them shall be open to the inspection of members not being Directors, and no member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by statute or authorised by the Directors or by the Company in general meeting.

129. The Directors shall from time to time, in accordance with the provisions of the Ordinance, cause to be prepared and to be laid before the Company in general meeting such Profit and Loss Accounts, Balance Sheets, Group Accounts (if any) and Reports as are required by the Ordinance.

130. A copy of every Balance Sheet (including every document required by law to be annexed thereto) which is to be laid before the Company in general meeting, together with a copy of the Directors' Report and a copy of the Auditors' Report, shall, not less than 21 days before the date of the meeting, be sent to every member of, and every holder of debentures of, the Company and to all persons other than members or holders of debentures of the Company, being persons entitled to receive notices of general meetings of the Company:

PROVIDED that this Article shall not require a copy of those documents to be sent to any person of whose address the Company is not aware nor to more than one of the joint holders of any shares or debentures.

131. Auditors shall be appointed and their duties regulated in the manner provided by the Ordinance.

**NOTICES**

132. Any notice or other document may be served by the Company upon any member either personally or by sending it through the post in a prepaid letter, envelope or wrapper addressed to such member at his registered address, and, in any case where the registered

address of a member is outside Hong Kong, by prepaid airmail. The signature to any notice to be given by the Company may be written or printed.

133. Each member shall, from time to time, notify in writing to the Company some place which shall be deemed his registered address within the meaning of the last preceding Article.

134. Any notice sent by post shall be deemed to have been served in the case where the member's registered address is in Hong Kong at the expiration of 48 hours after the letter, envelope or wrapper containing the same was posted in Hong Kong and in any other case on the fifth day after the day of posting. In proving such service it shall be sufficient to prove that the letter, envelope or wrapper containing the notice was properly addressed and put in the post as a prepaid letter.

135. A notice may be given by the Company to the persons entitled to a share in consequence of the death or bankruptcy of a member by sending it through the post in a prepaid letter addressed to them by name, or by the title of representatives of the deceased, or trustee of the bankrupt, or by any like descriptions at the address, if any, within Hong Kong supplied for the purpose by the persons claiming to be so entitled, or (until such an address has been so supplied) by giving the notice in any manner in which the same might have been given if the death or bankruptcy had not occurred.

136. Notice of every general meeting shall be given in any manner hereinbefore authorised to:

(a) every member;

(b) every person entitled to a share in consequence of the death or bankruptcy of a member who, but for his death or bankruptcy, would be entitled to receive notice of the meeting; and

(c) the Auditors for the time being of the Company.

No other person shall be entitled to receive notices of general meetings.

137. Any summons, notice, order or other document required to be sent to or served upon the Company, or upon any officer of the Company, may be sent or served by leaving the same or sending it through the post in a prepaid letter, envelope or wrapper, addressed to the Company or to such officer at the Office.

138. Subject to any special provisions contained in these Articles or in the Ordinance, all notices required to be given by advertisement shall be advertised in at least one daily Chinese and one daily English newspaper in Hong Kong.

139. In reckoning the period for any notice given under these Articles, the day on which notice is served, or deemed to be served and the day for which such notice is given shall be excluded.

**WINDING UP**

140. If the Company shall be wound up, the surplus assets remaining after payment to all creditors shall be divided among the members in proportion to the capital which at the commencement of the winding up is paid up on the shares held by them respectively, and if such surplus assets shall be insufficient to repay the whole of the paid up capital, they shall be distributed so that, as nearly as may be, the losses shall be borne by the members in proportion to the capital paid up at the commencement of the Winding up on the shares held by them respectively. This Article is, however, to be subject to the rights of any shares which may be issued on special terms or conditions.

141. If the Company shall be wound up the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Ordinance, divide amongst the members in specie or kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may, for such purpose, set such value as be deems fair upon any properly to be divided as aforesaid and may determine how such division shall be carried out as between the members of different classes of members. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories as the liquidator, with the like sanction, shall think fit, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

**INDEMNITY**

142. Every Director, Managing Director, Agent Auditor, Secretary and other officer for the time being of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in relation to the Company in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in connection with any application under Section 358 of the Ordinance in which relief is granted to him by the court

**OF**

**MAGNACHIP SEMICONDUCTOR LIMITED**

1. The name of the Company is **"MAGNACHIP SEMICONDUCTOR LIMITED"**.

2. The registered office of the Company will be situate in England.

3. The objects for which the Company is established are:-

3.1.1 to carry on business as a general commercial company;

3.1.2 to carry on the business of a holding company in all its branches and to acquire by purchase, lease, concession, grant, licence or otherwise such businesses, options, rights, privileges, lands, buildings, leases, underleases, stocks, shares, debentures, debenture stock, bonds, obligations, securities, reversionary interests, annuities, policies of assurance and other property and rights and interests in property as the Company shall deem fit; generally to hold, manage, develop, lease, sell or dispose of the same, and to vary any of the investments of the Company; to act as trustee of any deeds constituting or securing any debentures, debenture stock or other securities or obligations; to enter into, assist, or participate in financial, commercial, mercantile, industrial and other transactions, undertakings and businesses of any description, and to establish, carry on, develop and extend the same or sell, dispose of or otherwise turn the same to account, and to co-ordinate the policy

administration of any companies of which this Company is a member or which are in any manner controlled by, or connected with the Company.

3.1.3 To carry on business as a property investment and development company, and to purchase, hold, take on lease or in exchange or otherwise acquire and deal in, sell, exchange, let on lease, and otherwise dispose of land or buildings wheresoever situate or rights or interests therein and to manage or let the same or any part thereof or to develop the same or any part thereof and to carry on business as auctioneers, valuers, surveyors, estate agents, managing agents, estate developers and development agents, builders, builders' merchants, joiners and woodworkers, decorators, plumbers, electricians, transport and removal contractors, carriers, warehousemen, proprietors and dealers in all forms of transport and to carry on business as proprietors of restaurants and hotels and producers, promoters, exhibitors, distributors, managers and agents of all forms of amusement, recreation, sport and entertainment.

3.1.4 To carry on business as bankers, financiers, dealers, concessionaires, merchants and brokers and to form, constitute, float, invest in, manage, assist, advise and control any companies, syndicates or undertakings whatsoever and to undertake, carry on, transact and execute all kinds of financial, commercial, trading, trust and agency business and operations.

3.1.5 to carry on within and without the United Kingdom the businesses of exporters, importers, manufacturers, agents, brokers, general merchants and dealers, both wholesale and retail, in commodities of every description and all commercial goods, manufactured goods and all goods for personal and household use and consumption, ornament, recreation and amusement, and generally in all raw materials, manufactured goods, materials, provisions and general produce, and to carry on the aforesaid businesses, either together as a single business or as separate and distinct businesses in any part of the world;

3.1.6 to carry on any other trade or business, whether subsidiary or not, which may appear to the Company likely to be carried on conveniently or advantageously in conjunction with any of the above trades or businesses or which is likely to be profitable to the Company or is calculated directly or indirectly to enhance the value of any of the property, rights or assets of the Company;

3.2 to construct, erect, maintain, alter, repair, replace or remove any buildings, works, structures, roads, plant, machinery, tools or equipment as may seem desirable for any of the trades or businesses of the Company;

3.3 to buy, grow, process, prepare, manufacture, repair, alter and improve all kinds of plant, machinery, apparatus, tools, utensils, materials, produce, substances, articles and things of all descriptions which may conveniently be dealt with in connection with any of the objects of the Company or which are likely to be required by customers or other persons or companies having or about to have dealings with the Company;

3.4 to apply for or otherwise acquire any patents, patent rights, trade marks, names, copyrights, licences, privileges or processes for or in any way relating to any of the trades or businesses of the Company and to grant licences for the use of the same;

3.5 to purchase, take on lease or in exchange, hire or otherwise acquire, develop, hold and manage for any estate or interest any real or personal property and any rights or privileges which the Company may think necessary, suitable or convenient for the purposes of or in connection with any of its trades or businesses;

3.6 To purchase or otherwise acquire and undertake all or any part of the business, property, assets, liabilities and transactions of any person or company carrying on any business which the Company is authorised to carry on or which can be carried on in conjunction therewith or which are capable of being conducted directly or indirectly for the benefit of the Company.

3.7 to pay for any property, assets or rights acquired by the Company either in cash or by the issue of fully or partly paid shares of the Company, with or without any preferred or special rights or privileges, or by the issue of debentures, bonds or other securities, with or without special rights or privileges, on such terms as the Company may determine;

3.8 To work, improve, manage, develop, lease, let on hire, grant licences, easements and other rights in or over and to mortgage, charge, pledge, turn to account or otherwise deal with all or any part of the property, rights or assets of the Company and to develop the resources of any property for the time being belonging to the Company in such manner as the Company may think fit.

3.9 to sell, dispose of or otherwise deal with the property, business, undertaking or assets of the Company or any part thereof for such consideration as the Company may think fit, and in particular for shares, debentures or securities of any other company, and to take or hold mortgages, liens and charges to secure the payment of the whole or any part of the purchase price thereof;

3.10 to enter into partnership or amalgamation with any person or company for the purpose of carrying on any business or transaction within the objects of the Company and to enter into such arrangement for co-operation, sharing profits, losses, mutual assistance, or other working arrangements as may seem desirable;

3.11 to enter into any arrangements with any Government or authority, supreme, municipal, local or otherwise, which may seem conducive to the objects of the Company or any of them and to apply for, promote and obtain any statute, order, regulation, contract, decree, right, privilege, concession, licence or authorisation from any such Government or authority or from any department thereof for enabling the Company to carry any of its objects into effect or for extending any of the powers of the Company or for effecting any modification of the constitution of the Company or for any other purpose which may seem expedient and to carry out, exercise and comply with the same;

3.12 to borrow or raise money in such amounts and manner and upon such terms as the Company shall think fit, and, when thought desirable, to execute and issue security of such kind, subject to such conditions, for such amount, and payable in such place and manner and to such person or company as the Company shall think fit;

3.13 to mortgage and charge the undertaking and all or any of the real or personal property and assets, present or future, and all or any of the uncalled capital for the time being of the Company, and to issue as primary or collateral or other security at par or at a premium or a discount and for such consideration and with and subject to such rights, powers, privileges and conditions as may be thought fit, debentures, debenture stock, mortgages, charges or other securities either permanent or redeemable and collaterally or further to secure any securities of the Company by a trust deed or other assurance;

3.14 to give credit to or become surety or guarantor for any person or company, and to give all descriptions of guarantees and indemnities and, either with or without the Company receiving any consideration, to guarantee or otherwise secure (with or without a mortgage or charge on all or any part of the undertaking, property and assets, present and future, and the uncalled capital of the Company) the performance of the obligations, and the payment of the capital or principal of, and dividends or interest on, any stocks, shares, debentures, debenture stock, notes, bonds or other securities, of any person, authority (whether supreme, local, municipal or otherwise) or company, including (without prejudice to the generality of the foregoing) any company which is for the time being the Company's holding company, or a subsidiary undertaking of the Company's holding company or of the Company, or any other company associated with the Company in business; the expressions "holding company" and "subsidiary undertaking" shall when used in this Memorandum of Association have the same meanings respectively as in the Companies Act 1985;

3.15 to advance, deposit or lend money, securities and property to or with such persons or companies on such terms with or without security upon such property, rights and assets as may seem expedient, to undertake the provision of hire purchase and credit sale finance and to act as factors;

3.16 to invest and deal with the monies of the Company not immediately required for the purpose of its business in or upon such investments or securities and in such manner and upon such terms as may from time to time be determined;

3.17 to make, draw, accept, endorse, discount, and negotiate, issue or execute bills of exchange, promissory notes, bills of lading, warrants and other negotiable, transferable or mercantile instruments;

3.18 to pay all or any of the costs and expenses of, and preliminary and incidental to, the formation, promotion and incorporation of the Company, whether incurred before or after its registration;

3.19 to pay commissions to and remunerate any person or company for services rendered to the Company and in particular in placing or assisting to place any of the shares in the capital of the Company, or any debentures or other security of the Company, or in or about the formation or promotion of the Company or the conduct of its business whether by cash payment or by the allotment of shares or securities of the Company, credited as paid up in full or in part or otherwise, as may be deemed expedient;

3.20 to make donations to such persons or companies and, in such cases, either by cash or by other assets, as the Company may think directly or indirectly conducive to any of its objects or otherwise expedient;

3.21 to adopt such means for making known any services provided by the Company and keeping the same before the public as may be deemed expedient and in particular to employ advertising and public relations techniques of all kinds;

3.22 to vest any real or personal property, rights or interest acquired by or belonging to the Company in any person or company on behalf of or for the benefit of the Company;

3.23 to distribute among the members in specie any property of the Company, or any proceeds of sale, disposal or realisation of any property of the Company, but so that no distribution amounting to a reduction of capital be made except with the sanction (if any) for the time being required by law;

3.24 to establish or promote any company for the purpose of acquiring all or any of the assets and liabilities of the Company or for any other purpose which may seem directly or indirectly calculated to benefit the Company or to further any of the objects of the Company;

3.25 to appoint any person or company to be the agent or agents of the Company and to act as agents, secretaries, managers, contractors or in any similar capacity;

3.26 to insure the life of any person who may, in the opinion of the Company, be of value to the Company as having or holding for the Company interest, goodwill or influence or other assets and to pay the premiums on such insurance;

3.27 to support or subscribe to any charitable or public object and any institution, society or club which may be for the benefit of the Company or its officers or employees, or the officers or employees of its predecessors in business or any subsidiary undertaking or associated company, or which may be connected with any town or other place where the Company carries on business, and to give pensions, gratuities or charitable aid to any officer, former officer, employee or former employee of the Company or its predecessors in business or any subsidiary undertaking or associated company, or to the wives, children or other relatives or dependants of such persons, and to make payments towards insurance, and to form and contribute to provident and benefit funds for the benefit of any officers or employees of the Company, its predecessors in business or any subsidiary undertaking, or associated company, and to

subsidise or assist any association of employers or employees or any trade association, and to promote, enter into and carry into effect any scheme for the sharing of profits with employees or the grant of options and other benefits to employees;

3.28 to purchase and maintain insurance for or for the benefit of any persons who are or were at any time directors, officers or employees or auditors of the Company, or of any other company which is its holding company or in which the Company or such holding company has any interest whether direct or indirect or which is in any way allied to or associated with the Company or of any subsidiary undertaking of the Company or of any such other company, or who are or were at any time trustees of any pension fund in which any employees of the Company or of any such other company or subsidiary undertaking are interested, including (without prejudice to the generality of the foregoing) insurance against any liability incurred by such persons in respect of any act or omission in the actual or purported execution and/or discharge of their duties and/or in the exercise or purported exercise of their powers and/or otherwise in relation to their duties, powers or offices in relation to the Company or any such other company, subsidiary undertaking or pension fund and to such extent as may be permitted by law otherwise to indemnify or to exempt any such person against or from any such liability;

3.29 to procure the Company to be registered or recognised in any country or place outside the United Kingdom;

3.30 to do all or any of the above things in any part of the world, and either as principals, agents, contractors, trustees or otherwise, or by or through trustees, agents, sub-contractors or otherwise, and either alone or in conjunction with others;

3.31 to do all such acts or things as are incidental or conducive to the attainment of the above objects or any of them.

It is hereby expressly declared that the objects specified in each sub-clause of this clause shall be regarded as independent objects and accordingly shall be in no way limited or restricted (except when otherwise expressed in such sub-clause) by reference to or inference from the terms of any other sub-clause, or the name of the Company, and none of the sub-clauses shall be deemed merely subsidiary or auxiliary to the objects mentioned in the first sub-clause but may be carried out and construed in as wide a sense as if each of the said sub-clauses defined the objects of a separate and distinct company.

4. The liability of the members is limited.

5. The share capital of the Company is £1,000 divided into 1,000 shares of £1 each with power to increase the capital and to consolidate and sub-divide the same. The shares in the original or increased capital may be divided into several classes and there may be attached thereto respectively any preferential, deferred or other special rights, privileges, conditions or restrictions as to dividends, capital, redemption, voting or otherwise.

**WE**, the subscriber to this memorandum of association, wish to be formed into a company pursuant to this memorandum; and we agree to take the number of shares in the capital of the Company set opposite our name below.

**MAGNACHIP SEMICONDUCTOR LIMITED (the "Company")**

## 1 PRELIMINARY

1.1 The regulations contained in Table A to any Companies Act or Companies (Consolidation) Act prior to the Companies Act 1985 shall not apply to the Company. The regulations contained in Table A in the Schedule to the Companies (Tables A to F) Regulations 1985 in force at the time of adoption of these Articles ("**Table A**") shall, except as provided in and so far as the same are not inconsistent with the provisions of these Articles, apply to the Company and shall together with these Articles constitute the regulations of the Company.

1.2 Regulations 3, 23 to 25, 29 to 31, 35 to 55, 57, 59 to 62, 64 to 69, 73 to 81, 85 to 91, 93 to 98, 112 and 115 of Table A shall not apply to the Company.

