**Item 8.01. Other Events.**

As previously disclosed in the MagnaChip Semiconductor Corporation (the “Company” or “MagnaChip”) Quarterly Report on Form 10-Q filed on November 8, 2017, in September 2017, MagnaChip Semiconductor Ltd. (“MSK”), the Company’s Korean operating subsidiary, was notified that the Korean National Tax Service (the “KNTS”) would be examining the income- and non-income-based taxes of MSK for its 2012 to 2014 tax years. Over the past two months, the KNTS has conducted its audit in accordance with its prescribed audit schedule, primarily focusing on non-income-based value added tax (“VAT”) transactions associated with the periods with respect to which the Company previously restated its financial statements as a result of the independent investigation commenced by the Company’s Audit Committee in January 2014 (the “Restatement”).

On November 29, 2017, the KNTS issued a preliminary assessment to MSK identifying its findings and proposed additional tax payments and penalties that it asserts are owed by MSK for the audit periods. The aggregate preliminary tax and penalty assessment proposed by the KNTS is \$6.0 million, of which \$3.3 million has already been accrued by the Company in its financial statements in connection with the Restatement filed in 2015. Such amount also includes approximately \$0.5 million related to employee withholding amounts and associated penalties, and to the extent any such tax obligation is that of MSK’s employees, the Company will seek reimbursement of the applicable amounts from those employees. In addition, MSK expects the KNTS to assess an administrative fine of approximately \$2.0 million in connection with the above-described examination.

MSK does not agree with all of the additional amounts set forth in the KNTS’ preliminary assessment and MSK and its Korean tax advisors have thus far successfully defended a number of issues raised during this audit by the KNTS and are considering all options under applicable Korean law. However, based on initial discussions with the KNTS and MSK’s Korean tax advisors, the Company believes that it is likely that a final assessment substantially in the amounts described in the KNTS’ preliminary assessment will be delivered to MSK by year-end. The Company will evaluate carefully whether an appeal of the KNTS’ final assessment is in the Company’s best interest; however, the Company currently expects that it will accept such final assessment and administrative fine in the event that the KNTS’ final assessment is consistent with the preliminary assessment. The Company currently expects to take a one-time charge of between \$4.3 million and \$4.8 million in the fourth quarter of 2017 related to this additional tax assessment and associated penalties and administrative fine.