1.3 In these Articles unless the context otherwise requires the following expressions shall have the following meanings:-

**"the Act"** means the Companies Act 1985 including any statutory modification or re-enactment thereof for the time being in force;

**"Articles"** means the articles of association of the Company, whether as originally adopted or as from time to time altered by special or written resolution;

**"address"** in relation to electronic communication means any number or address used for the purposes of such communications;

**"clear days"** in relation to the period of a notice means that period excluding the day when the notice is given or deemed to be given and the day for which it is given or on which it is to take effect;

**"directors"** means the directors for the time being of the Company or (as the context shall require) any of them acting as the board of directors of the Company;

**"electronic communication"** means any communication transmitted by way of fax or e-mail;

**"executed"** includes any mode of execution;

**"holder"** in relation to shares means the member whose name is entered in the register of members as the holder of the shares;

**"office"** means the registered office of the Company;

**"seal"** means the common seal of the Company (if any);

**"secretary"** means the secretary of the Company or any other person appointed to perform the duties of the secretary of the Company, including a joint, assistant or deputy secretary;

**"share"** includes any interest in a share;

**"United Kingdom"** means Great Britain and Northern Ireland;

**"in writing"** and **"written"** include any method of representing or reproducing words in legible form including, for the avoidance of doubt, electronic communication.

Words importing the masculine gender include the feminine gender.

Words importing persons include bodies corporate and unincorporated associations.

Words importing the singular shall, where the context so permits, include a reference to the plural and vice versa.

Subject as aforesaid any words or expressions defined in the Act shall (if not inconsistent with the subject or context) bear the same meaning in these Articles.

Reference to any act, statute or statutory provision shall include any statutory modification, amendment or re-enactment thereof for the time being in force.

A special or extraordinary resolution shall be effective for any purpose for which an ordinary resolution is expressed to be required under any provision of these Articles and a special resolution shall be effective for any purpose for which an extraordinary resolution is expressed to be required under any provision of these Articles.

## 2 SHARE CAPITAL AND ISSUE OF SHARES

2.1 The authorised share capital of the Company as at the date of incorporation of the Company is £1,000 divided into 1000 shares of £1 each.

2.2 Subject to the provisions of the Act, the Company may:-

2.2.1 issue shares which are to be redeemed or are liable to be redeemed at the option of the Company, or the holder, on such terms and in such manner as may be set out in these Articles (as amended from time to time) or (as to the date on or by which or the dates between which the shares are to be or may be redeemed) as may be determined by the directors prior to the date of issue;

2.2.2 purchase its own shares (including any redeemable shares) or enter into such agreement (contingent or otherwise) in relation to the purchase of its own shares on such terms and in such manner as may be approved by such ordinary or special resolution as may be required by the Act;

2.2.3 to the extent permitted by section 171 of the Act, make a payment in respect of the redemption or purchase of any of its own shares (including any redeemable shares) otherwise than out of distributable profits of the Company or the proceeds of a fresh issue of shares.

2.3 Subject as otherwise provided in these Articles and to any direction or authority contained in the resolution of the Company creating or authorising the same, the directors are generally and unconditionally authorised, for the purposes of section 80 of the Act, to allot or to grant options or rights of subscription or conversion over unissued shares to such persons (whether existing shareholders or not), at such times and on such terms and conditions as they think proper.

2.4 The authority granted to the directors under Article 2.3:-

2.4.1 shall not permit the directors to allot or to grant options or rights of subscription or conversion over shares to an aggregate amount of more than the unissued share capital on the date of incorporation of the Company or (if such authority is renewed or varied by the Company in general meeting) the amount specified in the resolution for such renewal or variation;

2.4.2 shall expire not more than five years from the date of the incorporation of the Company or (if such authority is renewed or varied by the Company in general meeting) on the date specified in the resolution on which the renewed or varied authority shall expire;

2.4.3 may be renewed, revoked or varied at any time by the Company in general meeting;

2.4.4 shall permit the directors after the expiry of the period of the said authority to allot any shares or grant any such rights in pursuance of an offer or agreement so to do made by the Company within that period.

2.5 In exercising their authority under this Article 2 the directors shall not be required to have regard to section 89(1) and section 90(1) to (6) (inclusive) of the Act which sections shall be excluded from applying to the Company.

2.6 The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by these Articles or by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

## 3 LIEN

The lien conferred by regulation 8 of Table A shall also attach to fully paid up shares registered in the name of any person indebted or under liability to the Company whether he shall be the sole registered holder thereof or shall be one of two or more joint holders.

## 4 TRANSFER AND TRANSMISSION

4.1 The instrument of transfer of shares shall be in the usual form prescribed from time to time or, if none is so prescribed, then in such form as the directors may determine and shall be executed by or on behalf of the transferor and, unless the share is fully paid, by or on behalf of the transferee.

4.2 The directors may, in their absolute discretion and without assigning any reason therefor, decline to register any transfer of any share whether or not it is a fully paid share.

4.3 The directors may also refuse to register a transfer unless:-

4.3.1 it is lodged at the office or at such other place as the directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the directors may reasonably require to show the right of the transferor to make the transfer;

4.3.2 it is in respect of only one class of shares; and

4.3.3 it is in favour of not more than four transferees.

4.4 If the directors refuse to register a transfer of a share they shall within two months after the date on which the transfer was lodged with the Company send to the transferee notice of the refusal.

4.5 If a member dies the survivor or survivors where he was a joint holder, and his personal representatives where he was a sole holder or the only survivor of joint holders, shall be the only person(s) recognised by the Company as having any title to his interest; but nothing herein contained shall release the estate of a deceased member from any liability in respect of any share which had been jointly held by him.

4.6 In the case of a person becoming entitled to a share in consequence of the death or bankruptcy of a member:-

4.6.1 he may, upon such evidence being produced as the directors may properly require, elect either to become the holder of the share or to have some person nominated by him registered as a transferee;

4.6.2 if he elects to become the holder he shall give notice to the Company to that effect;

4.6.3 if he elects to have another person registered he shall execute an instrument of transfer of the share to that person;

4.6.4 the provisions of Articles 4.1 to 4.3 relating to the transfer of shares shall apply to any notice or instrument of transfer referred to in Article 4.6 as if it were an instrument of transfer executed by the member and the death or bankruptcy of the member had not occurred.

4.7 The directors may at any time give notice requiring a person becoming entitled to a share in consequence of the death or bankruptcy of a member to elect either to become the holder of the share or to have some person nominated by him registered as the transferee and if the notice is not complied with within 90 days the directors may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share until the requirements of the notice have been complied with.

4.8 A person becoming entitled to a share in consequence of the death or bankruptcy of a member shall have the rights to which he would be entitled if he were the holder of the share, except that he shall not, before being registered as the holder of the share, be entitled in respect of it to attend and

vote at any meeting of the Company or of any separate meeting of the holders of any class of shares in the Company.

## 5 GENERAL MEETINGS

5.1 All general meetings other than annual general meetings shall be called extraordinary general meetings.

5.2 The directors may call general meetings and, on the requisition of members pursuant to the provisions of the Act, shall forthwith proceed to convene an extraordinary general meeting for a date not later than 42 days after receipt of the requisition.

5.3 If there are not within the United Kingdom sufficient directors to call a general meeting, any director or any member of the Company may call a general meeting.

## 6 NOTICE OF GENERAL MEETINGS

6.1 All annual general meetings and extraordinary general meetings called for the passing of a special or elective resolution shall be called by at least 21 clear days' notice.

6.2 All other extraordinary general meetings shall be called by at least 14 clear days' notice.

6.3 A general meeting may be called by shorter notice if it is so agreed:-

6.3.1 in the case of an annual general meeting by all the members entitled to attend and vote thereat; and

6.3.2 in the case of any other meeting by a majority in number of the members having a right to attend and vote being a majority together holding not less than 95%, or (if an elective resolution as to the majority required to authorise short notice of meetings has been passed in accordance with section 379A of the Act and remains in force) such lesser percentage as may be specified in the resolution or subsequently determined by the Company in general meeting being not less than 90%, in nominal value of the shares giving that right.

6.4 The notice of a general meeting shall specify the time and place of the meeting and, in the case of an annual general meeting, shall specify the meeting as such.

6.5 Subject to the provisions of these Articles and to any restrictions imposed on any shares, notice of a general meeting shall be given to all members, to all

persons entitled to a share in consequence of the death or bankruptcy of a member and to the directors and auditors.

6.6 The accidental omission to give notice of a meeting to, or the non-receipt of notice of a meeting by, any person entitled to receive notice shall not invalidate the proceedings at that meeting.

## 7 PROCEEDINGS AT GENERAL MEETINGS

7.1 No business shall be transacted at any meeting unless a quorum is present.

7.2.1 Subject to the provisions of Article 7.2.2 two persons entitled to vote upon the business to be transacted, each being a member or a proxy for a member or a duly authorised representative of a corporate member, shall be a quorum.

7.2.2 If the Company only has one member, then such member present in person or by proxy or, if a corporate member, by its duly authorised representative shall be a quorum.

7.3 If within half an hour after the time appointed for the meeting a quorum is not present, or if during a meeting a quorum ceases to be present, the meeting:-

7.3.1 if convened upon the requisition of members, shall be dissolved; or

7.3.2 if convened otherwise than upon the requisition of members, shall stand adjourned until the same day in the next week at the same time and place, or such other day, time and place as the directors may determine, and if at the adjourned meeting a quorum is not present or ceases to be present then the member or members present in person or by proxy or (being a body corporate) by representative and entitled to vote upon the business to be transacted shall be a quorum and shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place.

7.4 The chairman, if any, of the board of directors or in his absence some other director nominated by the directors shall preside as chairman of the meeting, but if neither the chairman nor such other director (if any) is present within 15 minutes after the time appointed for holding the meeting and willing to act the directors present shall elect one of their number to be chairman and, if there is only one director present and willing to act, he shall be chairman.

7.5 If no director is willing to act as chairman, or if no director is present within 15 minutes after the time appointed for holding the meeting, the members present and entitled to vote shall choose one of their number to be chairman.

7.6 In the case of an equality of votes, whether on a show of hands or on a poll, the chairman shall be entitled to have a casting vote in addition to any other vote he may have.

7.7 A director shall, notwithstanding that he is not a member, be entitled to receive notices of and attend and speak at any general meeting and at any separate meeting of the holders of any class of shares in the Company.

7.8 The chairman may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting), adjourn the meeting from time to time and from place to place .

7.9 No business shall be transacted at any adjourned meeting other than business which might properly have been transacted at the meeting had the adjournment not taken place.

7.10 When a meeting is adjourned for 14 days or more, at least seven clear days' notice shall be given specifying the time and the place of the adjourned meeting and the general nature of the business to be transacted, but otherwise it shall not be necessary to give any such notice.

7.11 A resolution put to the vote of a meeting shall be decided on a show of hands unless before, or on a declaration of the result of, the show of hands a poll is duly demanded.

7.12 A poll may be demanded by any member having the right to vote at the meeting.

7.13 A demand for a poll by a person as proxy for a member shall be the same as a demand by the member.

7.14 Unless a poll is duly demanded, a declaration by the chairman that a resolution has been carried or carried unanimously, or by a particular majority, or lost, or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.

7.15 The demand for a poll may, before the poll is taken, be withdrawn but only with the consent of the chairman and a demand so withdrawn shall not be taken to have invalidated the result of a show of hands declared before the demand was made.

7.16 A poll shall be taken as the chairman may direct and he may appoint scrutineers (who need not be members) and fix a time and place for declaring the result of the poll.

7.17 The result of the poll (unless it was held at an adjourned meeting) shall be deemed to be the resolution of the meeting at which the poll was demanded.

7.18 A poll demanded on the election of a chairman or on a question of adjournment shall be taken forthwith.

7.19 A poll demanded on any other question shall be taken either forthwith or at such time and place as the chairman directs, not being more than 30 days after the poll is demanded.

7.20 The demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than a question on which the poll is demanded.

7.21 If a poll is demanded before the declaration of the result of a show of hands and the demand is duly withdrawn with the consent of the chairman, the meeting shall continue as if the demand had not been made.

7.22 No notice need be given of a poll not taken forthwith if the time and place at which it is to be taken are announced at the meeting at which it is demanded, but in any other case at least seven clear days' notice shall be given specifying the time and place at which the poll is to be taken.

7.23 If the Company only has one member and such member takes any decision which may be taken by the Company in general meeting and which has effect as if agreed by the Company in general meeting, then such member shall (unless that decision is taken by way of a written resolution) provide the Company with a written record of that decision.

## 8 RESOLUTIONS IN WRITING

A resolution in writing executed by all the members of the Company entitled to receive notice of and to attend and vote at a general meeting or by their duly appointed proxies or attorneys:-

8.1 shall be as valid and effectual as if it had been passed at a general meeting of the Company duly convened and held;

8.2 any such resolution in writing may be contained in one document or in several documents in the same terms each executed by one or more of the members or their proxies or attorneys and execution in the case of a body corporate which

is a member shall be sufficient if made by a director thereof or by its duly authorised representative; and

8.3 may be contained within and/or assented to and passed in terms thereof by means of electronic communications and in accordance with such terms and arrangements as may be first stipulated by the directors using addresses notified by recipients for such purpose.

## 9 VOTES

9.1 Subject to any rights or restrictions attached to any shares, on a show of hands every member present in person, or (if a corporation) present by a representative duly authorised in accordance with the Act who is not also himself a member entitled to vote, shall have one vote and on a poll every member shall have one vote for every share of which he is the holder.

9.2 In the case of joint holders the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders; and for this purpose seniority shall be determined by the order in which the names of the holders stand in the register of members.

9.3 No member shall be entitled to vote at any general meeting or at any separate meeting of the holders of any class of shares in the Company, either in person or by proxy, unless all calls or other sums presently payable by him in respect of shares of the Company have been paid.

9.4 On a poll votes may be given either personally or by proxy.

9.5 An appointment of a proxy shall be in writing executed by or on behalf of the appointor, or, if a corporation, under the hand of a duly authorised officer of the corporation, or in either case, where the appointment is to be effected as an electronic communication, signed and completed upon such terms as stipulated by the directors, and shall be in such form as the directors may determine or, failing such determination, in any usual form.

9.6 The appointment of a proxy shall not be valid and the proxy named in the appointment shall not be entitled to vote at the meeting unless the appointment, together with any authority under which it is executed or a copy of such authority certified notarially or in some other way approved by the directors:-

9.6.1 is, in the case of an appointment of a proxy by a form of proxy (which for the avoidance of doubt does not include an appointment contained in an electronic

communication), deposited at the office (or such other place within the United Kingdom as is specified in the notice convening the meeting or in any form of proxy or other accompanying document sent out by the Company in relation to the meeting) not later than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the form of proxy proposes to vote; or

9.6.2 in the case of an appointment contained in an electronic communication, where an address has been specified for that purpose in the notice convening the meeting, or in any form of proxy or other accompanying document sent out by the Company in relation to the meeting, or in any other invitation contained in an electronic communication to appoint a proxy issued by the Company in relation to the meeting, is received at such address not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the appointment proposes to vote;

9.6.3 in the case of a poll taken more than 48 hours after it is demanded, is deposited as specified in articles 9.6.1 or 9.6.2 after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll; or

9.6.4 where a meeting is adjourned for less than 48 hours or where the poll is not taken immediately but is taken not more than 48 hours after it was demanded, is delivered to the chairman or to the secretary or to any director at the meeting at which the poll is demanded.

## 10 DIRECTORS

10.1 The number of the directors shall be determined by the Company in general meeting but unless and until so determined there shall be no maximum number of directors and the minimum number of directors shall be one.

10.2 In the event of the minimum number of directors fixed by these Articles or determined by the Company in general meeting being one, a sole director shall have authority to exercise all the powers and discretions vested in the directors generally and Article 15.3 shall be modified accordingly.

10.3 A director or alternate director shall not require any share qualification and any director or alternate director who is not a member of the Company shall nevertheless be entitled to receive notices of and attend and speak at any

general meeting of the Company and at any separate meeting of the holders of any class of shares of the Company.

10.4 A person may be appointed a director notwithstanding that he shall have attained the age of seventy years or any other age and no director shall be liable to vacate office by reason of his attaining that or any other age, nor shall special notice be required of any resolution appointing or approving the appointment of such a director or any notice be required to state the age of the person to whom such resolution relates.

10.5 The first directors of the Company shall be the persons named as the first directors of the Company in the statement delivered under section 10(2) of the Act.

## 11 APPOINTMENT OF DIRECTORS

11.1 The Company may, by ordinary resolution, appoint another person in place of a director removed from office by resolution of a general meeting in accordance with the Act and (without prejudice to the powers of the directors under the next following article) the Company may, by ordinary resolution, appoint a person who is willing to act to be a director either to fill a vacancy or as an additional director.

11.2 The directors may appoint a person who is willing to act to be a director, either to fill a vacancy or as an additional director, provided that the appointment does not cause the number of directors to exceed any number fixed by or in accordance with these articles as the maximum number of directors.

11.3 At any time or from time to time the holder or holders of not less than three-quarters in nominal value of such part of the issued share capital of the Company as confers the right for the time being to attend and vote at general meetings of the Company may, by memorandum in writing executed by or on behalf of him or them and left at or sent to the office, or, if permitted by the directors, by electronic communication in such manner and form as the directors may decide, appoint any person to be a director or remove from office any director who shall vacate office accordingly. Any such removal shall be without prejudice to any claim such director may have for damages for breach of any contract of service between him and the Company.

11.4 If, immediately following and as a result of the death of a member, the Company has no members and if at that time it has no directors, the personal

representatives of the deceased member may appoint any person to be a director and the director who is appointed will have the same rights and be subject to the same duties and obligations as if appointed by ordinary resolution in accordance with Article 11.1. If two members die in circumstances rendering it uncertain which of them survived the other, such deaths shall, for the purposes of this Article, be deemed to have occurred in order of seniority and accordingly the younger shall be deemed to have survived the elder.

## 12 DISQUALIFICATION AND REMOVAL OF DIRECTORS

12.1 The office of a director shall be vacated in any of the following events:-

12.1.1 if he resigns his office by notice in writing to the Company;

12.1.2 if he becomes bankrupt or makes any arrangement or composition with his creditors generally;

12.1.3 if he is admitted to hospital in pursuance of an application for admission for treatment under the Mental Health Act 1983 or, in Scotland, an application for admission under the Mental Health (Scotland) Act 1960, or an order is made by a Court having jurisdiction (whether in the United Kingdom or elsewhere) in matters concerning mental disorder for his detention or for the appointment of a receiver, curator bonis or other person to exercise powers with respect to his property or affairs;

12.1.4 if he ceases to be a director by virtue of any provision of the Act or the Articles or he becomes prohibited by law from being a director;

12.1.5 if he is absent from meetings of the board for six successive months without leave and his alternate director (if any) shall not during such period have attended in his stead, and the directors resolve that his office be vacated;

12.1.6 if he shall be removed from office by notice in writing served upon him signed by all the other directors but so that if he holds an appointment to an executive office which thereby automatically determines such removal shall be deemed an act of the Company and shall have effect without prejudice to any claim for damages for breach of any contract of service between him and the Company; or

12.1.7 if he shall be removed from office under the provisions of Article 11.3.

**13 POWERS OF DIRECTORS**

13.1 Without prejudice to the powers conferred by regulation 70 of Table A, the directors may establish and maintain, or procure the establishment and maintenance of, any pension or superannuation funds (whether contributory or otherwise) for the benefit of, and give or procure the giving of donations, gratuities, pensions, allowances and emoluments to, any persons (including directors and other officers) who are or were at any time in the employment or service of the Company, or of any undertaking which is or was a subsidiary undertaking of the Company or allied to or associated with the Company or any such subsidiary undertaking, or of any of the predecessors in business of the Company or of any such other undertaking and the spouses, widows, widowers, families and dependants of any such persons and make payments to, for or towards the insurance of or provide benefits otherwise for any such persons.

13.2 Without prejudice to the provisions of regulation 70 of Table A and of Article 20, the directors shall have power to purchase and maintain insurance for or for the benefit of any persons who are or were at any time:-

13.2.1 directors (including alternate directors), officers, employees or auditors of the Company or of any other company which is its holding company, or in which the Company or such holding company has any interest whether direct or indirect, or which is in any way allied to or associated with the Company or such holding company, or of any subsidiary undertaking of the Company or of such other company;

13.2.2 trustees of any pension fund in which employees of the Company or of any other such company or subsidiary undertaking are interested;

including (without prejudice to the generality of the foregoing) insurance against any liability incurred by such persons in respect of any act or omission in the actual or purported exercise, execution and/or discharge of their powers or duties and/or otherwise in relation to their duties, powers or offices in relation to the Company or any other such company, subsidiary undertaking or pension fund.

## 14 DIRECTORS' INTERESTS

14.1 Subject to the provisions of the Act, and provided that he has disclosed to the directors the nature and extent of any material interest of his, a director notwithstanding his office:-

14.1.1 may be a party to, or otherwise interested in, any transaction or arrangement with the Company or in which the Company is otherwise interested (including any insurance purchased or maintained by the Company for him or for his benefit);

14.1.2 may be a director or other officer of or employed by or a party to any transaction or arrangement with, or otherwise interested in, any body corporate promoted by the Company or in which the Company is otherwise interested;

14.1.3 may, or any firm or company of which he is a member or director may, act in a professional capacity for the Company or any body corporate in which the Company is in any way interested; and

14.1.4 shall not, by reason of his office, be accountable to the Company for any benefit which he derives from any such office or employment or from any such transaction or arrangement or from any interest in any such body corporate and no such transaction or arrangement shall be liable to be avoided on the ground of any such interest or benefit.

14.2 For the purposes of Article 14.1:-

14.2.1 a general notice given to the directors that a director is to be regarded as having an interest of the nature and extent specified in the notice in any transaction or arrangement in which a specified person or class of persons is interested shall be deemed to be a disclosure that the director has an interest in any such transaction of the nature and extent so specified;

14.2.2 an interest of which a director has no knowledge and of which it is unreasonable to expect him to have knowledge shall not be treated as an interest of his; And

14.2.3 an interest of a person who is for any purpose of the Act connected with a director shall be treated as an interest of the director and in relation to an alternate director an interest of his appointor shall be treated as an interest of the alternate director without prejudice to any interest which the alternate director has otherwise.

## 15 PROCEEDINGS OF DIRECTORS

15.1 Subject to the provisions of these Articles, the directors may regulate their proceedings as they think fit.

15.2 A director may, and the secretary at the request of a director shall, call a meeting of the directors.

15.3 The quorum for the transaction of the business of the directors may be fixed by the directors and unless so fixed it shall be two persons.

15.4 Questions arising at a meeting shall be decided by a majority of votes.

15.5 The directors may elect one of their number to be chairman of the board of directors and may at any time remove him from that office.

15.6 If there is no director holding the office of chairman, or if the director holding it, having had notice of a meeting, is not present within five minutes after the time appointed for it, the directors present shall appoint one of their number to be chairman of that meeting.

15.7 In the case of an equality of votes, the chairman shall have a second or casting vote.

15.8 A director who is also an alternate director shall be entitled in the absence of his appointor to a separate vote on behalf of his appointor in addition to his own vote.

15.9 Any director for the time being absent from the United Kingdom shall, if he so requests, be entitled to be given reasonable notice of meetings of the directors to such address in the United Kingdom (if any) as the director may from time to time notify to the Company but save as aforesaid it shall not be necessary to give notice of a meeting to a director who is absent from the United Kingdom.

15.10 An alternate director who is not himself a director may, if his appointor is not present, be counted towards the quorum.

15.11 The continuing directors or a sole continuing director may act notwithstanding any vacancies in their number but, in such case, if the number of directors is less than the number fixed as the quorum, he or they may act only for the purpose of filling vacancies or of calling a general meeting.

15.12 A meeting of the directors shall, subject to notice thereof having been given in accordance with these Articles, for all purposes be deemed to be held when a director is or directors are in communication by telephone or television (or any other form of audio-visual linking) with another director or directors and all of

the directors in communication agree to treat the meeting as so held, if the number of the directors in communication constitutes a quorum of the board in accordance with these Articles. Such a meeting shall be deemed to take place where the largest group of those participating is assembled or, if there is no such group, where the chairman of the meeting then is. A resolution passed by the directors at such a meeting as specified in this Article 15.12 shall be as valid as it would have been if passed at an actual meeting duly convened and held.

15.13 A resolution in writing executed by all the directors entitled to receive notice of a meeting of directors or of a committee of directors shall be as valid and effectual as if it had been passed at a meeting of directors or (as the case may be) a committee of directors duly convened and held and may be contained in one document or in several documents in the same terms each executed by one or more directors; but a resolution executed by an alternate director need not also be signed by his appointor and, if it is executed by a director who has appointed an alternate director, it need not be executed by the alternate director in that capacity.

15.14 A director who is in any way either directly or indirectly interested in a contract or arrangement or proposed contract or arrangement with the Company:-

15.14.1 shall declare the nature of his interest at a meeting of the directors in accordance with section 317 of the Act;

15.14.2 subject to such disclosure, shall be entitled to vote in respect of any contract or arrangement in which he is interested and if he shall do so his vote shall be counted and he may be taken into account in ascertaining whether a quorum is present.

## 16 ALTERNATE DIRECTORS

16.1 Any director may at any time by writing under his hand and deposited at the office, or delivered at a meeting of the directors, appoint any person (including another director) to be his alternate director and may in like manner at any time terminate such appointment. Such appointment, unless previously approved by the directors, shall have effect only upon and subject to being so approved.

16.2 The appointment of an alternate director shall determine on the happening of any event which, if he were a director, would cause him to vacate such office or if his appointor ceases to be a director.

16.3 An alternate director shall (except when absent from the United Kingdom) be entitled to receive notices of meetings of the directors and shall be entitled to attend and vote as a director at any such meeting at which the director appointing him is not personally present and generally at such meeting to perform all the functions of his appointor as a director and for the purposes of the proceedings at such meeting the provisions of these Articles shall apply as if he (instead of his appointor) were a director.

16.4 If an alternate director shall be himself a director or shall attend any such meeting as an alternate for more than one director his voting rights shall be cumulative.

16.5 If his appointor is for the time being absent from the United Kingdom or temporarily unable to act through ill health or disability, the execution by an alternate director of any resolution in writing of the directors shall be as effective as the execution by his appointor.

16.6 To such extent as the directors may from time to time determine in relation to any committees of the directors, the foregoing provisions of this Article 16 shall also apply mutatis mutandis to any meeting of such committee of which the appointor of an alternate director is a member.

16.7 An alternate director shall not (save as provided in this Article 16) have power to act as a director nor shall he be deemed to be a director for the purposes of these Articles, but he shall be an officer of the Company responsible for his own acts and defaults and shall not be deemed to be the agent of the director appointing him.

16.8 An alternate director shall be entitled to contract and be interested in and benefit from contracts or arrangements or transactions and to be repaid expenses and to be indemnified to the same extent mutatis mutandis as if he were a director, but he shall not be entitled to receive from the Company in respect of his appointment as alternate director any remuneration except only such part (if any) of the remuneration otherwise payable to his appointor as such appointor may by notice in writing to the Company from time to time direct.

**17 EXECUTION OF DOCUMENTS**

Where the Act so permits, any instrument signed by one director and the secretary or by two directors and expressed to be executed by the Company as a deed shall have the same effect as if executed under the seal, provided that no instrument shall be so signed which makes it clear on its face that it is intended by the person or persons making it to have effect as a deed without the authority of the directors or of a committee authorised by the directors in that behalf. If the Company has a seal, it shall be used only with the authority of the directors or of a committee of the directors. The obligation under regulation 6 of Table A relating to the sealing of share certificates shall only apply if the Company has a seal.

**18 DIVIDENDS**

The directors may deduct from any dividend payable on or in respect of a share all sums of money presently payable by the holder to the Company on any account whatsoever.

**19 NOTICES**

19.1 A notice or other document may be given by the Company to any member in writing either by hand or by sending it by pre-paid first class post or facsimile telecopier (**"fax"**) to his registered address within the United Kingdom or to his fax number supplied by him to the Company for the giving of notice to him, except in the case of a share certificate and only if an address has been specified by the member for such purpose, by electronic communication. In the absence of an address or fax number the member shall not be entitled to receive from the Company notice of any meeting.

19.2 In the case of joint holders of a share, all notices shall be given to the joint holder whose name stands first in the register of members in respect of the joint holding and notice so given shall be sufficient notice to all the joint holders.

19.3 Notices shall be deemed to have been received:-

19.3.1 if delivered by hand, on the day of delivery;

19.3.2 if sent by first class post, two business days after posting exclusive of the day of posting;

19.3.3 if sent by fax at the time of transmission or, if the time of transmission is not during the addressee's normal business hours, at 9.30 am on the next business day;

19.3.4 if sent by electronic communication, at the expiration of 48 hours after the time it was sent.

19.4 Any notice or other document may only be served on, or delivered to, the Company by anyone:

19.4.1 by sending it through the post in a pre-paid envelope addressed to the Company or any officer of the Company at the office or such other place in the United Kingdom as may from time to time be specified by the Company;

19.4.2 by delivery of it by hand to the office or such other place in the United Kingdom as may from time to time be specified by the Company;

19.4.3 if an address has been specified by the Company for such purpose (and in the case of an appointment of a proxy such address has been specified in a document or other communication referred to in Article 9.6), by electronic communication.

**20 INDEMNITY**

Subject to the provisions of and so far as may be permitted by the Act, every director (including an alternate director), secretary or other officer of the Company shall be entitled to be indemnified out of the assets of the Company against all costs, charges, losses, expenses and liabilities incurred or sustained by him in or about the lawful execution and discharge of his duties or otherwise in relation thereto, including any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted. Regulation 118 of Table A shall be extended accordingly.

## ARTICLE I

## CORPORATE OFFICES

**1.1** *Principal Office*

The board of directors shall fix the location of the principal executive office of the corporation at any place within or outside the State of California. If the principal executive office is located outside such state and the corporation has one or more business offices in such state, then the board of directors shall fix and designate a principal business office in the State of California.

**1.2** *Other Offices*

The board of directors may at any time establish branch or subordinate offices at any place or places where the corporation is qualified to do business.

## ARTICLE II

## MEETINGS OF SHAREHOLDERS

**2.1** *Place Of Meetings*

Meetings of shareholders shall be held at any place within or outside the State of California designated by the board of directors. In the absence of any such designation, shareholders' meetings shall be held at the principal executive office of the corporation.

**2.2** *Annual Meeting*

The annual meeting of shareholders shall be held each year on a date and at a time designated by the board of directors. In the absence of such designation, the annual meeting of shareholders shall be held on the third Wednesday of May in each year at 10:00 a.m. However, if such day falls on a legal holiday, then the meeting shall be held at the same time and place on the next succeeding full business day. At the meeting, directors shall be elected, and any other proper business may be transacted.

**2.3** *Special Meeting*

A special meeting of the shareholders may be called at any time by the board of directors, or by the chairman of the board, or by the president, or by one or more shareholders holding shares in the aggregate entitled to cast not less than ten percent (10%) of the votes at that meeting.

If a special meeting is called by any person or persons other than the board of directors or the president or the chairman of the board, then the request shall be in writing, specifying the time of such meeting and the general nature of the business proposed to be transacted, and shall be delivered personally or sent by registered mail or by telegraphic or other facsimile transmission to the chairman of the board, the president, any vice president or the secretary of the corporation. The officer receiving the request shall cause notice to be promptly given to the shareholders entitled to vote, in accordance with the provisions of Sections 2.4 and 2.5 of these bylaws, that a meeting will be held at the time requested by the person or persons calling the meeting, so long as that time is not less than thirty-five (35) nor more than sixty (60) days after the receipt of the request. If the notice is not given within twenty (20) days after receipt of the request, then the person or persons requesting the meeting may give the notice. Nothing contained in this paragraph of this Section 2.3 shall be construed as limiting, fixing or affecting the time when a meeting of shareholders called by action of the board of directors may be held.

**2.4** *Notice Of Shareholders' Meetings*

All notices of meetings of shareholders shall be sent or otherwise given in accordance with Section 2.5 of these bylaws not less than ten (10) (or, if sent by third-class mail pursuant to Section 2.5 of these bylaws, thirty (30)) nor more than sixty (60) days before the date of the meeting. The notice shall specify the place, date, and hour of the meeting and (i) in the case of a special meeting, the general nature of the business to be transacted (no business other than that specified in the notice may be transacted) or (ii) in the case of the annual meeting, those matters which the board of directors, at the time of giving the notice, intends to present for action by the shareholders (but subject to the provisions of the next paragraph of this Section 2.4 any proper matter may be presented at the meeting for such action). The notice of any meeting at which directors are to be elected shall include the name of any nominee or nominees who, at the time of the notice, the board intends to present for election.

If action is proposed to be taken at any meeting for approval of (i) a contract or transaction in which a director has a direct or indirect financial interest, pursuant to Section 310 of the Corporations Code of California (the "Code"), (ii) an amendment of the Article s of incorporation, pursuant to Section 902 of the Code, (iii) a reorganization of the corporation, pursuant to Section 1201 of the Code, (iv) a voluntary dissolution of the corporation, pursuant to Section 1900 of the Code, or (v) a distribution in dissolution other than in accordance with the rights of outstanding preferred shares, pursuant to Section 2007 of the Code, then the notice shall also state the general nature of that proposal.

**2.5** *Manner Of Giving Notice; Affidavit Of Notice*

Written notice of any meeting of shareholders shall be given either (i) personally or (ii) by first-class mail or (iii) by third-class mail but only if the corporation has outstanding shares held of record by five hundred (500) or more persons (determined as provided in Section 605 of the Code) on the record date for the shareholders' meeting, or (iv) by telegraphic or other written communication. Notices not personally delivered shall be sent charges prepaid and shall be addressed to the shareholder at the address of that shareholder appearing on the books of the corporation or given by the shareholder to the corporation for the purpose of notice. If no such address appears on the corporation's books or is given, notice shall be deemed to have been given if sent to that shareholder by mail or telegraphic or other written communication to the corporation's principal executive office, or if published at least once in a newspaper of general circulation in the county where that office is located. Notice shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by telegram or other means of written communication.

If any notice addressed to a shareholder at the address of that shareholder appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice to the shareholder at that address, then all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available to the shareholder on written demand of the shareholder at the principal executive office of the corporation for a period of one (1) year from the date of the giving of the notice.

An affidavit of the mailing or other means of giving any notice of any shareholders' meeting, executed by the secretary, assistant secretary or any transfer agent of the corporation giving the notice, shall be prima facie evidence of the giving of such notice.

**2.6** *Quorum*

The presence in person or by proxy of the holders of a majority of the shares entitled to vote thereat constitutes a quorum for the transaction of business at all meetings of shareholders. The shareholders present at a duly called or held meeting at which a quorum is present may continue to do business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the shares required to constitute a quorum.

**2.7** *Adjourned Meeting; Notice*

Any shareholders' meeting, annual or special, whether or not a quorum is present, may be adjourned from time to time by the vote of the majority of the shares represented at that meeting, either in person or by proxy. In the absence of a quorum, no other business may be transacted at that meeting except as provided in Section 2.6 of these bylaws.

When any meeting of shareholders, either annual or special, is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place are announced at the

meeting at which the adjournment is taken. However, if a new record date for the adjourned meeting is fixed or if the adjournment is for more than forty-five (45) days from the date set for the original meeting, then notice of the adjourned meeting shall be given. Notice of any such adjourned meeting shall be given to each shareholder of record entitled to vote at the adjourned meeting in accordance with the provisions of Sections 2.4 and 2.5 of these bylaws. At any adjourned meeting the corporation may transact any business which might have been transacted at the original meeting.

**2.8** *Voting*

The shareholders entitled to vote at any meeting of shareholders shall be determined in accordance with the provisions of Section 2.11 of these bylaws, subject to the provisions of Sections 702 through 704 of the Code (relating to voting shares held by a fiduciary, in the name of a corporation or in joint ownership).

The shareholders' vote may be by voice vote or by ballot; provided, however, that any election for directors must be by ballot if demanded by any shareholder at the meeting and before the voting has begun.

Except as provided in the last paragraph of this Section 2.8, or as may be otherwise provided in the Article s of incorporation, each outstanding share, regardless of class, shall be entitled to one vote on each matter submitted to a vote of the shareholders. Any shareholder entitled to vote on any matter may vote part of the shares in favor of the proposal and refrain from voting the remaining shares or, except when the matter is the election of directors, may vote them against the proposal; but, if the shareholder fails to specify the number of shares which the shareholder is voting affirmatively, it will be conclusively presumed that the shareholder's approving vote is with respect to all shares which the shareholder is entitled to vote.

If a quorum is present, the affirmative vote of the majority of the shares represented and voting at a duly held meeting (which shares voting affirmatively also constitute at least a majority of the required quorum) shall be the act of the shareholders, unless the vote of a greater number or a vote by classes is required by the Code or by the Articles of incorporation.

At a shareholders' meeting at which directors are to be elected, a shareholder shall be entitled to cumulate votes (i.e., cast for any candidate a number of votes greater than the number of votes which such shareholder normally is entitled to cast) if the candidates' names have been placed in nomination prior to commencement of the voting and the shareholder has given notice prior to commencement of the voting of the shareholder's intention to cumulate votes. If any shareholder has given such a notice, then every shareholder entitled to vote may cumulate votes for candidates in nomination either (i) by giving one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which that shareholder's shares are normally entitled or (ii) by distributing the shareholder's votes on the same principle among any or all of the candidates, as the shareholder thinks fit. The candidates receiving the highest number of affirmative votes, up to the number of directors to be elected, shall be elected; votes against any candidate and votes withheld shall have no legal effect.

**2.9** *Validation Of Meetings; Waiver Of Notice; Consent*

The transactions of any meeting of shareholders, either annual or special, however called and noticed, and wherever held, shall be as valid as though they had been taken at a meeting duly held after regular call and notice, if a quorum be present either in person or by proxy, and if, either before or after the meeting, each person entitled to vote, who was not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. The waiver of notice or consent or approval need not specify either the business to be transacted or the purpose of any annual or special meeting of shareholders, except that if action is taken or proposed to be taken for approval of any of those matters specified in the second paragraph of Section 2.4 of these bylaws, the waiver of notice or consent or approval shall state the general nature of the proposal. All such waivers, consents, and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Attendance by a person at a meeting shall also constitute a waiver of notice of and presence at that meeting, except when the person objects at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Attendance at a meeting is not a waiver of any right to object to the consideration of matters required by the Code to be included in the notice of the meeting but not so included, if that objection is expressly made at the meeting.

**2.10** *Shareholder Action By Written Consent Without A Meeting*

Any action which may be taken at any annual or special meeting of shareholders may be taken without a meeting and without prior notice, if a consent in writing, setting forth the action so taken, is signed by the holders of outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all shares entitled to vote on that action were present and voted.

In the case of election of directors, such a consent shall be effective only if signed by the holders of all outstanding shares entitled to vote for the election of directors. However, a director may be elected at any time to fill any vacancy on the board of directors, provided that it was not created by removal of a director and that it has not been filled by the directors, by the written consent of the holders of a majority of the outstanding shares entitled to vote for the election of directors.

All such consents shall be maintained in the corporate records. Any shareholder giving a written consent, or the shareholder's proxy holders, or a transferee of the shares, or a personal representative of the shareholder, or their respective proxy holders, may revoke the consent by a writing received by the secretary of the corporation before written consents of the number of shares required to authorize the proposed action have been filed with the secretary.

If the consents of all shareholders entitled to vote have not been solicited in writing and if the unanimous written consent of all such shareholders has not been received, then the secretary shall give prompt notice of the corporate action approved by the shareholders without a meeting. Such notice shall be given to those shareholders entitled to vote who have not consented in writing and shall be given in the manner specified in Section 2.5 of these bylaws. In the case of approval of (i) a contract or transaction in which a director has a direct or indirect financial interest, pursuant to

Section 310 of the Code, (ii) indemnification of a corporate "agent," pursuant to Section 317 of the Code, (iii) a reorganization of the corporation, pursuant to Section 1201 of the Code, and (iv) a distribution in dissolution other than in accordance with the rights of outstanding preferred shares, pursuant to Section 2007 of the Code, the notice shall be given at least ten (10) days before the consummation of any action authorized by that approval.

**2.11** *Record Date For Shareholder Notice; Voting; Giving Consents*

For purposes of determining the shareholders entitled to notice of any meeting or to vote thereat or entitled to give consent to corporate action without a meeting, the board of directors may fix, in advance, a record date, which shall not be more than sixty (60) days nor less than ten (10) days before the date of any such meeting nor more than sixty (60) days before any such action without a meeting, and in such event only shareholders of record on the date so fixed are entitled to notice and to vote or to give consents, as the case may be, notwithstanding any transfer of any shares on the books of the corporation after the record date, except as otherwise provided in the Code.

If the board of directors does not so fix a record date:

(a) the record date for determining shareholders entitled to notice of or to vote at a meeting of shareholders shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held; and

(b) the record date for determining shareholders entitled to give consent to corporate action in writing without a meeting, (i) when no prior action by the board has been taken, shall be the day on which the first written consent is given, or (ii) when prior action by the board has been taken, shall be at the close of business on the day on which the board adopts the resolution relating to that action, or the sixtieth (60th) day before the date of such other action, whichever is later.

The record date for any other purpose shall be as provided in Article VIII of these bylaws.

**2.12** *Proxies*

Every person entitled to vote for directors, or on any other matter, shall have the right to do so either in person or by one or more agents authorized by a written proxy signed by the person and filed with the secretary of the corporation. A proxy shall be deemed signed if the shareholder's name is placed on the proxy (whether by manual signature, typewriting, telegraphic transmission or otherwise) by the shareholder or the shareholder's attorney-in-fact. A validly executed proxy which does not state that it is irrevocable shall continue in full force and effect unless (i) the person who executed the proxy revokes it prior to the time of voting by delivering a writing to the corporation stating that the proxy is revoked or by executing a subsequent proxy and presenting it to the meeting or by voting in person at the meeting, or (ii) written notice of the death or incapacity of the maker of that proxy is received by the corporation before the vote pursuant to that proxy is counted; provided, however, that no proxy shall be valid after the expiration of eleven (11) months from the date of the proxy, unless otherwise provided in the proxy. The dates contained on the forms of proxy

presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed. The revocability of a proxy that states on its face that it is irrevocable shall be governed by the provisions of Sections 705(e) and 705(f) of the Code.

**2.13** *Inspectors Of Election*

Before any meeting of shareholders, the board of directors may appoint an inspector or inspectors of election to act at the meeting or its adjournment. If no inspector of election is so appointed, then the chairman of the meeting may, and on the request of any shareholder or a shareholder's proxy shall, appoint an inspector or inspectors of election to act at the meeting. The number of inspectors shall be either one (1) or three (3). If inspectors are appointed at a meeting pursuant to the request of one (1) or more shareholders or proxies, then the holders of a majority of shares or their proxies present at the meeting shall determine whether one (1) or three (3) inspectors are to be appointed. If any person appointed as inspector fails to appear or fails or refuses to act, then the chairman of the meeting may, and upon the request of any shareholder or a shareholder's proxy shall, appoint a person to fill that vacancy.

Such inspectors shall:

(a) determine the number of shares outstanding and the voting power of each, the number of shares represented at the meeting, the existence of a quorum, and the authenticity, validity, and effect of proxies;

(b) receive votes, ballots or consents;

(c) hear and determine all challenges and questions in any way arising in connection with the right to vote;

(d) count and tabulate all votes or consents;

(e) determine when the polls shall close;

(f) determine the result; and

(g) do any other acts that may be proper to conduct the election or vote with fairness to all shareholders.

## ARTICLE III

## DIRECTORS

**3.1** *Powers*

Subject to the provisions of the Code and any limitations in the Article s of incorporation and these bylaws relating to action required to be approved by the shareholders or by the outstanding shares, the business and affairs of the corporation shall be managed and all corporate powers shall be exercised by or under the direction of the board of directors.

**3.2** *Number Of Directors*

The authorized number of directors of the corporation shall be one (1) until changed by a duly adopted amendment to the Article s of incorporation or by an amendment to this bylaw adopted by the vote or written consent of holders of a majority of the outstanding shares entitled to vote.

No reduction of the authorized number of directors shall have the effect of removing any director before that director's term of office expires.

**3.3** *Election And Term Of Office Of Directors*

Directors shall be elected at each annual meeting of shareholders to hold office until the next annual meeting. Each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

**3.4** *Resignation And Vacancies*

Any director may resign effective on giving written notice to the chairman of the board, the president, the secretary or the board of directors, unless the notice specifies a later time for that resignation to become effective. If the resignation of a director is effective at a future time, the board of directors may elect a successor to take office when the resignation becomes effective.

Vacancies in the board of directors may be filled by a majority of the remaining directors, even if less than a quorum, or by a sole remaining director; however, a vacancy created by the removal of a director by the vote or written consent of the shareholders or by court order may be filled only by the affirmative vote of a majority of the shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute a majority of the required quorum), or by the unanimous written consent of all shares entitled to vote thereon. Each director so elected shall hold office until the next annual meeting of the shareholders and until a successor has been elected and qualified.

A vacancy or vacancies in the board of directors shall be deemed to exist (i) in the event of the death, resignation or removal of any director, (ii) if the board of directors by resolution declares vacant the office of a director who has been declared of unsound mind by an order of court or convicted of a felony, (iii) if the authorized number of directors is increased, or (iv) if the shareholders fail, at any meeting of shareholders at which any director or directors are elected, to elect the number of directors to be elected at that meeting.

The shareholders may elect a director or directors at any time to fill any vacancy or vacancies not filled by the directors, but any such election other than to fill a vacancy created by removal, if by written consent, shall require the consent of the holders of a majority of the outstanding shares entitled to vote thereon.

**3.5** *Place Of Meetings; Meetings By Telephone*

Regular meetings of the board of directors may be held at any place within or outside the State of California that has been designated from time to time by resolution of the board. In the

absence of such a designation, regular meetings shall be held at the principal executive office of the corporation. Special meetings of the board may be held at any place within or outside the State of California that has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, at the principal executive office of the corporation.

Any meeting, regular or special, may be held by conference telephone or similar communication equipment, so long as all directors participating in the meeting can hear one another; and all such directors shall be deemed to be present in person at the meeting.

**3.6** *Regular Meetings*

Regular meetings of the board of directors may be held without notice if the times of such meetings are fixed by the board of directors.

**3.7** *Special Meetings; Notice*

Special meetings of the board of directors for any purpose or purposes may be called at any time by the chairman of the board, the president, any vice president, the secretary or any two (2) directors.

Notice of the time and place of special meetings shall be delivered personally or by telephone to each director or sent by first-class mail or telegram, charges prepaid, addressed to each director at that director's address as it is shown on the records of the corporation. If the notice is mailed, it shall be deposited in the United States mail at least four (4) days before the time of the holding of the meeting. If the notice is delivered personally or by telephone or telegram, it shall be delivered personally or by telephone or to the telegraph company at least forty-eight (48) hours before the time of the holding of the meeting. Any oral notice given personally or by telephone may be communicated either to the director or to a person at the office of the director who the person giving the notice has reason to believe will promptly communicate it to the director. The notice need not specify the purpose or the place of the meeting, if the meeting is to be held at the principal executive office of the corporation.

**3.8** *Quorum*

A majority of the authorized number of directors shall constitute a quorum for the transaction of business, except to adjourn as provided in Section 3.10 of these bylaws. Every act or decision done or made by a majority of the directors present at a duly held meeting at which a quorum is present shall be regarded as the act of the board of directors, subject to the provisions of Section 310 of the Code (as to approval of contracts or transactions in which a director has a direct or indirect material financial interest), Section 311 of the Code (as to appointment of committees), Section 317(e) of the Code (as to indemnification of directors), the Article s of incorporation, and other applicable law.

A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

**3.9** *Waiver Of Notice*

Notice of a meeting need not be given to any director (i) who signs a waiver of notice or a consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or (ii) who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such directors. All such waivers, consents, and approvals shall be filed with the corporate records or made part of the minutes of the meeting. A waiver of notice need not specify the purpose of any regular or special meeting of the board of directors.

**3.10** *Adjournment*

A majority of the directors present, whether or not constituting a quorum, may adjourn any meeting to another time and place.

**3.11** *Notice Of Adjournment*

Notice of the time and place of holding an adjourned meeting need not be given unless the meeting is adjourned for more than twenty-four (24) hours. If the meeting is adjourned for more than twenty-four (24) hours, then notice of the time and place of the adjourned meeting shall be given before the adjourned meeting takes place, in the manner specified in Section 3.7 of these bylaws, to the directors who were not present at the time of the adjournment.

**3.12** *Board Action By Written Consent Without A Meeting*

Any action required or permitted to be taken by the board of directors may be taken without a meeting, provided that all members of the board individually or collectively consent in writing to that action. Such action by written consent shall have the same force and effect as a unanimous vote of the board of directors. Such written consent and any counterparts thereof shall be filed with the minutes of the proceedings of the board.

**3.13** *Fees And Compensation Of Directors*

Directors and members of committees may receive such compensation, if any, for their services and such reimbursement of expenses as may be fixed or determined by resolution of the board of directors. This Section 3.13 shall not be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee or otherwise and receiving compensation for those services.

**3.14** *Removal*

The entire board of directors or any individual director may be removed from office without cause by the affirmative vote of a majority of the outstanding shares entitled to vote on such removal; provided, however, that unless the entire board is removed, no individual director may be removed when the votes cast against such director's removal, or not consenting in writing to such removal, would be sufficient to elect that director if voted cumulatively at an election at which the same total number of votes cast were cast (or, if such action is taken by written consent, all shares

entitled to vote were voted) and the entire number of directors authorized at the time of such director's most recent election were then being elected.

**3.15** *Approval of Loans to Officers*

If these bylaws have been approved by the corporation's shareholders in accordance with the Code, the corporation may, upon the approval of the board of directors alone, make loans of money or property to, or guarantee the obligations of, any officer of the corporation or of its parent, if any, whether or not a director, or adopt an employee benefit plan or plans authorizing such loans or guaranties provided that (i) the board of directors determines that such a loan or guarantee or plan may reasonably be expected to benefit the corporation, (ii) the corporation has outstanding shares held of record by 100 or more persons (determined as provided in Section 605 of the Code) on the date of approval by the board of directors, and (iii) the approval of the board of directors is by a vote sufficient without counting the vote of any interested director or directors. Notwithstanding the foregoing, the corporation shall have the power to make loans permitted by the Code.

## ARTICLE IV

## COMMITTEES

**4.1** *Committees Of Directors*

The board of directors may, by resolution adopted by a majority of the authorized number of directors, designate one (1) or more committees, each consisting of two or more directors, to serve at the pleasure of the board. The board may designate one (1) or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. The appointment of members or alternate members of a committee requires the vote of a majority of the authorized number of directors. Any committee, to the extent provided in the resolution of the board, shall have all the authority of the board, except with respect to:

(a) the approval of any action which, under the Code, also requires shareholders' approval or approval of the outstanding shares;

(b) the filling of vacancies on the board of directors or in any committee;

(c) the fixing of compensation of the directors for serving on the board or any committee;

(d) the amendment or repeal of these bylaws or the adoption of new bylaws;

(e) the amendment or repeal of any resolution of the board of directors which by its express terms is not so amendable or repealable;

(f) a distribution to the shareholders of the corporation, except at a rate or in a periodic amount or within a price range determined by the board of directors; or

(g) the appointment of any other committees of the board of directors or the members of such committees.

**4.2** *Meetings And Action Of Committees*

Meetings and actions of committees shall be governed by, and held and taken in accordance with, the provisions of Article III of these bylaws, Section 3.5 (place of meetings), Section 3.6 (regular meetings), Section 3.7 (special meetings and notice), Section 3.8 (quorum), Section 3.9 (waiver of notice), Section 3.10 (adjournment), Section 3.11 (notice of adjournment), and Section 3.12 (action without meeting), with such changes in the context of those bylaws as are necessary to substitute the committee and its members for the board of directors and its members; provided, however, that the time of regular meetings of committees may be determined either by resolution of the board of directors or by resolution of the committee, that special meetings of committees may also be called by resolution of the board of directors, and that notice of special meetings of committees shall also be given to all alternate members, who shall have the right to attend all meetings of the committee. The board of directors may adopt rules for the government of any committee not inconsistent with the provisions of these bylaws.

## ARTICLE V

## OFFICERS

**5.1** *Officers*

The officers of the corporation shall be a president, a secretary, and a chief financial officer. The corporation may also have, at the discretion of the board of directors, a chairman of the board, one or more vice presidents, one or more assistant secretaries, one or more assistant treasurers, and such other officers as may be appointed in accordance with the provisions of Section 5.3 of these bylaws. Any number of offices may be held by the same person.

**5.2** *Election Of Officers*

The officers of the corporation, except such officers as may be appointed in accordance with the provisions of Section 5.3 or Section 5.5 of these bylaws, shall be chosen by the board, subject to the rights, if any, of an officer under any contract of employment.

**5.3** *Subordinate Officers*

The board of directors may appoint, or may empower the president to appoint, such other officers as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these bylaws or as the board of directors may from time to time determine.

**5.4** *Removal And Resignation Of Officers*

Subject to the rights, if any, of an officer under any contract of employment, any officer may be removed, either with or without cause, by the board of directors at any regular or special meeting

of the board or, except in case of an officer chosen by the board of directors, by any officer upon whom such power of removal may be conferred by the board of directors.

Any officer may resign at any time by giving written notice to the corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation shall not be necessary to make it effective. Any resignation is without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party.

**5.5** *Vacancies In Offices*

A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these bylaws for regular appointments to that office.

**5.6** *Chairman Of The Board*

The chairman of the board, if such an officer be elected, shall, if present, preside at meetings of the board of directors and exercise and perform such other powers and duties as may from time to time be assigned to him by the board of directors or as may be prescribed by these bylaws. If there is no president, then the chairman of the board shall also be the chief executive officer of the corporation and shall have the powers and duties prescribed in Section 5.7 of these bylaws.

**5.7** *President*

Subject to such supervisory powers, if any, as may be given by the board of directors to the chairman of the board, if there be such an officer, the president shall be the chief executive officer of the corporation and shall, subject to the control of the board of directors, have general supervision, direction, and control of the business and the officers of the corporation. He shall preside at all meetings of the shareholders and, in the absence or nonexistence of a chairman of the board, at all meetings of the board of directors. He shall have the general powers and duties of management usually vested in the office of president of a corporation, and shall have such other powers and duties as may be prescribed by the board of directors or these bylaws.

**5.8** *Vice Presidents*

In the absence or disability of the president, the vice presidents, if any, in order of their rank as fixed by the board of directors or, if not ranked, a vice president designated by the board of directors, shall perform all the duties of the president and when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the board of directors, these bylaws, the president or the chairman of the board.

**5.9** *Secretary*

The secretary shall keep or cause to be kept, at the principal executive office of the corporation or such other place as the board of directors may direct, a book of minutes of all meetings and actions of directors, committees of directors and shareholders. The minutes shall show

the time and place of each meeting, whether regular or special (and, if special, how authorized and the notice given), the names of those present at directors' meetings or committee meetings, the number of shares present or represented at shareholders' meetings, and the proceedings thereof.

The secretary shall keep, or cause to be kept, at the principal executive office of the corporation or at the office of the corporation's transfer agent or registrar, as determined by resolution of the board of directors, a share register, or a duplicate share register, showing the names of all shareholders and their addresses, the number and classes of shares held by each, the number and date of certificates evidencing such shares, and the number and date of cancellation of every certificate surrendered for cancellation.

The secretary shall give, or cause to be given, notice of all meetings of the shareholders and of the board of directors required to be given by law or by these bylaws. He shall keep the seal of the corporation, if one be adopted, in safe custody and shall have such other powers and perform such other duties as may be prescribed by the board of directors or by these bylaws.

**5.10** *Chief Financial Officer*

The chief financial officer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, retained earnings, and shares. The books of account shall at all reasonable times be open to inspection by any director.

The chief financial officer shall deposit all money and other valuables in the name and to the credit of the corporation with such depositaries as may be designated by the board of directors. He shall disburse the funds of the corporation as may be ordered by the board of directors, shall render to the president and directors, whenever they request it, an account of all of his transactions as chief financial officer and of the financial condition of the corporation, and shall have such other powers and perform such other duties as may be prescribed by the board of directors or these bylaws.

## ARTICLE VI

## INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES, AND OTHER AGENTS

**6.1** *Indemnification Of Directors And Officers*

The corporation shall, to the maximum extent and in the manner permitted by the Code, indemnify each of its directors and officers against expenses (as defined in Section 317(a) of the Code), judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with any proceeding (as defined in Section 317(a) of the Code), arising by reason of the fact that such person is or was an agent of the corporation. For purposes of this Article VI, a "director" or "officer" of the corporation includes any person (i) who is or was a director or officer of the corporation, (ii) who is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, or (iii) who was a director or

officer of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation.

**6.2** *Indemnification Of Others*

The corporation shall have the power, to the extent and in the manner permitted by the Code, to indemnify each of its employees and agents (other than directors and officers) against expenses (as defined in Section 317(a) of the Code), judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with any proceeding (as defined in Section 317(a) of the Code), arising by reason of the fact that such person is or was an agent of the corporation. For purposes of this Article VI, an "employee" or "agent" of the corporation (other than a director or officer) includes any person (i) who is or was an employee or agent of the corporation, (ii) who is or was serving at the request of the corporation as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise, or (iii) who was an employee or agent of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation.

**6.3** *Payment Of Expenses In Advance*

Expenses incurred in defending any civil or criminal action or proceeding for which indemnification is required pursuant to Section 6.1 or for which indemnification is permitted pursuant to Section 6.2 following authorization thereof by the Board of Directors shall be paid by the corporation in advance of the final disposition of such action or proceeding upon receipt of an undertaking by or on behalf of the indemnified party to repay such amount if it shall ultimately be determined that the indemnified party is not entitled to be indemnified as authorized in this Article VI.

**6.4** *Indemnity Not Exclusive*

The indemnification provided by this Article VI shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in an official capacity and as to action in another capacity while holding such office, to the extent that such additional rights to indemnification are authorized in the Articles of Incorporation.

**6.5** *Insurance Indemnification*

The corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against or incurred by such person in such capacity or arising out of such person's status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this Article VI.

**6.6** *Conflicts*

No indemnification or advance shall be made under this Article VI, except where such indemnification or advance is mandated by law or the order, judgment or decree of any court of competent jurisdiction, in any circumstance where it appears:

(1) That it would be inconsistent with a provision of the Articles of Incorporation, these bylaws, a resolution of the shareholders or an agreement in effect at the time of the accrual of the alleged cause of the action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(2) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

## ARTICLE VII

## RECORDS AND REPORTS

**7.1** *Maintenance And Inspection Of Share Register*

The corporation shall keep either at its principal executive office or at the office of its transfer agent or registrar (if either be appointed), as determined by resolution of the board of directors, a record of its shareholders listing the names and addresses of all shareholders and the number and class of shares held by each shareholder.

A shareholder or shareholders of the corporation who holds at least five percent (5%) in the aggregate of the outstanding voting shares of the corporation or who holds at least one percent (1%) of such voting shares and has filed a Schedule 14B with the Securities and Exchange Commission relating to the election of directors, may (i) inspect and copy the records of shareholders' names, addresses, and shareholdings during usual business hours on five (5) days' prior written demand on the corporation, (ii) obtain from the transfer agent of the corporation, on written demand and on the tender of such transfer agent's usual charges for such list, a list of the names and addresses of the shareholders who are entitled to vote for the election of directors, and their shareholdings, as of the most recent record date for which that list has been compiled or as of a date specified by the shareholder after the date of demand. Such list shall be made available to any such shareholder by the transfer agent on or before the later of five (5) days after the demand is received or five (5) days after the date specified in the demand as the date as of which the list is to be compiled.

The record of shareholders shall also be open to inspection on the written demand of any shareholder or holder of a voting trust certificate, at any time during usual business hours, for a purpose reasonably related to the holder's interests as a shareholder or as the holder of a voting trust certificate.

Any inspection and copying under this Section 7.1 may be made in person or by an agent or attorney of the shareholder or holder of a voting trust certificate making the demand.

**7.2** *Maintenance And Inspection Of Bylaws*

The corporation shall keep at its principal executive office or, if its principal executive office is not in the State of California, at its principal business office in California the original or a copy of these bylaws as amended to date, which bylaws shall be open to inspection by the shareholders at all reasonable times during office hours. If the principal executive office of the corporation is outside the State of California and the corporation has no principal business office in such state, then the secretary shall, upon the written request of any shareholder, furnish to that shareholder a copy of these bylaws as amended to date.

**7.3** *Maintenance And Inspection Of Other Corporate Records*

The accounting books and records and the minutes of proceedings of the shareholders, of the board of directors, and of any committee or committees of the board of directors shall be kept at such place or places as are designated by the board of directors or, in absence of such designation, at the principal executive office of the corporation. The minutes shall be kept in written form, and the accounting books and records shall be kept either in written form or in any other form capable of being converted into written form.

The minutes and accounting books and records shall be open to inspection upon the written demand of any shareholder or holder of a voting trust certificate, at any reasonable time during usual business hours, for a purpose reasonably related to the holder's interests as a shareholder or as the holder of a voting trust certificate. The inspection may be made in person or by an agent or attorney and shall include the right to copy and make extracts. Such rights of inspection shall extend to the records of each subsidiary corporation of the corporation.

**7.4** *Inspection By Directors*

Every director shall have the absolute right at any reasonable time to inspect all books, records, and documents of every kind as well as the physical properties of the corporation and each of its subsidiary corporations. Such inspection by a director may be made in person or by an agent or attorney. The right of inspection includes the right to copy and make extracts of documents.

**7.5** *Annual Report To Shareholders; Waiver*

The board of directors shall cause an annual report to be sent to the shareholders not later than one hundred twenty (120) days after the close of the fiscal year adopted by the corporation. Such report shall be sent at least fifteen (15) days (or, if sent by third-class mail, thirty-five (35) days) before the annual meeting of shareholders to be held during the next fiscal year and in the manner specified in Section 2.5 of these bylaws for giving notice to shareholders of the corporation.

The annual report shall contain (i) a balance sheet as of the end of the fiscal year, (ii) an income statement, (iii) a statement of changes in financial position for the fiscal year, and (iv) any report of independent accountants or, if there is no such report, the certificate of an authorized officer of the corporation that the statements were prepared without audit from the books and records of the corporation.

The foregoing requirement of an annual report shall be waived so long as the shares of the corporation are held by fewer than one hundred (100) holders of record.

**7.6** *Financial Statements*

If no annual report for the fiscal year has been sent to shareholders, then the corporation shall, upon the written request of any shareholder made more than one hundred twenty (120) days after the close of such fiscal year, deliver or mail to the person making the request, within thirty (30) days thereafter, a copy of a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year.

If a shareholder or shareholders holding at least five percent (5%) of the outstanding shares of any class of stock of the corporation makes a written request to the corporation for an income statement of the corporation for the three-month, six-month or nine-month period of the then current fiscal year ended more than thirty (30) days before the date of the request, and for a balance sheet of the corporation as of the end of that period, then the chief financial officer shall cause that statement to be prepared, if not already prepared, and shall deliver personally or mail that statement or statements to the person making the request within thirty (30) days after the receipt of the request. If the corporation has not sent to the shareholders its annual report for the last fiscal year, the statements referred to in the first paragraph of this Section 7.6 shall likewise be delivered or mailed to the shareholder or shareholders within thirty (30) days after the request.

The quarterly income statements and balance sheets referred to in this Sections hall be accompanied by the report, if any, of any independent accountants engaged by the corporation or by the certificate of an authorized officer of the corporation that the financial statements were prepared without audit from the books and records of the corporation.

**7.7** *Representation Of Shares Of Other Corporations*

The chairman of the board, the president, any vice president, the chief financial officer, the secretary or assistant secretary of this corporation, or any other person authorized by the board of directors or the president or a vice president, is authorized to vote, represent, and exercise on behalf of this corporation all rights incident to any and all shares of any other corporation or corporations standing in the name of this corporation. The authority herein granted may be exercised either by such person directly or by any other person authorized to do so by proxy or power of attorney duly executed by such person having the authority.

## ARTICLE VIII

### GENERAL MATTERS

**8.1** *Record Date For Purposes Other Than Notice And Voting*

For purposes of determining the shareholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the shareholders entitled to exercise any rights in respect of any other lawful action (other than action by shareholders by written consent without a

meeting), the board of directors may fix, in advance, a record date, which shall not be more than sixty (60) days before any such action. In that case, only shareholders of record at the close of business on the date so fixed are entitled to receive the dividend, distribution or allotment of rights, or to exercise such rights, as the case may be, notwithstanding any transfer of any shares on the books of the corporation after the record date so fixed, except as otherwise provided in the Code.

If the board of directors does not so fix a record date, then the record date for determining shareholders for any such purpose shall be at the close of business on the day on which the board adopts the applicable resolution or the sixtieth (60th) day before the date of that action, whichever is later.

**8.2** *Checks; Drafts; Evidences Of Indebtedness*

From time to time, the board of directors shall determine by resolution which person or persons may sign or endorse all checks, drafts, other orders for payment of money, notes or other evidences of indebtedness that are issued in the name of or payable to the corporation, and only the persons so authorized shall sign or endorse those instruments.

**8.3** *Corporate Contracts And Instruments: How Executed*

The board of directors, except as otherwise provided in these bylaws, may authorize any officer or officers, or agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the corporation; such authority may be general or confined to specific instances. Unless so authorized or ratified by the board of directors or within the agency power of an officer, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

**8.4** *Certificates For Shares*

A certificate or certificates for shares of the corporation shall be issued to each shareholder when any of such shares are fully paid. The board of directors may authorize the issuance of certificates for shares partly paid provided that these certificates shall state the total amount of the consideration to be paid for them and the amount actually paid. All certificates shall be signed in the name of the corporation by the chairman of the board or the vice chairman of the board or the president or a vice president and by the chief financial officer or an assistant treasurer or the secretary or an assistant secretary, certifying the number of shares and the class or series of shares owned by the shareholder. Any or all of the signatures on the certificate may be facsimile.

In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed on a certificate ceases to be that officer, transfer agent or registrar before that certificate is issued, it may be issued by the corporation with the same effect as if that person were an officer, transfer agent or registrar at the date of issue.

**8.5** *Lost Certificates*

Except as provided in this Section 8.5, no new certificates for shares shall be issued to replace a previously issued certificate unless the latter is surrendered to the corporation and canceled at the same time. The board of directors may, in case any share certificate or certificate for any other security is lost, stolen or destroyed, authorize the issuance of replacement certificates on such terms and conditions as the board may require; the board may require indemnification of the corporation secured by a bond or other adequate security sufficient to protect the corporation against any claim that may be made against it, including any expense or liability, on account of the alleged loss, theft or destruction of the certificate or the issuance of the replacement certificate.

**8.6** *Construction; Definitions*

Unless the context requires otherwise, the general provisions, rules of construction, and definitions in the Code shall govern the construction of these bylaws. Without limiting the generality of this provision, the singular number includes the plural, the plural number includes the singular, and the term "person" includes both a corporation and a natural person.

## ARTICLE IX

### AMENDMENTS

**9.1** *Amendment By Shareholders*

New bylaws may be adopted or these bylaws may be amended or repealed by the vote or written consent of holders of a majority of the outstanding shares entitled to vote; provided, however, that if the Article s of incorporation of the corporation set forth the number of authorized directors of the corporation, then the authorized number of directors may be changed only by an amendment of the Articles of incorporation.

**9.2** *Amendment By Directors*

Subject to the rights of the shareholders as provided in Section 9.1 of these bylaws, bylaws, other than a bylaw or an amendment of a bylaw changing the authorized number of directors (except to fix the authorized number of directors pursuant to a bylaw providing for a variable number of directors), may be adopted, amended or repealed by the board of directors.

**Exhibit 3.22**

CERTIFICATE OF AMENDMENT

TO THE BYLAWS OF

IC MEDIA CORPORATION

The undersigned, being the Secretary of IC Media Corporation, a California corporation (the "Company"), hereby certifies as follows:

(a) Section 3.2 of the Bylaws of the Company was amended and restated, effective April 15, 2003, to provide in its entirety as follows:

**"3.2** ***Number of Directors***

"The authorized number of directors of the corporation shall be six (6) until changed by a duly adopted amendment to this bylaw by a vote or written consent of the majority of the directors or by an amendment to the articles of incorporation by a vote or written consent of the majority of the outstanding shares entitled to vote.

No reduction of the authorized number of directors shall have the effect of removing any director before that director's term of office expires."

(b) Article V of the Bylaws of the Company was amended and restated, effective April 15, 2003, to provide in its entirety as follows:

**"ARTICLE I**

**OFFICERS**

**5.1** ***Officers***

The officers of the corporation shall be a chief executive officer, a president, a secretary, and a chief financial officer. The corporation may also have, at the discretion of the board of directors, a chairman of the board, one or more vice presidents, one or more assistant secretaries, one or more assistant treasurers, and such other officers as may be appointed in accordance with the provisions of Section 5.3 of these bylaws. Any number of offices may be held by the same person.

**5.2** ***Election Of Officers***

The officers of the corporation, except such officers as may be appointed in accordance with the provisions of Section 5.3 or Section 5.5 of these bylaws, shall be chosen by the board, subject to the rights, if any, of an officer under any contract of employment.

**5.3** ***Subordinate Officers***

The board of directors may appoint, or may empower the president to appoint, such other officers as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these bylaws or as the board of directors may from time to time determine.

**5.4** ***Removal And Resignation Of Officers***

Subject to the rights, if any, of an officer under any contract of employment, any officer may be removed, either with or without cause, by the board of directors at any regular or special meeting of the board or, except in case of an officer chosen by the board of directors, by any officer upon whom such power of removal may be conferred by the board of directors.

Any officer may resign at any time by giving written notice to the corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation shall not be necessary to make it effective. Any resignation is without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party.

**5.5** ***Vacancies In Offices***

A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these bylaws for regular appointments to that office.

**5.6** ***Chairman Of The Board***

The chairman of the board, if such an officer be elected, shall, if present, preside at meetings of the board of directors and exercise and perform such other powers and duties as may from time to time be assigned to him or her by the board of directors or as may be prescribed by these bylaws.

**5.7** ***Chief Executive Officer***

The board of directors shall select a chief executive officer of the corporation who shall, subject to the control of the board of directors, have general supervision, direction, and control of the business and the officers of the corporation. The chief executive officer shall preside at all meetings of the shareholders and, in the absence or nonexistence of a chairman of the board, at all meetings of the board of directors. The chief executive officer shall have the general powers and duties of management usually vested in the office of chief executive officer of a corporation, and shall have such other powers and duties as may be prescribed by the board of directors or these bylaws.

**5.8** ***President***

The president shall have the general powers and duties of management usually vested in the office of president of a corporation and shall have such other powers and duties as may be prescribed by the board of directors or these bylaws.

**5.9** ***Vice Presidents***

In the absence or disability of the president, the vice presidents, if any, in order of their rank as fixed by the board of directors or, if not ranked, a vice president designated by the board of directors, shall perform all the duties of the president and when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the board of directors, these bylaws, the chief executive officer, the president or the chairman of the board.

**5.10** ***Secretary***

The secretary shall keep or cause to be kept, at the principal executive office of the corporation or such other place as the board of directors may direct, a book of minutes of all meetings and actions of directors, committees of directors and shareholders. The minutes shall show the time and place of each meeting, whether regular or special (and, if special, how authorized and the notice given), the names of those present at directors' meetings or committee meetings, the number of shares present or represented at shareholders' meetings, and the proceedings thereof.

The secretary shall keep, or cause to be kept, at the principal executive office of the corporation or at the office of the corporation's transfer agent or registrar, as determined by resolution of the board of directors, a share register, or a duplicate share register, showing the names of all shareholders and their addresses, the number and classes of shares held by each, the number and date of certificates evidencing such shares, and the number and date of cancellation of every certificate surrendered for cancellation.

The secretary shall give, or cause to be given, notice of all meetings of the shareholders and of the board of directors required to be given by law or by these bylaws. The secretary shall keep the seal of the corporation, if one be adopted, in safe custody and shall have such other powers and perform such other duties as may be prescribed by the board of directors or by these bylaws.

**5.11** ***Chief Financial Officer***

The chief financial officer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, retained earnings, and shares. The books of account shall at all reasonable times be open to inspection by any director.

The chief financial officer shall deposit all money and other valuables in the name and to the credit of the corporation with such depositaries as may be designated by the board of directors. The chief financial officer shall disburse the funds of the corporation as may be ordered by the board of directors, shall render to the president and directors, whenever they request it, an account of all of his transactions as chief financial officer and of the financial condition of the corporation, and shall have such other powers and perform such other duties as may be prescribed by the board of directors or these bylaws."

"share" includes a fraction of a share;

"special resolution" means, a resolution passed at a general meeting (or, if so specified, a class meeting) of the Company by a majority of not less than two thirds of the votes cast, as provided in the Law, or a written resolution passed by unanimous consent of all Members entitled to vote;

"year" means calendar year.

(2) In these Articles where not inconsistent with the context:

(a) words denoting the plural number include the singular number and vice versa;

(b) words denoting the masculine gender include the feminine gender and vice versa;

(c) words importing persons include companies or associations or bodies of persons, corporate or not;

(d) the word "may" shall be construed as permissive; the word "shall" shall be construed as imperative;

(e) a reference to a statutory provision shall be deemed to include any amendment or re-enactment thereof.

(3) Subject as aforesaid, words defined or used in the Law have the same meaning in these Articles.

(4) Expressions referring to writing or written shall unless the contrary intention appears, include facsimile, printing lithography, photography and other modes of representing words in a visible form.

(5) The headings in these Articles are for ease of reference only and shall not affect the construction or interpretation of these Articles.

**BOARD OF DIRECTORS**

3. Board of Directors

The business of the Company shall be managed and conducted by the Board.

4. Management of the Company

(1) In managing the business of the Company, the Board may exercise all such powers of the Company as are not, by statute or by these Articles, required to be exercised by the Company in general meeting subject, nevertheless, to these Articles, the provisions of any statute and to such regulations as may be prescribed by the Company in general meeting.

(2) No regulation or alteration to these Articles pursuant to a special resolution shall invalidate any prior act of the Board which would have been valid if that regulation or alteration had not been made.

(3) The Board may procure that the Company pays all expenses incurred in promoting and incorporating the Company.

5. Power to appoint managing director or chief executive officer

The Board may from time to time appoint one or more Directors to the office of managing director or chief executive officer of the Company who shall, subject to the control of the Board, supervise and administer all of the general business and affairs of the Company.

6. Power to appoint manager

The Board may appoint a person to act as manager of the Company's day to day business and may entrust to and confer upon such manager such powers and duties as it deems appropriate for the transaction or conduct of such business.

7. Power to authorise specific actions

The Board may from time to time and at any time authorise any company, firm, person or body of persons to act on behalf of the Company for any specific purpose and in connection therewith to execute any agreement, document or instrument on behalf of the Company.

8. Power to appoint attorney

The Board may from time to time and at any time by power of attorney appoint any company, firm, person or body of persons, whether nominated directly or indirectly by the Board, to be an attorney of the Company for such purposes and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Board) and for such period and subject to such conditions as it may think fit and any such power of attorney may contain such provisions for the protection and convenience of persons dealing with any such attorney as the Board may think fit and may also authorise any such attorney to sub-delegate all or any of the powers, authorities and discretions so vested in the attorney. Such attorney may, if so authorised under the seal of the Company, execute any deed or instrument under such attorney's personal seal with the same effect as the affixation of the seal of the Company.

9. Power to delegate to a committee

The Board may delegate any of its powers to a committee appointed by the Board and every such committee shall conform to such directions as the Board shall impose on them. Subject to any directions or regulations made by the directors for this purpose, the meetings and proceedings of such committees shall be governed by the provisions of these Articles covering the meetings and proceedings of the Directors, including provisions for written resolutions.

10. Power to appoint and dismiss employees

The Board may appoint, suspend or remove any manager, secretary, clerk, agent or employee of the Company and may fix their remuneration and determine their duties.

11. Power to borrow and charge property

The Board may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital, or any part thereof, and may issue debentures, debenture stock and other securities whether outright or as security for any debt, liability or obligation of the Company or any third party.

12. Redemption and purchase of shares by the Company

(1) Subject to the Law, the Company is hereby authorised to issue shares which are to be redeemed or are liable to be redeemed at the option of the Company or a Member.

(2) The Board may exercise all the powers of the Company to purchase all or any part of its own shares pursuant to the Law. Shares purchased by the Company shall be canceled and shall cease to confer any right or privilege on the Member from whom the shares are purchased.

(3) The Company is hereby authorised to make payments in respect of the redemption of its shares out of capital or out of any other account or fund which can be authorised for this purpose in accordance with the Law.

(4) The redemption price of a redeemable share, or the method of calculation thereof, shall be fixed by the Directors at or before the time of issue.

(5) Every share certificate representing a redeemable share shall indicate that the share is redeemable;

(6) In the case of shares redeemable at the option of a Member a redemption notice from a Member may not be revoked without the agreement of the Directors;

(7) At the time or in the circumstances specified for redemption the redeemed shares shall be canceled and shall cease to confer on the relevant Member any right or privilege, without prejudice to the right to receive the redemption price, which price shall become payable so soon as it can with due despatch be calculated, but subject to surrender of the relevant share certificate for cancellation (and reissue in respect of any balance);

(8) The redemption price may be paid in any manner authorised by these Articles for the payment of dividends;

(9) A delay in payment of the redemption price shall not affect the redemption but, in the case of a delay of more than thirty days, interest shall be paid for the period from the due date until actual payment at a rate which the Directors, after due enquiry, estimate to be representative of the rates being offered by Class A banks in the Cayman Islands for thirty day deposits in the same currency;

(10) The Directors may exercise as they think fit the powers conferred on the Company by Section 37(5) of the Law (payment out of capital) but only if and to the extent that the redemption could not otherwise be made (or not without making a fresh issue of shares for this purpose);

(11) Subject as aforesaid, the Directors may determine, as they think fit all questions that may arise concerning the manner in which the redemption of the shares shall or may be effected;

(12) No share may be redeemed unless it is fully paid-up.

13. Discontinuation

The Board may exercise all the powers of the Company to transfer by way of continuation the Company to a named country or jurisdiction outside the Cayman Islands pursuant to Section 226 of the Law.

14. Election of Directors and Voting

(1) The Board shall consist of not less than one Director or such number in excess thereof as the Board may from time to time determine who shall be elected or appointed in writing the first place by the subscribers to the Memorandum of Association or by a majority of them.

(2) The Directors may from time to time appoint any person to be a Director, either to fill a casual vacancy or as an addition to the existing Directors, subject to any upper limited on the number of Directors prescribed pursuant to this Article.

(3) The Company may from time to time by ordinary resolution appoint any person to be a Director and may in like manner remove any Director from office, whether or not appointing another in his stead.

(4) An appointment of a Director may be on terms that the Director shall automatically retire from office (unless he has sooner vacated office) at the next or a subsequent annual general meeting or upon any specified event or after any specified period; but no such term shall be implied in the absence of express provision.

(5) There shall be no shareholding qualification for Directors unless prescribed by special resolution.

15. Defects in appointment of Directors

All acts done bona fide by any meeting of the Board or by a committee of the Board or by any person acting as a Director shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment of any Director or person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Director.

16. Alternate Directors and Proxies

(1) A Director may at any time appoint any person (including another Director) to be his Alternate Director and may at any time terminate such appointment. An appointment and a termination of appointment shall be by notice in writing signed by the Director and deposited at the Registered Office or delivered at a meeting of the Directors.

(2) The appointment of an Alternate Director shall determine on the happening of any event which, if he were a Director, would cause him to vacate such office or if his appointor ceases for any reason to be a Director.

(3) An Alternate Director shall be entitled to receive notices of meetings of the Directors and shall be entitled to attend and vote as a Director at any such meeting at which his appointor is not personally present and generally at such meeting to perform all the functions of his appointor as a Director; and for the purposes of the proceedings at such meeting these Articles shall apply as if he (instead of his appointor) were a Director, save that he may not himself appoint an Alternate Director or a proxy.

(4) If an Alternate Director is himself a Director or attends a meeting of the Directors as the Alternate Director of more than one Director, his voting rights shall be cumulative.

(5) Unless the Directors determine otherwise, an Alternate Director may also represent his appointor at meetings of any committee of the Directors on which his appointor serves; and the provisions of this Article shall apply equally to such committee meetings as to meetings of the Directors.

(6) Subject to Article 21, an Alternate Director may join in a written resolution of the Directors adopted pursuant to these Articles and his signature of such resolution shall be as effective as the signature of his appointor.

(7) Save as provided in these Articles an Alternate Director shall not, as such, have any power to act as a Director or to represent his appointor and shall not be deemed to be a Director for the purposes of these Articles.

(8) A Director who is not present at a meeting of the Directors, and whose Alternate Director (if any) is not present at the meeting, may be represented at the meeting by a proxy duly appointed, in which event the presence and vote of the proxy shall be deemed to be that of the Director. All the provisions of these Articles regulating the appointment of proxies by members shall apply equally to the appointment of proxies by Directors.

17. Vacancies on the Board

(1) The Board may act notwithstanding any vacancy in its number.

(2) The office of Director shall be vacated if the Director:-

(a) is removed from office pursuant to these Articles or is prohibited from being a Director by law;

(b) is or becomes bankrupt or makes any arrangement or composition with his creditors generally;

(c) is or becomes of unsound mind or an order for his detention is made under the Mental Health Law of the Cayman Islands or any analogous law of a jurisdiction outside the Cayman Islands or dies;

(d) resigns his or her office by notice in writing to the Company.

18. Notice of meetings of the Board

(1) A Director may, and the Secretary on the requisition of a Director shall, at any time summon a meeting of the Board.

(2) Notice of a meeting of the Board shall be deemed to be duly given to a Director if it is given to such Director verbally in person or by telephone or otherwise communicated or

sent to such Director by post, cable, telex, telecopier, facsimile or other mode of representing words in a legible and non-transitory form at such Director's last known address or any other address given by such Director to the Company for this purpose.

19. Quorum at meetings of the Board

The quorum necessary for the transaction of business at a meeting of the Board shall be two Directors, provided that if there is only one Director for the time being in office the quorum shall be one.

20. Meetings of the Board

(1) The Board may meet for the transaction of business, adjourn and otherwise regulate its meetings as it sees fit.

(2) Directors may participate in any meeting of the Board by means of such telephone, electronic or other communication facilities as permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously, and participation in such a meeting shall constitute presence in person at such meeting.

(3) A resolution put to the vote at a meeting of the Board shall be carried by the affirmative votes of a majority of the votes cast and in the case of an equality of votes the resolution shall fail.

21. Unanimous written resolutions

A resolution in writing signed by all the Directors which may be in counterparts, shall be as valid as if it had been passed at a meeting of the Board duly called and constituted, such resolution to be effective on the date on which the last Director signs the resolution. For the purposes of this Article only, "Director" shall not include an Alternate Director if his appointor has signed the resolution.

22. Contracts and disclosure of Directors' interests

(1) Any Director, or any Director's firm, partner or any company with whom any Director is associated, may act in a professional capacity for the Company and such Director or such Director's firm, partner or such company shall be entitled to remuneration for professional services as if such Director were not a Director, provided that nothing herein contained shall authorise a Director or Director's firm, partner or such company to act as Auditor of the Company.

(2) A Director who is directly or indirectly interested in a contract or proposed contract or arrangement with the Company shall declare the nature of such interest as required by law.

(3) Following a declaration being made pursuant to this Article, and unless disqualified by the chairman of the relevant Board meeting, a Director may vote in respect of any contract or proposed contract or arrangement in which such Director is interested and may be counted in the quorum at such meeting.

23. Remuneration of Directors

The remuneration, (if any) of the Directors shall subject to any direction that may be given by the Company in general meeting shall be determined by the Directors as they may from time to time determine and shall be deemed to accrue from day to day. The Directors may also be paid all travel, hotel and other expenses properly incurred by them in attending and returning from meetings of the Board, any committee appointed by the Board, general meetings of the Company, or in connection with the business of the Company or their duties as Directors generally.

**OFFICERS**

24. Officers of the Company

The Officers of the Company shall consist of a Secretary and such additional Officers as the Board may from time to time determine all of whom shall be deemed to be Officers for the purposes of these Articles.

25. Appointment of Officers

The Secretary and additional Officers, if any, shall be appointed by the Board from time to time.

26. Remuneration of Officers

The Officers shall receive such remuneration as the Board may from time to time determine.

27. Duties of Officers

The Officers shall have such powers and perform such duties in the management, business and affairs of the Company as may be delegated to them by the Board from time to time.

28. Chairman of meetings

Unless otherwise agreed by a majority of those attending and entitled to attend and vote thereat, the Chairman, if there be one, shall act as chairman at all meetings of the Members and of the Board at which such person is present. In his absence a chairman shall be appointed or elected by those present at the meeting and entitled to vote.

29. Register of Directors and Officers

(1) The Board shall cause to be kept in one or more books at its registered office a Register of Directors and Officers in accordance with the Law and shall enter therein the following particulars with respect to each Director and Officer:

(a) first name and surname; and

(b) address.

(2) The Board shall, within the period of thirty days from the occurrence of -

(a) any change among its Directors and Officers; or

(b) any change in the particulars contained in the Register of Directors and Officers,

cause to be entered on the Register of Directors and Officers the particulars of such change and the date on which such change occurred, and shall notify the Registrar of Companies of any such change that takes place.

30. Register Of Mortgages And Charges

(1) The Directors shall cause to be kept the register of mortgages and charges required by the Law.

(2) The Register of Mortgages and Charges shall be open to inspection in accordance with the Law, at the office of the Company on every business day in the Cayman Islands, subject to such reasonable restrictions as the Board may impose, so that not less than two hours in each such business day be allowed for inspection.

**MINUTES**

31. Obligations of Board to keep minutes

The Board shall cause minutes to be duly entered in books provided for the purpose:-

(a) of all elections and appointments of Officers;

(b) of the names of the Directors present at each meeting of the Board and of any committee appointed by the Board; and

(c) of all resolutions and proceedings of general meetings of the Members, meetings of the Board, meetings of managers and meetings of committees appointed by the Board.

**INDEMNITY**

32. Indemnification of Directors and Officers of the Company

The Directors, Officers and Auditors of the Company and any trustee for the time being acting in relation to any of the affairs of the Company and every former director, officer, auditor or trustee and their respective heirs, executors, administrators and personal representatives (each of such persons being referred to in this Article as an "indemnified party") shall be indemnified out of the assets of the Company from and against all actions, proceedings, costs, charges, losses, damages and expenses which they or any of them shall or may incur or sustain by reason of any act done or omitted in or about the execution of their duties in their respective offices or trusts, except any which

an indemnified party shall incur or sustain by or through his own wilful neglect or default; no indemnified party shall be answerable for the acts, omissions, neglects or defaults of any other Director, officer, Auditor or trustee, or for joining in any receipt for the sake of conformity, or for the solvency or honesty of any banker or other persons with whom any moneys or effects belonging to the Company may be lodged or deposited for safe custody, or for any insufficiency of any security upon which any monies of the Company may be invested, or for any other loss or damage due to any such cause as aforesaid or which may happen in or about the execution of his office or trust unless the same shall happen through the wilful neglect or default of such indemnified party.

33. Waiver of claim by Member

Each Member agrees to waive any claim or right of action such Member might have, whether individually or by or in the right of the Company, against any Director or Officer on account of any action taken by such Director or Officer, or the failure of such Director or Officer to take any action in the performance of his duties with or for the Company, PROVIDED THAT such waiver shall not extend to any matter in respect of any fraud or dishonesty which may attach to such Director or Officer.

**MEETINGS**

34. Notice of annual general meeting

(1) The Company may in each year hold a general meeting as its annual general meeting.

(2) Subject to paragraph (1) the annual general meeting of the Company may be held at such time and place as the Chairman or any two Directors or any Director and the Secretary or the Board shall appoint. At least five days notice of such meeting shall be given to each Member stating the date, place and time at which the meeting is to be held and if different, the record date for determining members entitled to attend and vote at general meeting, and as far as practicable, the other business to be conducted at the meeting.

35. Notice of extraordinary general meeting

(1) General meetings other than annual general meetings shall be called extraordinary general meetings.

(2) The Chairman or any two Directors or any Director and the Secretary or the Board may convene an extraordinary general meeting of the Company whenever in their judgment such a meeting is necessary, upon not less than five days' notice which shall state the date, time, place and the general nature of the business to be considered at the meeting.

36. Accidental omission of notice of general meeting

The accidental omission to give notice of a general meeting to, or the non-receipt of notice of a general meeting by, any person entitled to receive notice shall not invalidate the proceedings at that meeting.

37. Meeting called on requisition of Members

(1) Notwithstanding anything herein, the Board shall, on the requisition of Members holding at the date of the deposit of the requisition not less than one-tenth of such of the paid-up share capital of the Company as at the date of the deposit carries the right to vote at general meetings of the Company, forthwith proceed to convene a extraordinary general meeting of the Company to be effective the requisition shall state the objects of the meeting, shall be in writing, signed by the requisitionists, and shall be deposited at the Registered Office. The requisition may consist of several documents in like form each signed by one or more requisitionists.

(2) If the Directors do not within twenty-one days from the date of the requisition duly proceed to call an extraordinary general meeting, the requisitionists, or any of them representing more than one half of the total voting rights of all of them, may themselves convene an extraordinary general meeting; but any meeting so called shall not be held more than ninety days after the requisition. An extraordinary general meeting called by requisitionists shall be called in the same manner, as nearly as possible, as that in which general meetings are to be called by the Directors.

38. Short notice

A general meeting of the Company shall, notwithstanding that it is called by shorter notice than that specified in these Articles, be deemed to have been properly called if it is so agreed by all the Members entitled to attend and vote thereat in the case of an annual general meeting, or in the case of an extraordinary general meeting, by seventy-five percent of the members entitled to attend and vote thereat.

39. Postponement of meetings

The Board may postpone any general meeting called in accordance with the provisions of these Articles provided that notice of postponement is given to each Member before the time for such meeting. Fresh notice of the date, time and place for the postponed meeting shall be given to each Member in accordance with the provisions of these Articles.

40. Quorum for general meeting

At any general meeting of the Company two persons present in person and representing in person or by proxy in excess of 50% of the total issued voting shares in the Company throughout the meeting shall form a quorum for the transaction of business, PROVIDED that if the Company shall at any time have only one Member, one Member present in person or by proxy shall form a quorum for the transaction of business at any general meeting of the Company held during such time. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting shall stand adjourned to the same day one week later, at the same time and place or to such other day, time or place as the Board may determine.

41. Adjournment of meetings

The chairman of a general meeting may, with the consent of the Members at any general meeting at which a quorum is present (and shall if so directed), adjourn the meeting. Unless the meeting is adjourned for more than 60 days fresh notice of the date, time and place for the resumption of the adjourned meeting shall be given to each Member in accordance with the provisions of these Articles.

42. Attendance at meetings

Members may participate in any general meeting by means of such telephone, electronic or other communication facilities as permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously, and participation in such a meeting shall constitute presence in person at such meeting.

43. Written resolutions

(1) Anything which may be done by resolution of the Company in general meeting or by resolution of a meeting of any class of the Members of the Company, may, without a meeting and without any previous notice being required, be done by resolution in writing signed by, or, in the case of a Member that is a corporation whether or not a company within the meaning of the Law, on behalf of, all the Members who at the date of the resolution would be entitled to attend the meeting and vote on the resolution.

(2) A resolution in writing may be signed by, or, in the case of a Member that is a corporation whether or not a company within the meaning of the Law, on behalf of, all the Members, or any class thereof, in as many counterparts as may be necessary.

(3) For the purposes of this Article, the date of the resolution is the date when the resolution is signed by, or, in the case of a Member that is a corporation whether or not a company within the meaning of the Law, on behalf of, the last Member to sign and any reference in any Article to the date of passing of a resolution is, in relation to a resolution made in accordance with this Article, a reference to such date.

(4) A resolution in writing made in accordance with this Article is as valid as if it had been passed by the Company in general meeting or by a meeting of the relevant class of Members, as the case may be, and any reference in any Article to a meeting at which a resolution is passed or to Members voting in favour of a resolution shall be construed accordingly.

(5) A resolution in writing made in accordance with this Article shall constitute minutes for the purposes of the Law.

44. Attendance of Directors

The Directors of the Company shall be entitled to receive notice of and to attend and be heard at any general meeting.

45. Voting at meetings

(1) Subject to the provisions of the Law and these Articles, any question proposed for the consideration of the Members at any general meeting shall be decided by the affirmative votes of a majority of the votes cast in accordance with the provisions of these Articles and in the case of an equality of votes the resolution shall fail.

(2) No Member shall be entitled to vote at any general meeting unless such Member has paid all the calls on all shares held by such Member.

46. Voting on a show of hands and polls

(1) At any general meeting a resolution put to the vote of the meeting shall, in the first instance, be voted upon by a show of hands and, subject to any rights or restrictions for the time being lawfully attached to any class of shares and subject to the provisions of these Articles, every Member present in person and every person holding a valid proxy at such meeting shall be entitled to one vote and shall cast such votes by raising his or her hand.

(2) Notwithstanding the provision of the immediately preceding Article, at any general meeting of the Company, in respect of any question proposed for the consideration of the Members (whether before or on the declaration of the result of a show of hands as provided for in these Articles), a poll may be demanded by the Chairman or at least one Member.

(3) Where, in accordance with the provisions of subparagraph (2) of this Article, a poll is demanded, subject to any rights or restrictions for the time being lawfully attached to any class of shares, every person present at such meetings shall have one vote for each share of which such person is the holder or for which such person holds a proxy and such vote shall be counted in the manner set out in sub-paragraph (5) of this Article or in the case of a general meeting at which one or more Members are present by telephone in such manner as the Chairman of the meeting may direct and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded and shall replace any previous resolution upon the same matter which has been the subject of a show of hands.

(4) A poll demanded in accordance with the provisions of subparagraph (2) of this Article, for the purpose of electing a Chairman or on a question of adjournment, shall be taken forthwith and a poll demanded on any other question shall be taken in such manner and at such time and place as the Chairman may direct and any business other than that upon which a poll has been demanded may be proceeded with pending the taking of the poll.

(5) Where a vote is taken by poll, each person present and entitled to vote shall be furnished with a ballot paper on which such person shall record his or her vote in such manner as shall be determined at the meeting having regard to the nature of the question on which the vote is taken, and each ballot paper shall be signed or initialled or otherwise marked so as to identify the voter and the registered member in the case of a proxy. At the conclusion of the poll, the ballot papers shall be examined and counted by a committee of not less than two Members or proxy members appointed by the Chairman for the purpose and the result of the poll shall be declared by the Chairman.

47. Decision of chairman

At any general meeting a declaration by the chairman of the meeting that a question proposed for consideration has, on a show of hands, been carried, or carried unanimously, or by a particular majority, or lost, and an entry to that effect in a book containing the minutes of the proceedings of the Company shall, subject to the provisions of these Articles, be conclusive evidence of that fact.

48. Seniority of joint holders voting

In the case of joint holders the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the Register of Members.

49. Instrument of proxy

The instrument appointing a proxy shall be in writing in the form, or as near thereto as circumstances admit, of Form "A" in the Schedule hereto, under the hand of the appointor or of the appointor's attorney duly authorised in writing, or if the appointor is a corporation, either under its seal, or under the hand of a duly authorised officer or attorney. The decision of the chairman of any general meeting as to the validity of any instrument of proxy shall be final.

50. Representation of corporations at meetings

A corporation which is a Member may, by written instrument, authorise such person as it thinks fit to act as its representative at any meeting of the Members and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which such person represents as that corporation could exercise if it were an individual Member. Notwithstanding the foregoing, the chairman of the meeting may accept such assurances as he or she thinks fit as to the right of any person to attend and vote at general meetings on behalf of a corporation which is a Member.

**SHARE CAPITAL AND SHARES**

51. Rights of shares

Subject to any resolution of the Members to the contrary and without prejudice to any special rights previously conferred on the holders of any existing shares or class of shares, the share capital of the Company shall be divided into shares of a single class the holders of which shall, subject to the provisions of these Articles:-

(a) be entitled to one vote per share;

(b) be entitled to such dividends as the Board may from time to time declare;

(c) in the event of a winding-up or dissolution of the Company, whether voluntary or for the purpose of a reorganisation or otherwise or upon any distribution of capital, be entitled to the surplus assets of the Company; and

(d) generally be entitled to enjoy all of the rights attaching to shares.

52. Power to issue shares

(1) Subject to these Articles and to any resolution of the Members to the contrary and without prejudice to any special rights previously conferred on the holders of any existing shares or class of shares, the Board shall have power to issue any unissued shares of the Company on such terms and conditions as it may determine and any shares or class of shares (including the issue or grant of options, warrants and other rights, renounceable or otherwise in respect of shares) may be issued with such preferred, deferred or other special rights or such restrictions, whether in regard to dividend, voting, return of capital or otherwise as the Board may prescribe, provided that no share shall be issued at a discount except in accordance with the Law.

(2) The Board shall, in connection with the issue of any share, have the power to pay such commission and brokerage as may be permitted by law.

(3) The Company may from time to time do any one or more of the following things:

(a) make arrangements on the issue of shares for a difference between the Members in the amounts and times of payments of calls on their shares;

(b) accept from any Member the whole or a part of the amount remaining unpaid on any shares held by him, although no part of that amount has been called up;

(c) pay dividends in proportion to the amount paid up on each share where a larger amount is paid up on some shares than on others; and

(d) issue its shares in fractional denominations and deal with such fractions to the same extent as its whole shares and shares in fractional denominations shall have in proportion to the respective fractions represented thereby all of the rights of whole shares including (but without limiting the generality of the foregoing) the right to vote, to receive dividends and distributions and to participate in a winding up.

53. Alteration of Capital

(1) Subject to the Law the Company may from time to time by ordinary resolution alter the conditions of its Memorandum of Association to increase its share capital by new shares of such amount as it thinks expedient or, if the Company has shares without par value, increase its share capital by such number of shares without nominal or par value, or increase the aggregate consideration for which its shares may be issued, as it thinks expedient.

(2) Subject to the Law, the Company may from time to time by ordinary resolution alter the conditions of its Memorandum of Association to:

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) subdivide its shares or any of them into shares of an amount smaller than that fixed by the Memorandum of Association; or

(c) cancel shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person, and diminish the amount of its share capital by the amount of the shares so cancelled or, in the case of shares without par value, diminish the number of shares into which its capital is divided.

(3) For the avoidance of doubt it is declared that paragraph (2) above does not apply if at any time the shares of the Company have no par value.

(4) Subject to the Law, the Company may from time to time by special resolution reduce its share capital in any way or, subject to Article 54(1) and (2), alter any conditions of its Memorandum of Association relating to share capital.

54. Alteration of registered office, name and objects

Subject to the Law, the Company may by resolution of its Directors change the location of its Registered Office.

Subject to the Law, the Company may from time to time by special resolution change its name or alter its objects or make any other alteration to its Memorandum of Association for which provision has not been made elsewhere in these Articles.

55. Variation of Rights

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not the Company is being wound-up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class or with the sanction of a resolution passed by a majority of the votes cast at a separate general meeting of the holders of the shares of the class. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

56. Registered holder of shares

(1) The Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not be bound to recognise any equitable or other claim to, or interest in, such share on the part of any other person.

(2) No person shall be entitled to recognition by the Company as holding any share upon any trust and the Company shall not be bound by, or be compelled in any way to recognise, (even when having notice thereof) any equitable, contingent, future or partial interest in any share or any other right in respect of any share except an absolute right to the entirety of the share in the holder. If, notwithstanding this Article, notice of any trust is at the holder's request entered in the Register or on a share certificate in respect of a share, then, except as aforesaid:

(a) such notice shall be deemed to be solely for the holder's convenience;

(b) the Company shall not be required in any way to recognise any beneficiary, or the beneficiary, of the trust as having an interest in the share or shares concerned;

(c) the Company shall not be concerned with the trust in any way, as to the identity or powers of the trustees, the validity, purposes or terms of the trust, the question of whether anything done in relation to the shares may amount to a breach of trust or otherwise; and

(d) the holder, shall keep the Company fully indemnified against any liability or expense which may be incurred or suffered as a direct or indirect consequence of the Company entering notice of the trust in the Register or on a share certificate and continuing to recognise the holder as having an absolute right to the entirety of the share or shares concerned.

(3) Any dividend, interest or other moneys payable in cash in respect of shares may be paid by cheque or draft sent through the post directed to the Member at such Member's address in the Register of Members or, in the case of joint holders, to such address of the holder first named in the Register of Members, or to such person and to such address as the holder or joint holders may in writing direct. If two or more persons are registered as joint holders of any shares any one can give an effectual receipt for any dividend paid in respect of such shares.

57. Death of a joint holder

Where two or more persons are registered as joint holders of a share or shares then in the event of the death of any joint holder or holders the remaining joint holder or holders shall be absolutely entitled to the said share or shares and the Company shall recognise no claim in respect of the estate of any joint holder except in the case of the last survivor of such joint holders.

58. Share certificates

(1) Every Member shall be entitled to a certificate under the seal of the Company (or a facsimile thereof) specifying the number and, where appropriate, the class of shares held by such Member and whether the same are fully paid up and, if not, how much has been paid thereon. The Board may by resolution determine, either generally or in a particular case, that any or all signatures on certificates may be printed thereon or affixed by mechanical means.

(2) If any such certificate shall be proved to the satisfaction of the Board to have been worn out, lost, mislaid or destroyed the Board may cause a new certificate to be issued and request an indemnity for the lost certificate if it sees fit.

(3) Share certificates may not be issued in bearer form.

59. Calls on shares

(1) The Board may from time to time make such calls as it thinks fit upon the Members in respect of any monies unpaid on the shares allotted to or held by such Members and, if a call is not paid on or before the day appointed for payment thereof, the Member may at the discretion of the Board be liable to pay the Company interest on the amount of such call at such rate as the Board may determine, from the date when such call was payable up to the actual date of payment. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

(2) The Board may, on the issue of shares, differentiate between the holders as to the amount of calls to be paid and the times of payment of such calls.

60. Forfeiture of shares

(1) If any Member fails to pay, on the day appointed for payment thereof, any call in respect of any share allotted to or held by such Member, the Board may, at any time thereafter during such time as the call remains unpaid, direct the Secretary to forward to such Member a notice in the form, or as near thereto as circumstances admit, of Form "B" in the Schedule hereto.

(2) If the requirements of such notice are not complied with, any such share may at any time thereafter before the payment of such call and the interest due in respect thereof be forfeited by a resolution of the Board to that effect, and such share shall thereupon become the property of the Company and may be disposed of as the Board shall determine.

(3) A Member whose share or shares have been forfeited as aforesaid shall, notwithstanding such forfeiture, be liable to pay to the Company all calls owing on such share or shares at the time of the forfeiture and all interest due thereon.

**REGISTER OF MEMBERS**

61. Contents of Register of Members

The Board shall cause to be kept in one or more books a Register of Members which may be kept outside the Cayman Islands at such place as the Directors shall appoint and shall enter therein the following particulars:-

(a) the name and address of each Member, the number and, where appropriate, the class of shares held by such Member and the amount paid or agreed to be considered as paid on such shares;

(b) the date on which each person was entered in the Register of Members; and

(c) the date on which any person ceased to be a Member.

62. Determination of record dates

Notwithstanding any other provision of these Articles, the Board may fix any date as the record date for:-

(a) determining the Members entitled to receive any dividend; and

(b) determining the Members entitled to receive notice of and to vote at any general meeting of the Company.

but, unless so fixed, the record date shall be as follows:

(a) as regards the entitlement to receive notice of a meeting or notice of any other matter, the date of despatch of the notice;

(b) as regards the entitlement to vote at a meeting, and any adjournment thereof, the date of the original meeting;

(c) as regards the entitlement to a dividend or other distribution, the date of the Directors' resolution declaring the same.

**TRANSFER OF SHARES**

63. Instrument of transfer

(1) An instrument of transfer shall be in the form or as near thereto as circumstances admit of Form "C" in the Schedule hereto or in such other common form as the Board may accept. Such instrument of transfer shall be signed by or on behalf of the transferor and transferee provided that, in the case of a fully paid share, the Board may accept the instrument signed by or on behalf of the transferor alone. The transferor shall be deemed to remain the holder of such share until the same has been transferred to the transferee in the Register of Members.

(2) The Board may refuse to recognise any instrument of transfer unless it is accompanied by the certificate in respect of the shares to which it relates and by such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer.

64. Restriction on transfer

(1) The Board may in its absolute discretion and without assigning any reason therefor refuse to register the transfer of a share.

(2) If the Board refuses to register a transfer of any share the Secretary shall, within three months after the date on which the transfer was lodged with the Company, send to the transferor and transferee notice of the refusal.

65. Transfers by joint holders

The joint holders of any share or shares may transfer such share or shares to one or more of such joint holders, and the surviving holder or holders of any share or shares previously held by them jointly with a deceased Member may transfer any such share to the executors or administrators of such deceased Member.

**TRANSMISSION OF SHARES**

66. Representative of deceased Member

In the case of the death of a Member, the survivor or survivors where the deceased Member was a joint holder, and the legal personal representatives of the deceased Member where the deceased Member was a sole holder, shall be the only persons recognised by the Company as having any title to the deceased Member's interest in the shares. Nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by such deceased Member with other persons. Subject to the provisions of Section 39 of the Law, for the purpose of this Article, legal personal representative means the executor or administrator of a deceased Member or such other person as the Board may in its absolute discretion decide as being properly authorised to deal with the shares of a deceased Member.

67. Registration on death or bankruptcy

Any person becoming entitled to a share in consequence of the death or bankruptcy of any Member may be registered as a Member upon such evidence as the Board may deem sufficient or may elect to nominate some person to be registered as a transferee of such share, and in such case the person becoming entitled shall execute in favour of such nominee an instrument of transfer in the form, or as near thereto as circumstances admit, of Form "D" in the Schedule hereto. On the presentation thereof to the Board, accompanied by such evidence as the Board may require to prove the title of the transferor, the transferee shall be registered as a Member but the Board shall, in either case, have the same right to decline or suspend registration as it would have had in the case of a transfer of the share by that Member before such Member's death or bankruptcy, as the case may be.

**DIVIDENDS AND OTHER DISTRIBUTIONS**

68. Declaration of dividends by the Board

(1) The Board may, subject to these Articles and any direction of the Company in general meeting declare a dividend to be paid to the Members, in proportion to the number of shares held by them and paid up by them, and such dividend may be paid in cash or wholly or partly in specie in which case the Board may fix the value for distribution in specie of assets.

(2) Dividends may be declared and paid out of the profits of the Company, realised or unrealised, or from any reserve set aside from profits which the Directors determine is no

longer needed, or not in the same amount. With the sanction of an ordinary resolution dividends may also be declared and paid out of share premium account or any other fund or account which can be authorised for this purpose in accordance with the Law.

(3) No dividend shall bear interest against the Company.

(4) With the sanction of an ordinary resolution of the Company, the Directors may determine that a dividend shall be paid wholly or partly by the distribution of specific assets (which may consist of the shares or securities of any other company) and may settle all questions concerning such distribution. Without limiting the foregoing generally, the Directors may fix the value of such specific assets, may determine that cash payments shall be made to some members in lieu of specific assets and may vest any such specific assets in trustees on such terms as the Directors think fit.

69. Other distributions and reserve fund

(1) The Board may declare and make such other distributions (in cash or in specie) to the Members as may be lawfully made out of the assets of the Company.

(2) The Board may from time to time before declaring a dividend set aside, out of the surplus or profits of the Company, such sum as it thinks proper as a reserve fund to be used to meet contingencies or for equalising dividends or for any other special purpose. Pending application, such sums may be employed in the business of the Company or invested, and need not be kept separate from other assets of the Company. The Directors may also, without placing the same to reserve, carry forward any profit which they decide not to distribute.

70. Deduction of Amounts due to the Company

The Board may deduct from the dividends or distributions payable to any Member all monies due from such Member to the Company on account of calls or otherwise.

**CAPITALISATION**

71. Issue of bonus shares

(1) The Board may resolve to capitalise any part of the amount for the time being standing to the credit of any of the Company's share premium or other reserve accounts or to the credit of the profit and loss account or otherwise available for distribution by applying such sum in paying up unissued shares to be allotted as fully paid bonus shares pro rata to the Members.

(2) The Board may resolve to capitalise any sum standing to the credit of a reserve account or sums otherwise available for dividend or distribution by applying such amounts in paying up in full partly paid shares of those Members who would have been entitled to such sums if they were distributed by way of dividend or distribution.

**SHARE PREMIUM ACCOUNT**

Subject to any direction from the Company in general meeting, the Directors may on behalf of the Company exercise all the powers and options conferred on the Company by the Law in regard to the Company's share premium account, save that unless expressly authorised by other provisions of these Articles the sanction of an ordinary resolution shall be required for any application of the share premium account in paying dividends to members.

**ACCOUNTS AND FINANCIAL STATEMENTS**

72. Records of account

(1) The Board shall cause to be kept proper records of account with respect to all transactions of the Company and in particular with respect to:-

(a) all sums of money received and expended by the Company and the matters in respect of which the receipt and expenditure relates;

(b) all sales and purchases of goods by the Company; and

(c) the assets and liabilities of the Company.

Such records of account shall be kept and proper books of account shall not be deemed to be kept with respect to the matters aforesaid if there are not kept, at such place as the Board thinks fit, such books as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.

(2) No member (not being a Director) shall have any right of inspecting any account or book or document of the Company.

(3) Subject to any waiver by the Company in general meeting of the requirements of this Article, the Directors shall lay before the Company in general meeting, or circulate to members, financial statements in respect of each financial year of the Company, consisting of:

(a) a profit and loss account giving a true and fair view of the profit or loss of the Company for the financial year; and

(b) a balance sheet giving a true and fair view of the state of affairs of the Company at the end of the financial year;

together with a report of the Board reviewing the business of the Company during the financial year. The financial statements and the Directors' report, together with the auditor's report, if any, shall be laid before the Company in general meeting, or circulated to members, no later than 180 days after the end of the financial year.

(4) The financial year end of the Company shall be the 13th December in each year but, subject to any direction of the Company in general meeting, the Board may from time to time prescribe some other period to be the financial year, provided that the Board may

not without the sanction of an ordinary resolution prescribe or allow any financial year longer than eighteen months.

**AUDIT**

73. Appointment of Auditor

(1) The Company may in general meeting appoint Auditors to hold office for such period as the Members may determine. Such Auditor may be a Member but no Director, Officer or employee of the Company shall, during his or her continuance in office, be eligible to act as an Auditor of the Company.

(2) Whenever there are no Auditors appointed as aforesaid the Directors may appoint Auditors to hold office for such period as the Directors may determine or earlier removal from office by the Company in general meeting. Unless fixed by the Company in general meeting the remuneration of the Auditors shall be as determined by the Directors. Nothing in this Article shall be construed as making it obligatory to appoint Auditors.

(3) The Auditors shall make a report to the members on the accounts examined by them and on every set of financial statements laid before the Company in general meeting, or circulated to members, pursuant to this Article during the Auditors' tenure of office.

(4) The Auditors shall have right of access at all times to the Company's books, accounts and vouchers and shall be entitled to require from the Company's Directors and Officers such information and explanations as the Auditors think necessary for the performance of the Auditors' duties; and, if the Auditors fail to obtain all the information and explanations which, to the best of their knowledge and belief, are necessary for the purposes of their audit, they shall state that fact in their report to the members.

(5) The Auditors shall be entitled to attend any general meeting at which any financial statements which have been examined or reported on by them are to be laid before the Company and to make any statement or explanation they may desire with respect to the financial statements.

(6) The financial statements provided for by these Articles shall be audited by the Auditor in accordance with generally accepted auditing standards. The Auditor shall make a written report thereon in accordance with generally accepted auditing standards and the report of the Auditor shall be submitted to the Members in general meeting.

**NOTICES**

74. Notices to Members of the Company

A notice may be given by the Company to any Member either by delivering it to such Member in person or by sending it to such Member's address in the Register of Members or to such other address given for the purpose. For the purposes of this Article, a notice may be sent by mail, courier service, cable, telex, telecopier, facsimile or other mode of representing words in a legible and non-transitory form.

75. Notices to joint Members

Any notice required to be given to a Member shall, with respect to any shares held jointly by two or more persons, be given to whichever of such persons is named first in the Register of Members and notice so given shall be sufficient notice to all the holders of such shares.

76. Service and delivery of notice

Any notice shall be deemed to have been served at the time when the same would be delivered in the ordinary course of transmission and, in proving such service, it shall be sufficient to prove that the notice was properly addressed and prepaid, if posted, and the time when it was posted, delivered to the courier or to the cable company or transmitted by telex, facsimile or other method as the case may be.

**SEAL OF THE COMPANY**

77. The seal

(1) The Seal shall only be used by the authority of the Directors or of a committee of the Directors authorised by the Directors in that behalf; and, until otherwise determined by the Directors, the Seal shall be affixed in the presence of a Director or the Secretary or an assistant secretary or some other person authorised for this purpose by the Directors or the committee of Directors.

(2) Notwithstanding the foregoing the Seal may without further authority be affixed by way of authentication to any document required to be filed with the Registrar of Companies in the Cayman Islands, and may be so affixed by any Director, Secretary or assistant secretary of the Company or any other person or institution having authority to file the document as aforesaid.

(3) The Company may have one or more duplicate Seals, as permitted by the Law; and, if the Directors think fit, a duplicate Seal may bear on its face the name of the country, territory, district or place where it is to be used.

**WINDING-UP**

78. Winding-up/distribution by liquidator

(1) The Company may be voluntarily wound-up by a special resolution of Members.

(2) If the Company shall be wound up the liquidator may, with the sanction of a special resolution, divide amongst the Members in specie or in kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may, for such purpose, set such value as he or she deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator shall think fit, but so that no Member shall be compelled to accept any shares or other securities or assets whereon there is any liability.

## ALTERATION OF ARTICLES

79. Alteration of Articles

Subject to the Law, the Company may from time to time by special resolution alter or amend these Articles in whole or in part.

REGISTERED AGENT

3. The Registered Agent of the Company will be HWR Services Limited of P.O. Box 71, Craigmuir Chambers, Road Town, Tortola, British Virgin Islands.

GENERAL OBJECTS AND POWERS

4. (1) The object of the Company is to engage in any act or activity that is not prohibited under any law for the time being in force in the British Virgin Islands.

(2) The Company may not

(a) carry on business with persons resident in the British Virgin Islands;

(b) own an interest in real property situate in the British Virgin Islands, other than a lease referred to in paragraph (e) of subclause (3);

(c) carry on banking or trust business unless it is licensed to do so under the Banks and Trust Companies Act, 1990;

(d) carry on business as an insurance or reinsurance company, insurance agent or insurance broker,

unless it is licensed under an enactment authorizing it to carry on that business;

(f) carry on the business of providing the registered office or the registered agent for companies incorporated in the British Virgin Islands.

(3) For purposes of paragraph (a) of subclause (2), the Company shall not be treated as carrying on business with persons resident in the British Virgin Islands if

(a) it makes or maintains deposits with a person carrying on banking business within the British Virgin Islands;

(b) it makes or maintains professional contact with solicitors, barristers, accountants, bookkeepers, trust companies, administration companies, investment advisers or other similar persons carrying on business within the British Virgin Islands;

(c) it prepares or maintains books and records within the British Virgin Islands;

(d) it holds, within the British Virgin Islands, meetings of its directors or members;

(e) it holds a lease of property for use as an office from which to communicate with members or where books and records of the Company are prepared or maintained;

(f) it holds shares, debt obligations or other securities in a company incorporated under the International Business Companies Act or under the Companies Act; or

(g) shares, debt obligations or other securities in the Company are owned by any person resident in the British Virgin Islands or by any company incorporated under the International Business Companies Act or under the Companies Act.

(4) The Company shall have all such powers as are permitted by law for the time being in force in the British Virgin Islands, irrespective of corporate benefit, to perform all acts and engage in all activities necessary or conducive to the conduct, promotion or attainment of the object of the Company.

CURRENCY

5. Shares in the Company shall be issued in the currency of the United States of America.

AUTHORIZED CAPITAL

6. The authorized capital of the Company is US$50,000.00.

CLASSES, NUMBER AND PAR VALUE OF SHARES

7. The authorized capital is made up of one class and one series of shares divided into 5,000,000 shares of US$0.01 par value.

DESIGNATIONS, POWERS, PREFERENCES, ETC. OF SHARES

8. All shares shall

(a) have one vote each;

(b) be subject to redemption, purchase or acquisition by the Company for fair value; and

(c) have the same rights with regard to dividends and distributions upon liquidation of the Company.

VARIATION OF CLASS RIGHTS

9. If at any time the authorized capital is divided into different classes or series of shares, the rights attached to any class or series (unless otherwise provided by the terms of issue of the shares of that class or series) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of not less than three-fourths of the issued shares of that class or series and of the holders of not less than three-fourths of the issued shares of any other class or series of shares which may be affected by such variation.

RIGHTS NOT VARIED BY THE ISSUE OF SHARES PARI PASSU

10. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

REGISTERED SHARES

11. Shares in the Company may only be issued as registered shares and may not be exchanged for shares issued to bearer.

AMENDMENT OF MEMORANDUM AND ARTICLES OF ASSOCIATION
